Colds

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

Chamberlain's Cough Remedy

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.

SUCCESSFUL SOCIAL AT CHARLOTTE ST.

Epworth League Spent Enjoyable Evening.

The "Conversation" Social held last evening under the auspices of the Charlotte street Epworth League was a very successful affair. There was a fairly large attendance and the evening's proceedings were much enjoyed. A short programme, consisting of a solo by Mr. B. Freund, recitations by Miss Sadie Free, Miss Mabel Christie, violin solo by Mr. G. W. Jones, piano solo, by Miss M. Huffman, recitation by Mr. Jones. Mr. S. Armstrong, president, was in the chair.

The conversation topics were very interesting and promoted a spirit of sociability amongst those present.

Refreshments were served at the close of the evening, which were much enjoyed.

Three Hundred Guests Escape from Burning Hotel—Five Fireman Injured.

(Special to the Examiner).

Chicago, Feb. 14.—Fire broke out in the Hotel Brevort, at 2.30 o'clock this morning and at 7.30 o'clock the building had been completely gutted, entailing a loss of $250,000. Three hundred guests had narrow escapes but all are believed to have been safely removed from the path of the flames. Five firemen have been injured. The fire was caused by crossed wires. As a result all the cable lines from the north side are tied up and approximately half a million persons are kept from their places of business. The public and city telephone systems are also affected.

OTONABEE LODGE HELD A SMOKER

Oddfellows Enjoyed a Pleasant Evening in Their Lodge Rooms.

A Programme of Considerable Merit Rendered—Some Features.

Otonabee Lodge, No. 13, I.O.O.F., held an enjoyable and highly successful smoking concert last evening. There was a good attendance and a programme of rare excellence was presented.

All those who had the good fortune to be present, were delighted with the proceedings and expressed the hope that the lodge would put on another entertainment of a similar character in the near future. Lieut.-Col. J. W. Miller presided and under his direction everything passed off admirably.

Mr. George Lynch gave several recitations in imitable style and was encored each time. He is especially good in dialect numbers, his gestures and expressions being all that could be desired. He is a "whole show" in himself.

Messrs. Robert Beach and Frank McCoy in an instrumental duet on the piano and drum earned hearty plaudits by their clever work and were encored. Mr. Ed. Crow contributed several choice songs and rendered them with dash and spirit. He had to respond to encores.

Mr. Gilbert Scott in his vocal numbers was also a prime favourite and sang with feeling and expression. He too had to re-appear each time. Mr. Mark Wilson was especially good in his songs and was accorded hearty applause. Mr. Wilson possesses a voice of great merit and power and in a duet with Mr. James Gerard was equally pleasing. They were encored and cheerfully responded. A wrestling bout between two local enthusiasts resulted in a tie.

Mr. George Sabneider played the accompaniments of the evening in a most efficient manner.

After the programme which was concluded about 10 o'clock, the members of the lodge and their friends adjourned to the refreshment room where games helped to pass away pleasantly a social hour or two. In the smoky surroundings good stories were told, jokes were cracked and apples eaten. The members of Otonabee Lodge have every reason to feel satisfied with the results of so exceedingly well managed "Smoker." The committee in charge were Messrs. M. Brecksenridge, George Payne, Jas. A. Tully, Frank Wise, James Dawson, Charles Thornton and W. A. Lewis.

IRISH SOCIAL AT GEORGE ST. CHURCH

Pleasant Evening Was Spent—Attendance Was Large.

The Irish Social held last night under the auspices of the Floral Committee of the George street Epworth League was well attended, and proved a highly enjoyable affair throughout. The social was held for the most commendable object of raising money to provide flowers for the sick.

A pleasing programme was rendered in which the Irish element, of course, predominated.

Mr. Mark Wilson's solo "I'll Take You Home, Kathleen," was well rendered and received a hearty encore, in response to which he sang "She Was Bred in Old Kentucky."

A vocal duet "Larboard Watch," by Messrs. Wilson and Gerrard, was also much enjoyed and received a recall.

The Misses Christy's rendition of the duet "Kathleen Aroon" was also heard with much pleasure and appreciation by the audience.

A reading entitled "Mrs. Harrington Telephones" was given by Mrs. (Dr.) Morgan in a most artistic manner, and elicited much applause.

To the Convenor of the Committee, Miss Edna Armstrong, as well as its other members, much credit is due for the highly successful manner in which the affair was conducted.

—The new Y.W.C.A. building will be opened about April 1st. The date has not been definitely decided upon but it will be about the time mentioned.

AN ADDRESS BY REV. MR. TROTTER

Spoke on "Songs of the Sanctuary."

Large Attendance Last Night at Murray St. Baptist Church—Pleasant Social Evening Spent.

A large audience last night greeted Rev. Mr. Trotter at the Murray street Baptist church, when he delivered a most interesting address on "Songs of the Sanctuary." Additional interest was lent to the affair, which was a success in a social as well as in an intellectual sense, by the fact that Mr. Trotter is a former pastor of the church, and he received a most cordial welcome from his numerous friends, the lapse of time having apparently not diminished in the slightest the warmth of affection felt toward him during his pastorate.

Mr. Trotter dealt with his subject in a most comprehensive manner, and in the course of his remarks brought out with great force and vividness the deep and vital force which some of our well-known hymns have been in furtherance of religious efforts in this as well as in bygone days. He did not enter into an extended discussion of the subject of hymnology but sketched briefly the lives of some of the men, such as Charles and John Wesley, Charles Henry Light, Toplady, Cowper, Isaac Watts, John Newton, Hubar and others whose efforts have to such a large extent enriched our treasury of Sacred Songs.

He also chose a number of our best known and most cherished hymns, explaining in many cases the conditions under which they were composed, and give some interesting information in regard to their origin.

In his closing remarks he spoke of the tendency to be seen in some quarters at the present time toward a lighter and more jingling class of hymns and deplored that this should be the case in the face of the fact that we have such a number of substantial and beautiful hymns at our disposal, which are rich in feeling and will help to mould our characters and fit us for Heaven.

The pastor, Rev. Mr. Scott thanked Mr. Trotter for this interesting and instructive address, and also voiced the feeling of pleasure felt by the congregation at having him present. A vocal quartette entitled "Tarry a While With Jesus," was then rendered by Messrs. Haddon, Miller, Cunningham, and Bagshaw, in a most pleasing manner.

The audience then adjourned to the basement where refreshments were served and a most pleasant social time spent during the balance of the evening.

THE INSPECTOR WAS NAMED

Mr. R. G. Sturgeon gets Appointment to Inspect Plumbing.

By-laws Were Passed at Council Meeting Last Night—Aid to Cereal Company and Show Company.

Last night was bylaw night at the special Council meeting, for practically all that was done was to pass bylaws. Some important measures were passed too. The first dealt with was that to aid the Peterborough Cereal Company, the incorporation of which at a capitalization of $250,000 was noted in yesterday's Examiner. By the terms of the bylaw passed last night, this company is given a portion of the reserve along the Otonabee, South of Simcoe street, in all about half an acre, upon which they are to erect a mill, costing, with the machinery, $100,000. It must be in operation inside of eighteen months, and must employ at the start not less than thirty hands. The assessment of the property is fixed at $10,000 for for ten years.

The next bylaw was that to aid the Peterborough Shovel and Tool Company, and the terms are similar to those in the former bylaw, except that the equipment is to cost $12,000 and the assessment of the company is fixed at $4,000 for ten years; at least twenty hands are to be employed. This bylaw and that preceding it, are to be ratified by the Legislature before they come into effect. The Otonabee Power Comer Company were given the necessary permission by bylaw to use power generated by the Canadian General Electric Company during the time in which their plant is undergoing repairs.

The much-talked of Plumbing inspection bylaw was passed last night, and Mr. R. G. Sturgeon received the appointment at a salary $400 per year. This bylaw caused considerable discussion, some of the Aldermen contending that at the present stage in the town's development it was not necessary to have a practical man, and this opinion was crystallized by a motion made by Ald. Adams and seconded by Ald. Hicks, that F. Bartlett be appointed at the same salary, $400. Only three supported this motion, the mover and seconder and Ald. McIntyre, while those who supported that to appoint Mr. Sturgeon were:—Messrs. Mason, Hall, Scott, Tovey. Ald. Johnston and Begley did not vote and Ald. Crowe was in the chair, when the motion was put. Ald. Johnston wondered if it would not be a good idea to appoint Mr. Peter Thompson to the position, but this proposal did not receive any visible support.

The only objection taken to Mr. Sturgeon's appointment was the fact that he was at present in the plumbing business, and the question was asked as to whom would inspect his work.

Those present at the meeting last night were:—Mayor Best, and Aldermen Begley, McIntyre, Hicks, Tovey, Scott, Adams, Mason, Hall and Crowe.

The bylaw to aid the Peterborough Cereal Company was introduced by Ald. Hicks, and was given its three readings. This bylaw provides that the Peterborough Cereal Company shall purchase from W. H. Meldrum the buildings lately erected by him on Simcoe street, east of Water street, and further that the Company shall erect and equip on the land attached, a flour mill and a mill for the manufacture of Cereal Foods, and a grain elevator and a warehouse, to cost at least $100,000, and to have the mills completed and in running order within 18 months from the passing of the bylaw, and to give employment to at least 35 hands and to increase the capacity of the mills from time to time as the demand requires. The Company applied for a part of the reserve along the River Otonabee, and by the terms of the bylaw this reserve is given to the company.

The property of the company is to be assessed for $10,000 for a period of ten years.

The bylaw is to take effect only on the bylaw being confirmed by the Legislature of the province.

The company, by the terms of the bylaw agrees to construct a concrete drain at least four feet in diameter extending from the northern to the southern limits of the land so conveyed to it for the purpose of carrying water from the river through the land, the drain to be constructed and maintained at all times at the direction of the corporation engineer. The company further agrees that if the land granted or any part of it shall be disposed of for any purpose other than for manufacturing purposes the land shall revert to the town with the buildings erected on it unless the company pays the town $1,000.

The fixed assessment of $10,000 shall start from the first of January 1906. If the provisions of this bylaw are violated by the company the fixed assessment is revoked and the property will be assessed as provided by the assessment act then in force. The company is required to file with the town clerk a statutory declaration stating that the company has complied with and is observing all the terms of the bylaw.

A bylaw to aid the Peterborough Shovel and Tool Company was given its three readings, but it will not come into effect until it has been ratified by the Legislature.

The bylaw recites that since it is desirable to encourage the manufacturing establishment referred to, to this end to approve of the conveyance by the Town Trust Commissioners, of the lands mentioned in the bylaw. The bylaw provides that providing the company shall construct a brick building at least 200 feet in length by 65 feet wide, inside of one year, and shall instal in this building at least $12,000 worth of machinery within one year, and shall have the factory in operation and running order, capable of manufacturing fifty dozen shovels per day, and employ 20 hands. In case this land, or any part of it, should be sold for any purpose other than for manufacturing purposes, the land and buildings, machinery, etc, shall revert to the town, unless the company shall pay the town $4,000.

The assessment of this property shall be fixed at $4,000 for the period of ten years, commencing on Jan. 1st, 1905, providing that the buildings shall be used exclusively for manufacturing purposes. The land shall also be assessed for frontage and local improvement rates, and if the company fails to carry out this contract the property shall be assessed as provided by the assessment act then in force. The company shall in each year file a declaration showing that the company have complied with the provisions of the bylaw.

A bylaw was passed authorizing the Otonabee Power Company to make temporary use of the power of the Canadian General Electric Co. without paying any pole rental for a period of two months while certain repairs to the power plant of the Otonabee Power Company's plant are being effected.

The question of the appointment of a plumbing inspector was taken up, and a bylaw was passed providing that Mr. R. G. Sturgeon be the inspector at a salary of $400 per year, commencing on March 1st. A motion was made by Ald. Adams, and seconded by Ald. Hicks, that Mr. F. Bartlett be given the appointment, but was defeated, only the mover and seconder and Ald. McIntyre voting for it.

The council then adjourned.

When You Have a Cold.

The first action when you have a cold is to relieve the lungs. This best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucous and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This Remedy will cure a severe cold in less time than any other treatment, and it leaves the system in a healthy and natural state. It counteracts any tendency towards pneumonia. A B.C. LAD'S HEROISM

Sidney Morrison Gives His Life For a Companion.

TERRIBLE DOUBLE DROWNING

Tragedy On Long Lake, Wellington, B.C. —David Haggart Broke Through the Ice, and Was Drowned, After Sidney Morrison Had Held Him Up For Three Hours Until He Was Exhausted.

Vancouver, Feb. 14.—A brave attempt at rescue ended in a double drowning fatality at Long Lake, Wellington, Sunday afternoon, David Haggart and Sidney Morrison, aged 18 and 19, respectively, being the victims of the first ice tragedy of the season. Haggart, in company with a number of young lads, attempted to cross on the ice, which broke about a hundred yards from the shore. All reached the bank with the exception of young Haggart, who clung to the ice. Morrison, who was skating on the lake, rushed to his assistance with a ladder, plunged into the water and held up Haggart for three hours, but finally had to let him go, both being exhausted. Donald Morrison, coming up and seeing his brother's plight, jumped into the water, got him on his back and swam with him to the shore. All attempts to resuscitate Sidney Morrison proved futile, three hours' exposure proving too much for him. Haggart's body was recovered an hour later. The victims were sons of two prominent merchants of Wellington, who were witnesses of the fatality. Donald Morrison is very ill as a result of his efforts to save his brother.

GAVE LIFE FOR HER CHILD.

Mother Perished in Entering Burning Building in Fortera Hope.

Halifax, N.S., Feb. 14.—At Day Spring, a settlement about five miles from the Town of Bridgewater, Lunenburg County, yesterday, fire broke out in a house occupied by the families of Edward Rodenhieser and E. Leary. At the time the fire was discovered—about 2 a.m.—both husbands were away from home. Some neighbors who were attracted to the scene by the flames succeeded in getting the children from the burning building, with the exception of one child of Rodenhieser's family. The mother in spite of the protestations of those assembled, re-entered the burning building, and both mother and child perished in the flames. Mrs. Rodenhieser leaves six children.

Killed By Paper Machine.

Shawinigan Falls, Que., Feb. 14.—At 3 o'clock yesterday afternoon a young man named Joseph Beauregard, single, 18 years, working in the Belgo Pulp and Paper Co.'s mill, was killed when working a paper machine. His arm got caught between the rollers and half his body was pulled into the machine.

Crushed Under Iron Ore.

Sault Ste. Marie, Feb. 14.—A terrible accident occurred in the Steel Mill yesterday morning, when Jacob Johnston, a Finn, was crushed under a slide of iron ore. He was moving the ore and was caught in the slide following a blast of dynamite.

Ladies Hurt in Car Crash.

Toronto, Feb. 14.—As a result of a trolley collision last night, at the intersection of Queen and Spadina avenue, Mrs. J. H. Hoar, 26 Macdonnell avenue, and a sister of Mrs. A. W. Smith of 25 Springhurst avenue, were badly bruised and had several teeth loosened. Internal injuries are feared. Several other passengers are suffering from minor bruises. A motorman was to blame.

Asphyxiated By Gas.

Buffalo, Feb. 14.—The dead bodies of Mrs. Mary Armstrong, aged about 40 years; Mrs. Cynthia Ford, aged about 35 years, a sister of Mrs. Armstrong, and Mabel Armstrong, aged 15 years, were found yesterday afternoon in their home, 88 Maple street. They had been asphyxiated by natural gas. Both women were widows.

24 Persons Drown.

London, Feb. 14.—(C.A.P.)—A despatch from Kobe, Japan, to The Express, reports that the small steamer Natori Gawa collided with the harbor works at Osaka on Sunday and sank, and that 24 persons were drowned.

ARMENIA AND MACEDONIA.

Resolution On Balkan Question Places Responsibility On John Bull.

London, Feb. 14.—A conference of the Balkan situation took place here yesterday. Lord Stanmore presided. Among those present were the Bishop of Hereford, James Bryce, Herbert Gladstone and the Earl of Lytton.

A resolution was passed urging the Government to take immediate steps to secure adequate reforms, asserting that a continuance of misrule in Armenia and Macedonia would be a disgrace to civilized Europe, affirming the direct responsibility of Great Britain for the establishment of reforms and setting forth that the only satisfactory solution of the situation would be the appointing of a European Governor of Macedonia at Adrianople, independent of the Sultan of Turkey, and responsible only to all the powers of Europe.

Mr. Bryce lengthily discussed the situation. He said it was useless to ask the Turkish Government to institute further reforms.

Rebels Hard Pressed.

Manila, Feb. 14.—The band of Ladrones which attacked the town of San Francisco de Malabon, in the Province of Cavite, Jan. 24, and captured the wife and two children of former Governor Trias, is being hard pressed by a troop of cavalry under Major Sibley. They have released Mrs. Trias and her children, whom they were holding for ransom.

STRIKE SITUATION IMPROVES.

All Works Except Three Have Resumed Operations.

St. Petersburg, Feb. 14.—The strike situation, according to reports from the interior, is everywhere improving, even in Poland. Here all danger of a renewal of an acute stage seems to have passed. All the works with the exception of the Putiloff Iron Works and two others have resumed work. The Imperial Ukase summoning a joint commission of masters and workmen, chosen by themselves, to investigate the causes of discontent among the laborers, was posted at all the works yesterday, creating a favorable impression. The Government has increased wages at all the Government shops and also the pay of the railroad employes by 15 to 20 per cent.

Revolution Within 2 Years.

St. Petersburg, Feb. 14.—In a statement M. Demchinsky, a prominent Liberal, expresses the opinion that autocracy will be swept away by actual revolution within two years. He says: "This is the threshhold of revolution; but revolution itself has not begun; for it we lack organization and experience. We must have ten or twenty years of such scenes as recently have occurred to teach us how to lead an attack properly. The masses must be educated."

Drowsiness After Meals

A PERSISTENT SYMPTOM OF NERVOUS DYSPEPSIA—CURE IS OBTAINED BY USE OF

Dr. Chases Nerve Food

Many a sufferer from chronic dyspepsia dates his ailment from the time he began to feel drowsiness after meals."

The blood is weak and there is not sufficient nerve force to carry on the work of digestion and supply the vital force required for mental and physical activity.

Headache, dizzy spells, defective memory, inability to concentrate the mind, brain fag, irritability of temper, nervousness and sleeplessness are the resulting symptoms.

Owing to defective digestion the body is not deriving proper nourishment from the food, and some other method of obtaining strength must be employed.

In Dr. Chase's Nerve Food the most effective blood building and nerve restoring elements of nature are contained in condensed form, so as to be easily taken into the blood.

Under this treatment you soon find that the appetite is sharpened, digestion improved and the vitality of mind and body greatly increased.

It takes time to thoroughly cure dyspepsia and its accompanying symptoms, but you can be certain that each dose of Dr. Chase's Nerve Food is of some benefit to you, and that the cure will be complete and lasting.

Mr. William Lee, retired carpenter, 710 George street, Peterborough, Ont., says:

"For some months I was not in good health. My system seemed to be run down. I was troubled a good deal with indigestion, and suffered from headache and liver disorders. I have used Dr. Chase's Nerve Food and Dr. Chase's Kidney-Liver Pills, and am pleased to state that I found both of these preparations exceedingly beneficial. In fact I can confidently say that they have done me a lasting good, and I cannot praise them too highly."

Dr. Chase's Nerve Food, 50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box. 6

Montreal Woman Killed.

Montreal, Feb. 13.—Another level crossing fatality was recorded here on Saturday afternoon; an aged woman named Mrs. Dagenais, who lived at 49 Leroux street, was the victim. She was walking across the Grand Trunk Railway at Guy street when a moving engine knocked her down and crushed her body in a terrible manner. The head was completely severed, and was picked up a few yards away.

COSSACKS KILL 18

Punish Disloyal and Mutinous Reserves.

CONSCRIPT RESERVES RIOT

Hill Police Officer, Smash Train Windows and Loot the Shops On the Outskirts of Kieff, the "Jerusalem of Russia"—Japs Damage Railway—Kaulbars Succeeds Gripenberg—Strikes Subsiding.

Berlin, Feb. 14.—Whatever the disposition of the Russian army as a whole, the army reserves in the Russian provinces bordering on Germany are not only disloyal but mutinous.

New and serious disturbances have broken out among the reserves and conscripts who are being mobilized or who are being sent to the Far East.

A large body of reserves looted the shops on the outskirts of Kieff, the great pilgrim city, which is called the "Jerusalem of Russia." The raw soldiers killed the officer in command of the police who tried to restrain them. Then a detachment of Cossacks fired on the reserves, killed eighteen and wounded more than eighty.

At Nieda, in the same neighborhood, a regiment of reserves was about to take train for the seat of war. When the train drew up these soldiers smashed all the windows in the cars.

When orders were given to get aboard and start the train, hundreds of soldiers gathered in front of the locomotive and swore they would not budge. Some even threw themselves on the rails, crying that they would rather be killed by a locomotive near their homes than by Japanese bullets in Manchuria.

At Wirak a party of reserves attacked the three officials who were directing their mobilization, killing one and badly wounding the others. After a summary trial the ringleaders were shot in the prison yard next morning.

In the Provinces of Podona and Volhynia, 300 reserves, rather than start for the Far East, fled into the woods, where they are wandering about in the deep snow. They must be suffering great hardships. Parties of Cossacks have been sent to capture them, with strict orders to shoot them if they resist.

Japs Damage Railway.

St. Petersburg, Feb. 14.—A despatch from General Kuropatkin made public yesterday is the following:

"Early in the morning of Feb. 12 three hundred Japanese cavalry attacked a bridge near Fengtzkong and damaged thirty yards of the railroad. Train service was resumed after some delay.

"The Japanese bombarded Poutiloff (Lone Tree) Hill and Sekhoyan with siege guns Feb. 11. One officer was killed and several were wounded.

"According to corrected returns the Japanese prisoners captured from Jan. 25 to Jan. 29, total 343, of whom 221 were wounded.

Kaulbars Promoted.

St. Petersburg, Feb. 14.—A telegram from Sachetun says General Kaulbars (commander of the Third Manchurian Army), has taken over the command of the second Manchurian army recently vacated by General Gripenberg.

Bombarding Again.

Tokio, Feb. 14.—The Russians continued to bombard portions of Field Marshal Oyama's centre and right on Saturday last, Feb. 11. The Russians continue the construction of defensive works on their right, to the southwest of Mentapan, where they are erecting an epaulement for a battery of 24 guns. The Japanese recently surrounded a Russian cavalry detachment near Hsienchang, killing three of the enemy and wounding eleven.

MINOR REPAIRS WILL BE MADE

To the Plant of the Otonabee Power Company

Some repairs will be made to the crown wheel at the power house of the Otonabee Power Company in about two weeks, and for about twenty-four hours the company will use the power of the C. G. E. Co., while the repairs are being made. It was for this purpose that the by-law was passed last night at the council meeting, and is regarded as a mere matter of form by the company, who do not expect to use the power of the C. G. E. Co. for more than twenty-four hours.

—Persons having accounts to adjust with the estate of the late Dr. Pigeon, will find Mrs. Pigeon at 328 Charlotte street. 3d

—Queen Alexandra Circle, A. O. F., intend holding a basket social on Wednesday evening, Feb. 15th, at 8 o'clock in the S.O.E. hall.

—The electric light plant at Wingham has been owned by the town for a year. After paying all running expenses there is a surplus of $2,576.

—The lecture on "Macbeth" which was to have been given by Mr. Jeffries last night at St. Luke's was unavoidably postponed till next Monday evening.

—The man who spends his time between hustling to keep the furnace full, and hustling to pay the coal bill, wouldn't mind taking a turn at the lawn mower.

—Mr. Robert Davies of the C. G. E. Co., was on Monday the victim of an unfortunate accident, having the end of one finger crushed while engaged at a machine.

—The lecture which Mr. J. J. Jefferies was to have given at St. Luke's Young Men's Guild last night was postponed for one week on account of the disagreeable weather.

—The Census Commissioners will early this year set about the gathering of statistics to show the industrial progress made in the Dominion since the last census figures were collected in 1901.

—An interesting time is expected by the members of All Saint's Mens Guild on Monday evening next, when an address will be given by Mr. John Crane, of the Ontario Bank, on "Counterfeit Money."

—This morning the thermometer was 13 degrees below zero, and in addition there was quite a strong breeze from the North-west. There seems no prospect of warmer weather, but rather the reverse.

—Cole, the Campbellford goal-umpire, who was arrested for assaulting F. McGrath, of the T.A.S. hockey team, in Cobourg on Friday night, was fined $13 on Saturday, by the Police Magistrate of Cobourg.

—Steam hose lost between White & Gillespie's grocery, George street, and going west on Hunter street to Aylmer and along McDonel to Jackson Park. Finder will confer favour by leaving at White & Gillespie's. 3d

—The Montreal Herald has a heading which states that "the storm demoralized the street railways of Canada." Except Peterborough. Our car services is regular as a gas-metre. There's hardly been an hour's delay this winter from obstructed tracks.

—Snow apples, Northern Spies, potatoes, onions, beets, currants, parsnips, turnips, cabbage, Lipton's jellies and pickles, fancy biscuits, fish, splendid tea at 25c., coal oil, flour and cereals of all kinds, at Jas. R. Bell's, 161 Hunter street. Phone No. 455. Also farm for sale.

—A meeting of All Saint's Men's Guild was held last night. The chair was taken by Mr. E. Poole, President. The most important business transacted was the election of Mr. Crawford Rush to the position of treasurer in place of Mr. George Morgan, who has retired.

—It's hard to beat Hawley & Son's baking. Have you tried our favourite orange cake? You'll never tire of it. We bake all kinds of cakes and cookies and everything else in breadstuffs that's good. Whipped cream cake for Saturday. Order at 428 George street. 'Phone 455. 3d

1 —The Lake Superior Corporation started the year with enough orders to keep the steel rail mill running continuously till the end of September and with the prospect of closing orders which would keep the mill in full operation till the end of the year. The largest customers will be the Canadian Pacific, the Canadian Northern and the Grand Trunk.

—While the Globe is raising a fund for the London poor, Peterborough citizens should remember that we have unfortunates, that might be the better of assistance. The unfortunate family which was evicted by fire on Sunday night, in the deep snow and zero weather, and destitute of home, clothing and all the necessaries of life, might be the better of a little timely help.

—Ex-Alderman Rush is performing the duties of Police Magistrate in a way to demonstrate that he is an ornament to the bench. He is doing a good steady business, and his administration of the office has both a moral and monetary effect. His admonitions of offenders are as good as a sermon, and his justice is of the Solomonic kind. Yesterday morning he added $14.80 to the town coffers in the way of revenue.

—Mr. J. A. Culverwell of Port Hope, called upon us on Monday on his way to Oronto, to meet the Clarke council in session that day, and lay before them his plan of transmission of electrical power from Burleigh Falls across the country by way of Newcastle and Orono, to Bowmanville, Oshawa, etc., for power and light, and to have a bylaw passed giving his company the right of erecting poles, wires, etc., in the township, which the council, after due deliberation decided to do. —Newcastle Independent.

—St. Andrew's Y.P.S.C.E. held their regular weekly meeting on Sunday evening at the close of the regular service, at which there was a very good attendance. The chair was taker by Miss Anderson, and after devotional exercises led by different members of the Society, the topic, "Christ a servant, and we are servants," Phil. 2, 3-11, was taken by Mr. F. E. Kerr. After discussion, several took part in a short season of paryer; the meeting was brought to a close by all repeating the Mispah benediction. A hearty invitation is extended to all the young people of the congregation to attend these meetings.—Com.

ALMOST READY FOR FURNISHING

The Y. W. C. A. Building is now Nearing Completion.

The House Committee of the Y.W.C.A. desire to announce that as the building is nearing completion, it is necessary that arrangements be made for the furnishing of the rooms.

The committee feel that very many of the citizens would like to assist in the matter. The custom in all public institutions is to have iron bedsteads, and in order to have uniformity in this particular, the committee intend purchasing these wholesale.

It is almost impossible to specify the articles required, but anything in the line of house-furnishings will be thankfully received. Donations in money or goods may be sent to the Y.W.C.A. rooms, over the Bank of Commerce, at as early a date as possible.

The official opening will probably take place about April 1st.

POLICE COURT NOTES

The case of Wm. Flood, who was remanded a week ago on a charge of vagrancy, was dealt with this morning at Police Court, by H. Rush, J.P. A letter from the Chief of Police of Cobourg, giving some details of the defendant's unsavory past record, was read.

He was given three months at hard labour.

WENT 52 MILES INSTEAD OF 8

How two men Went to Indian River To-day.

An instance of the difficulties of navigation during this storm period was given this morning when two gentlemen were in town from Blezzard station, on the G.T.R. It appears that there is a sale at Indian River station this afternoon, and these two men wished to attend. They were only four miles from Indian River, and are farmers who keep a number of horses, but the roads are in such a condition that instead of driving that short distance they preferred to come to Peterborough by train and go from here to the place of the sale also by train. They travelled in this way to the sale and back, 52 miles, instead of eight miles as they would have travelled if they had driven, but the roads were in such a condition that they would not risk it.

—An important meeting of the members of the Foreign Work Committee—all contributors to the Farquhar Fund, and all members interested in work for young men in foreign lands — is called for Thursday evening, Feb. 16th, in the Y.M.C.A., at eight o'clock. A large attendance is hoped for.

BARRIE'S
BIG "RE-MODELLING" REDUCTION SALE

This great money-saving Fur and Furnishing function sounds the right note of substantial economy.

If there ever was a sale in which miracles with money were performed it is in this big Sale of ours.

Furs of the finest qualities and of the highest class of workmanship, together with the more moderate grades of safely cheap lines, can be bought at much lower prices during the Sale than at any future period.

Big Reductions off regular prices are the order of the day throughout our entire stock.

Mink, Alaska Sable, Persian Lamb, Seal, Astrachan, etc., have all gone up in prices; the Fur Sales in London, England, just held showed an advance of from 10% to 50% in the different kinds. This means a very material increase in price on all Furs for next season.

This Re-modelling Sale to the prudent thrifty man or woman is a monument al money maker and they will do well to see to present, and anticipate future, needs in Furs and purchase now.

Men's Furnishings of all kinds—Hats, Gloves, Collars, Shirts, Ties, Underwear, Sweaters, etc., all at Clearing Reduction Prices as we must get them out of the way.

Our store is to be re-modelled and workrooms to be enlarged therefore we must clear out stock at once, as dust and dirt and lack of room compel us to.

CEREAL COMPANY AND ITS PRODUCTS

The Peterborough Cereal Company will Manufacture Flake Foods and Shredded Vegetables--Something New in Canada.

Is Capitalized at $250,000 and of this $100,000 Has Been Subscribed -- Will Commence Work at Once.

The Prospects for a Successful Business are Excellent —Will go into the Export Trade Extensively.

"The world do move." Whoever would have thought that the housewife who wanted to make bean soup would be able to accomplish it in two or three minutes? But such is the case, or, at least, it will be, in the course of a short time, when the plant of the Peterborough Cereal Company gets into operation, which will be in the course of a few weeks, for one of the products of this company will be that of shredded beans. The grain will be first cooked, then shredded and dried, an it will then be practically ready for use. All that then remains to be done is to pour some hot water on the shredded grain, and the soup is made!

And what has been said with reference to this cereal applies to a whole host of others. This company, the incorporation of which at $250,000, was announced this week, has closed negotiations with the town to erect a large mill here to manufacture something which is not being made in Canada to-day, that is shredded vegetables, and from present prospects, and judging by the success which other cereal mills have met with, the outlook is certainly most promising.

The products of the mill, which will be in operation, at least in one department, very shortly, will be in the first place, flour, of which 150 barrels per day will be manufactured; then what is known as flake foods will be made. This will correspond to what is perhaps the most popular food of the kind in Canada to-day., viz., Orange Meat, only that the quality of the food to be made by the local company, it is claimed by them, will be superior to that of the food mentioned; while the packages will be larger, the price to the consumer will be the same. The name of the new food has not yet been announced, but it will be put up in attractive packages, upon one side of which will be a representation of the Peterborough Lift Lock, an evidence of the patriotism of the pany. Then, in addition to these two lines, which are not new, the company will go into the manufacture of other cereal shredded foods, and shredded vegetables, which hitherto have not been made in Canada, and peas and beans will be prepared for use, so that they may be made ready for eating in a few minutes, while such vegetables as potatoes, squash, pumpkins, etc., will be prepared by cooking, shredding and drying, and these also will be in such a shape that they will be made ready for the table in a few minutes, and they can be used for practically all the purposes for which the same vegetables can be used to-day, only their use will be much simplified. Five pounds of potatoes in their natural state will be made into one pound of shredded potatoes, and other vegetables in similar proportions. The company expects, of course, to do a large domestic trade in their products, but they also look forward with confidence to being able to capture a big slice of the foreign business, as well as getting into the British markets to a considerable extent.

In support of their expressed belief in the future success of the business the company point to the record of other companies in a similar business, and as one of the examples, cite that of the Frontenac Cereal Company of Kingston, the manufacturers of Orange Meat, which has done a tremendous and constantly growing business, and which last year on a capitalization of $600,000, paid a dividend of six per cent., while it is claimed that the actual investment was not one half that amount. The city of Battle Creek, Mich., has been practically built up by the cereal manufacturing business, and there are mills there, notably those of the Postum Cereal Company, which cover scores of acres of ground, and employ thousands of hands.

The local company claim that they will have an opportunity equal if not superior to that of these mills, because the man who worked out the cereal food idea in the first place, from the theory of the doctor at the Battle Creek Sanatorium, is associated with the local company, and from his labratory in Detroit where experiments are being made continually, valuable suggestions will be made, which should materially assist the company here in placing the most modern and improved cereal foods on the market. The plan of shredding vegetables originated with this gentleman, who also designed the machinery and associated with him in this was Mr. Collier, who is now the engineering expert of the local concern, and has charge of the placing of the machinery in the mills. Mr. Collier was for some time the superintendent of the Kingston Cereal Works, and is thoroughly familiar with the business in every detail. The Peterborough Cereal Company is capitalized at $250,000 and of this $100,000 is subscribed already. This amount will be used in erecting buildings and equipping them with the machinery, and any further stock that will be sold will be simply enough to carry on the business of the company. This is only looked upon as a starter, however, and it is expected that extensions will be made later which will very materially increase the output of the company.

The new flour mill of Mr. W. H. Meldrum, situated at the foot of Simcoe street has been purchased and will be used in the meantime. The first consignment of flour-making machinery has arrived and is being installed, and another lot is expected to arrive at any time. This has been purchased from Messrs. Wm. and J. G. Gray, of Toronto. The company will be able to commence the manufacture of flour about the first week in March, and about April 1st, the Cereal plant will be in operation. This will be located in part of the building already erected, but as soon as sod can be turned in the spring, work will be commenced on the erection of an addition to the present mill of a building 150x50 feet for the cereal plant, while a warehouse 50 feet long will be erected, and along the siding a storehouse 80 feet in length. On Simcoe street an elevator with a capacity of from 50,000 to 60,000 bushels of grain will be constructed.

The cost of the present building with the machinery for flour-making will be in the neighbourhood of $28,000.

The greater portion of the cereal machinery will be brought from Battle Creek, Mich., although about $7,000 will be spent among the local firms, who will supply certain parts of the equipment.

The Town Council at its meeting on Monday night gave the company about half an acre of land along the waters edge. This land is at present almost entirely under water, and has a frontage of 37 feet on Simcoe street, is 193 feet deep and is 203 feet wide at the southern end. This gives the company at present about two and a half acres of land, but they expect that in the near future they will have to secure additional land to erect buildings on.

It is explained that the sale of the output of the flour mill is practically assured, since the present local trade is almost sufficient to consume the total capacity of the mill.

The Company will use about 150 horse power, which they will obtain from the Otonabee Power Company.

Mr. Collier states that the factors which influenced him to select Peterborough as the location of his plant were the cheap power and excellent shipping facilities.

The prospects are that this will develop into a very large industry in the near future.

Examining.

In Semi-ready Tailorey nothing is left to chance. Our system of specializing reduces to a minimum the chance of any detail being overlooked, but that's not sure enough.

Every suit is carefully examined by a high class tailor before it leaves our tailorey; some of our employees say he is a crank. They say he won't let work pass which is considered excellent by the average tailor. They say he will have nothing less than perfection. Well that's exactly what we pay him a big salary for, and we consider he earns it too.

CRESSMAN'S, PETERBORO'

OFFICERS OF 57TH ANNUAL MEETING

Was Held Last Night in the Mess Rooms

Reports of Different Committees Were Presented—Changes Suggested.

Last night the annual meeting of the officers of the 57th Regiment, Peterborough Rangers, was held in the Mess Room of the Regiment, at the Drill Hall when the reports of the different committees for the year were presented. These reports will be published in the course of a few days with the financial statement, which has yet to pass through the hands of the auditors. This will be ready in the course of a few days, when it will be presented to the public.

The meeting was presided over by Lt.-Col. J. W. Miller, Commanding Officer of the Regiment, and was the most largely attended meeting held for some time, and the reports presented showed that the last year was most successful. The prospects are that the approaching military season will be the best in the history of the Regiment.

Some changes made in the Militia Act this year will be brought into effect, and the result will be that the members of the regiment who serve for three consecutive years will be given extra pay. The present rate of pay for privates is 50 cents per day, but according to the new regulation after a man has served three years, he will get about $1.00 per day, providing he has complied with the regulations, and has qualified to draw this efficiency pay. This will be an inducement to the men to attend drill regularly, because, unless they do, this efficiency pay will not be forthcoming.

The present method of dealing with the pay of both officers and men, is that it is all turned into a regimental fund, and used to provide a trip for the regiment. The proposal has now been made that to all who are eligible to draw the efficiency pay, the amount which they so receive over and above their regular pay, will be handed over to them.

It is felt that this course will act as an incentive to them to work harder to qualify for this efficiency pay, and also to induce them to stay with the regiment.

The different committees were appointed last night, and a new committee added, one whose duty it is to arrange for the annual trip of the regiment.

This year the building of the armouries will give an incentive to the work of the regiment, which will make it doubly popular.

This spring the whole regiment will be fitted out with new uniforms and such equipment as is required to bring it up to the highest standard of efficiency.

The following committees were elected for 1905:—

Regimental — Major Dennistoun, chairman; Major Stevenson and Major Hayes.

Mess—Major Halliday, chairman; Major Hayes and Captain Eastwood.

Rifle—Major Stevenson, chairman; the Captain and one man from each Company.

Band—Captain Walker, chairman; Captain Clegg and Captain Chuxton.

Nominating—Lt.-Col. J. W. Miller, chairman; Captain (Rev.) Davidson, Captain Bennett, Captain Clegg and Captain MacWilliams.

Trip—Captain Mills, chairman; Lieut. McLean and Lieut. Clarke.

Auditors — Captain McWilliams and Lieut. Watt.

A committee, consisting of the paymaster and the captains of companies, was appointed to draft regulations to govern the distribution of efficiency pay, which will be drawn by the regiment for the first time during the coming drill season.

C. P. R. HOTEL CHANGES HANDS

Mr. James Allen Sells Out to Richerby Brothers.

On March 1st, the proprietorship of the C. P. R. Hotel, will change hands, and Mr. Jas. Allen, who has conducted the business for some time will hand it over to Messrs. Geo. T. and John F. Rickerby, who have purchased the business from Mr. Allen and leased the building from the Bradburn Estate.

One of the new owners, Mr. Geo. T. Rickerby, was for a time a partner in, and manager of, the Grand Central Hotel in Sault Ste Marie, and was prior to that associated with Mr. McKinnon in the management of the Victoria Hotel of the same town.

The new firm will conduct a first class house in every particular.

MAKE THE LAW CLEAR.

The Toronto News which has occasional lucid intervals of non-partisanship, has the following to say regarding the North Wentworth initialled-ballot affair:—

It would have been satisfactory if the judges in the North Wentworth case could have awarded the seat to the Liberal candidate, who received a majority of the votes. They did the next best thing in declaring that there was no election, a number of voters having been deprived of the franchise by the mistake of a deputy returning officer. The people of North Wentworth now have it in their power to complete the good work by electing, or rather re-electing, Mr. Seeley. Parliament should also consider the question of amending the law. The deputy in this case made an innocent mistake, but it is conceivable that the ballots might be spoiled by design, as they have been in some cases. If a ballot is properly marked it ought to stand good, and it ought not to be possible for an officer to nullify it, either by error or design.

The News is right in this matter. The law should be so amended as to give effect to the intention of a voter. To deprive a man of his vote on a mere technicality or a technical error, intentional or otherwise is to disfranchise him as effectively as by stealing or substituting his ballot.

EDITORIAL NOTES.

The treatment of consumptives is attracting rather general provincial attention these days. One reads of associations being formed in different parts of the province.

Mr. W. H. Hoyle is an undertaker. He should have been included in a Cabinet in which there are three doctors. He would also be useful to dispose of the issues which Mr. Whitney coursed when in Opposition, but will now consider as dead.

Mr. Crawford, of West Toronto, is sore because he was not taken into Mr. Whitney's cabinet. This oversight is not to be charged too seriously against the Premier, but one wonders why Mr. W. H. Hoyle, of North Ontario, one of the decentest, most level-headed and capable of the Opposition, was given the go-by. And why was Mr. Carscallen, of Hamilton, who has been a front bencher for years, also side-tracked?

In spite of the careful hand-picking methods adopted by Mr. Whitney in choosing his Cabinet, and in spite of his politic, but unstatesmanlike avoidance of any cause of offence on the part of any seat, he seems to have succeeded, says Saturday Night, in getting together a crowd that doesn't give much promise of brilliancy. It is hoped and predicted by Mr. Whitney's friends that he and his Cabinet will grow to proper dimensions under the weight of official responsibilities. Well, Premier and colleagues can all grow a good deal without becoming supernormal.

PLEASANT EVENT AT SPRINGVILLE

Miss McIntosh Presented with Gold Watch.

Better Mail Service Being Agitated for in Springville.

From Our Own Correspondent.

Springville, Feb. 15th. — On Wednesday evening an event of more than usual interest took place at the residence of Mr. John McIntosh, where the choir assembled to practise. A number of the congregation were also present to enjoy a social evening, and watch the organist, Miss McIntosh, being watched. At the conclusion of the practice Miss McIntosh was requested to occupy a seat in the parlour, when Mr. F. E. Wilson read an address from the choir and congregation, expressing their appreciation of the services rendered by Miss McIntosh during the five years in which she has so very faithfully filled the position of organist, and asking her to accept from the choir and congregation a gold watch as evidence of their appreciation. Miss Tessie Bothwell made the presentation. Miss McIntosh was so taken by surprise that she was unable to express her thanks, but her father on her behalf made a very nice speech. Lunch was then served by the ladies and a very enjoyable hour spent in social intercourse.

An agitation for better mail service is being discussed. Springville, in many ways, leads the ordinary country village, yet the mail service is not by any means in keeping with the demands. Formerly we had two mails each day. The train service on the old Midland branch between Peterborough and Port Hope seemed to render more regular service. It is a matter to be noted that when the mail was carried by the sons of the late Wm. Bidgood it was usually on time. Alas, it is not so now. Frequently in stormy weather the mail which should reach here at 6 p.m., does not arrive until the following day. One cause for the delay is that the railway between Port Hope and Peterborough is very subject to drifts, which cause delays. This fact and the unpleasantness of driving home over the bad roads between Fraserville and Springville at a late hour was thought by our mail carrier sufficient reason for leaving the care of our mail bag with the post master at Fraserville, he going after it at none too early an hour the next day. Sometimes Friday's mail has reached Springville on Monday. This should certainly be remedied, and a place of the importance of Springville should have two mails per day. That we shall have the assistance of our worthy representative, R. R. Hall, M.P., is a foregone conclusion. One solution of the problem, and we think the proper one, would be to have our mails carried by the C.P.R. This line passes less than half a mile from the post office. The road is always good to our station, and the train service is rarely affected by storms. We hope to get our two mails per day.

The announcement that another local train is likely to be put on this division of the C.P.R. is hailed with satisfaction. It would supply a long-felt want, and be largely patronized from this point.

It may be mentioned in connection with the above that Mr. Hall has already succeeded in effecting a remedy for the trouble complained of.

DEATH OF MRS. WILLIAM DAY

Former Norwood Lady Died in Hastings

Other News From Norwood—Personal Items.

From our Own Correspondent.

Norwood, Feb. 13.—Mr. E. Neible, of Central Ontario Junction, was home on Sunday.

Miss Maude Mallory, of Frankfort is staying with her friend, Miss Jean Fraser, Queen street.

Miss Della Plant, of Hastings, is staying with Miss Zella Stevenson.

Mr. Hugh Bertram, of Peterborough, was the guest at the home of Mr. D. A. Fraser, last week.

Miss Archer was the guest of Mrs. Williams, Havelock, this week.

Miss A. Weir, of Madoc, is staying with her brother, Mr. John Weir, Spring street.

Amy Harvey, relict of the late William Day, of the Township of Asphodel, died in Belleville on Thursday, Feb. 9th, inst, at the age of 92 years. The funeral took place on Monday, the 13th inst., from the G. T. R. station at Hastings on the arrival of the 7.22 a.m. train from Belleville, and reached Norwood at 10 o'clock, the place of interment being Norwood Cemetery. Rev. C. Parker, Methodist minister, conducted the funeral service.

Mr. and Mrs. Day came to Norwood in the seventies, and resided in Norwood and Asphodel until the death of Mr. Day, which occurred about twenty one years ago. About eighteen years ago her son Henry moved to Belleville, and Mrs. Day made her home with him until her death. The deceased was a member of the Methodist church since childhood. Those who are left to mourn her loss are three sons and two daughters, viz., Mr. John E. Day, Chicago, Ill, Mr. H. Day, Belleville, Mr. F. Day, Fredonia, N.Y., Mrs. F. W. Wilkins, Norwood, Mrs. James Dewart, Merron, Minnesota. The bearers were: Messrs. P. W. Reynolds, Hugh Scott, John McMillan, William Richardson, Jas. Raddon, and Thomas Fraser.

Mr. D. A. Fraser is staying with Mr. Hugh Bertram, Peterborough.

PLEASANT EVENING AT Y. M. C. A.

Senior-Intermediate Boy's Re-union.

The boys responded heartily to the request of the Physical Director to make a special effort to attend Gym. Class last night. There were more boys on the floor than there have been for some time.

The class was closed at 9 o'clock, after which 25 boys gathered in the parlour, and were then served with refreshments by the Leaders' Corps.

The programme for the evening evening was opened with a vocal solo by Mr. Redpath, after which Mr. Hughes-Charles, manager of the Bank of Commerce, gave the boys a delightful and particularly practical talk. He made very clear to them the importance of a sound body, and a clear and healthy intellect, and the intimate relation existing between the two. It means a good deal, both to the association and the boys, to have such a man as Mr. Charles speak words of counsel and advice.

Mr. Chas. Coleman then favoured the boys with a comic solo, and it was comic indeed, and completely captivated the boys, who insisted on Mr. Colemen singing again.

Mr. F. D. Kerr, as a representative professional man, next addressed the boys. His address was brimming over with wit and humour, which had the effect of at once gaining and holding their attention. Then when he found that he had his audience just where he wanted it, he drove home thoughts that were very helpful to young men, who are just emerging into manhood. He told how in college the best man physically was the best man mentally, and vice versa. He particularly laid stress upon clean sport, and fairness and honesty in all games, and how such honesty was an indication of a man's honesty in his business and profession. He pointed out the necessity of a man's putting his whole soul and strength into everything that he attempts. He also tried to awaken the boys to an appreciation of the Y.M.C.A. and the opportunities it affords.

At the conclusion of Mr. Kerr's talk, Mr. Wm. Coleman sang a solo which was much enjoyed. Mr. Milner very kindly presided at the piano during the evening. The evening's entertainment closed with the singing of "God Save the King."

—Gas is so cheap in Medicine Hat that the 700 candle power street lamps are allowed to burn all day, it being cheaper to burn the gas than to send a man around to extinguish them. These lamps cost the town 4 cents for 24 hours. The gas is also used to furnish power at the power house, for industrial purposes, heating, cooking and lighting, its cost being but 17 cents per 1000 feet.

Mrs. James Gaffigan was Called Away.

(From Our Own Correspondent)

Galway, Feb. 14th. — Once more it becomes our sad duty to record the death of one of our old and respected residents, in the person of Mrs. Jas. Gaffigan. Deceased was born in Ireland 72 years ago, and came to Canada when quite young. Her first husband was Mr. Crimmons, who only lived a few years, leaving two sons, one only surviving, Mr. Daniel Crimmons of Lindsay. She later married the late Mr. Jas. Gaffigan, who predeceased her by about 16 years. To this union were born four sons and five daughters, who survive to mourn the loss of a kind and affectionate mother. Patrick and Catherine, unmarried, reside at home; Mrs. S. Grady, of Snowden, Mrs. N. Rivers, of Kinmount, Mrs. Jas. Mahoney, of Galway. The other members of the family live at the Canadian Soo.

After residing a few years at Bobcaygeon with her late husband, they removed to lot 6, in the 14th concession of Galway about 45 years ago, where they remained until 1886, when they removed to another part of the township, where they lived up to the time of their death.

Deceased endured without complaining her share of the hardships and privations that are generally found in pioneer life, and from the fruits of hard labour she enjoyed a comfortable home, and was in good circumstances for many years prior to the time of her death.

Being of a very kind disposition, she never had an enemy, and many join to mourn the death of the deceased. The remains were taken to the Roman Catholic Cemetery at Galway, for interment, last Saturday, followed by a large number of sorrowing friends.

COUNCIL REJECTS A TEMPERANCE STEP

Proposal to Reduce Port Hope Licenses is Defeated.

Port Hope, Ont., Feb. 14.—There has been quite a little excitement in town for the past two or three weeks over the talk of reducing the number of licenses. A week ago a deputation of temperance workers of the town, and also the majority of the ministers waited on the Town Council for the purpose of having the number of licenses in town reduced by three or four. The matter was left over until Monday night, when a special meeting of the Council was called to deal with the matter. There was much interest taken and the Council Chamber was filled with sympathizers of both sides. However, the meeting was short, as the Council defeated the by-law to reduce the licenses by a vote of 4 to 2.—Toronto News.

CATARRH A DISEASE OF THE SYSTEM

Pe-ru-na Cures Catarrh Wherever Located.

Catarrh is a systemic disease, curable only by a systemic treatment. A remedy that cures catarrh must aim directly at the depressed nerve centres. This is what Peruna does. Peruna immediately invigorates the nerve centres which give vitality to the mucous membranes. Then catarrah disappears. Then catarrh is permanently cured.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

IN MEMORIAM.

In memoriam of the late Mrs. Geo. Stanley, Brainard, Minn., who entered into rest, February 2nd, 1905.

You shall miss her when the flowers come,
In the garden where she used to roam,
You shall miss her by the fireside,
When the flowers are all decayed,
You shall see her jewels and empty chair,
That she wore when here below,
And they will speak in silent speech,
Of your only wife that died.

We shall all go home to our Father's house
To our home in the skies,
We shall roam on the banks of the river of Peace,
And bathe in its blissful tide,
And one of the joys of life shall be,
Your wife Maggie that has died.

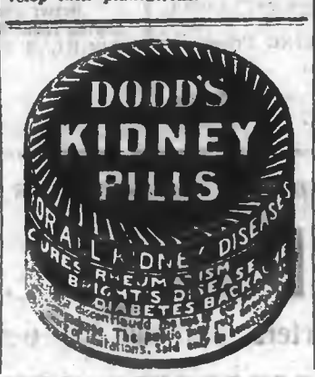
Germans Want Indemnity.

Berlin, Feb. 14.—The German settlers in Samoa have petitioned the Reichstag to do something toward obtaining for them payment of an indemnity from the United States and Great Britain under the arbitration award of King Oscar of Sweden and Norway, Oct. 14, 1902, which it is affirmed still remains unpaid, the settlers in the meanwhile being unable to re-build their houses or develop their plantations.



Give the Children

"FRUIT-A-TIVES" whenever the head aches, the stomach gets upset, or Constipation troubles them. Little folk may take them every day in the year without fear of ill-effects. It's just like giving them ripe apples, oranges, figs and prunes. That's what

Fruit-a-tives

BANNERMAN'S STRONG TALK

The Opposition Leader Makes a Vigorous Attack On the Government and Hon. Joseph Chamberlain—Speech From the Throne Deals With "North Sea Incident" in a Gingerly Way.

London, Feb. 15.—The sixth session of the first Parliament of his reign was opened yesterday afternoon by King Edward with all the historic pageantry which has marked the ceremony since his accession. The Sovereign himself read the speech from the throne to the assembled Lords and Commons in the upper chamber.

The only reference to the war, which His Majesty said "unhappily continues," was to announce that "my Government has been careful to observe in the strictest manner the obligations incumbent upon a neutral power."

The lengthiest paragraph, devoted to the Balkans, says the situation continues to give cause for anxiety The measures adopted at the instance of the Austro-Russian Governments have been instrumental in bringing about some amelioration in the state of the disturbed districts, but "these measures have still to be supplemented by radical reforms, especially of the financial system, before any permanent improvements can be effected in the administration of these provinces of the Turkish Empire."

The speech also mentioned the international commission "entrusted with the investigation of the North Sea incident." The King expresses the hope that the steps to establish a representative constitution for the Transvaal would result in substantial progress towards the ultimate goal of complete self-government.

His Majesty referred to the Thibetan expedition, to the exchange of visits between a representative of Lord Curzon, of Kedlestone, the viceroy of India, and the Ameer of Afghanistan to discuss questions affecting the relations of the two Governments, and concluded with mentioning the proposals for the redistribution of Parliamentary seats to be laid before the Commons, the alien bill to be introduced and the legislation dealing with the unemployed besides other important domestic legislation

Having led the Queen to a seat on his left, the King seated himself on the throne and commanded the attendance of the Speaker, and members of the House of Commons. On the arrival of the latter the King rose and read the speech in a clear, firm voice. The short ceremony then ended, the King and Queen retired to the robing room, the procession was reformed and Their Majesties returned to the palace by the same route over which they had arrived.

Great Favorites.

The House of Commons assembled for the despatch of business at 4 p. m. The House was crowded. Joseph Chamberlain, Sir Henry Campbell-Bannerman, Arthur J. Balfour and other favorites were warmly greeted. W. A. Mount (Conservative), moved, and Samuel Roberts (Conservative), seconded, the address in reply to the King's speech. The first division approaching party lines occurred in the House of Commons when M. Dalziel (Liberal) moved the House censure Lord Arlington for breach of privileges by his action in the North Dorset election. Premier Balfour said nothing could be gained by continuing the discussion, and moved the previous question, which was carried by 257 to 291 votes.

Among the first of the new bills of which notice was given in the House of Commons were Home Secretary Akers-Douglas' Alien Bill and the bill of Mr. Long, President of the Local Government Board, for the relief of the unemployed.

Sir Henry in Attack.

Sir Henry Campbell-Bannerman, the Liberal leader, speaking on Mr. Mount's motion, assailed the Government, which, he said, was evading the fiscal question as shown by the failure of the mover and seconder of the address to mention this important subject. He added that the Opposition would shortly endeavor to secure a straight answer from Mr. Balfour, showing whether or not he was in agreement with Joseph Chamberlain's proposals.

Sir Henry attacked the Government's policy in Thibet and South Africa, and, in fact, at all points. He continued speaking almost up to 7.30 p.m., when Sir Edgar Vincent (Conservative) took up the debate and was speaking when the House suspended its sitting.

The first hour and a half of the night session was taken up with desultory speeches in the debate upon the address in reply to the speech from the throne.

Balfour For Peace.

Premier Balfour arose at 10.30 o'clock to reply to Sir Henry Campbell-Bannerman. Mr. Balfour justified the Government's action in Thibet, said it was the ministry's earnest desire to maintain the friendliest relations with Afghanistan, and that negotiations to that end were proceeding satisfactorily; touched on Chinese labor in South Africa and repeated Lord Lansdowne's pronouncement with regard to the future of the South African colonies. He also defended the sugar convention. Replying to Sir Henry's assertion that the Government was too feeble to carry out an effective policy, Mr. Balfour said the decision lay entirely with the House, whether effectively it could carry out the mandate of the people and the duties entrusted to it by the sovereign.

Mr. Balfour protested against bringing the fiscal question before this Parliament, and said it was entirely irrelevant. He was unable, he said, to make his position clearer than already he had done. He taunted the Opposition on the existing confusion concerning its future program. In conclusion Premier Balfour said Sir Henry's attack in some particulars, especially where he attributed improper motives to Mr. Lee, the Civil Lord of the Admiralty, in his recent Eastleigh speech, was most unnecessary and ungenerous.

The House of Commons adjourned at 11.12 p.m.

Likely to Hold On.

The first day's proceedings in Parliament left rather a decided impression in the lobbies that the Government will manage to hold out till the end of the session.

Its legislative program, devoted mainly to social reforms, will be fairly popular while the avoidance of difficult questions, like that of the redistribution of seats and Premier Balfour's firmness in thrusting aside the fiscal problem, all will tend in the same direction.

Sun Dogs Seen.

Kingston, Feb. 15.—A fine illustration of the astronomical phenomena, commonly known as "sun dogs," was witnessed yesterday morning between sun-rise and 9 o'clock. The "sun dogs" appeared at equal distances on each side of the sun, and were very plain, resembling somewhat a rainbow. The phenomena is not at all common in this part of the country, and never has it been more perfect. The "dogs" are taken as indicative of a severe storm.

DR. MACKAY'S SPECIFIC

For the Treatment of

Alcoholism

Used in Connection with the Province of Quebec Probation System with Unvarying Success.

The City Council of Montreal has endorsed this marvellous discovery. The Finance Committee of Montreal recently voted $500 to defray the expense of placing the medicine in each of the city Police Stations, as prompt application of the Treatment to bad cases will prevent the fatalities continually occurring in the cells.

No Sanitarium is required. The treatment can be taken at home. No special diet required. The desire to reform is simply necessary and spirits avoided for a few days.

This medicine is now within the reach of all, the price having been reduced. The wonderful results obtained with the worst class of drunkards coming before the Judges of the Recorders' Courts in Quebec and Montreal warrants the statement that the disease of Drunkenness can be cured—readily and surely—under ordinary circumstances and with the reasonable desire upon the part of an inebriate.

This treatment is simply the medicine of the medical profession—the only secret is as to its administration.

Dr. Mackay's discovery is the result of 25 years of practice as a specialist and expert. He is a member of the College of Physicians and Surgeons of the Province of Quebec.

The Government of Quebec through the Judges ordered over 500 boxes of the medicine for prisoners appearing in the Courts in 1904—Official Reports establish 80 per cent. of cures with these cases.

With the public and official endorsation and the record of results published it is unnecessary to waste money experimenting further. All communications private.

Colds

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

Chamberlain's Cough Remedy

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.

PRETTY WEDDING AT CATHEDRAL

Nuptials of Agnes Quinlan and Edward Barrett—Will Reside in Lockhart, N.Y.

A quiet but very pretty wedding was celebrated at St. Peter's cathedral on Tuesday morning, when Rev. Father Galvin united in the holy bonds of matrimony, Mr. Edward Barrett of Ennismore, and Miss Agnes, second daughter of Mr. P. Quinlan, of Otonabee. The bride, who was given away by her father, was attired in blue voile over taffeta silk, with Irish point lace and pearl trimmings. She wore a picture hat to match. The bridesmaid was Miss Eva Conroy of Peterborough, cousin of the bride, who wore a dress of Cuban blue, trimmed with white silk. Mr. Fred Barrett, youngest brother of the groom, acted as best man.

After the ceremony the happy pair drove to the residence of the bride's father, where, after receiving the usual congratulations, all sat down to an excellent wedding breakfast, the table being tastefully decorated with roses and evergreens.

During the afternoon and evening the many friends of Mr. and Mrs. Barret from Asphodel, Ennismore and Otonabee, assembled and enjoyed the night in dancing, games and other amusements, which ended not until the wee sma' hours of morning.

The many useful and costly presents received by the bride, evidenced the esteem in which she is held by all. Among the presents was a handsome marble clock, from the employees of the American Cereal Company, in which the bride was employed for some time. The young couple are at present guests at the American House for a short time, and will then remove to their future home in Lockport, N.Y.

The groom's gift to the bride was a handsome Astrachan jacket and to the bridesmaid a beautiful diamond pin.

AN ORDINATION WITH DIFFICULTIES

The Experiences Met With in Going to Lakefield Yesterday

Pastor W. Quarrington was Ordained to Lakefield Church—Peterborough Men Were Present.

The difficulties of travelling in the snow were experienced yesterday afternoon by a number of Baptist ministers and laymen, who went to Lakefield to attend the ordination of Pastor W. Quarrington, of the Lakefield Baptist church, which took place in that village yesterday afternoon.

Those who attended the ordination services yesterday were: Rev. A. E. Trotter, Port Hope; Rev. O. C. Elliott, Belleville; Pastor J. L. Whiten, Picton; Rev. W. L. McKinnon, Gilmour Memorial church; Thos R. Mann, also of Gilmour Memorial church; Rev. F. J. Scott, and Mr. George Lee, of Murray street Baptist church; and Rev. A. H. Brace, and Mr. Gillespie, of Park street church. Rev. Mr. McLennan of Campbellford, got as far as Peterborough, on his way to Lakefield, but on learning of the condition of the roads, he decided not to go any farther.

The gentlemen had intended going to Lakefield by train, but since it had been cancelled, they decided to risk driving to the village.

They left here about 2 o'clock, and, after three hours and a half of exposure to the cold, they reached Lakefield. They were upset several times, and had to get out and walk a number of times where the roads were particularly bad.

After they reached Lakefield the candidate for ordination was examined by the pastor and representatives of the churches, with a committee representing the Lakefield church, as to his doctrinal standing. This was a very rigid examination and lasted some time. The candidate, however, passed through it satisfactorily and was recommended by the examining board for ordination.

At the evening service, which was late in commencing on account of the time taken with the examination, the public exercises were conducted. Rev. J. E. Trotter of Port Hope, acted as Moderator, and Rev. F. J. Scott, clerk. Rev. W. L. McKinnon preached the ordination sermon, and Rev. A. H. Brace, offered the ordination prayer. Rev. Mr. Trotter gave the charge to the congregation and Rev. Mr. Elliott the charge to the candidate. The right hand of fellowship was extended by Rev. F. J. Scott.

The attendance at the evening service was not large, due, no doubt, to the unpleasant weather.

The gentlemen who went up from here drove home last night, and the experiences of the afternoon were repeated. They reached here about 1.30 this morning.

DISPENSE JUSTICE ALSO MERCY

Will Chairman of the Charity Board Adopt the Suggestion?

To the Editor of the Examiner:

Ex-Ald. Rush is at present acting in a dual capacity. He is dispensing justice as acting Police Magistrate, and, apparently, filling the duties of that position satisfactorily, and as Chairman of the Charity Board there is now an opportunity for him to dispense mercy.

The details of the fire which destroyed the home of the O'Brien family on Sunday morning are familiar to most of the residents of the town and the distressing circumstances in connection with it have suggested that there are many persons in town who could donate something to relieve those who escaped the fire barely with their lives. There were nine small children, the eldest only fourteen years of age, and they had to run from the burning building without having time to properly clothe themselves and the building, with all its contents was destroyed.

I would like to suggest that Mr. Rush be asked to accept such donations of clothing and money as may be offered for the assistance of this family.

CARNIVAL WAS GREAT SUCCESS

Attractive Costumes Were Displayed.

Long List of Characters—Attendance Nearly 1200.

The following were the prize-winners at the Foresters' Carnival last night at the Brock street rink:—

Best Dressed Lady.—1st, Nora Corrin, (Diamond Queen); 2nd, Bessie Logan, (Queen of Crepe (Paper).

Best Dressed Lady, Comic.—1st, Miss Faux, (Pinkey); 2nd, Miss G. Mowat, (Samantha).

Best Dressed Girl.—Daisy Robinson, (Carnation).

Best Dressed Girl, Comic.—Miss Effie McWhinnie, (Mademoiselle Popcorn).

Best Dressed Boy.— Master Thornton, (Little Lord Fountleroy).

Best Dressed Boy, Comic.—Herbert Eastwood (Chinaman).

Best Dressed Gentleman.—M. P. Turner, (Zulu).

Best Dressed Gentleman, Comic.—W. Spencely, (Scarecrow).

Best Dressed Costume Canada.—Miss Rae Logan.

In the fascinating scene presented at the Foresters' Carnival at the Brock street rink last night, one found great difficulty in recognizing the battlefield upon which so many hard-fought conflicts have been waged by the Knights of the Puck. The beautiful nature of the transformation was doubtless due to the presence of so many of Peterborough's fairest daughters, who as they glided around beneath the gaily coloured flags and bunting with which the rink was decorated, displayed a richness and variety of costume surpassing anything of this nature ever seen in Peterborough before. The gentlemen's costumes were also most attractive in design, in both comic and fancy representations. The 57th Regimental Band, which was present and furnished music throughout the evening, also added materially to the enjoyment of those in attendance.

The members of Court Peterborough, No. 99, O.O.F., under whose auspices the affair was conducted, are certainly to be congratulated on the highly successful manner in which it was managed. There was an unusually large attendance of spectators, while those in costume numbered over 250.

The rink was most attractively decorated with flags, bunting, mottoes, etc., and reflects great credit on the artistic taste of Messrs. J. J. Turner & Sons, who supplied them. Three of the prize-winning costumes were also manufactured by this progressive firm. Special reference must be made to the number of beautiful representations of "Canada," for which a special prize of a handsome silver water pitcher was given. This went to Miss Rae Logan, whose costume was a most artistic creation. The general beauty of the costumes displayed in representation of "Our Lady of the Snows" made the task of the judges in making a choice, one of great difficulty. The "Zulu Chief" as represented by Mr. Webber Turner, also attracted much admiration. It is, however, invidious to particularize as the costumes both of the prize winners and others were worthy of the most unstinted praise.

The following is a list of those in those in costume, and the characters represented:

"CONSISTENCY" CONTRIBUTES

Another Letter to the Controversy Arising out of the Relations of Ministers to Party Politics.

To the Editor of the Examiner:

Dear Sir,—I notice that the Ministerial Association passed a resolution dealing with my letter printed in your issue of Saturday. I also noticed that the worthy president was prudently absent from the meeting. I use the word prudently, for I am afraid if he had been present he would have seen some incongruity in giving the resolution the sweeping character it assumed. The Ministerial Association as at present constituted, may justify its adoption of a resolution, asserting that Rev. Mr. Davidson employed no undue influence to secure the presidency, since some of the present members, were not connected with the Association at the time the events leading up to the matter in question, could have taken place. I did not charge that. Some time ago another gentleman would have been elected president but for Rev. Mr. Davidson's attitude, and, due to the same cause, Rev. Mr. Bastow secured his re-appointment, and the Association as then constituted did not look with favour upon Rev. Mr. Davidson's claims for the presidency at that time and my contention as to the circumstances under which he at last attained his ambition, nor the facts themselves, suffer no change by the resolution of the Ministerial Association. The Ministerial Association may protest as long as they wish to protest, but that will not stop my pen in expressing my views of the actions of any one or the whole of the members, so long as their acts may expose them to legitimate and deserved criticism. I think I am safe in saying that no gentleman who has occupied the position of president of the Ministerial Association, has used his position, and influence, for party political purposes, to the extent that the Rev. Mr. Davidson has done, and no member of the Ministerial Association has meddled so industriously in matters which have no particular claim upon the attention of ministers of the Gospel, as has the now president of the Ministerial Association, and I have only to recall the snubbing (for it cannot be called by any milder name), which Mr. Adam Dawson administered to him on the well-remembered occasion of a mayoralty election, to point the moral. His dealings with the members of the same church are well known to many of both organizations. It may be recalled that Rev. Mr. Davidson's effusive sympathy with labour, seemed to cease automatically on the conclusion of the election campaign of 1902, and his general attitude at the time need not be mentioned here, but may form the subject of future reference. And so long, Mr. Editor, as you will permit me, I will deal as I see fit, in conformity with the circumstances, with questions of a public character, without regard to the course the Ministerial Association may adopt, especially if that course resembles that taken in passing resolutions, with the spirit and preceding circumstances of which all the members are not familiar. The Association must not permit itself to be drawn into the discussion of matters which form legitimate subjects of public discussion, unless it is prepared to accept the responsibility and criticism such relations may involve.

Yours truly,
Consistency.

SERVICE OF SONG AT SALVATION ARMY

An Interesting Servcie which will be Given Tomorrow Night.

YOUR MIRROR
TELLS THE
TRUTH

If your mirror tells you that your face is losing its roundness, the eyes their lustre and the cheeks their glow, don't blame the mirror. You are losing flesh—there's a waste somewhere. Try the scales. You don't tip the beam at the point you did formerly. It's several notches back. Try on last year's clothing. Doesn't it so snugly, perhaps. These are all evidences that you need Scott's Emulsion because you need more flesh. Nothing picks up lost flesh or stops wasting like

SCOTT'S EMULSION

Losing flesh may be all right for people who are overweight, but the average person can spare little and retain the even balance of health. If your body is in need of more flesh, try Scott's Emulsion. If there are any evidences of wasting, try Scott's Emulsion. It will put you back in normal condition and restore your lost weight so quickly that you will wonder why you didn't try it before.

FEAR FOR PRESIDENT

Surrounded by Police and Secret Service Men.

EXCEPTIONAL PRECAUTIONS

Authorities Apparently Afraid of Violent Hands Being Laid On the Popular Choice of the United States—A Whole District Under the Strictest Police Surveillance

New York, N.Y., Feb. 15.—For the first time since the days when he was Governor of the State of New York President Roosevelt yesterday revisited the heart of the east side. He was guarded by mounted police and secret service men. The district through which the President drove and in which he dined in not the safest in the great city, and the police took no chances. So stringent were the precautions that not a flashlight photograph was allowed to be taken, and uniformed police, plain clothes men and detectives fairly swarmed inside and out of "Little Hungary."

They were stationed on roofs and fire escapes in the neighborhood, and for two blocks on either side of East Houston street, a cordon of police cut off the crowds. Ordinary police cards permitting entry into fire lines and similar places were suspended by order of Police Commissioner McAdoo, and no one without an invitation to the dinner and specially issued police card was permitted to pass the tautly drawn line of patrolmen.

The night was bitterly cold, but by 6 o'clock East Houston street and the intersecting thoroughfares for several blocks in all directions were blocked by as cosmopolitan a crowd as could be gathered in any city in the world. At that hour the police began to clear the streets and draw their lines through which admission was gained only by special ticket. A troop of mounted police rode slowly into the crowd and working east and west gradually moved the sightseers into side streets, where another line was established to keep them back.

Every entrance to a residence or store within the police lines was guarded by an officer, while on the housetops opposite the cafes stood policemen to keep these vantage points clear of any evil disposed persons. The men took up their stations with the certainty of well arranged plans, and whenever some belated home-comer whose residence was within the guarded zone appeared he was accompanied to his door by an officer and left with the caution to remain indoors.

President Roosevelt was punctual to his schedule. He was due at 7.30 and five minutes before that time a roar of cheers rolled up from Avenue B. The police lines came to attention and a band stationed near the cafe struck up "The Star Spangled Banner," but after the opening bar not a horn could be heard.

The President last night fulfilled a promise made to the Hungarian Republican Club several years ago, that he would be its guest at a banquet if its prediction came true, and he ever went to the White House.

Turks Appear Warlike.

London, Feb. 15.—Telegraphing from Sofia, the correspondent of The Times says: "The rapid progress of Turkish military preparations attracts attention here. War material is being constantly despatched from Constantinople to Salonica and Adrianople. Fifty quick-firing guns recently arrived at Monastir. Large supplies of uniforms have been ordered for the reserves."

Irish M.P.'s Active.

London, Feb. 15.—At a meeting of the Irish Nationalists in the committee room of the House of Commons yesterday afternoon, presided over by John Redmond, it was decided to at once commence an active campaign and move amendments to the address in reply to the speech from the throne on the subjects of Home Rule, Catholic universities and the Irish Land Act.

RUSS HARD PRESSED.

Officers Driven to Wearing Chinese Shoes—Exposure and Cold Causing Much Disease.

Tokio, Feb. 15.—Reports from Liaoyang place the total Russian force between the Shakhe River and Harbin at 450,000, of which 280,000 are on the fighting line. The condition of the prisoners and of the bodies of the dead indicate that the Russians are short of shoes and winter clothing. Some of the officers are wearing Chinese shoes. It is believed that exposure to the cold is greatly increasing sickness among the Russians. Later estimates of the Russian losses at Heikoutai place the number at 25,000.

Russians Repulsed.

Tokio, Feb. 15.—Manchuria headquarters, reporting yesterday, says: "The Russians shelled and twice attacked Waitao Mountain on Sunday, Feb. 12, but were repulsed.

"Small forces of Russian infantry attacked Lapatai and Hanshantai on Monday, Feb. 13, but were repulsed.

"The Russians continued to construct entrenchments in the neighborhood of Heikoutai."

Slak Them All.

Tokio, Feb. 15.—In discussing a report that colliers had refused to accompany the second Russian Pacific squadron on its way north, a member of the Japanese naval staff said yesterday: "Our commanders will fire and sink any colliers found in company with the Russian warships regardless of their nationality." Vice-Admiral Togo departed from Kure, Feb. 18, his destination being kept secret. It is presumed, however, that he is proceeding south.

Grippenburg Rumors.

St. Petersburg, Feb. 15.—The wildest reports are current concerning General Grippenberg. One is that he has been stopped at Harbin and disgraced. Another says he is at Irkutsk. Nevertheless, the true story appears to be that he is on his way here, although it is noticeable that not a single word is published as to his arrival at intermediate stations.

Strike Off.

St. Petersburg, Feb. 15.—The last visible vestige of the great St. Petersburg strike disappeared yesterday, when the employes of the Putiloff Iron Works returned. In all the works, ballots are being distributed for the election Sunday of representatives on the mixed commission of masters and workmen.

Unionists Censure Wyndham.

London, Feb 15.—The position of Sir Antony MacDonnell, Under Secretary for Ireland, in the Unionist councils, threatens to bring a storm about the Government's head.

MacDonnell is credited with being responsible for Secretary Wyndham's more liberal policy towards Ireland, and is accordingly hated by the Ulster section of the Irish Unionists, who, led by Sir Edward Carson, are doing their best to overthrow him.

At a meeting of the Irish Unionists yesterday, a resolution was adopted openly censuring Mr Wyndham for "abdicating his position and responsibility in favor of a subordinate official with a policy of his own, directed to destroying the basis of Irish Unionism."

Fever Canadian Cattle.

London, Feb 15.—(C.A.P.)—Consequent on Lord Onslow's recent speech a special conference of the Glasgow District Co-Operative Defence Association met to consider the cattle embargo question. A resolution that the act of 1896 should be amended to allow Canadian cattle to enter the country without being slaughtered at the port of entry was carried unanimously. Resolutions will be sent urging members of Parliament in local constituencies to do all possible to effect this.

British Fleet's Movements.

Vigo, Feb. 15.—The British Atlantic squadron of seven battleships and one cruiser, joined by the Channel fleet, making a total of 17 battleships and four cruisers, is at anchor here.

The authorities and Lord Charles Beresford, who is in command, have exchanged complimentary visits. A thousand Roman Catholic sailors were disembarked yesterday to attend mass. Great numbers of people have come to the city to see the vessels.

MUNYON, Philadelphia

A MANLY OFFICE HOLDER.

President Loubet Shortens His Term to Facilitate Business.

Paris, Feb. 15.—President Loubet will resign office before the expiration of his seven-year term, which ends on Feb. 18, 1906.

His reason for this step is that the triennial renewal of the Senate and the general election for members of the Chamber of Deputies will take place next year, and Parliament will not meet until the close of 1905.

Consequently, to avoid the election of a President by new members, he will resign in time for his successor to be elected by the present Chambers, re-united in national assembly in the palace at Versailles, according to the constitution.

U.S. Spends $150,000 On Fort Niagara.

Washington, D. C., Feb. 15.—The House committee on appropriations yesterday completed and reported the sundry civil appropriations bill of $65,558,990, an increase of $7,718,669 over the appropriations for the current year, and $8,992,467 less than the estimate of the various departments. New items in the bill include: For making boundaries between Alaska and Canada, $65,000; for the enlargement of Fort Niagara, $150,000.

PUBLIC WORKS ESTIMATES

Bill Introduced—Mr. Fisher Furnishes Fullest Information in Regard to the the Statistical Collection—Ice Breakers May Be Employed to Prevent Floods On the River Thames.

Ottawa, Feb. 14.—(Special.)—The estimates of the department of public works were under consideration in the house to-day. Progress was by no means rapid. The opposition criticized the proposed expenditures very closely and vigorously condemned the practice of erecting expensive public buildings in small towns.

These bills were introduced:

An act respecting the Canadian Northern—Mr. Parmalee.

An act respecting the Canadian Pacific Railway Company—Mr. Bole.

An act incorporating the St. Anne's, Three Rivers and St. Maurice Electric Railway Company.

Mr. Geoffrion introduced a bill to amend the act respecting the jurisdiction of the exchequer court as to railways. The bill gives orders of the exchequer court regarding the sale of railways the same force in the matter of title to the purchaser as the order of a provincial court.

Mr. Borden called attention of the government to the delay in making the return of the election of the member-elect for the Yukon. The election was held on Dec. 16, and, according to information given the house, the member would not be able to take his seat before the end of March.

During all this time the Yukon would be disfranchised. Mr. Borden said that as he interpreted the law a returning officer could delay his declaration as long as he pleased. The law, he thought, should be amended to require the declaration to be made within a certain specified time.

The prime minister said if there had been any correspondence with the returning officer in the Yukon it was carried on with the secretary of state. He promised to make a statement to the house to-morrow.

Mr. Fitzpatrick concurred in Mr. Borden's interpretation of the election law, and admitted that an amendment was in order. The law, he said, had been in force for 25 years without any difficulty arising, but the Yukon case showed the necessity of an amendment.

The house went into committee to consider Mr. Fisher's resolution providing for the collection of statistics other than those contained in the census. The objects of this resolution were very fully considered in a previous debate, but Mr. Fisher found that the opposition's thirst for information was still far from satisfied. The minister of agriculture was questioned in regard to every aspect of the proposed statistical bureau. He answered as fully as he could, and on passing the resolution the house certainly did not act on incomplete information. The resolution carried, but the opposition declined to go on with the bill, and supply was called.

On the motion to go into supply, Mr. Clements of West Kent drew attention to the grievance existing by reason of floods of the River Thames, between Chatham and Lake St. Clair, which last year had caused damage to the farmers amounting to between $175,000 and $200,000. He suggested that an ice crusher be sent to break up the ice in the Thames between Lake St. Clair and Chatham.

Mr. Hyman admitted the importance of the matter, and promised to communicate with owners of ice crushers at Detroit, as Mr. Clements suggested, and ascertain if it would be possible to have an ice crusher sail thru Lake St. Clair to the mouth of the river.

Discussion was renewed on the appropriation of $25,000 for a public building in the Town of Antigonish, whose population as Mr. Ganong pointed out in the 10 years between 1891 and 1901 had decreased from 2728 to 1839, a loss of 920.

Mr. McIsaac answered that the population which would be served by the proposed postoffice was about 2800.

On an appropriation of 15,000 for a public building at Canso, Mr. Maclean protested against the practice of expending large sums of money on public buildings in small towns. The money, he said, would be far better employed in providing for technical education.

Mr. Foster described the expenditure as a rank waste of public money. Much of it would have to be borne by the workingmen. The appropriation could be defended only from the standpoint of party interests.

Mr. Hyman accused Mr. Foster of doing the same thing when his party was in power. The system was not inaugurated by the present government.

Banff's Aspirations.

Calgary, N.W.T., Feb. 15.—The advocates of Banff as the provincial capital are arguing that one strong reason for the location is that it can be easily defended in case of war. Yesterday C. W. Fisher, M.P.P., of Banff, addressed a letter to Premier Haultain, in which he said: "Although the times are peaceful and Canada desires peace, we ought to consider the possibilities of war. If such an unhappy event should occur, what spot in the west could be so easily defended? A capital on the prairie would be exposed to easy capture, while Banff in a few weeks could be turned into an impregnable fortress."

Strong Views On Chamberlain.

London, Feb. 15.—The Liverpool Commercial says: "If Mr. Chamberlain really believes that delay in arranging colonial preference will result in the disruption of the Empire, it would be shocking political criminality on his part to allow this fearful menace to the Empire to drag on through another session, and perhaps through another year."

King and Queen's Portraits For Canada.

London, Feb. 15.—King Edward and Queen Alexandra both gave sittings yesterday in their robes of state to John Colin Forbes, who is commissioned by the Canadian Government to paint portraits of Their Majesties for the Dominion House of Parliament.

British Navy's Visit.

London, Feb. 15.—The date of the visit to American waters of the squadron of British warships, commanded by Rear-Admiral Prince Louis of Battenberg, has been definitely fixed for October. It will comprise a short stay at Newport, New York and Annapolis.

Unhappy Women!

No woman can be happy when her health is undermined. No woman can have good health while she suffers from female weakness, inflammation, ulceration or any disease of the delicate womanly organs. Nervous, sleepless, fretful, suffering in body and mind, she does not live but only exists.

More than a half a million such women have found a perfect and permanent cure for their diseased condition in the use of Doctor Pierce's Favorite Prescription. Women cured by this remedy say it is a "wonderful medicine," so perfectly does it restore them to health and comeliness.

There is no alcohol in "Favorite Prescription," neither does it contain opium, cocaine, nor any other harmful drug. It is in the strictest sense, an honest, temperance medicine. Its ingredients are purely vegetable, and it will agree with the most delicate constitution.

Don't be hypnotized, or over persuaded, into accepting a substitute. This medicine has a record that's worth far more than any difference in price.

Sick and ailing women are invited to consult Dr. Pierce, either personally or by letter, absolutely without charge or fee, thus avoiding the unpleasant questionings, offensive examinations and obnoxious local treatments considered necessary by many local practitioners. All correspondence treated as strictly private and sacredly confidential. Write without fear and without fee to Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

Pierce's Pleasant Pellets

These tiny sugar-coated anti-bilious granules regulate Stomach, Liver and Bowels, cure Constipation and Bad Breath, attended by local symptoms. One or two for a laxative, three or four for a cathartic.

This great family Doctor Book Free on receipt of 21 one-cent postage stamps to cover cost of mailing only. Send 50 in stamps for cloth-bound. In the paper covers Dr. R. V. Pierce, 663 Main St., Buffalo, N.Y.

HOCKEY

The Young Ponies of the West End hereby challenge the Maple Leafs to a game of hockey to be played at the Y. M.C.A. rink on Saturday afternoon next and the return game will be played on the All Saints rink the Saturday succeeding. If the Maple Leafs will not play the first game on the "Y" rink the Ponies will not play them at all. An acceptance would like to be seen in to-morrow's issue.

The Junior Northern Lights played and defeated the Beavers on Saturday, February 11th, by the score of 13 to 5. The Northern Lights showed that they have recovered from their defeat by the Maple Leafs on Wednesday last. The line-up of the Northerners was as follows:—Goal, J. Coughlin; point, Alonse Coughlin; cover point, E. Quinlan; forwards, R. Heslop, L. Miller, J. Horigan V. Horigan. Mac Guerin refereed.

The Mail and Empire in its report of the Cornwall-Brockville game says: —"Tom Hodge, of Montreal, who was to have been the referee, did not turn up and J. O. Belleghem, of Cornwall, formerly of Peterborough, officiated in his stead. His rulings as to off-sides and fouls were strict, but thoroughly impartial, and the Brockville contingent (over 100 strong) labeled him the best referee they had played under this season."

It is scarcely likely that there will be any game played in the T. V. L. series this week, owing to the protest which is pending between Campbellford and the T. A. S. of Peterborough.

The first of the home and home games of the finals was to have been played in Fenelon Falls to-morrow night between T. A. S. and Campbellford, but the game has been called off owing to the pending protest. The executive will likely be called together for Thursday night to settle the matter in dispute. It is he intention of the T. A. S. team to fight the matter to the bitter end.

An evidence of the unsportsmanlike way in which the Campbellford team accepted its defeat is to be seen in a letter published this morning in the Toronto Mail and Empire with reference to the game, and in which many statements are made which are wholly erroneous and misleading according to the evidence of impartial witnesses of the game.

ANOTHER WIN FOR INTERMEDIATES

Won in Markham Last Night by a Score of 9-6.—Game was Fast.

The victorious Intermediates gave a demonstration of the quality of hockey which they are capable of putting up when occasion demands.

In the game last night, which was one of the fastest ever seen on Markham ice, their team work was much in advance of that in all previous games, the team seeming to improve as the season progresses.

For the locals the brilliant work of Wasson in goal elicited much admiration, and in the shooting division Parnell's effective work was also the subject of much comment. Their forward rushes were also particularly effective, breaking through their opponents' defence repeatedly. The Markham team was somewhat handicapped by the fact that their regular rover, Mr. G. Sullivan, was unable to play, owing to injuries received in the team's recent game with Orangeville.

The score at half time stood 4—2 in Peterborough's favour. In the second half Peterborough added another in eight minutes. This was followed by a whirlwind "stunt" on the part of the Markham aggregation, who placed four straights in the Peterborough nets. The pace, however, was too fast to last long, and Peterborough had their innings, finding the nets four times in succession before the end of the game, making the final score 9—6 in their favour.

The return game, which will take place in the Brock street rink on Friday night will be regarded with much interest, the locals going into the game with a lead of three goals.

The teams last night were:

Peterborough — Goal, Wasson; point, Glover; cover point, Campbell; rover, Cavenah; centre, Morgan; left wing, Parnell; right wing, Graham.

Markham—Goal, Pringle; point, Gee; cover point, Halstead; rover, W. Maxwell; centre, E. Maxwell; right wing, H. Robinson; left wing, R. Wilson.

Timer, E. H. Wilson; penalty time keeper, W. Hancock.

F. C. Waghorne, of Toronto, refereed the game in a most satisfactory manner.

—The weather still continues cold, and 7 degrees below zero was reached last night. Though this winter has not had the low temperatures of last year, it is still much colder than the average Canadian winter. The daily temperature of last January was five degrees lower than average, and approached within two degrees of January, 1904. There is also more snow on the ground now than this date last year and much more than the usual amount in other years. What snow that has fallen since the early fall has remained with us to the present time.

—The Maple Creek Signal tells the following harrowing story: "Mr. D. Braniff's family had a narrow escape with the high winds of last week. The upper part of his house was blown clean off, both roof and walls. Mr. Braniff's two young sons and an aged uncle, were sleeping in the top room at the time, and had miraculous escapes. Logs went whistling over their heads as if they were mere straws, and the bed on which the old gentleman was lying was blown from under him, and smashed into match wood, leaving him on the mattress on the floor unhurt. A truly marvellous experience.

PRETTY WEDDING THIS MORNING

Marriage of Annie Guerin to Archie Barbeau at St. Peter's.

At St. Peter's cathedral this morning at 6.30 o'clock a quiet but pretty wedding was solemnized when Miss Annie Guerin, only daughter of Mr. Napoleon Guerin, Louis street, was made the bride of Mr. Archie Barbeau, formerly of Sault Ste. Marie, Ont. The ceremony was performed by Rev. Father Galvin.

The bride was very handsomely gowned in a travelling suite of seal brown broad cloth, trimmed with velvet and wearing a picture hat to match.

The bride was assisted by Miss V. Barbeau, sister of the groom, and Mr. Frank O'Brien of town, acted as best man.

After the ceremony a delicious wedding dejeuner was served to a number of the friends of the bride and groom at the residence of the bride's parents.

The bride received a number of beautiful presents, showing the high esteem in which she is held among a large circle of friends.

Mr. and Mrs. Barbeau left on the 8.20 G.T.R. train for Toronto, and other points west, and on their return they will reside at 7 Louis street.

BARRIE'S
BIG "RE-MODELLING" REDUCTION SALE

This great money-saving Fur and Furnishing function sounds the right note of substantial economy.

If there ever was a sale in which miracles with money were performed it is in this big Sale of ours.

Furs of the finest qualities and of the highest class of workmanship, together with the more moderate grades of safely cheap lines, can be bought at much lower prices during the Sale than at any future period.

Big Reductions off regular prices are the order of the day throughout our entire stock.

Mink, Alaska Sable, Persian Lamb, Seal, Astrachan, etc., have all gone up in prices; the Fur Sales in London, England, just held showed an advance of from 10% to 50% in the different kinds. This means a very material increase in price on all Furs for next season.

This Re-modelling Sale to the prudent thrifty man or woman is a monumental money maker and they will do well to see to present, and anticipate future, needs in Furs and purchase now.

Men's Furnishings of all kinds—Hats, Gloves, Collars, Shirts, Ties, Underwear, Sweaters, etc., all at Clearing Reduction Prices as we must get them out of the way.

Our store is to be re-modelled and workrooms to be enlarged therefore we must clear out stock at once, as dust and dirt and lack of room compel us to.

EXCHANGE OF SHOES AT SKATING RINK

Some Intentional and Many No Doubt Accidental

A number of pairs of boots have been taken from the Brock street rink recently, and others left in their places. In some cases these exchanges have evidently been made by mistake, but in others the shoes left have been so much inferior to those taken that there is a very shrewd suspicion that the exchange was an intentional one, and if the persons who are guilty are discovered, measures may be taken which will prevent the recurrence of this practice. It is recognized, however, that there have been exchanges made unintentionally, and if those who have taken shoes not their own by mistake, will return them, they will confer a favour not only upon the owner of the shoes they have, but the Rink Company, by returning them.

SNOW SHOE CLUB TAKES A TRAMP

Gentlemen Members Were Out Last Night—Supper Afterwards.

The gentlemen members of the Peterborough Snow-Shoe Club had an enjoyable tramp last night. After a pleasant two hours' tramp through the country, they returned to McCallum's, where they had supper.

It is undrstood that the next big tramp of the club will take place on Wednesday night of next week and will be for ladies and gentlemen. Some interesting races are announced to take place and some elegant prizes are being offered.

DORMITORIES IN THE Y. M. C. A.

The Local Association will Establish Them.

A New Departure in the Work Here—Will be Ready This Spring.

The Y.M.C.A. has decided to establish dormitories in connection with their work here, and in a short time work will be begun in fitting up the top story of the building for this purpose. At present this story is practically unused, only one or two rooms being fitted up, but the intention of the House Committee of the Association in whose charge the matter is, is to fit up the whole flat so that it can be used for this purpose. About $1,000 will be expended in doing this work, which will be begun early in the spring, and it is expected that by April 1st, the rooms will be ready for occupancy. It will be necessary to erect a number of partitions, as at present the flat is not divided into rooms of moderate size.

Col. Edwards, the President, was not able to state just when this work would be started, nor when the rooms would be ready, but it would be sometime during the spring months.

The plans it has crystalized now has been under contemplation for some time, and will, it is felt supply a long-felt want in the local Y.M.C.A. work.

There are a great many young men in town who would gladly avail themselves of the opportunity which this dormitory will afford of securing accommodation in congenial surroundings, and it is expected that there will be a big demand for the rooms as soon as they are ready.

This department will be under the charge of the General Secretary of the Association.

VERY PRETTY MID-JANUARY WEDDING

Miss Mary Long Married Yesterday to Mr. Samuel Jordan

At noon yesterday a very happy wedding ceremony was celebrated in St. John's church, an edifice which during the years that have passed, has seen very many such happy events.

The principals of that of yesterday were Miss Mary Long, eldest daughter of Mr. Charles Long, of Edmonton, Alta., niece of Messrs. J. and Harry Long, of town, and Mr. Samuel Jordan, senior member of the well-known firm of Jordan Bros., florists, also of town.

Both young people are well known here, and a large number of friends gathered at the church to witness the pleasing ceremony, which was performed by the rector of the church, Rev. J. C. Davidson.

The bride, who was given away by her uncle, Mr. James Long, was attired in a rich gown of cream corded silk, trimmed with point lace, and wore a bridal veil with lilies of the valley blossoms, and carried a large bouquet of white roses, while her bridesmaid, Miss Ethel Tully, a cousin of the bride, wore a beautiful dress of cream point d'esprit, with hat to match. She also carried white roses. Mr. John Jordan, brother of the groom, acted as best man. The altar, before which they were married, was banked with calla lilies. Master Gordon Long, and Master Victor Tully, were the ushers.

After the ceremony, as the bell in St. John's tower, pealed out the fact that two hearts had been united, and as the strains of the wedding march were heard from the organ, played by Miss Charlotte English, the bridal party left the church, and drove to the home of the bride's uncle, Mr. Jas. Long, 561 Reid street, where a dainty dejeuner was partaken of, served by the staff of Mr. H. Long. The health of the bride was proposed by Rev. J. C. Davidson in a few words, to which the happy groom responded in appropriate terms.

The bride was the recipient of a large number of handsome present, among which were two cheques of ample proportions, from her two uncles.

Mr. and Mrs. Jordan, left on the 5.10 C.P.R. train for a honeymoon trip to the west, and on their return will reside on Charlotte street.

ALMOST READY FOR FURNISHING

The Y. W. C. A. Building is Now Nearing Completion

The House Committee of the Y.W.C.A. desire to announce that as the building is nearing completion, it is necessary that arrangements be made for the furnishing of the rooms.

The committee feel that very many of the citizens would like to assist in the matter. The custom in all public institutions is to have iron bedsteads, and in order to have uniformity in this particular, the committee intend purchasing these wholesale.

It is almost impossible to specify the articles required, but anything in the line of house-furnishings will be thankfully received. Donations in money or goods may be sent to the Y.W.C.A. rooms, over the Bank of Commerce, at as early a date as possible.

The official opening will probably take place about April 1st.

CHORUS CLASS MET LAST NIGHT

Over Eighty Attended Mrs. Morrow's Class at T.A.S. Hall.

Chorus Work Progressing Admirably—Last Night's Music.

Teachers of literature lay down for the guidance of their pupils, a very elementary, but at the same time, a very comprehensive rule which runs as follows:—Persistent study of the best models, frequent association with the best speakers, and repeated attempts to imitate ideals thus placed before them, will undoubtedly improve the literary taste and develop all the faculties, emotional and intellectual, to which good literature can appeal. A similar rule may be enunciated for the benefit of students in music, a rule which will not be disputed by sound critics in the art. Examination of the best musical compositions and association with skilled and experienced teachers and with advanced pupils, will, if coupled with determined effort to excel, improve the taste and ear and develop musical aptitudes which lie hidden in every man and woman who possesses a human soul.

The advantages here referred to will certainly be realized by the pupils of Mrs. Morrow's Chorus Class. All the conditions of the rule are fulfilled during the classes, and hence the good results mentioned will undoubtedly follow. The pupils perceive this and they are weekly adding new members to their number. It is pleasing indeed to see so many take a deep interest in a work which cannot fail to be highly beneficial to all. Fully 80 pupils attended and took an active part in the class which was held last evening in the T.A.S. hall. This is truly encouraging to all who are concerned in the success of the class, but to none should it be more encouraging than to the members themselves. Their number is such as to inspire courage. They know from the large membership that the work is appreciated by many, that it has the approval of others who cannot attend the classes, and consequently they are incited to persevere in this this study, the rudiments of which, it is true, like the rudiments of every art and science, might at first repel rather than attract.

The chorus work is progressing admirably, although there are among the members some who have not yet sufficient courage to give full effect to their voices. The choruses now being rehearsed are the Hallelujah choruses from Handel's Messiah and the Three Knights.

Although only a few practices have been devoted to these pieces, the musical effect resulting from the combination of the various parts is pleasing indeed, and is quite satisfactory to both teacher and pupil.

Last night's class resembled more closely a first rate recital, rather than an elementary drill for beginners in music. However, both the recital and the elementary instruction were combined in such a way as to keep up the interest of the pupils, and at the same time give to them the necessary training. Miss Cline sang the Staccato Polka. Her singing proved that she has long since passed from the ranks of junior pupils. Few in the class ever heard such a difficult piece sung, or even attempted, and certainly none ever heard a difficult piece sung so well. For an encore she sang "The Spanish Bolero."

Miss Phillips, Miss Harris, and Mr. Dawson also contributed to the evening's programme. It is no flattery to state that the share which they took was greatly pleasing to the class. Some of the tones, it is true, have not the ring or the sweet melody to be found in the voices of older singers, but the richness of many of their notes, and the fulness which they gave to them, are a proof that training will shortly make them singers who can appear, without fear of unfavourable criticism, before the most cultured musical audience.

As a crowning number for the evening's programme, Mrs. Morrow and Miss Cline, played, at the request of some of the pupils, an instrumental duet, entitled "Grand Valse de Concert," by Gottschalk. Both parts were, it is almost needless to say, played in excellent time, and with a correctness which bars criticism.

The class will again be held on Wednesday next, but on Saturday of this week the members of the sight-reading class, both men and women, are requested to meet at 8 p.m.

Too much praise cannot be given to the members who take a very active part in the class. The success already achieved is due of course chiefly to Mrs. Morrow, who is working so energetically for the advancement of the pupils, but to Miss Coleman, Miss Cahill and Miss Hackett, credit is to e given. Their work for the success of the class deserves recognition on the part of the pupils who, in turn, show their full appreciation of the service rendered by the three young ladies mentioned.

CHURCH WEDDING IN DOURO CHURCH

Miss Mary Leahy Wedded to Mr. B. Harrington.

A very pretty wedding took place at St. Joseph's church, Douro, on Tuesday, Feb. 7th, when Miss Mary Leahy was married to Mr. Bernard Harrington of Ennismore. Mass was celebrated and the young couple married by Rev. Father Keilty. Although the weather was stormy quite a number of people made a point to be present, because the bride had always been a most popular young lady. The bridesmaid was Miss Mary Holland of Ennismore, a cousin of the bride. The groom was supported by John Harrington of Ennismore, the groom's cousin.

Father Keilty gave great praise to the bride, than whom, he said, there was not a better girl, a more religious girl, in British North America. He was pleased, he said, to see her going to his old parish, Ennismore, to live, where, he hoped, that for many years she would be a leader in every good work.

The wedding party on leaving the church, drove to Mr. Michael Ryan's, the bride's brother-in-law, where everybody sat down to a sumptuous repast.

The young couple will take up their residence in Ennismore, where they will be followed by the blessings and good wishes of the priest and people of Douro.—Ploughlough.

INTERESTING LECTURE ON GREEK SCULPTURE

Will Be Given by Prof. Carruthers To-morrow Night.

There are very few who are at all capable of presenting Greek sculpture to the popular mind and eye with sufficient clearness to enable the public in general to appreciate its beauties. Nothing in the world since its foundation in the way of art has attracted such universal admiration, one might almost say, awe.

Prof. Carruthers who will give the second lecture in the Fortnightly Club's course to-morrow night has 120 slides of all these noted figures of Grecian sculpture which will be shown to-morrow night. It is very seldom that such an opportunity is open to acquire knowledge of one of the most interesting of all subjects, art, and no doubt there will be a great many in town who will welcome this opportunity of hearing this lecturer, and ample arrangements are being made for a large audience.

MR. RUSH EXPRESSES HIS WILLINGNESS

To Accept Subscriptions for Relief of O'Brien Family.

To the Editor of the Examiner:

Sir,—Referring to the letter signed "Charity" in last evening's Examiner, in connection with the distressing circumstances attending the O'Brien fire, I will be glad to make and take contributions and assist in any way I can if the writer will interest himself on herself in preparing a list and solicit subscriptions.

R. RUSH.

The above letter was shown to the writer of that in yesterday's issue signed "Charity", who stated that his intention in writing the letter was not to solicit subscriptions from Mr. Rush, but to suggest that as official head of the Charity Board he might become the head of a movement to accept the contributions of those who might feel inclined to donate to this most worthy object.

NEW HALL, NOT ENLARGEMENT

Is the View Mr. W. H. Moore Takes of Fire Hall Question.

Town Now Receives Good Revenue From Property Which Ald. Johnston Proposes Turning into Fire Hall.

The proposal of Ald. Johnston, chairman of the Fire, Water and Light Committee with reference to the solution of the problem of supplying better facilities for fire protection has caused some comment, and it seems plain that his proposal does not meet with the approval of all the ratepayers of the town.

It will be remembered by those who read the outline of his scheme, as given through the Examiner, by the Alderman himself, that his plan was to enlarge the present fire hall instead of erecting a new one, a bylaw providing for which was defeated by the ratepayers some months ago when it, with other bylaws was voted upon. The fact that this bylaw was defeated was what influenced Ald. Johnston to propose the plan referred to, the main feature of which is that it would be cheaper than erecting a new hall entirely, which it appeared that the ratepayers did not approve of.

It may well be, however, and the attitude towards the new scheme almost indicates that it is the case, that the ratepayers were really not opposed to the erection of a new fire hall, but the defeat of the bylaw may perhaps be traced to another cause than that of popular opposition to the plan.

One of the men who think that it would be poor economy to enlarge the present fire hall is Mr. W. H. Moore, chairman of the Town Trust Commissioners, and in an interview with the Examiner to-day he outlined his reasons for thinking as above. He said that he was of the opinion that it was a wrong policy to put new cloth into an old garment, which he considered the plan proposed amounted to.

The property which Ald. Johnston proposes to turn into a fire hall is one which is at present paying the town good interest on the money invested in it. It will be remembered that it was purchased by the Town Trust Commissioners some time ago as an investment for the town, and Mr. Moore states that this one store is paying the town four per cent. interest on an investment of $6,500.00, while as a matter of fact it cost considerably less than that amount.

Mr. Moore said that the building had been erected for the use of merchants, and, in his opinion was not at all adapted to the requirements of a fire hall. He further stated that he was not at all sure that it would be possible to divert the proprty to such a purpose, in view of the fact that it was purchased by the Town Trust as an investment of the Sinking Fund, and must be maintained as an investment, and he further believed that even if the town had the power it would not be in the best interests of the town to do it.

He was of the opinion that a new fire hall was an absolute necessity for two reasons, the first of which was that it would make more effective the present fire protection facilities, and the second was that it would reduce the amount of premiums which the owners of property would have to pay for fire insurance. In both senses it would be a good investment for the town.

The water works system, with the improvements which the Commissioners will make this spring, will give a well distributed water service, and with a well equipped fire hall the town would be in a position to utilize the water service to the best advantage.

A new fire hall is a necessity, and the $6,500 represented by the investment which the revenue from the property proposed to turn into a fire hall would give, would go a long way in erecting a new hall, while the town would still be receiving the income from this property. Mr. Moore considered that a new fire hall was one of those somewhat disagreeable things which are sometimes necessary, and thought there was no use blinking the question, but it must be grappled with at once, if the service is to be maintained in an effecient manner.

PRIVILEGE TO SHOOT DUCKS

Toronto Men Associated with Local Gentlemen in This Preserve.

Will Have Exclusive Privilege on Part of Rice Lake—Will Protect the Game Laws.

Monday night's Toronto News contained an article stating that a shooting privilege had been granted to Messrs. H. H. Macrae, Col. H. M. Pellatt and others, for 21 years, over several miles of marsh on the border of Rice Lake, at the annual rental of $160. A few week ago the Orillia Packet published an item to the effect that the residents and ratepayers in the vicinity of Rice Lake had decided objections to the granting of any exclusive shooting privileges, and mentioned the rumour that such a concession was being applied for.

Col. Pellat, when seen by the News this morning, said that there was nothing wrong about the concession. The land was absolutely worthless for any other purpose than hunting, and at the present time the hunting was bad. He and his associates desired to establish a preserve where the ducks could find a resting place to feed, for it was his opinion that if something were not done soon there would not be a duck left on the whole lake. The slaughter had been of a wholesale character, and no attempt had been made to protect the birds. Col. Pellat said there had been a good deal of trouble about the concession because it had been necessary first to get the consent of the near-by farmers. This had been obtained and he could not credit the story that the residents were making objections and sending petitions to the Minister of Public Works.

In answer to a question as to when concession had been granted, Col. Pellatt said, "Within the last three weeks." He hastened to point out, however, that the terms of the lease had been practically settled six months ago, but for some reason it had been impossible to get the order passed.

The Colonel said that a number of Peterborough gentlemen were associated with him in the matter, but he really could not remember their names at the moment, nor could he remember the proposed name of the club which was to be formed. Incorporation would be applied for.

Kept Home From School

WITH COUGHS AND COLDS, AND PARENTS ARE PROVING THE WONDERFUL CURATIVE POWER OF

DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE

When grown people neglect their ailments and allow them to develop into serious diseases they have no one to blame but themselves.

With children it is different, because they do not realize the seriousness of a neglected cold nor the means of obtaining a cure, and many a child as he grows older and finds himself a victim of pneumonia, consumption, bronchitis, asthma or throat trouble, cannot but see that his parents were responsible for neglecting treatment when his ailment began in the form of a cold.

To-day the schools have many a vacant seat on account of coughs and colds, and many children who are there should be at home. What treatment are these children getting? Do their parents realize the seriousness of neglecting to cure a cold? Have they proved the merits of Dr. Chase's Linseed and Turpentine as a cure for coughs and colds, bronchitis, croup, whooping cough, and all kindred ills?

Very many have, for there is no preparation for throat and lung diseases that has anything like the sale of Dr. Chase's Syrup of Linseed and Turpentine.

Mrs. Wm. Ball, Bracebridge, Ont., writes: "I can heartily recommend Dr. Chase's Syrup of Linseed and Turpentine for all forms of colds, and I think that if every family would use it for their little ones it would save lots of worry and expense, as I find it prompt and lasting in its effects.

"My three youngest boys had whooping cough this winter and we could get nothing to help them until I sent for Dr. Chase's Syrup of Linseed and Turpentine. It arrested the coughs at once and they kept on improving until they were cured, at a cost of one dollar. That was not a large bill for so dangerous and distressing an ailment."

Be careful when you buy to see that the portrait and signature of Dr. Chase is on the wrapper. If you send the children to the store warn them not to accept any imitation or substitute. Children like to take Dr. Chase's Syrup of Linseed and Turpentine, and there is no remedy so prompt and effective; 25 cents a bottle; family size, three times as much, 60 cents; at all dealers, or Edmanson, Bates & Co, Toronto. 7

OMEMEE.

From Our Own Correspondent.

Omemee, Feb. 15.—The roads are now passable in all directions, but have been very much blocaded.

The funeral of the late Mrs. J. Balch, sister of Miss and J. D. Thornton, was very largely attended to the Mount Pleasant Presbyterian Cemetery. The deceased had reached the age of 71 years, and had been a victim of paralysis, after having all the comforts this life could afford.

The opening ceremony of the new school took place last Friday, and was very largely attended by members of the County, Township and Village Councils. The cost of the building does not exceed $8,000.00 and $600.00 has already been contributed by the county, and it is hoped after the fine reception a further amount may be given.

There has been an unusual amount of sickness, and deaths since the New Year, chiefly amongst the old citizens from 60 to 75 years of age, from pneumonia with complications.

AN UNEVENTFUL DAY

Returns Regarding Yukon Election Presented As Promised.

OPPOSITION NOT SATISFIED

Sir William Mulock Defends His Action in Dismissing Lawson—Mr. Fisher's Bill For Collection of Census and Statistics Held Over in Order to Get the Opinion of the Minister of Justice.

Ottawa, Feb. 16.—Neither Mr. Borden nor Mr. Foster were in the House on the opening of the evening session and fair progress was made with supply.

The Opposition criticized mildly and in a happy-go-lucky way the estimates for the public buildings of Quebec. Mr. Monk entered a general protest against expenditures for this purpose, arguing that it would be better for the Government to rent buildings for public offices and apply the money now spent in erecting buildings to the improvement of the postoffice, agriculture and other purposes. Later Mr. Ames, one of Mr. Monk's colleagues from Montreal, protested against the city of Montreal being required to provide a site for the extension of the Inland Revenue office. Some time was also spent in consideration of the bill to establish a permanent census department. Mr. Fisher held over the clause authorizing the collection of statistics of industrial establishments in order to procure the opinion of the Minister of Justice upon a point raised by Mr. Claude Macdonell, that under it the department might discriminate against individual manufacturers.

On the opening of the House Sir William Mulock, replying to a lengthy question by Mr. Martin (Queen's, P. E.I.), said that Henry C. Lawson had been removed from the position of postmaster at Stanhope, P.E.I. The reason was that he had adopted a political partisan course in the recent Dominion election. He had been appointed June 30, 1884.

Mr. Martin called attention to a branch of his question not answered: "Did the Postmaster-General furnish Mr. Lawson any reasons for his dismissal?"

"He was not furnished with reasons," Sir William replied. "I fancy he knew kery well the reason. He was quite cognizant of what occurred. It was not in accord with the policy of which he has had eight years' ample notice."

A number of returns were presented as promised relating to the Yukon election returns, but the Opposition refused to be satisfied.

The estimates were voted, and a clause in Mr. Fisher's bill authorizing the collection of statistics of industrial establishments was held over in order to procure the opinion of the Minister of Justice upon a point raised by Mr. Claude Macdonell, that under it the department might discriminate against individual manufacturers.

Perfect Confidence.

When there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Poolesville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child, Garland, is subject to severe attacks of croup and it always gives him prompt relief." For sale by all druggists.

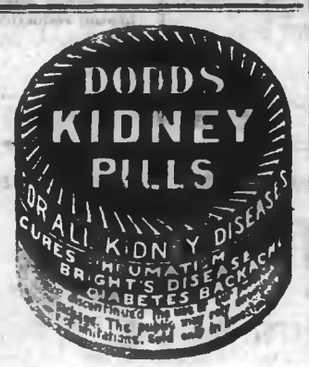
Fatal Shooting Affair Court.

Jacksonville, Fla., Feb. 16.—Owen Leadholtz yesterday was ordered released from jail by the coroner who conducted an inquest over the body of Miss May Brown. The young woman was killed and her mother seriously and probably fatally wounded by Leadholtz in a shooting affray in a justice court on Monday. Leadholtz had been brought into court upon criminal charges by Miss Brown. She was accompanied by her mother, and when the court announced a postponment of the case mother and daughter began firing at Leadholts, who returned the fire, killing the young woman and injuring the mother. The coroner's jury returned a verdict of justifiable homicide.

Four Die From Gas.

Cleveland, Feb. 16.—Four persons were found dead in a small house on Central avenue yesterday. The dead: Charles Heller, Josephine Heller, his wife; George Nolan, a son-in-law; May Nolan, wife of George Nolan, and daughter of the Hellers. According to the statement of neighbors there had been much discord in the Heller house and that Mrs. Heller had recently said, "If things don't go better, death will come to all of us."

After completing an autopsy on the body of Heller yesterday afternoon Dr. Reed said he believed death had been caused by the inhalation of gas.



SEVEN SUTHERLAND SISTERS HAIR GROWER

SEVEN SISTERS WITH THE LONGEST AND FINEST BEAUTIFUL HAIR IN THE WORLD. AFFIDAVIT PROOFS OF ITS MERITS

The Great Hair Tonic is a Positive and Thorough Antiseptic

and will quickly eradicate all germs of scalp bacteria, which is the cause of Dandruff, Falling and Itching hair. NO SCALP DISEASE EXISTS AND NO HAIR CAN BE BEAUTIFUL WHERE DANDRUFF EXISTS. SEVEN SISTERS HAIR GROWER AND SCALP CLEANSER ARE THE ONLY REMEDIES IN THE WORLD THAT WILL DESTROY THESE GERMS. They penetrate the scalp thoroughly, carrying with them all the necessary properties to quickly regenerate all the impoverished parts. They rebuild the lost tissues of the scalp and renew the growth of the hair in every case. A few applications will make the hair fairly sparkle with new life and vigor. They make healthy hair grow before the eyes three times as fast as it does normally.

ROBERT JAFFRAY RESIGNS.

The Appointment of His Successor Not Yet Announced.

Toronto, Feb. 16.—Robert Jaffray, chairman of the Temiskaming Railway Commission, has sent his resignation to Premier Whitney. The Premier received the resignation yesterday afternoon and told the press that he had asked Mr. Jaffray to hold office for a few days until his successor was appointed. The appointment of a successor to Mr. Jaffray has not yet been considered. Edward Gurney of Toronto, M. J. O'Brien of Renfrew, B. F. Folger of Kingston and F. E. Leonard of London are the other members of the Commission, and it is regarded as extremely likely that Mr. Gurney will be the new chairman. Mr. Jaffray's letter is as follows:

Hon. J. P. Whitney, M.P.P., Premier and Attorney-General of Ontario, Toronto:

Dear Sir,—I have respectfully to tender my resignation as chairman of the Temiskaming and Northern Ontario Railway Commission, to take effect at once, or when you have had time to reorganize the Commission. Allow me to take the liberty to say that while I took the position unwillingly (having already enough to occupy my attention) I have become very much interested in the great possibilities that are opening up for Ontario and the Dominion in that new district, and hope that your Government may see its way to follow up the development with credit to yourselves and great benefit to the province and Dominion.

I am, yours very respectfully,
(Signed) Robert Jaffray.

Date of Legislature's Opening Uncertain.

Toronto, Feb. 16.—A brief meeting of the Provincial Cabinet was held yesterday afternoon and at its close Premier Whitney said the only business put through was the passing of a number of company charters. The Ministers were not all present, but a full meeting will be held at noon to-day.

Asked when the Legislature would meet Hon. Mr. Whitney said: "That question is miles off yet."

A By-Law Passed with This Object in View.

The Penalties for its Violation—Some Things Which Householders Should Know

The bylaw summarized below was passed some time ago, but the authorities feeling that its provisions were not generally enough known, the following summary is printed:—

The bylaw to provide for the preservation of granolithic sidewalks passed on Feb. 6th, 1905, enacts as follows:—

1. No person shall place, sprinkle or deposit salt on any of the granolithic or concrete sidewalks in the town of Peterborough, or cut, mark, or otherwise injure such sidewalks.

2. An axe or other similar implement shall not be used to remove ice from any such sidewalk.

3. No person shall injure any such sidewalks by allowing boxes, barrels, kegs or other heavy packages to fall on same nor by unloading such boxes, barrels, kegs or other heavy packages (by allowing the same to drop or fall from any vehicle to any such sidewalk.

4. Any person guilty of a breach of this bylaw shall, on conviction, be subject to a fine not exceeding fifty dollars and costs, collected in the ordinary way.

MR. THOMPSON EXPRESSES THANKS

To Trades and Labour Council For Their Support

Mr. Peter Thompson has requested the Examiner to publish the following copy of a letter addressed to the Trades and Labour Council:—

To the Officers and Members of the Trades and Labour Council:—

Dear Sirs,—I wish to publicly thank you all for the kindly interest you have taken in me in regard to the Plumbing Inspectorship. Words can not tell you how I appreciate your kindness. I think it one of the greatest honours any one can receive from your fellow-workmen. Also thanking Alderman Johnston for the way he spoke for me in Council. Although the position did not turn my way, I wish the gentleman who got it every success in his new sphere, also wishing the Trades and Labour Council long life and prosperity. I remain,

Yours truly,
PETER THOMPSON,

Colds

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

Chamberlain's Cough Remedy

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.

SMOKERS PLEASE DO NOT SMOKE

At the Rink During Progress of Hockey Games

Last season the Examiner had occasion to make a request of the gentlemen spectators of the senior hockey games which was very kindly received and acceded to, and this season a similar request is made, and that is that they refrain from smoking in the rink. This is a request which seems reasonable, and is made solely in the interests of the players and the ladies. The performances of this year's team must be gratifying to everyone who has a spark of patriotism in his frame. They have gone out and accomplished what very few expected of them, and are still determined to do their best during the remainder of the season, and there should be no one who would put a straw in their way. The players state that it interferes seriously with the effectiveness of their playing to have two or three hundred men smoking in the rink, and it is in their interests particularly that this request is made.

It is to be sincerely hoped that this mild and reasonable request will be complied with.

Have you tried our New Cream Taffy. It is delicious and harmless. Try it. Sold only by T. H. Hooper.

Have You Pictures To Be Framed ??

There are hundreds of unframed pictures lying around well worth the price of framing—especially when you can get it done so cheaply at the Peterborough Bookstore. The beautiful premium pictures which come along with the illustrated papers, as well as loose water colours, photos, crayons, etc., make very pretty decorations when framed for dens, halls, parlours, libraries, dining rooms, and bedrooms. Bring in your pictures to the Peterborough Bookstore, and let us frame them at our February Cut prices.

We ran across a lot of new frames and moulding the other day which will cheapen the price to you about one-fourth.

CEREAL COMPANY IS MAKING MONEY

Paying Dividends of 12 Per Cent. and Profit Increases

The *Daily Trade Bulletin*, says of the American Cereal Company, whose Canadian plant is located here:

"The American Cereal Company's balance sheet indicates that the company had a year of large earnings. The increase shown in the profit and loss account amounts to $282,720, as compared with an increase in the same account of $67,335, the previous year, and a gain of $88,828 in 1902. Twelve per cent. dividends were paid each year. This increase in the surplus would indicate therefore the earnings on stock amounting to 26.5 per cent. last year, 14 per cent. in 1903, and 14.7 per cent. in 1902."

LIFE IN THE CELLS WAS TOO QUIET

James McGee Creates a Little Diversion on at the Police Station.

Messrs. H. Rush, and V. Eastwood, J. P's, again presided at Police Court this morning.

The case of James McGee, whose face is a somewhat familiar one in police court circles, was the first one called. He was charged with being helplessly drunk. His first appearance here was about six weeks ago, when he answered to a charge of vagrancy. He was discharged with a warning to leave town. As the latter was not heeded, he was re-arrested and given six weeks in jail, being released on Sunday last. He then enjoyed four days of liberty, but was gathered in again yesterday in a helpless condition. He recovered his strength sufficiently, after a short period in the cells, to demolish a lamp just outside the cell door, by a well-aimed shot, the missile being a slate, which he is compelled to use, being totally deaf, and unable to speak. An iron pail, and other articles of furniture were also disposed of. He was given six months in Central Prison.

The second case was that of Frederick Hubble, who displays a strong indisposition to work, expressing a preference for the giddy whirl of a life in Central Prison, despite the sound advice administered by Mr. Eastwood. He appeared somewhat disappointed at being allowed to go with the intimation that a re-appearance will result in this ambition for Central Prison society being gratified.

Croup Absolutely Cured.

There is no remedy in my opinion that can act more promptly than Dr. Chase's Syrup of Linseed and Turpentine. It cured my son of croup absolutely in one night. We gave him a dose when he was black in the face with choking. It gave him instant relief and cure." — Mr. Wm. McGee, 49 Wright avenue, Toronto.

ENGINE RAN THROUGH SWITCH

A Wreck on the C. P. R. at Burketon Last Night.

Line was Blocked for Some Hours but no one was Injured.

Last night about 10 o'clock a wreck occurred on the C. P. R. at Burketon. A heavy freight train was travelling east and at the above mentioned station a connecting switch bar broke as the engine was passing over it, with the result that it was derailed.

Fortunately the train was not travelling fast and the engine and tender were all that got off the rails.

An auxiliary from Havelock was despatched to the scene of the wreck and after a few hours work succeeded in clearing the line. The crew of the auxiliary were given provisions for the trip at the station here as it was passing through and the midnight train arrived less than an hour late, part of the delay being caused by the wreck and also by the train west of Toronto being late.

The auxiliary got the line cleared and went through here this morning on the way to Havelock.

A.O.F. BASKET SOCIAL WAS MUCH ENJOYED

Took Place Last Night in S. O. E. Hall —Large Attendance.

A pleasant evening was spent last night, by the ladies of Queen Alexandra Circle, No. 136, A.O.F., at the basket social held at the Sons of England hall, Hunter street.

The attendance was large, and an excellent programme, which was which was heartily enjoyed by all present, was presented. This was followed by the sale of baskets, and of course, a thorough investigation, and enjoyment of their contents.

The programme, which was excellently rendered throughout, every number eliciting much applause, was as follows:

Chairman's address
Instrumental solo ... ...Miss Johnson
Recitation... ... ...Miss Lizzie Smith
Song... ... ...Mr. Allan
Instrumental ...Miss Alma LaVasser
Song... ... ...Miss M. Tittersoh
Recitation... ...Miss Alma LaVasser
Instrumental ... ...Miss E. Pratt
Recitation... ... ...Miss Lulu Walsh
Duet... ... ...Misses Chasty
Instrumental duet ...Misses Johnson

To the Committee of Management, Mesdames Moss and Lloyd, and Miss Smith, together with the others who assisted so largely in the successful result of the affair, much credit is due.

LAST NIGHT BROUGHT COLDEST DIP OF WINTER

The Thermometer Registered Twenty-Two Degrees Below Zero

Last night was again very cold, in fact the lowest temperature this winter was reached, namely 22 degrees below zero. At daybreak the thermometer was at 16 below. However, the worst of the winter is probably over, and though we will have occasional cold snaps, they are not likely to be long continued, and milder conditions will soon be with us.

SOCIAL AT ALL SAINTS

Very Pleasant Evening was Spent.

Attendance Was Large—Attractive Programme Rendered

It is unnecessary to state that the Valentine Social given last night by the Girls' Guild of All Saints's church was a success—everything is a success which they undertake down there.

The school room in which the affair was held, presented a very attractive appearance in the pretty decorations with which it is adorned, and was taxed to its utmost capacity.

The pleasing programme of vocal and instrumental music, and recitations, was much enjoyed. Every number was received in a manner which left no doubt as to the appreciation of the audience. A pleasing as well as instructive feature of the programme was a short address on St. Valentine, given by the rector, Rev. Mr. Major. The other numbers were:

Piano duet...Misses English and Mulholland
Recitation ... ... Miss Mabel Pringle
Vocal Solo ...Miss Marguerite Sawers
Recitation... ...Miss Alma McCollum
Cornet solo... ... ...Mr. Miller
Vocal solo... ... ...Miss Mary Rush
Instrumental selection...Mrs. Mowat
Vocal duet...Miss B. Sperry and Mr. Miller
Recitation... ... ...Miss Free
Piano duet...Misses Mulholland and English

At the conclusion of the programme refreshments were served, and a very pleasant social evening spent.

The committee in charge of the affair is to be congratulated on the results of their efforts.

The wonderfully rapid effect of Dr. Pitcher's Backache-Kidney Tablets in curing the soverest kidney, bladder and urinary troubles, makes those affected rejoice. Such diseases and disorders as lame or weak back, swelling of the feet, puffiness under the eyes, gravel, brick deposits in the urine, scalding, frequent calls during the day or night, pain in the joints, uric acid in the blood, drowsiness, headache, rapid loss of flesh, habitual constipation, liver torpor, weakness of the urinary organs in children and the aged—are all quickly relieved and permanently cured.

Mr. E. Dawson, Main St., Kincardine, Ont., says: "Hard work and constant stooping, together with exposure to cold, brought on severe backache and Kidney trouble. The secretions were thick and scanty. Nothing relieved me until I got a bottle of Dr. Pitcher's Backache-Kidney Tablets. They soon stopped the pain and soreness. The Kidney action became normal and healthy. I am exceedingly grateful, and glad to add this testimony to the expressions of goodwill I have heard others give utterance to."

It is no wonder Dr. Pitcher's Tablets cure so well They are the prescription of a Kidney specialist and contain ingredients not found in common kidney pills. 50 Tablets in a bottle. Price 50c. or 3 for $1.25, at druggists or by mail. The Dr. Zina Pitcher Co., Toronto, Ont.

THAT CATTLE EMBARGO.

High Commissioner's Office Issues An Official Statement.

London, Feb. 16.—(C.A.P.)—The High Commissioner has issued an official statement regarding the cattle embargo. After touching briefly on the events leading up to the passing of the act of 1896, for which the statement adds there was no necessity, it adds that the Dominion Government "regretfully accepted an accomplished situation."

The statement goes on to say: "It is felt by the Canadian authorities that it is not for any Canadian public man to interject himself into political controversy in the United Kingdom, and this is the view of the people of Canada on the subject. But while this is the policy of the Dominion Government, it must not be assumed that the embargo is regarded with complacency in Canada. On the contrary, the Government and people of Canada are fully alive to the serious loss and waste inflicted upon the cattle producers and shippers of the Dominion by the present law."

Frenzied By Frost.

London, Feb. 16.—Driving his team, unhitched, aimlessly about a field near the village of Belmont, Paul McLarty, a well known Yarmouth farmer, was found Tuesday morning in a pitiable condition. He had been rendered speechless by the cold and his face and arms were frightfully frozen.

It is supposed that McLarty, while driving home in the severe storm of the night before, with the thermometer registering 16 degrees below zero, had been rendered frantic by the cold and had driven into the field, not knowing what he was about. Here he unhitched his horses and spent the night tramping about the field, the snow showing that the unfortunate man had been probably continuously on the move.

He was removed to a neighboring house, where all that is possible is being done to save his life.

Frail Girl's Folly.

London, Feb. 16.—A young woman arrived here from Toronto Tuesday night and, alighting from her railway coach, she looked about in expectation of meeting some friend. Being unacquainted, she enquired of the police, and her story awakened the suspicions of the officers, with the result that a young man who had been living here for some time was placed under arrest.

It was found that the prisoner had decoyed the young woman to this city, having answered an advertisement of hers, and promising to engage her as a nurse. The fellow admits his purpose. He had no need for a nurse. The police were unable to lay a charge against the man, who gladly paid the young woman's expenses in her trip to this city.

ACUTE INDIGESTION

A Trouble That Causes Untold Suffering to Thousands Throughout Canada.

"I suffered so much with acute indigestion that I frequently would walk the floor through the long nights," said Mrs. Thomas Vincent, residing at 98 St. Peter street, Quebec. "I had been afflicted with the trouble," she continued, "for upwards of twenty years, but it was only during the past year that it assumed an acute form. There were times when I was almost distracted; everything I ate disagreed with me and the pains in the region of the stomach were almost unbearable. When the attacks were at their worst my head would grow dizzy and would throb violently, and sometimes I would experience severe attacks of nausea. As time went on I grew almost worn out either through abstinence from food or the havoc it wrought when I did take it. I tried many much lauded dyspepsia cures, but they did me no good. In fact I got nothing that helped me until my nephew urged me to take Dr. Williams' Pink Pills the had used them himself with the greatest benefit, and assured me that they would help me. After I had taken three or four boxes of the pills there was some improvement, and I continued to take the pills regularly for about three months, and at the end of that time I found myself cured. I could eat a hearty meal and eat it with relish; I slept soundly at night, my weight increased, and my constitution generally was built up. I think Dr. Williams' Pink Pills will cure any case of dyspepsia, if they are given a fair trial such as I gave them."

Dr. Williams' Pink Pills cure cases like Mrs. Vincent's simply because they fill the veins with that rich, red blood that enables every organ of the body to do its work properly. That is the reason why the pills cure all blood and nerve troubles such as anaemia, neuralgia, rheumatism, heart troubles skin diseases, St. Vitus dance, paralysis and the special ailments of growing girls and women of middle age. When you ask for Dr. Williams' Pink Pills see that you get the genuine with the full name "Dr. Williams' Pink Pills for Pale People" printed on the wrapper around every box. Sold by medicine dealers everywhere, or by mail at 50 cents a box or six boxes for $2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

RUSSIANS' LOSSES

Between 40,000 and 50,000 Outside Port Arthur.

RECOVERIES AVERAGE HIGH

Over 130,000 Officers and Men Passed Through the Hospital in the First Year—Report of Total Loss of Detachment of Japanese Cavalry—Russians On the Aggressive.

St. Petersburg, Feb. 16.—The official returns for the first year of the war, not including the Port Arthur statistics, show that 130,439 officers and men passed through the hospitals going north, of which number 1,710 officers were wounded and 1,308 were sick; 52,980 men were wounded and 72,581 were sick; 4,007 subsequently died in hospitals, 6,478 wounded and 11,248 sick were invalided; 9,429 returned to Russia and 21,554 are still in hospitals. Over 77,000, therefore, presumably returned to the ranks. These figures do not include the number of those killed on the field of battle nor probably those slightly injured. The showing is considered to be remarkably good. The proportion dying in hospitals is very low, the total loss to the active army in wounded and sick being a little over 50,000, of whom almost half have still a chance of returning to the ranks. The other half will be invalided or returned to Russia. The killed in battle are estimated to have numbered between 40,000 and 50,000.

Fired All Day.

Mukden, Feb. 16.—The Japanese began a heavy cannonade Tuesday afternoon on the Russian right flank, and the firing continued all through the day. It is thought the Japanese are preparing for a general attack. The Russian guns are replying.

Russians Take the Aggressive.

Tokio, Feb. 15.—(3 p.m.)—The Russians have begun an extensive cavalry movement against Field Marshal Oyama's extreme left. Last night they were attempting to cross the Hun River west of Liaoyang with 9000 horsemen. The operation began west of Chitaitsu.

Oone force of cavalry stole into Loahunshi and simultaneously another cavalry force approached Tacha, which is situated 13 miles southwest of Chitaitsu and 27 miles west of Liaoyang. Nine thousand cavalry with artillery approached the river a mile below Tacha and attempted to cross at 6 o'clock in the evening, advancing on Heikoutai (Pekowtai).

The shelling of Oyama's centre continues.

Russians Drive Japs.

St. Petersburg, Feb. 15.—Lt.-Gen. Sakharoff telegraphs that the Russians artillery, Feb. 13, destroyed the buildings and walls ofe Nangasi, from which the Japanese had been bombarding the Russian trenches. The Japanese were driven out. In regard to the attack on the bridge between Guaplin and Fantsiatun, Feb. 12, Gen. Sakharoff says the Japanese force comprised 100 cavalry and 200 Chinese bandits. Russian frontier guards drove off the attackers, who subsequently destroyed a few rails, blew up a telegraph pole southward of the bride and then fled. The Russians were reinforced and pursued the Japanese 25 miles.

Special despatches from Mukden report the wiping out of an entire detachment of Japanese cavalry, which had destroyed the railway bridge between Mukden and Harbin. Russian cavalry overtook the raiders who refused quarter and fought until the last man was killed.

One Shell Told.

Russian Headquarters, Huan Mountain, Manchuria, Feb. 15—During the Japanese bombardment of Poutiloff (Lone Tree) Hill, a projectile from a siege gun entered an underground hut and tore off the head of a lieutenant and wounded a colonel and two staff captains, who were playing cards. In front of Koudeni on the right flank, the Russians are trying the effect of concentrated siege and mortar batteries, with good results, firing as many as 20 mortars simultaneously.

Russians Rejoicing.

St. Petersburg, Feb. 16.—The departure of Admiral Nelogatoff's division of four battleships, one cruiser and two auxiliary cruisers from Libau yesterday to reinforce Admiral Rojestvensky's squadron in the far east is a source of gratification to the admiralty in view of the difficulties caused by the strike. The point of rendezvous with Rojestvensky is not stated, but it is understood that it is beyond the Indian Ocean, Admiral Rojestvensky being instructed not to delay into the monsoon period the resumption of his cruise. Along the Hun River the booming of heavy guns is sounding the overture of hostilities that are likely to be opened within a short time.

Third Pacific Has Sailed.

Libau, Feb. 15.—The third Pacific squadron sailed at noon to-day. Grand Duke Alexis and Admiral Birilioff inspected the squadron before its departure. The icebreaker Ermak cleared the way. The battleship Vladimir Monomach was the first to start and the others were towed out in turn. All the vessels were out by nightfall.

DEBATE ADDRESSES

Mr. Asquith Presses His Amendment With Vigor.

THE CHANCELLOR REPLIES

Declares That a Wrong Decision On Imperial Questions Now Would Be Disastrous to Future Generations—Expresses Earnest Hope For Maintenance of An United Empire.

London, Feb. 16.—The discussion in the House of Commons was robbed of interest by the unexpected and unusual calling of a second Cabinet meeting, which sat two hours last evening. It is believed that the meeting had no connection with Parliamentary affairs.

There is a rumor that it was owing to the receipt of important despatches from the Far East connected with the possibilities of peace, but nothing reliable is known on the subject.

London, Feb. 16.—(C.A.P.)—In the House yesterday, Right Hon. H. Asquith, M.P., moving his amendment to the address asking that an appeal should be made to the electorate on the fiscal question, asked Premier Balfour whether or not he sympathizes with the efforts the "Missionary of the Empire" is making to "dispel the Cabinet clouds which prevent our people looking for fiscal salvation in that particular direction." Distinguishing between the followers of Mr. Chamberlain and the "pure Balfourians," he said the Balfourians will soon leave the unpromising subject of tariffs to draw the only arrow left in the shape of the colonial conference. He asked, where the representatives at such a conference to have unrestricted authority to entertain any proposal involving the taxation of food coming from abroad? He asked if a scheme were arrived at whether the next Parliament would be disabled from dealing with the matter until after another general election and a series of elections all over the Empire. Even Chamberlain had seen objections to this preposterous proposal, which would tie up the trade of the Empire for years. Thus he came to the main issue before the House, namely, what were to be the instructions to the members of the conference? This could only be solved by a prompt and direct appeal to the electorate.

The Chancellor of the Exchequer, replying, dealt especially with the Imperial side of the question, which required the dispassionate attention of Great Britain. He could conceive no subject more fraught with good or evil for the Empire. A wrong decision in this would bring certain disaster and a heavy weight of responsibility in the eyes of future generations. He deprecated Mr. Asquith's assertion that the delegates to the conference should be instructed beforehand, emphasizing in that case the absurdity of inviting our colonial kinsmen to a conference at all, when the subject of most interest was tabooed. He hoped the Opposition would see what was at stake, and take its share in endeavoring to maintain the bond of union within the Empire. The debate continued till midnight, when the House adjourned.

Another British-Canadian M.P. Possible.

Montreal, Feb. 16.—All those who have appreciated Donald MacMaster's abilities at the bar, as well as in the House of Commons, will be interested to learn that his departure from this country may furnish another Canadian to the Imperial Parliament. It is said that the candidature for Parliamentary honors in an English constituency in the Chamberlain interest will be proposed to the Montreal lawyer and his acceptance may be counted upon. Mr. MacMaster was questioned yesterday, and although he was non-committal there came no denial. It is no secret that Mr. MacMaster had several interviews with Hon. Joseph Chamberlain during his recent trips to London. Mr. MacMaster formerly represented his native County of Glengarry in the Cnadian House of Commons.

Died Under Chloroform.

Toronto, Feb. 16.—Coroner Young has issued a warrant for an inquest on Charles O'Reilly, who died yesterday at St. Michael's Hospital.

O'Reilly went to the hospital to undergo an operation for blood poisoning. It is claimed that he was put under the influence of chloroform, and while unconscious the doctors were called away. When they returned he was dead.

Political Organizer Prosecuted.

Winnipeg, Feb. 16.—R. E. A. Leech, Liberal organizer for Manitoba, arrived in the city this afternoon, and appeared before Magistrate McMicken, on the charge of tampering with the provincial voters' list, and a remand was granted to Feb. 23.

Mr. Tarte On Separate Schools.

Montreal, Feb. 16.—Although Hon. Mr. Tarte says he does not speak from the book, yet he thinks the Conservative party may oppose the policy of separate schools for the new provinces. The ex-Minister writes to La Patrie that the party of which Mr. Borden is leader receives its greatest strength from the Province of Ontario. "I would not be surprised," he adds, "if the Conservative Parliamentary party from Ontario should pronounce itself in the name of provincial autonomy against legislation that would force a separate school system in the new provinces. It would no doubt sympathize with Ontario in this matter." Mr. Tarte says Sir Wilfrid Laurier will bring down the bill.

Sends 40,000 Words An Hour.

Paris, Feb. 16.—Interesting experiments were made yesterday between Paris and London with a new rapid telegraph apparatus. The inventors, Pollak and Virag, claim that the instrument can transmit 40,000 words an hour with the help of six clerks. The messages arrive in written instead of telegraphic characters.

MONTREAL LIVE STOCK.

Montreal, Feb. 15.—(Special.)—Business at the East End Abattoir market was anything but encouraging. The heavy storm of the past few days had caused more or less delay in the arrival of stock at the market, with the result that buyers were not any too well pleased with such a state of affairs. Prices gave evidence of a downward tendency along all lines, and the quality offered for sale was not any too satisfactory. Butchers were present in fair numbers, but as the choice was not select, trade dragged with a characteristic in keeping with the market. The feeling prevailed at the market that the farmers are now rushing into the city all surplus and common stock in order to give them a better opportunity to prepare for the Easter trade. The present offerings are quite discouraging to the butchers, while exporters will handle but very little of the stock now placed on local markets. Receipts cattle, 500 head; the best sold at 3¾c to 4c; fair to medium, 3c to 3½c; common and lean stock, 2¼c to 2¾c per lb. Sheep and Lambs—Arrivals, 75; quality pretty good; prices were steady, with demand satisfactory. Sheep sold at 3¾c to 4c; lambs, 4¾c to 5c per lb. Calves—Arrivals, 200 head; quality, only medium; prices were $2.50 to $5 each. Hogs—Arrivals were very light, as the shipments expected were delayed by the storm. The market was strong and prices advanced 25c, with sales of selected lots at 6¼c to 6½c.

EAST BUFFALO CATTLE MARKET.

East Buffalo, Feb. 15.—Cattle—Receipts, 100 head; good demand and steady; prices unchanged.

Veals—Receipts, 75 head; active, $4.50 to $8.25.

Hogs—Receipts, 3600 head; slow; steady to 5c higher; heavy and mixed, $5.40 to $5.45; a few, $5.50; yorkers, $5.25 to $5.45; pigs, $5.05 to $5.10; roughs, $4.50 to $4.80; stags, $3 to $3.50.

Sheep and Lambs—Receipts, 4000 head; western lambs, slow; others active; native lambs, $6.30 to $6.80; western lambs, $7.75 to $8; yearlings, $7 to $7.25; wethers, $6 to $6.25; ewes, $5.50 to $5.75; sheep, mixed, $5.80 to $5.85.

NEW YORK LIVE STOCK.

New York, Feb. 15.—Beeves—Receipts, 1505; steers, firm to 10c higher; bulls and cows, steady to 10c higher; steers, $4.50 to $6; oxen and stags, $3.80 to $5.60; bulls, $2.50 to $4.60; cows, $1.65 to $3.60. Shipments to-day, 50 cattle, 10 sheep and 4000 quarters of beef; to-morrow, 95 cattle.

Calves—Receipts, 330; veals, firm and medium and common grades, higher; barnyard and western calves a trifle better; veals, $4.50 to $6; little calves, $3.50 to $4.25; barnyard calves, $2.50; westerns, $2.62½.

Sheep and Lambs—Receipts, 201; only half a car on sale; no trading of any importance. Feeling steady for sheep and good lambs and dull for medium grades.

Hogs—Receipts, 5392; steady for medium and heavy weights; trifle weak for pigs; good state hogs, $5.60.

Japanese Idea of Etiquette.

Toronto, Feb. 16.—T. Nosse, Japanese Consul-General for Canada, will address the Canadian Club on Monday on "Canadian Trade in the Far East." By custom he is not permitted to speak "for" publication" and the press will be asked to refrain from reporting his remarks. He is also debarred from accepting hospitality and will pay for his own luncheon.

TO PENSION THE AGED.

Ottawa, Feb. 16.—E. Guss Porter has given notice of a resolution declaring:

"That the time is opportune and the necessities of the case require that provision should be made by act of Parliament to provide a pension fund for the relief of old, infirm and disabled citizens of Canada, who are unable to support themselves, and for distribution of accumulations on such fund amongst such deserving poor as will come within the restrictions and provisions of will."

Such a law already obtains in Germany, Switzerland and New Zealand.

Child Fatally Scalded.

Toronto, Feb. 16.—Louise Gracey, the 2½-year-old daughter of J. J. Gracey, 7 Maplewood place, was fatally scalded last night. She had been sitting at the tea table and noticing her father's tea cup empty, attempted to get the tea pot off the stove. Her mother, seeing the danger, uttered a startled exclamation and the little girl let go the handle, but the kettle upset its contents over her chest, body and arms. Dr. Harris was called, but his services were in vain.

Liberal Love Feast.

Ottawa, Feb. 16.—(Globe Special.)—The Ontario Liberal members of the House of Commons had a meeting yesterday. The idea was for the new men to become acquainted. It developed into a sort of experience meeting. Many of those present gave their impressions as to what ought to be done in the way of improving and keeping up the party organization in Ontario. Sir William Mulock and Hon. Charles Hyman were present.

FROM HEAD TO FOOT
you feel the good that's done by Doctor Pierce's Golden Medical Discovery. It cleanses, regulates and invigorates Stomach, Liver and Bowels and so purifies the blood. And through the blood, it cleanses, repairs, and invigorates the whole system.
In recovering from "grippe," or in convalescence from pneumonia, fevers, or other exhausting diseases, nothing can equal it as an appetizing, restorative tonic to build up needed flesh and strength. It rouses every organ into natural action, promotes all the bodily functions, and restores health and vigor.
For every disease that comes from foul or Weak Stomach, a torpid Liver or impure Blood, Dyspepsia, Indigestion, Biliousness, and the most stubborn Skin, Scalp, or Scrofulous affections, the "Discovery" is a sovereign remedy. Don't be hypnotized, wheedled, or over persuaded into accepting a substitute only that some selfish medicine seller may make a greater profit on the inferior article. The "Discovery" has a great record of nearly forty years with thousands of cures behind it.
Dear Sir—Several years ago my blood became impoverished and I became run down in health. I had no appetite, could not sleep, and was practically unfitted for work. Suffered from innumerable boils and was in bad shape. Dr. Pierce's Golden Medical Discovery relieved me of my wretched condition. The medicine built up my system and restored me to a normal condition of health. I can speak most highly also, of Dr. Pierce's Favorite Prescription, as it has been used in my family for years in cases of female trouble.

Charlotte Street and St. John's teams played the first game in the Guild League last night, the latter being victorious by a score of 4-3. The score at full time was 3-3, and in ten minutes extra play the Anglicans got two to the Methodists' one. T. M. Best refereed this game, but his decisions caused considerable criticism.

In the last game in the Guild League last night the George Street team won from All Saints' by the narrow margin of 3 goals to 2, the score at half time being 3-0 in favour of the Methodists. They scored a third in the early part of the half and the Anglicans then got busy and put in two in succession.

There must have been big doings in Winnipeg the other night when the Rat Portage team got away from the western city's fastest to the tune of 13-1. Fraser of Paris, who played with the champions, and who has been in Rat Portage until recently, predicts that the bunch from that town will have the Stanley Cub before the season is over. He says that Tom Phillips is counted the weakest man on the team. It will be remembered that this same Phillips played with the Marlboros in Toronto last winter, when Queen City sports thought he was the fastest puck-chaser that ever came over. At that rate, the Stanley pewter will do a little travelling before long.—Brantford Exports.

Hockey in the professional league across the border is not the gold mine so many people are led to believe it is. So small have been the receipts of the different clubs that it is stated that this year may see the finish of the league. Pittsburg got for six games a little over $100 per game as their 40 per cent. share of the gates in the recent Michigan tour. This failed to pay expenses, but the ridiculous stories of fabulous sums which tinkled into the turnstiles were exploded. Pittsburg is ready to cry quits, and will drop out of the league as soon as the season closes. The copper country teams and the Sault will only have themselves to depend on next year. The Pittsburg hockey draws the crowds and the gates, but the smaller towns are evidently jumping into circles a bit too large for their size.—Winnipeg Tribune

CAMPBELLFORD ENTERS PROTEST

Cobourg Game the Subject of Judicial Investigation.

The Grounds Upon Which the Cancellation of the Game is Sought.

The Campbellford team has filed its protest of the T.A.S.-Campbellford game played on Friday night of last week, which resulted in a win for the T.A.S. team by a score of 5 to 2. The Campbellfords protest the game on several alleged grounds as set forth in their "statement of claim",

1st.—That the referee was incompetent and partial towards the T.A.S. team.

2nd.—That the game was not properly finished, there having remained several seconds to play before full time had elapsed.

3rd.—That Meagher of the T.A.S. had already played in one O.H.A. game.

The statement of defence denies the allegations of the "plaintiffs" in their statement of claim, having particular reference to the conclusion of the game before full time had elapsed. Regarding the objection to Meagher, the T.A.S. claim that it should not be penalized in respect of his standing as he was played with the sanction of the secretary of the league who had misinterpreted the rules and Meagher had been permitted to play.

The protest, it seems, will be fought out with formidable formality. Mr. A. B. Colville has been retained as counsel by the Campbellford team and Mr. F. D. Kerr, of Dennistoun, Peck, Kerr and Stevenson, will look after the interests of the T. A. S. team.

It is probable that the hearing of evidence and arguments in the cause will take place at the Oriental Hotel Friday night next.

The matter being sub-judice any comment upon its merits are not permissible, though it may be added that the T.A.S. have as much confidence in the justice of their cause as they have in their ability to defeat Campbellford on the ice.

TO-MORROW'S GAME WILL BE FAST

Markham Team Will Give the Locals a Good Run.

To-morrow night's game at the Brock street rink will undoubtedly be the best game of the season up to this time. Markham team will be here strengthened up by the addition of their regular cover-point who was out of the game on Tuesday night, but they will be prepared to "do things" to overcome the lead of three goals, which the locals now have over them. The Markham team has had a pretty successful season so far, having defeated the Marlboros, St. Georges and Newmarket teams. The first serious check to their successful career was received on Tuesday night, when the Peterboroughs defeated them by 9-6, and the reports from that town say that the game was the fastest ever seen in that rink, which is saying considerable.

A win for the locals to-morrow night will put them well up in the race, and they simply must win, while the Markham seven are just as determined that the victory shall be theirs, otherwise they will be down and out.

The team for to-morrow night's game will be the same as in the last game.

PETERBORO' PLAYS VICTORIA HARBOUR

If the Team Defeats Markham Here on Friday—Woodstock Team Was Suspended by the O. H. A. Tuesday—The Cause.

By telegraph note Thursday afternoon the Woodstock Hockey Club was suspended by the O. H. A. Executive Committee.

Fresh evidence was secured showing that the three players, McCourt, LaRose and DeGray of the Woodstock club, did not purchase tickets from Cornwall to Toronto on the night of September 30, 1904, as stated by them before the committee on Saturday last. The Grand Trunk Audit Department state that no tickets were sold, nor cash fares paid.

The suspension of Woodstock necessitated a readjustment of games in the intermediate series. Woodstock's games with Berlin in the 3rd round were cancelled, and Goderich and Stratford were ordered to play home-and-home games at Goderich to-morrow (the 16th) and at Stratford, Friday, the 17th, to decide which club should take Woodstock's place. The winner will play Berlin at Berlin, Tuesday, February 21, and return game at winner of Stratford-Goderich series on Friday, the 24th.

In the third round the winner of the Victoria Harbour-Thessalon series will play at the winner of the Markham-Peterborough series on Tuesday, the 21st, and and the return game on the 24th.

Parkdale junior O.H.A. game at Stratford, scheduled for to-morrow night has been cancelled, owing to the Stratford team being snow bound on their way to Owen Sound.—Toronto Star.

CURLING.

Alas, the magnificent Neill-Sheppard curling trophy has gone to Orillia. The Orillia curlers, after having won it by a game struggle, were bound to have the cup in actual possession and would take no risks. They would not trust its transport to a truckman or take chances of shipping it by express and having it lie around some back shop unidentified for weeks. One rink of four men was detailed to descend upon Frost's, the jeweller, where the trophy has been the last few days of its stay in town. Two men took the pedestal and two the cup and proudly bore it to the station and into the car, where the whole four rinks sat on guard over it till it reached the northern town and formed the chief feature of a triumphal procession. The Orillia curlers are justly proud of their victory and of the possession of the splendid trophy. The local curlers take their defeat philosophically. Of course, they regret the temporary transfer of the trophy, but they curl for sport and enjoy a game just as much as their successful opponents, even though it ends with a little sting of defeat.

That's the right spirit. Winning is not the be-all and the end-all in sport with the true sportsman. The "game is the thing"—victory or defeat is merely an incident. It is the desire to win, *by fair means, if possible, if not, to* win anyway, that is corrupting the spirit of sport in many of our fine athletic games, and bring them into discredit.

The sporting spirit in Peterborough is of the right sort. If an aggregation wins, so much the better; if it loses, "there's no kick coming"—its in the game. They play for the sport there is in it, and they play fair. The present hockey seven is a point of example — they are in a fair way to the championship, and if they win it, it will be all Peterborough's glory. It will have been won by Peterborough boys—not by imported ringers or paid outsiders. It is no credit to a town to land a championship won by, or by the help of, paid outsiders, who care nothing for the town's credit—only for its cash.

ORILLIA WON CURLING TROPHY

Captured the Sheppard-Neill Cup by Narrow Margin.

In the games played in Peterborough and Orillia Tuesday in competition for the Sheppard-Neil trophy, Orillia succeeding in carrying off the cup, winning by the narrow margin of three shots.

The trophy, which is a very beautiful and valuable one was presented for competition last season by Mr. R. Neill, of Peterborough, and Mr. Sheppard, of Orillia, for the purpose of stimulating interest in curling in the two towns by instituting a yearly competition. The cup, aside from the honour which accompanies the winning of it, is intrinsically very valuable. It's a beautiful in design and workmanship and is valued at over $200. It was won last year by Peterborough. The Peterborough rinks playing at home succeeding in winning by ten shots, but lost in Orillia by thirteen shots, making a twin for Orillia by three shots.

The following are the rinks who competed in Peterborough and the score:—

CATHEDRAL WEDDING WAS CELEBRATED

Mr. Justus Blodgett Marries Miss Marceline Gagnon.

This morning at six o'clock a pretty wedding was celebrated at St. Peter's cathedral, when Miss Marceline Gagnon, daughter of Mr. Jos. Gagnon, became the wife of Mr. Justus Blodgett, son of Mr. Z. Blodgett. The wedding was performed by Rev. Father John O'Brien, in the presence of a number of friends of the contracting parties. The bride's dress was cream crepe de chene cloth, trimmed with lace and chiffon, while the sister of the bride, who acted as bride's maid, wore a pale blue lustre, trimmed with cream lace, and hat to match. Mr. George Blodgett acted as best man. After the ceremony at the cathedral a wedding breakfast was partaken of, and the bride and groom left on the 7.12 C.P.R. train for Toronto, and other points in the west, for their honeymoon trip.

On their return Mr. and Mrs. Blodgett will reside in town.

The Matter Not Yet Finally Settled.

In comment on a paragraph reprinted in another column, from the Toronto News, the latter adds the following:

"Officials of the Crown Lands Department said yesterday that the Rice Lake shooting concession for 21 years to Col. Pellatt, Mr. H. H. Macrae, and others, reported in the News, had been authorized by Order-in-Council shortly before the resignation of the Ross Government, but that the lease had not yet been executed. This is one of the matters which will be reviewed by the present Government."

BARRIE'S BIG "RE-MODELLING" REDUCTION SALE

This great money-saving Fur and Furnishing function sounds the right note of substantial economy.

If there ever was a sale in which miracles with money were performed it is in this big Sale of ours.

Furs of the finest qualities and of the highest class of workmanship, together with the more moderate grades of safely cheap lines, can be bought at much lower prices during the Sale than at any future period.

Big Reductions off regular prices are the order of the day throughout our entire stock.

Mink, Alaska Sable, Persian Lamb, Seal, Astrachan, etc., have all gone up in prices; the Fur Sales in London, England, just held showed an advance of from 10% to 50% in the different kinds. This means a very material increase in price on all Furs for next season.

This Re-modelling Sale to the prudent thrifty man or woman is a monumental money maker and they will do well to see to present, and anticipate future, needs in Furs and purchase now.

Men's Furnishings of all kinds—Hats, Gloves, Collars, Shirts, Ties, Underwear, Sweaters, etc., all at Clearing Reduction Prices as we must get them out of the way.

Our store is to be re-modelled and workrooms to be enlarged therefore we must clear out stock at once, as dust and dirt and lack of room compel us to.

OUR

Ten Days Sacrifice Sale

CONTINUES AT HIGH PRESSURE

Our store space being limited does not afford us the opportunity of displaying the vast assortment of **UNDER-PRICED GOODS,** at one showing of many these lines where the quantities are not large are being carried away by the people of Peterborough who know the values.

As these lines disappear, new ones await their place.

During this busy 10 days sale we will continue as heretofore to close at 5 p. m. and open at 10 a. m., Saturday excepted, in order to re-adjust stocks and find space for the new lines. Owing to the continued rush of these sales we consider it justice to our assistants to close as stated, thus avoiding night work, which would otherwise be necessary.

COLLEGIATE INSTITUTE A HANDSOME BUILDING

As the Building Will Appear When Completed—Illustrations Made From the Architect's Plans.

The Property Committee of the Board of Education has definitely decided upon the plans for the new Collegiate Institute, as prepared by Mr. John Belcher, C. E., and is now calling for tenders on them.

Some changes have been made from the plans as originally prepared by Mr. Belcher, and they are now in such a shape as, in the opinion of the Board, are best calculated to fill the requirements of the case. One of the changes, as incorporated in the revised plans, is the lessening of the size of the assembly hall, which will be located on the top floor of the building, and the widening of the hall on the same floor. A large gymnasium will also be located on this floor, while the two lower ones will be devoted to class rooms and teaching purposes.

The basement will be most conveniently arranged, and here will be located the heating apparatus, store rooms and two large recreation rooms, for the use of the boys and girls. These are large and airy, and well lighted, and are easy of access.

In fact the whole arrangement of the building from basement to top floor is one which will no doubt commend itself to the public as it has done to the members of the Board.

Mr. Belcher has spent upwards of a year in thinking of and preparing these plans, and it is hard to see how anything essential has been omitted from them.

The Examiner to-day is able to present illustrations of the building as it will appear when completed. These illustrations were made from the architect's plans, and represent the side and front views of the building.

It will cover practically the same amount of ground space as that at first planned for, but the interior arrangements, have, in the opinion of the Board, been considerably improved.

The rounded front, which shows but imperfectly in the illustration, will enhance the beauty of the building considerably.

In comparing the illustration of the building as furnished here, with that published before, it should be borne in mind that while this is taken from the plans, that published previously was made from a printing which gave more details, and a better idea of the building as it will appear when completed.

Tenders are now being asked for the erection of the building, and work will be commenced very early in the spring.

C.P.R. TO BUILD A NEW LINE

The Georgian Bay and Seashore Railway Will Be Built.

Will Connect With the Toronto-Montreal Line.

Peterborough is to have another railway. This is what the result of the action of the Railway Committee of the House of Commons in reporting on the Georgian Bay and Seaboard Railway will be. This railway, which is designed to give the C.P.R. a short line from the Georgian Bay ports to Montreal, will run through this county at a point not yet decided upon, and will connect with the C.P.R. line to Montreal. The Railway Committee at Ottawa decided to endorse the application for a charter and Parliament will consequently give the charter asked for. The Toronto News in reporting its passage by the Committee said :—

The bill to incorporate the Georgian Bay and Seaboard Railway Company brought out a protest from Mr. Caldwell as to giving the C.P.R. blanket charters. He also expressed the hope that this would not delay the improvement of the Grand Trunk connection between Toronto and Ottawa. The line runs from Georgian Bay through the counties of Simcoe, Ontario, Victoria, Peterborough, Hastings, Lennox, Addington, Frontenac and Lanark, to connect with the C.P.R. Toronto-Montreal. The incorporators are :—W. D. Matthews, H. C. Hammond, L. A. Hamilton, Henry Beatty and F. C. Osler, all of Toronto. The bill was reported.

CHEAP FARES FOR THE CONSECRATION

Both Railways will Give Single Return Fares.

Both the Grand Trunk and C.P.R. have arranged to allow all persons from outside points attending the consecration of Bishop-elect Scollard at Peterborough on the 24th the return rate for single fare. The arrangement made is that when the ticket is applied for a certificate is issued along with the single ticket. This certificate will be good for the return journey from Peterborough. The attendance at the consecration is certain to be very large.—Catholic Register.

CARNIVAL COMMITTEE STRAIGHTEN ACCOUNTS

Net Receipts are Slightly Below Those of Former Years.

Last night the Carnival Committee representing the Canadian Order of Foresters, held its first meeting to conclude the business in connection with the carnival held on Tuesday. The accounts were presented, and ordered paid, and the statement showed that a good balance remained after all expenses had been paid. The net receipts were not quite as large as some of those held in the past have been, but this is accounted for by the fact that the weather was very disagreeable, which affected the attendance somewhat.

Votes of thanks were passed to the judges, Mr. and Mrs. John Crane, and Mr. and Mrs. K. Eardley-Wilmot, and also to Messrs. J. J. Turner and Sons, for the decorations, and the publicity which they gave the carnival.

After the meeting the members of the committee enjoyed an oyster supper.

The officers of the committee were Chairman, W. Carlton; secretary-treasurer, D. Menzies.

THE GRAND DUKE WAS KILLED

Bomb Thrown Under Sergius' Carriage in Moscow

A Sensational Report from the Old Russian Capital—Populace Greatly Excited.

Special to the Examiner.

London, Feb. 17th. — A despatch to Reuter's Telegraph Company from St. Petersburg says : A telephone message has been received there from Moscow announcing that an explosion occured at the Kremlin, where the Grand Duke Sergius has been residing, and that it is rumoured that the Grand Duke was killed. The despatch adds that no confirmation of the report has been received, and that the population of Moscow is greatly excited. According to another report a bomb was thrown beneath Grand Duke Serguis' carriage and the latter with the Grand Duke was blown to pieces.

London, Feb. 17. — A despatch from Moscow states that Grand Duke Serguis was assassinated when he was driving towards the Kremlin, and near the Court of Justice. His carriage was followed by another vehicle containing two men. A bomb was thrown beneath the Grand Duke's carriage. There was a violent explosion, and the carriage was wrecked, and the Grand Duke killed. The assassins were arrested. One of them was wounded dangerously. Several students have been taken into custody.

St. Petersburg, Feb. 17th. — The news of the tragedy in Moscow was no great surprise here, as it was known that the Terrorists had already condemned the Grand Duke to death. Grand Duke Serguis, who was a brother-in-law as well as an uncle of the Emperor and who had exercised tremendous influence in court, had won for himself the most heartfelt hatred of any man in the clique of hated men at the Czar's court. His opposition to all movements for reform, his manifest detestation of the student body and his fiery temper, aroused against him the most intense antipathy of all classes.

RUSSIA'S TROUBLES

Full Council of the Empire Convenes to Consider Them.

THE CZAR HIMSELF PRESIDES

Complications Feared If Reforms Are Granted—Difficulty of Mobilizing Increasing—Japanese Produce New Projectiles At Mukden—They Change the Situation.

St. Petersburg, Feb. 17.—Emperor Nicholas to-day presided over a council at Tsarukoe Selo. All the ministers, including M. Witte, had been summoned for the purpose of discussing the advisability of transforming the present unofficial council of ministers, which is called at irregular intervals by the Emperor into a cohesive cabinet meeting regularly as an advisory and responsible body under the presidency of the Emperor, or the minister president. Intimations find their way to the public that one of the main factors in the present situation tending to influence the Government to convene the zemsky zabor is the increasing difficulty of mobilizing reserves to replace troops bound for the front, the belief being that if the zemsky zabor were assembled, either it would arouse a wave of patriotism in the country and itself facilitate the Government's task, or if it declared in favor of peace the responsibility therefore, however disadvantageous, the terms would rest with the nation's representatives and not with the rulers.

Fire 250 Pound Shell.

Mukden, Feb. 17.—The Japanese fired Tuesday and are firing to-day on Poutiloff Hill with eight inch guns carrying 250 pound projectiles, indicating that they are siege guns used at Port Arthur and the first to be mounted in position before the Russian lines below Mukden. A new situation, therefore, confronts the Russian centre, and the general situations appear to have been rendered more uncertain and more complicated by the battle of Sandepas and the arrival of open weather indicating an early spring.

Russian Officers Wounded.

London, Feb. 17.—The Daily Telegraph's Shanghai correspondent reports that Gen. Stakelberg and three Russian infantry colonels were wounded in the fighting on the Hun River.

Vladivostock Blockaded.

New York, Feb. 17.—A St. Petersburg despatch to The Herald says: Reports received here announce that Vladivostock is being closely blockaded by Admiral Urius' fleet.

Steamships For War.

London, Feb. 17.—The Daily Express says that the Union Castle line steamships Roslyn Castle and Dunolly Castle, and the Clan liner Clan MacPherson have been sold to a mysterious German firm. The names of the vessels, the paper adds, have been changed and it is supposed they are destined for one of the far eastern combatants.

Russian Strike Situation.

Lodz, Feb. 17.—The manufacturers to-night resolved to telegraph full details of the situation to the minister of finance. Twenty-five factories, among them some of the largest in Lodz, to-day paid off their men, numbering 40,000, and closed indefinitely. Some other mills which previously had closed refused to pay the strikers who demanded money claimed to be due to them. At one mill which thus refused yesterday, the strikers spent the entire night around the offices.

Great Storms in Newfoundland.

St. John's, Nfld., Feb. 17.—Newfoundland is recovering from the effects of last week's blizzard, which was the worst ever experienced here. The wireless telegraph mast at Cape Race was demolished and miles of telegraph wires in various parts of the colony were broken down. Telegraphic communication between Cape Race and St. John's was restored yesterday. The island's railway service is still partially interrupted, although the principal routes of travel are now open.

Admiral Seymour Advanced.

London, Feb. 17.—Owing to the death of Vice-Admiral Hammet this week and the retirement next week of Admirals Salmon and Rice under the age limit, numerous naval promotion will occur. Admiral Sir Edward Hobart Seymour will become admiral of the fleet, and among other interesting promotions, Capt Percy Scott, director of naval gunnery practice, will become rear admiral.

Canadians Do Good Shooting.

Detroit, Feb. 17.—At the Rusch House shoot yesterday C. G. Spencer of St. Louis, had a percentage of 1,000. He was high man of the day, with a kill for every one of the 25 targets shot at. I. C. Chapman of Fulton, N.Y., was tied with three others for second gun, with 24, while Mort Mayhew of Marcy, N.Y., and H. Scane of Ridgetown, Ont., had 23 apiece.

May Increase Capital.

Halifax, Feb. 16.—At the annual meeting of the Bank of Nova Scotia yesterday morning a resolution was adopted authorizing the directors to increase the capital stock from $2,500,000 to $3,000,000, should they deem it advisable.

SUBMARINES UNSAFE.

Four of Crew Killed and Fourteen Injured—Cause Guessed At.

Queenstown, Ireland, Feb. 17.—Four men killed and 14 injured, of whom three are in a critical condition, was the result of two explosions on board the British submarine boat "A-5," in the harbor yesterday. The killed include Engineer Artificer Chaffe, a leading stoker and a stoker. Lieut. H. G. Good, commander of the vessel was blinded. His condition is critical. Lieut. Skinner, an officer of the submarine boat subsequently died of his injuries. Only one man of the entire crew escaped uninjured.

The first explosion is believed to have occurred while the crew was engaged in filling the gasoline tanks preparatory to proceeding outside the harbor. The "A-5" caught fire after the first explosion.

When this explosion occurred a number of the crew of torpedo gunboat Hazard volunteered to go to the rescue of the submarine crew, but hardly had they got on board the "A-5" when a second explosion took place and all the rescuers were more or less injured.

The submarine boat was afterwas docked, and an official statement issued to-night says the vessel had not suffered much damage. An inquiry into the causes of the explosion will be held to-day.

President in Control of Canal.

Washington, Feb. 17.—The Mann bill to provide a Government for the canal zone was passed by the House of Representatives yesterday. The bill gives all the right of Government of the canal zone to the President until the end of next Congress, but provides the inhabitants in the free enjoyment of their liberties, property and religion. It abolishes the Isthmian Canal Commission and places the work of construction of the canal in the hands of the President and such persons as he may appoint and employ. The bill authorizes the President to retain the Canal Commission as a commission or individual members as consulting engineers, if he shall so desire.

New Electric Power.

Brantford, Feb. 17.—Cecil Smith, the promoter of the Grand River and Western Power Co., which seeks a Dominion charter, was in the city yesterday morning on a brief business trip. He states that his company, if it gets a charter, will develop power at Jordan, near St. Catharines, and will run a line west as far as London. Brantford will be on the direct route and the main line of transmission will be through this city. There is an abundance of power for use, according to the testimony of experts, and a large share of it would be utilized at very low rates in the various manufacturing industries of this city.

To Fight License Reduction.

Galt, Feb. 17.—James Haverson, K.C., of Toronto, has been called by the hotelmen of Galt to come up and aid them in fighting the temperance forces that are endeavoring to induce the town council to cut off three of the nine licenses. The hotelmen have secured about 1,000 signatures to a petition strongly setting forth reasons why the proposed reduction should not be made. This will be presented at the council meeting Monday night, and Mr. Haverson will be on hand to support it with an address. The liveliest possible time is anticipated.

Dislikes Plate Glass Windows.

New York, Feb. 17.—Within 24 hours after his release from prison, where he had served a sentence for smashing more than $2,000 worth of plate glass windows, John Grogan early to-day returned to the scene of his escapade and started in to duplicate the feat of two months' ago. He was not so successful this time, however, having broken only three of the large show windows when he was overpowered and again taken to a cell.

Orient Liner Ashore.

Perth, West Australia, Feb. 17.—The Orient Line steamer Orizaba, with passengers and mails for Sydney, N.S.W., is ashore off Garden Island, 20 miles out of her course. Her position is not considered dangerous. The British cruiser Katoomba has gone to the Orizaba's assistance.

Three Children Burnt.

Boyne City, Mich., Feb. 17.—Three children were burned to death at Springdale, 16 miles from here yesterday and their father, Frank Pearsons, was so badly burned and also frozen while fighting the fire and trying to rescue his children, that he probably will die.

DOHERTY'S ORGANS BURN

Clinton, Feb. 16.—About 5.30 o'clock yesterday morning fire was discovered in the machinery hall of Doherty's organ factory. The building, which was the largest solid brick building in the place, and was heavily stocked with organ cases in process of manufacture, was completely gutted. The company's fire equipment confined the fire to the one building. The loss, which is about $30,000, is fully covered by insurance. The origin of the fire is unknown.

Onslow Leaves Agriculture.

London, Feb. 15.—Lord Onslow is to be the new chairman of committees of the House of Lords, and will vacate the office of president of the Board of Agriculture.

President of Western Fair.

London, Feb. 16.—At the annual meeting of the Western Fair Board, held here yesterday afternoon, W. J. Reid was elected president, Colonel Gartshore retiring.

Sir Frederick Received.

Montreal, Feb. 16.—Sir Frederick Borden, Minister of Militia, was the guest of honor at a reception given by the officers of the Montreal district yesterday.

Prize Fighter Fatally Shot.

Albany, N.Y., Feb. 16.—John Redmond, a local prize fighter, was shot and killed yesterday afternoon by an Italian with whom he had quarreled.

KILLED BUT NOT MURDER.

Savannah, Ga., Feb. 17.—Sam Bowen, a 17-year-old negro student of the Georgia State College, for colored youth at college, was found not guilty Wednesday night of the charge of murder of Prof. E. Cotton, a member of the faculty, whom he killed with a brick on Feb. 2. The professor had ejected Bowen from a class room after an altercation. He followed the boy out, threatening him with a stick, when Bowen hurled a brick, striking Cotton on the head.

All About Asphalt.

Washington, Feb. 17.—The state department yesterday received a cablegram from Minister Bowen, dated at Caracas, stating that the supreme court had confirmed its former decree sequestrating the property in Venezuela of the Americas Asphalt Company. The action of the court brings the asphalt dispute to the critical point, for it is now incumbent upon the government here to make the next move.

Bowling Record Beaten.

Chicago, Feb. 17.—The Bensingers of this city have established a new world's bowling record for three games by rolling an average of 1,061 1-3. The best previous accepted record was that of the Empires of this city, when they rolled an average of 1,056 2-3. Teams in Cleveland and Omaha have made higher averages, but their records have never been accepted by the American Bowling Congress.

Clergyman Changes to Chatham.

THE PURE SEED BILL

Thoroughly Discussed and as Amended Reported.

YEAR'S IMMIGRATION 134,226

All Immigrants Inspected Without Cost Before Leaving For Canada—Only 17,000 Children Under 12 Years of Age—Purity of Seed Will Be Assured—Third Reading of Bill Next Week.

Ottawa, Feb. 17.—After a protracted debate, in the course of which the various features of the measure were thoroughly discussed in committee, Mr. Fisher's bill respecting the inspection and sale of seeds was reported to the House and stands for third reading. As a result of his interviews with the seedsmen the Minister of Agriculture made several amendments to the bill, but declined to eliminate the clause which exempts the farmer who sells seeds from the provisions of the act with respect to labelling the package with the names of noxious weeds it may contain. In supply a large number of items for the canals on capital account were passed. Mr. Pringle charged that additional men had been given employment on the Cornwall Canal in October last for political purposes, and that the Superintendent of Canals had been active in endeavoring to secure his defeat in the election. Mr. Emmerson pointed out that every year extra men have to be employed to make repairs, and, he added, he had heard no complaints against the Superintendent. With the exception of two items, which stand over for general discussion, all the votes for the St. Lawrence and Welland Canals were passed.

Dr. Barr was informed in the house to-day that 124,223 immigrants had arrived in the Dominion during the calendar year 1904. The number of children under 12 years was 17,036. All had been medically inspected in Europe at no cost to Canada. All had also been inspected on arrival, the following amounts being paid to examiners: Dr. A. C. Hawkins, $1201; Dr. W. L. Ellis, $1800; Dr. A. Potvin, $1019; Dr. J. C. Howe, $1400; Dr. A. D. Stewart, $1233.

Mr. Foster enquired if it was the intention of the government to bring down a vote for the erection of the new building of the meteorological service in Toronto. He received from Mr. Hyman the stereotyped answer, that the matter was under consideration.

Mr. Borden renewed his question as to the reasons which induced the returning officer in the Yukon to delay the return of Dr. Thompson.

The prime minister promised to bring the correspondence down on Monday.

Temperance Workers Will Convene.

Toronto, Feb. 17.—A call has been issued for a temperance convention in Toronto next week, commencing on Thursday morning at 10 o'clock. The annual meeting of the Royal Templars will be held on Tuesday of next week and it is expected that at least 150 of the delegates coming to this convention will remain for the convention later in the week.

The convention will ask to be received by Premier Whitney and the Provincial Secretary, when a strong demand will be made for temperance legislation. How far the convention will go is not known, but it is believed that the demands will be moderate.

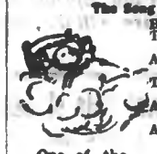
A Royal Betrothal.

Coburg, Duchy of Saxe-Coburg and Gotha, Feb. 17.—The betrothal is announced of the Duke of Saxe-Coburg and Gotha to the Princess Victoria, eldest daughter of Duke Frederick of Schleswig-Holstein-Sonderburg-Glueckeburg. The Princess is a niece of the German Emperor, while the bridegroom-elect is a nephew of King Edward of England.

To Stop Sale of Cigarettes.

Albany, N.Y., Feb. 17.—A bill prohibiting the sale and manufacture of cigarettes was introduced in the Assembly yesterday. The penalty is not less than $50 or more than $1,000 fine.

The Song of the Cradle.



Bye, bye! Hope rises high!
There's a sweet little cradle hung up in the sky;
A dear little life that is coming to bless;
Two soft, chubby hands that will pat and caress;
A sure little soul winging down from above;
A darling to care for, a baby to love.

One of the grandest agencies which enlightened Science has discovered to relieve motherhood from excessive suffering is the "Favorite Prescription" devised by Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y.

This wonderful "Prescription" imbues the entire nervous system with natural, healthy vitality; gives elastic vigor to the delicate organism specially concerned in motherhood, and makes the coming of baby entirely free from danger and almost free from pain.

"I wish to state that I have used Doctor Pierce's Favorite Prescription with very good results," writes Mrs. Katie M. Annis, of Hudson, New Hampshire. "Had been in poor health for over four years and had been twice to the hospital. My husband brought some of your 'Favorite Prescription,' and it has carried me easily through my last two confinements. We are now blessed with two healthy children, and I am sure your medicine has done me more good than all the other treatment I have ever received."

BAD HEADACHES generally arise from bad stomachs. Foul breath, bitter taste, coated tongue, sour eructations or belching of gas are common symptoms though not all present in every case. To cure, take small doses, only one or two each day, of old Dr. Pierce's Pleasant Pellets, the Original Little Liver Pills, first put up by him over 40 years ago. One or two is a laxative, three or four a cathartic.

BEWARE OF LIQUID CATARRH CURES.

Alcohol Holds Out False Hopes.

Catarrh sufferers who have become slaves to liquid catarrh remedies, as soon as they stop the treatment find themselves worse instead of better. These unfortunate victims often learn from their physician for the first time that a liquid catarrh remedy simply makes the mucous membranes drunk, destroys the natural sensations of the parts, deceiving them by false stimulation into the belief that the medicine is helping. Everyone knows that alcohol in any form will deceive. It deceives the head, it deceives the hands, it deceives the feet, but nowhere in the body is alcoholic deceit more apparent than upon the mucous membranes. Catarrh can never be cured by alcoholic deceits and the people are learning to avoid alcohol catarrh cures. Furthermore, they are fast learning that Smith's Triple Cure, handy, efficient and in tablet form, is far better and yields more lasting results. Catarrh sufferers know that while liquid remedies give temporary relief, because the alcohol makes the membranes drunk, such medicines soon intensify their trouble. They become slaves to the alcohol habit as surely by using liquid catarrh remedies as when whiskey is used as a beverage. Smith's Triple Cure not only is free from alcohol, but it actually cures catarrh in every part of the body—dry catarrh, stomach catarrh, bowel catarrh, systemic catarrh, in fact, there is no form of catarrh that Smith's Triple Cure does not cure fully and completely. Have nothing, therefore, to do with alcohol or liquid catarrh remedies, but use Smith's Triple Cure, which consists of four separate preparations, three in tablet form, to be used internally, curing catarrh of the stomach, liver, bowels, pelvis and systemic catarrh, and making rich, red blood, and a catarrh cream used locally, curing catarrh of the head and nasal passages, bronchial catarrh and catarrh of the lungs. A full two weeks' course of the four preparations in one large box, sold at only 50 cents by all dealers, the greatest value for the money ever offered. If your druggist won't supply you, send 25 two-cent stamps by mail today and we will send it postpaid and guarantee safe delivery. Address W. F. Smith Co., 135 St. James St., Montreal.

PRINCESS ON HER MUSCLE

Florence, Feb. 16.—The affairs of the Countess Montignose, former wife of King Frederick Augustus of Saxony, took a dramatic turn yesterday. For some time the Countess has suspected that her German nurse, Mahote, was planning to abduct the little Princess Anna Monica Pia, and place her in the care of her father, the King. Yesterday, under the pretext that the German Consul was waiting to see the nurse at the gate of the villa, where the Countess is residing, the latter led Mahote to the gate. Then quickly pushing the nurse outside and closing and locking the gate, the Countess cried, "Go to your master, spy." Entering the house, the Countess ordered all of Mahote's belongings thrown out of the window to the street. The nurse protested against her ejectment, but unavailingly.

Fire At Kingston.

Kingston, Feb. 16.—The Gardiner biscuit factory on the corner of Earl and Division streets was destroyed by fire last evening about 8 o'clock. The building was frame. The firemen confined the fire to the building and saved adjacent property. Considerable stock was saved. The factory was owned and operated by J. R. Carson, wholesale merchant. The loss will be in the neighborhood of $10,000, and was partially covered by insurance.

Capital Punishment Petitions Against.

Ottawa, Feb. 16.—A. R. Hassard, barrister of Toronto, was here yesterday and had a long interview with the Minister of Justice and A. Power, K.C., of the department, who has charge of capital cases, in favor of granting clemency to Alexander Martin, now in jail in Toronto, and sentenced to be hanged on March 10, for child murder. Mr. Hassard presented petitions signed by about 1,400 persons in favor of commutation.

I will thank all parties owing accounts to me to call and settle the same before Saturday, 18th of February, as I am retiring from business. All accounts unpaid after that date will be placed in the hands of my solicitor. Miss A. Delaney.

Primary and Junior Union.

The Primary and Junior Union of Sunday school teachers, will hold their usual meeting to-night in the Y.M.C.A., at 7.45 Mrs. Knapman will have charge of the Primary Department and Rev. J. Freeman Scott the Junior lesson. All teachers are invited to attend.

The Big Bijou Comedy Company, supporting H. Wilmot Young and Miss Marjie Adams will be the attraction at the Opera House all week of Feb. 20th, opening on Monday night in the Comedy success, "Fogg's Ferry", introducing Miss Adams as Chip, and Mr. Young as Zeb, a character in which he has won unstinted praise. The London Advertiser of Jan. 17th, says: — "A large audience at the Grand last night appeared to be well pleased with the Bijou Comedy Company's presentation of "Vermont State Folks," a downeast drama of a wholesome type. Miss Marjie Adams, who, by the way, is a London lady, had the chief role, and she proved herself thoroughly capable, and one of the best of the leading women in the so-called popular-priced attractions."

PEAT INDUSTRY IS IMPORTANT

Local Company Formed to Operate Peat Fields in Victoria County.

Mr. Ed. Moore, the Manager, Describes Process of Manufacture.

An interesting interview was obtained by the Examiner from Mr. Ernest V. Moore, Manager of the Condensed Peat Company of Peterborough, the President of which is Mr. D. H. Moore, and the Secretary, Mr. A. L. Davis.

Mr. Moore in response to a request from the Examiner for an interview said:—

In fulfilment of my promise to you and your repeated requests and also to answer the many enquiries made about the process of manufacture adopted by Condensed Peat Fuel Fuel Company, Limited, I beg to submit the following brief description of our operation.

The present plant of the Company is located about three-quarters of a mile north of the G.T.R. station at Victoria Road. It is about 20 miles north and four miles west of Lindsay. The bog, a perfectly level tract of about 150 acres in area, is altogether free from trees and brush, but is covered with a dense growth of a short shrub resembling a huckleberry bush. The roots of these shrubs and a thick spongy moss scientifically known as "Sphagnum," form the top 12 to 18 inches of the bog, under which is from three to fifteen feet of a brown to black mass of decomposed moss roots, so completely decayed that the fibres and form of the moss are altogether destroyed; and the mass is homogeneous and of such consistency that when attacked with a shovel, it cuts like very soft cheese. This decayed matter is valuable for fuel purposes, and it is this material that is finally prepared ready for the stove.

To do this just two things are necessary, i.e.,—to dry away the surplus water and then show the material sufficiently dense and solid that it may be conveniently handled and stored. To attain these ends much valuable time and money have been expended with more or less success. In Canada thus far, practically all effort has been devoted to accomplishing these ends artificially; that is, to dry away the water by heat, pressure or centrifugal motion, and then to solidify the material by very great pressure. This process has been to an extent successful as is shown by the fuel now on the market known as "Dobson Peat" manufactured by Mr. Dobson, of Beaverton. To him is due practically all the credit of perfecting this process, and it is the result of very careful and extensive experiment on his part. In fact, at present he stands alone as the one successful man in the manufacture of peat under this method. In Europe, however, where very extensive operations are carried on, between nine and ten million tons being consumed annually, the above process in its most perfected stage finds but little favour, and another and entirely different one is adopted; the taking advantage of that property which peat possesses of naturally condensing when thoroughly broken up and slowly dried out. There they simply excavate the peat thoroughly grind and macerate it till the minute vegitable cells of which it is composed are broken down, and after moulding it in any desired shape, put it out in the weather to dry during which time it not only looses the water but condenses on itself to nearly one-eighth of its original volume, in the bog. That this has not been tried in Canada is due a great deal to erroneous ideas of the fuel produced, and to the idea that labour conditions in Canada would make such an operation prohibitive. These are both, however, shown to be wrong by the success already attained by the above Company.

The Condensed Peat Fuel Company have simply devised ways and means whereby the peat may be economically taken from its home, thoroughly broken up, moulded and dried in the air, the present plant being capable of handling two tons of the finished product per hour.

The peat is dug from the bog into automatic dumping tram cars with ordinary clay shovels, the men stripping the whole depth of the peat deposit as they go along, always working to a face. The cars are filled while standing on light portable tram rails which can be quickly moved to the working face as it recedes. When full, they are shunted by hand for a short distance, when they are attached to a cable which takes them to the top of a trestle about fifteen feet from the ground, where they are automatically dumped and returned to the working area again by gravity. This constitutes the first operation in the process, and in it the peat is removed from the bog and collected in a pile immediately adjacent to the machine building. It requires nearly 160 cubic feet (about 6 cubic yards) of the boggy material in its natural condition to make a ton of finished dry peat, so as at present arranged it requires four full cars of 40 cubic feet each, for each ton of finished peat produced. For twenty tons per day or two tons per hour, it therefore requires eight cars of wet peat, just as it is dug from the bog, per hour. The hauling, dumping and returning of the cars is entirely automatic and apart from power, the first operation is accomplished by four men and a boy for twenty tons per day.

Peat from the trestle dumps directly over a conveyor so that it covers and entirely surrounds it, making it possible for one man with a rake to keep the feed uniform and at the required rate. This is the second stage and is accomplished by one man.

This conveyor when properly fed takes the peat to the hopper of the machine which is simply a modification of a combination of tile machinery in which two things are accomplished, namely, the peat is so thoroughly broken up that the cellular structure is completely destroyed (incidentally the volume of the material is reduced about 40 per cent.) and it is then moulded and delivered in three parallel columns 32x4 1-2x2 1-2 inches standing on their edge one-half inch apart on slatted pallets 32x9 1-2 inches. This operation is entirely automatic. The pallets rest on an automatic conveyor immediately below the delivery spout of the machine, and are fed continuously to receive their portion of wet peat, each pallet holding about 50 pounds. As each pallet is filled it is automatically severed, and the pallet travels away on the conveyor till it reaches the drying frames. This may be termed the third stage of the operation, and is entirely done by the machine with the exception of one man who stands where the peat is delivered on the pallets and keeps them properly adjusted.

This system of naturally drying the peat, without either heat or pressure, is perhaps the keynote of success of this process. In other countries peat treated as already described is simply spread on the ground and allowed to slowly dry out. This takes up a great deal of space, and is of necessity very tedious, and even with frequent handling the peat dries but slowly, as it is always in contact with the wet ground. This company overcomes these difficulties as follows: that is, the peat is all delivered on slatted pallets, leaving it exposed on every side, to the drying influence of the sun and atmosphere, and the pallets are stacked eight tiers high, but easy of access, in skeleton frames, conveniently arranged on either side of the conveyor before mentioned, which delivers the pallets of peat automatically to these frames. Each pallet is so designed that it holds the equivalent of 10 pounds of finished product, so for a ton of dry peat 200 pallets must be filled, and for 20 tons, 4,000 must be used. If the pallets, full of wet peat were laid out to dry side by side they would cover a very considerable area, but the skeleton frame in which they are placed reduces the ground area to one-eighth of that covered by the peat, and thus becomes comparatively small.

For 20 tons per day, 4,000 of these little pallets must be put out to dry. The ground area covered is that of 500 pallets, or about 1150 sq. ft. So this area is required for each day's operations, till dry. Not only this area, for a passage must be left so as to conveniently place and remove the pallets of peat; so that actually over twice this area is required for each drying frame, or 2800 sq. ft.

Now, it is found that in from 6 to 20 days, depending on the weather, the peat exposed on the pallets set out on the drying frame, drives from about 80 per cent. water to about 35 per cent. If left from three to four weeks it becomes quite fit for fuel, but as each frame only holds one day's output, i.e., at present, 4,000 pallets, this would require 20 or 30 frames, which would be expensive in space occupied and in maintenance; so a maximum of 9 frames, giving the material ten days drying, owing to the intervening Sunday, has been decided as sufficient, or an area of 25,000 sq. ft, or a very little over half an acre to dry 20 tons per day. So this part of the plant consists of 9 drying frames, each of which will hold 4,000 pallets, 36,000 pallets, and the conveyor.

The third operation leaves the peat on the conveyor, immediately adjacent to the frames. Two men are required to lift the peat off the conveyor, and place them in the drying frames, and in so doing, they are able to, in fact, must, remove a pallet of dry peat (i.e., partially dry peat) to make a place for each pallet of wet peat inserted. This, then, is the fourth operation, and actually amounts to replacing on the conveyor the pallets of wet peat with pallets of dry peat, (30 per cent. to 40 per cent. moisture.) It represents simply a drying away of 45 per cent. of the moisture, from 20 tons per day, at the expense of the efforts of two men.

The conveyor is so arranged, when the wet peat has been replaced by dry material, the dry material (still on pallets,) is taken to a store ground and there piled up. This is again accomplished by two men or boys, who empty the pallets of dry peat and replace them again on the same conveyor, which returns them again to the machine. There they are properly adjusted to receive a new burden of wet peat, by the man already spoken of, and so the operation becomes continuous.

The store pile for each drying frame, is 40 feet long, 5 feet wide, and 6 feet high, and is adjacent to the aforesaid conveyor, and also to another conveyor which leads directly into the wagons which haul the peat to the cars.

The finished peat is not in regular blocks, as the peat heretofore put on the market, but is irregularly broken up and sized as in coal. It takes about 40 to 45 cu. ft. to hold a ton of this peat, as compared with 30 to 35 to hold a ton of hard coal. In burning it requires much less draft and possibly a little more attention, as when burning it is so much hotter than coal, that to fill up an ordinary coal fire pot and turn on the drafts would almost always result disastrously to the stove. A less quantity of peat is required, fed a little more frequently.

This article although promised to be brief at the outset, is already rather long, but there is so much of interest to be said about peat, that one has difficulty in choosing what to eliminate.

The Condensed Peat Fuel Company, Limited, have an office over the Central Canada Company's office on George street, where they have a variety of samples of natural and manufactured peat, and a great deal of information and illustrations of not only the Canadian but of most of the continental methods and machines. The office is open to the public, and any questions arising out of this article, or from an interest in peat, will be cheerfully answered.

T. A. S. BAND, A CREDITABLE BODY

Of Musicians will Give Concert on Monday Night.

The T.A.S. Military Band, under the leadership of Mr. L. A. Halley, is making good progress towards musical perfection and next Monday night will give a concert in the T.A.S. Hall. The band at present numbers twenty-two pieces, and during the last few months the members have been practicing faithfully, and the leader is confident that on their public appearance on Monday they will make a creditable showing.

This organization has worked along under somewhat discouraging conditions, and now that things are looking brighter they are looking to the public to assist them. They will give a concert on Monday next and the proceeds will be in aid of the band fund. In addition to the band an orchestra of seven pieces will render a number of selections. This orchestra is constituted as follows:—Piano, Miss Lewis; violin, A. McPherson; cornet, R. Ramsay; trombone, T. McDonough; bass, G. Scott; clarinet, H. Clones; leader L. A. Halley.

Other artists who will appear that night are:—Miss Kline, Lakefield; Miss Bryce, Keene; Mrs. Callander, Norwood; T. Weir, Miss C. White, Mrs. Morrow, who will also act as accompanist.

POLICE COURT NOTES

At the police court this morning, John Duncan pleaded guilty to a charge of drunkenness, and was fined $2 and costs, or $5.50 altogether, by His Worship, H. Rusk, who presided.

The defendant, who it appears has been indulging somewhat too freely in the flowing bowl, made a rather boisterous onslaught on the front door of a private residence, alarming the occupants of the house, who notified the authorities.

The three natives of "Sunny Italy," who were arrested in connection with the stabbing affray which occurred in town recently, were again remanded until Monday.

THREW IRON AT ADLUM'S HEAD

As a Result of a Political Discussion

Wm. Austin in Cells Charged With Assault—Fred Adlum Suffering From Scalp Wound

Wm. Austin was lodged in the police court cells this afternoon on information laid by Fred Adlum. He is charged with assault, and the trouble is said to have arisen over a political discussion, which took place in the shops of the Peter Hamilton Company, Limited, to-day. The discussion became heated and the information furnished the Examiner is that Austin threw a piece of iron at Adlum, striking him on the head, inflicting a severe scalp wound.

A doctor was summoned and the injured man was removed to his home on Bolivar street, where the wound was dressed. It is a severe cut, but unless blood poisoning or erysipelas set in it will not prove fatal. He is a married man.

Austin was arrested and the charge laid is assault. He will come up before the Police Magistrate probably to-morrow.

Mr. Adlum was seen at his home this afternoon by the Examiner reporter and corroborated the facts as given above. He said that for some time Austin had taunted him with reference to political matters, as it seems that in the last election Adlum changed his political allegiance. For two weeks the had not spoken to Austin but this morning the latter again started to abuse him as he had done before, when he told him that he had better stop or he would find a way to make him. Austin's reply to this was to hit him on the side of the head with a slug shot, and would have repeated it, had Adlum not gotten out of his way by crawling through a door. Adlum says that Austin threatened to kill him. The former was at his home on Bolivar street, which is quite comfortably furnished. He was able to be up but had his head bandaged.

Austin was seen at the police station but refused to discuss the matter at all.

A SAFE INSTITUTION.

In another column a copy of the seventy-third annual report of the Bank of Nova Scotia appears. This bank, which will open a branch here in the course of a few days, is one of the soundest and most successful financial institutions in the Dominion, a fact which a perusal of the annual report will prove. The paid-up capital of the bank is $2,000,000.00, and the reserve fund, $3,200,000.00, while the assets of the institution amount to $30,523,236.38, and of this amount $15,268,869.84, is in such form that it may be immediately realized upon; $3,741,145 12 of these assets is in specie and Dominion notes, a much larger proportion than is usually the case.

The net profits of the bank for the year 1904, amounted to $401,-560.57, and $200,000 was paid in dividends, and $100,000 transferred to the reserve fund.

Mr. E. T. Hammett, is acting manager of the local branch which will open in the town buildings under the town clock.

UNION LABEL

Daily Examiner.

FRIDAY, FEB. 17, 1905.

FUSS AND FEATHERS.

The Review works itself into a a fairly fierce state of "righteous indignation, over an alleged outrage perpetrated by the "moribund Ross Government" — the alleged "granting of an exclusive privilege of 21 years to certain Toronto gentlemen." This is characterised as a "high-handed piece of injustice." In its anxiety to exploit its partizan proclivities, our contemporary is led to extremes of assumption which it would not be guilty of if it knew, or recognized, the facts, and, moreover, knew what it was writing about. Application was made for a duck preserve on Rice Lake, as has been made, and granted, in many other cases in Ontario, and the late Government merely dealt with the matter, which has been under consideration for the past six months, in the usual manner. In winding up business, previous to retirement, no doubt this application was dealt with, but not completed, as the Review would have us believe, so that it is merely setting up a man of straw for Mr. Whitney to knock down.

The question of the utility and desirability of duck preserves, is a debatable one, there being much to be said by their advocates in their favour. The Examiner is not called upon to defend or condemn the establishment of ducking preserves. However the fact may be stated that there are several such preserves in Ontario, and, it is claimed for them, that, by their existence and operation not only are residents not, as the Review charges, "robbed of their rights," but by strict observance of the law, and the manner in which the preserves are managed, the shooting for all is improved. Be this as it may, the real point is, if there is any force in these claims, that our contemporary is inexcusably indignant in a double sense — the "shooting privilege" is not as bad as it is painted, and if it were as bad, it has not yet been granted. In its anxiety to discredit the late Ross Government, and to pose Mr. Whitney as a heroic redresser of wrongs, the Review has very unnecessarily excited itself. It has merely discovered a mare's nest, which will hatch about as much political capital as ducks.

EDITORIAL NOTES.

The new Provincial Secretary, Hon. W. J. Hanna, is to be honoured with a reception by his home constituency at Sarnia. Hon. Mr. Hanna has reason to be pleased with the honour, but the edge is taken off it a good deal when it is announced that on the occasion he will have to listen to "taffy" from eight speakers "and others" who are named to give addresses.

A scare story with a scare heading appeared in the Mail and Empire yesterday, leads to the impression that the works at the Canadian "Soo" are in need of repairs. This is not the case. Everything is running smoothly at the present time. The canal on the Michigan side may badly need attention, but there's nothing on the Canadian side in pressing need of repairs. It would be going too far, perhaps, to say that the Mail and Empire rejoices over the opportunity of giving the "Soo" industries a black eye, but it opposed the measure of the Ross Government, which put them on their feet, so vigourously and malignantly that it would not perhaps weep much if sufficient failure to discredit the action of the late Government should come about. It's a Review duck story only on a little larger scale.

As a Convalescent Food

Mr. Wyman N. Thomas, Ompah, Addington Co., Ont., writes: "My wife had congestion of the lungs, along with other troubles, and became very weak and run down. By the use of Dr. Chase's Nerve Food she was made as strong and well as ever. Of course I had a doctor, but she was weak, and it was Dr. Chase's Nerve Food that built her up."

IMPROVEMENTS TO POST OFFICE

Correspondence between the Town Clerk and Mr. Hall, M. P.

More Wickets to be Provided—Two Entrances—Free Delivery is Being Considered.

The question of improvements to the Peterborough Post Office has come to be a pretty live question with the people of this town, and more particularly those who are unfortunate enough not to be able to secure boxes, and who have to depend on the general delivery for receiving their mail. During the holiday season many complaints were made, and although since that time the inconveniences are not so keenly felt, there is still the conviction that the present office is inadequate, but it will be pleasant news to all who are concerned to know that a remedy is in sight. Mr. R. R. Hall, M. P., has taken the matter up with the Postmaster General and the Public Works Department, and, as has already been announced in these columns, plans have been prepared and approved for extensive improvements, which will be commenced, it is hoped, in the near future.

Considerable correspondence has passed between the town council and Mr. Hall on this subject, and copies of the letters of the latter to the town clerk are given below. They show that the representative of this riding is using his best efforts to secure what all are earnestly looking for, some improvement in the Post Office equipment and service.

The first letter is one dated January 13th, 1905, enclosing a letter from the Deputy Postmaster General, and is as follows:—

Ottawa, January 12th, 1905.

S. R. Armstrong,
Town Clerk, Peterborough,

Dear Sir,—I beg to acknowledge receipt of your letter of 10th, inst., with enclosure addressed to the Postmaster General. I had already taken the matter up with the Postmaster General and enclose the Deputy's reply.

I am taking the matter up with the Public Works Department and shall communicate further with you. Your enclosure has been duly forwarded to the Postmaster General.

Yours respectfully,
R. R. HALL.

The letter of the Deputy Postmaster General to Mr. Hall to which he refers is as follows:—

Ottawa, January 10th, 1905.

My Dear Mr. Hall,—I beg to acknowledge yours letter in regard to the improvements to the Peterborough Post Office, and to assure you that you are not more anxious in regard to the matter than I am. We see, however, in the hands of the Public Works Department in regard to the work. As far as this Department is concerned everything has been done to have the improvements carried out.

I think, therefore, it would be well for you to urge the matter upon the Department of Public Works, and I will also write them again.

Yours truly,
R. M. COULTER,
Deputy Postmaster General.

TWO ENTRANCES.

The next one is a reply to a further communication from the clerk, and refers to the details of the proposed improvements. It reads as follows:—

Ottawa, January 16th, 1905.

S. R. Armstrong, Esq.,
Town Clerk, Peterborough.

Dear Sir,—In further answer to your letter of the 10th, inst., I beg to state that I have made it a point to see the Postmaster General respecting repairs in the Peterborough Post Office and find that the plans and specifications for the changes in the Post Office have now all been approved of and that an order is being placed for a new set of boxes with a view to carrying out the proposed somewhat extensive changes, which will provide for additional box accommodation and three delivery wickets, two for letters and one for parcels. The changes further involve providing two entrances to the Post Office instead of one as at present. It was found that it would not be expedient to make these changes during the holiday season and therefore there has been some delay on that account. However, the proposed changes will now be carried out as speedily as possible.

Yours truly,
R. R. HALL.

FREE DELIVERY.

The question of free delivery was also taken up and the letter following shows that this matter, too, is one to which the Department is giving consideration. This letter reads:—

Ottawa, January 20th, 1905.

S. R. Armstrong, Esq.,
Town Clerk, Peterborough.

Dear Sir,—I beg to acknowledge receipt of your letter of 18th, inst. I have been urging upon the Postmaster General for some time the question of free postal delivery. I have also submitted your letter to the Department, and the same is being taken into their consideration.

Yours very truly,
R. R. HALL.

It will thus be seen that the interests of the town in this particular are not being neglected, and that if there is any possibility of securing it, both the improvements to the Post Office and the free delivery, which would be a boon to a great many, if it could be secured, are being considered.

WHY DOES A BABY CRY?

Because it is either hungry or in pain. Properly nourished it will usually grow up right and be comfortable—that's the principal thing for a baby. If its food lacks strength and nourishment add Scott's Emulsion at feeding time. A few drops will show surprising results. If a baby is plump it is reasonably safe. ALDERMAN KELLY WAS WELL KNOWN

A Rochester Gentleman Whose Death Occured on Tuesday.

Was an Annual Visitor to Chemong—Many Peterborough People Knew Him.

There will be many persons in town, who will learn with regret of the death in Rochester of Alderman J. Miller Kelly, which occurred on Tuesday last.

The late Mr. Kelly, with his family, have for a number of years spent a great part of the summer season at Chemong, and there he became acquainted with a great many persons from Peterborough. He was widely popular with those who frequented the summer resort to the north. In company with Mr. Kondolf and family, also of Rochester, he has been a yearly visitor at Chemong, and last June gave a large dinner party to his friends there.

His death was due to appendicitis and was quite unexpected, as he was only taken ill on Friday.

The Rochester Post-Express says of him:

"In the death of John Miller Kelly the Rochester political world loses one of its most active and picturesque figures, a personality which was as potent in the councils of one great political party as in the other. For the last quarter of a century he has been in the fore front of the rough and tumble of practical politics, and always boasted that he gave as many hard knocks as he received.

"While he has been known as John Miller Kelly for years, he was born John Miller. His natural ability attracted the attention of the late James H. Kelly, and the latter adopted him and gave him a position of trust in the Kelly Lamp Company. Later on disputes over politics led to serious differences between Mr. Kelly and his protege, and the two parted company, the younger man retaining the name of Kelly, however. After leaving the Kelly company, John Miller, in company with his brothers Louis and George Miller, conducted a hat store in the Elwood building. About ten years years ago Mr. Kelly succeeded the late Valentine Flechenstein as president of the Standard Brewing Co., and sold out his hat business. Since that time his business energies have been devoted to the upbuilding of the Standard Brewery, in which he achieved great success. He has also been interested in loan companies, banking, insurance and other business enterprises.

"Mr. Kelly was born in Rochester in 1854, and had always lived here. He is survived by his wife (who was Miss Lena Daus), a daughter, Miss Mabel Kelly; three brothers, City Electrician Louis Miller, George Miller of the City Post Office, and Peter Miller. He was a member of the Holy Apostles church on Lyell avenue, and was prominent in C.M.B.A. circles. He was also a member of the Whist Club, and other social organizations."

The funeral took place this morning.

Croup Absolutely Cured.

There is no remedy in my opinion that can act more promptly than Dr Chase's Syrup of Linseed and Turpentine. It cured my son of croup absolutely in one night. We gave him a dose when he was black in the face with choking. It gave him instant relief and cure." — Mr. Wm. McGee, 49 Wright avenue, Toronto.

Salisbury's Son Is the Sensation of the Day's Business.

AMENDMENT DEFEATED BY 63

The Vote Shows That the Government Is Likely to Be Able to Hold Power to the Limit—Lord Hugh Cecil Revives the Gladstonian Style of Oratory—Persistent Conservative But Free Trader.

London, Feb. 17.—H. H. Asquith's amendment to the reply to the speech from the Throne was defeated in the House of Commons last night by a vote of 317 to 248. This amendment declared that the various aspects of the fiscal question had been thoroughly debated, and that the question should be submitted to the people without delay. The majority of 63, by which Mr. Asquith's amendment was rejected, is regarded as giving the Government the first move in the political game, and as finally disposing of any present prospect of dissolution of Parliament. In his reference to the colonial conference and the Opposition's amendment that British members of the conference should be instructed, Mr. Chamberlain in his speech yesterday asked whether the Opposition thought the men from the colonies would come to talk until black in the face knowing all the time that Great Britain's representatives had a mandate in their pockets not to give anything that was asked.

Salisbury's Son Is Strong.

The real event of the night's debate was the brilliant speech delivered by Lord Hugh Cecil, which is admitted both by friends and opponents to have been his finest oratorical effort, and one of the best speeches delivered in the House of Commons since the Gladstone-Salisbury period, and as placing Lord Hugh in the forefront of possible leaders of the Conservative party.

Lord Hugh Cecil is the leader of the Conservative free traders, and the Liberals had placed their hopes in him to turn out the Government. He disillusioned them by contending that the free trade cause would gain by keeping the present Government in office still longer, and while he pulled to pieces mercilessly his cousin Balfour's attitude on fiscal questions, he declined to vote for the Asquith amendment. The majority of Conservative free traders will follow Lord Hugh Cecil's lead, and apart from the possibility of some unexpected snap division, the government's position is considered safe.

The scene during Lord Cecil's speech was somewhat curious and was intensified by his peculiar habit of nervous gesture and physical characteristics, recalling the appearance of his father, the late Lord Salisbury, at the same age. Only a couple of yards separated him from Premier Balfour, sitting alone on the treasury benches.

"It is the business of a premier to make himself understood," said his lordship. "If he confesses that he has not been understood then he throws up the sponge."

Then he laughingly added that if Mr. Balfour would give him an office without a portfolio he would undertake to make his policy perfectly clear to the whole country. He feared, however, that his own ministerial career, though sensational, would be brief, and that the Government would soon be defeated. In conclusion, Lord Hugh declared that the free traders were winning all along the line. He had no intention, he said, of leaving the Conservative party. The Conservative free traders were the inheritors of true Conservative principles. In time, the speaker said, "You will forget our bad economics. The future is with us. It is needless that we secede from the party. Why should we symbolize mental stability by an act of physical motion?"

This speech practically concluded the debate and members trooped out to the lobbies discussing it with admiration.

Sir Henry Campbell-Bannerman and Premier Balfour spoke afterwards, but without any striking effect. Mr. Balfour referred to dissolution as coming "In the fulness of time," and made one personal point against Lord Hugh Cecil by stating, amid laughter, that it would be as difficult for his lordship to give a monosyllable answer to the question whether he was a ritualist as for himself (Balfour) to say whether he was a protectionist.

Will Investigate Oil.

Washington, Feb. 17.—President Roosevelt has directed James R. The investigation, by direction of the president, will be rigid and comprehensive.

FRICTION ABOUT FALL FAIRS.

Eastern Men Will Withdraw From the Central Association.

Toronto, Feb. 17. — The Central Fairs Association of Ontario concluded their annual session at Victoria Hall yesterday. The chief matters under discussion were the proposals to change the form of distributing the Government grant and to make no distinction between district and township fairs. No action will be taken on either of these points, but the association will wait for the Government to make an assertion, which it is hoped to be able to discuss at the next annual meeting.

R. B. Faith, of Ottawa, advocated a division of the association into East and West Ontario. He contended that Toronto was too far from the extreme districts. The meeting was not favorable to Mr. Faith's proposal, but the eastern men are determined and the Eastern Fairs Association will take the matter into its own hands and run an independent association.

These officers were elected: President, J. W. Shepherd, Cayuga; first vice-president, James Mitchell, Goderich; second vice-president, Rev. C.B. Clark, Metcalf; recording secretary, Alex. MacFarlane, Otterville; executive committee, John Farrell, Forest; W. B. Sanders, Stayner; William Alexander, Burk's Falls; R. Honey, Brickley; J. Thomas Murphy, Simcoe; W. Black, Parham; D. Quinlan, Barrie.

To Secure Safety of Trains.

Pittsburg, Feb. 17.—A ten-day test of the telautograph was opened here yesterday by the Pennsylvania Railroad, and while a final report will not be given until the end of the ten days, the test of yesterday was an unbounded success, and it is reasonably certain that unless something unforeseen comes up the telautograph will be adopted here, as it has been in the fog stations of St. Louis and New York. By the telautograph yesterday handled by J. B. Blunt, who conducted the experiments at the World's Fair, messages written on the transmitter were recorded simultaneously at various other receivers. These receiving stations were used in the test. The transmitter was placed in the office of the train despatcher and the receiving stations were in the office of the station master, the train-master and in a nearby tower. Experiments with longer distances will be made to-day and on succeeding days.

Trouble Now Averted.

Detroit, Mich., Feb. 17.—The executive committee of the Great Lakes Dredging and Tug Owners' Protective Association yesterday effected a wage agreement with the firemen and linesmen. On Monday the representatives of the owners and the employes seemed on the verge of a deadlock. In the agreement for 1905, wages for firemen remain at $60 per month and for linesmen at $40 per month. Incudnetal conditions as to hours and overtime are said to be equivalent to ½ per cent. increase for the men. Last week the dredge and ocean men secured a similar 7½ per cent. increase.

Losses Cause Suicide.

Listowel, Feb. 17.—Arthur Dowd, a popular Mornington farmer, committed suicide at his home yesterday morning. After breakfast he went to the barn to do his chores. Not returning, his sister, who had been keeping watch on him for some time, became alarmed. Search revealed his body suspended from a rafter in the barn. Melancholy, caused by real estate losses, and a heavy loss sustained by a cyclone in 1903, is supposed to be the cause. Deceased was an unmarried man and temperate. He was about 37 years of age.

Cameron M.P.P. By Two Votes.

Goderich, Feb. 17.—His Honor Judge Doyle handed out his judgment in the West Huron re-count, holding that M. G. Cameron had a majority of two of the total votes cast. Mr. Holmes gained three votes. Mr. Dickinson, counsel for Mr. Holmes, has given notice that he will appeal from his honor's judgment, to a high court judge at Toronto.

In the Garrow-Beck election of 1900 Mr. Garrow was declared elected by the casting vote of the returning officer.

To Parry Sound By September.

Ottawa, Feb. 17.—D. D. Mann, who was in the city yesterday, stated that the James Bay Railway from Toronto to Parry Sound, a distance of 150 miles, will be completed by September next. There are 1,200 men now employed on rock-cutting and other heavy work between the points named. Another large force is in the woods getting out ties. Five locomotives and 200 flat cars for construction work have been ordered for spring delivery.

ENNISMORE REMINDERS

Reminiscences of Rev. Father Keilty's Pastorate There

The Island Township Supplies the First Bishop of Sault Ste. Marie.

On Candlemas Sunday, 16 years ago, Father Keilty's pastorate expired in Ennismore. On that day he recapitulated the principal events in a beneficent pastorate, which had lasted not quite ten years. He spoke of the magnificent dwelling which had been built for the future pastors of Ennismore, with its charming grounds, covered by a wealth of trees, that constituted a thing of beauty and a joy for ever. He also spoke of the banishment, by a vote of the sovereign people, of liquor from the confines of the island parish, and whither it must be brought back nevermore.

He also spoke of the acquisiton of 15 acres of lovely land, adjoining the already rich domain of the church, and which had been purchased by the people for the support of the nuns, whenever the time came for the establishment of a convent in Ennismore.

Here were, he said, ample sources of gratification for him now, when the time had come to sever his connection with Ennismore. But a still greater source of gratification for him, he said, was the fact that a young man had been sent to college from Ennismore, who most assuredly had a great future before him. He had been always a glorious boy, and although he was not even a priest, yet still without being a prophet, or the son of a prophet, it was easy to predict for such a boy, that he would be one day not only a priest, but a bishop in God's church.

A pleasing commentary on the above is the fact that God willing, on Friday, Feb. 24th, Father Keilty, and many who listened to him on that well remembered Sunday, 16 years ago, expect to enjoy the supreme satisfaction of being present on Friday next, Feb. 24th, in the Peterborough Cathedral at the consecration of the Most Reverend D. J. Scollard, D. D., as first Bishop of the Diocese of Sault Ste. Marie.

Colds

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

Chamberlain's Cough Remedy

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.

HOCKEY

Peterborough's big bonspiel next week is already an assured success, as many entries from outside clubs has been received.

All local entries must be in the hands of the secretary, Mr. Knapman, not later than Monday.

Two rinks of Norwood curlers are expected to play a friendly game with Peterborough to-night.

CURLING.

Just a last word to remind the spectators of the game to-night that a request has been made that there be no smoking to-night at the game.

• • • •

The Young Ponies hereby challenge the Maple Leafs to a game of hockey to be played on the Y.M.C.A. rink as soon as possible and the return game to be played on All Saints' rink.

• • • •

To-morrow morning from 10.30 to 11.30 the Aberdeens and T.C.S. III. will play a game at the Brock street rink. Admission is 10 cents.

• • • •

To-morrow afternoon an interesting game of hockey will be played at the rink between the West Enders and the T.C.S. team of Port Hope. This should be a good contest as the local team has not lost a game this season, while the T. C. S. bunch is pretty fast. Ticket holders will be admitted free and spectators 15 cents, which also entitles them to skating privileges after the game.

• • • •

The Examiner wishes to express its regret regarding an error which yesterday crept into its account of the Guild League games of Wednesday evening in which it was stated that the decisions of the referee Mr. E. M. Best gave rise to considerable criticism. This statement, which it now appears is wholly erroneous was inserted most innocently by our sporting editor who was doubtless misinformed. Mr. Best's decisions gave such universal satisfaction that he is being strongly recommended as an official referee for the coming Stanley Cup games.

• • • •

Sporting Editor of Examiner:

Dear Sir,—Can you tell me if it is true that the Colonials and Earl Greys have clubbed to hire an engineer to draw a plan of the hockey rink so that they may know where the gets are situated?

Yours truly,
KARNOT.

Note.—Karnot seems to be unnecessarily sarcastic. Its a mighty good team that doesn't some time fall to score in a match and the score is not always an indication of the merits of the competing teams.

• • • •

The game to-night between Markham and Peterborough will commence at 8.30.

• • • •

MARKHAM TEAM WILL BE STRONG

Game Tonight Will Be Fast and Good Hockey.

The team for to-night's big game at the Brock street rink will be:—

Goal—Wasson.
Point—Glover.
Cover-point—Crowley.
Rover—Cavanah.
Centre—Morgan.
Left Wing—Graham.
Right Wing—Parnell.

The Markham team will be strengthened by the presence on the line-up of their cover-point, who was out of the game on Tuesday night, and his presence on the team will strengthen it very materially. This will without doubt be the best game this season, so far, and, the prospects are that the crowd will be a record one.

Both teams will be out to win, and the visitors, if they lose this game will be out of the running altogether, while of course the home seven are just as anxious that they should win out, and if they do, they will probably run up against Berlin in the next round.

The original intention was that the winners of the Peterborough-Markham group should play the winners of the Victoria Harbour-Thessalon group, but the probabilities are that the Harbour, which is looked upon as the winners will be given the bye, and consequently Peterborough, if they win to-night, will be given a week's rest, while the Berlin and Stratford-Goderich group is fighting it out. Berlin is looked upon as the winner, so that they will probably be the locals' next opponents.

TWO CITY LEAGUE GAMES

T. A. S. and Karnots Won Last Night.

Colonials Beaten by 5-0—Earl Greys Also Lose, Score 4-0.

Two City League games were played last night at the Brock street rink, the first between the Colonials and T.A.S, was won by the latter team by a score of 5-0, The second went to the Karnots who succeeded in winning from the Earl Greys, the score standing 4-0.

The line-up for the first game was:—

T. A. S.		Colonials.
	Goal	
Derocher		McCoy
	Point	
Meagher		Henry
	Cover Point	
Quigley		McWilliams
	Centre	
Keanneally		Roullis
	Right Wing.	
Rose		Foley
	Left Wing.	
Deforge		Callaghan
	Goal Umpires.	
Giroux		Hayes

The teams played six men a side. The play in the first half was not particularly fast, though some good individual rushes were made at times. The T.A.S. team's work was better than that of the Colonials. The first goal went to T. A. S., being scored by Rose, who did some effective work during the game, Score, 1-0.

Keanneally was responsible for the second, finding the nets after a nice dodging rush. Score, 2-0.

HALF TIME.

The play in the second half was somewhat better, both teams checking closely. The Colonials' defence, however, were unable to withstand the vigorous assaults of their opponents, who were playing a much better combination game. The first goal in this half was scored by Rose from a mix-up in front of goal. Score, 3-0.

Deforge secured the next, making a very pretty shot from the side, Score, 4-0.

The final one was placed in the nets by Keanneally whose rush down centre ice was one of the fastest in the game.

In the second game the line-up was as follows, though, at times during the second half this list would have represented very imperfectly the men actually engaged as on several occasions a very heavy percentage of both teams were resting on the boards.

Karnots.		Earl Greys.
	Goal	
Kingscote		Laing
	Point	
Dormer		Brand
	Cover Point	
Mulhern		McKee
	Rover.	
Gross		Gilbert
	Centre.	
Campbell		Cameron
	Right Wing.	
O'Dette		McFadden
	Left Wing.	
Gilman		Latimer

The game started by a number of rushes by the Karnots, which proved ineffective, however. Gilman was forced to retire for a time owing to a broken skate. McFadden went off with him. The first score was made by Campbell of the Karnots. Score, 1-0.

Some hard close checking followed the face-off in which Gilbert received a very nasty cut on the face forcing him to retire. Dormer took a rest for tripping. O'Dette also went off. Gross succeeded in landing another in the nets for the Karnots. Score 2-0.

HALF TIME.

Gross started off this half by again doing the necessary. His shooting throughout was very effective. Score, 3-0.

The next score was the result of a beautiful long lift by Dormer, sending it in from up in the Karnots' territory, Score, 4-0.

This completed the list of scores. The referee was a remarkably busy man during the balance of the game, and at times the seating capacity of the fence was taxed almost to the limit. Almost half the players occupying seats on several occasions.

Both games were refereed by Mr. H. Ford whose decisions gave universal satisfaction.

THE TOWN COUNCIL EXPRESSED REGRET

Sent Letter of Condolence to Mr. W. A. Eaton

The following letter of condolence was received by W. A. Eaton, from the Town Council of the Municipality of Ontbow, relative to the death of his wife, who was a sister of Mrs. T. J. Wallace, and Florence Miller, which occurred a few weeks ago:—

Ontbow, Assa., 26th January, 1905.

W. A. Eaton, Esq.,

Dear Mr. Eaton,—The Mayor and Council of the Town of Ontbow, have requested me to convey to you their sincere sympathy and condolence with you, in the great sorrow which has so recently come to you, in the death of your estimable wife. Not only as a body, but also individually, the Mayor and members of the Town Council beg to tender you their deep sympathy and regard, in which I hope you will allow me personally to join. We feel very keenly the sad bereavement which has taken away a dearly loved one from your home circle, and we sincerely hope that He who has seen fit to take away this loved one to be with Himself, will also be with you, to sustain and comfort you in this hour of trial.

Yours very sincerely,
JAMES D. MURPHY,
Secretary-Treasurer.

DEATH OF MRS. JAMES MOHER

Occurred in Douro on Thursday Morning—Funeral Tomorrow.

The death occurred in Douro at four o'clock on Thursday morning of Mary Sheehan, relict of the late James Moher, at the residence of Mr. and Mrs. Redmond Carey.

Deceased was 84 years of age, and died of senility, her demise being preceeded by no serious illness.

Left behind to mourn her loss are three daughters and three sons,—Mrs. Redmond Carey, of Douro; Mrs. Maloney and Mrs. McFadden, of Mount Pleasant; William and John of Douro, and Daniel of Peterborough.

The funeral will take place from the residence of Mr. Redmond Carey, 6th concession of Douro, son-in-law of the deceased, to-morrow morning at nine o'clock, and proceed to St. Joseph's Cemetery for interment. Requiem mass will be sung by Rev. Father Kelly.

NEW LIVERY FIRM READY FOR BUSINESS

Messrs. McCollum Brothers Succeed R. H. Leary.

Messrs. McCollum Bros., of Orillia, are now in full charge of the livery business formerly owned by Mr. R. H. Leary, and the prospects for the new firm are excellent. The members of the firm are both fully competent and experienced men, who have made a success of similar businesses in which they have been engaged in other towns. They now conduct a large livery business in Orillia, where one of the members of the firm will remain, while the other partner will look after the Peterborough end of the business.

Mr. Leary, their predecessor in the business recommends the new proprietors very highly, and they announce their intention of keeping nothing but the very best horses and equipments and will give a good service.

Don't forget the Concert in aid of the T. A. S. Military Band, in the T. A. S. Hall, on Monday, February 20th. Admission 25c., Children 15c.

CHANGED HANDS

McCollum Bros.

Formerly of Orillia, have pleasure in announcing to the citizens of Peterboro' that they have purchased the Livery Plant and business of Mr. R. H. Leary, 421 Water Street.

It is our intention to devote our personal supervision to this business, and to conduct it in the same painstaking manner which has made it the best equipped and best patronised livery in the province. We therefore solicit a continuance of the large trade which has been extended in the past to our predecessor.

McCOLLUM BROS.

CARD OF THANKS.

In connection with the above announcement of the McCollum Bros., I desire to take this occasion to thank the public of Peterborough most heartily for the generous patronage bestowed on me during the past eleven years.

I desire also to bespeak for my successors a continuance of that liberal patronage in the future, as I can conscientiously recommend them as practical and reliable livery men, and worthy of all the patronage that may be entrusted to them.

BARRIE'S
BIG "RE-MODELLING" REDUCTION SALE

This great money-saving Fur and Furnishing function sounds the right note of substantial economy.

If there ever was a sale in which miracles with money were performed it is in this big Sale of ours.

Furs of the finest qualities and of the highest class of workmanship, together with the more moderate grades of safely cheap lines, can be bought at much lower prices during the Sale than at any future period.

Big Reductions off regular prices are the order of the day throughout our entire stock.

Mink, Alaska Sable, Persian Lamb, Seal, Astrachan, etc., have all gone up in prices; the Fur Sales in London, England, just held showed an advance of from 10% to 50% in the different kinds. This means a very material increase in price on all Furs for next season.

This Re-modelling Sale to the prudent thrifty man or woman is a monumental money maker and they will do well to see to present, and anticipate future, needs in Furs and purchase now.

Men's Furnishings of all kinds—Hats, Gloves, Collars, Shirts, Ties, Underwear, Sweaters, etc., all at Clearing Reduction Prices as we must get them out of the way.

Our store is to be re-modelled and workrooms to be enlarged therefore we must clear out stock at once, as dust and dirt and lack of room compel us to.

CHANGED HANDS

McCollum Bros.

Formerly of Orillia, have pleasure in announcing to the citizens of Peterboro' that they have purchased the Livery Plant and business of Mr. R. H. Leary, 431 Water Street.

It is our intention to devote our personal supervision to this business, and to conduct it in the same painstaking manner which has made it the best equipped and best patronized livery in the province. We therefore solicit a continuance of the large trade which has been extended in the past to our predecessor.

McCOLLUM BROS.

CARD OF THANKS.

In connection with the above announcement of the McCollum Bros., I desire to take this occasion to thank the public of Peterborough most heartily for the generous patronage bestowed on me during the past eleven years.

I desire also to bespeak for my successors a continuance of that liberal patronage in the future, as I can conscientiously recommend them as practical and reliable livery men, and worthy of all the patronage that may be entrusted to them.

TO MANUFACTURE THE NEW BRICK

Company Being Formed to Make Sand and Lime Birck.

Plant Will Cost $30,000 and Will Be Located in Southwestern Part of the Town.

The prospects are that in the not distant future Peterborough will have another industry in addition to the many which the town can boast of at the present time.

On Thursday night a meeting of local capitalists was held to consider the advisability of organizing a company to engage in the manufacture of sand and lime brick. This is a matter which has been under contemplation for some time, and the prospects for large amounts of building being done in Peterborough in the near future has no doubt accellerated the action of the gentlemen in taking steps to form the company referred to. At the meeting which was held on Thursday night in Mr. R. F. McWilliams' office there were a large number of local gentlemen present, and among them Mayor Best, who is largely interested in the proposal to organize the new company. The net result of the meeting was that a committee of gentlemen has been appointed to go to Michigan to report on the feasibility of forming a company and to investigate the qualities of the briaks.

The capacity of the plant which it is proposed to erect there will be one which will manufacture from three to four million brick per year, and the machinery and building will cost in the neighbourhood of $30,000, but it is not expected that there will be any difficulty in securing that amount of capital.

The plant will probably be located in the south western part of the town where there is said to be almost unlimited qualities of fine sand which will be suitable for use in the manufacture of this product. The proportions of sand and lime used are, seven of sand to one of lime, and the product of this proportion is said to be highly satisfactory.

Sand and lime brick were first manufactured in Germany about thirty years ago, and was made first in localities where there was no good clay or a scarcity of good building stone, existed. The early method of manufacture, however, differed greatly from that employed to-day, chiefly, however, in the drying of the bricks after they were formed. In the early days the bricks were dried by being allowed to remain out in the sun, which process was a very slow one, for it sometimes required seven or eight months for the bricks to be thoroughly dried.

About 1880 the present method of drying the bricks was first used, that is, by the use of high steam pressure, and with the introduction of steam in the drying process, and the consequent cheapening of the product, the use of sand and lime brick became much more general, until to-day in the United States, and particularly in Michigan, it is used for the erection of numbers of large buildings, and, according to the information obtainable, is giving satisfaction.

The practice of manufacture now is that after the moulds have been made the bricks are subjected to a drying process for from 8 to 10 hours in a cylinder, after which they are taken out, and are ready for use.

They can be made in any shape or colour, with practically no addition to the cost. The price is about the same as clay brick, although it is stated that they can be manufactured much cheaper than clay brick.

It is claimed for the new brick that they will stand a high degree of heat and cold, and are used extensively for foundations.

The first place in America where these bricks were made was in Saginaw, Michigan, where a number of large buildings have been constructed of them, including a large power house, graphite works, and the Burt Manual Training School.

It is probable that in the near future a company will be formed of local capitalists to manufacture these bricks in Peterborough.

NOTED SAILING MASTER DEAD.

Capt. Robert Leach, of Cleveland, Ohio, had Relatives Here.

Mr. William Fowler and Mr. Geo. Fowler, of town, received word yesterday of the death in Cleveland, O., on Wednesday, of Captain Robert Leach, brother-in-law of the above named gentlemen. The deceased had been ailing for some time, and his death was consequently not unexpected. The deceased was a well-known sailing master on the Great Lakes, and frequently visited in Peterborough with his family, and by this means had become fairly well known to a number of Peterborough citizens. His wife is a sister of Messrs. Wm. and George Fowler of Peterborough; Mrs. W. Scott, of Smith; Mrs. A. Grant of Peterborough; Mrs. Richard Lillico, of North Monaghan; Mrs. John Dobbin of Manitoba; and Mrs George Tully of of Iowa, U.S.A. John Fowler of North Monaghan, and Jas., of Toronto, are brothers of Mrs. Leach.

The late Capt. Leach leaves a wife adn three boys to mourn his loss.

The funeral took place yesterday at Cleveland, Ohio.

THE LECTURE MUCH ENJOYED

Prof. Carruthers of Toronto University Spoke of Greek Sculpture.

Instructive Lecture Under Auspices of Fortnightly Club—New Members.

Prof. Carruthers of Toronto University, lectured last night at the Y.M.C.A. before an excellent audience upon Greek sculpture.

After a brief introduction by the President of the Club, Mr. Burnham, the lecturer opened by referring to the inartistic nature of the Anglo-Saxon, who was the lowest in the scale of all the European nations. Following a very interesting discussion of Beauty, and what it is, he introduced the history of Greek sculpture, by a reference to the influence of Egyptian art upon that of Greece. His slides showed the disposition on the part of the early Greeks to copy the rigid pose of the Egyptians, but about 400 B.C., the Greeks became emancipated, and produced works of art, such as the Hermes, the Pythian Apollo, and the Venus de Milo, which have furnished the standard of true artistic excellence ever since. Discoveries are continually being made in the most unexpected way. A Venus that had been thrown into the Tiber in the days of early Christianity, was dug up recently sixteen feet below the bottom of the river, in the course of the digging for a sewer. The evolution of art has exemplified perhaps more than any other form of progress, the expanding tendency of the human intellect. From architecture to the human form was a long step, and from the human form in rigid repose to it in motion, as in "The Runner," was an equally long step. To those whose artistic tastes had led them sufficiently far to be interested in the detailed history of Greek sculpture, nothing could have been more instructive nor delightful than Professor Carruther's lecture. In a few years a course of lectures of this kind might furnish a very respectable substitute for a post-graduate course at a university. People, however, are slow to realise their opportunities, and the thanks of the community are due to the Fortnightly Club for what we have already received.

At the close of last night's lecture, twenty persons handed in their names as members.

AN ADDRESS ON CONSUMPTION

Its Cause and Prevention Will be Dealt With by Rev. Dr. Moore.

On Tuesday evening, Feb. 28th, the campaign of education which the Peterborough Sanatorium Association has decided upon will open with a lecture by Rev. FREIGHT BUSINESS AT A STANDSTILL

Great Trouble Experienced by the Two Railways

Belleville and Lakefield Lines Tied up Some of the Incidents of the Recent Storm.

For the past week the railways have encountered all sorts of trouble because of the snow and wind. Traffic has been paralyzed; on some roads trains being six hours late, and on others a couple of days late, the roads being practically blocked. Bad as things have been for a week or more, yesterday and to-day saw the very worst as far as some of them are concerned.

As far as Peterborough is concerned, however, the conditions are not as bad as they were last winter, but those who have had much travelling to do during the last few days have found it anything but pleasant.

The Grand Trunk is hit the hardest, and on the Belleville line no trains have run to-day, while on the Lakefield Division the tie up is also complete, no trains having been run over it for some days now.

The Port Hope line is also suffering considerably, and the train due here at 8.15 this morning did not arrive until after noon. The train due at nine o'clock last night from Toronto to Port Hope did not come in until early this morning.

The freight business of this road, as far as Peterborough is concerned, is practically paralyzed, none either going out or coming in. It is said that west of Lindsay the line is in pretty good shape, but from that town east the trouble is serious.

The C. P. R. officials are meeting with fairly good success in their efforts to keep the line clear. The noon express to-day due at 11.35, arrived at 11.45 The efforts of this line, too, are directed to the passenger traffic, and no freight had gone through up to noon to-day. The midnight express last night left Toronto on time and reached here one hour late, and the Montreal-Toronto express this morning, due at 5.12, came in two hours late, in two sections. The local this morning was on time, but a number of passengers who evidently expected it to be late, were left.

Fifty men are engaged at present between Pontypool and Agincourt clearing the track. These men are living in a colonist car, and provisions are sent from Peterborough each day for them. Twenty-five Italians are kept at Havelock in a boarding car, and they are not idle.

The company expects that by the beginning, or at least the middle of next week, business will be resumed in the freight line.

The freight yards of Buffalo are again causing the Canadian roads much trouble. These yards are completely tied up, and great difficulty is experienced in securing the United States freight consigned to Canada.

THE NATIONALIZATION IDEA.

The following timely comment appears in the Globe:

Mr. Hyman should consider, in connection with the application for a new telephone charter, whether the time has not come to nationalize the long-distance system, and render great corporations superfluous by enabling all local telephone systems to attach themselves to it. This would be a measure displaying real statesmanship.

There seems to be soundness in the reasoning behind the comment of the Globe. It is not conceivable that a public utility, so indespensably necessary, and so largely employed, as the long distance telephone, should be, and remain, under private control. Such a condition is contrary to the spirit that influences the chartering of corporations to build and operate railways — the proviso in the latter case being stipulated that other railways should have, at least, running powers. In the case of Ontario, and as Peterborough is affected, it would be as desirable, as a matter of principle, to have only one line of railway running east and west as to have only one long distance telephone system, under individual corporate control. The nationalization of the long distance telephone can be accomplished without any injustice to its present owners, whose rights can easily be protected by the terms of the transfer. New telephone systems are inevitable, and the public interest will be served by nationalizing the long distance line, or, if this is not practicable at present, by giving other telephone companies, under fair conditions, rights of usage, or, in case that should be impracticable, the chartering of a company to build a new line. With the rapid growth of the country it will not be long before another line will be a necessity. The business men of Peterborough, and other towns, probably use the long distance 'phone on an average some two hundred times, a day, and, with only one line, long waits are inevitable. As the town grows this business will increase, and the pressure on a single line in proportion. The time will come, even supposing the long distance line is not nationalized, when the present owners will find it inadequate to meet the demands of its customers.

THE SOO INDUSTRIES.

In reference to a paragraph in this column in yesterday's issue referring, to what was regarded as a sensational statement appearing in the Mail and Empire, regarding the "Soo" industries, it is fair to state that that journal, the day following published a statement showing that the facts did not justify the inference to be taken from its article of the previous day. Therefore the comments of the Examiner based on this article are susceptible of corresponding modification. It is pleasant to learn from the second article in the Mail and Empire that the great group of industries at the Canadian "Soo" were never in a more prosperous condition than they are at the present time. This prosperity will very probably be enhanced by the discovery on the Canadian side of Bessemer ore making the steel-working plants of the "Soo" independent of outside supply, and will go far to insure a future of great prosperity, in the matter of the iron industry, especially.

The prosperity attending the "Soo" industries is in itself an ample justification of the action of the Ross Government in coming to the rescue of the industries and permitting of the resumption of operations. Mr. Whitney and his followers bitterly opposed this when in Opposition. Will they now recognize the wisdom of the enterprise shown by the late Government? If they do so — if they carry out with the same enterprise the energetic and ambitious development policy of the Ross Government, they will to that extent justify the confidence the people have so blindly, but let us hope, not unwisely, reposed in them. Shakspere suggests that there's little in a name. But there's a good deal in a name like that of the Ross Government—a good name for good administration and progressive government — and if their successors win as good a name in these regards, it will make less difference to the country at large what party label attaches to the Government of the Province.

'OBRIEN FAMILY WELL CARED FOR

Public Spirited Citizens Interest Themselves in Their Behalf.

The movement inaugurated by the ExaminerExaminer for the rendering of assistance to the O'Brien family, which unfortunately met with a serious loss recently by having their home destroyed by fire, has apparently borne fruit, for it is understood that a few public spirited citizens have taken the matter in hand and a considerable amount of money has been contributed, about $100 having been raised in this manner, in addition to generous contributions of household furniture, as well as clothing, etc.

In addition to these, private contributions have been made, one lady on Gilmour street receiving the contributions of the neighbours.

These have been given to the unfortunate family and have been received with thanks by them. They are now very comfortably situated and it is understood that they are now in a position which makes their loss through the fire very small, thanks to the kindness of the generous citizens of the town.

ALMOST READY FOR FURNISHING

The Y. W. C. A. Building is Now Nearing Completion

The House Committee of the Y.W. C. A. desire to announce that as the building is nearing completion, it is necessary that arrangements be made for the furnishing of the rooms.

The committee feel that very many of the citizens would like to assist in the matter. The custom in all public institutions is to have iron bedsteads, and in order to have uniformity in this particular, the committee intend purchasing these wholesale.

It is almost impossible to specify the articles required, but anything in the line of house-furnishings will be thankfully received. Donations in money or goods may be sent to the Y.W.C.A. rooms, over the Bank of Commerce, at as early a date as possible.

The official opening will probably take place about April 1st.

WOULD PAY A GOOD INTEREST

Proposal to Erect New Municipal Buildings.

Gentleman Would Pay $1,200 per year Rent for Opera House in New Building.

Ald. Johnston's plan for the solution of the fire hall problem has brought out a number of other alternative schemes, and to-day a gentleman waited on the Examiner to submit what he considers is the most feasible of those presented up to this time.

His plan is that the town should erect a new municipal building in which could be erected the new fire hall. He thinks, with a number of other citizens that the proposal to enlarge the present fire hall is one which would, if it were carried out, not be in the interests of the town because he considers that it is poor economy to spend money on an old building.

His plan is that the town should erect a municipal building, in which would be located the fire hall and firemen's quarters, town clerk's, treasurer's, tax collector's and engineer's offices, and council chamber and committee rooms could be located.

He also proposes that on the second story an opera house should be built and he offers to rent this from the town and pay $1,200 a year at least for it. He points out that this amount would pay four per cent. on an investment of $30,000, which he considers would go a long way towards the construction of the building, and in his estimation the town council would be conferring a boon upon the citizens by providing some place where public meetings, etc., could be held and where the people could be given amusements, such as are provided in other towns.

He points out that the present offices for the town officials are entirely inadequate to the needs, and that if the town continues to grow as it has during the last few years, and he thinks that the prospects are good for a continuance of this growth, it will only be a matter of a short time before new offices will be necessary. At the present time the office of the town clerk is too small for the work that has to be done, and extra committee rooms are necessary, for it frequently happens that two or more committees have to meet on the same night, and accommodation for them is too limited.

And, further, he points out that the offices of the tax collector and engineer are not at all convenient or comfortable, and that it is unbecoming a town of the size and importance of Peterborough to have such offices as these men now have to put up with.

He further contends that the building at present used by the town officials and fire hall could be rented and the revenue which could be derived from them would represent an investment of, say, $20,000 more, which, with that represented by the $1,200 which this gentleman would pay for the rent of the opera house, would give $50,000, an amount which he considers would almost pay for the erection of the new municipal buildings.

For the present this gentleman wishes his name kept secret, but, should this proposal meet with favour, he is quite prepared to enter into a business arrangement with the council.

The grand concert under the auspices of the Young People's Aid which was held in the hall on Monday evening was a pronounced success. A large crowd were present.

Mr. Harry Turner, of North Monaghan, has been visiting at Mr. M. E. Hutchinson's during the past week.

Mr. Francis Johnston, of Ballieboro, has been stopping at William Hutchinson's for a few days. He expects to soon be busy at tree pruning.

The people here are highly elated at Mr. R. R. Hall's success in getting a daily mail service for Fraserville. It will be greatly appreciated by the people around the village.

THE CANADIAN SOO INDUSTRIES BOOMING.

Not Affected by Bad State of Michigan Dam.

"The despatch from Philadelphia published in yesterday's issue of The Mail and Empire reporting the meeting of the shareholders of the Michigan Lake Superior Power Company, at which Mr. C. D. Warren, acting as receiver for the company, emphasized the necessity for further expenditure on the power dam, has created the impression that the Canadian industries at the "Soo" are thereby affected. The impression is an entirely erroneous one. The meeting had absolutely nothing to do with the financial matters of the Lake Superior corporation or any of the Ontario industries at Sault Ste Marie. Nor does the Michigan company supply power to any of the Canadian industries."

This explanation is made by the Mail and Empire, which also prints an interview with Mr. N. W. Howell, counsel for the Lake Superior corporation in which he makes the following statement:—

"The industries at Sault Ste. Marie, Ont., have never been more prosperous since the re-organization than they are to-day. He was advised by Mr. Warren that the steel rail mill had made during the present month the best record since the plant had been operated. The blast furnaces also exceeded all previous records. The rail mill already had orders which would keep it running at full capacity until the 1st of September next, and the other industries were also operating under like satisfactory conditions."

WAS MARRIED IN LINDSAY.

Mr. Neil Tobin Weds Miss Sadie McDonell.

A very pretty wedding was solemnized in St. Mary's church this morning, when Miss Sadie McDonell was united in marriage to Mr. Neil Tobin, of Peterborough. Ven. Archdeacon Casey performed the ceremony in the presence of a large number of invited friends.

After the usual congratulations the wedding party, numbering about thirty, drove to the home of the brides' parents, King street, where a sumptuous wedding breakfast awaited them. The bride was assisted by her sister, Miss Georgina McDonnell, while Mr. James Fox was groomsman. The bride looked charming in a costume of grey ladies' cloth, with large picture hat to match, while the bridesmaid was becomingly attired in brown ladies' cloth, with picture hat to match.

The bride was the recipient of many handsome and costly presents, showing the high esteem in which she is held. The groom's gift to the bride was a handsome gold watch, to the bridesmaid a gold bracelet, and to the groomsmen a diamond scarf pin. Amid showers of rice the happy young couple left on the 11 o'clock train for Belleville, Kingston and other eastern points. Upon their return they will reside on Hunter street, Peterborough.—Lindsay Post.

LOCAL STOCK MARKETS

Friday, Feb. 17th.—Indications are that the reaction of yesterday will be carried further to-day under the attempts of the bears to follow up the slight advantage gained then, but nothing had developed to cause a general selling movement and it is doubtful if this last bearish attack meets with any more success than have similar attacks. The reported corner in the May wheat option at Chicago should have no influence on the stock market. Sentiment continues bullish on Un. Pac. PATRONS AND GRANGERS.

Oppose Free School Books and Railway Subsidies—Elect Officers.

Toronto, Feb. 18.—The Dominion Grange and Patrons of Industry concluded their thirteenth annual session at the Albion Hotel yesterday and placed themselves on record as opposed to the state furnishing school books to scholars in the public schools of Ontario. They are also opposed to the newer system of education inaugurated at Guelph in connection with which busses are run to bring to and take children from school.

The committee on legislation waited on Premier Whitney in the afternoon. They reported: "That we consider the unequal proportion in which the burden of taxation is at present adjusted as between farmers and railways, telephone and telegraph companies to be one of the greatest grievances of which farmers have to complain. We recommend the new Government in this province be requested to present a measure at the coming session with the essential features of the Pettypiece Bill."

The committee views with alarm the several proposals looking towards an increase in the burdens already imposed upon the farmer in the form of Dominion taxation. Among the proposals referred to are: To place an import duty on No. 9, 12 and 13 wire, now free; to put a tax on binder twine, and to levy an import duty on lumber. They protest against adding the above articles to the list of taxed articles, and are also opposed to any proposal looking to a restriction by Parliament of the markets the farmers sell in. A serious restriction would be imposed by putting an export duty on wheat. Protests are also made against the granting of subsidies to railway promoters and bounties to iron manufacturers.

The report said: "In view of the fact that even Cuba can secure railways without bonusing them, the Grange emphatically declares that the time has come when an end should be put to the granting of land to railway corporations; and that where aid is necessary it should take the form of a loan, to be repaid with interest."

The Dominion Parliament will be urged to enact a law limiting the speed of trains crossing streets in villages and towns, and the railway commissioners will be urged to adopt measures to prevent the loss of life by shunting at crossings.

A local law which the Grangers want changed is the Assessment Act. A secret ballot will be welcomed. They recommend that the Dominion Government take over trunk telephone lines in order to facilitate the formation of municipal or co-operative telephone systems.

Election of Officers.

The session adjourned to meet next year at the same place after electing the following officers: Master, Henry Gross, Lefroy; overseer, Thos. McMurphy, Loree; secretary, Wm. Fisher, Burlington; treasurer, Jas. Fallis, Newbridge; chaplain, S. Goodfellow, Duncan P.O.; lecturer, Jas. Glenn, Glenworth, P.O.; steward, Albert Caruthers, Whitby; assistant steward, J. G. Lethbridge, Strathroy; gatekeeper, W. A. Coulter, Painswick. Lady officers: Ceres, Miss Cowan, Whitby; Pomona, Miss L. Brennan, Whitby; Flora, Mrs. E. Brennan, Whitby; lady assistant steward, Mrs. Warnica, Painswick; executive; Wm. Fisher, Burlington; Jabel Robinson, Middlemarch; auditors, F. M. Warnica, and W. Ralston.

Croup Absolutely Cured.

There is no remedy in my opinion that can act more promptly than Dr Chase's Syrup of Linseed and Turpentine. It cured my son of croup absolutely in one night. We gave him a dose when he was black in the face with choking. It gave him instant relief and cure." — Mr. Wm. McGee, 49 Wright avenue, Toronto.

KILLED BY A BOMB

Czar's Uncle and Brother-in-Law Dies by Assassination.

GRAND DUKE SERGIUS FIRST

His Body Blown To Fragments and His Head Severed—Was Driving Outside the Kremlin Walls When Fate Overtook Him—St. Petersburg and Moscow In State of Terror.

Moscow, Feb. 18.—While Grand Duke Sergius was driving yesterday from the Nicholas Palace through the Senate quarter, his carriage was followed by two cabs. At the Law Courts a sleigh in which were two men, one of whom was dressed as a workman, went quickly ahead of the Grand Duke's carriage. The sleigh then slowed up to allow the carriage to pass, and at that moment a bomb was thrown beneath the carriage. The force of the explosion broke all the windows of the Law Courts and the report was heard outside the city.

The carriage was blown to pieces, nothing but the four wheels remaining. The horses were not hurt and bolted.

The Grand Duke was instantly killed. His head was blown off actually being separated from his body, which was frightfully mangled.

The coachman was also killed. He was so frightfully burned by the explosive with which the bomb was charged that he died while being taken to a hospital. The murderers were arrested.

Sensation in St. Petersburg.

St. Petersburg, Feb. 18, 4.50 p.m. —The news of the tragedy in which Grand Duke Sergius was blown up created a tremendous sensation in St. Petersburg, where the announcement by telephone from Moscow arrived during the afternoon.

Owing to the intense excitement prevailing at Moscow, few particulars are ascertainable.

The tragedy in reality was no great surprise, as it was known that the terrorists had already condemned

GRAND DUKE SERGIUS

the Grand Duke to death, and ever since the affair of January 22 the inauguration of a bomb-throwing campaign had been expected.

Grand Duke Sergius, who was a brother-in-law, as well as uncle, of the Emperor, and who had exercised immense influence at court, was regarded as the most reactionary of the Grand Dukes.

Persecuted Jews and Students.

As Governor-General of Moscow, the Grand Duke Sergius was intensely unpopular. His advent as Governor-General was followed by expulsion of the Jews from the central Provinces, and throughout the Administration his rigorous and harsh measures aroused the greatest hostility, especially among the students. Two years ago, after the students' riot, in which many were killed or wounded, several hundred expulsions to Siberia followed under the orders of Grand Duke Sergius and General Trepoff, now Governor-General of St. Petersburg, but who was then Chief of Police of Moscow. As there were many threats made against his life, the Grand Duke was obliged to flee to his summer residence, twenty miles from the city. During the recent strike disturbances the Grand Duke left the Diskoutchny Palace on the outskirts of the city, where he had been living, and took refuge inside the ramparts of the Kremlin, where he had since lived in what is known as the little palace, opposite the famous statue of Alexander II. The trip to the Kremlin on that occasion was made at night, between solid lines of troops.

Wealthy and Handsome.

Grand Duke Sergius was the wealthiest member of the Imperial family. He was tall, handsome, and cordial in manner, in spite of the ruthless fashion in which he exercised his authority as Governor-General. He was childless, but had adopted two children of his brother Paul, who was banished on account of a morganatic alliance. Sergius' record as a soldier was not brilliant. He suffered a disastrous defeat at the hands of General Kuropatkin during the famous Kourak manoeuvres.

Revolutionists Decreed His Death.

The Grand Duke is understood to have been condemned to death by the revolutionary party in December last.

The Governor-Generalship of Moscow was abolished early in the year, and the Grand Duke, according to despatches from Moscow on January 4, kept closely to the well-guarded Mokouski Palace on the outskirts of Moscow, retaining his position of commander-in-chief of the military district. Later in January, however, it was announced that the Grand Duke had sought refuge in one of the palaces of the Kremlin. He has been classed as the most reactionary member of the Imperial family, as the head of what is referred to as the war party, and has been stigmatized by the Liberals as Russia's evil genius.

Grand Duke Sergius was born in 1857, and was married in 1884 to Princess Elizabeth of Hesse-Darmstadt. They have no children.

Explosive's Frightful Power.

The deed was committed by a single terrorist, who threw beneath the Grand Duke's carriage a bomb charged with the same high power explosive which wrought Minister Von Plehve's death. The missile was loaded with nails and fragments of iron, and its explosion tore the Imperial victim's body to ghastly fragments, which strewed the snow for yards around. Every window in the great lofty facade of the Palace of Justice was shattered and bits of iron were imbedded deeply in the walls of the arsenal, a hundred yards away.

The assassin belongs to the noted "Fighting group," of the Socialist revolutionary party, which has removed other prominent officials, and long since passed sentence of death upon Grand Duke Sergius.

Grand Duchess Elizabeth, who had been engaged in the task of preparing comforts for the sick and wounded Russian soldiers in Manchuria was about to drive to the palace to join her husband. When she heard of what had befallen the Grand Duke she was driven in haste to the scene of the tragedy and knelt hatless and coatless on the bloodstained snow and murmured prayers for the welfare of the soul of her slain consort.

King Edward Sympathizes.

London, Feb. 18.—King Edward as soon as he was informed of the assassination of Grand Duke Sergius at Moscow telegraphed to Emperor Nicholas expressing his horror and sympathy.

Pope Is Saddened.

Rome, Feb. 18.—The Pope, on learning of the murder of Grand Duke Sergius, yesterday, said: "How sad it is that people think they can find relief in violence."

Students Did It.

Washington, D.C., Feb. 18.—United States Ambassador McCormick cabled the State Department yesterday from St. Petersburg as follows: "Grand Duke Sergius assassinated at Moscow yesterday by bomb. Waylaid by three students, one of whom threw bomb, two of them killed."

Japs and Russians Clash.

Tokio, Feb. 18.—The following official announcement was made here yesterday: "On Thursday the enemy's artillery bombarded our positions in front of Shaleopao, Hanchanpao, Mengtapao, and their vicinities. Yesterday at 5 in the morning the officer in command of our scouts encountered and repulsed a detachment of the enemy's infantry about 100 strong, near Pinniulupao. The enemy had come southward since Wednesday and retreated north to Liukanfang, ten miles northwest of Chitaitse."

AN EDITOR'S EXPERIENCE

In the Treatment of Humours with More Than Magical Effect with

CUTICURA REMEDIES.

A Remarkable Testimonial from a Most Intelligent and Trustworthy Lady.

"A tumor came on my neck and in a day or two it was as large as half an orange. I was very much alarmed for fear it was malignant. My friends tried to persuade me to consult my physician; but dreading that he would insist on using the knife, I would not consent to go. Instead, I got Cuticura Resolvent and Cuticura Ointment. I took the former according to directions, and spread a thick layer of the Ointment on the swelling. On renewing it I would bathe my neck in very warm water and Cuticura Soap. In a few days the Cuticura Ointment had drawn the swelling to a head, when it broke. Every morning it was opened with a large sterilized needle, squeezed and bathed, and fresh Ointment put on. Pus and blood, and a yellow, cheesy, tumorous matter came out. In about three or four weeks' time this treatment completely eliminated the tumor. The soreness that had extended down into my chest was all gone, and my neck now seems to be perfectly well.

"About five or six years ago my sister had a similar experience, used the Cuticura Remedies with magical effect. I am willing you should use my testimonial, with the further privilege of revealing my name and address to such persons as may wish to substantiate the above statements by personal letter to me." Chicago, Nov. 12, 1902.

Cuticura Resolvent, Pills and Ointment are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney; Boston, 137 Columbus Ave. Potter Drug & Chemical Corp., Sole Proprietors.

IMITATING THE JAMES GANG.

Six Men With Revolvers Held Up Twelve and Secure $800.

Chicago, Feb. 18.—Twelve men were held up by six armed robbers in the office of Max Mildenberg, Clybourne Place and Hawthorne street. The highwaymen fired several shots as they entered, wounding two persons. They knocked another unconscious with a blow from a revolver. They then took more than $800 and escaped.

There were four men in the office when the robbers entered. Without warning the six robbers appeared and began firing. Julius Bensey, a clerk, and Mildenberg, dropped to the floor to escape the bullets, but two foremen were struck and slightly wounded. After the shooting the robbers ordered the four men to hold up their hands.

At this point eight of the drivers and fillers who were in a barn at the rear ran in. Revolvers were pointed at them and they were told to "line up" against the wall.

While two of the robbers kept the victims in subjection, the other four took Bensey into the inner office and ordered him to open the safe. An inner compartment remained locked, which contained only the private papers of the proprietor Bensey was commanded to open this, and when he said he could not two of the robbers struck him with their revolvers, making him unconscious. They then carried him to the outer office, where they forced the twelve men to lie face downward on the floor until they could be searched. When they secured all the plunder they could find the robbers ran out.

London Season Opened.

London, Feb. 18.—The first court of the year was held in Buckingham Palace last night. It was exceptionally brilliant and essentially diplomatic function. The attendance was large, with a particularly full representation of the Embassies. King Edward and Queen Alexandra were accompanied by the royal circle, the only absentee of which was Princess Victoria, who has not yet recovered from a recent operation. There were a large number of presentations, including Princess Edna of Battenberg and Lady Eileen Wellesley. The front of Queen Alexandra's gown was a blaze of jewels, with a beautiful single diamond of great size in the centre of the corsage.

Date Not Yet Decided.

Toronto, Feb. 18.—At the close of yesterday's meeting of the Provincial Cabinet the Premier announced that he had no news to give out. The next meeting will be held on Thursday when it is expected the date of the opening of the session will be fixed if the Ministers are all re-elected. There is some talk of opposition to Hon. Nelson Monteith in South Perth, and a convention of Liberals of that riding will be held on Monday next. Hon. Mr. Whitney expects to go home to-day to remain until after the nominations on Tuesday.

Almost a Miracle.

Toronto, Feb. 18.—A team of horses attached to an empty carriage ran away from in front of the Rossdale Hotel on Thursday and went east along the C.P.R. tracks for three miles, to Leaside, before they were stopped. They crossed two bridges, each over 100 feet high and 100 yards long, but were lucky enough to avoid going between the ties.

Why, Of Course.

The teacher had been talking about a hen sitting on eggs and, with the Incubator in his mind, asked if eggs could be hatched in any other way. "Yes, put 'em under a duck," was the response.

Colds

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

Chamberlain's Cough Remedy

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.

GUELPH DIVINE TO PREACH HERE

Rev. Gilbert S. Davidson Will Spend Sunday in Peterborough.

To-morrow in St. John's church sermons will be preached at both services by Rev. Gilbert S. Davidson, of St. Georges, Guelph, and late lecturer of Trinity University. On Monday night Rev. Mr. Davidson will lecture in the school house on "Paris." This lecture will be illustrated, and should be most interesting. During his stay here Mr. Davidson is the guest of Mr. and Mrs. K. Hardley-Wilmot.

Saturday Night Tip.

Of course your Sunday reading will be uppermost in your mind to-night —and we have it all laid out for you ready to hand out. Then, there are numerous lines during stock-taking that we hate to hand over to you, less the profit. Our Saturday night Bible sale will also be an attraction $1.50 Teachers' Bibles, with the Dominion index, for $1.00; and $1.75 Bibles for $1.35. We have had a lot of experience with fountain pens, but our "Dollar Special" Pen, is a winner. A. H. Stratton & Co.

TO-DAY'S MARKET.

The Price of Butter and Eggs Has Soared.

The market this morning was the smallest in years, this being accounted for by the state of the roads which are completely blockaded in many directions. Those who braved the drifts to bring in farm produce were rewarded for their extra exertions by the prices realized. This was especially so in the case of those who had butter and eggs to dispose of, as these necessary commodities brought almost fabulous prices.

Butter was very scarce, the price being in the 40c. region, though considerable was disposed of at 35c. In some quarters demands for 45c were heard. Eggs were also difficult to acquire without a large-sized bank account. The prices asked for the few which were offered were from 30c. to 35c. Very few chickens were to be seen $1.00 to $1.50 a pair was the usual price asked. Turkeys went at from $2.50 to $3.00. Potatoes, which were also scarce brought 80c per bag. A few apples were offered the usual prices being $1.00 for Northern Spies and 60c. for Tallman Sweets. Pork, of which the quantity was also very limited, was 8c and 9c. Beef was more plentiful, and was disposed of at 5c and 6c. Oats still remain at 40c.

BURGLARY AT CLINKSCALE'S MILL

Was Broken Into Last Night—Number of Tools Were Taken.

Clinkscale's planing mill, on the Dickson race, fifth ward, was last night burglarized, and a number of carpenter's tools, consisting of saws, planes, hammers, compass, and a few minor articles, taken.

The theft occurred during the night. No trace of the perpetrators has yet been discovered, but as the articles stolen all bear private marks, it is hoped that they will be recovered shortly.

Why a Torpid Liver Makes the Temper Bad

The Real Cause of Indigestion, Biliousness and Constipation Due to Inactivity of the Liver—Dr. Chase's Kidney-Liver Pills a Great Liver Regulator.

"Oh, it's his liver is bad," you say when you find a person cross and disagreeable without apparent cause.

This is a common saying which is founded on scientific facts.

The liver, when in health, filters bile from the blood—where it is poison—and pours it into the intestines—where it is necessary to digestion and a proper working of the bowels.

Once the liver becomes torpid and sluggish in action the "bile poison" is left in the blood, where it causes biliousness, jaundice and headache.

The flow of bile to the intestines being cut off, the food is delayed in the canal, and fermentation instead of digestion takes place.

The result is sour stomach, flatulency, feelings of weight and oppression, smothering sensations in the chest, dizziness, loss of appetite, drowsiness after meals, despondency and bad temper.

Symptoms :

Coated Tongue.
Headache and Indigestion
Sour Stomach.
Muddy Complexion.
Wind in the Stomach.
Feelings of Weight and Oppression.
Smothering Sensations in the Chest.
Pains Under Left Shoulder Blade.
Drowsiness After Meals.
Despondency, Bad Temper
Biliousness, Constipation.

By setting the liver right Dr. Chase's Kidney-Liver Pills positively overcome these symptoms and bring about a thorough and lasting cure.

It is a common mistake to dose the stomach and overlook the liver—the real cause of such troubles.

Dr. Chase's Kidney-Liver Pills are made to act directly on the liver because the liver really controls the digestive organs as well as influences the kidneys and bowels.

By the use of this great family medicine you cleanse and purify the organs of digestion and excretion, and ensure a natural, healthful working of these organs.

Make a test of Dr. Chase's Kidney-Liver Pills, and you will find a cure for indigestion, biliousness and constipation and remove the cause of much ill-temper and unhappiness of life.

YOUNG LADY'S SAD EXPERIENCE

Went From Bobcaygeon to Toronto and Met Her Fate.

St. Valentine's Day Brought Her Sorrow—Love Story of The Wire

A young lady living near Bobcaygeon went to Toronto to work as a telegraph operator and the Toronto News said of the circumstances in last night's issue:

St. Valentine's Day was anything but a joy to one of the lady operators in the Great Northwestern offices on Wellington street. Indeed, this young lady—who in this must be nameless—found the happy festival an occasion for the profoundest sorrow. Where others rejoiced over innocent gifts she was sad over the sorrowful tidings that her lover, to whom in a few months more she would have been married, was dead.

THE ROMANCE OF THE TELEGRAPH.

The telegraph sounder has been responsible for many of the prettiest romances of modern life, not only on the prairie and in fiction, but in the actual everyday life of the big city. It is partly the romantic interest attaching to the telegraph that has attracted so many girls into the business. The fascination of talking over the wire to a man she has never seen, perhaps never will see, has made the click of the sounder a siren's call to many a girl. Many a lady operator has struck up a lifelong acquaintance with an operator somewhere on her beat whose first intimation to her was in dots and dashes. Many of these acquaintances have developed into friendships; not a few into marriages. And on St. Valentine's Day many have been the unwritten valentines innocent of printer's ink or decorator's art, sent over the wires by young people whose first acquaintance came over the sounder.

Experienced operators aver that the touch of a correspondent becomes as familiar as his handwriting. An operator who for years had been in Montreal, for instance, and suddenly shifted to Winnipeg, could be located instantly by the sound of his "handwriting" over the wire.

Is it not wonder that from repeated correspondences over the wire a young man often gets an insight into the character of a young lady on his "beat" that he might not get even in the letters? The next step in a few dots and dashes requesting an exchange of photographs. And even without the formality of letters an engagement may be consummated.

THE TALE OF A MAY DAY.

It was on a bright May day of 1904 when Miss L—— came to the office of the G.N.W. She had been an operator in the north country, somewhere round Bobcaygeon. As she was an expert operator she had no difficulty getting a desk in the head office. She was put on the Woodstock line. The busy click and clash of the big office with its scores of transient instruments, all clattering at once, was a vast change from the lonely quiet of the little station in the north country. It was something of a new world to Miss L——; less of nature but more of life; no longer the call of the frog in the spring day and the shouts of the village children in the gloaming; but the impetuous rush of a city and the nervous intensity of a big office with its tentacles on almost every town and hamlet in the country.

Perhaps a telegraph office with as much noise in it as an average factory is a strange place for a girl to fall in love. But there were already several girls in the office who had on their beats gentlemen friends they had never seen. Some had even got married as a result of much intimacies.

A CALL FROM WOODSTOCK.

Miss L's fate spoke to her over the wire from Woodstock. Just what was the first message she ever received over that wire even she has probably forgotten; and it may have been weeks before she was able to distinguish the click of the sounder when "Mr. C." was at the other end. But there came a time during last summer when the click of that sounder began to mean more to Miss L. than any other sound in the world. Sometimes there were lulls in the day's work when with fifty machines rackety-ing about her in that big room she had time just to gossip over the wire with Woodstock—when as yet she had got seen Mr. C.

Photographs were exchanged. This was before October last. Last October, Mr. C. came to Toronto. In the office of the G.N.W. he was formally introduced to the young lady, who for six months he had known over the wire. He stayed but a short time, and returned to Woodstock. The "little birds" who are so often seen about a big telegraph office whispered that there was already an engagement.

STRANGE SOUND AT THE CLICKER.

Weeks ago there came a message from Woodstock that Mr. C. was ill—but it was another operator's hand that sent it. Day after day came the strange click of the sounder, how different from the original none but Miss L. could know. The old familiar touch never came back to that sounder. A message came that Mr. C. was worse. Two weeks ago Miss L's desk was vacant for the first time. She had gone to Woodstock. In a day or two she was back; to those who knew her best less cheerful than before, but still hopeful. And day after day came messages with all their various story of hope and fear—sometimes one, more often the other.

THE SAD VALENTINE.

St. Valentine's Day was coming near. Would he be able to send a valentine—his first? Bright and early Miss L. was at her desk, listening to the sounder, waiting between messages for some word from her lover. The morning wore away—no word as yet. Other girls in the office had already received valentine messages. Miss L. could tell that by their faces. To thousands of people the world was as full or gay as it had been to her but a few months before.

Eleven o'clock. The sounder at Miss L's desk clicked out this: [illegible] and the reading of it was "C. died this morning."

Since yesterday noon Miss L's desk in the G. N. W. offices has been vacant. She is in Woodstock. And to her the world just now is mostly "the touch of a vanished hand and the sound of a voice that is still."

THE LARGEST DIAMOND

ONE WEIGHING OVER 25 OZ. FOUND IN SOUTH AFRICAN MINE.

Nearly Double the Size of the Braganza Diamond Found in Brazil During the Eighteenth Century—The Famous Kohinoor, Which Is Said to Have a History Dating Back 3,000 Years B.C.—Other Noted Stones.

A Johannesburg correspondent on the 28th Jan., 1905, telegraphed the news that a diamond weighing 3,-030 carats had been found in one of the mines. As he says, this is by far the largest diamond ever mined, and its value may surpass that of the most famous jewel in the world, although it remains to be seen how successfully it will withstand the ordeal of cutting. The despatch goes on to say, "The largest rough diamond hitherto found was in Brazil in the 18th century. It weighed 1,-680 carats, or 14 ounces, was sent to the court of Portugal, to which nation Brazil then belonged, and was variously valued by experts away up in the millions. But it turned out to be worth only $2,-000,000, as it was not brilliant."

The Braganza Diamond.

The words "only $2,000,000" will strike the reader as humorous, for as a matter of fact no diamond ever sold for any such price, nor can any be said to be worth a million dollars. At the same time $2,000,000 would not buy the Kohinoor, nor would it buy one of the historic busts in Westminster Abbey. This famous Portuguese stone is known as the Braganza diamond, and no one knows just what it is. When it was found in Brazil the diamond dealers of that country estimated its worth at $1,395,000,000! There is no reason why they should have shrunk from adding a few more ciphers to this figure, but the probability is that $395 more nearly represents what the stone would bring at auction. It is supposed to be nothing but white topaz, but the Portuguese Government refuses to permit any expert to examine it. Therefore diamond dealers draw their own conclusions, and they are not favorable to the genuineness of the celebrated Braganza stone.

The Famous Kohinoor.

Probably the most famous diamond in the world is the Kohinoor, now in the British crown. It is nominally valued at $700,000, and is famous not so much for its size as for its marvelous purity, and interesting for its historic associations. This diamond, like all the most beautiful stones in the world, is of Indian origin, and is said to have a history dating back 3,000 years B.C. Certainly its movements from 56 B. C. are known, and a detailed account of its vicissitudes would fill a book. It was the cause of wars, and murders, and was, altogether, the liveliest political issue of its day. Originally owned by an Indian potentate, it fell into the hands of a Persian monarch. His grandson tried to will it away at his death, and nodded his wishes, but the Grand Treasurer refused to recognize the signal, and it remained in Persia for many centuries. Later on it found its way back to India, and was confiscated in the Lahore treasury in 1849 by the British Government, on high moral grounds. On June 3, 1850, the famous stone was presented, in its rough state, to Queen Victoria. It was of irregular shape, and somewhat marred by fissures, and after serious consideration it was decided to have it cut by the famous Mr. Costos, of Amsterdam. The Duke of Wellington himself put the stone on the cutting wheel, and in 38 days the operation was completed. The cutting was marvelously done, and to-day the Kohinoor as a model of purity and the diamond polisher's art is unrivaled among the world's great jewels.

The Orloff Diamond.

The Orloff diamond, which is the most famous of the Russian royal gems, is set in the Czar's sceptre. Originally it formed one of the eyes of Brahma's idol in the Temple of Seringham. Here it was seen by a soldier in one of the French garrison in India, and by him greatly desired. Pretending to become a convert, he was able to worship before the idol, and seizing a favorable opportunity, he pried out the eye of the god, and made off, after vainly attempting to steal the remaining optic. The thief sold the stone to a captain in the English navy for $10,-000, and for five times this sum it passed into the possession of an Armenian dealer, who took it to Russia and offered it for sale to the Empress Catherine. She offered him $400,000 cash, $18,000 a year for life, and a patent of nobility for the stone, but he refused, although soon after he sold it to Gregory Orloff, a royal favorite, for these sums, without the title. Gregory soon found an opportunity of presenting the stone to his royal mistress, and thus it found its way into the royal collection, where it perpetuates the name of the obscure artillery officer who became the favorite of a wonderful woman, assassinated a Russian Emperor and founded a dynasty. The Orloff diamond is shaped like the half of an egg, is rose cut, and weighs nearly 200 carats. It is thought to have been part of the famous Great Mogul diamond, an Indian stone of the same shape, which weighed 900 carats originally, but through unskillful or too expert cutting was reduced to 297 carats. The cutter narrowly escaped with his life from the enraged Indian potentate who owned the Great Mogul.

Some Other Noted Stones.

The French Regent, or Pitt diamond, now in the Louvre, weighed 410 carats in the rough, and was mined near Golconda. It cost $20,-000 and two years' work to cut it. Then it was bought by the great Earl of Chatham for $60,000, and by him sold to the Duke of Orleans for $648,000. It was the general opinion that Pitt had stolen the gem, and he found it necessary to issue a pamphlet in which he explained how it had come into his possession. After the fall of Louis XVI. the Pitt diamond was guarded by soldiers, and any citizen was permitted to hold it in his hand if he so desired. Napoleon had the stone mounted in a sword, and on one occasion pawned it. The Sancy is a historic stone, valued at $186,000, and now in Russia. James II. of England once owned it, as did Louis XIV. of France. The Eugenie is another famous diamond, of a perfect oval shape, owned by France. The Polar Star and the Shah are noted stones, both owned in Russia, while the famous blue Hope diamond is owned in England, and takes its name from the English banker who bought it.

Few Large Diamonds.

In all the world there are only 100 diamonds weighing more than 30 carats, only 20 weighing 100 carats, 7 weighing 200 carats, and 2 of 300 carats weight. Russia has probably more of these historic gems than any other European country, although the value of the stones in England is much greater than the value of those owned in any other country. There are few great diamonds in America, one of them being the Tiffany diamond, supposed to be worth $100,000, but should ever the new Johannesburg stone be put up at auction, we should not be surprised to see some magnate of the United States secure it.

7 Sutherland Sisters' Hair Grower

GREW THIS HAIR

Drawer "M," Stratford, Ont. Dec. 14th, 1904.

Seven Sutherland Sisters.

Dear Ladies: "When I commenced using your celebrated 'Seven Sutherland Sisters' Hair Grower and Hair and Scalp Cleaner' my hair was in a very poor condition, in fact I was almost bald. I was advised by your representative, Madam Duffield, of Toronto, to use your remedies three months ago. I have used them according to directions ever since. The result is I have an entirely fresh crop of healthy hair coming in and I am thus saved the expense and mortification of wearing a wig."

Yours truly, (Sgd.) LILY LADD.

General Kuropatkin.

Dr. Sven Hedin, discussing General Kuropatkin recently, said:

"Taking him as a man, soldier and friend, rarely, or never, did I meet a more sympathetic and straightforward personality than Kuropatkin's. I remember I was once having dinner at his St. Petersburg residence, when Colonel Arlamanow, just returned from Fashoda, was announced. The colonel begged to introduce to His Excellency two Cossacks who had won fame by swimming across the Nile in a particularly dangerous spot to deliver a certain message. The Czar had decorated these brave fellows and Kuropatkin had expressed a desire to shake hands with them.

"All of us went to the ante-chamber, where the Cossacks were waiting, and I shall never forget the little speech Kuropatkin delivered on the spur of the moment, winding up with the hearty assurance:

"'I am proud to know you, little brothers, for you set a fine example to all of us, generals and soldiers.' Then he asked each Cossack if he owned a watch.

"'No, Your Excellency, our pay never sufficed for that.'

"'I thought so,' said Kuropatkin, 'and I've bought each of you a timepiece.' With that he handed each man a gold watch. 'And here is something to buy a present for your wife or girl,' 100 roubles in gold pieces."

A Soft Answer.

It was in 1872 that George Chesmore Bromley, author of "Long Ago and Later On," became a member of the Bohemia club of San Francisco and soon found himself "Sire of the Low Jinks," which occasion he vividly recalls, and especially his arrival at home afterward. He writes: "My dear little wife awoke at my entrance and inquired the time. I looked at my watch and replied, 'Ten minutes past 10,' and then laid the watch on the mantelpiece. Having some doubts as to the correctness of my reply, the little woman arose and looked for herself. 'What time did you say it was?' she asked again. 'Ten minutes past 10,' said I. 'Ten minutes past 10! Why, it only lacks ten minutes of 2,' said she. 'Is that so?' said I. 'Why, bless my soul, how time flies! I had no idea that I had been home so long.' This was another occasion when I realized that 'a soft answer turneth away wrath.'"

"Flourfax" Fables

The Honest Flour Barrel and the Farmer's Wife.

Once upon a time an honest flour barrel was sent out to a farmer's house, full of flour—the wise wife looked the barrel over carefully and then said to her husband:—

"I don't think this is the flour I wanted—I don't see 'Royal Household' on it."

"No; it says' 'Royal Household' said the farmer,

—but it is just as good

—for the grocer said so.

—"when I asked for 'Royal Household' he recommended this kind saying it was just as good, but didn't cost as much, so I said I'd try it."

"I wish you had done as I said—I don't think much of these "just as good" grocers any way—I want the flour that is purified by electricity for I believe it is healthier. However, since we have got this, I suppose we might as well use it," and she had the barrel rolled into the pantry and opened up.

"Looks pretty good," she said to herself.

"Madam" spoke up the honest Flour Barrel "even flour experts can't tell about flour just by looking at it. Any flour, if there is no other flour to compare it with, looks white and nice—but if you bake it into bread and then bake "Royal Household" into bread you can see the difference.

"Now, the truth about this flour is, it is made of cheap wheat, in a cheap mill by a cheap process. Flour that is not highly purified contains a lot of stuff that isn't flour and the process of taking all stuff out is expensive—that's why pure flour costs more.

"Pure flour is worth all it costs and more too. If you knew the whole truth about flour, you'd send me back and get 'Royal Household'."

And the Honest Flour Barrel having said its say subsided, but after the first baking, back went the barrel to the grocer and "Royal Household" Flour was kept in its stead.

—now the Farmer's Wife uses "Royal Household" and nothing else

—and the grocer don't sell the "just as good" flour any more.

The Grip Leaves Thousands in its Path Weak, Nervous, Dyspeptic, Catarrh Wrecks.

From New York Journal.
"During the recent Grip epidemic, claiming a million victims or more, the efficiency of Peruna in quickly relieving this malady and its after-effects has been the talk of the continent."

LIKE A DEMON grip has crossed our country, leaving behind scores of physical wrecks.

Victims of catarrh of the head, catarrh of the throat, catarrh of the lungs, catarrh of the stomach, catarrh of the kidneys, catarrh of the pelvic organs, are to be counted by hundreds of thousands. Grip is epidemic catarrh, and sows the seed of chronic catarrh within the system.

This is no true that few grip sufferers are able to make a complete recovery until they have used Peruna.

Never in the history of medicine has a remedy received such unqualified and universal eulogies as Peruna.

A New York Alderman's Experience.

Hon. Joseph A. Flinn, alderman Fifth District, writes from 104 Christopher street, New York City, as follows:

"When a pestilence overtakes our people we take precaution as a nation to preserve the citizens against the dread disease.

"La grippe has entered thousands of our homes this fall, and I noticed that the people who used Peruna were quickly restored, while those who depended on doctor's prescriptions, spent weeks in recovering, leaving them weak and emaciated.

"I had a slight attack of la grippe and at once took Peruna, which drove the disease out of my system in a few days and did not hinder me from pursuing my daily work.

"I should like to see our Board of Health give it official recognition and have it used generally among our poor sick people in Greater New York."—Joseph A. Flinn.

D. L. Wallace, a charter member of the International Barber's Union, writes from 15 Western avenue, Minneapolis, Minn.:

"Following a severe attack of la grippe I seemed to be affected badly all over. I suffered with a severe backache, indigestion and numerous ills, so I could neither eat nor sleep, and I thought I would give up my work, which I could not afford to do.

"One of my customers who was greatly helped by Peruna advised me to try it, and I procured a bottle the same day. I used it faithfully and felt a marked improvement. During the next two months I took five bottles, and then felt splendid. Now my head is clear, my nerves steady, I enjoy food, and rest well. Peruna has been worth a dollar a dose to me."—D. L. Wallace.

Mr. O. H. Perry, Atchison, Kansas, writes:

"Again, after repeated trials of your medicines, Peruna and Manalin, I give this as my expression of the wonderful results of your very valuable medicine in its effects in my case after repeated trials.

"First, it cured me of chronic bronchitis of fifteen years' standing by using two bottles of Peruna in January, 1894, and no return of it.

"After I was cured of bronchitis I had la grippe every winter for several winters. But, through the use of Peruna, it got gradually weaker in its severity, until it dwindled down to a mere stupor for two or three days. Now the stupor does not trouble me any more."—O. H Perry.

A Congressman's Experience.

Peruna Medicine Co., Columbus, Ohio.

Gentlemen—"I am more than satisfied with Peruna, and find it to be an excellent remedy for the grip and catarrh. I have used it in my family and they all join me in recommending it as an excellent remedy."

Very respectfully,
George H. White.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

THE LITTLE WEEKLY PAPER.

Folks may prise the city dailies with their editorial views,
With their boasted circulation and their telegraphic news,
With their parliamentary speeches and the same old party song,
And their so-called brainy essays which are always dry and long.
They may prise the great trade journals or the classic magazine,
With its illustrated stories and the science in between—
But the one I hail with gladness, which I long so for to come,
Is that little village weekly which they send me down from home.

'Taint no twenty-page edition for it has but only four,
But they breathe the breath of comfort and I always long for more;
'Taint what folks would call artistic, for at times it's dim and blurred,
But it only serves to interest and I make out every word.
It is mostly bright and cheery, though sometimes my heart is bled,
As I read a black-lined notice that some old-time friend is dead,
But there's far more joy than sorrow in the messages so sweet,
Of that little village weekly, that away back country sheet.

How it fills my heart with gladness as I open to peruse,
Through the briefly written columns of the local district news,
There ain't no big lettered headlines nor no colored pictured shows,
Nor the editor ain't trying for to tell folks all he knows,
It don't take up space in telling what has happened o'er the sea,
But it speaks of things and people of great interest to me,
Never fills up half its columns with what daft extremists say,
But it tells me that the farmers all are busy with their hay.

Never prints about four columns of French words I can't pronounce,
To describe some maiden's debut and her costly jewelled flounce,
But it tells me that the neighbors made a bee and got up wood,
For the cripple Sammy Johnson and the poor old widow Hood,
It don't make no lengthy comment on some swell-head potentate,
But it tells me Taylor's filly is a-striking quite a gait,
That their baseball team is beating nearly everything in sight,
That the Rev'rend Simmons lectured in the Baptist Church last night.

It don't deal with wordy matters which professors call profound,
But it tells me Uncle Wriley is in health and pegging 'round,
That Uriah Pratt has traded off his team with Cyrus Howe,
And that Uncle Silas Hamblin sold his famous Jersey cow,
Tells me Sarah Smith is better, that she sat up yesterday,
That a welcome little stranger came to Thomas Dunn's to stay,
That Joe Bowers had built a silo, and Bill Jones had roofed his shed,
That the widow Westbrook's boy came home, the one she thought was dead.

Folks may prise the city dailies with their essays and reviews,
With their parliamentary comments and their latest foreign news,
As for me, well I read at 'em and to grasp their meaning try,
But when comes that 'way-back weekly, then I put the dailies by,
For it brings to me glad tidings of the village I love so,
And it seems just running over with the things I want to know,
It's a little beam of sunshine on life's dark and trackless sea
That away back country paper which they send from home to me.

LOCAL ARTIST WELL RECEIVED

Miss Mary Rush at a Concert in Havelock.

The Social Round in the Railway Village —Coming Events—Other News.

(From Our Own Correspondent)

Havelock, Feb. 14.—Mr. N. C. Stibbs left to-day for his new position in Toronto Junction, as clerk in the store department of the C.P.R. after being storekeeper at this point for the past seven months. Mr. Arthur Higgs takes his place as storeman here.

Mrs. Jas. Martin entertained a number of friends last Saturday evening to a small party in honour of her guest Miss Maggie Major, of Perth.

A very pleasant time was enjoyed at the town hall last Friday evening when the concert given under the auspices of the I.O.F. took place. Mr. W. White, humourist and comic singer was the chief attraction. His selections pleased the younger members of the house fine. He gave a number of selections. Miss Gertrude E. Timmerman and Miss Elgin Watson were the accompanists for the evening.

Miss Maggie Major, of Perth, is the guest of her sister, Mrs. Thos. Lloyd.

A very pleasant time was experienced at the residence of Mr. Wm. Chambers, when a number of friends and acquaintances enjoyed the evening playing games and dancing.

Miss M. Gorman, of Douglass, is the guest of her cousin, Mrs. S. O'Hara.

A very pleasant and agreeable time was had at a surprise party at the residence of Mr. George Young last Thursday evening, when a number of young ladies and gentlemen from Norwood drove down. In a very short space of time a number of the town boys and girls were gotten together and made a very good crowd.

After the concert of the I.O.F. a short dance was gotten up by the young men of the town, which was certainly a treat.

Now that all the concerts are off and the road clear the next item on the list of amusements will be the Irish Drama to be played in the town hall on Friday evening, March 3rd. The Town Council have willingly paid for the scenery, which has not its equal in a town of this size in Canada. Also they have consented to extend the stage three feet more which will be started today. Mr. Knox, carpenter and contractor is carrying on the work. The stage effects are going to be something that has never been put on here before and the people will not be disappointed.

The young gentlemen of town have issued invitations to an "At Home" to be held in the town hall on Thursday evening, Feb. 16th. A good time is expected.

The members of St. John's church, gave a first-class concert in the town hall on Monday evening, the hall being well filled. Although the leading attraction, Mrs. Andrews, of Kingston, was snow-bound, and, consequently, unable to appear, a good and varied programme was presented. The Havelock orchestra, a newly-formed organization, opened with a selection, which was rendered in first class style, and later on gave two more numbers, on of which, "Peggy Clive," was a fascinating waltz air, and was rendered in a very creditable manner. The orchestra is certainly a great acquisition to Havelock.

The feature of the evening was the singing of Miss Mary Rush, of Peterborough. She sang "Good Night, Little Girl, Good Night," and "Blue Bells," and received a great ovation, which was well deserved. Later on her rendering of "Oh, Dry Those Tears," was a musical treat. It seldom falls to the lot of an audience in town to hear the equal of Miss Rush, and she deserves our warmest thanks as she certainly entertained the patrons of this concert in an accomplished manner.

Another feature was the piano playing of Miss Elgin Watson, who is a gifted musician and plays with taste and expression.

Miss Garrison of Belleville, gave two recitations in a charming manner. Her first number was a pathetic story of the power of a child's prayer, and how it was answered. The second was more of a humorous turn, and several local names were introduced into it, which probably would have been better omitted. Mr. good style. Probably the hit of the evening was Mr. M. Swain, who, after singing "The Storm Fiend," in a powerful manner, gave "The Man Behind," as an encore. He kept the whole house in laughter during the three verses, and his humorous actions, combined with a good voice, met with round after round of applause.

The Rev. W. R. Tandy, M.A., gave "Soldiers of the King," and this old favourite has lost none of its popularity. Mr. Culligan gave an admirable piano solo which was delivered in a masterly manner. Miss Gertrude E. Timmerman was the accompanist of the evening and it is unnecessary to add that this very important part of the programme was performed in her usual faultless manner.

The following is the programme:

When You Have a Clod.

The first action when you have a cold is to relieve the lungs. This best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This Remedy will cure a severe cold in less time than any other treatment, and it leaves the system in a healthy and natural state. It counteracts any tendency towards pneumonia. For sale by all druggists.

Rossetti's Awful Breakfast.

It was at one time arranged that Dante Gabriel Rossetti, his brother William and Swinburne and George Meredith should live together in a certain house. Meredith happened to see Dante Gabriel Rossetti at breakfast and changed his plans. Meredith himself tells the story. "It was past noon," says he. "Rossetti had not yet risen, though it was an exquisite day. On the breakfast table on a huge dish rested five thick slabs of bacon, upon which five rigid eggs had slowly bled to death. Presently Rossetti appeared in his dressing gown, with slippers down at heel, and devoured the dainty repast like an ogre." That meal was too much for Meredith, and he sacrificed three months' rent rather than see it repeated.

The Sphinx's Riddle.

The riddle which the sphinx propounded to the Thebans and the solution of which she made a condition of her withdrawal from the state was as follows: "What animal has one voice, at first four, then two and at last three feet?" Œdipus discovered the answer to be "man," who in infancy, from using his hands as well as his feet in walking, may be said to have four feet (all fours), in after life employs but two, and in old age to these he adds a staff, which may be reckoned a third. Upon this solution being given the sphinx is said to have thrown herself headlong from the citadel.

The Simple Life.

In my wanderings on foot when I walk through the provinces of Europe and talk to the people and fish and learn I find that what people lack most in life is simplicity, the poor man as well as the rich. It consists not in plain dress, but in plain living, in simplicity of heart, of personal beliefs and respect for the beliefs of others.—Rev. Charles Warner.

DR. MACKAY'S SPECIFIC For the Treatment of Alcoholism

Used in Connection with the Province of Quebec Probation System with Unvarying Success.

The City Council of Montreal has endorsed this marvelous discovery. The Finance Committee of Montreal recently voted $500 to defray the expense of placing the medicine in each of the city Police Stations, as prompt application of the Treatment to bad cases will prevent the fatalities continually occurring in the cells.

No Sanitarium is required. The treatment can be taken at home. No special diet required. The desire to reform is simply necessary and spirits avoided for a few days.

This medicine is now within the reach of all, the price having been reduced. The wonderful results obtained with the worst class of drunkards coming before the Judges of the Recorders' Courts in Quebec and Montreal warrants the statement that the disease of Drunkenness can be cured—readily and surely—under ordinary circumstances and with the reasonable desire upon the part of an inebriate.

This treatment is simply the medicine of the medical profession—the only secret is as to its administration.

Dr. Mackay's discovery is the result of 25 years of practice as a specialist and expert. He is a member of the College of Physicians and Surgeons of the Province of Quebec.

The Government of Quebec through the Judges ordered over 500 doses of the medicine for prisoners appearing in the Courts in 1904—Official Reports establish 80 per cent. of cures with these cases.

With the public and official endorsation and the record of results published it is unnecessary to waste money experimenting further. All communications private.

INDIANS MIX WITH WHITES.

In Five Generations Two Races Will Be Fused Together.

Mr. Cockshutt, Brantford, gave some interesting information about our Indian Wards in The House of Commons the other day. He assured the House that the money voted for the Mohawk Institute had been wisely and well expended, and if all the money voted for Indian education had been as well expended no fault could be found with the administration of the fund. With respect to the progress made by the Indians as a result of educational efforts, Mr. Cockshutt regarded it as satisfactory. As to the future of the Indian race, Mr. Cockshutt was of the opinion that the Six Nations will ultimately become absorbed into the Canadian nation. White blood is now so completely infused into the race that there are comparatively few of pure Indian blood left. Within probably three generations, or five at the most, the process of absorption will have been completed at the rate it is now proceeding. Young Indians who were educated at the Mohawk Institute have been very successful, and he mentioned by way of illustration several who occupy important positions in commercial and other walks of life. The result of the adoption of the Provincial franchise had been to deprive the Indians of the Six Nations, in common with those of other tribes, of the franchise. This he regarded as a step in the wrong direction, inasmuch as the Indians were to be advanced in civilization largely by placing upon them the full responsibility of citizenship. They should be given the franchise, and, although he was not in a position to ask for that to-day, that should be the ideal kept in view. No nation in the world had progressed more rapidly than the Six Nations, who a century and a half ago were in a wild and savage state. At the Mohawk Institute technical and manual instruction were embraced in the curriculum, and that was the only practical and effective method of imparting education. Although pagan rites were practiced to a very limited extent upon the reserve, it was largely the result of the demands of white visitors, but for whom these rites would have long since become extinct so far as any significance they might have formerly possessed for the Indians.

CAREFUL MOTHERS.

The little troubles that afflict children come without warning and the careful mother should keep at hand a medicine to relieve and cure the ailments of childhood. There is no medicine does this so speedily and thoroughly as Baby's Own Tablets, and the mother knows this medicine is safe, because it is guaranteed to contain no opiate or poisonous soothing stuff. These Tablets cure colic, indigestion, constipation, diarrhoea, simple fever, and teething troubles. They break up colds, prevent croup and bring natural sleep. Mrs. Mary Fair, Escott, Ont., says, "I have used Baby's Own Tablets with the very best results and would not be without them in the house." They Were Harmless.

In her book on the poet Whittier, Mrs. Claflin relates the following anecdote: An old Quaker friend visited Mr. Whittier. He was a bachelor, and when the hour for retiring came he was shown to his room. Soon after he was heard calling from the top of the stairs in an excited tone: "I think thee hast made a mistake, Friend Whittier. I find female garments in my room!" At which Friend Whittier replied: "Thee'd better go to bed. The female garments won't hurt thee."

Married Angels.

A domestic wife is merely a woman. When we marry for love we don't marry a woman. We marry an angel, a celestial, ethereal being with wings and a halo. As you value your happiness never remove the wings and halo. —Arthur Law.

The One Letter

By CHANNING POLLOCK

Copyright, 1904, by Channing Pollock

After they had come to an understanding Frank Claxton took Virginia Carter to dinner at Giovani's. This understanding, the result of many misunderstandings, put an end to their engagement, and they chose to hold the wake over their dead love at the tiny restaurant where it had been born. Neither talked much during the meal, and when either spoke, for some reason not easily explained, it was in a very low tone. The man said, "I suppose I had better return your letters?"

"There must be a great many of them," responded the girl, the corners of her mouth trembling into a faint smile.

"Yes. In—in three years"—

"I shall send yours tomorrow—that is, I shall send all but one. I should like to keep one—in memoriam. May I?"

"If I may."

"Certainly. 'A fair exchange,' you know."

Claxton left her at the door of her apartment something less than an hour later. On the way to his own home he marveled that he should regret what had happened so little. The petty quarrels of the past few months had worn out his endurance, he thought, and rendered him indifferent to their culmination. He wondered how she felt about it. At all events, the separation would leave him with more time—more time to work, more time to devote to the friends he had neglected since he had begun caring for her.

In the matter of the quarrels he did not consider himself blameless. He realized this, and admired himself a bit for the inherent generosity which prevented his holding her solely to account.

Claxton reached his "place" in rather a relieved frame of mind. He opened the door with a key fastened to a silver ring that she had given him on his birthday and walked straight across the library to his typewriter. Beside the machine was a tiny cushion she had made for him to rest his elbow upon when he was "reading copy." He recalled that it had come wrapped in numberless pieces of paper, each one inclosed inside the other, like the eggs in a Chinese puzzle. That was about the time that the interest aroused by his tale of Central American life had opened the hearts of editors toward him.

Somehow the detective story he had intended to begin did not fly from his finger tips as speedily as he had expected. The first paragraph, after writing which, he told himself, things would go better, stood alone on the page, a succession of stilted and uninviting sentences.

"Not in the mood," he confessed at last and strolled down Broadway to his club. The boy at the door didn't know him, and when, after satisfying the stupid fellow of his membership, he sauntered into the lounging room he was in an exceedingly unpleasant humor. "Parsons been here this evening?" he inquired brusquely of an attendant.

"No, sir," replied the man. "He does not come very often now, sir. Married, I believe."

Claxton cursed Parsons from the bottom of his soul.

"Graham?" he asked.

"Mr. Graham was in about a week ago. We don't see him more than once a fortnight."

"Funny," mused Claxton. "By George, I wonder if there's any one in the place?"

There was, in the writing room—Frederick Ford Ferguson, a youth just coaxing a timorous mustache into existence and tolerated only for the sake of his father, Major Ferguson, formerly of the Ninth Infantry. Claxton would gladly have passed the youngster by, but he was hailed before he could regain the hall.

"Stop a bit, old chap. I want to read you a line I'm sending to a friend of mine at Daly's. Rather a clever letter, you know."

Claxton tore himself away and went back home. What was Miss Carter doing? He would have wagered a hundred that Phelps had called and taken her out. Confound Phelps!

The story went more smoothly, stimulated by the resentful energy of its author. From 10 o'clock until nearly daylight the typewriter clicked incessantly. When it stopped clicking, seven pages of manuscript, much marred by pencil marks, lay on the table near at hand. It was a good story, he felt sure, although there were two or three details concerning which he would have liked a conservative opinion. "I'll take Virginia out for luncheon and read it to her," he thought. Then he remembered that they had agreed never to see each other again—voluntarily, that is.

The day, which began with his rising at noon, dragged along monotonously. It was hard to realize that he might not speak to her over the telephone that stood on his desk and harder still to be convinced that she would not call him up. Toward midafternoon Claxton unlocked a drawer and took out the nine packages of her letters that represented a correspondence of three years. He must choose the one letter and return the rest to her.

To do this he must read every epistle in the nine bundles. Claxton, in common with most men who write or act, was a sentimentalist, and he wanted that the one letter should be the dearest of all. The first that met his eye he laid aside in the belief that it would prove the dearest. Miss Carter had penned it when he lay ill of fever at San Jose de Guatemala. "Your cable was repeated to me at Chicago," was the message. "Otherwise I should have been with you now. I know that if your illness continued you would need a nurse, and I felt that I could not delegate to strangers the privilege of attending you." It was a womanly letter—the letter of a woman mature in heart and brain—and Claxton pondered a long while before putting it aside.

Next came a telegram, sent to his apartments before the telephone had been installed: "Please come tonight. Am blue. Have wired Minnie stay home." A very sweet, dependent little message, but of course not to be thought of as the single memento of so close a friendship as theirs had been. It was even preferable to retain the short note which he had always ascribed to her literary genius rather than to her feelings. "Each thought of you, dropping into the waters of my heart, produces ever widening circles of tender recollection."

Then there was an envelope from her, on the back of which he had composed a fragment of verse. It began:

Thou art so dear to me, my love—
So dear and, oh, so necessary!

Claxton remembered that she had prized the poem above anything else he had given her. "It is so fine to be thought 'necessary,'" she had said.

In this manner he progressed through five of the nine packages. Each letter seemed more desirable than the rest, and every moment made a selection less easy. This scrawl was a reassurance which she had penciled on the leaf of her programme at the theater; that sheet of blue paper bore the first words of affection he had ever received from her.

At the bottom of the fifth bundle was a long envelope with the name of a publishing company on its upper left hand corner. The postmark was over two years old. "Rejected manuscript," Claxton concluded, tossing it to one side contemptuously. That had come back in the days when rejected manuscripts had not been half so rare as good dinners or money with which to pay rent. Something approaching curiosity made him pick up the envelope again and draw the contents from its mouth. The story that lay before him was headed, "From Frank Claxton, 211 West Twenty-first Street," but the type unmistakably belonged to the machine which still remained a fixture at Miss Carter's. The tale was one that she had sent over his signature to an editor of whose opinion she had felt certain, and it had in consequence been returned to him when that gentleman had classed it as "unavailable." "I thought you'd get a check," Virginia had confessed, "and I knew you'd spend it without considering whys and wherefores. It's just like Phelps! He was enthusiastic over the plot when I told it to him last week."

"Virginia," he had remonstrated, "it was like offering me charity."

"Nonsense! I shouldn't have thought of handing you money. I simply wrote a story for you that you might have written yourself if you had taken time."

"Taken time! Good Lord, how much time he had taken that year in just such discouraging, unremunerative labor! How unhappy he had been and how awfully, awfully hard up! He hadn't begun spending every evening with her then, and he hadn't begun selling whatever he wrote either. "Nobody ever did—at first," she had assured him.

For twenty minutes Claxton sat silently on his chair island in the middle of a sea of letters. His fingers clung to the rejected manuscript, but his eyes looked beyond it into the past. All the half forgotten history of his love for Virginia Carter had been recalled to him with wonderful vividness—her unvarying goodness, the sweetness of their intercourse, the erstwhile strength of his affection for her. A ship's clock in the adjoining room struck 2, the nautical fashion of saying that the hour was 5, and with quick resolution he began climbing into his evening clothes.

"I've come to take you on to dinner," he said to Miss Carter when she responded to his pressure on the button at her door.

"So you were lonely, too?" she asked him.

"Lonely? By George, and those letters"—

She was too clever a girl not to seem surprised, and he could not look through the sides of her trunk into the tray where reposed several packages of his letters to her, unsearched, untouched, since first they had been read and laid away.

To Build Robust Health

start at the foundation of life and health. Assist your organs to do their work properly. Food and drink cannot nourish if your liver is not working right. Dyspepsia and Indigestion follow if your digestive organs are out of order. Constipation cannot exist if your bowels are free. A short course of Beecham's Pills will soon put you right and an occasional one will keep you so.

BEECHAM'S PILLS

will do more to build up robust health and maintain it than any other medicine. They have done this, and are continually doing it for thousands all over the world. If you start now and take BEECHAM'S PILLS occasionally you will certainly benefit to a remarkable degree.

Prepared only by the Proprietors, THOMAS BEECHAM, St. Helens, England.
Sold Everywhere in Canada and U. S. America.
In boxes, 25 cents.

Constipation

Fruit is nature's laxative. Plenty of fruit will prevent Constipation, but won't cure it. Why? Because the laxative principles of fruit are held in peculiar combination and are very mild.

After years of labor, an Ottawa physician accidently discovered the secret process by which

Fruit-a-tives

or Fruit Liver Tablets

are made. He used fruit juices, but by combining them in a peculiar way, their action on the liver, kidneys, stomach and skin is increased many times.

"FRUIT-A-TIVES" TABLETS contain all the medical properties of fruit—are a mild and gentle laxative—and the only permanent cure for Constipation, Torpid Liver, Sick Headaches, Bad Stomach and Kidney Troubles.

All druggists have them.

A WILLFUL WIDOW

By KATE M. CLEARY

Copyright, 1904, by Kate M. Cleary

"So altogether I'm in a deuce of a fix," concluded Carruthers.

He sprang to his feet, looking for all the world like a big, perturbed boy as he paced restlessly across the library floor. He was so well formed, with his straight shoulders and the fine, flexible lines of his body, that he appeared to be ten years younger than the thirty-five allotted him by the family Bible. Then his brown hair would curl even at thirty-five.

"I understand," said Claridge. In truth, he did not understand at all. He had no children of his own. Indeed, he found the caprices of his fashionable wife quite sufficient to absorb his attention. But he liked Max Carruthers, and it did seem to him—

"They're such adorable little things, Max! And you're so absurdly wealthy! If it were not for our house being closed for the summer and Clotilde doing Europe for the steenth time I'd ask you to let us take the tots. One fancies that a man with your money would have no difficulty in finding a person"—

A rather desperate laugh interrupted him.

"Ah, the 'persons' who are willing to take care of my little people, Claridge, are the bane of my existence. I've advertised; I've met and talked with them; harpies all. Some would undoubtedly give the children proper care as far as physical requirements go, but that isn't enough. I want to find some woman who would really love them for their own sake."

"That ought to be dead easy," growled Claridge.

"Of course I think so; but, then, they're my bairns. I want some one who will give them a bit of mothering—kiss the place to make it well and that sort of thing."

"I have it!" exclaimed Claridge. He brought his fist down on the arm of his chair with a bang. "The most idyllic old home in the country that your eyes ever rested upon. It's a big, rambling house, almost covered with Virginia creeper. There's an immense, well kept lawn and clematis across the porch, and the house itself is just filled with the most delicious scents. The bedrooms are perfumy with lavender. And as for the food—why, it's something to set an anchorite sighing!"

"But what makes you think the possessor of this ideal home would welcome into it two rather lively children? If it's only a question of money"—

Claridge shook his head.

"Go slow! That's the difficulty—it isn't a question of money at all. And my powers of persuasion may be less effective than I think with Mrs. Varine, but I'll try."

"Your friend is a widow, I presume?"

Claridge smiled—a dry, slow, curious smile—his legal smile, Carruthers called it.

"Yes; she happens to be a client of mine. Oh, yes!" he repeated, as though convincing himself of the fact. "She's a widow!"

When Carruthers called a few days later to ask if Claridge had heard from Mrs. Varine, the latter jumped up briskly.

"It's all right, Max. You are to settle the question of payment with me. Mrs. Varine says she'd rather take nothing. She's very lonely, is awfully fond of children, and is delighted at the thought of having the youngsters with her during their vacation. You'd better take them down next Thursday. Oh, by the way, there's a condition. Mrs. Varine does not wish to meet you personally!"

"What's that?" cried Carruthers, aghast.

"Well, she doesn't!" reiterated Claridge doggedly. "Maybe she has no reason but a woman's reason. Anyhow, she's entitled to her caprice. Her aunt, Miss Howard, will meet you on your arrival and show you over the place."

"Queer," muttered Carruthers. He looked up sharply. "You say you know the lady—that everything is all right?"

"I say she's one of the sweetest women God ever made and that you may bless your stars she is taking your children into her home—which means her heart!"

He had spoken with warmth. Carruthers held out his hand.

"Thanks, dear boy! You're a mighty good friend."

It was at the close of a perfect June day when a little party reached Cedarville. A surrey drawn by two fat white ponies met them. About two miles outside of town the driver turned off into a wide carriage road that wound up an avenue of elms and oaks till a turn brought in view a great sweep of emerald lawn, beds of scarlet geraniums, a fountain flashing in the golden light and a sleepy, old vine covered house that looked hospitable and picturesque.

"Let us out, papa!" implored Eustace.

"Is it fairyland?" queried Dorothy in a timid, entranced whisper.

The gentle, faded woman who received the travelers had a face like a cameo and appeared to harmonize admirably with her old fashioned surroundings. She showed Carruthers the rooms the children were to occupy—airy, immaculate rooms, with blossoms nodding in at the windows. She offered him luncheon, which he declined, apologised for the inviability of her piece and appointed a day each week he was to come to visit the children. Already charmed by their surroundings, they let him go without a protest.

When he came down the next week it was to find the two rosy, radiant and ecstatic over their environment. He took them into town, bought them some small treasures and listened to their raptures about "Florence." She had made a mull dress for Dorothy; she had gone fishing with Eustace; she played the piano for them while they were having a game of hide and seek, low or loud as they were "hot" or "cold." And they were going to have a party one of these days, with luncheon served under the biggest oak.

"But who is this lady who is so kind to you?"

"She's just Florence!" they answered in chorus. "She's good as a real mamma, only she plays like she was just a little girl."

Always he heard these tales, and always, it seemed, the playmate, Florence, was the center and source of their joy. Later in the season an important business summons made it imperative that if he were to see the children before his trip west he must run down at once.

Walking up the avenue, he stopped short at the bend of the path, for on the velvet sward a game of tag was in progress. A slim, graceful young girl in a pink lawn gown was the pursued.

"You're it, Florence!" cried Eustace triumphantly as he succeeded in touching the fleeing figure. And just then, as the victim paused, flushed, breathless, her copper gold hair loosened from its pins and falling in a bright shower below her waist, Dorothy caught sight of the newcomer and set up a hailing shout. "It's papa! Here's papa!" she cried.

The captive made one wild movement toward flight, but the victor manfully held on to her. And, after a laughing protest, she came over to Carruthers, where he stood bareheaded, his eyes gleaming with admiration, and held out her hand.

"I've been doubly caught, I'm afraid, Mr. Carruthers! I did not dream you were coming today or I should not have been found engaged in such an undignified pastime. My name is Florence Varine."

He leaned forward. "Mrs. Varine's daughter?"

"No." She colored deliciously. "I am Mrs. Varine," she explained.

"Impossible!" exclaimed Carruthers. He looked at her, amazed, mystified. Why, she could not be much over twenty! And Claridge had said that she was a widow!

"I was a very distant relative of Mr. Varine's," she explained. "He wished to leave me his property, but there would have been contention and litigation on the part of others more nearly related were he to do so. But when he knew he was dying he asked me to marry him that he might legally will me all he possessed. He died an hour after the ceremony was performed. Mr. Claridge was present."

"But," stammered Carruthers, "why didn't Claridge tell me? Why was I not to see you?"

"Oh, I was afraid if you knew how young and irresponsible I was you would not let me have the children to take care of. Mrs. Claridge had told me what darlings they were, and I was so lonely down here. We've had such good times together." She paused, gathering up her shining hair. She looked at him with luminous gray eyes grown suddenly apprehensive. "You won't take them away, now that you know?" she entreated.

"Assuredly not!" he made quick reply. "They are the most fortunate children in the world. For the first time since the death of their mother I have felt quite happy about them."

—It was astonishing how easily the important business matters of Mr. Carruthers could be set aside. He grasped at the invitation to stay to dinner, as though that meal were in truth to save him from starvation. And when he finally did discover that if he would catch his train back to the city he must exercise all haste it was with positive dismay that he left the three who stood on the terrace, waving him farewell.

The next morning he walked into Claridge's office.

"You'll have to take a run out and attend to that Montana matter, Claridge," he said. "I can't go."

"Can't, eh? What's up? Something more important?"

"Very much more important!" He was smiling like a boy, and his eyes were shining. "Fact is, I've not been seeing enough of Eustace and Dorothy. I'm going to take a room at the hotel down there—they tell me there's good fishing to be had—and I'll see more of the children."

Claridge stared at him. Then he nodded and laughed.

"You've seen that willful little widow down at Cedarville."

Carruthers went off laughing.

When he came in a few weeks later the tan of country wind and sun was on his cheek. He walked like a conqueror, with his head up, and his voice had a ring good to hear.

"Congratulate me," he commanded. "The children are going to have the loveliest mother in all the world!"

Claridge gripped the other's hand warmly. "You're a lucky dog, Carruthers!"

"I know it, Claridge. There isn't a king under heaven I'd change places with! And those children"—

Claridge laughed leniently.

"You infernal fraud!" he said.

Perfect Confidence.

When there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Pooleville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child, Garland, is subject to severe attacks of croup and it always gives him prompt relief." For sale by all druggists.

Lady Bank Clerks.

Comes now a contemporary with a tale about "Lady Bank Clerks" being employed in several European banks, and advocating their introduction in Canada. Surely everyone knows that there is already in Toronto a bank employing several young ladies, not as stenographers, either, but in regular clerkships of the kind hitherto held by men. Canada does not lag behind in the procession.—Toronto News.

Funeral of the Late Mrs. W. A. Eaton, of Oxbow—Other News.

From our Own Correspondent.

Keene, Feb. 15th. — Miss Minnie Keeneally of Peterborough, visited Miss Mabel McCann during the past week.

Miss Laura McFarlane, accompanied her cousin, Miss E. Boyle, to Renfrew, on Thursday, where she will spend some time.

Mrs. E. Cronk, of Toronto, is spending a few weeks with her parents, Mr. and Mrs. Kemp.

Mr. T. J. Wallace of Peterborough, was in the village on Saturday.

Mr. J. McCarthy returned to Aurora on Saturday after a pleasant visit at home.

Miss Sadie Kemp gave a very pleasant party on Monday evening to her young friends.

On Saturday morning Dr. Harrison left his team standing on the street while he went into the office of the Bank of Toronto. While he was inside the horses took fright and ran away, and never stopped until they reached Peterborough, where they were caught. Neither cutter nor team were damaged in the least. They did the 12 miles to Peterborough in a little over an hour.

The annual ball of the hockey club on Friday evening was a very enjoyable affair. The music of the Wilson orchestra was of a very high order, and Archie Moore, the veteran floor manager, surpassed himself. About forty couple were present. Supper was served in the Foresters' Hall.

The recent heavy snowstorms have made some of the roads in Otonabee almost impassable. The main roads are with difficulty kept open, and the heavy winds are drifting the snow badly. It is said there is more snow on the ground now than at any time last winter.

Don't fail to attend the second and last carnival, in the Keene rink, on Friday evening, 17th inst.

We are sorry to report the serious illness of Mrs. English, but hope that she will soon be around again.

The funeral of the late Mrs. W. A. Eaton, who died recently at Oxbow, Assa., took place on Tuesday afternoon from the Keene station, on the arrival of the afternoon express. The remains were interred in the Pine Hill cemetery, Rev. D. D. McDonald, conducting the service at the grave. The bereaved husband and mother accompanied the remains from Oxbow.

As a Convalescent Food

Mr. Wyman N. Thomas, Ompah, Addington Co., Ont., writes: "My wife had congestion of the lungs, along with other troubles, and became very weak and run down. By the use of Dr. Chase's Nerve Food she was made as strong and well as ever. Of course I had a doctor, but she was weak, and it was Dr. Chase's Nerve Food that built her up."

Northward, Ho!

The Iron Horse has made another advance into the cold regions of the north. On Saturday last for the first time the shores of Ontario and Huron were made resound by the shrill blast of the same locomotive. . . . The morning sun shone out clear and cold as we moved off from the Bay street station, the thin air permitting a distinct view of the opposite shores of the lake. . . . We soon reached Bell Ewart, on the shores of Lake Simcoe, which, though yesterday reclaimed from the wilderness, is a place fast assuming the appearance of civilization and active business. . . . In a short time we found ourselves at Barrie station, and here we must confess we were disappointed. Having never seen Barrie before except on paper, we had formed in our mind a picture, whose truthfulness the reality was far from bearing out. We were told, however, to suspend our judgment until we had seen it in summer, when its beauties are marvelous, and we took the hint. . . . The road being in good order, we made up for the loss of time, running through the sandy plains of Sunnidale and other townships at a rate which would have astonished the primitive owners of the soil had any of them remained to witness the exciting scene. The only clearing we noticed on this part of the road is one which, we were told, is the nucleus of a youthful colony planted by the enterprising firm of Messrs. Jacques & Hay, who are about to erect a mill. . . . Owing to the heavy snow which had fallen the previous day, the workmen had been prevented from laying down the ties and rails on a short portion of the road, so that we had to dismount and traverse the remainder (to Collingwood) on foot. . . . We all returned in safety, thanks to Mr. A. Brunel, after a very pleasant trip—a trip not intended as a formal opening of the road, but simply with the view of inspecting the line, which will not be practically in use until about new year.

(The road, then called the Ontario, Simcoe & Huron Railroad, is now part of the northern division of the Grand Trunk. Mr. Brunel was the superintendent.)—From The Globe, of Dec. 5, 1854.

Represents Port Simpson.

W. Finlayson of Port Simpson, B. C., is able to boast that he has on him a piece of the skin of nearly every resident of the coming Pacific terminus of the Grand Trunk Pacific Railway. In a launch explosion in which one man was killed, he being frightfully scalded, to save his life he had to have 875 pieces of skin grafted on him. At first the male residents of Port Simpson were backward in giving up tissues of their epidermis, but the ladies came gallantly forward and endured the pain inseparable from the sacrifice of integument. Of course all the men quickly followed suit.

Superfluous Hair

Removed by the New Principle

De Miracle

It is better than electricity, because it destroys the root; produces no growth. Better than X-ray, because it does not burn, scar or paralyze the tissues under the skin. Better than depilatories, because it is not offensive; therefore, it will not cause boils, poisoning or produce eczema, which is so common with depilatories, and does not break off the hair, thereby increasing its growth.

Electrolysis, X-ray or depilatories are offered you on the here tread of the operators and manufacturers. DE MIRACLE is not. It is the only method which is indorsed by physicians, surgeons, dermatologists, medical journals and prominent magazines.

DE MIRACLE will be mailed to any address, sealed in plain wrapper for $1. Your money back without question if it fails to do all that is claimed for it.

Our booklet—the most complete treatise on Superfluous Hair ever published—containing the testimonials of numerous physicians and surgeons and those of hundreds of others—will be sent free, in plain, sealed envelope, upon request. Write for it to-day to

A CREDITABLE PUBLICATION

Is the First Issue of the "Collegiate Echoes."

Yesterday the first issue of a new Peterborough publication, "Collegiate Echoes," issued by the pupils of the Peterborough Collegiate Institute, appeared. The entire work of editorial and business management has been done by the pupils, and reflects credit upon their ability. It will appear each month, and if the literary excellence of the first number is a criterion of what may be expected in the future, there is no doubt that it will be received with popular favour. An editorial article in the first number says in part:

"The benefit that the journal will be to the school as a whole will certainly be sufficient recompense for the work connected with it. It is just as good practice to write an article for the paper as to write one of the ordinary class compositions, and to those who undertake the editing and managing of the paper, the practice in business system and methods will be valuable. We hope to create a deeper interest and pride in the Collegiate throughout the town through the publication and circulation of 'Collegiate Echoes.'"

The staff of the Collegiate Echoes is: Joint editors, L. Smithson and M. Roberts; business manager, S. Fife; assistant editors, Personals, upper school, K. Martin; lower school, C. Clementi; athletics, B. Miller; nature study, M. Fife; humour, G. Walsh.

ENTERTAINED BY YOUNG PEOPLE

Interesting Evening's Programme at the Protestant Home.

Last night the Visiting Committee of the George street Epworth League visited the Protestant Home and delighted the inmates with a concert. A number of young ladies and gentlemen went up to the Home about 6 o'clock and spent the evening there, and gave an entertainment which at once made them very popular with those whom they sought to entertain. Among the numbers on this most interesting programme were:—Vocal duet, Misses Chasty; vocal duet, Misses Hall; duet, Mr. and Miss Haycke; reading, Miss Irwin; recitation, Miss E. Fraser; recitation, Miss Louise Frand; reading, Mrs. Armstrong; recitation, Mrs. W. Badge. Addresses were also given by Mr. O. A. Kidd, president of the League, and Mr. Garnet Galley.

THE PROTEST WAS DISALLOWED

Meeting of T. V. League Executive Last Night.

Only Three Members Present—Campbellford-T.A.S. Protest Dealt With.

A meeting of the Executive of the Trent Valley Hockey League took place last night at the Oriental Hotel for the purpose of considering the protest entered by the Campbellford team against the decision of the referee in their recent game with T.A.S. at Cobourg. Only three members were present, Messrs. Clarry, secretary; Wood and Doris. The Campbellford team was represented by Mr. Collville, barrister, of that town, while Mr. F. D. Kerr, of town, conducted the case for T.A.S. Little new evidence was adduced, the only witnesses present being Mr. Dryden, of Campbellford, and Messrs. Hollingshead and Crowley, of Peterborough.

The three charges on which the protest was based were given a careful consideration, which resulted in its disallowance. The three charges, briefly, were as follows:—

1. That the game was unfinished.
2. That Mr. Brown, the referee, was incompetent, and also unfair, being partial to the T.A.S. in his decisions.
3. That Meagher, who played with T.A.S., was ineligible.

Mr. E. S. Clarry, on motion, took the chair. Mr. Collville, counsel for Campbellford team, presented a number of affidavits, which he had not received till yesterday. These were not received as evidence, being disallowed on the ground that under the O.H.A. constitution they were twelve hours' late in being submitted, thus not allowing a chance for reply by T.A.S.

Mr. Collville in presenting his case read a number of the affidavits filed in support of his contentions, and also a letter signed by a number of citizens of Cobourg, with reference to the incompetency of the referee. He also supported his claim as to Meagher's ineligibility, the latter having played in O.H.A. games in both Peterborough and Lindsay, contrary to Rule No. 3, of the T.V.L. Constitution. Affidavits as to who was responsible for the creation of the trouble at the end of the game were also read.

Mr. Kerr met the first charge by contending that the Campbellford team was responsible for the breaking up of the game during the last minute by the action of Cole, their goal umpire, in striking McGrath. Several affidavits in confirmation of this were read. As to the incapacity of the referee, he claimed that the Cobourg men who had signed the document were not competent judges, as they were nearly all elderly men, who were unacquainted with hockey.

In dealing with Meagher's ineligibility, he stated that permission to play had been given him by Mr. Clarry, who afterwards discovered that he was in error in so doing. On discovering this he at once notified Meagher, who immediately dropped out of O.H.A. games. Mr. Kerr contended that Mr. Clarry was justified in his action, by the fact that while he had given a wrong decision in the first case, he had done so upon the advice of several authorities, who were also mistaken.

Mr. Clarry, in a brief summary of the case, assumed all responsibility as to the charge with reference to Meagher, stating that though he had erred in his first decision, he had acted in good faith at the time, and to the best of his knowledge. He thought that the T.A.S. team should not be punished, as they had acted in a most straightforward and commendable manner in regard to it. As to the case of the referee he considered that it would establish a harmful precedent, were the executive to over-rule his decisions. He had been an official referee of the League for over four years, and had always given good satisfaction.

Mr. Dryden in his evidence, stated very largely the facts contained in his affidavit.

Mr. Hollingshead cited numerous cases in which O.H.A. games had been awarded by the referee's decision when interfered with by members of one team.

A decision was reached at a late hour, Messrs. Clarry and Doris holding that the protest be disallowed, while Mr. Wood took the opposite view.

Sir Wilfrid Hopeful of Regulation But He Was Guarded.

TO PROTECT VESTED RIGHTS

Bill Introduced—The Yukon Election Return Question Again Before the House—The Member For South York Works For His Favorite Hobby—Mr. Bourassa in Support.

Ottawa, Feb. 18.—A guarded statement that the Government proposed to introduce at this or an early session a general telephone law, dealing for one thing with the interchange of traffic, was made by Sir Wilfrid Laurier in the House yesterday. It came in response to Mr. W. F. Maclean, who strongly urged this step in calling attention to the many petitions reaching Parliament asking for restoration of civic rights in connection with the encroachments of the Bell Telephone Company. The correspondence relating to the Yukon election was presented to the House, and formed the basis of a brief debate, during which Sir Wilfrid Laurier showed that the delay in making the declaration was only the ordinary procedure and was well known. In reply the Opposition strenuously fought the grant to build a Government elevator at Port Colborne, and the evening was spent in recriminations.

Mr. Maclean declared that the Bell Telephone Company should not be allowed to erect poles on streets and highways without first obtaining the consent of the municipalities. He contended also that telephone companies should be obliged to interchange traffic and called for an amendment of the law which enables railway companies to refuse independent telephone companies access to their stations.

Sir Wilfrid Laurier, in reply, referred to the City of Toronto's demand that Parliament should pass a law to abridge the power given by Parliament to the Bell Telephone Company in regard to the company's right on public streets, pointed out to the mayor and to the solicitor, that, in his judgment, such abridgment would be interfering with rights which had been given by Parliament. They thought it would not be an interference but that a clause could be framed whereby the act should be so amended so as it would not infringe upon the vested rights they had in the city. Thereupon the Government asked the solicitor and the mayor to frame an amendment for consideration. If such draft legislation were received it would be the Government's duty to consider it. If such an amendment could be framed without interfering with any vested rights of the Bell Telephone Company there would be no objection to such a law being introduced.

"But if," said Sir Wilfrid, "such a law cannot be introduced without infringing upon rights which have been granted to the company by this Parliament there would be a serious objection to such legislation. I pass no judgment at this moment upon the question which has been raised. I have been waiting and am still waiting for news from the City of Toronto upon this subject."

Bills Introduced.

The following bills were introduced:

To incorporate the Algoma Copper Range Railway Company—Mr. Dyment.

To incorporate the Leblanc and Thunder Bay Railway Company—Mr. Bole.

Respecting the Edminton, Yukon & Pacific Railway Company—Mr. Jackson.

To incorporate the Brantford & Woodstock Railway Company—Mr. Schell.

The correspondence relating to the Yukon election was laid on the table by Sir Wilfrid Laurier.

Mr. Prefontaine's bill extending the pilotage district of Quebec to Father Point, so that the pilot may be taken on there without requiring the vessels to stop again before reaching Quebec, was put through its final stages.

Pills and Piles.

A prolific cause of Piles is the use of cathartics and pills of a drastic, violent nature, which is always followed by a reaction on account of the resinous, drying properties they contain.

Montreal, Feb. 18.—From advance sheets of the Dominion Coal Company's annual report, it is seen that the floating debt has been reduced by 469,119, while first mortgage bonds to the amount of $116,000 were retired and the total amount expended by the company on capital account, including the new colliery, was $500,000. The output was 3,022,522, compared with 3,147,766 for 1903. The net earnings were $1,620,475, against $1,756,028 for 1903.

Cures Spinal Meningitis.

New York, Feb. 18.—That cerebro-spinal meningitis, frequently called "spotted fever," is to be robbed of its terrors is believed at the Gouverneur Hospital, where a method of treatment, discovered by Dr. Edward Waitzfelder, visiting physician there, has led to many speedy recoveries of late.

WRECKED IN STORM

Six Locomotives Crash Into Each Other During a Blinding Blizzard.

ONE KILLED; THREE INJURED

Engines Were Derailed and the Storm Was So Fierce That They Could Not Be Dug Out—One Man Killed and Six Injured In Snow Plow Accident At Smithville.

Toronto, Feb 18.—An accident unique in railroad history occurred at 9.30 yesterday morning a few miles below Shelburne. As a result: Frank Hartley of Shelburne is dead. He had his leg and harm hurt, and a report states that death followed amputation of the leg.

The injured are:

Norman Morley, fireman, Toronto Junction, leg bruised cut about head and face, slightly scalded.

Robert Thompson, conductor, Toronto Junction, tendons of stomach slightly strained.

E. Carson, brakeman, Toronto Junction, sprained ankle, body slightly burned.

The injured men were taken to Shelburne, where they must remain until the line can be re-opened. An auxiliary was despatched from Toronto Junction, which arrived at the scene of the wreck about 2 p. m. Work was begun at once on clearing the line, but so terrific was the blizzard that raged that it had to be given up, without anything having been really accomplished. The line is thus still completely blocked. It may be cleared to-day.

How It Occurred.

The affair was the tragic outcome of the determined battle waged by the railroad to keep its Owen Sound line open against the arrayed strength of the elements, cold, wind and snow. There is a water tank a few miles below Shelburne, and thither three locomotives, the propelling force for a large snow plow, had gone to take in a supply. The engines were long in returning to join forces with three other locomotives with which they had been acting in concert, and those in charge of the latter, thinking that their co-workers had become blocked and were unable to move, set out to lend aid.

Might Have Been Worse.

A driving wind was scurling the banked up snow alongside the tracks, blinding clouds that obscured the vision. It was not until the violent impact that the engineers of the divided forces knew of one another's proximity.

As it was, three of the massive engines were hurled from the tracks, while the others "slewed." The tender of one engine rolled over upon its side, while two others were thrown into a position crosswise of the track.

One Killed, Six Injured.

Hamilton, Feb. 18.—One man was killed outright and five or six others seriously injured last night on the T., H. and B. at Smithville. A snow plow had been sent out to clean the snow off the track. Another engine followed, and crashed into the plow, killing one man and injuring six others, who had been taken out to help clear the tracks. Both engines are stalled at Smithville and the track completely blocked. The local officials could not learn fuller particulars of the accident.

Killed On the Track.

Novar, Feb. 18.—Last evening about half-past five o'clock, a freight train coming from the north struck Donald Ross, an old man, who was walking on the track, and instantly killed him. Mr. Ross was about 80 years of age and a little deaf. He heard the train coming, but was too late, as the snow was banked high on either side of the track and he could not find an opening to escape.

Killed At Aurora.

Aurora. Feb. 18.—James McCluskey, an employe of the Davis Tanning Co. of Aurora, met with a terrible death yesterday afternoon. He was working at a machine used for splitting leather when his hand got caught between the rollers. His hand and arm were crushed to the shoulder, and amputation but the shock proved fatal.

A BRIDEGROOM'S SUICIDE.

After Three Days of Married Life He Gave Up Because of Sickness.

London, Feb. 18.—The mystery surrounding the disappearance of Major Harry Pakenham on his honeymoon at Folkestone, Kent, last week, has been partially cleared up by the discovery of his body on the seashore. Major Pakenham was a son of Gen. Ralph Pakenham. He married, Feb. 7, in London, Miss Markham, sister of the late Lady Annesley, and was staying at Folkestone. Three days after the marriage he went out for a stroll, telling his wife that he would not be long. The next day his overcoat was found in the harbor, and a note in a pocket said he was sick and saw no prospect of getting better.

Major Pakenham contracted enteric fever during the South African war.

A BAD CASE.

But Easily Overcome When the Proper Remedy Was Found.

Alfred Carter writes the following candid letter setting forth the benefits he derived from the use of Bu-Ju Kidney Pills.

Toronto, Ont., June 4, 1904.

Claflin Chemical Co., Windsor, Ont.,

Gentlemen, — During the past winter having caught a severe cold in my back, and my kidneys appearing to be affected thereby, I was induced through seeing your advertisement in one of the daily papers to try a box of your "Bu-Ju" Pills, and am very pleased to tell you that after taking only two boxes of them the trouble entirely disappeared, and I have not been troubled since. Yours truly,

139 D'Arcy street Alfred Carter.

What they have done for Mr. Carter they will do for you. Why hesitate and continue to suffer when a simple remedy can be obtained at so simple a cost. Bu-Ju Kidney Pills are for sale at all drug stores.

A STATE DRAWING ROOM

LORD AND LADY GREY'S FIRST IN CANADA AN EMINENT SUCCESS.

The Canadian Point of View Interpreted by Col. Hanbury-Williams, the Governor-General's Secretary—The Modus Operandi at These Great State Social Functions—Work for the Colonels—His Excellency's Part.

Since the days of Dufferin, who set a social pace that no other Governor-General has rivalled, there has been no such drawing-room as that held by His Excellency Earl Grey at the opening of Parliament at Ottawa this year. H. F. G., in his bright, breezy way, thus describes the function in The Toronto Star. He says:

A Tactician.

The success of the function was largely due to Colonel Hanbury-Williams, the Governor-General's secretary, who brings to his duties a very fine quality of tact, acquired by contact with the social scheme in various parts of the world. Colonel Hanbury-Williams was Lord Milner's right hand man in South Africa, and won golden opinions there by his affability. He has taken pains to learn the Canadian point of view, and seems to have learned it well. That there were not more heart-burnings over a drawing-room which so many people were anxious to attend, particularly in a place like Ottawa, where questions of precedence are more than prickly, may be put down to the diplomacy of His Excellency's secretary, who has the happy knack of adjusting etiquette to our democratic ways of thinking. Colonel Hanbury-Williams is Major Maude's successor. He will be the ceremonial of Canada for the next five years. But Canada has no reason to bristle up, foreboding another Major Maude and his Turveydrop lectures on deportment. Colonel Hanbury-Williams is a different sort entirely. He will be fortifier in re, no doubt, but suaviter in modo will be his line of action. He is going to run the social shop for the people, and when anything unusual is demanded he will have his excuse ready.

Clear the Senate.

Everybody knows, of course, that a State drawing-room is held in the Senate Chamber, and the Senate chamber cleared for action looks better than it does with the desks, chairs and Senators inside, none of which are ornamental. The deep red of the carpets and hangings makes an accommodating background to any kind of color scheme, and gowns and uniforms the most diverse seem to fit into it without jarring. The hall has a clever arrangement of electric light, which gives the effect of a canopy spangled with lambent gold, and vice-royalty shows forth all the more impressively for this little stage trick.

Officers Enter.

Half an hour before the drawing-room begins, the officers enter and take their stations in two rows, with a space in the middle. This space is the straight and narrow way to the throne, the Scylla and Charybdis which all must pass who are not Cabinet Ministers or have not the private entree. At the top of the row, nearest the throne, are ranged the members of the Militia Council and the colonels, but after that rank cuts no figure, and majors, captains, and subalterns, cavalry, artillery, engineers, guides, and infantry officers are distributed promiscuously with no other idea than of putting a dark coat beside a red one, and so helping the mise-en-scene. At the bottom of the row there is also a colonel who takes a card from the person who is to be received, and at the top of the row four more colonels, who take the other card that is required by the rules. This last card is taken up by Colonel Smith, and, having passed rapidly from hand to hand, is finally read out by Colonel Hanbury-Williams and dropped in the basket. Privy Councillors and such, who come in by another door, and who don't have to run the gauntlet of the military, submit their cards to Colonel Hanbury-Williams, and make only one show-down. But everybody else is under suspicion, and any card that is played has to be looked at four times before it is acknowledged as trumps.

Work for Colonels.

It is satisfactory to know that the colonels who are being gazetted every day have some really serious employment. It is no small feat of physical endurance to stand at attention for two hours and a half and to handle over a thousand cards without once reneging or being bluffed out. We need more colonels for this important service. We understand now why the members of the Headquarters' Staff are so anxious for the brevet rank which will put them in line for this hazardous duty. Let us have more colonels, good fellows from the clubs.

A Two-Hour Job.

Sharp on the stroke of nine His Excellency and the Countess entered and took their places on the dais, where they remained standing and bowing for two hours thereafter. This is one of the cases in which the public has the best of it and the Governor-General has to work hard for the hundred and thirty dollars which is a day's pay. A thousand bows are apt to give a man a crick in the back. As an extension exercise it gets monotonous after the first fifteen minutes. Even on a commercial basis His Excellency gets the worst of it. A thousand bows for $130 is thirteen cents a bow. Black Rod, who makes about fifty bows during the session, averages $80 a bow. It is conceded that Black Rod gives a better bow and puts more of his back into it for $80, but the fact remains that the Governor-General is getting short-changed on this deal. After this nobody can say that Canada isn't being kept for the Canadians. So long as we pay a simon-pure Canadian Black Rod $80 a bow and a British Governor-General 13 cents for the same article this country is safe.

As a maxim of morals, it is more blessed to give than to receive. This does not apply to the receptions of a Governor-General. Every other man in that glittering assemblage gets off with one bow. His Excellency alone has to give a thousand bows. He gets a thousand, it is true, but slowly, one at a time, like the dollars that go to a savings deposit, but he has to hand them out as fast as they come in. It's almost as tiresome as a run on the bank.

Fully Bedecked.

His Excellency was dressed as an earl, coat all galloon and shimmer, white satin knickerbockers, white stockings, and slippers with buckles. He carried his cocked hat in his right hand. All earls are belted earls. The sash, worn bandolier-wise across his shoulder, must have stood for the belt so much favored by the poets. On his breast was the Matabele medal. The Countess wore something blue with a long court train. It was a fine pageant, to be sure, but it was hard on the Earl and his Countess to have to stand there for one hundred and thirty-five minutes and smile and bow through it all. So many strange faces, so many handsome gowns, so many crumpled dress suits just out of the trunk. No wonder his eyes lighted up when he saw somebody he knew. It was also very hard on Sir Wilfrid, who having made his bows first of all, after the daughters of His Excellency, slipped around and took up his station to the right of the throne. Sir Wilfrid stuck to it like the Roman sentinel, but it was obviously more of a duty than a pleasure for him to appear in the "gilded harness" which he dislikes.

Jean Baptiste Again.

Among those present was noticed Senator T. O. Davis, who is accepting all the social responsibilities of the Upper House. In his person the free and equal and somewhat radical West bent the knee to rank and position. Jean Baptiste Morin also made his devoirs. The member for Dorchester, scorning petty conventions, appeared in a morning coat and striped trousers, with a black four-in-hand tie and a gold horseshoe pin. This republican simplicity of costume rendered him a marked man even in that splendid assemblage. It is understood that Jean Baptiste would have carried his faithful umbrella to the foot of the throne if the usher had not taken it away from him at the door.

A Pretty Consort.

Another venerable figure was Major Wicksteed, who can always startle Ottawa by weird conceits in dress. The major, who is getting on towards ninety, thinks he is old enough to manage these things for himself. Last night he added to his reputation for daring originality by springing a Louis Quatorze outfit in purple velvet, with gold buttons, silk stockings, and slippers. The major took everybody's breath away, but then he is used to that.

A State drawing-room is a very edifying institution. It emphasizes those nice social distinctions which Ottawa admires and which reach down to every class of the community.

A SUDDEN TWINGE

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were in the bones or muscles, but the real cause of rheumatism is found in impure blood. In order to cure rheumatism the blood must be cleansed of the poisonous impurities which are the cause of the disease.

Dr. Pierce's Golden Medical Discovery has been very successful in the cure of rheumatism, because it entirely cleanses the blood from the poisonous uric acid which is the cause of the disease.

"Your 'Golden Medical Discovery' cured me of rheumatism after I had tried a dozen remedies without relief and also some West in search of health," writes Harry Hiltner, of No. 1625 6th Street, Denver, Colo. "Only those who have suffered from this dread malady know the pain and misery I endured for over five years. Whenever the weather was damp or cold my troubles were increased and my joints would be so stiff and sore that I was hardly able to move about, and often unable to dress myself. I used a number of highly recommended medicines, but they had no effect whatever on me, and I spoke of Colorado hoping to regain my health, but failed to obtain the relief I had hoped for. A gentleman in the house where I lived advised me to use Dr. Pierce's Golden Medical Discovery, and in four months and a half after I began using it I was a well man, and have had no touch of it for the past seven months."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets Tiny, sugar-coated anti-bilious granules regulate and invigorate Stomach, Liver and Bowels. Do not beget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor. Put up in vials; always fresh and reliable.

HE TOOK HIS WIFE'S ADVICE

Dodd's Dyspepsia Tablets Cured the Stomach Trouble That Confined Henry A. Coles to His Bed.

One of the unpleasant features of indigestion and Dyspepsia is that it always keeps getting worse. Take the case of Henry A. Coles, of St. Mary's River, Buysboro, Co., N. S. He says:

"I had stomach trouble for about five years, more or less, and at last I was taken to my bed and the doctor called in. He did me no good. I was suffering a great deal and did not know what to do."

Everyone must admit that Mr. Coles was in a bad way. But that is what Indigestion leads to if it is neglected. But if Mr. Coles did not know what to do his wife did. She said, "Try Dodd's Dyspepsia Tablets." Like a wise man he took his wife's advice, and of the result he says:

"I took seven boxes and have not felt any of the trouble since. I very heartily recommend Dodd's Dyspepsia Tablets to any sufferer from stomach trouble. They cured me."

Redeem Your Past Failures.

You may say that you have failed too often, that there is no use in trying, that it is impossible for you to succeed and that you have fallen too often even to attempt to get on your feet again. Nonsense! There is no failure for a man whose spirit is unconquered. No matter how late the hour or how many and repeated his failures success is still possible. The evolution of Scrooge, the miser, in the closing years of his life, from a hard, narrow, heartless money grubber, whose soul was imprisoned in his shining heap of hoarded gold, to a generous, genial lover of his kind, is no mere myth of Dickens' brain. Time and again, in the history of our daily lives, chronicled in our newspapers, recorded in biographies or exhibited before our eyes, we see men and women redeeming past failures, rising up out of the stupor of discouragement and boldly turning face forward once more.—O. S. Marden in Success.

A Restricted Essay.

The puzzle department of London Truth called for a competition in accounts of a round of golf containing no letter "a" or "u." Here is a good specimen from the many replies received:

"I know nothing of golf. Some people do, or pretend to. However, I visit the links, for I like to look on. Slow work, yet good for the liver. They hit some kind of sphere into holes on the green, then seek for it. Some find it in them, some do not. Men who win grin. Men who lose bless everybody, sotto voce, being too polite to do so before people. Women who lose despise the she winners. Their verdict is, 'ill dressed objects,' 'whened things,' 'no chicken.' Men do differently, for when finished they drink together in good fellowship, then missile—to dine, not repine."

The Reporter Succeeded.

In New York on one occasion a reporter made several vain attempts to see J. Pierpont Morgan, both at his office and his residence. Finally his opportunity came. He was interviewing another financier and incidentally came into possession of the latter's card. He kept it; then, going to Morgan's residence, he sent in his own card in company with that of the financier. The ruse was successful, and he was shown into Morgan's presence. When the reporter had stated his reason for the call the financier said: "Do you know, young man, that at least ten reporters have tried to see me today with reference to this question? I have declined to see any of them." The reporter smiled and replied, "Yes, sir, I know that, for I was the whole ten." He got his interview.

CANADIAN RAILWAYS.

Total Mileage Is Now Nearly Twenty Thousand Miles—1904 Statistics.

During the year ended June 30, 1904, there were 584 miles of steam railway built in Canada, bringing the total mileage on the date mentioned up to 19,611 miles. The capital paid amounted to $1,186,546,918, an increase of $39,996,149. This amount includes Dominion and Provincial subsidies, and loans and municipal aid. The miles of railway in operation numbered 19,431, an increase of 443 miles, compared with the previous year. The gross earnings of all the steam railways aggregated $100,219,436, a gain of $4,154,909. The working expenses amounted to $74,568,162, an increase of $7,081.63, but the net earnings show a falling off of $2,927,729, the total for the year being $25,656,274. The steam railroads carried 28,640,765 passengers, an increase of 1,492,028 and 48,097,519 tons of freight, a gain of 724,102 tons. Only 25 passengers were killed, being 28 less than in the year previous.

The returns of electric railways show that there are 767 miles of line, as against 759 in 1903. The capital, including Dominion and Provincial subsidies and municipal aid, was $80,453,609, an increase of $1,219,932. Working expenses were represented by the sum of $5,526,517, an increase of $358,659, which contrasted with the year previous. Net earnings totalled $3,125,092, or an increase of $846,275. There were 181,689,995 passengers carried, as against 155,662,813 for the preceding year. Of freight 400,161 tons were carried, 23,876 more than in 1902-3. Ten passengers were killed and a like number in the previous year.

On Whom Is Blood Guiltiness?

Some one may have blundered at Port Arthur, as at Balaklava, but that some one died is more evident. General Stoessel was made to believe that both General Kuropatkin and the Baltic fleet were close at hand, though in reality they were hopelessly far away. Such valor as that of the Russian garrison of Port Arthur needed no mendacious stimulus to provoke it to its highest power, but it fed reports encouraged the Russians to hold out longer than they would otherwise have done the authors of them must bear a heavy burden of blood guiltiness.

DIAMOND HALL, PETERBOROUGH

PETERBORO' WON FROM MARKHAM

Took the Second Game in the Round by 27-3

Are now Winners of Three Districts —Won the Round by 36-9—A Great Game.

Markham hockey team met its Waterloo last night, and the Wellington who was responsible for its decisive defeat was the Peterborough hockey team. At the Brock street rink last night the Peterboroughs played the second round of the semi-final games for the O.H.A. Intermediate Championship and won from their opponents, the Markham team by the score of 27-3, which just about constitutes a record for the Association, and reminds the local supporters of the game which last year's team gave the senior Marlboros last season, when a score of similar proportions was run up against the Champions.

The crowd in the Brock street rink last night was the largest of the season, and those who attended the game were given an exhibition of hockey which was well worth the price of admission. The local team played the best game they have put up this season so far, and at times, especially in the second half the pace was very fast.

When the word came that in the game which was played in Markham on Tuesday night the Peterboroughs had defeated that aggregation on their own ice by a score of 9-6, there were not many who had any very grave doubts as to the outcome of the game here last night, but it is pretty safe to say that few expected that the victory for the boys in blue would be of such a sweeping nature, and the few supporters who expressed their willingness to wager that the home team would triple the score were looked upon as men whose zeal had gotten the better of their judgment, but the result of the game showed that they were good prophets. The visitors presented a better team last night than that which represented that town on Tuesday night for they were strengthened by the presence of Gee, the last cover point and in the game last night he was by far the best man on the team, and there were few men on the ice who could equal him.

It was the fastest game seen on local ice this season, and although the home team won, the victory was not by any means as easily achieved as a glance at the score might indicate, for the visitors, although they were not matches for the locals, gave them a good hard game, and never let up the fast pace which was noticeable throughout the entire progress of the game, and in this it was a marked contrast from the game of a week ago with Smith's Falls. It must be said for the Markham team that they are not quitters by any means and they kept up the pace until the last minute of play, and indeed it was during the last three or four minutes that two of their three goals were scored, up to which time they had only notched one goal, and had it been necessary the locals could have ended the game with the score 27-1.

The game was late in starting, the delay being caused by the fact that the train which brought the visiting team was late, and it was nearly nine o'clock when they arrived at the rink. The game was started shortly after, however, and from that to the finish there were not many minutes when the spectators did not have something to cheer for. The locals, of course, got a good reception from the spectators, and the visitors, too, were well received, and during the progress of the game they were given a good share of the cheering, good plays by both teams being appreciated by the spectators.

The forward line last night won the game, the work of the forward line was so effective that it was not necessary for the men guarding the nets to do as much work. The forwards not only played good combination but they checked their men well, so that it was practically impossible for the visiting forwards to get any combination rushes in, but what few they did succeed in working in were well looked after by the defence. The game was not rough, although the checking was close, and the men who were ruled off were principally local players, the most serious of once however, being tripping, while frequently what looked like legitimate body checking was rewarded by a rest. Only one Markham man was ruled off while seven Peterborough players came in for a rest. At one time three were off at one time, but even then, with the whole defence gone, the visitors failed to locate the nets.

The Markham team was not in the same class with the locals, as judged by the game last night, and on the other hand the home team put up a far better exhibition than they have ever done this season before, and this was particularly noticed in their combination playing, which was nearly perfect, and when the forwards got going properly a score would generally follow.

The defence players took a hand in the rushes last night, too, and Glover and Crowley frequently broke away to institute or participate in a rush down the ice, which often resulted.

Gee was by far the fastest man on the visiting team last night, and had it not been for his work the score would have been much larger—if the team cared to make it so, but the other men were not fast enough for their checks. Pringle, in goal, made some good stops, but is not equal to Wasson, by any means. He was given plenty of work to do, and at times there was a perfect rain of shots going in on the nets.

Sullivan was perhaps the pick of the forward line, and scored two of the three goals. The other men were not equal to their checks, but during the whole game they never gave in and were plucky to the last. Their shooting is not equal to that of the local team, while their stick-handling also is inferior.

For the local team, it would be hard to particularize. Every man played a splendid game, and the combination of

Crowley Does a "Stunt"

the forward was the admiration of every spectator. Parnell's shooting was one of the features of the game. He played a splendid game particularly in the second half, when he played the boards more, where he does the most effective work. Morgan got his share of the goals, too, and played his position well. Graham watched his man closely and got in a number of good shots on goal, many of which Pringle failed to stop. Cavanah played his usually effective game, and his shots were the terror of the Markham defence. Crowley distinguished himself by his rushes, while at his position on the defence he was also a valuable man to the team. Glover stopped everything that came his way, and one of the features of the game was his rush down the ice with Morgan, the latter scoring on his pass. The goal was well looked after by Wasson, who stopped some pretty shots, and won many golden opinions for his effective work.

The teams were:—

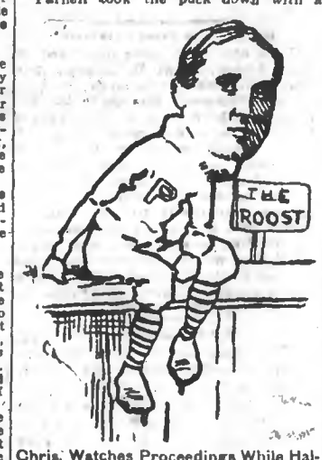
PETERBOROUGH.
Wasson
Glover
Crowley
Cavanah
Parnell, Morgan, Graham,
Wilson, Sullivan, Robinson.
Maxwell,
Gee
Halstead
Pringle
MARKHAM.

Referee, W. McCord, Toronto, who gave good satisfaction to both teams, although the spectators found some little fault with his decisions on offsides. He was strict, and kept both teams down to hockey, although it must be said that there was very little inclination on the part of either of them to do otherwise.

THE GAME.

It was seen early in the contest that it was going to be a victory for the home team, but few expected that it would be such a complete one. Gee started the game with a nice rush but failed to locate the nets. The first goal was scored in three minutes by Morgan on a pass from Graham, after a nice two man rush. Score, 1-0.

Parnell took the puck down with a



Chris. Watches Proceedings While Halstead Fixes His Skate

nice dodging run, but failed to score, Pringle making a nice stop of a difficult one. Halstead broke his skate and had to retire, Graham going off with him. The second goal also was the work of Morgan, who batted the puck in the goal from a scrimmage. Score, 2-0. Parnell got the third after a pretty rush, getting right through the defence and shooting on goal at close range. Score, 3-0.

Cavanah and Morgan got in a pretty combination rush and the former scored, 4-0. It was a perfect bombardment of the Markham goal with the forwards alternating in making rushes. The fifth goal was the result of one of the nicest combination plays of the game. Four men went down the ice, Crowley, Morgan, Cavanah and Parnell, and got through the defence, when Parnell shot one into the nets. Score, 5-0. Morgan scored the next on a pass from Cavanah in two minutes, 6-0.

Halstead and Graham now came on the ice again and the game was played with renewed vigor. Graham started it with a rush and a shot on goal which Pringle got in the way of, however. Parnell scored the next two goals, the first on a pass from Morgan, which made it look like this, 8-0.

Morgan did the rush act and got through the defence, but Pringle was in the way and no score resulted. The last one for the locals in this half was scored by Cavanah on a pass from Parnell, after a great three-man combination rush. The visitors then got their only goal in this half, Sullivan locating the nets. Some tripping and bodying was done now and three local men were on the fence at once, but still the visitors could not score and the half ended with the score 9-1.

SECOND HALF.

The second half was like the first only worse, and it was one continual stream of shots on the Markham goal, Cavanah got the first in half a minute on a pass from Morgan and in two and a quarter minutes Morgan got another on a pass from Graham, which made the score 11-1. In four minutes Parnell scored on a shot from the front of the goal and the next three goals were put in in lightning order, only three minutes being required. Cavanah got the first from a side shot in 45 seconds, and the second in 50 seconds. The next was put in by Parnell in 45 seconds, on a pass from Morgan, which made the score 15-1.

The next was a six minute goal, and was scored by Morgan, followed by one from Parnell in one minute, and Morgan added another in two and three-quarter minutes. Parnell got the nineteenth in two minutes on a nice side shot. "Make it twenty," called the crowd, and almost before the words were uttered, it was done, Morgan scoring in ten seconds. Graham added another in one minute and fifty-five seconds, making it 21. Cavanah got the next in four and three-quarter minutes and Morgan followed with one in three and three-quarter minutes. Graham took only fifteen seconds to score the twenty-fourth and the quarter hundredth was scored as a result of a rush by Glover and Cavanah in four and three-quarter minutes. Morgan got the next in two minutes and Graham the twenty-seventh and last in forty-two seconds.

The Markham team got busy now and put in two goals, Sullivan and Robinson doing the tricks.

The game ended with the figures 27-3.

COLONIALS WANT NO SYMPATHETIC BOUQUET

Resent Letter Signed "Karnot" in Last Night's Examiner.

Sporting Editor of Examiner:

Dear Sir,—Replying to the question in last night's issue by Karnot. I would like to state concerning the game with the T.A.S. that so far as we are concerned, we are quite capable of accepting defeat, without any bouquets of sympathy from Karnot. Throughout the schedule we have asked no favours either from the league or Karnots. They (Karnots) would be the last to whom we would go for a favour. Karnot evidently forgets the night they played our team when the half time score stood Colonials 2, Karnots 0 and there is no doubt but that the score would be that multiplied by two, had not the Karnots showed their superior staying powers, which was simply the result of four practices to our one. Where comes the room for a boast, Mr. Editor?

And now in conclusion allow me to state that I will wager twenty-five dollars with Karnot or anyone else that the T.A.S. can trim them (Karnots) in the same fashion as they disposed of us on Thursday night. I will wager fifty dollars more that the Karnots will never wear the Examiner lockets or partake of Lang & Maher's oyster supper.

We wish the Farriers and T.A.S. success who are our ideals of true sports.

Thanking you, sir, for this space, we are,

Yours,
COLONIAL HOCKEY CLUB,
Geo. T. Rickerby, President.

KARNOTS DISCLAIM THE AUTHORSHIP

Secretary Says no Member Wrote the Letter Signed "Karnot"

To Sporting Editor of Examiner:

Dear Sir,—In last evening's paper I notice a letter signed "Karnot" which seems very sarcastic about the Colonials and Earl Greys, and I beg to say that no member of the Karnot Hockey Club is responsible for having such a letter inserted. I hope you will publish this letter as a contradiction.

Yours very truly,
H. KINGSCOTE,
Sec. Karnot Hockey Club.

Note.—The repudiation of the letter by the Karnot Hockey Club is accepted by the Examiner as satisfactory. The letter was accepted by this paper as a joke, and it believes that it was in this spirit that it was written.

LATEST SPORT

HOCKEY

The Lindsay Post makes the following suggestion:—

Here is a suggestion which we think should meet with the approval of all hockeyists. Couldn't it be so arranged that the coming winners of our Town Hockey League play this season's winners of Peterborough Town Hockey League? We think that there should be no difficulty in arranging for the above two teams to play two or three friendly games with each other. Both teams could play home-and-home games and make money as well as have the satisfaction of trimming each other. It would encourage the junior hockey leagues and teams, and anyway is worth considering by local hockeyists.

• • • •

At a meeting of the City Hockey League Executive held last night the games of the first round scheduled for Thursday next, February 23rd, were called off and in their place the Karnots and T.A.S. will play off in the semi-finals, the winners will then play the final game for the championship with the Farriers on March 2nd.

BARRIE'S
BIG "RE-MODELLING" REDUCTION SALE

This great money-saving Fur and Furnishing function sounds the right note of substantial economy.

If there ever was a sale in which miracles with money were performed it is in this big Sale of ours.

Furs of the finest qualities and of the highest class of workmanship, together with the more moderate grades of safely cheap lines, can be bought at much lower prices during the Sale than at any future period.

Big Reductions off regular prices are the order of the day throughout our entire stock.

Mink, Alaska Sable, Persian Lamb, Seal, Astrachan, etc., have all gone up in prices; the Fur Sales in London, England, just held showed an advance of from 10% to 50% in the different kinds. This means a very material increase in price on all Furs for next season.

This Re-modelling Sale to the prudent thrifty man or woman is a monumental money maker and they will do well to see to present, and anticipate future, needs in Furs and purchase now.

Men's Furnishings of all kinds—Hats, Gloves, Collars, Shirts, Ties, Underwear, Sweaters, etc., all at Clearing Reduction Prices as we must get them out of the way.

Our store is to be re-modelled and workrooms to be enlarged therefore we must clear out stock at once, as dust and dirt and lack of room compel us to.

MRS. HANNAH TOOK HER FATAL LEAP

Fatal Accident Which Occurred on Saturday Night on the G. T. R. Tracks Near the Cordage Works.—Mrs. Sarah Jane Hannah and her Grandson, Harry Cobourn, Get off the Train While it was Moving and were Killed Instantly.—Supposition is That They Fell Under the Wheels of the Coach—Had Been Visiting in Port Hope and were on the Way Home---Husband of Deceased Lady Killed 14 Years Ago by Mad Bull---Hundreds Viewed the Bodies Yesterday Before They Were Identified---Have Lived in Peterborough For Three Months.

Mrs. Sarah Jane Hannah.
Harry Cobourn.

On Saturday night about 9.15, the two persons named above met an untimely end on the G.T.R. track south of the Diamond, and directly opposite the coal sheds of the Peterborough Fuel and Cartage Company, on the Port Hope branch of that Railway.

The facts in connection with the death of this woman and her grandson, for that is the relationship they bore, are sad in the extreme.

THE SAD CIRCUMSTANCES.

About half past nine on Saturday night the news reached Comstock's undertaking rooms that two persons, an elderly woman and young boy had been found dead on the G. T.R. tracks at the point mentioned, and immediately the ambulance was dispatched to the spot, and the bodies, now cold and stiff were brought to the establishment of Mr. Aaron Comstock. The woman was apparently about 50 years of age, and as far as could be seen, bore no marks which could indicate what caused her death, and the boy was about 6 years of age, but his face was covered with blood, while a deep gash in his neck, which was broken, and his crushed jaw bone were ample evidence that his death had been a violent one.

The news of the horrible affair quickly spread, and Dr. Grey, the County Coroner was notified. The The bodies after being removed to the undertaking rooms were viewed by hundreds of persons, but while many expressed opinions as to the identity of the victims, there was no one who could say positively that they knew who they were. There were three or four men who were reasonably certain in their own minds that they knew the woman and named a lady living in the south end of the town, but this was afterwards proved to be an erroneous surmise as the lady mentioned was at home safe.

A DEEP MYSTERY.

The body of the woman was that of a well-developed person, about 5 feet 3 or 8 inches tall, dressed in a black cloth skirt, waist of black with white polka dots, and a black coat. She also wore a black felt hat, trimmed with a black wing. The boy was dressed in a dark tweed suit, and had a red and white toque on his head. A parcel containing a pair of shoes which had been worn, and another in which was a large piece of beef, were wrapped up in a brown shawl, tied around with a string was found; a small parcel contained three new handkerchiefs and some samples of flannelette.

Many wild stories were afloat Saturday night, both as to the identity of the persons who had been killed and the manner in which they had met their death. Some said that they were driving across the track and that the train had struck the rig in which they were driving and it was further said that there were three, but that one, a man, had escaped injury. Another story was that they had been found on Bethune street between Simcoe and Charlotte streets, and that it was supposed that they had been carried past the station by mistake, and in attempting to get off the train had fallen under the wheels.

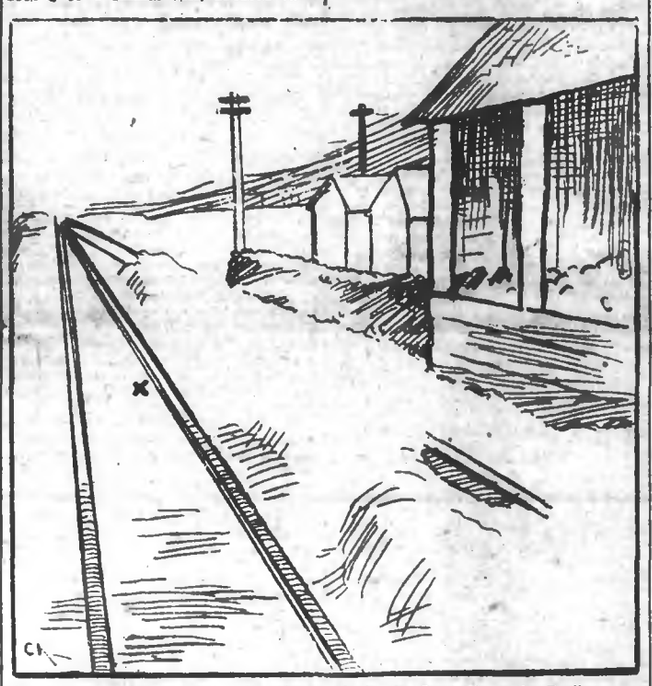
MANY RUMOURS.

Still a third rumour was circulating to the effect that it was a mother and her child, who had been to town marketing and were going home, walking along the track and were run down by the train which they had not noticed approaching.

In the light of later investigation, however, these were all found to be erroneous.

HOW IT HAPPENED.

The facts of the case are that Mrs. Sarah Jane Hannah, widow of the late Charles Hannah, who had for teh last three months been in Peterborough living at 19 Lake street, her family consisting of a son, Charles, aged 20; a daughter, Bertha, aged 17; a grandson aged 6 years. Mr. Charles Bryans was also a boarder in the house. She was coming home from Port Hope on Saturday night on the train which is due here at 5.35 p.m., but which Saturday night was late, not reaching the station until 9.15 p.m., and when the train slowed up, and stopped, at the diamond, as it always does, the woman, either thinking that the station had been reached, or intending to get off the train there, since it would save her a walk from the station, as the point where the train stops is not far from where she lived, got off the train, after it had started up again, and alighted on the east side of the track on a high bank of snow, from which she must have fallen back against the track and under the wheels of the coach, the rear truck of which passed over her body, almost severing it, and, of course, killing her instantly.



The Scene of the Accident. The Cross Marks the Spot where the Bodies were Found.

When she got off the train she had the boy in her arms, and the parcel already referred to, and the boy, of course, went under with her, but the indications are that the wheels did not run over him.

WHAT CAUSED THE BOY'S DEATH

It is supposed, however, judging from the nature of his injuries, that he was struck by the flanger that was attached to the rear coach of the train, and so badly injured that in his case death must have been instantaneous. The injuries which they sustained were: the woman, body cut almost in two, and left arm broken, the bone being completely smashed above the wrist; the boy, neck broken, left arm broken, leg broken, jaw broken, chest crushed in, cut on back and arm, and also on the right cheek. The numerous injuries shown on his body, indicate that he was not simply run over, but that he must have been struck by some sharp substance to inflict the cuts.

THE BODIES FOUND.

The bodies could not have laid there long, for it was only a few minutes afterwards when John Martin, who lives at 29 Sheridan street, was walking up the track on his way home, when he saw the bodies lying on the track, the boy directly on the rail, lying parallel with it, and about four feet north of that of the woman, who was lying on her left arm, the one which was found to be broken.

Mr. Martin, of course, was horrified at what he had discovered, and started off to notify someone, when he met Mr. W. N. Graham, of 91 Wescott street, who was walking south on the track, going home. To him he told the gruesome story, and also to Mr. William Vass, who lives at 77 Chamberlen street, and who also happened along. J. Penrose, the flagman at the diamond, was also told, and Mr. Graham at once notified Dr. Gray, the coroner, while Mr. Martin telephoned Comstock's for the ambulance, from R. C. Braund's store.

REMOVED TO UNDERTAKER'S.

Dr. Gray went at once to the scene and found the bodies in the position indicated, and ordered them removed to the undertaking establishment, which was done.

Every effort was made, both by the coroner, and the police, who were notified, to identify the bodies, but without avail, and it was not until Sunday morning that it was found out who they were. Although, as has been said, hundred visited the undertaking rooms before the bodies were finally and positively identified, no one could say definitely who they were.

IDENTIFIED BY LITTLE GIRL.

During yesterday forenoon, a little Desautel girl, who lives near the house in which Mrs. Hannah resided, went into the room where the bodies lay awaiting identification, and the instant she saw that of the woman she threw up her arms, exclaiming: "Oh! that's Mrs. Hannah." Inquiries were instituted, and it was found that the little girl had not been mistaken.

The deceased woman, as said by some, kept house for Chas. Bryans, whose wife left him some months ago, eloping with an Englishman, who had been boarding at the house for some time, though the son states that Bryans boarded with the family. The circumstances in connection with the desertion were reported in the Examiner at the time. With Mrs. Hannah lived her daughter, Bertha, aged about 17 years of age, and her grandson, Harry Coburn, whom she had raised. At the present time her son, Charles, was also staying with her, though he was just here temporarily, as he works in the woods for a lumbering firm.

HER ABSENCE NOT ALARMING.

Mrs. Cobourn, the mother of the little lad now lying dead, was in Peterborough on a visit to her mother and her son, until last Thursday, when she went to her home in Port Hope, accompanied by them. She was, by the way, deserted by her husband some three years ago, who is now supposed to be at Scarboro, or vicinity. When Mrs. Hannah went away on Thursday she said that she would be back either Saturday night or Monday morning, and her daughter, Bertha went to the station Saturday night upon the arrival of the train to meet her mother, but when she was not there, she naturally concluded that she had decided to remain there until Monday, and was not at all uneasy, and it was not until Sunday noon that she and her brother learned of the sad fate which had befallen their mother and nephew.

When they were told yesterday afternoon of the accident, the daughter especially, was grief stricken, and could hardly believe what she had been told. The son at once went to the undertaker's and there identified beyond a doubt the bodies.

MANY VIEWED THE BODIES.

By this time the news had spread through the town, and all day yesterday a steady stream of persons, men, women and children, visited the place where the bodies were. The great majority attracted doubtless by curiosity.

In the churches yesterday morning, at the request of the Coroner, mention was made of the fatality, in the hope that someone might be able

We Will Buy

A 50c. Bottle of Liquozone and Give it to You to Try.

We want you to know about Liquozone, and the product itself can tell you more than we. So we ask you to let us buy you a bottle—a *full-size* bottle—to try. Let it prove that it does what medicine cannot do. See what a tonic it is. Learn that it does kill germs. Then you will use it always, as we do, and as millions of others do.

This offer itself should convince you that Liquozone does as we claim. We would certainly not buy a bottle and give it to you if there was any doubt of results. You want those results; you want to be well and to keep well. And you can't do that—nobody can—without Liquozone.

We Paid $100,000

For the American rights to Liquozone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Liquozone destroys the cause of any germ disease.

Liquozone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a Liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you.

Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of $1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please, accept it to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and $1.

EDITORIAL NOTES.

The Halifax Herald terms the expenditure on the office of the Canadian Commissioner of Immigration in London "Preston's Pension," and says that the outlay of $31,101 was worth less than that many cents. Political feeling against Mr. Preston should not, the Montreal Herald thinks, lead our contemporary into an unfair judgment of his value as an immigration agent. Mr. Preston is an exceedingly able and energetic servant, and very much of the great movement of population from the British Isles and the Continent Canada-wards during the past few years is directly attributable to his intelligently directed efforts.

The Russian social revolutionists are not so advanced in method as we are in Canada. Here the death sentence is carried out in private, but in Russia it makes no matter where, in the street, in the office, in the home — all's one to the bomb thrower. Duke Serguis was sentenced to death, and the decree has been carried out with ghastly exactitude. General Trepoff, the tyrannical chief of police, is also under the mortal ban, and his turn will come. It is also said that the Czar himself is on the death list. One can have little sympathy with assassination, but there is room for abundant sympathy with the oppressed people, who find that assassination is the only way to appeal to tyrants. The role of the revolutionary extremists, who deal out death, can be easily nullified. If the Czar will grant to the Russian people only a fractional part of the freedom we possess in Canada, there would be an end to assassination, with the termination of the conditions, which, if they do not form a justification, form an excuse.

DR. BELL VISITS LUMBER CAMP

Former Peterborough M.D. Now Finds Smallpox in New Ontario.

Dr. R. W. Bell, formerly of Peterborough, Medical Health Inspector for the province of Ontario, has concluded a visit to the lumbering camps in the vicinity of Sudbury, where he went to investigate the origin of a number of cases of smallpox, says a despatch to the Globe from Fort William. Except in the unorganized districts, where fourteen cases of the dread disease were found, the doctor found that sanitary conditions along that portion of the C. P. R. were generally very good. In the larger lumbering concerns the sanitary conditions were carried out fairly well, and sickness is usually kept down to a minimum. Yet in many instances there is more or less neglect in the matter of vaccination, and Dr. Bell considers it a wonder that a serious outbreak of smallpox has not visited more than one camp in the district east of Rat Portage. He is now visiting the camps in the Rat Portage district.

OYSTER SUPPER IN OTONABEE

Pleasant Evening Spent at Home of Mr. and Mrs. Alex. Huston.

An oyster supper took place at the residence of Mr. and Mrs. Alex. Huston, Otonabee, two miles south of town, on Wednesday evening, at which a very pleasant time was spent by those present, who numbered about sixty.

To the promoters, Messrs. F. Kitney, R. Spears, J. Pimmott, W. Huston and P. Gillespie, through whose generosity the evening's pleasure was due, the thanks of all present were extended.

At the conclusion of the repast the guests spent the balance of the evening most enjoyably, a number of songs being rendred in a most excellent manner. Games and other amusements also contributed largely to the evening's pleasure.

BRITAIN TO BUY PHONES.

Price to Be Fixed by Arbitration on Value of Plant and Works Only.

London, Feb. 20.—In view of the trouble which the workers are having with the Telephone Trust, special interest is lent to the announcement that the British Postmaster-General has come to an agreement with the National Telephone Company to take over its business from Dec. 31, 1911.

Lord Stanley is congratulated by the London press upon submission to Parliament of what is considered a good bargain, by which both the taxpayers and the telephone user should do well. The price to be paid for the business is to be settled by arbitration. All that is to be paid is the fair market value of the plant and the works of the company, nothing for goodwill.

When, in April, 1896, the Postoffice took over the trunk lines, the cost was $2,296,570, but the purchase of the whole business is a more serious matter, from the fact that the company has a share capital of $22,500,000, with debentures amounting to nearly $20,000,000.

Wealthy Man's Fatal Fall.

New York, Feb. 20.—Charles E. Rogers, a wealthy lumber dealer of Brooklyn, on Saturday was killed instantly by falling down the hatchway of the steamer Cuzz while he was inspecting a cargo of mahogany consigned to his farm. Mr. Rogers, who was 65 years old, was a friend and neighbor at Oyster Bay of President Roosevelt.

Fiendish Treatment by Comrade.

New York, N. Y., Feb. 20.—His hands tied and his clothing saturated with kerosene and then set on fire, was the treatment accorded to Max Spitz, a car cleaner, by fellow workmen in the Morrisiana yards of the New York Central Railroad, according to a statement made by Spitz to the police yesterday.

RAID ON A RAILROAD

Japanese Have Got In Behind Russians South of Harbin.

A SQUADRON ANNIHILATED

The Attempts Were Made on the Railroad to Cover Up Movements of Chinese Bandits—A Japanese Force Wiped Out—Russian Cavalry Annihilated.

Harbin, Feb. 20.—A party of Japanese and Chinese bandits destroyed the abutment of the railway near Yaomin, a hundred miles distant from here, early yesterday morning, but the damage was all repaired in a few hours. Frontier guards heard an explosion and found that a charge of gun cotton had been exploded against the abutment. Two telegraph poles were also destroyed. An unexploded charge of gun cotton was found 400 feet from the place where the explosion occurred. Traffic on the railway was resumed later.

These attempts on the railway are believed to have been made to cover movements of large bodies of Chinese bandits across Mongolia.

St. Petersburg, Feb. 20.—Gen. Sakharoff, Gen. Kuropatkin's chief of staff, reports that a detachment of Russian cavalry, while reconnoitring, encountered and annihilated a Japanese squadron, losing in the affair one officer and three men killed and 24 men wounded.

Tokio, Feb. 20.—Field Marshal Oyama reports that the Russians are continuing their defensive works in all directions. They continued to shell portions of the Japanese line on Friday. On the same day they essayed a small infantry attack, but were repulsed.

Suspicious Movements.

Mukden, Feb. 20.—Rumors of suspicious movements by General Ma, military governor of the Province of Chili, and Chinese troops in neutral territory, are causing apprehension lest they are co-operating with the Japanese, and Chinese bandits, who are reported to be advancing toward the Russian communications. Two companies of frontier guards, who were sent to investigate mysterious signals seen at night at the railway station of Goudzhou Pass, encountered eight squadrons of Japanese cavalry and were obliged to retire with heavy losses. The Chinese are distributing among the soldiers fictitious despatches, giving imaginary details concerning the strikes in Russia.

Japs Get Artillery.

Motouran, Feb. 20.—There are noticeable reinforcements to the siege artillery. The Japanese fire now exceeds that of the Russians in intensity, and Poutiloff (Lone Tree) Hill is constantly bombarded. Two new Japanese batteries are being erected east of the Russian centre. Japanese cavalry is seen with the main army of late, and it is believed that branches have been released for service in Mongolia.

Quiet at Front.

Headquarters of the Russian Army, Huan Mountain, Feb. 20.—All is quiet at the front. The second and third army corps in front of the first army of the Japanese made an unimportant demonstration Feb. 16, advancing on the Villages of Stosintun, Koutlatszo, Vatishan and Saehetun, but retired after two hours.

Team Frozen to Death.

Kinmount, Feb. 20.—The other evening W. McNish and Archie McArthur, two young men who live at Long Point, Fenelon Township, left Fenelon Falls for home with two teams and sleighs. It is said they were the worse of liquor. They both rode in McArthur's sleigh, and McNish's team was tied behind. While going across a 3-mile stretch of Balsam Lake the tie line came undone and the team that was being led wandered off on the lake. The night was very cold, and stormy, and the animals got stuck in the deep snow and were frozen to death.

As to Inebriate Homes.

London, Feb. 20.—Temperance reformers are indignant at Justice Wills for laying down the opinion that homes for inebriates are perfectly useless. An experienced London police court missionary says the judge is right to a certain point, such as that reformatories, whether maintained by the Government or by private philanthropists, are useless to reclaim habitual drunkards. But a surprising measure of success is obtained in preventing men from becoming chronic drunkards when their detention has begun early enough.

HE MEANS SCOTT'S

Your doctor says you must take cod liver oil. Probably he means Scott's Emulsion because you cannot take the clear oil; no one can take the clear oil who needs cod liver oil. The doctor understands that and doubtless means Scott's Emulsion of cod liver oil which everybody can take because it is emulsified and prepared so that it can be very easily digested by the most sensitive stomach. Most everybody likes it.

We'll send you a sample free.

ASSASSINS' ETHICS

No More Compunction Felt in Russian Political Cases.

SERGIUS DEATH PREDICTED

Exact Day Fixed Weeks in Advance—Known to Chicago Newspaper Man 18 Days Before it Occurred—Caucasus In Revolt—Bombs for Prominent Russians.

Chicago, Feb. 20.—David Macbeth, the correspondent of The Tribune at St. Petersburg, in a letter dated Jan. 30, states that the organization of combat had fixed, weeks in advance, the exact day of Sergius' death. The letter reads: "To an occidental, the Russian idea of political murder is extraordinary. Assassination is regarded almost solely as a political—not a criminal—act. The officials themselves take this point of view. The murder of a minister or a czar means that he has met with political defeat—his political enemies have triumphed over him. That he has also lost his life is considered to be of inferior importance to the fact that he has lost his influence.

"No political assassin ever feels the slightest moral compunction either before or after his attempt. He never acknowledges that what he does is either a sin or a crime. He believes a man is a wicked ruler. He cannot strip this ruler of his political influence except by killing him. That is the only political path which in the past has been open to the Radicals.

"So they have tried it. Not one of them would dream of killing a man for his purse.

"At the present moment, although no more open demonstrations against the troops seem likely, an era of bomb throwing is feared—the organization of combat. The executive committee of the Revolutionary Socialists has publicly announced through Paris press that it has condemned the Czar to death. Grand Duke Sergius, the Czar's uncle, a few days ago, received a letter: "You have twenty-two days to live." The next day came a letter: "You have twenty-one days to live." Then: "You have twenty days to live."

"According to present calculations, from to-day, Jan. 30, Sergius has 18 days to live.

"Several notes have reached M. De Witte, former minister of finance. "Your bomb is made." Grand Duke Vladimir has had more than one letter: "Your bomb is not made. We shall put you in a barrel of kerosene and set it afire.'"

CAUCASUS REGION ABLAZE.

Mayor of Large City Shot—Dowager Empress of Russia Threatened.

London, Feb. 20.—Despatches Saturday evening from various parts of Russia show that a new reign of terror has been inaugurated by the assassination of the Grand Duke Sergius. The mayor of a large city in Trans-Caucasia has been shot and killed near his residence. The Dowager Empress has received a threatening letter, warning her that she will be the next victim of the assassins. The revolution, started by Father Gopon and followers in January, has taken a new lease of life. Disorders are spreading everywhere throughout the Empire.

Whole Caucasus Now in Revolt.

The reports from Odessa say that the whole Caucasus region is in revolt. Armed mobs have stopped the railway traffic, cut the telegraph wires and looted the arsenals. The workmen in St. Petersburg, Moscow and all the great industrial centres are assuming a threatening attitude.

Funeral on Thursday.

Moscow, Feb. 20.—Until the funeral, which has been fixed for Thursday, Feb. 23, the remains of Grand Duke Sergius will rest in the ancient dining-room of the Charidoff Monastery.

The assassin remains persistently silent. His identity has not yet been established.

Sergius Rests in Moscow.

St. Petersburg, Feb. 20.—It has now been definitely decided that the remains of Grand Duke Sergius will not be brought to St. Petersburg for the present, but instead will be placed in a temporary receiving vault of the cloister of the Chaudoff Monastery, to await the completion of alterations now in progress in the Romanoff mausoleum in the Cathedral of St. Peter and St. Paul, where the permanent interment will occur, among the tombs of his ancestors.

The revolutionists have decided upon further assassinations at the earliest opportunity.

Royal Family Must Stay Indoors.

Evry member of the Royal Family has been warned to stay indoors, and extraordinary precautions have been adopted to prevent assassins reaching them.

The Czar has called an extraordinary meeting of the Council of the Empire to deal with the entire situation. Kuropatkin has been ordered to make a demonstration against the Japanese in order to distract attention from the reign of terror at home, but the Japanese report having checked Kuropatkin's movement.

Other Crimes Expected.

St. Peterburg, Feb. 20.—The public is greatly concerned over the developments of the immediate future. Other terrorist crimes are generally anticipated. According to reports, many cities and towns are in a kind of political ferment and several officials have been assassinated in Southern Russia. According to a telephone message from Moscow, the students there are afraid to appear on the streets in their uniforms. In addition, the strike situation has again grown menacing, especially in the matter of the railroads, three of which entering Moscow are almost completely tied up. In St. Petersburg the strike has assumed the form of a lockout. Forty thousand men are out of work.

Japs Press on Sergius.

Tokio, Feb. 20.—Commenting on the assassination of Grand Duke Sergius at Moscow, The Jiji Shimpo expresses its sympathy at his cruel death, but declares the act is attributable to the high-handed manner of the Russian government in suppressing the recent labor demonstrations. The paper says that oppressive measures against expression of national wishes invite such outrages from the oppressed. The war in the far east resulted from the aggressive action of the Russian government, with which the Russian people have little sympathy. The Jiji Shimpo adds: "In one sense Japan is waging a war against the Russian national wishes, arising from oppression by the autocracy, but Japan is fighting the government, and not the people of Russia. The paper predicts a better understanding with increased sympathy between the two peoples after the war is ended.

King Condoles With Russia.

REDMOND'S AMENDMENT.

Present System of Government Opposed to Will of People.

London, Feb. 20.—John Redmond's amendment to the address in reply to the speech from the throne, declaring that the present system of Irish government was opposed to the will of Irish people, and which will be moved in the house of commons to-day, is expected to place the government in a position even more difficult than the fiscal debate.

It is so framed as to enable the opposition to raise the whole question of position of Sir Antony MacDonnell, the under secretary to the Lord Lieutenant of Ireland, and the Dunraven devolution scheme on which there is evidently much dissension within the cabinet itself, and, it is anticipated, will engage all of Premier Balfour's skill to enable the government to emerge victorious.

Lord Lansdowne has admitted in the house of lords that Lord Dudley, lord lieutenant of Ireland, knew what MacDonnell was helping Lord Dunraven in his devolution scheme, and Lord Dunraven has declared that Secretary Wyndham and MacDonnell had many long conversations on the "conditions of moderate opinion in Ireland."

Mr. Wyndham's disavowal of MacDonnell causes a certain amount of caustic comment, while the orange section loudly calls for the resignation of both Lord Dudley and Sir Anthony MacDonnell. The debate will extend over two days and probably will be acrimonious.

The opposition will endeavor to drive home their views that MacDonnell is being made a scapegoat.

FOXY MRS. CHADWICK.

Said to Be in Possession of a Cold Million.

Cleveland, Feb. 20.—The Leader says: "One million dollars is the amount believed to be securely hidden by Mrs. Cassie L. Chadwick. Customs Collector Reach is in a position to know that the item saved from her many financial transactions is $1,000,000 in cold cash.

"In addition to this sum, the woman has just safely placed $150,000 worth of jewels. Her arrest nipped plans right at a time when they were about to bloom. A delay of a few more days would certainly have placed her fortune at $2,000,000. It was her desire to make just one more deal, with $500,000 as the stake.

"Up to the present time, there have been traced purchases in Paris and Brussels aggregating $122,000. It is estimated that the receipts of Mrs. Chadwick in four years amounted to $1,539,000. Her expenditures in that period are estimated at $500,000."

As a Convalescent Food

Mr. Wyman N. Thomas, Ompah, Addington Co., Ont., writes: "My wife had congestion of the lungs, along with other troubles, and became very weak and run down. By the use of Dr. Chase's Nerve Food she was made as strong and well as ever. Of course I had a doctor, but she was weak, and it was Dr. Chase's Nerve Food that built her up."

BOMBS IN PARIS.

A Spaniard Who Says He Was Ruined Attacks Mexican Legation.

Paris, Feb. 20.—Inhabitants of the Champs Elysee quarter on Saturday night were aroused by a loud explosion, and the police were hurriedly summoned, and discovered in front of the Mexican Legation a man severely wounded, and lying amid fragments of a bomb.

He was taken to an hospital and cross-examined. He claimed that his name is Garcia, and that he is a Spaniard. He asserted that he had been ruined by the Mexican Government, and in revenge, threw a bomb, which, however, exploded too soon and he himself was injured. The police found a revolver, a dagger and some Anarchist pamphlets on Garcia, and a search of his lodgings led to the discovery of two bombs, identical to that which he had exploded.

Garcia declares that he was born in Santanader in 1862, and denied that he is an Anarchist.

Working for Arbitration.

Washington, Feb. 20. — President Roosevelt has not abandoned his idea of obtaining with leading powers of the world definite, comprehensive and effective arrangements as to a scheme for international arbitration.

He discussed the subject of international arbitration on Saturday with Hayne Davis of New York, who has made a study of the subject, and Representative Barthold of Missouri, president of the Inter-parliamentary Union.

Mr. Roosevelt's callers found him confident that much would be accomplished in the cause of arbitration at the proposed conference at The Hague.

Murdered For a Dog.

Gloversville, N. Y., Feb. 18.—The jury in the Jeptha Johnson murder case returned a verdict yesterday of murder in the second degree. Justice Kellogg at once sentenced Johnson to life imprisonment. Johnson was the city dog catcher and shot Charles Rohr in a dispute over a dog.

Grand Trunk Must Pay.

Toronto, Feb. 18.—The civil assize court jury decided the Grand Trunk Railway Company must pay Adamo Basso $1,000 damages for the death of his son, Francesco, who was killed at Callendar Station last May, while unloading a heavy cable from a car.

Murdered on a Steamer.

Providence, R. I., Feb. 20.—John A. Hart of this city, 25 years old, and an engineer employed last summer on H. H. Rogers' power boat Vixen, was murdered on the Joy Line steamer Larchmont while a passenger from New York to this city last night.

To Banquet Sir William and Borden.

Montreal, Que., Feb. 20.—Sir William Mulock will be banqueted by the Montreal Reform Club on March 4, while R. L. Borden will be the guest of honor at the Lafontaine Club on Saturday evening, Feb. 25.

CHANGED HANDS

McCollum Bros.

Formerly of Orillia, have pleasure in announcing to the citizens of Peterboro' that they have purchased the Livery Plant and business of Mr. R. H. Leary, 421 Water Street.

It is our intention to devote our personal supervision to this business, and to conduct it in the same painstaking manner which has made it the best equipped and best patronised livery in the province. We therefore solicit a continuance of the large trade which has been extended in the past to our predecessor.

McCOLLUM BROS.

CARD OF THANKS.

In connection with the above announcement of the McCollum Bros., I desire to take this occasion to thank the public of Peterborough most heartily for the generous patronage bestowed on me during the past eleven years.

I desire also to bespeak for my successors a continuance of that liberal patronage in the future, as I can conscientiously recommend them as practical and reliable livery men, and worthy of all the patronage that may be entrusted to them.

ROBT. H. LEARY

Colds

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

Chamberlain's Cough Remedy

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.

MRS. D. SULLIVAN DIED THIS MORNING

Young Woman Taken Away in Prime of Health.

The death occurred this morning, of Sarah Harrington, wife of Mr. Daniel Sullivan, of 612 Stewart street, at the age of 28 years, after a short illness. The deceased formerly lived in Ennismore, where her mother now resides. She leaves, besides her husband and mother, six sisters and four brothers, as follows, Mrs. Owens, Galway; Mrs. O'Brien, Grafton; Mrs. Allin, Brockville, Mrs. Birch, in one of the Dakotas; Mrs. Cain, Kinmount; and Miss Hannah, at home. The brothers are Jas., of Sault Ste. Marie, Ont.; Charles, of North Dakota; Wm. of Marionette, Mich.; and Daniel of Ennismore. She leaves no family.

The funeral will take place on Wednesday morning to St. Peter's cathedral, and the Roman Catholic cemetery.

REV. FR. KEILTY FOR THE SAULT

Rumour That he is to be Made Vicar General of the New Diocese

No Foundation for the Rumour That Changes are to be Made at Cathedral Here.

An evening paper on Saturday published what it said was a rumour to the effect that some changes were to be made at the Cathedral, among them being the removal of Rev. Father McColl to North Bay as the successor of Bishop Scollard.

This morning the reverend gentleman in question was communicated with and said he had heard nothing of those changes, and would be surprised if they were made. The rumour was going, but as far as he knew it was merely a rumour.

On the streets to-day it was mentioned that Rev. Father Keilty, of Douro, would be moved to the new Diocese of Sault Ste. Marie, and that he would be Vicar-General to Bishop Scollard. There is no confirmation of this rumour available, but it is said that it is a change contemplated.

Rev. Father Keilty has been the parish priest of Douro for fifteen or sixteen years and prior to that was in Ennismore where he spent ten years, so that he has been a priest in the County of Peterborough for more than a quarter of a century.

If this rumour proves correct, and Rev. Father Keilty receives the appointment, the venerable Father will be well qualified for the position. In addition to his long experience in parish work, his scholastic attainments will increase his usefulness — especially his knowledge of the French language, which he uses not only colloquially, but can use for preaching — an ability which will be especially appreciated in a diocese so largely composed of French-speaking Canadians.

P. M. EDMISON INJURED THIS MORNING

Slipped on ice at Corner of George and Hunter Streets.

Police Magistrate Edmison was this morning the victim of a very distressing, though, it is hoped, not serious, accident.

While on his way to his office this morning, he slipped and fell on the ice at the corner of George and Hunter streets.

No bones were broken, the shock which accompanied the fall being its most serious result. He was removed to his home, where he is resting easily, and doing as well as can be expected.

STRANGE STORY, DISAPPEARANCE

Who are Mr. and Mrs. W. Tuck?—A Pertinent Question.

Story That They were not Man and Wife —Police were on Their Track.

An interesting story has developed in connection with the assignment of Mr. W. Tuck, who, for some months, carried on business at the corner of George and Brock street, under the name of the Co-operative Grocery Store.

Mr. Tuck left town a week ago to-day, giving as the objective point of his trip New York, taking with him the woman, who has been living here as his wife, and their son, whom they said they were taking to New York to be treated for hip disease.

It now appears that, according to information learned by the Examiner from a source which seems to be authentic, the persons living here as man and wife, do not bear that relationship to each other. It is stated that the woman is another man's wife, and that the man has another wife. The boy is a son of the woman, who, it is said, left her husband, a well-to-do business man in New York city some time ago. They came to Peterborough and have lived here as man and wife ever since.

When Mr. Tuck went away last week he left a boy in charge of the store for the day, and said that if he was not back to hand the business over to Mr. Ozias de Laplante for the benefit of his creditors. He did not return, and his instructions were carried out, and the assignee's notice appeared in Saturday's Examiner.

It is since learned that this man and woman have lived rather a strange life since they came here. They have lived in one small room at the rear of the store, but it was elegantly furnished, a piano and other good furniture being in it. Mrs. Tuck was a splendid musician and otherwise a highly accomplished woman. They have lived a very secluded life, however, and although some of the ladies of St. Paul's church, which they attended, called on them, it is learned that while they were received courteously they were given to understand that they did not wish further visits.

The little boy was a bright little lad, and up until a short time ago was attending school. Later he became ill, suffering from hip disease and this was given as the reason for their departure from town.

BOUGHT OUT A WHOLESALE FIRM

Mr. J. A. Sutcliffe Takes Over Business of F. and E. W. Kelk.

Local Store Will Be Managed by A. O. Sawyer—Mr. Sutcliffe to go to Toronto.

An important business change is announced to-day. Mr. J. A. Sutcliffe of the firm of J. Sutcliffe & Sons, has purchased the business of F. and E. W. Kelk, of Toronto, wholesale fancy goods merchants, whose large warehouse is located on York street, of that city. The new firm name will be The Kelk, Sutcliffe Company, and although Mr. Sutcliffe has purchased the business outright, and Mr. Kelk is simply remaining in the employ of Mr. Sutcliffe for a year. The business here will be managed by Mr. A. O. Sawyer, who has been in the employ of the firm for some years.

Mr. Sutcliffe has been a resident of town for about six years, having purchased the business of H. H. Kelk, at that time. He has made a splendid success of the business which now bears his name, and is a rising business man.

He left for New York this morning, where he will spend a week or ten days purchasing stock for the wholesale as well as the local business.

QUALIFICATIONS OF A PREACHER

Rev. Dr. Galbraith Enumerates Them in Sermon Sunday

Must Have Common Sense, and be Ready of Speech—Three Fold Qualifications, Physical, Mental and Spiritual.

Yesterday was Educational Day in two of the local Methodist churches, George and Charlotte streets, and special sermons were preached in both of these edifices, and special offerings were taken in aid of the Educational Society of the church.

The original intention was to have had Rev. Dr. Potts, secretary of the Educational Society, and Rev. Dr. Galbraith, here to preach, but unfortunately the former gentleman was unable to come as he is suffering from a threatened attack of pneumonia, and as a consequence, Rev. Dr. Galbraith was the only outside preacher here. He spoke in Charlotte street in the morning, and in George street at the evening service, and both were scholarly efforts.

In the course of his remarks he gave some information with reference to the Educational Work of the church in Canada, and said that last year $28,000 was contributed, but this year the amount should be raised to $50,000, and he was of the opinion that in the near future the church should give $100,000 to this cause.

The funds of the society were divided among four different objects. The first of these objects is to provide loans to young men studying for these ministry, and these loans have to be paid back without interest. The second object is to help the educational institutions of the church. There are six of these spread from the Atlantic to the Pacific. Then the fund pays part of the salaries of the officers of the society; and the fourth object is to defray the expenses in connection with the examination of the young men for the ministry. The speaker contended that the educational interests of the church should be second only, if at all, to the missionary enterprises.

The subject of Rev. Dr. Galbraith's sermon was that of the preacher's qualifications, which, he said, were of a three fold nature—physical, mental and spiritual—and his text was Mal. ii, 7: "For the priest's lips should keep knowledge, and they should seek the law at his mouth." The Head of the church has always sought men of high qualifications to act as leaders of the church, and He has in every case sought men who were such in the highest sense of the word.

The first qualification required is a physical qualification. No man who was weak physically or blemished, was allowed to act as a priest, or attend at the altar. There were two good reasons for this; first, the priest is to represent God, and if the representative of God was a weakling, the religion would fall into disrepute. The second reason was that the duties of the priest were so arduous that it required a man of good physical powers to stand the strain. The minister of the Gospel is the representative of the Divine Master, and he must not be out of harmony with the exalted Person he represents. He must have a sound body, in which an active mind may act. He must also be ready of speech and possess good common sense. He must have good legislative and executive ability. As examples of men of this kind the speaker mentioned Moses, Elijah, and other Old Testament characters, as well as great religious leaders of modern times.

The second qualification required was mental ability. There is a difference between education and intelligence. Education is drawing out and developing the mind, while intelligence is filling up. The former is obtained from colleges and schools, while the latter is gained in after years and obtained from reading good books and from association with good society. Both are indespensable in a preacher of the Gospel. God always requires high state of knowledge in the leaders of His church, and has resorted to ordinary and extraordinary means to reach this. The speaker cited a number of instances recorded in the Bible of how God used extraordinary means to impart this knowledge, among them, the construction of the temple, when men were divinely instructed in the art of architecture. He showed how, in the time of Elijah there were three Hebrew Colleges in which young men were taught in theology, medicine and music. Some of these young men were writers, but the great majority were preachers. Moses was mentioned by the speaker as a man who was the most highly cultured man of his time. He not only led the people out of Egypt, but wrote the first five books of the Bible. The speaker said that he was old-fashioned enough to believe that those books were written by Moses, notwithstanding the opinion of the higher critics. Paul was another example of the fact that God always chose men of high intelligence as were also Wycliffe, Luther, Knox, the puritans of the 17th century, and John Wesley, who he said was the most rigid economist of time that the history of the world reveals, and 85,000,000 of the world's population to-day cluster around his standard.

The third qualification was that of spirituality of mind, without which no man is qualified to go forth as a leader in Christ's church. Holiness is not incidental, but fundamental in this office. Before Christ's ascension and after His resurrection He gave two commands, the first of which was, to go and teach all nations, and the second was not to go until they had been endued with the holy spirit.

Methodists have always emphasized these three points of qualifications, and he was glad that in later days more attention is being paid to the development of the body. The true orbed man is a man full orbed, with his body well developed, mind well tained and his spiritual life well established.

In the evening Rev. Dr. Galbraith preached a good sermon in the George street church.

SUNDAY MORNING CONFLAGRATION

"The Framery" Destroyed By Fire

Loss Estimated at $1200—The Insurance was $600.

The "Framery," Mr. Dunslow's fine new store, 428 George street, was the scene of a disastrous conflagration on Sunday morning about 7.30 o'clock, which completely gutted it, and left the stock a total loss.

The brigade responded promptly to the alarm, and it was only by the most heroic efforts on their part that the adjoining property was saved. As it was, Mr. Hawley's confectionery store next door was a sufferer to a considerable extent, from the dense smoke which poured in from the burning building. Several people living in the apartments above the "Framery" had an extremely close call, being obliged to make their escape as hurriedly as possible.

The fire originated in the basement, supposedly from a large box-stove with which the store was heated. Mr. Dunslow, before leaving for home at about 12 o'clock on Saturday night, put in a large stick of tamarack wood, and closed the stove up tightly. The stove was surrounded by a casing of galvanized iron and a hot-air pipe ran from it to a register in the store-floor.

The firemen worked like Trojans, doing splendid work, despite the, at times, almost suffocating density of the smoke.

The loss on the new and well-assorted stock which is totally lost, is estimated at about $1200, the insurance being $600.

Mr. Dunslow informed the Examiner to-day that he will continue business behind Mr. M. J. Hickey's tailor shop, pending later arrangements. Mrs. Birdsall owned the building, which was insured in the Alliance Co.

DEATH IN DOURO OF MRS. MILLER

Died of Pneumonia, at the Age of 71 Years.

The death occurred in Douro on Sunday, Feb. 19th, of Margaret Methven, relict of the late Stephen Miller. Deceased was 71 years of age. Pneumonia was the cause of death.

Left behind to mourn her loss are two daughters, Margaret and Sarah, Douro, and six sons, viz., Thomas, Stephen, Stewart, William, David and Robert, all of Douro.

Much difficulty was experienced in completing the necessary funeral arrangements, owing to the almost impassable condition of the roads. Mr. Miller, a son of the deceased lady, left home at 5 o'clock a.m., and was only by the most strenuous exertions that town was reached by 3 p.m., the distance covered being only about eleven miles.

The funeral will take place on Tuesday, February 21st, from the family residence, lot 12, concession 2, Douro, about three miles from Warsaw, and proceed to the Little Lake cemetery for interment.

HUSBAND AND WIFE SHOT

Eye Specialist and Wife Get Into Mix-up at Roseneath

Village has a Sensation—Toronto Man Named Blackwell Causes Trouble.

Special to the Examiner.

Cobourg, Ont., Feb. 20.—A shooting affair took place at Roseneath, a settlement near there last night. It appears a Mr. Blackwell, who claims to be an eye specialist, from Toronto, and who has been in Roseneath for about a week or 10 days, had some trouble with his wife last night and in some manner both were severely shot by each other. Full particulars are not obtainable, the authorities have left for Roseneath.

Cobourg, Feb. 20. — The doctors, who are now in Roseneath, and have operated on Mrs. Blackwell, are unable to say how the accident occurred. Blackwell has a bullet wound in the face, Mrs. Blackwell being shot in the neck. The statement that the shooting was the result of a quarrel is incorrect. Full particulars are not obtainable until the operating physicians arrive here tonight about 6 or 7 o'clock.

Graem Hunter Secures Appointment of Commission.

WILL COME OUT TO CANADA

Social Democratic Federation Declare Against Sending Young Men to Canada—Lord Derby on Englishmen's Ignorance of Our Geography —Advocates Closer Study.

London, Feb. 20.—Graeme Hunter made a successful appeal at Glasgow for the appointment of a commission to take evidence in Canada regarding the charge of fraud. The court ruled that the witnesses must be produced in court to tell the story themselves. During the course of the hearing the crown said it would show that Hunter had made no provision for the hundreds of emigrants who were left on the streets to do what odd jobs came along. The minister of the interior was mentioned as one of the witnesses for the defence.

Englishmen's Ignorance of Geography.

At a meeting of the Empire League Lord Derby drew attention to the ignorance of many Englishmen regarding the size of the Dominion, many cases of which came under his notice when Governor-General. The late Duke of Cambridge fell into the same error, giving an order for the removal of troops from one part of the Dominion to another, which Lord Derby had to remind him was like sending men from London to Khiva. He thought a closer study of geography was necessary for the citizens of the Empire.

Reynolds' Weekly on Canada.

Reynolds' newspaper publishes another warning about Canada—this time from "A British Workman," regarding British Columbia, who says that thousands of Japanese laborers are imported to work in the west for nothing, and take the places of white men. He can truthfully say there is not more than 50 per cent. of ablebodied white men at work at the coast.

Protest Against Canadian Emigration.

At a meeting of the Social Democratic Federation, opposing the Tunbridge Wells Colonizing Society, which is sending young men to Canada, H. Lavder specially denounced emigration to Canada. Three classes of persons were benefiting, railway magnates, land speculators and manufacturers.

Haldane's Sunny Ways.

Mr. Haldane, speaking at the Empire League meeting, said the colonies were conscious enough of their duty to the Empire, as shown by the aid given in the late war. They did not like to be reminded of their duties. He for one had always been careful to avoid pressing the points about naval contributions and other points of that kind. What he looked to was the common ideals, aspirations and purposes which bound the colonies to the mother country. He wished to emphasize that we were dealing with people as free as we, and who would remain in connection only if they had the same sense of freedom as we.

Brockville and Graeme-Hunter.

Brockville, Feb. 20.—Saturday's mail brought a letter to Chief of Police Burke from the City of Glasgow police department, saying that Graeme-Hunter and Gavin-Cowper are to be tried at the assize court in Glasgow on Feb. 28, current, on charges of fraud in respect that they induced a considerable number of tradesmen and others to take passage to Canada (Toronto, etc.) and to proceed there on the pretence that they or the "Associated British Canadians" had provided employment on their arrival. Hunter, the letter says, has given in a list of persons whom he alleges had arranged with him, or his agents there, to give employment to those sent out, and local information is wanted at once.

The attached list referred to: Mr. Struthers, President Farmers' Association, Brockville, and R. J. Fields, secretary Farmers' Institute, Brockville.

In the early part of last summer it was told how young immigrants had arrived here with letters of introduction from Hunter to "Mr. Struthers, President of the Farmers' Association of Brockville." The young men expected to find jobs awaiting them on their arrival here, and were greatly disgusted to find that no such person as Mr. Struthers existed, and that there was no farmers' association of Brockville. R. H. Field, secretary of the Brockville Fair, took compassion on them and secured employment for some of the dupes. He also wrote a sharp letter to Hunter that unless he stopped such work he would expose him in the Glasgow papers.

Wentworth Liberals Will Appeal.

Hamilton, Feb. 18.—The Liberal executive of Wentworth had another long session yesterday afternoon, and decided to appeal against the judgment of Chief Justice Meredith, who ordered a new election. The Liberals will take the case to the supreme court. E. D. Smith, the Conservative candidate, who was in the city this evening said that it was not his wish to appeal.

Will Issue Bonds.

London, Feb. 18.—(C.A.P.)—The G.T.P. issue of bonds will be on the market about the middle of next week.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Baby Born With Two Heads.

North Tonawanda, Feb. 20.—Facts were made public yesterday of the birth of a boy last Wednesday who lived until Saturday morning, with two heads and necks, and one body from the shoulders to the waist line. Below the waist there was also a double formation, with four legs. The child had but two arms. It weighed ten pounds.

R. C. Church Burns.

Ogdensburg, N.Y., Feb. 20.—The Roman Catholic Church at Hogansburg was burned on Saturday, causing a loss of $23,000. The adjoining rectory also was badly damaged.

$138,250,000 in Pensions.

Washington, Feb. 20.—The House on Saturday passed the pensions appropriation bill, carrying $138,250,000.

Opposed to Treaty.

Boston, Mass., Feb. 20.—On their way from Winnipeg to Italy, Sir Charles Tupper, former Conservative Premier of Canada, and Canadian High Commissioner in London, and Lady Tupper and their daughter reached Boston on Friday. They sailed on Saturday on the White Star Liner Canopic for Naples.

Sir Charles, while not wishing to say anything on the Hay-Bond treaty, with Newfoundland, plainly indicated that he was opposed to such a step.

He said the interests of Canada and Newfoundland are bound reciprocally together, and the two should never be pulled apart. It would be unwise from the viewpoint of the welfare of each and the empire as a whole.

More Evidence Found.

Brantford, Feb. 20.—Joseph Kennedy will be brought from the Central Prison next week and receive his preliminary trial before Police Magistrate Woodyatt at the police court on the charge of criminal assault. It will be remembered that one of the witnesses for the defence testified to being on the dyke about the time Kennedy was also sworn to have been seen there. Two witnesses will, at the forthcoming trial, give evidence that he was mistaken in regard to his date; and that, in reality, he was on the dyke the day before the Cole murder.

Trouble Over Yukon Election.

Victoria, B. C., Feb. 20.—The steamer Ramona, which arrived on Saturday, brought news that an effort is being made to oust Dr. Thompson, Conservative member-elect at Dawson, on the ground that his resignation from the Yukon Council was irregular. Governor Congdon, who was his opponent, having resigned as Commissioner, and being, therefore, unable to accept his resignation.

Killed Through Dynamite.

Toronto, Feb. 20.—Nicholas Coelson died in the General Hospital yesterday from the effects of injuries to his head received last week in a dynamite explosion at New Liskeard on February 15. The deceased's left eye was blown out, and the frontal bones frightfully injured, exposing the brain. There was never any hope of his recovery from the first.

OUR AULD SCOTS SANGS.

Oh, weel I lo'e our auld Scots sangs,
The mourufu' and the gay;
They charm'd me by a mither's knee,
In bairnhood's happy day;
And even yet, tho' owre my pow
The snaws of age are flung,
The bluid loups joyfu' in my veins
Whene'er I hear them sung.

They bring the fond smile to the cheek,
Or tear-drap to the e'e;
They bring to mind auld cronies kind
What sung them aft wi' glee.
We seem again to hear the voice
Of mony a lang lost frien';
We seem again to grip the hand
That lang in dust has been.

And' oh how true our auld Scots sangs
When nature they portray;
We think we hear the wee bit burn
Gaun bickering doun the brae,
We see the spot, tho' far awa,
Where first life's breath we drew,
And a' the gowden scenes of youth
Seem rising to the view.

And dear I lo'e the wild war strains
Our langsyne minstrels sung—
They rouse wi' patriotic fires
The hearts of auld and young;
And even the dowie dirge that wails
Some brave but ruin'd band,
Inspires us wi' a warmer love
For hame and fatherland.

Yes, leave me on our auld Scots sangs—
The sangs of love and glee;
The sangs that tell of glorious deeds
That made auld Scotland free.
What though they sprung frae simple bards
Wha' ken nae rules of art,
They ever, ever yield a charm
That lingers round the heart.

ANECDOTES OF A CTOR TOOLE.

No Pub Open.

Some years ago, with the assistance of Mr. Joseph Hatton, Mr. Toole wrote his reminiscences. Not long after the publication of the book he was in Oxford, and, in the course of an agreeable conversation with a policeman, he asked, "Do you like reminiscences?"

"I shouldn't mind," replied the man in blue, "but I don't think there is any place open!"

Swept Away.

One evening Toole was dining at a London club, when a delay was caused by the absence of a friend named Schweppe. The comedian inquired of another member what had come over their friend.

"The last time I saw Mr. Schweppe," said the gentleman addressed, "he was just setting off for Niagara."

"Ah!" exclaimed Toole, "that accounts for it. Perhaps he has been Schweppt away!"

Effective Cag.

Mr. Toole once sent a box of chocolates to a little boy who sat in a stage box and was disturbing the famous actor with his astonishingly loud laughter. The attendant delivered the packet:

"With Mr. Toole's compliments; and would tho young gentleman who laughed so heartily kindly eat these during the performance?"

What Funeral?

Toole was once passing through Bury St. Edmunds, in Suffolk, when the train was for some reason delayed for about a quarter of an hour. During the wait the actor, thinking to have a joke at the expense of the stationmaster, inquired for him.

That individual arriving, Toole, putting on a serious aspect, requested to know, "what time the funeral takes place?" After repeating his question the official asked, "What funeral, sir?"

"Why," said the actor, looking as serious as ever, "haven't we come to Bury St. Edmunds?"

Aged Engineer Dies.

Brockville, Feb. 18.—Timothy Jento, a pioneer steamboat engineer on the St. Lawrence and Rideau Lakes, died here yesterday after a lingering illness. He was engineer many years for the Brockville waterworks. Mrs. Jento died in September last within a short period of the fiftieth anniversary of their marriage. He leaves three sons, N. T., Hamilton; Dr. C. P., London, and W. J., Brockville.

Would Expropriate Park.

Guelph, Feb. 18.—The Canadian Railway Commission visited Guelph yesterday and resumed the hearing of the application of the Grand Trunk Railway Company for the expropriation of Jubilee Park as a site for a new station.

When life's autumn comes, women, worn out by the burdens of motherhood, yet shrink from that second "change of life" which will banish these burdens forever, they fear a change in form, in feature, in personal attractiveness. Such fears are largely warranted by the effects which this change produces in many women. But no woman need let these fears fret her.

Those who have used Dr. Pierce's Favorite Prescription do not suffer from the change of life either in face, form or feelings as do other women. This fact is due to the intimate connection of the general health with the health of the organs peculiarly feminine. By preserving the health of these organs, and relieving the system from the debilitating drains, ulcers and inflammations which sap its health, "Favorite Prescription" paves the way for this natural change to come in Nature's way, without the loss of capacity to please others or personal inability to enjoy life.

"Your 'Favorite Prescription' brought me safely through that difficult period, called change of life," writes Mrs. Mary Eastmidge, of 86 N Asbury St., Portland, Oregon. "This change made a very unpleasant disturbance through my entire system. I had hot and cold flashes, sick headaches, became excited, flustrated, nervous and irritable. My appetite was fitful and for days I was unable to eat a fair meal. My aunt recommended me to try Dr. Pierce's Favorite Prescription and it made a great change for the better. Within two weeks the unpleasant feelings had disappeared. I have a husband and eight children so have the care of a large family but was able to attend to my household duties without any difficulty and passed the period without any more trouble. I can recommend your 'Favorite Prescription' as a grand medicine for women."

You may be willing that somebody else shall say that their baby is "just as good" as yours, but you don't want that baby substituted for yours. Let dealers say what they like about other medicines being "just as good" but don't let them substitute anything for "Favorite Prescription." It is absolutely unequaled.

HEALTHY OLD AGE

There is No Reason Why People of Three Score Years and Ten Cannot Be Active, Bright and Healthy. Nature's Way of Making Old People Well.

In old people, no matter how healthy the individual may otherwise be, there is often a tendency to coldness of the extremities, sluggishness of the circulation, torpidity of the liver and constipation. This tendency is really a condition, and one of the many accompaniments of old age and not a disease. If there is one remedy more peculiarly adapted for this condition than another, that remedy is Smith's Pineapple and Butternut Pills. They impart energy to the whole system, invigorate the circulation, increase the flow of digestive juices, thus improving the stomach action and nutrition. They quickly relieve all unpleasant symptoms usually experienced by old people, resulting in torpidity of the liver, constipation, feeble circulation, headaches, etc. Smith's Pineapple and Butternut Pills are of inestimable value not only in advanced age, but also in people of all ages. They prevent premature wrinkles, give a health glow to the skin, and under their antiseptic and blood cleansing influences the complexion retains its freshness, while sallowness permanently disappears. Hundreds of grateful old ladies in their letters write: "Your pills make me look and feel ten years younger." Smith's Pineapple and Butternut Pills always make old age comfortable, and promote digestion and nutrition by their specific action on the stomach, liver and bowels. They always cure sick headache, constipation and biliousness in one night. 25 cents at all dealers.

Newfoundland's Case Stated.

St. John's, Nfld., Feb. 20.—Sir William McGregor, Governor of Newfoundland, has prepared for the British Government an important statistical report covering the trade and fisheries of the colony for the past 16 years, the period covered by the modus vivendi, arranged at Washington as supplementary to the Chamberlain-Bayard fisheries treaty of 1888, whereby American fishermen secured inshore fishery privileges in the waters of Canada and Newfoundland.

This report has an important bearing on the Bond-Hay discussion and will place the situation clearly before the Imperial cabinet.

Didn't Know She Was Divorced.

Cincinnati, Feb. 20.—The climax of the supposed double marriage of Samuel Lawrence Barriett, the famous electric inventor, whose dead body was found in a Dayton boarding house early in the week, came to light on Saturday, when the attorney of the second wife showed a certified decree divorcing the first wife, who until now believed herself still married to Barriett.

Both women are solely anxious to protect whatever rights their children may have.

Prince Edward Co. Election.

Toronto, Feb. 20.—Argument was heard on Saturday by Justice Maclennan in the appeal from the decision of the County Judge in the matter of the Prince Edward County election recount. Curry (Liberal) was elected by 7, the recount giving each candidate 6 extra votes. Counsel for Norman (Con.) contended that in subdivision 1, where the vote was, Curry 69, Norman 48, as the D.R.O. failed to give a statement, the count should be thrown out. Judgment was reserved.

Put in Too Much Poison.

San Francisco, Cal., Feb. 20.—An attempt was made to murder Mrs. Jane L. Stanford within the past month by placing poison in a bottle of mineral water. Mrs. Stanford drank three times of the mixture, but the poison had been used in such a large quantity that it acted as an emetic. Mrs. Stanford was taken violently ill.

Sufficient poison was found to kill a dozen persons if it had been used with any judgment. Mr. Stanford has gone to Japan.

Doctor Loses Suit.

Windsor, Feb. 20.—Dr. Campau of Harrow is consulting attorneys with reference to the collection of an account for attending Owen McCann, who was shot and seriously wounded while attempting to break into his house. Dr. Campau was authorized by the provincial detectives to attend McCann. Since then the board of audit of criminal justice accounts and the County Council have refused to pay him.

Old Resident Dead.

Kincardine, Feb. 20.—John Stringer of Kingarf died yesterday in his 76th year. Mr. Stringer, who was born in Ireland, came to Kincardine Township over 40 years ago. He leaves five sons and two daughters, among them Rev. Isaac Stringer, for years a missionary among the Esquimaux, and latterly rector of White Horse, Yukon Territory, and Mrs. Whalen, wife of Rev. T. F. Whalen of Colchester, Ont.

$100,000 Fire at Detroit.

Detroit, Mich., Feb. 20.—Fire yesterday almost entirely destroyed the plant of the Detroit Steel Casting Co., causing a loss of $100,000. Two hundred and twenty-five men are thrown out of work.

Lived 105 Years.

Portage, Wis., Feb. 20.—Mrs. Sophia Westover died yesterday at Wyocena, Wisconsin, in her 105th year. Her father assisted in the capture of Fort Ticonderoga under Ethan Allen.

Died in Denver.

Pickering, Feb. 18.—News has reached here of the death of E. R. Eddy, who for eight years was principal of the public school here. For two years past he had been suffering from tuberculosis of the throat. Mr. Eddy was principal of the Claremont school for some years.

Roosevelt Wants Big Navy.

Washington, Feb. 18.—To several congressmen President Roosevelt said yesterday, that he hoped the pending naval appropriation bill would provide for three battleships, instead of two, as the measure now stands, saying he thought it unfortunate not to carry into effect the program for the building up of the new navy and that retrenchments might better be made in other departments.

Mrs. Chadwick in Court.

Cleveland, Ohio, Feb. 18.—Mrs. Cassie L. Chadwick was present yesterday at the bankruptcy hearing connected with her affairs. She was attired in the same handsome brown costume that she wore when she appeared in court on her arrival from New York to plead to the charges against her. Apparently she was in excellent health.

MRS. HANNAH TOOK HER FATAL LEAP

(Continued from First Page)

to identify the bodies and thus the occurrence became pretty generally known throughout the town, and it created a profound impression. It was almost the sole topic of conversation in the homes and on the streets yesterday.

SOME FAMILY HISTORY.

The late Mrs. Hannah, was a daughter of Mrs. Wesley Hannah, of Hamilton Township, near the village of Rosemount, eight miles from Port Hope, and her maiden name was Sarah Jane Smith. Her mother, upon the death of Mr. Smith, her first husband, married Charles Hannah, and later, her daughter, the deceased, married a brother of her mother's second husband, and her step-father, in the person of Thomas Hannah, and for a number of years they lived at lot 33 in the 6th concession of Hamilton Township, not a great distance from Rice Lake.

HUSBAND'S SAD DEATH.

Thomas Hannah met an untimely end fourteen years ago by being gored by a mad bull on his own farm, and his wife with her three children, Charles, Agnes, (now Mrs. Cobourn) and Bertha, lived then in the same place until about four months ago when they sold the farm and Mrs. Hannah came to Peterborough. Mrs. Cobourn, of course, left home when she married. Deceased had two sisters and five brothers, all of whom are now living near Rosemount.

AN OLD ACQUAINTANCE.

One of the many hundreds who viewed the bodies yesterday was Mr. J. W. Maybee, of 98 Lake street. He recognized Mrs. Hannah at once and stated that 15 years ago he had sold to the late Thomas Hannah, the farm, upon which he lived until his death, located at lot 33, concession 6, Hamilton township. It was a farm of 100 acres of good land, and when asked if he knew the deceased well said that he did, and that he had always known her as a quiet, industrious woman, and one who was well liked by her neighbours in Hamilton township where she lived practically all her life. Last fall she sold the farm to Mr. Sidney Bousell, who now owns it, and moved to town. Mr. Maybee had not seen her for some time but remembered her perfectly.

Mrs. Hannah, at Comstock's Yesterday, as she was Seen by the Hundreds who Visited Those Rooms.

Harry Cobourn, as He Lay at the Undertaking Rooms Awaiting Identification.

When he went into the undertaking rooms yesterday he had no idea that he would find that those who were lying there dead, would be anyone that he knew. He did not know the boy, but had no hesitation in saying that the woman was Mrs. Hannah.

MRS. CONNORS' STORY.

By a strange coincidence Mrs. Martin Conners was on the same train upon which the deceased went to Port Hope on Thursday and was also on the train last Saturday night when she came back, and Mrs. Conners kindly gave the Examiner an interview. She said that she remembered on Thursday seeing an elderly lady, accompanied by a younger woman, with a small boy. The train was some hours late, and they had to wait for some time at the station before it came in, and she had an opportunity of seeing them and the boy, who was running around the waiting room. On Saturday afternoon when Mrs. Conners went to the station at Port Hope to take the train for home, she saw the same elderly lady and the boy, but the younger woman was missing. The former was sitting in the waiting room at the town station, and told Mrs. Conners that she had been there since four o'clock that afternoon, and had been waiting for several hours in the cold room. Eventually the train came in and they all got on board, but Mrs. Conners had no further conversation with Mrs. Hannah. The former sat in a seat with a young lady who was coming to Peterborough on a visit. During the trip up Mrs. Conners noticed that the boy was restless, and that his grandmother was very solicitous for his comfort. She gave him some cakes which she had in a paper bag, and in other ways showed that she thought a great deal of him. Before the train reached Peterborough, the boy, however, fell asleep, lying in his grandmother's arms, and Mrs. Conners is of the opinion that he was still asleep when she got off the train, and that his grandmother was carrying him, though as to this she is not certain.

MRS. CONNERS, LAST WITNESS.

The train stopped, as usual, at the diamond, and just then the brakesman came through the coach calling the name of the station. At this the woman got up with the boy and gathered her parcels together, and started to get off the train, which was now running again quite rapidly. She seemed to be in a hurry to get off, and when she went out at the front end of the coach, she did not close the door. Mrs. Conners got up to do this, and as she reached the door she saw Mrs. Hannah just stepping off the bottom step of the car platform, and this was the last seen of her alive. None of the passengers in the coach heard anything, and whether she called out as she was falling under the car, or not, is not known. A gentleman was in the coach, and as Mrs. Conners returned to her seat, he remarked to her that he believed the woman would be killed, and the other passengers joined in the same opinion.

Mrs. Hannah did not say anything to anyone in the car as to why she was getting off the train before it reached the station, and whether she thought it was at the station, or whether she decided to get off at the diamond, thus saving herself a long walk, will now never be known, though the latter seems the reasonable supposition.

AN INQUEST TO BE HELD.

Dr. Gray, the county coroner, after learning the facts in the case, decided that an inquest was necessary, and one will be held to-night at 8 o'clock, and the jurors will view the remains, after which the inquest will be adjourned until the witnesses have been summoned.

The point upon which the inquest will probably turn is whether the fact that the brakesman called out the name of the station before the train reached the daimond, influenced the woman in attempting to get off the train, thinking that it was at the station.

Later.—Coroner Gray has decided that an inquest on the above fatality is unnecessary, consequently one will not be held. The bodies have been handed over by the coroner to the relatives and arrangements are being made for the funeral, which will probably take place to-morrow morning to the G.T.R. station for the 11.45 train, interment taking place from the Gordon Hill station.

LAMENTED DEATH OF MRS. BEGLEY

Deceased Lady was Highly Respected, Resident for 25 Years.

After having been ailing for about a year, Mary Ward, relict of the late Patrick Begley, passed away this morning at the residence of her son, Ald. Thomas Begley, corner Victoria avenue and Downey street. The deceased lady had lived in town for the last twenty-five years, and during that long residence here had won the high respect of all who knew her. She was a prominent worker in St. Peter's Cathedral, and was a member of the Ladies' Aid of that church. Her husband died five years ago, since when she had lived with her son. She leaves to mourn her loss, three sons and two daughters, the former, Thomas, Joseph and Robert, all of town, and the latter, Mrs. McCabe, of Lindsay, and Miss Minnie, of town. W. Murphy and Mrs. Albert Gendron, of Toronto, are nephew and niece respectively of the deceased. These are the only relatives.

The late Mrs. Begley was born in Ireland and came to this country at the age of three years and with her parents settled in Belleville. Later the family lived in Bowmanville, Oshawa and Lindsay, finally coming to Peterborough twenty-five years ago, where they have lived ever since.

The funeral will take place on Wednesday morning.

THE CHURCHES.

At both services in St. John's yesterday Rev. G. F. Davidson, M.A., of Guelph preached the sermons which on both occasions were on a high plane of excellence, both in thought, terse directness and diction. He is a pleasant and easy speaker. To-night he delivers an illustrated lecture on "A Walk in Paris," in St. John's school house.

At the evening service the offertory anthem Shelly's ever beautiful "Hark, Hark, My Soul!" was finely given, Mrs. Pearce taking the contralto solo with fine effect and Mrs. F. A. Clarke, the soprano obligato.

POLICE COURT NOTES

The case of the three Italians, Meazi, DeFanna and Marfeso, charged with complicity in the stabbing of Cupido, again occupied the attention of H. Rush, J. P., at the police court this morning.

As the wounded man is still in the hospital, and unable to attend court the case was again enlarged until Tuesday, Feb. 28th.

BARRIE'S

BIG "RE-MODELLING" REDUCTION SALE

This great money-saving Fur and Furnishing function sounds the right note of substantial economy.

If there ever was a sale in which miracles with money were performed it is in this big Sale of ours.

Furs of the finest qualities and of the highest class of workmanship, together with the more moderate grades of safely cheap lines, can be bought at much lower prices during the Sale than at any future period.

Big Reductions off regular prices are the order of the day throughout our entire stock.

Mink, Alaska Sable, Persian Lamb, Seal, Astrachan, etc., have all gone up in prices; the Fur Sales in London, England, just held showed an advance of from 10% to 50% in the different kinds. This means a very material increase in price on all Furs for next season.

This Re-modelling Sale to the prudent thrifty man or woman is a monumental money maker and they will do well to see to present, and anticipate future, needs in Furs and purchase now.

Men's Furnishings of all kinds—Hats, Gloves, Collars, Shirts, Ties, Underwear, Sweaters, etc., all at Clearing Reduction Prices as we must get them out of the way.

Our store is to be re-modelled and workrooms to be enlarged therefore we must clear out stock at once, as dust and dirt and lack of room compel us to.

WALTER SAGER'S SERIOUS ACCIDENT

Fell Through Skylight and Window Last Night

His Injuries are of a Serious Nature—Is Now at the Nicholls Hospital.

Another of the series of accidents which have befallen the family of of Mr. S. Sager, during the last few months, occurred yesterday afternoon, about 5 o'clock, when Walter, the 14 year old son of that gentleman fell through a skylight on a summer kitchen at their residence, corner of McDonel and College streets and suffered some serious injuries, the outcome of which is as yet undetermined.

It appears that during the afternoon, about the time mentioned, the boy, with some others was on the roof, one of them engaged in shovelling the snow off, Walter, in some as yet unexplained way fell through the skylight, which was concealed from view by being covered with snow. This skylight is constructed rather peculiarly. It is built to give light to a window in the main wall, against which the summer kitchen is built, and, after falling through the skylight, which did him no injury, he went partly through the second window, and a large piece of glass inflicted a severe gash, the lower bowel being cut.

Dr. Carmichael was called, and the boy removed to the Nicholls Hospital, where the wounds were dressed with the assistance of Doctors Bradd and Young.

The injury is a very severe one, and, although it is hoped that no serious results will follow, it is extremely dangerous.

Mr. Sager was out of town at the time, on a visit to the property of the Star of the East Mining Company, of which company he is President.

It is a significant fact that this boy who was injured yesterday had just recovered from an attack of typhoid fever and had only a short time ago returned from the Hospital.

Last fall a younger son of Mr. Sager, while playing with a dynamite cap caused an explosion which deprived him of his eyesight.

ART ASSOCIATION TO BE FORMED

A Meeting for This Purpose Will be Held on Friday.

It is proposed to form a branch of the Woman's Art Association of Canada in Peterborough. The objects of the Association are, the encouragement and promotion of more general interest in original art in town, and more especially for the mutual help and co-operation of women who are lovers of art in its various forms.

It will also be the aim of the Association to encourage every effort to awaken interest in the public at large by holding exhibitions and lectures upon subjects pertaining to art.

A meeting to form such an Association will be held in the Y.M.C.A. building on Friday, Feb. 24th, at 3 o'clock, and it is hoped that all women who are lovers of the beautiful will make it a point to be present.

Get the Best.

T. A. S. BAND SCORES SUCCESS

Made its Initial Appearance at T. A. S. Hall Last Night.

Programme Elicited Much Applause—Other Numbers also well Received.

If the programme rendered by the T.A.S. Band, at its first public appearance at the concert in the Society's Hall, last night, may be taken as a criterion of what is to follow, the band is certain to fill an important place in musical circles. One would scarcely credit the fact, in listening to the artistic rendering of some of the selections, that the organization has been in existence scarcely four months. The band is well balanced and plays with splendid ensemble effect. The pianissimo passages were exceptionally rendered and the shading excellent throughout. The conductor, Mr. L. A. Halley, is deserving, indeed, of the heartiest congratulations upon the high musical standing attained by the band under his direction, in so limited a space of time.

The attendance last night taxed the capacity of the hall to its utmost, the result being also just as satisfactory from a financial standpoint.

The band, which consists of twenty-two pieces, is composed as follows:

First cornets — F. Huppie, V. Morrow.

Second cornet — J. Minniciolo.

Clarinets — Angus McPherson, H. Hickey, J. White, W. McPherson, C. Morrow, L. A. Halley.

Alto horns—C. Kane, J. Fox.

Euphoniums—G. Scott, W. Moher.

Bass horns—J. Weir, J. Lazier.

Trombones—E. Hickey, J. Beyette, F. Pope.

French horn—R. Ramsay.

Piccolo—E. McNicholl.

Drums — Bass, M. O'Brien; snare, F. Clancy.

The chair was most acceptably filled by Mr. H. Leclaire. The opening number was the "Mascot" march, which was rendered in true military style, with great precision of movement, and displayed little trace of amateurism in the interpretation of any of its passages.

This was followed by a dramatic recitation, entitled, "Yes! I'm Guilty," which was cleverly presented by Miss Carrie White, Peterborough's talented young elocutionist. As an encore she gave "The Queer Hospital."

The next number was a clarinet solo, a "Serenade," by Demersaen, by Mr. L. A. Halley, which displayed a fine artistic taste on the part of the performer.

Mrs. Callender of Norwood, rendered a vocal solo, entitled "Awake," in a very pleasing manner, and drew from the audience an enthusiastic encore, in response to which she sang, "Sing on."

An orchestra consisting of six members of the band, contributed the next number, "Under Southern Skies." The orchestra is composed as follows: Messrs. Ramsay and J. McPherson, violins; McDonough, cornet; Halley, clarinet; Scott, trombone; and Clones, piano.

A nautical selection, "King of the Main," was very pleasantly given by Mr. Jas. Weir, and received a hearty encore.

Miss Carrie White's second number — a recitation entitled "Bijah's Story," elicited a well merited recall, to which she responded with "The Giggling Girl," a comic skit.

Miss Delaire's vocal solo, "The Sentinel Asleep," was also given in a most pleasing manner, and in response to the hearty applause with which it was received she was forced to give "My Pretty Little Kickapoo."

The concluding number was "Light of Foot" March as arranged by J. Slatter, rendered by the band, which was followed by "God Save the King."

The accompanists of the evening were Mrs. Morrow, Miss Halley, and Miss LeGros, whose duties were performed with fine artistic taste.

A number of out-of-town artists who were to have appeared, were detained by the condition of the roads. Their absence was much regretted, as the only feature of the programme not thoroughly enjoyed, by the audience, was its unavoidable brevity.

PETERBORO' BOY WAS HONOURED

Mr. W. E. Wright Given Send Off on his Departure for Regina.

The Toronto Star last night told of a presentation to Mr. W. E. Wright, formerly, of Peterborough, now of Toronto, on the eve of his departure from that city. Mr. Wright is a son of Mr. Wright of the firm of Wright & Paton, who were at one time located in Peterborough as pump manufacturers. The Star says:—

"Mr. W. E. Wright, of the National Cash Register Co., was tendered a banquet at Webb's, Saturday night, by his fellow employes, prior to his departure for Regina. Mr. Wright has been appointed manager of the Western office, and will leave in a few days for his new scene of labours. His friends Saturday night gave him a jolly evening, and passed out a few things he will not soon forget, including a handsome steamer trunk. Mr. F. E. Mutton, district manager, was toast master, and gave everyone an opportunity of testifying to Mr. Wright's good qualities, and his fitness for his new and more responsible position."

The many friends of Mr. Wright in Peterborough will learn with pleasure of the success which he has met with.

ANARCHY IN THE CAUCASUS

Reign of Terror in Russia is Spreading

Massacres are Being Committed—Inefficient and Indolent Authorities.

Special to the Examiner.

London, Feb. 21. — The Exchange Telegraph Company's St. Petersburg correspondent, wires that private advices to the Russian capital report a state of anarchy prevalent in the Caucasus. Massacres are occurring on all sides, oil mills are ablaze, trains have been destroyed, and river navigation stopped. The more peaceable element are said to be living in a state of terror. The authorities are inefficent and indolent.

LIVED HERE A QUARTER CENTURY

Mrs. Montgomery Died at Ripe old Age

Deceased Lady was Very Highly Respected—Born in 1823.

One of the very oldest, and also one of the most highly respected residents of Peterborough, died this morning at her residence, London street, in the person of Mrs. Elisabeth Braden Montgomery.

The deceased lady, who was 82 years of age, was ill for about eight months, during which time she bore her pain with patience and fortitude.

The late Mrs. Montgomery was born in Lockport, N.Y., on Nov. 24th, 1823, and has lived in this province since childhood.

On December 6th, 1843, in Peterborough, she was married to Mr. Andrew Montgomery, a prominent and representative resident of the township of Smith, and who survives his wife, having reached the advanced age of 90 years.

The deceased has resided in Peterborough, at the family residence, London street, since 1860, and on Dec. 6th, 1903, Mr. and Mrs. Montgomery celebrated their diamond wedding anniversary. In addition to her husband, six daughters and three sons mourn her loss. The late Mrs. Montgomery has been for many years an invalid, but being a true Christian, she has always been most patient and bright through her trials. She has been a wide reader and consequently a well informed lady whom it was a pleasure to converse with. Her patience and general beauty of character have made and kept for her a wide circle of friends.

The aged bereaved husband and the members of the family have the deep sympathy of a wide circle of friends.

The funeral will take place on Wednesday afternoon at 2.30 o'clock and will be private.

Health of Canadian Women

A Subject Much Discussed at Women's Clubs—The Future of a Country Depends on the Health of its Women.

At a large State Assembly of Mothers a prominent New York doctor told the 500 women present that healthy Canadian women were so rare as to be almost extinct.

This seems to be a sweeping statement of the condition of Canadian women. Yet how many do you know who are perfectly well and do not have some trouble arising from a derangement of the female organism which manifests itself in headaches, backaches, nervousness, that bearing-down feeling, painful or irregular menstruation, leucorrhœa, displacement of the uterus, ovarian trouble, indigestion or sleeplessness? There is a tried and true remedy for all these ailments. Lydia E. Pinkham's Vegetable Compound has restored more Canadian women to health than all other remedies in the world. It regulates, strengthens and cures diseases of the female organism as nothing else can. For thirty years it has been curing the worst forms of female complaints.

Such testimony as the following should be convincing.

Mrs. Anna McKay, of 326 Spadina Avenue, Toronto, Ont., writes:

Dear Mrs. Pinkham:—

"Being a mother of five children, I had had experience with the general troubles of my sex. I was lacerated when one of my children was born, and from that hour I date all of my afflictions. I found that within a few months my health was impaired, I had female weakness and serious inflammation and frequent flooding. I became weak and dizzy, but kept on my feet, dragging through my work without life or pleasure. A neighbor who had been helped by taking Lydia E. Pinkham's Vegetable Compound insisted that I take at least one bottle. I did so and felt so much better that I kept on the treatment and it made me a strong and well woman. The few dollars I spent for the medicine cannot begin to pay what it was worth to me."

Miss Helena McKinnon of Sand Bay, Ont., writes:

Dear Mrs. Pinkham:—

"I consider Lydia E. Pinkham's Vegetable Compound the best medicine in the world for a woman sick and weak from exhaustion, irregularities and overwork. I have found from personal experience that it is all and more than it is recommended to be. I only wish that every sick woman would try it, for it cured me of suppressed menstruation and irregularity, and has cured many of my friends of the same difficulty, in fact all who have used it have nothing but good to say of its efficacy. Please accept a grateful woman's thanks for all it has accomplished in my case."

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating, (or flatulency), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

A light heart, a cheerful countenance, and all the charms of grace and beauty are dependent upon proper action of the bodily organs. You cannot look well unless you feel well.

Mrs. Pinkham invites all sick women to write her for advice. Her advice and medicine have restored thousands to health. Address, Lynn, Mass.

AN INSTRUCTIVE ADVENTURE

A Plucky Young Lady's Experience with a Horse and a Street Car.

Illustrating Danger From the Narrow Strip of Highway Between Tracks and Snow Banks.

An incident happened on south George street on Saturday afternoon which developed a young lady with a level head and nerves that did not yield to panic, and also furnished a warning of the danger of the streets along side the car tracks at some points. A young gentleman and lady were driving on George street. While the former was adjusting his neck scarf, the young lady temporarily held the reins. At this time a car came towards them. There was a very narrow margin of highway between the track and the wall of snow alongside. As the car passed it struck the body of the cutter behind and the jar, combined perhaps with the swerving of the horse upon the bank of snow, threw out both occupants. The young lady, however, pluckily clung to the reins and after being dragged prone for some distance, struggled to her feet, and succeeded in stopping the frightened horse. The conductor stopped his car and came back to the scene of the mishap, but found that, thanks to the young lady's presence of mind, and strength of arm, no damage was done to speak of and the occupants of the sleigh continued their drive—on streets where there was no car track. A serious accident might have happened, if the young lady had not shown unusual coolness and courage in holding on to the reins under exciting circumstances. If, when she gets married she hangs on to her husband with similar tenacity, she will keep him on the right track.

This circumstance points to the dangerous condition of some of the streets, arising from the narrow line of highway between track and snow banks.

FRED ADLUM IS IMPROVING RAPIDLY

s now, not Much the Worse, for his Adventure of Friday.

Beyond a local soreness, and the probability of a permanent scar where the iron struck his scalp, Fred Adlum is not much the worse from the pointed way in which Wm. Austin drove home his argument last week, when the two had a political difference in the Peter Hamilton Company's works. Austin, who is in jail, in default of the necessary bail, is somewhat reticent about the matter and is philosophically waiting his trial in the police court on Wednesday morning. Should fever or blood poisoning set in and the complication make Adlum worse, Austin will have a serious charge to face, but this is not likely at this late date.

TO STOP USE OF TRADING STAMPS

The Local Merchants will Help the Dominion Association.

To-morrow night a meeting of the retail merchants of town, both members of the Association, and others, will be held in the Y.M.C.A. Hall. The meeting has been called by the president, Mr. Robert Fair, at the request of the Retail Merchants Association of Montreal, who are heading a movement to induce the Dominion Government to pass legislation to prohibit the use of trading stamps by retail merchants throughout the Dominion.

In Ontario a law to this effect has already been passed, and the merchants here want to render what assistance they can to the Dominion Associations, who are endeavouring to secure for the merchants throughout the Dominion the privileges which the Ontario Government has already given them.

The following petition is being circulated among the retail merchants and will be presented to the Dominion Government at this session:

"We, the undersigned retail merchants, respectfully petition you, in view of the evils without number, caused to the retail trade of the petitioners by the distribution of Trading Stamps, known also as cash receipts,

"To amend the criminal code in such a manner as to declare illegal the issuing, the sale and the distribution of said trading stamps, or cash receipts, and your petitioners will ever pray."

ENGLAND WANTS CHEAP CEMENT

Inquiry as to the Possibility of Supplying England from this Province.

From London, Eng., an inquiry has come to the Bureau of Mines concerning the possibility of shipping Portland cement from this Province to England. The writer says there is a practical combine in operation there, and he would like to secure a Canadian supply at 20s. a ton. He will get none at that price, as the present supply cannot meet the demand. Only a few days ago an American capitalist applied at the Bureau of Mines to be directed to a suitable limestone deposit where a Portland cement factory could be erected. In recent years solid limestone is being sold instead of marl and the resultant material is fully as satisfactory. Indeed, Portland cement of good quality has been made from blast furnace slag.

AN ADDRESS ON MACBETH

Given by Mr. J. Jefferies at St. Lukes Last Night

A Most Interesting Evening's Programme—Shakespeare's Work Formed Subject o Address.

Last night the school room of St. Luke's church was well filled, when a most interesting address was given by Mr. J. Jeffries, B.A., on Shakespeare's "Macbeth," under the auspices of the Men's Guild of the church, to a delighted audience.

The chair was taken by the president of the Guild, Mr. J. J. Turner, jr. and after a short musical programme and some introductory remarks by the chairman, the address of the evening was given by Mr. Jefferies, who said, in part:

Shakespeare's career as an author, extends over a period of about 24 years, 1588—1612. The turn of the century marks a turn in his mental history and authorship. About 1601, his genius was directed towards the creation of serious, dark, ironical comedies, and deep, harrowing tragedies. This condition of mind lasted until about 1608. During these years he devoted himself to the analysis of evil triumphant over good. Malignant passions and heinous crimes formed his subjects. He depicted man at war with destiny, breaking the bonds of nature, only to be at last overwhelmingly defeated and ruined. To this period belong Hamlet, Othello, Lear, Macbeth, Coriolanus and Timon. We are glad, however, that this attitude of the poet changed to a brighter and more cheerful one. He came out of the depths to walk the heights. His last dramas set forth the victories of good over evil. Benignant feelings and beautiful and virtuous acts formed their subjects. Man was working now in unison with destiny, knitting together harmonious bonds and obtaining the rewards of goodness and love. Here belong Cymbeline, The Tempest and The Winter's Tale.

Macbeth was probably written in 1606. It is a drama of man at odds with fate, yielding to evil propensities within and evil propensities without, committing sin after sin, until at last engulfed in the maelstrom of retribution Nemesis had in store for him. The scenes are laid in Scotland in the 11th century. Duncan is King, a gentle, generous, and amiable, but weak, impulsive and guileless man. Macbeth is his cousin, and aspired to the throne. At the commencement of the play Scotland is engaged in war against native rebels and foreign foes. Macbeth is leader of the King's forces, and is assisted by Banquo. In the conduct of the war he proves himself possessed of dauntless courage, unwearied energy and experienced resourcefulness. The war is brought to a speedy and successful close by Macbeth. King Duncan, under the spell of elation at this announcement, sends messengers to meet and reward Macbeth with the new title of Thane of Cawdor. But before he receives this new honour, while on his way to pay his respects to the King, he and his colleague, Banquo, are accosted by three weird sisters, or witches. They proclaim him Thane of Cawdor and further promise that he is to become King. This promise reflects his guilty thoughts and echoes the sinful hopes he had already formed. When, a short time later, messengers arrive from the King and confirm the first prediction of the witches, he is still more excited. He resolves to murder the King, and thus realize the second hope. But Macbeth has an extremely excitable imagination, and the resolve to commit murder fills his mind with horrible fancies. He decides to wait until chance crowns him; but when he hears the King appoint his son Malcolm his successor, his hopes are dashed and he sees that if his ambition is to be satisfied, it must be by foul means.

Lady Macbeth now appears on the scene. She is very devoted to her husband, and anxious that his ambition to become King should be gratified. She is endowed with extraordinary will-power, quick perception and keen insight. The announcement that the King is to pay a visit to Macbeth's Castle suggests an opportunity of carrying out the secret dark purpose her husband had on a former occasion made known to her. She appreciates the difficulty that will follow her husband's instability, irresolution and superstitious fear. But he desires the crown though he may be too weak to take it. She decides to employ her firm nature in holding him in the path which he is anxious to walk in and to which he had committed her. She must apply her full force of characters to sustaining his faltering will. To this end she appeals to the "spirits that tend on mortal thoughts," to "unsex" her. As a woman she thrills with feminine repugnance to the bloody deed, which, nevertheless, her imperious will insists on. Her mental discipline and perfect self-control will be true to her in the struggle against her womanly sensibilities. With almost superhuman energy of will she plays the part of an unfeeling, conscienceless being when her husband joins her at the castle. Without ado she opens the question of murder by declaring that it must be committed that night. She promises to assume all responsibility. But Macbeth's face is like "a book where men may read strange matters." His practical mind sees great difficulties in carrying out the crime, and foresees detection and punishment. To commit murder may be to suggest the same act to others against himself; murder is a game that *two* can play at. He wavers in his resolution. Lady Macbeth feigns anger and disgust. With an audacity of tongue that amazes her husband, she charges him with cowardice, inconsistency and inconstancy. She unfolds to him the details of her plan. They are so cunningly devised that Macbeth sees success and yields again to temptation.

A time of waiting follows. Macbeth is helpless in suspense. He has no passive courage, no self-restraint. He is thrown into hallucination. He sees in fancy a blood-stained dagger. He recovers a measure of composure, and in part carries out the scheme proposed by his wife; but only in part. Lady Macbeth is obliged to complete the work, much to her dislike.

Mr. Jeffreies then took his hearers through the succeeding stages of the drama: the discovery of the King's murder, the killing of the two grooms, the flight of the King's two sons, the accession of Macbeth to the throne, the plot against Banquo, the assassination of Banquo, the flight of Macduff, the murder of the Macduff family, the visit to the witches, the arrival of an English army, Lady Macbeth's suicide, and Macbeth's death in battle by the hand of Macduff. The speaker pointed out the opposite effects of crime upon the minds and subsequent lives of Macbeth and his Lady. He does not believe that Macbeth's was a noble disposition dragged down by the influence of the coarser nature of his wife, nor does he think that the witches sowed the seed of murder in Macbeth's mind. In fact, his interpretation of the play differs in several points from the orthodox one. He supplemented his interesting, scholarly and educative address by readings from the drama.

In addition to the lecture a good musical programme was given, including instrumental solo by Mrs. A. W. Turner, vocal solo, Mr. Joseph Legg; vocal solo, Mr. Sproule. At the conclusion of the address, a vote of thanks was moved by Rev. E. A. Langfeldt, and seconded by Mr. Kelly, to Mr. Jefferies, for his able address. This was carried unanimously and acknowledged by Mr. Jefferies in appropriate terms.

REVOLUTION TALKED

St. Petersburg Gathering Unfurled the Red Flag.

STUDENTS AND DIRECTORS

Decided to Suspend All Work at theb Universities Till Fall—Incendiary Speeches Made—Sympathy Expressed With Revolutionists.

St. Petersburg, Feb. 21.—With the decision of the student body of the University of St. Petersburg yesterday to suspend studies for the remainder of the university year, almost the whole educational system of Russia has entered upon a period of stagnation. Other universities, gymnasia and even grammar schools already were on strike, and the military throughout the Empire has been obliged to be resorted to to restrain school boys of tender years, who are joining the general movement.

The meeting of 3,000 St. Petersburg students, besides voting solidly to suspend studies until Sept. 1, adopted a set of political resolutions demanding the formation of a constituent assembly, and characterizing the proposed summoning of the Zemsky Sobor as inadequate for the emergency. A large faction voted to stop the war. A strong revolutionary feeling was manifested, the red flag was waved, and the Marseillaise and other revolutionary songs were chanted. A large portrait of the Emperor was torn in strips. The police did not interfere.

Strong forces of Poles and Cossacks had been posted outside the building to make an expected street demonstration, but none occurred. Many professors and instructors in the university were present, most of whom were in full sympathy with its objects. Two tutors and a small number of students who wished to obtain their diplomas this year, made an ineffectual attempt to stem the general tide.

Closed Till Fall.

The first joint meeting of students, professors and directors ever authorized assembled at noon yesterday to discuss the question of joining the general strike inaugurated by similar institutions in Russia, and decided to close the university till fall. Over 4,000 students attended, but the room would not hold one-fifth of that number. Strong speeches were delivered in support of the demand for freedom of speech, conscience and the press, and for the convocation of a national assembly and the professors were unable to stem the storm.

Still more extreme addresses were delivered at overflow meetings, and the foreign newspaper correspondents present were amazed at their incendiary character. Wild scenes followed, the students singing the Russian Marseillaise, which begins, "You fell victims to love of your country." A red flag was unfurled, on which was written: "Hail to the constituent assembly."

Resolutions Passed.

After adopting a set of strong resolutions, the student body, by an almost unanimous vote, decided to suspend all university work till September. The resolutions demanded:

A constituent assembly on the basis of universal suffrage and under conditions of liberty of speech, of the press and of association and the freedom of laborers to strike.

Second: Full amnesty for religious and political offenders.

Third: Autonomy for each part of the country, not of Russian nationality.

In conclusion, the resolutions call on every self-respecting citizen to struggle for the achievement of the above aims.

After the meeting broke up a band of the more violent students tore up the Emperor's portrait, stripped and demolished the frame and carried off bits of canvas and gilding as souvenirs.

Czar Still Obdurate.

There is no confirmation of the report that the Emperor Nicholas has decided to issue a decree on March 4, convening the Zemsky Sobor. In well-informed circles here it is believed that the question of convoking of this ancient form of land parliament has not yet been decided.

FIRE BURNS BOSTON PIERS.

At 2.30 Blaze Unchecked and Lives May Have Been Lost.

Boston, Mass., Feb. 21.—A fire entailing immense losses broke out on Pier 4 of the Hoosick Tunnel Docks, Charlestown, at 1.30 o'clock this morning.

The flames spread with startling rapidity, communicating soon after with the Furness-Leyland Line steamer Philadelphia, which was tied alongside the pier, and in a few moments was in flames from stem to stern. Captain Dickenson and his crew of 48 men had a narrow escape, if, indeed, all were saved. It was feared this morning that two of the sailors have been lost.

When the flames were discovered most of the crew jumped overboard. Capt. Dickenson himself hung by a rope over the boat's side until he was assured that no one remained on board.

From the Philadelphia, the flames jumped over to the steamer Dalton Hall of the Antwerp Line, which was soon aflame. It is thought that the crew of the Dalton Hall escaped.

At 2.20 o'clock this mornig the flames were apparently unchecked.

Disorders of the Liver

BILIOUSNESS, STOMACH TROUBLES BOWEL DERANGEMENTS DISAPPEAR WHEN THE LIVER IS REGULATED BY

DR. CHASE'S KIDNEY-LIVER PILLS.

Pale, muddy complexion is an indication of liver troubles.

When the liver gets torpid and sluggish the "bile poison" is left in the blood and poisons the whole system.

The tongue is coated.

You have attacks of headache.

Appetite is fickle and digestion impaired.

There are feelings of oppression about the stomach and pains under the left shoulder blade.

Constipation and looseness of bowels alternate.

The spirits are depressed and the temper is bad.

The most satisfactory regulator of the liver is Dr. Chase's Kidney-Liver Pills.

This well-known medicine has a direct and specific action in the liver, enlivening it in its work of filtering the blood and restoring its health and vigor.

In a wonderfully short time Dr. Chase's Kidney-Liver pills set the liver right and overcome the symptoms of liver complaint, indigestion, biliousness and constipation.

Not relief merely, but lastingly beneficial results are obtained by using Dr. Chase's Kidney-Liver Pills. The liver, kidneys and bowels are cleansed and invigourated and the whole machinery of digestion set in perfect working order.

Mr. Robt. Beach, 225 Sherbrooke street, Peterborough, Ont., states:—"About two years ago I became subject to cramps, which were caused I was told from acute indigestion. I was so bad that I would be laid up for weeks at a time. These attacks came on periodically and distressed me greatly.

"I then began using Dr. Chase's Kidney-Liver Pills and have found them a wonderful medicine. They have entirely prevented a recurrence of my trouble, corrected the derangement of my digestive organs, and made me feel like a different person."

Dr. Chase's Kidney-Liver Pills, 25 cents a box, at all dealers, or Edmanson, Bates & Company, Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box. 8

SOUTH PERTH LIBERALS.

Mr. Stock Nominated and Will Give His Answer To-Day.

Mitchell, Feb. 21.—The Liberals of South Perth met in convention here yesterday. The convention was well attended, over 100 delegates being present. The convention tendered a unanimous nomination to Mr. Stock to contest the bye-election against Hon. Mr. Monteith. Mr. Stock asked that a committee be appointed to advise him as to the desirability of contesting the riding. This was done, and the decision of Mr. Stock and the committee will be made known at the nomination in St. Mary's to-day.

Colds

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

Chamberlain's Cough Remedy

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.

INCORPORATION IN LEGISLATURE

A Bill Providing for Peterborough's Elevation to a City will be Introduced.

At the coming session of the Ontario Legislature, a Bill affecting this town will be introduced, and the provisions of the Bill are:

"That the town be incorporated as a city, to ratify eleven money by-laws, including $50,000 for the purchase of a site and the erection of a collegiate institute, to pay for granolithic sidewalks and sewers, to provide $10,000 for a site for an armory; $3,000 to pay for alteration in heating apparatus of the Central public school, $30,000 for water works; $12,000 for repairing bridges and opening new streets; to aid by a grant of land and fixed assessment of $4,000 for ten years the Peterborough Cereal Company, and a fixed assessment of $4,000 for ten years of the Peterborough Shovel Company."

Chamberlain's Stomach and Liver Tablets. Unequalled for Constipation.

Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are in my judgment the most superior preparation of anything in use to-day for constipation. They are sure in action and with no tendency to nauseate or gripe." For sale by all druggists.

SPENT TWENTY YEARS IN JAIL

This is the Record of William Kightley, Who is Adjudged Insane.

Twenty years ago William Kightley was found on the market square in a half frozen condition, and was committed to the county jail for 6 months on a charge of vagrancy. At the end of the first term he was liberated, and immediately committed again on the same charge, and for twenty years he has been an inmate of the county jail, being committed twice a year for twenty years on the same charge. To-day before Acting Police Magistrate Rush, the jailor was examined as to the sanity of Kightley, and he was committed for insanity. He will be examined by two doctors and the County Judge, and if they pronounce him insane, steps will be taken to have him admitted to an insane asylum.

MR. CRANE ON "PAPER MONEY"

Interesting Address Last Night at All Saints'

Attendance Was Large—Short Musical Programme.

A crowded house greeted Mr. John Crane at All Saint's school room last night when he delivered his lecture on "Paper Money." The address, in which the subject in its many aspects was dealt with in a most comprehensive manner, was listened to with marked attention throughout. In the many points dealt with by the speaker he evinced a wide knowledge and a through grasp of his subject.

The speaker prefaced his remarks on currency by a comparison of the various banking systems as at present in operation in various countries, particularly those of Canada and the United States, and demonstrated clearly the many features of our systems which are preferable to those in vogue across the boarder. This was further emphasized by the reference made to the present widespread discussion in the United States with reference to the changing of their methods, and the adoption of a system which will embrace many features of our system.

The speaker then gave some interesting information in connection with the history of banking giving a brief account of the system of exchange and barter of ancient times, and also touched upon the first historical issue of bank-notes in Canada and other countries, and the legislation enacted governing the banking system of the time. He then passed on to the present banking laws, and gave an explanation of the issue of legal tenders by the Government and bank notes by the Banks. The restriction as to the amount issued and the security for the same were also discussed. It was shown how in times of industrial prosperity, as well as during periods of temporary depression, the banks lent their assistance to all classes of the community. The many superior features of paper currency were commented upon, as well as the absolute security to the holders. The manner in which the volume of business between the banks in the larger centres and their branches in rural communities is conducted was explained in a brief and concise manner.

The address was followed by a short, though pleasing programme, to which numbers were contributed by Misses Elliott, Mullholland and English, and Mr. W. Allen. All the numbers were rendered in a manner which evoked much applause from from the audience. Refreshments were then served, and a pleasant social time spent.

The chair was filled in a most acceptable manner by Mr. Poole, President of the Guild.

A unanimous and hearty vote of thanks was tendered Mr. Crane.

FIRST APPEARANCE IN PETERBOROUGH

Performance of the Bijou Comedy Co. Much Above the Ordinary Popular Priced Plays.

Last night at the Opera House The Bijou Comedy Company presented to a large audience the ever popular pastoral play "Way Down East," with H. Wilmot Young the leading man, and Marjie Adams starring. The acting was above the ordinary and the specialities proved highly pleasing to the audience. Their musical numbers were recived with enthusiastic applause and the encores which were evidences of the audience's pleasure, were generously responded to. The costumes are beautifully chosen and the general effect of their presentation is admirably plausible.

To-night the company present "Under Two Flags," with improved stage furnishings which will be made suitable to the inconveniences of the Opera House.

FUNERAL WILL BE TO-MORROW

Late Mrs. Hannah and Harry Cobourn Will be Buried at Providence.

The funeral of the late Mrs. Hannah and Harry Cobourn, who were killed on Saturday night, will take place to-morrow at 10.30 from the residence, No. 13 Lake street, to the Grand Trunk station. The remains will be taken by the 11.45 a. m. train to Garden Hill station, and the interment will take place at Providence cemetery, near Rosamount.

POLICE COURT NOTES

Perfect Confidence.

When there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Pooleville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child, Garland, is subject to severe attacks of croup and it always gives him prompt relief." For sale by all druggists.

MR. S. S. BUTLER HAS THEORIES

About the Origin of the Word "Otonabee" and Other Things.

An Interesting Piece of Literature Written as a Result of a Train Ride.

Mr. S. S. Butler, of Toronto, cherishes some memories of a ride which he enjoyed with some Peterborough people some two years ago, and the event made such an impression upon him that he is now writing about it. He says:

"Two years ago while travelling from Orillia to Toronto, via Blackwater, it was my pleasure to drop into a car, which it appeared was occupied by nearly all Peterborough people. I happened to say that I had some knowledge of the Sansorit language as connected with the Bible. I soon found I had half the car of people at me. They all knew everything about the Bible, as to their own standpoint. But for anyone to know anything about the Bible he must not go to Latin or Greek, but to a people prior to Abram. I have now spent about 45 years travelling around the world on paper, like the late Dr. Talmage. I have three fourths of it in person. I have now dropped in Peterborough. I find you have a River Otonabee, or, rather, O-ta-nabee. The "o" in this case represents a distinctive name, as the O'Keefes, O'Conners, and, in the United States, Oberlin, or the Berlin. "Ta" represents in English "that," "Nabee" being the name of a man. Thus (that Nabee.) You have also Chemong—what is this? A certain goddess of the Sidonians was Chemosh, but this god or goddess is Chemong. Canada has her Gog and Ma-gog, also her Sku-gog, and Manitoulin and Manitos in galore, but the question is from where did the Manitos spring from? Abram says the people of Ai and Jericho are sinners above all men. What was the sin they committed? Now what did Abram do? He piled a heap of stones somewhere between these two places, fell down and worshipped it, which he counted for righteousness. Judge ye between these two subjects. The people in the car were all strangers to me but they invited me to pay them a visit; I cannot do that, but like the old lady that could not go to church but sent her card, I guess most of these people take a newspaper; if so, herein is at least a part of my interpretation into that wonderful book, the Bible."

MRS. KINCAID'S SISTER DEAD

Mrs. John Belch, a Highly Respected Lady.

The Millbrook reporter has the following report of the death of Mrs. John Kincaid's sister, which occurred at Mount Horeb recently:—

"The death of Mrs. John Belch, nee Miss M. J. Thornton, took place at Mount Horeb, recently, after a lingering illness, borne with Christian fortitude and patience. Deceased had reached the age of 71 years, and was highly respected by all who knew her. She was a faithful member of the Presbyterian church, a true Christian, and her many kindly acts will live long in the hearts of those who came in contact with her. She, with her husband, the late John Belch, were among the first settlers of Manvers township, near Mount Horeb. She leaves to mourn her loss a loving mother, three daughters, Mrs. Deyell, Mrs. Caldwell and Mrs. Wilson, and one son, David, besides two brothers, J. D. Thornton, of Omemee, and W. J. Thornton, of Beulah, Man., and two sisters, Mrs. John Kincaid, of Peterborough, and Miss Thornton, of Omemee. The funeral was very largely attended on Saturday last. The services were conducted by her pastor, Rev. J. M. Whitelaw, B.D. The interment took place in Mount Pleasant Presbyterian cemetery.

MINISTERS BY ACCLAMATION

Hon. Nelson Monteith Only One Likely to be Opposed

And His Opponent May Resign—Nominations Today for Bye-Elections.

Special to the Examiner

Toronto, Feb. 21st. — Nominations for the bye-elections necessitated by the formation of the new Cabinet, took place to-day in Dundas, South Toronto, West Lambton, South Perth, South Lanark, North Essex and East Toronto, which were carried at the general elections by Premier Whitney, Hon. Messrs. Foy, Commissioner of Crown Lands; Monteith, Minister of Agriculture; Hanna, Provincial Secretary; Matheson, Provincial Treasurer; Hon. Dr. Reaume, Commissioner of Public Works, and Hon. Dr. Pyne, Minister of Education, in the order named. No opposition was offered to any of the Ministers except in South Perth where Mr. Valentine Stock, Liberal, was nominated, but Mr. Stock in a subsequent address intimated his intention of resigning.

Bargains in Pianos and Organs.

If you want a bargain in a piano or organ read the announcement on the first page of to-day's Examiner, of the great sacrifice sale at the store of the Peterborough Music Co, No. 404 George street. These instruments have been used for a short time only, but most of them are in such good condition that they are practically as good as new, their musical qualities having in no way been effected. Such chances as these don't happen every day, as will be seen by the exceptionally low prices at which they are offered.

CANADA GETS FULL CONTROL

Dominion Will Defend Halifax and Esquimalt Fortresses.

TO BE HANDED OVER JULY 1

Sir Frederick Borden's Statement in the House of Commons—Relieve Imperial Government of the Expense—Efficiency to Be Maintained—Control Expenditure.

Ottawa, Feb. 21.—On July 1st next the Canadian Government will assume control of the fortifications at Halifax and Esquimalt. Negotiations between the Canadian and Imperial Governments have been in progress for some time past with the result stated above. The Imperial authorities would have preferred from Canada a yearly contribution of about $250,000, and to have themselves retained control of the fortifications. But the Canadian Government insisted upon having control of the expenditure of their own money, and at last the home authorities acceded to their wishes. On Saturday another stage in the matter was reached, when an order in Council was passed, specifying the terms and conditions upon which the transfer will be made.

Cost Probably $2,000,000.

The change marks a further step in the progress of Canada towards nationhood. The cost to Canada will probably not be much less than $2,000,000. The maintenance of the Halifax fortifications will require the greater part of this sum.

The present garrison at Halifax includes the 5th Battalion Royal Garrison Regiment, Companies Nos 18 and 40 Royal Engineers, No. 103 Company Royal Garrison Artillery, and Companies of the Army Service Corps and Army Ordinance Corps.

Halifax Artillery Officers.

The artillery officers are: Lieut.-Col. E. B. Anderson, Capt. G. T. C. Dwyer, Adjutant; Captain H. W. Goyer, instructor in gunnery; Major R. C. Stevenson, Capts F. M. Rickard, S.F. Alderson, Lieuts. W. A. Edmeades, M. Meares, W. F. M. Bagshaw, Second Lieutenant D. P. Gilbert. At Esquimalt there is stationed No. 58 Company Royal Garrison Artillery and 48 Company Royal Engineers, and a half of No. 44 Company Royal Engineers. The total force at Halifax aggregates about 2,000 men, and at Esquimalt some 400. The officers of artillery at Esquimalt are: Major C. E. English, Capts. R. L. Muspratt, — Williams and J. E. H. Cockburn, Lieuts. J. A. Geary, H. H. Fall, P. Elliston, W. R. Thompson.

The Force Necessary.

The Imperial Government will likely name what force it will be necessary for Canada to maintain at both points. There will undoubtedly be a regiment of infantry at Halifax and probably at Esquimalt also, as well as engineers and garrison artillery. The Imperial troops will be withdrawn gradually so as to permit their places being taken by trained Canadian soldiers. The cost to Canada of the third special service battalion, which was maintained for over twelve months at Halifax, was under $360,000. For some years past, Canada has devoted in the neighborhood of $120,000 a year towards the Esquimalt defences.

Opportunities for Promotion.

The assumption of the fortifications means that a number of important military appointments will be at the disposal of the Canadian Government.

Question in the Commons.

In the Commons, on motion to go into Committee of Supply, shortly before 10 o'clock this evening, Colonel Sam Hughes called the attention of the Government to the report in an evening paper to the effect that the Government had agreed to take over the garrisoning of Halifax and Esquimalt. He read the article in question, and then added:

"I do not know whether this article is inspired or not, especially the last clause of it, where it speaks of Canadian defences on Canadian soil. As far as I am personally concerned, I hope the statement is not true. I would be very sorry that Great Britain should so far forget her duties to the Empire as to surrender Halifax and Esquimalt, and secondly, I would say that if Canada is to contribute to Imperial defence—and I trust at no far distant day she will—in place of garrisoning Halifax and Esquimalt, that it will be at Portsmouth, Gibraltar, Malta and other places that we will be found, and that we will contribute our fair share towards the defence of the Empire. I notified the Minister that I would bring this up, and I would be pleased to receive his statement."

Sir Frederick Borden.

Sir Frederick Borden: "I may say at once to Col. Hughes and to the House that the article which he has read was not inspired by the Government nor by any member of it, so far as I know; in fact, it was an entirely unauthorized publication. However, it may be a convenient opportunity at this moment to state what has happened. I had intended to make a statement when the negotiations were completed, and to lay the papers on the table of the House then, but as the matter has been mentioned, I desire to say that it is true that Canada a short time ago renewed the offer which was made to the Imperial Government so long ago as 1902, the the time of the Colonial Conference, to relieve the mother country from all expenditure in maintaining the garrisons of Halifax and Esquimalt—(cheers)—and that the offer has been gladly accepted by the Imperial authorities. (Renewed cheers.)

"Correspondence is now going on and negotiations pending by which the transfer can be carried out. The principles, however, upon which this transfer is to be made are these:

First, that the Dominion Government will bear all the expenditures connected with maintaining them. In 1902 as I have said, in the papers which were exchanged between the Government and the Colonial Office, and which form part of the papers which have been laid on the table of the House giving the details of what took place at the Colonial Conference, it was stated in general terms—and there can be no doubt as to the meaning—that while Canada was not able to accept the suggestions of the Imperial Government, the War Office and the Admiralty particularly, as to the method by which Canada would aid in the defence of the Empire, the Government and people of Canada would be desirous of relieving the British taxpayer, so far as that could possibly be done. It seemed to the Government, as I am sure it will appear to the people of this country, that obviously the first way in which that could be done would be by relieving the mother country from expenditure on Canadian territory. (Cheers).

Home Defence First.

"I will only make a single allusion to what Colonel Hughes said, and I am sorry that he differs from my views in this matter. I believe he will find that he is differing from the views of a large majority of the people of this country. (Hear, hear). While he is not willing to take over the responsibility for the expenditure in connection with the garrisons at Halifax and Esquimalt, he wishes to send troops to Malta and other places outside of the country. Let me say to my hon. friend that charity begins at home. Let us take care of our own responsibilities within our own borders first. I hope, during the present session, at any rate, to be able to lay all the papers connected with this matter upon the table of the House."

Mr. R. L. Borden's Question.

Mr. R. L. Borden: Before the honorable gentleman sits down, I would like to ask him one question. It would be more convenient, of course, to discuss the question fully when the papers are brought down. Will these two ports—Esquimalt and Halifax—be maintained in the same state of efficiency as they have been in the past, so far as the fortifications are concerned?

Sir Frederick Borden: Probably so.

Mr. R. L. Borden: It has been suggested, so far as Halifax is concerned, that the main reason for maintaining the fortifications which exist there at the present time is the fact that Halifax is a naval base for the North Atlantic Squadron. If it is not to be a naval base in the future, will that modify the attitude of the Government in regard to these fortifications, or is there any probability that, although it is intended in the immediate future that it shall be retained as a naval base, the policy which apparently has been entered upon by the Imperial Government in that regard may, in the future, be modified? I have heard suggestions along both of these lines from gentlemen who ought to be pretty well informed on the subject, and possibly the Minister, without discussing the matter very fully, can give the House some statement as to what the future is to be in that regard in connection with these two points.

Sir Frederick replied that, so far as the negotiations had gone, there was no indication of any intention on the part of the British Government to abandon Halifax as a naval base.

"But have they not dismantled the dockyard?" Mr. Borden enquired.

"Well, they have removed some men from there," answered the minister, "but I do not think they have dismantled it in that sense. I think it is to be continued as a naval base."

Commends Canada's Action.

London, Feb. 21.—(C. A. P.)—The Morning Post, commenting on the taking over of the charge of Esquimalt and Halifax by the Canadian Government, says: "It is a commendable product of the realization of her growing strength, and the wish to take a proper footing in the commonwealth of the Empire."

Referring to the importance of Halifax in the contingency of war with the United States, The Post says, it is vital to ask what guarantees the Imperial Government are taking that the present standard of defence, both in personnel and material, will be fully maintained on the transfer of the fortress to the Canadian authorities.

Though expressing no desire to belittle the fighting qualities displayed by Canadians in South Africa, The Post says the Dominion Government, with commendable frankness, has shown by its yearly publications that the Canadian forces as a whole are lamentably deficient in training, organization and administration, and that their system of administration has far more regard to political considerations than preparation for war.

The Post thinks it is to be regretted that the Imperial tie should be dissevered by the removal of the Imperial troops from Canadian soil. It thinks our aim should be not to encourage the colonies to build up separate armies and navies, but rather to encourage the blending of British and Colonial troops into one great Imperial force for the protection of the Empire as a whole.

REASON No 14
WHY YOU SHOULD USE
Red Rose Tea

Because the quality never varies.

Did you ever use a pound of good tea, and after ordering more of the same brand, find it much inferior?

The Eastern climate changes very rapidly, and for this reason tea planters find it impossible to produce the same quality from month to month—two lots from the same garden are seldom the same quality. This is probably the reason why the tea you got the second time was not as good as the first.

In Red Rose Tea this serious difficulty has been overcome by scientifically blending several teas together, so to always obtain uniform flavor and strength, and this has been one of the greatest triumphs of Red Rose Tea.

The quality never varies—you can rely on getting exactly the same quality of tea as long as you use it.

NOT A MINISTER.

Sir Wilfrid Laurier Tells Mr. Borden of Mr. Aylesworth's Status, but He Hopes it Will Soon Be Changed.

Ottawa, Feb. 21.—In the House yesterday, R. L. Borden asked if Mr. Aylesworth was still a member of the Government.

Sir Wilfrid Laurier replied that shortly before the election last fall he had asked Mr. Aylesworth to became member of the Cabinet without portfolio. Mr. Aylesworth agreed and entered into the Federal electoral contest as a candidate in Durham, but was not elected. He had not, however, been sworn in as a member of the Cabinet before the election. After the election he was asked again to enter the Cabinet, but his answer was that, under the circumstances, he did not desire to do so. Sir Wilfrid said that he hoped, however, that at a later date, Mr. Aylesworth would become a member of the cabinet.

Independent Phone Companies.

Mr. Boyce of Algoma moved for correspondence in connection with the telephone applications of Port Arthur and Fort William, to have access to railway stations.

W. F. Maclean said the decision given by the Railway Commission was very unsatisfactory, as he argued at some length that the right should be given independent telephone companies to enter railway stations.

Sir William Mulock explained that the Railway Commission had upheld the rights of independent telephone companies to gain access to railway stations, but it was not agreed on the question of compensation. Before the law was amended, it would be necessary to know the effect of the present law. The resolution passed.

To Check the White Plague.

George H. Perley moved a resolution declaring that, "in the opinion of this House, the time has arrived when Parliament should take some active steps to lessen the widespread suffering and great mortality among the people of Canada, caused by the various forms of tuberculosis."

Mr. Perley said that during 1903 the number of deaths in Ontario and Quebec was 60,543, in Quebec 2,943 had died of consumption and 2,017 from all other contagious diseases; in Ontario there were 2,728 deaths from consumption and 1,938 from all other contagious diseases. On this basis there were probably 8,000 deaths from consumption in the Dominion this year, or about 10 per cent. of the total deaths; or if all deaths from consumption had been recorded, the percentage would have been one-eighth to one-sixth.

Besides this, it was estimated that between 30,000 and 40,000 were affected with consumption, over one-tenth of whom were unfitted for work, so that their families were in a measure dependent upon the public purse.

Those who participated in the discussion were, on the whole, favorable to the Dominion Parliament taking some action. The Minister of Agriculture, though sympathetic, raised the point that the public health was a question beyond the jurisdiction of the Dominion Parliament. It was a question that belonged to the Provinces.

R. L. Borden referred to the ravages of consumption, and said if there were any means by which Parliament could minimize or wipe out the scourge it should not hesitate to do so. He thought Parliament had a right to deal with the question. It was not doing its duty in sitting idle while private individuals did all the work.

The resolution passed, Sir William Mulock stating that there was no reason why it should not receive the approval of the House.

Pleasantest Path Downward.

Prosperity has ruined many a man, but if a fellow is going to be ruined at all that is the pleasantest way

STOMACHS ON STILTS.

The man who puts on stilts does not increase his actual stature. He only feels taller. Stimulants are the stilts of the stomach. They make a man feel better for the time being, but he feels a great deal worse for them afterward.

The need of the man whose stomach is "weak" is not stimulation but strength. Dr. Pierce's Golden Medical Discovery perfectly answers that need. It contains no alcohol or whisky. It cures the weak, foul stomach with its attendant bad smelling breath, coated tongue, bad taste, poor appetite and kindred symptoms.

"In the year 1899 I had an attack of indigestion and got so bad that my home doctor said he could not do me any good," writes Mr. G. Frost of Gordonville, Texas. "I wrote to you and you advised me to use Dr. Pierce's Golden Medical Discovery, so I bought six bottles, and when I commenced using it I was so weak could hardly walk about the house. By the time I had used one bottle my stomach and bowels commenced to heal. There were strips of the lining of my stomach or bowels (I don't know which) as large as a man's two fingers passed and I had a good deal of misery in my stomach and bowels, and also in the rectum especially. I could not eat anything without having much distress afterward, but by the time I had taken eight bottles of the 'Golden Medical Discovery' I was sound and well, and could eat anything I pleased without suffering in the least. Could also do as much work in a day as I ever could. I have not suffered from the trouble since, and it was four years ago that I was so sick."

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery."

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets.

Official prices: Creamery, common to extra, 27c to 35c; do., held, common to extra, 26c to 33½c; state dairy, common to extra, 24c to 32c; renovated, common to extra, 26c to 28c; western factory, common to extra, 20c to 29c; western imitation creamery, common to extra, 24c to 31c.

Cheese—Firm; receipts, 2868; state, full cream, small, colored and white, fancy, 13½c; do., fine, 13c; do., late made, colored and white, choice, 12½c; do., fair to good, 11½c to 12½c; do., poor, 10c to 11c; do., large, colored and white, fancy, 13¼c; do., fine, 12¼c to 12¾c; do., late made, colored and white, choice, 12¼c; do., fair to good, 10¼c to 11c; do., poor, 9½c to 10¼c; skims, full to light, 4c to 10¼c.

Eggs—Steady; receipts, 1706; state, Pennsylvania and nearby, fancy, selected, white, 30c; do., choice, 37c to 38c; do., mixed, extra, 36c to 37c; western fresh, 33c; do., seconds, 33c to 34c; southern, 29c to 35c; refrigerators, 27c to 30c.

CATTLE MARKETS.

Cables Unchanged—Hogs 10c. to 15c. Lower at Buffalo.

London, Feb. 20.—Live cattle are quoted at 10c to 11¼c per lb.; refrigerator beef, 8½c to 8¾c per lb.; sheep, 12c to 13c per lb.

TORONTO JUNCTION LIVE STOCK.

Receipts of live stock at the Union Stock Yards were light, owing to snow blockade on the different branches of the railways. The total receipts were 24 carloads, composed of 413 cattle, 24 sheep, 218 hogs and 9 calves.

Prices ranged from $4.40 to $4.85, with one load at $4.90 per cwt.; the bulk sold at $4.50 to $4.75; export bulls sold at $3 to $3.75 per cwt.

Not many real choice butchers' cattle were on sale; in fact, there was not one straight load of choice butchers' heifers offered, nearly all being mixed loads. Picked lots of the best offered sold at $4.25 to $4.40, and two very choice heifers were reported as selling at $4.50; fair to good mixed loads sold at $3.75 to $4.15; common at $3.25 to $3.50; rough and inferior at $2.30 to $3.

One lot of choice lambs, 23 in number, 100 lbs. each, sold at $6.75 per cwt.

H. P. Kennedy reported the hog market as being a little firmer than at the close of last week. Selects sold at $5.40 to $5.50, and lights and fats at $5.25 per cwt.

MONTREAL LIVE STOCK.

Montreal, Feb. 20.—Cable advices to-day from Liverpool and London came weak and noted a decline in prices for cattle of ¼c to 1c per lb., owing to continued heavy supplies and a limited demand. The receipts in this market were 500 cattle, 50 sheep and lambs, 100 calves and 200 hogs. The feature of the trade was the continued strength in the market for hogs, and prices advanced 75c per hundred lbs., owing to the scarcity and the good demand for the same from packers. Sales of selected lots were made at $6.40 per 100 lbs., fed and watered, which is equivalent to $6.75 weighed off cars. In cattle, the feeling was firmer owing to the smaller run. The demand was fair and a better trade was done, the market being well cleaned up. Choice sold at 4½c to 5c; good, 4c to 4¼c; fair, 3½c to 3¾c; common, 2½c to 3c, and inferior, 1½c to 2¼c. Sheep and lambs quiet but firm. Sheep sold at 3½c to 4c; lambs, 4½c to 5¼c; calves brought $2 to $5 each.

EAST BUFFALO CATTLE MARKET.

East Buffalo, Feb. 20.—Cattle—Receipts, 3000 head; butcher grades active, 10c to 15c higher; heavy and heavy dull, 10c lower; prime steers, $5.50 to $5.75; shipping, $4.75 to $5.35; butchers', $4.50 to $5.25; heifers, $3.25 to $4.85; cows, $2.50 to $4.35; bulls, $2.75 to $4.25; stockers and feeders, $2.50 to $4.35; stock heifers, $2 to $2.75; fresh cows and springers $2 to $8 higher; good to choice, $52 to $60; medium to good, $33 to $50; common, $25 to $32.

Veals—Receipts, 200 head; active; 25c higher, $4.50 to $9.75; a few, $10.

Hogs—Receipts, 12,000 head; active; 10c to 15c lower; heavy and mixed, $5.40 to $5.45; yorkers, $5.30 to $5.45; pigs, $5.10 to $5.15; roughs, $4.50 to $4.75; stags, $3 to $3.75.

Sheep and Lambs—Receipts, 7000 head; active and higher; native lambs, $6.50 to $6.40; western lambs, $8.75 to $9; yearlings, $7.75 to $8; wethers, $6.75 to $7; ewes, $5.25 to $6.50; sheep, mixed, $2.50 to $6.50.

NEW YORK LIVE STOCK.

New York, Feb. 20.—Beeves—Receipts, 4783; steers lower, bulls and cows firm to 10c higher; native steers, $4.50 to $5.90; bulls, $3 to $4.50; cows, $1.70 to $4. Exports to-morrow, 850 cattle, 1250 sheep and 5700 quarters of beef.

Calves—Receipts, 558; higher; veals, $5 to $10; barnyard calves, $3 to $3.25; no westerns; dressed calves firmer; city dressed veals, 8c to 14c; country dressed, 6c to 11c.

Sheep and Lambs—Receipts, 4590; very strong; sheep, $4.25 to $6.25; culls, $4; yearlings, $7. Lambs, $8.50 to $9.40; culls, $6.75 to $7.

Hogs—Receipts, 11,832; market steady; state and Pennsylvania hogs, $5.30 to $5.75.

Three Children Burnt.

Akron, Ohio, Feb. 20.—Three children of Mrs. Amos Heffelinger, Irene, aged 3 years; Howard, aged 2, and George, three months old, were burned to death on Saturday. Amos, another child, 5 years old, was rescued by George Chapman, a larger boy.

The mother had left the children but 10 minutes before to warn another neighbor that her son was skating in a dangerous part of the canal. It is supposed the Heffelinger children pulled burning coals out of a stove and set the house on fire.

BLOOD DISEASES CURED.

If you ever contracted any Blood or Private Disease, you are never safe until the virus or poison has been eradicated from the system. Don't be satisfied with a "patch up" by some family doctor. Our New Method is Guaranteed to Cure or No Pay. No Names Used without Written consent.

Cured When all Else Failed

"Could I live my early life over, this testimonial would not be necessary, though I was no more sinful than thousands of other young men. Early indiscretions, later excesses, exposure to contagious diseases all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. Hot Springs helped me, but did not cure me. The symptoms always returned. Mercury and Potash drove the poison into my system instead of driving it out. I bless the day your New Method Treatment was recommended to me. I investigated who you were first, and finding you had over 25 years' experience and responsible financially, I gave you my case under a guarantee. You cured me permanently, and in six years there has not been a sore, pain, ulcer or any other symptom of the blood disease."

HAPPY THOUGHTS DEFEAT BEDELIAS

Took Their Measure Last Night to the Tune of 7-0—Champions Still Unvanquished.

Barrie's Bedelias went down to their sporting graves with uncermonious haste in the Brock street rink last night between 6 and 7, their conquering enemy bearing the name of "Best's Happy Thoughts". The latter's fame had gone before them, but the Seal Jacket Boys thought they could outdo their opponents by patient and ambitious practices and after a hard week of training during which not a cigarette was inhaled by the decendants of The Hudson Bay Company, they decked themselves in emerald attire and proceeded in gay array to their Waterloo, promptly on the stroke of six. Napoleon himself could not have been more discouraged as he saw his comrades falling and his glory waning than did Manager Seymour, when he gazed with agonizing pathos on his sporting associates as they exhausted before the whistling, whizzing shots of The Happy Thoughts.

For the winners Revoy's work in goal was a feature; he stopped everything that came his way, and gave orders for those that didn't.

The defence was a stone wall. Best's heavy checking and Wood's lifting being superb. Their forwards were streaks of excitement and taking everything into careless consideration. The Happy Thoughts have the fastest and most evenly balanced aggregation in the business league.—Com.

ARMATURE WINDERS WON FAST GAME

Defeated the Coil Winders by 6—5 Saturday.

Probably the most exciting game of the season took place Saturday afternoon on All Saints' rink, between teams from the C.G.E. representing the Coil Winders and Armature Winders. These two teams have been brought together through the able management of Mr. J. G. M. Wilson, who was present at the game and showed the great interest he took in the matter. In the first half the Coil Winders put it all over the Armature Winders and had the score 4-3 in their favour, but in the second half they showed lack of condition and were completely outclassed, the Armatures scoring four to their opponents' one, thus winning by one goal.

The game was for an oyster supper and came as a surprise to many. It is to be hoped that the Amateur Winders' team will continue to stay in the game and they will mas things hot for a few of the City League teams before the season is over.

WILL MR. RICKERBY TAKE THE DARE?

Karnot Team Offers to Cover His Twenty-five.

Sporting Editor Examiner:

Dear Sir,—In Saturday's Examiner Mr. Geo. T. Rickerby states that he will wager twenty-five dollars that the T.A.S. will dispose of the Karnots on Thursday night in the same fashion as they (the T.A.S.) did the Colonials, although the Karnot Hockey Club's members are not responsible for the mean attack on the Colonials and Earl Greys. Mr. Rickerby's money will be covered with a like amount, if he will leave word at the Examiner office as to where and when he can be seen.

Thanking you, Mr. Editor, for your valuable space, I am

Yours in true sport,
A Member of the Karnots.

AN IMPARTIAL WITNESS' VIEWS

Cobourg Sentinel-Star Tells of the Attack on McGrath by Cole.

The Cobourg Sentinel-Star gives the following account of the attack upon one of the T.A.S. players in that town on the occasion of the T. A. S.-Campbellford game:—

On Friday night just at the close of the hockey game between T.A.S., of Peterborough and Campbellford, a circumstance occurred, which, we trust, will never be repeated on Cobourg ice. There was a dispute at the west goal as to the time remaining for play, one or two minutes, which was settled, and play resumed, but no sooner was this accomplished when a mix-up took place among the players. D. Cole, of Campbellford, who was acting as goal umpire, seeing that his friends were in trouble, rushed from his position to about half way down the ice and deliberately slashed one of the Peterborough players, McGrath, over the back of the head, making a cut from three to five inches long. This brought on a general row, Chief Ruse, who was at the East end, rushed up and took hold of Cole, found out his name and residence, then helped to separate the combatants, and soon order was restored, but there was great excitement and a good deal of anger shown. Cole was arrested shortly afterwards, and asked for summary trial. He was brought before Squire Barnum on Saturday morning and fined $10 and $3 costs. The injured man was taken to the British Hotel, where Dr. Ferris stitched up the wound, and he was taken to his home in Peterborough Saturday morning.

This was a most brutal and uncalled-for attack, as the man attacking was not in the game, but only an umpire and should have remained in his place. This mkes the attack the more brutal and uncalled for, as had he been one of the players he might in the heat of excitement used his stick. But that kind of hockey is not hockey, it is not sport, and if it should continue, the ladies and gentlemen of Cobourg will not patronize a game which is a rehash of scenes in the days of barbarism. We are pleased that no Cobourg boys took part in it.

GOLF.

It is estimated there are 300,000 golf players in the United States. The Attorney-General is to be petitioned to proceed against the golf ball trust. Players believe the price of golf balls is too high, all because there is a combination of manufacturers who keep up prices. The players figure that "topping" balls at fifty cents a clip with cleek or mid iron is too expensive, and that when the number of balls lost by slicing or putting is considered the game is extravagant.

BASEBALL.

A meeting to consider the organization of a baseball team will be held on Friday night, at the Oriental Hotel, and all who are interested in the formation of a team for the season of 1905 are invited to be present.

• • • •

Guy W. Green, of Lincoln, Nebraska, manager of the Nebraska Indian Baseball team, wants to bring his team to Peterborough this season, and says:—

During the season of 1904 we played 175 games through eight different states. We won 49 games; lost 25 games, tied one game. We shut out our opponents 48 times and they shut us out three times. My 1904 team was very fast and most of the company we played against was not at all slow, as we met the very best amateur, semi-professional and minor league teams in the country. My 1905 team will be just as good as the 1904 organization—perhaps better.

The prospects for this year promises to be a hummer "Tee-high"—all over the "pot-lid". Peterborough curlers are curlers "all the way". They play for the pure love of the sport, largely careless whether they win or lose, so long as they give their guests a good time. The hospitality of the Peterborough curlers is marked, whether the buffet-ing is on the ice or elsewhere. Their high reputation in this regard is known throughout all the district and has no doubt had its effect in bringing together the big field at the present bonspiel. The presence of 150 enthusiastic curlers is an event to mark with a white stone in the curling history of Peterborough and the Midland District.

Chairman J. S. Knapman, of the bonspiel committee is in a state of asphyxiation—too busy to breathe almost. Things must go right whether he gets a chance to eat or not.

The preliminary draw in the single rink competition took place at one o'clock the rinks skipped by the following gentlemen being chosen to play in the opening games at two o'clock.

No. 1.—McCamus, Keene; C. N. Brown, Peterborough.

No. 2.—W. Harrison, Beaverton; McFadden, Lindsay.

No. 3.—Finlay, Norwood; Burton, Port Hope.

No. 4.—Strickland, Lakefield; Cummings, Norwood.

No. 5.—Read, Bobcaygeon; Edwards, Peterborough.

No. 6.—Sykes, Oshawa; Peacock, Port Hope.

The draw for the five o'clock games resulted as follows:—

No. 1.—Hamilton, Peterborough; Frost, Peterborough.

No. 2.—Walters, Lindsay; Cameron, Peterborough.

No. 3.—Hamilton, Uxbridge; Rutherford, Peterborough.

No. 4.—Morrow, Peterborough; Ray, Peterborough.

No. 5.—VanNorman, Bobcaygeon; Henning, Port Hope.

No. 6.—Davis, Bobcaygeon; Galloway, Beaverton.

The rinks meeting at eight o'clock tonight will be:—

No. 1.—Patterson, Scarboro; Roach, Beaverton.

No. 2.—Kennealy, Keene; Ridpath, Lakefield.

No. 3.—Hall, Peterborough; McSweyn, Lindsay.

No. 4.—Neill, Peterborough; Ferguson, Peterborough.

No. 5.—Matthews, Peterborough; Campbell, Keene.

No. 6.—Sharp, Uxbridge; Carswell, Oshawa.

MR. GREENE IN MUSIC BUSINESS

Leader of Salvation Army Band wil Open Store Shortly.

Mr. J. M. Greene, who for some time has been connected with the Salvation Army Band in the capacity of leader has decided to embark in the profession of music for a business. It will be remembered that some time ago, he withdrew from partnership with his brother in the grocery and butcher business on Charlotte street prior to his departure for London, England, where he took part in the Jubilee demonstrations, when he was a member of the Canadian Staff Band which visited England at that time.

About March 15th Mr. Greene purposes opening up a music store on Water street in the building north of Mr. Francis Mason's Greenhouses.

He intends to sell all kinds of musical instruments and kindred lines and will also teach violin, brass instruments and mandolin in which subjects he has a number of pupils at the present time.

SHOE STORE HAS BEEN IMPROVED

One of the Results of the Fire in the Douglas' Shoe Store.

As a result of the fire which occurred in the Douglas Shoe Store, George street, a few weeks ago, the interior of the premises has undergone an improved appearance. The walls have been treated to a pleasing shade of green ingrain paper with a combination frieze design to harmonize. A new crepe ceiling effect blends prettily with the wall decorations and the freshly painted white and chocolate coloured wood work. Mr. Douglas has introduced the latest designs of shoe fixtures for window decorating. They are a new adjustable patent, made in oxydized finish and are convenient helps to an effective window trimmer.

STREET WALKS AND SNOW PLOUGHING

To the Editor of the Examiner:

Sir,—Permit me space to suggest that the sidewalk snowplough drivers be each supplied with a good toboggan for use at the present time instead of the so-called snowploughs. I am serious,—first it would be very much easier on the horse, hence a kindness to the dumb animals; second, it would be much more comfortable for the driver, seeing that he could ride without so much danger of being thrown off; and third, the toboggan would leave some sort of passable track behind it and not as the plough now does, leave huge chunks of ice in the middle of the path, over which we are obliged to stumble.

I have noticed, sir, that for years you and your correspondents have been hammering away at this iniquitous snowplough system, but without apparent effect, except that it is gradually becoming worse.

In the old days of Ashburnham, that little village could show the town how to clear walks, but now—alas, we are part of the town and our walks are as badly kept as yours—doubtless an apparent advantage of town life. I consider the snowploughing system by contract a pure waste of our taxes. Can you imagine a greater gamble than for a man to figure on doing the work which depends on the most fickle and uncertain element in the universe—the weather?

Now, Mr. Editor, we are all aware that there is not a passable sidewalk in this town that has not been cleaned by hand, not one. The snowplough leaves a narrow, meandering, treacherous, Indian-file streak, that is a disgrace to everyone responsible for it.

If the walks are to be cleaned with public money let it be done by the civic officers in charge of walks, then we shall pay what it costs and no more. But why not let every person clean his own as they do in all the cities.

No one can deny the fact that the street railway is a great benefit to us. A score of times this winter the space between the rails is the only path in town. And we have this consolation, if we cannot afford to ride in the cars, we can walk on the track.

But we don't all live beside the track.

THE RETAILER'S PASS RESOLUTION

Asking for Abolition of Trading Stamp System

To Co-operate With the Federation o Retail Dealers.

Last night a meeting of the Peterborough Retail Merchants' Association, was held in the Y.M.C.A. Hall, with the president, Mr. Robert Fair, in the chair. The object of the meeting, as announced in the Examiner, was to consider a request from the Montreal Federation of Retail Dealers for support in the action which the latter is taking to induce the Dominion Government to enact legislation abolishing the Trading Stamp system.

Considerable correspondence has been carried on between the Federation and the officers of the local association, in which the former pointed out that the Trading Stamp system has done the retail business men great harm in the past, and that all merchants' associations have passed resolutions asking for the abolition of the system. The Parliaments of both Quebec and Ontario have passed laws authorizing municipalities to enact bylaws to prevent their distribution. Laws were passed with this end in view by the cities of Montreal and Quebec, in the province of Quebec, and many cities in Ontario. In some cases the validity has been tested, and even the law enacted in the province of Quebec. Many years may be allowed to pass before a judgment is rendered, and in the meantime the retail trade must suffer and be still further exploited by these stamp companies.

In view of this fact it has been decided to bring the question of these Trading Stamps before the Federal Parliament at Ottawa, and ask that a law be passed by it, declaring illegal the issuing, distribution and sale of these so-called "Trading Stamps."

These facts being set forth in the circulars issued by the Montreal Federation, the local association decided to call a meeting to consider the matter and render what moral support they could to the movement which had been started.

The system has been abolished here but it was felt that some action of a co-operative nature should be taken.

At the meeting held last night the following resolution was passed unanimously:

"Resolved, — That having heard the request of the Montreal Federation of Retail Dealers, regarding the Trading Stamp system, the members of the Peterborough Association desire to express their appreciation of the efforts that are being made to secure such federal legislation as will stamp out effectively such unfair competition in business; and with the view of cooperating with the movement for securing legislation to this end the president and executive officers of the association be hereby authorized to sign the petitions asking for such legislative enactment, and forward same to the proper authorities at Montreal"

The petition referred to is as follows:

"We, the undersigned retail merchants, respectfully petition you, in view of the evils without number, caused to the retail trade of the petitioners by the distribution of Trading Stamps, known also as cash receipts,

"To amend the criminal code in such a manner as to declare illegal the issuing, the sale and the distribution of said trading stamps, or cash receipts, and your petitioners will ever pray."

—To-night the 57th Band will be at the Brock street rink. The skating is first-class.

MR. J. CALDER'S SUDDEN DEATH

Prominent Norwood man died Suddenly on Monday

Other News from that Town—Presbyterians Hear a Noted Divine—Many Visitors.

(From Our Own Correspondent.)

Norwood, Feb. 20.—Miss Isaac, of Peterborough, was the guest of Mrs. B. W. Squire last week.

Miss E. Archer, of Petrolea, is visiting her sister, Miss May Archer, B.A., of the High School staff.

Anniversary services in connection with the Presbyterian church here were held last Sunday, the 19th, when the Rev. A. B. Winchester, of Knox church, Toronto, one of the ablest ministers in the Presbyterian church, in this country, preached. At the evening service the subject of his discourse was "His Experience as a Missionary in China." A free will offering was taken up at both morning and evening service towards the defraying the expenses of installing the new furnace in the manse.

Rev. Geo. McLennan, Presbyterian minister, here, occupied Knox church, Toronto, pulpit on Sunday.

The Methodist Sunday School is preparing to give their annual entertainment on Friday evening. An attractive programme is in course of preparation, consisting of drills, recitations, etc. The entire programme is to be given by the scholars of the school.

Mr. J. W. Pearce, M. P.P., and the Misses Pearce, Marmora, were the guests of the home of Mr. J. B. Pearce, Queen street, last week.

Miss Kate Sperry was the guest of her sister, Mrs. Hugh Bertram, of Peterborough, last week.

Mr. John Potts of Lindsay, is staying with friends in town.

Mr. C. A. Stewart of the firm of Short & Stewart, barristers, Calgary, was the guest of his father-in-law, Mr. W. E. Roxburgh, on Friday, on his way from Ottawa, where he was one of a large delegation from Calgary, who were interviewing the Dominion Government regarding provincial autonomy, to secure Calgary as the capital for Alberta Province.

Mr. E. H. Dewart and wife of Stockton, Man., are staying with the former's uncle, Mr. George Elliott, Queen street.

Miss Bertha Parnell of Peterborough, was the guest of Mrs. D. A. Fraser last week.

Mrs. C. E. Squire is staying with friends in Toronto.

Mr. John Calder died very suddenly at his residence, Victoria street, on Monday morning, at 7 o'clock. On Saturday night the deceased was apparently quite well as he was up town during the evening. He took sick suddenly about ten o'clock, and a doctor was called, but he gradually grew worse until his death. The funeral will take place from his late residence on Wednesday afternoon to the Norwood cemetery.

RETIREMENT OF MISS DELANEY

Will Seek a Period of Well-Earned Rest —Her Successor.

To many of the ladies of Peterborough, news of the retirement from business of Miss A. Delaney will be received with considerable regret. After a close and careful attention to business for over eight years she feels the necessity of a period of rest, which her friends will justify her in seeking. Miss Delaney's millinery was noted for its artistic merits and exclusiveness — merits which secured for her the constant approval of a large number of admiring patrons, and which has continued to make her business a financial success. It is with pleasure that Miss Delaney expresses her thanks to the ladies for the large share of their patronage which she has been favoured, and to know that her efforts have been so well appreciated during the past years.

Miss Delaney has been successful in disposing of her business to two expert millinera, who are leaving lucrative positions as head trimmers to enter business for themselves in Peterborough. On the first of March the new firm, composed of Miss Allen, from Toronto, and Miss Feliou, from Montreal, will take over Miss Delaney's business, and continue to carry it on in the same well known premises. Preparations are now being made for entering upon the spring trade with full confidence in their ability to please the ladies of Peterborough.

PRETTY WEDDING IN OTONABEE

Miss Janet E. Gillespie Married to Mr. J. Francis Elmhurst.

A quiet wedding was solemnized on February 15th, at the home of Mrs. Peter Gillespie, Villiers, when her daughter, Janet E., was made the bride of Francis R. Elmhurst. The ceremony was performed by Rev. D. D. McDonald, Keene.

The bride was very prettily gowned in brown silk, with white chiffon and sequin trimmings; she carried a bouquet of white carnations.

The bride was assisted by Miss Bessie Vivian, who was dressed in brown voile with sequin trimmings, and carried pink carnations. Mr. J. Elmhurst, Keene, acted as best man. Miss Maggie Comstock played the wedding march. After an excellent wedding dejeuner the young couple left for their home in Otonabee, followed by the hearty good wishes of their many friends.

WEST WANTS TRENT CANAL

York County Men Interesting Themselves in the Project.

Want Extensions of the Canal to Newmarket, Aurora and Schomberg.

(Toronto News Special)

Ottawa, Feb. 21. — A large deputation from the county of York is in town to request an extension of the Trent Canal so as to benefit the northern portion of that county. The deputation represented the Trent Valley Canal Extension Association and was composed of Mayor Cane, Newmarket, president of the Association, Mayor F. T. Daville, Aurora, vice-president; T. H. Brunton, Newmarket, secretary; Hon. E. J. Davis, T. Herbert Lennox, M.P.P., J. F. Wildman, Ezra Lundy, W. L. Rogers, J. E. Hughes, Robert Schmidt, L. Cane, Charles Webster, T. H. Lloyd, T. Somerville, H. W. Evans, and C. G. Ross, Newmarket; ex-Mayor Fleury, D. A. Radcliff, L. A. Wilson, W. G. Baldwin, W. J. Knowles, W. J. Bassett, N. C. Towns, of Aurora, and M. McCartill, Sutton West.

The project which they advocate is the extension of a canal from Lake Simcoe, about nine miles to Aurora, by way of Holland Landing, Newmarket and Aurora, so as to enable the product of these towns to enter the Trent Valley Canal at Reaverton, and get an outlet by water transport. Other projects which are suggested are to extend a canal from Lake Simcoe to Schomberg, and to connect Sutton by a canal to the lake.

The interview with the Government will take place to-day.

HIGHLY CREDITABLE PERFORMANCE

"Under Two Flags" at the Opera House Last Night.

The performances at the Big Bijou Company at the opera house during this week, are thoroughly deserving of the heavy patronage with which they are being favoured, and it would be an over-expectant audience which could be dissatisfied after listening to their popular priced attractions. Their music is good to hear, their costumes attractive, and their plots are simple and plainly revealed. Each performer seems to know his part, and is satisfied with his own role. Marjie Adams starred in the French Heroine, and did herself justice as a true and noble spirit of valour, willing to die for Christian love and honour. H. Wilmot Young starred as a soldier of misfortune and played his part well, and by adding manly courage to valiant sense of duty built up an admirable character, which was the admiration of his hearers. Altogether their strength of portrayal and material effects, lift them well above the average popular priced company and they are well worthy of general patronage.

To-night the company present "Kathleen Mavoureen," with Marjie Adams again starring, and a first-class Irish performance will be seen.

MEDICAL EXAMINER

Of the United States Treasury Recommends Pe-ru-na.

Other Prominent Physicians Use and Endorse Pe-ru-na.

DR. LLEWELLYN Jordan, Medical Examiner of the U. S. Treasury Department, graduate of Columbia College, and who served three years at West Point, has the following to say of Peruna:

"Allow me to express my gratitude to you for the benefit derived from your wonderful remedy. One short month has brought forth a vast change and I now consider myself a well man after months of suffering. Fellow sufferers, Peruna will cure you."

A constantly increasing number of physicians prescribe Peruna in their practice. It has proven its merits so thoroughly that even the doctors have overcome their prejudice against so-called patent medicines and recommend it to their patients.

Peruna occupies a unique position in medical science. It is the only internal systemic catarrh remedy known to the medical profession to-day. Catarrh, as everyone will admit, is the cause of one-half the disease which afflicts mankind. Catarrh and catarrhal diseases afflict one-half of the people of United States.

Dr. Llewellyn Jordan, Medical Examiner United States Treasury.

Robert R. Roberts, M. D., Washington, D. C., writes:

"Through my own experience as well as that of many of my friends and acquaintances who have been cured or relieved of catarrh by the use of Hartman's Peruna, I can confidently recommend it to those suffering from such disorders, and have no hesitation in prescribing it to my patients."—Robert R. Roberts.

Dr. R. Robbins, Muskogee, I. T., writes:

"Peruna is the best medicine I know of for coughs and to strengthen a weak stomach and to give appetite. Besides prescribing it for catarrh, I have ordered it for weak and debilitated people, and have not had a patient but said it helped him. It is an excellent medicine and it fits so many cases.

"I have a large practice, and have a chance to prescribe your Peruna. I hope you may live long to do good to the sick and the suffering."

Dr. M. C. Gee, writes from 513 Jones St., San Francisco, Cal.:

"Peruna has performed so many wonderful cures in San Francisco that I am convinced that it is a valuable remedy. I have frequently advised its use for women, as I find it insures regular and painless menstruation, cures leucorrhea and ovarian troubles, and builds up the entire system. I also consider it one of the finest catarrh remedies I know of."—M. C. Gee, M. D.

Catarrh is a systemic disease curable only by systemic treatment. A remedy that cures catarrh must aim directly at the depressed nerve centers. This is what Peruna does.

Peruna immediately invigorates the nerve-centers which give vitality to the mucous membranes. Then catarrh disappears. Then catarrh is permanently cured.

If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

THE CONFEDERATION LIFE.

The statement submitted at the annual meeting of the Confederation Life Association, held at the head office of the company on Tuesday, the 14th inst., was a most gratifying one, showing as it does, the increased confidence of the public in this old-established company. The amount of new business written is the largest in the history of the company, and there have been splendid gains in every department. The remarkably clear and definite statement of the company's business for the past year will be found on another page, and bears testimony to the sound and economical management which has resulted in the high position which the company holds in the estimation of the public. The directorate must have exercised great care in the selection of risks and the investment of the funds, as the interest income for the year not only paid all death claims among the insured, but left the large balance of $90,871. Taking the entire history of the company, the interest for the whole period exceeded the death claims paid by the sum of $732,387.

The cash surplus of the Company is now $860,633.96, while the total surplus security for policy holders is $1,860,633.96. The total insurance now in force is $39,347,847.00, which is a gain over 1903 of $2,660,464.00. During the year $360,190.25 was paid in death claims.

Mr. H. Rush is the cashier of the company resident in Peterborough, while Mr. H. P. Lindsay is the general district agent.

Keene Gun Club Will Send Deputation to Toronto

Opposed to Granting Hunting Concessions—Other Keene News.

(From Our Own Correspondent)

Keene, Feb. 22.—Mr. and Mrs. Ed. Crook, who were visiting friends here, returned to Toronto on Monday.

Mr. Wm. Weir spent last week with friends at Apsley.

Miss A. Hope returned on Saturday from a visit with Toronto friends.

Mr. Will Read who was in Bobcaygeon during the past week, returned on Saturday.

Mr. and Miss Curtis, and Miss Mortimer, of Mount Pleasant, were the guests of Mrs. Mark Plunkett last week.

Miss Nellie Renwick visited Peterborough friends during the past past week.

Mr. A. Bettise and sister, of Lakefield, spent last week at the home of Mr. W. Newton.

Mr. L. McCallum, of Birdsall, was in Keene on Monday.

Mr. Theodore McWilliams, of Peterborough, visited Dr. and Mrs. McWilliams during the past week.

Mr. Robt. Campbell received word on Tuesday of the death of Mr. Alex. Purser, which occurred at his home in Cobourg, at 4 o'clock on Monday morning, after a short illness. The late Mr. Purser was well known here, having spent part of each summer at his island on Rice Lake for some years. Interment took place at Cobourg on Wednesday.

The carnival advertised for Friday evening last, did not take place on account of the bad roads. It will be held on Friday, Dec. 24th.

On Friday morning as Mr. R. J. McManus was driving Dr. Shaw and Mr. T. McWilliams from the station, his horse took fright and ran away. The occupants of the cutter were thrown out, and the horse continued to Keene, leaving the gentlemen to walk. They received no injury, while the horse and cutter were none the worse.

Tenders are being asked for by the management of the Presbyterian church, for the erection of additional sheds.

On Saturday evening Mr. and Mrs. Skinner gave a very pleasant party to their young friends. It was given as a farewell party to Mr. Wm. Laing, who is severing his connection with the firm of Anderson & Skinner, and leaves for his home in Toronto in about a week. The evening was pleasantly spent by the young people in games, music, etc.

It is understood that a large delegation, representing residents of Keene and the vicinity of Rice Lake, will wait on the Minister of Crown Lands in the near future, to urge him not to grant the concession, which was given by the late Government, with regard to shooting and fishing rights on the lake.

Three rinks of local curlers went to Peterborough on Tuesday and played a friendly game with rinks representing that town.

At the Presbyterian manse on Wednesday, Mr. David Brackenridge and Miss Jane Leach, of Westwood, were united in the holy bonds of matrimony, by the Rev. D. D. McDonald.

A pretty wedding took place at the home of Mrs. P. Gillespie, Villiers, when her daughter, Janet Elizabeth, was united in the holy bonds of marriage, to Mr. Frank Elmhirst. The ceremony was performed by Rev. D. D. McDonald, in the presence of sixty guests. The bride was dressed in a handsome gown of brown silk with chiffon trimmings. The bridesmaid, Miss Bessie Vivian, wore a becoming dress of fawn ladies' cloth. The bride was the recipient of many useful and beautiful presents. After a sumptuous wedding dinner was partaken of, the evening was spent in games and amusements. Mr. and Mrs. Elmhirst have taken up their residence on the farm a short distance from Keene, where all will wish them long life and much happiness.

PECULIARITIES OF THE DIRECTORY

The New Edition Reveals Some Interesting Facts.

The Hall Family is the Most Numerous Some Other Remarkable Discoveries

The Peterborough directory of 1905 has made its appearance, and contains some very valuable, as well as amusing information. Few people will look on a directory as a statistical authority, and fewer, perhaps, will view it as a comical compendium. But a careful study of it will reveal both facts and funny-isms.

TRIUMVIRATE OF NAMES.

The volume contains the names of 54 Halls, who head the list, and 52 Smiths, not including two Smyths. There are 43 Browns, of whom 13 are John Browns. The Johnsons come next with 32. Jones as a name seems to be declining, there being but 16 this year. The Taylors make a very good showing with a total of 23, while among the other leaders are: Thompsons, with 45; Williams, 21; Clarks, 26; Adams, 6; Scotts, 25; Butlers, 7; Robertsons, 20, and so on down the list.

So far as Peterborough family names are concerned, the leading triumvirate seems to be Hall, Smith, Thompson, Brown and Johnson, of which there are nearly 300 representatives.

The ancient theory as to the origin of surnames furnishes three sources of nomenclature, one derived from a man's occupation, another from his personal appearance, and a third from some quality which he was supposed to possess. All this was very easy to comprehend in the Indian days, when Rain-in-the-Face, Starlight and Stick-in-the-Mud got their appellations, but in these days of censuses, directories and divisions of labour the philosophy of names is not so apparent.

WHAT'S IN A NAME?

Divided as to the occupations represented by the spelling of the names, the directory of 1905 in this city furnishes the following classification: One Barber, 13 Bakers, 29 Millers, 1 Shoemaker, 23 Taylors, 3 Potters, 7 Coopers, 13 Carters, 26 Clarks (or clerks,) 1 Dyer, 4 Fishers, 6 Gardiners, 7 Butlers, and 12 Butchers.

As an instance of how illogical the civilized human race has become through the division of labour, it may be said that none of the Bakers bake, none of the Fishers fish, and all of the Tailors follow a different occupation.

MEANINGS OF NAMES.

As to the colours, there are in this year's spectrum: 22 Greens, 21 Grays, 43 Browns, 30 Whites. This of course, does not include the new tint known as Greenless, and in addition there are also several other different Hughes.

The piscatorial domain is confined to 7 What-eys. The four seasons are rather poorly represented. There is no spring and no fall, no summer and no winter. From the standpoint of the compass there are no North, South or East, and only one West.

Peterborough has no Banks, and no Cash, not even a Dollar, nor a single Penny. A tinge of value, however, is given by the presence of one Fortune and 25 Nicholls.

Peterborough is shy as to drinks, we have neither Gins, Beers or Ales.

SOME PECULIAR CLASSES.

The attention of Chief Rosael is directed to the fact that there are no Crooks who claim Peterborough as their home.

The horticultural interests are well represented by the presence of Hay, Ivey and Rose.

Given names have a big class by themselves, including the Burts, Andrews, Williams, Thomases, Henrys, James, Phillips, Allans, Franks, Graces and Hannas.

The water commissioners will be lighted to learn that there are now in this vicinity 3 Lakes, 3 Fordes, 5 Pooles and 7 Brooks, not including the Westlakes.

As yet we cannot lay claim to having a mountain such as the one at Hamilton, but Ambitious City people will be green with envy to know that we pride ourselves on possessing 8 Hills. The Parks number 2. Most peculiarly there are no Streets, but this deficiency is eliminated by 6 Lanes.

The animal kingdom is represented by 2 Lyons, 36 Martins, several Pigeons, and 8 Foxes.

A most extraordinary state of affairs appears in the fact that there is only 1 Church and 1 Parson.

Patriots will learn with pride that Peterborough is large enough to contain 12 Hollands.

The sprightly maidens of the city will rejoice in the fact that we have 16 Kings and 4 Nobles. Small boys should also take notice that there are 3 Squires to deal out justice to offenders.

Lovers of music will be glad to know that the town possesses 12 Harpers but only 2 Singers, although it is noticeable that there are 5 Howells in chorus work.

A number of surrounding towns are apparently named after prominent Peterboroughians for instance Paterson, Preston, Nelson. Then there are other minor hamlets such as Jarvis, Burtch and Hamilton.

In the way of measurements we have 4 Footes and 3 Miles. By time calculation we have 1 Day and 1 Week.

CHOICE BILL OF FARE.

The directory by the way provides a very novel menu for a banquet. First of all there is only 1 Kitchen, and 10 Cooks, (who are likely to spoil the broth) but lots of Wood and Cole for the preparation of the edibles. The Meats consist of Ham, Lambe, Bullock and Hart. Those who prefer fish may have a Salmond. Then there would be Oats for Scotchmen, Berrys for those who desire them, Crawfords in the Peachy line and Hornings and Baldwins as species of the Apple.

SOME OTHER FEATURES.

Other classes of names not capable of classification; 26 are Long, 16 are Wright, and none Wrong. After all that has been said and done about abolishing the Ward system 4 Wards still remain. And why all this talk about license reduction, when there are no Bars. Only 10 citizens are Goodfellows, and none are bad. In the whole town there is only 1 Friend. The girls will be disappointed in learning that there are no Dears. There are Bowes but no Arrows. We have not Faith, Hope and Charity but we have Grace and Hope. The attention of the labour unions is called to the fact that there are several Manns but not a single Master. So good is the local street railway service becoming, that there are now but 12 Walkers in the town. Police will be interested in knowing that mention is made of "Rounds," although the directory officials have not caught on to the term "Beat." Likewise it seems incredible that a place of this size should have not a single House.

It Was Good.

Chloe, our maid of all work, had the true negro's fondness for "good eating," and, like so many of her race, she often used language more lofty than appropriate. One day Chloe's mistress made an extremely good pudding for dessert. Chloe took a generous taste of the pudding, smacked her lips and said, with evident satisfaction:

"My! Oh, ef dat jess don't taste melodious!"—Lippincott's Magazine.

It Hurt Her Pride.

"That Mrs. Puffy is horribly proud. Did you hear about the fire they had in their home last week?"

"No."

"Well, she was the maddest woman you ever saw because the chief of the fire department wouldn't turn in a general alarm and actually insisted upon having the blaze put out by an ordinary hand extinguisher."—Cleveland Plain Dealer.

A Study In Carbon.

"I suppose you know that a lump of coal is about the same thing as a diamond," said the student.

"Yes," answered the man who has just gone to housekeeping. "And the worst is that the coal trust is beginning to realize it, too, and charge accordingly."—Washington Star.

BEAUTY OF SKIN PURITY OF BLOOD

Ancient and Modern Ideas on These Interesting Subjects.

UP-TO-DATE METHODS

For Purifying and Beautifying the Skin, Scalp, Hair and Hands.

Socrates called beauty a short-lived tyranny, Plato a privilege of nature, Theocritus, a delightful prejudice, Theophrastus a silent cheat, Carneades a solitary kingdom, Homer a glorious gift of nature, Ovid a favor of the gods. Aristotle affirmed that beauty was better than all the letters of recommendation in the world, and yet none of these distinguished authorities has left us even a hint of how beauty is to be perpetuated, or the ravages of age and disease defied. Time soon blends the lily and the rose into the pallor of age, disease dots the fair face with cutaneous disfigurations and crimsons the Roman nose with unsightly flushes, moth, if not rust, corrupts the glory of eyes, teeth, and lips yet beautiful by defacing the complexion, and fills the sensitive soul with agony.

If such be the unhappy condition of one afflicted with slight skin blemishes, what must be the feelings of those in whom torturing humours have for years run riot, covering the skin with scales and sores and charging the blood with poisonous elements to become a part of the system until death?

It is in the treatment of torturing, disfiguring humours and affections of the skin, scalp and blood, with loss of hair, that the Cuticura remedies have achieved their greatest success. Original in composition, scientifically compounded, absolutely pure, unchangeable in any climate, always ready, and agreeable to the most delicate and sensitive, they present to young and old the most successful curatives of modern times.

POET OF THE HABITANT.

Ideal Phases of French-Canadian Peasant Life—Dr. Drummond Recently Delights a Toronto University Audience.

Dr. [illegible] of Montreal, the poet of the habitant, has what would be called in the theatrical world a fine stage presence, and the average student of human nature does not require to be told that he is an actor born, not made. His declamatory powers have a refreshing naturalness, and his almost every word is fitted with a gesticulation which conveys well nigh as much meaning as his eloquent articulation itself, the whole leaving no doubt in the minds of the audience exactly what he intends to convey. What the stage may have lost is of no account when the gain to the medical profession and the adornment of the world of literature are taken into consideration. His eyes can sparkle with humor or look sad with pathos with equal facility, whilst his writings have a literary charm and fascination which have made his name famous throughout a large proportion of the civilized world. What Charles Dickens was in his depiction of the life and character of his time, particularly in the humbler strata of the people, or what Bret Harte did in the delineation of the heathen Chinese, so to-day is Dr. Drummond, in his remarkable poetic portrayals of the life of the Habitant, which, to the uninitiated, may be explained as life among our neighbors, the French-Canadian peasantry, whose interesting characteristics it is not necessary to extol here.

A Fine Foundation.

The casual observer would not think for a moment, on either reading his poems or hearing his recitals, of paying Dr. Drummond the compliment of being an Irishman, but, as a matter of fact, it was on Erin's fair isle that he first opened his eyes and, literally speaking, they have been very much open ever since. If anything pleasantly betrays his nationality it is the keen Hibernian wit which is such a prominent factor, and sparkles so brilliantly in so many of his poetic works. Put then his Irish humor, his true sportive instinct—sports of the Habitant being largely dealt with by him—and his keen observance of the life and habits of our neighbors, and you have the foundation on which is based the works which can fairly be said, not only to have immortalized himself, but those with whom he has dealt.

Soaring the Devil.

Dr. Drummond opened his recent recital at Toronto University of a fine new poem which he humorously said would no doubt be interesting inasmuch as it showed how the devil was whacked by one of the Habitants, the means to the end being the smoking out of his Satanic majesty by the free use of Canadian tobacco. It is an exquisite legendary poem which bids fair to rank high in the Doctor's notable collection. What may be called "The pig sticking poem" throws some excellent side lights on French-Canadian peasant life. The champion pig sticker, who is adored for his prowess by the whole district, has a charming daughter Rosine, who has captivated the affections of quite a number of young men, and it becomes a difficult question as to who shall claim her. Eventually the point is to be decided if any of them can wrest the championship from the old man. With due regard for effect one of the young men succeeds and claims Rosine, but the old Habitant derives consolation from the fact that the championship still remains in the family. The story of the easy catching of "sweet barbette" is told in fine language, and with beauty of expression, and having in mind the powerful fecundity of French-Canadians Dr. Drummond's poem, which contrasts them with the American woman whose husband cannot find a seat in the train owing to her profusion, not of children, but of so-called society novels, was a source of great delight to the audience.

The Masterpiece.

The physical ailments of an old Habitant, who at one time was noted for his great strength, but is now jeered at by the boys, and who would not mind paying so much as two or three dollars to a doctor to regain his powers, are admirably depicted; and who can forget "May Be," or "Just take your chance and try your luck"? "Johnny Courteau," universally recognized as the Doctor's masterpiece, was given by special request. Johnny was once "one of the boys," but the way he tamed down after his marriage was a marvel to them. They had reckoned without his good, strong-willed wife, who so tamed him down that in due course he would almost dose off himself in his efforts to rock the baby to sleep. Dr. Drummond's imitation of Johnny's lullaby was a clever musical effort, and the piece generally aroused great enthusiasm. Another great hit was the visit of the Chambly girl to Montreal to hear Madame Albani, who is naturally something of a goddess to the Habitant. The great singer appears on the stage with a mere man to sing, of course, a duet, as item in the musical world which is unknown in peasant life. The Chambly girl is shocked when the man is so rude as to start singing firsts, but she is delighted when Madame Albani begins, soon catches him up, and finishes just as quick as he did! There is some pathos admirably blended in the poem, and the Doctor's rendition was one of the best of his many fine efforts. De Bell St. Michel was a grand closing item, and given with a dramatic effect largely reminiscent of Sir Henry Irving in The Bells. An old Habitant is in the United States, but the sound of the old bell haunts him, and finally he resolves to go and live and die within the reach of the original strains of his childhood days.

A QUESTION.

Little Lucy Locket,
She hasn't any pocket—
No place to carry anything at all.
While Lucy's brother Benny
He has so very many
In which to put his marbles, top or ball.
That when he's in a hurry
'Tis sometimes quite a worry
To find the one he wants among them all.

Now, why should Lucy Locket
Not have a little pocket—
A handy little pocket in her dress?
And why should brother Benny,
Who doesn't need so many,
Be favored with a dozen, more or less?
The reason, if you know it,
Be kind enough to show it,
For really 'tis a puzzle, I confess!

ST. VITUS DANCE

Nervous Trouble That Yields Readily to Dr. William's Pink Pills.

St. Vitus Dance is a common disease among children, but it often attacks both men and women of nervous temperament. Its symptoms are shaky hands, jerky arms, trembling legs, twitching muscles; sometimes the power of speech is affected. The only cure lies in plenty of blood because good blood is the life-blood of the nerves. Dr. Williams' Pink Pills never fail to cure St. Vitus Dance, because they make the rich, red blood that feeds the nerves and keeps them strong and steady. Mrs. Wm. Levellie, Welland, Ont., was seriously afflicted with St. Vitus' dance, and no treatment helped her until she began the use of Dr. Williams' Pink Pills. Mrs. Levellie says:—"At times the trouble was so severe that I could not take a drink of water unaided, and could not trust myself to raise a dish. There was a constant involuntary motion of the limbs, and at times I could neither eat, walk nor talk. I grew pale and emaciated, and my life was fairly a burden. Doctors' treatment, which I was taking almost continuously, did not do a particle of good and I had almost come to the conclusion that there was no cure for me. I was in what must be considered a desperate condition when I was advised to try Dr. Williams' Pink Pills. In the course of a few weeks after I had begun their use, there was a marked improvement in my condition, and by the time I had taken nine boxes every symptom of the trouble had disappeared, and I was as healthy and active as in girlhood."

It is because Dr. Williams' Pink Pills go right down to the root of the trouble in the blood that they cure such diseases as St. Vitus' dance, neuralgia, nervous prostration, anaemia, backaches and headaches, rheumatism, kidney trouble, indigestion, lung troubles and other diseases of the blood and nerves. But you must be careful to get the genuine pills with the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box. Sold by all medicine dealers or by mail at 50 cents a box, or six boxes for $2.50, by writing the Dr. Williams' Medicine Co., Brockville, Ont.

Great Relief.

As the pedestrian passed the deserted lot seven masked men sprang out and began to pummel him unmercifully.

"Help! Help!" shouted the pedestrian. "What are you trying to do to me?"

"Rob you!" retorted the leader of the wicked gang.

"Thank heaven! I thought you were going to give me a college initiation."—Chicago News.

An Improvement on Nature.

Nature gives us fruit to keep us healthy. But fruit can't bring back health after we lose it. It take something more effective than fresh fruit to cure Stomach, Liver and Kidney Diseases.

Fruit-a-tives
or Fruit Liver Tablets

are fruit juices in tablet form. We improve on nature by our secret process. By it, we so change the medicinal action of the fruit, that "Fruit-a-tives" are rendered effective enough to cure Constipation, Biliousness, Torpid Liver, Indigestion and Sick Kidneys.

If you want to be rid of these troubles, ask your druggist for a box of "Fruit-a-tives." They never fail. 50c. a box.

In Spite of the Song.

"Are you fond of music?" asked a stranger of the young man at the concert, who was applauding vigorously after a pretty girl had sung a song in a very painful way.

"Not particularly," replied the young man frankly, "but I am extremely fond of the musician."

McCollum Bros.

Formerly of Orillia, have pleasure in announcing to the citizens of Peterboro' that they have purchased the Livery Plant and business of Mr. R. H. Leary, 421 Water Street.

It is our intention to devote our personal supervision to this business, and to conduct it in the same painstaking manner which has made it the best equipped and best patronized livery in the province. We therefore solicit a continuance of the large trade which has been extended in the past to our predecessor.

CARD OF THANKS.

In connection with the above announcement of the McCollum Bros., I desire to take this occasion to thank the public of Peterborough most heartily for the generous patronage bestowed on me during the past eleven years.

I desire also to bespeak for my successors a continuance of that liberal patronage in the future, as I can conscientiously recommend them as practical and reliable livery men, and worthy of all the patronage that may be entrusted to them.

Colds

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

Chamberlain's Cough Remedy

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.

BACHELOR WANTS PRACTICAL ART

Offers Some Suggestions as to the Formation of Art Association.

To the Editor of the Examiner:

Dear Sir,—I saw in your paper yesterday the statement of a proposal to form an art league for the benefit of women. Now, I am not opposed, but highly favourable, to women becoming more perfect in art, but it depends upon the kind of art cultivated. If the new association will undertake to promote the art of good cooking and good housekeeping—if they will undertake to teach a boarding-house cook to cook a beefsteak so that the average bachelor can tell it from animal charcoal without a chemical analysis, or teach a housewife or house-maid to make a bed so that a tired dog would vote it comfortable, I will go without cigars and tobacco for a month and contribute the cash saved thereby, to the funds of the association.

Yours truly,

BACHELOR.

AUTOMONY BILL INTRODUCED

Great Speech by the Premier at Ottawa

Separate School Arrangement Must be Continued—Financial Provision.

Ottawa, Feb. 21. — Another great epoch in the history of Canada was marked to-day when the first official steps were taken for the enrollment of the new provinces of Alberta and Saskatchewan in the Canadian family. It was but another step in the granting of political responsibility, but it makes Canada a federation of nine instead of seven provinces, establishes provincial authority over great areas now populated and thriving, which a few years ago were the home of the buffalo, and gives scope for the ambitions of the masses of the people rushing into what was known a few years ago as a Great Lone Land.

The occasion was marked by a speech by Sir Wilfrid Laurier which was one of the greatest efforts of his lifetime. He addressed the Commons for nearly two hours and a half, and during the entire time he swayed a crowded house and overweighted galleries with the mastery of his expression and the magnetism of his voice and gesture. Moderation, optimism, and patriotic impulses marked his words from first to last, and though his voice was never loud, so intense was the interest that every word was distinctly followed. As he developed his subject from an historical review to the details of the bill the interest grew, and during his lengthy explanation of the educational features the chamber was tense with expectation.

Among the many notable persons who heard the speech were Premier Haultain and Hon. G. H. V. Bulyea, of the Territorial Government; Hon. Robert Rogers, Minister of Public Works for Manitoba, and Archbishop Duhamel, of the Diocese of Ottawa. Lady Laurier also sat in her accustomed seat in the Speakers' Gallery.

THE MEASURE IN BRIEF.

The speech of the Premier was a justification as well as a review of the bills he introduced. The details show that the two Provinces will extend north to the 60th parallel, which is the northern boundary of British Columbia, east to the Manitoba boundary and a projection thereof, and that the division of the two will be formed by the 110th meridian, which passes a short distance east of the present Alberta boundary. Roughly speaking, Alberta will comprise the present Territory of Alberta and half of Athabasca, and Saskatchewan will embrace Assiniboia, Saskatchewan and the remaining half of Athabasca. Large as these two Provinces will be, comprising 550,345 square miles, they leave a territory of about the same area still unorganized to the north. Edmonton will be the provincial capital of Alberta, and Regina of Saskatchewan. There are estimated to be at present about 250,000 souls in each province.

MANITOBA NOT ENLARGED WESTWARD

The request of Manitoba for the extension of boundaries westward is refused, but a conference will be called between Ontario, Quebec and Manitoba and the new Provinces this year to discuss the extension of the boundaries of the three former Provinces northward to Hudson's Bay.

Sir Wilfrid devoted more than an hour to an exposition and justification of the features of the bill relating to education. He commented on the fact that Separate Schools had been authorized by Mackenzie in 1875, and confirmed by custom and practice ever since. He argued that Parliament had no right to take away what had been granted to the Territories, and asked his hearers to suppose it were 1867 intead of 1905, and we were granting confederation to the Territories, would they say they would grant Separate Schools to Ontario and Quebec because they had them, and refuse them to the Provinces of Saskatchewan and Alberta, which had them also? Sir Wilfrid added that though Parliament in its supremacy need not necessarily grant Separate Schools, yet it was a covenant which they had no more right to disavow than they had the covenant with the C.P.R. for exemption from taxation.

WERE PRESENTED WITH SIDEBOARD

Mr. and Mrs. Humphrey Finlay were Honoured.

On Eve of Their Departure From Emily for Mount Pleasant.

Last Friday night a number of the friends of Mr. and Mrs. Humphrey Finlay gathered at their residence, Fowler's Corners, Emily, for the purpose of bidding them farewell on the eve of their departure from that neighbourhood for Mount Pleasant, where they will make their home in the future.

There were thirty couple present, and their coming took Mr. and Mrs. Finlay completely by surprise, but they were soon made welcome, and a highly enjoyable evening spent. At a suitable stage in the evening's programme the company was called together and the following address was read, accompanied by the presentation of a handsome quartered oak sideboard:

Fowler's Corners,
Emily, Feb. 18th, 1905.

Mr. and Mrs. Humphrey Finlay,
Emily,

Dear Friends,—We, your neighbors and friends have learned with the deepest regret of your intention of removing from our midst, and we have gathered here to-night to express that regret in a tangible form, and to spend another one of the many pleasant evenings with you.

During the time that you have been in our midst we have had many opportunities of learning your true worth, and it is in no conventional way that we express our regret that you have decided to remove from the community in which you have made so many warm friends, but we have this satisfaction, that what will be our loss will be the gain of the community in which you may make your future residence.

As a token of our esteem for you, and as an evidence of our regret at your departure we ask you to accept this sideboard, and we hope that it may serve to remind you of the period in your lives which you spent in Emily township, a period which we hope has not been altogether unpleasantly spent.

We hope that we shall still be privileged to meet you frequently, and if such should not be our lot, we shall hope that we will meet in that place not made with hands, eternal in the Heavens.

Signed on behalf of your friends,

JOHN BRADLEY,
ROBERT NURSE,
GEORGE DEYELL,
SIDNEY BAILEY.

Mr. Finlay, though surprised by the presentation, made a suitable reply, in which he thanked his friends for their kindness. He expressed his pleasure at the association which he had had with the people of the neighbourhood and regretted that circumstances made his removal from their midst desirable, but since it was to benefit his position he felt that his interests demanded it. Mrs. Finlay and himself would never forget the time they had spent amongst those who had gathered to their home that night.

Refreshments were served during the evening.

THE FUNERAL OF MRS. PATRICK BEGLEY

Took Place at 10 O'clock This Morning.

The funeral of the late Mary Ward, relict of the late Patrick Begley, took place at ten o'clock this morning from the residence of her son, Ald. Thos. Begley, Victoria ave. Requiem mass was sung at the Cathedral by Rev. Father O'Brien, interment taking place at St. Peter's cemetery. The roads were in such a state that much difficulty was experienced in reaching the cemetery.

The pall-bearers were, Messrs. Kylie, Sullivan, Clancy, Primeau and Coughlin, of Peterborough, and Mr. Murphy of Lindsay.

There were many beautiful floral offerings. Many relatives from a distance were present, these including Mr. Wm. Begley and his son, Mr. and Mrs. McCabe, and Mr. and Mrs. Murphy, parents of Mrs. Thomas Begley, of Lindsay, and also a number from Port Hope.

AUSTIN CASE AT POLICE COURT

Recieved a Preliminary Hearing This Morning

Adlum's Evidence Taken—Other Cases.

H. Rush, J. P., had a rather busy time this morning at Police Court. The first case called was that of Wm. Austin, who was charged with assaulting Frederick Adlum on Friday, Feb. 17th, which received a preliminary hearing. Crown Attorney Wood conducted the case for the prosecution, while the prisoner was represented by Mr. F. D. Kerr.

The first evidence taken was that of Mr. Adlum, who recounted the incidents connected with the occurrence, which took place at the Peter Hamilton Manufacturing Company's Works, on the date above mentioned.

Mr. Adlum's narrative was practically the same as the interview published in the Examiner at the time the incident occurred. He stated that the difference had arisen at the time of the recent elections, when he had changed his political allegiance, whereat Austin became incensed and abused the witness, using most obscene language in referring to him on several occasions. On the morning of Feb. 17th, witness was at work in the shop, when Austin again made use of abusive epithets in regard to him, to which he did not make any reply, but shortly afterwards walked in and told Austin that if he did not stop he would find a way to make him. Defendant put his hand in his hip-pocket, and after making a remark to the effect that he would kill him, pulled out a dangling weapon with which he struck him on the side of the head, inflicting a wound which bled profusely, and left him in a weak and nervous condition.

To Mr. Kerr, counsel for the prisoner, witness stated that he had walked about 16 blocks on the day of the assault after the affair took place and that he had gone to work on the Monday following.

Dr. Amys, who attended the wounded man was then called, and testified as to his opinion regarding the infliction of the wound.

Mr. Kerr did not submit any evidence for the defence preferring to leave it till the case comes before Judge Weller at the County Police Court.

A case of common assault was next disposed off.

Wm. McCormack, the Havelock man, who was charged with insanity, was committed to jail.

TROUBLE WITH BELLEVILLE CANINES

Aldermen Want to Impound all Dogs "Running at Large"

Belleville dogs are causing trouble, and a proposal has been made to impound all dogs found "running at large," which calls forth this protest from the Intelligencer man, who evidently owns a dog or two.—

"The proposition of the new bylaw to impound all dogs found running at large whether they have collars and tags on or not, seems preposterous when one takes into consideration what the City Solicitor defines as 'running at large.' A dog which leaves his master's property and takes a seat on the sidewalk outside, unless accompanied by a guardian, is 'running at large,' and liable to be impounded, and unless redeemed by the owner within 48 hours, a fine of $1 being paid for the redemption, may be destroyed. This looks like running to extremes, and will not commend itself to the approval of any sensible man."

GOOD LECTURE AT ST. JOHNS

Rev. Gilbert Davidson Speaks on "Paris," the French Cpaital.

On Monday night a most enjoyable lecture was given in the school room of St. John's church when, under the auspices of St. John's Ladies' Auxiliary Rev. Gilbert Davidson, of Guelph gave a talk on the French Capital, "Paris."

The Rector, Rev. J. C. Davidson, occupied the chair and introduced the speaker in a few words.

The address was a very enjoyable one, Mr. Davidson is an eloquent and witty speaker and his descriptions of various scenes in Paris were very vividly given. Many beautiful views illustrative of the parks, streets, boulevards, theatres, cathedrals and other features of Paris were thrown upon the canvas by Mr. R. M. Roy. They were remarkably clear and distinct and added much to the interest of the lecture.

At the conclusion a hearty vote of thanks was tendered to Rev. Mr. Davidson for his very enjoyable lecture.

WALTER SAGER PASSED AWAY

His System was not Able to Stand the Strain.

Walter Sager, whose accident was reported in yesterday's Examiner, died this morning about seven o'clock, at the Nicholls Hospital, as a result of his serious injuries.

The boy had just been through an attack of diphtheria, and was so weak, that his system was not able to stand the great loss of blood which he suffered from the accident.

The funeral arrangements have not yet been made, as Mr. Sager, the boy's father, has not yet returned home. He has been at the mines of the Star of the East Company, north of Kaladar, and he will not be home until to-night, when the day of the funeral will be decided upon.

The family will have the sincere sympathy of the whole community in this terrible trial. Only a few months ago a younger brother to the one who died this morning was blinded and is now in the Brantford School for the Blind.

WRECK CAUSED LONG DELAY

C. P. R. Snow Plough and Engine off the Track at Burketon

Noon Train Away Behind Schedule Time—The Cause.

The noon C.P.R. train to-day was delayed several hours by an accident which occurred at Burketon this forenoon. The Company has had a train stationed at that point with a large crew of men engaged in clearing the snow off the tracks. A passenger coach has accommodated the men who are working at the tracks, and this forenoon while "bucking" snow the engine and snow plough got off the track.

Word was sent immediately for the auxiliary from Havelock, and it passed through shortly before noon to clear the track. It was expected that this would entail considerable work and time, and at 12 o'clock the noon express was reported two hours late with prospects that it would be even later.

Later reports said that the train would be here "about three o'clock or later." It was later.

WERE MARRIED IN LAREDO, TEXAS

Miss Lydia Redman and Mr. W. C Rogers Wedded.

The principals in the wedding reported below are well-known to many persons in Peterborough:—

"On Feb. 1st, 1905, at 10.30 a.m., Miss Lydia Redman and Mr. Will C. Rogers M.A., (Queen's,) of Lindsay, were married in the parlours of the Ross Hotel of Laredo, Texas. The number who witnessed the event was limited, but Mr. and Mrs. Rogers have the satisfaction of knowing the most select of the city were among the guests. Judge Martinessey Bienavidez performed the ceremony. Mr. and Mrs. Rogers left next afternoon for their home in Monterey, Mexico, where Mr. Rogers is employed in Smelter No 2. The bride is a Port Perry belle.

HOCKEY AS PLAYED IN MEDICINE HAT

Ladies Indulge in a Game in Which a Participant Recieves Injuries.

The ladies of Medicine Hat play strenuous hockey, as the following, taken from the Medicine Hat News, will show:

"On the occasion of the last match the participants spent a large portion of their time straightening their hats and keeping their skirts hanging properly. It was different on Wednesday evening. Appearances went for naught. The girls had advertised a hockey game and they certainly gave the big crowd of spectators a run for their money. It was a strenuous game there is no mistake about that. Miss Mary Taylor received a bad cut under the eye within the first few minutes, which necessitated her removal to the hospital, and the checking right through to the end was very close, not a few heavy falls being sustained in consequence. Miss Gilbert, who played with the married ladies, was very unfortunate in this respect, and just at the close received a body check of such severity that as an after consequence she fainted several times in the dressing rooms. Miss Fitzpatrick replaced Miss Taylor when she was forced to leave the ice.

DANIEL CONLEY'S SUDDEN DEATH

Douro Man Died of Heart Disease Last Night.

While Eating his Tea at the Lakefield House—Had Relatives in Douro.

Last night word was received in town of the sudden death in Lakefield of Daniel Conley, which occurred in the Lakefield House just at tea time.

The deceased had been in the lumber shanties all winter, and had only spent a few days in Lakefield, coming there frmo Buckhorn, where he had also spent a few days, on his way down from the north.

Last night he was taking his tea in the dining room of the hotel mentioned above, when he was taken with what appeared to be a choking in the throat. He fell off the chair and died in a few minutes.

Dr. Baker was called and pronounced death due to heart failure. Deceased was 62 years of age, and was a bachelor. His home is supposed to be in Douro, but what relatives he has, and their residence, has not yet been found out.

Dr. Gray, the coroner, was notified of the occurrence by telephone, but on learning the facts connected with Mr. Conley's death, he decided there was no necessity for an inquest, since it was plain that death was not due to any foul play.

Arrangements had not been made for the funeral at the time the above information was gained, but an effort was being made to communicate with the friends of the deceased.

ENTOMBED IN A MINE

One Hundred and Five Men Buried Near Birmingham, Ala.

BELIEVED ALL ARE DEAD

Serious Shooting Affair Reported From Roseneath, a Settlement Near Cobourg—Man and Wife Shot—Victims Are Mr. and Mrs. Harry H. Blackwell.

Birmingham, Ala., Feb. 21.—Meagre reports reached here last night of a terrible disaster in the Virginia mines, which are located about 18 miles from Birmingham. One hundred and five men are entombed in the mine, and it is believed that all are dead. Relief trains, carrying physicians and laborers have been sent to the scene of the disaster from both Birmingham and Bessemer. The mines belong to the Alabama Steel Wire Company, and are leased by Reid & Co. Both white and colored miners are employed, and only recently union miners went to work. The mines are considered models of their kind. The slopes are well located, and there never has been any trouble from gas heretofore. It is stated that the accident was caused by a cave-in, due to the giving way of the timbers.

Fatal Boiler Explosion.

St. Clairsville, O., Feb. 21.—Twelve men were badly injured yesterday by the explosion of a stationary boiler at mine No. 1 of the Providence Coal Co. near here. Two of the injured have since died and four are believed to have been fatally hurt.

Death by Bursting Pipe.

Buffalo, Feb. 21.—By the bursting of a steampipe at the city waterworks yesterday afternoon, Thomas Hoyt was killed and eight other employes scalded, several of them very seriously, and perhaps fatally.

Steam Causes One Death.

Buffalo, Feb. 21.—Steam from a broken pipe caused the death of one man and serious injuries to eight others at the City Waterworks plant yesterday afternoon. The dead man is Thomas White.

One Killed, Forty Hurt.

Paterson, N. J., Feb. 21.—One young woman was killed and about 40 persons were injured, 15 of them badly, by the derailing of a commuters' train on the Erie Railroad, near Friarlawn, four miles east of this city, yesterday.

Crew of Abandoned Boat Rescued.

New York, Feb. 20.—The fruit steamer Lillie arrived yesterday from Port Antonio, brought six of the crew of the abandoned schooner Ida C. Southard, which was previously reported lost on Feb. 9, after a terrific battle with the sea.

Will Burn Church Mortgage.

Woodstock, Feb. 20.—Special services were held in College Avenue Methodist Church yesterday in celebration of the freedom of the church from debt. The mortgage will be burned at a tea meeting, to be held to-night.

Conditions That Unfit For Marriage.

The low paid employee today can succeed as well alone as with a wife, which his ancestors could not do. At the same time his selfish enjoyments are greater without her, for he may live irresponsibly, without a motive to save and with all his surplus available for wayside pleasures of an antisocial sort. The disintegrating forces of a great city upon homeless youth are too obvious to need emphasis. The wage earning girl, on her part, is likely to acquire the taste of fragmentary, pointless and unproductive spending. Both form habits harmful to the altruistic motives of group living—of the home idea. A man who goes from the saloon, street corner or cheap pleasure club, a girl who leaves the dance hall and pavement glitter to make a home for him, the bare necessities of which are hardly met by his wages, are not qualified by their experiences to bring to a successful issue the supreme test of character that makes stable a high standard.—Professor Simon N. Patten in Independent.

A CLEVER TRICK.

To Turn Water Into Milk by Just Breathing on It.

The next time you have some of your little friends at your house offer to turn a glass of water into milk by breathing into it. Of course they will not believe you can do it and will make all kinds of fun at your boast. When you have their curiosity aroused, leave the room and get your magic apparatus together.

You will need some limewater, a piece of glass and an ordinary glass tumbler. Enough limewater may be purchased at the drug store for a few pennies, half a pint being more than enough for your trick. The piece of glass may be got from an old broken pane. It should be three inches long and narrow enough to enter the tumbler at its widest part.

Fill the tumbler with the limewater and bring it into the room where the children are assembled. Place it on the table where all may see, but none must taste. Tell them the magic properties of your breath will change the water into milk; then breathe frequently into the tumbler, stirring constantly with a piece of glass. The perfectly transparent limewater will assume a chalky line, finally growing white until it resembles skim milk, amid the applause of the audience.

Next explain that your magic breath will in a few minutes produce chalk. Let the tumbler remain perfectly quiet for a time while some diversion is played. Upon looking at the water you will find that a layer of chalk has been deposited in the bottom of the glass.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

A Recompense.

Young Edward, aged six, was quite tired of staying in the house. His mother was ill and had tried to keep him in the room with her because her room was warmer than his playroom, but his toys were all in the playroom, and he became restless to go to them.

"Goodby, mamma," he said. "I will come back in a thousand years."

"I will be dead and buried by that time, son."

The little fellow stopped a moment with his hand upon the door, and thinking of the creed he replied:

"Never mind, mamma; you will rose again."—Lippincott's Magazine.

On Hand.

The bell rang, the car stopped. The nervous young man stumbled down the aisle and on to the platform. Then he rushed back.

"I left a pair of gloves on this seat," he sharply cried. "Where are they?"

There was a little confusion among the passengers.

Suddenly the young man straightened up.

"By gum," he cried, "I've got 'em on!"

Then he rapidly retreated, and the passengers audibly smiled.—Cleveland Plain Dealer.

DR. MACKAY'S SPECIFIC

For the Treatment of

Alcoholism

Used in Connection with the Province of Quebec Probation System with Unvarying Success.

The City Council of Montreal has endorsed this marvellous discovery. The Finance Committee of Montreal recently voted $500 to defray the expense of placing the medicine in each of the city Police Stations, as prompt application of the Treatment to bad cases will prevent the fatalities continually occurring in the cells.

No Sanitarium is required. The treatment can be taken at home. No special diet required. The desire to reform is simply necessary and spirits avoided for a few days.

This medicine is now within the reach of all, the price having been reduced. The wonderful results obtained with the worst class of drunkards coming before the Judges of the Recorders' Courts in Quebec and Montreal warrants the statement that the disease of Drunkenness can be cured—readily and surely—under ordinary circumstances and with the reasonable desire upon the part of an inebriate.

This treatment is simply the medicine of the medical profession—the only secret is as to its administration.

Dr. Mackay's discovery is the result of 25 years of practice as a specialist and expert. He is a member of the College of Physicians and Surgeons of the Province of Quebec.

The Government of Quebec through the Judges ordered over 500 boxes of the medicine for prisoners appearing in the Courts in 1904—Official Reports establish 80 per cent. of cures with these cases.

With the public and official endorsation and the record of results published it is unnecessary to waste money experimenting further. All communications private.

Branded on His Memory.

There is a corporal in one of the best infantry regiments in the regular army who has one lesson branded on his memory with words of fire—the lesson that no excuse can be framed or uttered by any soldier for being untidy or unclean.

The colonel was going down the line on a tour of inspection and noticed a corporal with soiled gloves. He said: "Corporal, that is setting a bad example to the men, wearing soiled gloves. Why do you do so?"

"I've had no pay for three months, sir, and I can't afford to hire washing done."

Taking from one of his pockets a pair of beautiful white gloves the colonel handed them to the corporal, saying:

"Put on these gloves. I washed them myself."—Pittsburg Post

POLITICIANS' PLAYTHINGS.

Premier of Britain Shops by Post and Lord Roberts Likes Silver Things and Is a Keen Buyer of Toys.

It is interesting to note the gifts which politicians and well-known persons affect. According to The Manchester Daily Despatch, some of them are as follows:

Mr. Balfour has a catholic taste, but he shops by post.

Mr. Brodrick likes ugly dolls and gold-mounted purses.

Lord Rosebery invests chiefly in good editions of the classics.

Sir Henry Fowler affects instructive toys, and particularly, reproductions of inventions.

Winston Churchill confines himself principally to ties, walking-sticks and men's umbrellas.

"C.-B." is unimaginative; he buys ordinary dolls and smoking cabinets.

Lord Lansdowne—a diplomatist, it must be remembered—is fond of conjuring tricks.

Mr. Chamberlain indulges in silver inkstands, scent bottles, writing cases, domestic toys and books.

Lord Selborne has military rather than naval leanings. He bought the most expensive box of toy soldiers ever sold by a famous firm. This year he bought a model fortress, money-box, and two indoor games.

Lord Roberts likes silver things, and is a keen buyer of toys, especially mechanical ones, while he likes to see working before he buys them.

His brother-in-arms, Sir Redvers Buller, buys pipes and toy swords and rifles. He is a martinet in regard to the equipment of leaden soldiers.

Sir John Fisher bought an enormous gollywog once, but there is no record of his having sent it to the Admiralty. He is also fond of sending books of adventure and of the sea to his boy friends.

The Duke of Devonshire inclines to antiques and educational toys. In moments of levity, however, he has been known to buy a toy bicycle and a lamb which "baas."

The Lord Chancellor is an authority on clockwork toys. Indeed, he once made a suggestion which was adopted as a precedent by the manufacturers.

NEW FIELD MARSHAL.

Gen. Sir F. C. A. Stephenson Is a British Crimean Veteran.

General Sir Frederick Charles Arthur Stephenson, G.C.B., K.C.B., who has been given the rank of Field-Marshal, is one of Britian's Crimean veterans. He was born in 1821, and joined the Scots Guards in 1837. He served through the Crimean war,

GENERAL SIR F. STEPHENSON.

being present at Alma, Inkerman, Balaclava, and the siege of Sebastopol. Then he went to China as Deputy Adjutant-General, and took part in the capture of the Taku forts, 1857-61. He commanded the Home District 1876-1879, and was one of the principal officers in the Army of Occupation in Egypt, 1883-88, being made general in 1885. For his services in Egypt he received the thanks of both Houses of Parliament and the Grand Cross of the Medjidie. General Stephenson retired at the end of 1888, and has been Constable of the Tower of London since 1899.

TIRED OUT.

There's many a wife sits in the growing gladness of an evening, knowing what it is to feel tired out; as if there was not another ounce of effort left in her. But if healthy she knows how sound her slumber will be and how refreshed the morning will find her. But it's another thing for the sick woman to feel tired out. Rest only seems to increase her suffering. She feels acutely the aching back and throbbing nerves. Sick women, hundreds of thousands of them, have been made well by the use of Dr. Pierce's Favorite Prescription.

It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I am pleased to inform you of the benefit I received from using Dr Pierce's Favorite Prescription and 'Golden Medical Discovery.'" writes Mrs. Elisabeth A. Oswold, of 45 Grant Street, Windsor, Essex Co., Ontario, Canada. "Was quite discouraged when I wrote asking your advice, as the physicians here told me I could get no relief except by an operation. Suffered for four years from irregular and profuse menstruation, had sick and nervous headaches most of the time, and at times could hardly walk across the floor from weakness. I thank God there is such a remedy as Dr. Pierce's Favorite Prescription for suffering women. Before I had taken the first bottle the headaches had left me and it was not long before regularity was established and still continues so. Have just finished house-cleaning which I never expected to be able to do again, and can truly say I never felt better than at present. I gladly recommend 'Favorite Prescription' to all who suffer from female weakness. It has cured me and made me stronger in every way. Neither my husband nor myself can say enough in its praise."

The selfish seller who urges some substitute is thinking of the larger profit he'll make and not of your best good.

WHAT IS BILE

The Important Work It Accomplishes.

How to Insure a Healthy Supply.

The principal work of the liver is the secretion of bile—a golden brown, intelligent-like substance, composed of certain liver elements or salts, mucus and coloring matter. It is the natural antiseptic and cathartic of the bowels. A torpid liver means deficient bile secretion, which later means constipation with its attending evils.

The bile plays a most important part in promoting healthy digestion. Its absence results in congestion of the bowels, with indigestion, and to correct this and secure healthy bile secretion Smith's Pineapple and Butternut Pills have a very selective action—in fact, they cure biliousness with the bilious headache, driving the fecal contents out of the body, which, if permitted to remain, would poison the whole system and rapidly undermine the general health.

Never permit yourself to become bilious. A sick headache, a sudden attack of indigestion, or a fetid diarrhoea with dizziness and a yellow-coated tongue call for the prompt use of Smith's Pineapple and Butternut Pills. They are by far the best remedy to empty the bowels and relieve congestive conditions. They act as a true tonic to the liver, preventing as well as curing constipation. One or two of these pills taken every night mildly stimulates the liver and corrects biliousness without the driving purgative effects of harsh drugs. Their gentle laxative action especially commends them to ladies, who bloat after eating and are subject to periodical headaches. To secure a healthy secretion of bile, thus establishing perfect bowel regularity, these little pills possess merits peculiarly their own, not found in other remedies.

Smith's Pineapple and Butternut Pills always cure constipation, biliousness and sick headaches in one night. All dealers, 25 cents. All genuine signed W. F. Smith.

NOBLE NAVVY.

Strange Story of the Late Lord Seafield, Workman Peer.

Anne, Countess of Seafield, who has just joined the Auxiliary League of the Salvation Army, is proud to be known as the widow of a workingman peer.

In New Zealand in the eighties she shared to the full the many strange vicissitudes of her husband and cousin, Francis William Ogilvie-Grant, tenth Earl of Seafield, Viscount Reidhaven, Baron Ogilvie and Baron Strathspey.

To a reporter the Dowager Countess of Seafield has told the story of her husband's career as a workingman.

"My husband," said the Countess, "was a gentleman, but, what is more than that, he was a man. When hard times came to us in Oamaru and fair-weather friends deserted us, the poor and exiled son of an ancient race saw no disgrace in toiling with his hands to keep our home together.

"Taking off his old brown velvet shooting jacket and laying aside his gun, he joined the ranks of labor, shouldered his pick and shovel, and in the garb of an ordinary workingman went wherever work called him.

"With a houseful of babies at home he could not afford to refuse work, however rough. He toiled as a navvy on the roads, laying down tram lines, digging and fencing and rabbiting up-country—often sleeping in the open air or in a henhouse.

"For three whole weeks I have known him to be vainly seeking work with a single sixpence in his pocket, which he dare not spend.

"Among his mates were many men of good family, scions of ancient races, who discarded their titles. My husband sought work under his true name. First as Viscount Reidhaven, then as the Earl of Seafield, he was known to his mates, and there was not a soul in the 'little white-stone city'—as we called Oamaru—but loved, honored and respected the workingman peer.

"Among his fellow-workman he found the truest friends. That is why I, his widow, cannot bear to hear the workingmen slandered.

"In 1888 he came into the Earldom, and I look back upon that day as the blackest in our lives, for my husband, still a workingman, died within a few months of coming into the title."

The present Earl of Seafield is the eldest son of the workingman peer. Six years ago he married a New Zealand girl.

A peeress-playwright is a possibility of the future, if the Dowager Countess of Seafield fulfils her intention of writing a play based on some of the romantic incidents of her life as a working woman peeress.

How Ancients Kept Time.

Before an audience of London children a scientist delivered a lecture the other day on the methods of measuring time as employed by the ancients.

The lecturer began with the Chaldeans, who, like the Chinese, observed the movements of the moon and stars, and believed that an eclipse was due to the devouring of the moon by a dragon.

Then the lecturer came to the Egyptians, who erected obelisks to serve as the gnomons or pointers of sun-dials.

To the delight of the juvenile audience the lecture room was darkened and the sun (an electric glow lamp) was manipulated at the end of a fishing rod to make a model obelisk cast the shadow.

The Greeks, always artistic, placed a buoyant figure of a magician in a long glass jar, and water dripped in, and as the figure rose it pointed to the hour on a marked dial.

The system which the Greeks followed of dividing the day into 12 equal "hours" from the rising to the setting of the sun was irregular. It behooved the Greek schoolboy to be good in summer and work off his superfluous boyishness in winter, because an hour's "imposition" in summer was 20 minutes longer than in winter.

A description of the hour-glass led to the exhibition of a new adaptation of it.

A breakfast egg was suspended from the beam of a pair of scales, and dipped into a saucepan of boiling water. The sand from an hour-glass trickled into the scale which hung from the other end of the beam until the egg was cooked.

Then the weight of the sand lifted the egg out of the saucepan and rang an electric bell.

A Beaconsfield Story.

Himself the master of political invective, Lord Beaconsfield once remarked to his secretary, Lord Rowton, after reading a Radical newspaper, "The resources of political invective seem to become poorer every day. Fifty years ago they called me an adventurer, and now when they are very angry they cannot think of anything more scathing to say to me."

Then, after a pause, with a merry twinkle in his eyes, he added, "Just fancy calling a fellow an adventurer when his successors were probably on intimate terms with the Queen of Sheba."

Lord Rowton used to tell this story in illustration of his chief's insensibility to criticism. "He didn't care a —— what people said of him," he added.

The anecdote shows how much Lord Beaconsfield's mind dwelt on his Hebrew ancestry, even in his old age, when he was gorged with honors of his own making. His ancestry was to him more a matter of race than of family. Though a Christian, he was an enthusiast for his people's past.

Actor Toole at Colchester.

When once performing at Colchester Toole apologized for any shortcomings, saying: "Since my arrival here I have contracted a cold—a very bad cold on my chest. In fact, I may say, a regular Col(d)chester!"

This whimsical excuse raised roars of laughter.

Untiring.

"When I took you into partnership," said the indignant father, "I expected you to be untiring in your devotion to the interests of the business."

The son took one foot down from the desk long enough to strike a match to light his cigarette.

"I think I have been," said he. "You never have noticed me tire myself yet, have you, pa?"

Cured Forty Consumptives

The Post-Graduate Hospital of New York reports that more than forty cases of consumption were cured by that institution alone during the year 1904. Many of these cases were treated at the homes of the patients. This proves conclusively that consumption can be cured and cured at home. Not every one can go to Colorado or spend weeks or months in a hospital, neither of which is necessary, but everybody can get Scott's Emulsion, and that IS necessary. It has been proved that pure, fresh air, light exercise, nourishing food and

SCOTT'S EMULSION

will come pretty near curing any case of consumption if there is anything to build on. Thousands of people have been restored to health by Scott's Emulsion alone. The advantages of Scott's Emulsion over the plain oil are shown in the ease with which Scott's Emulsion is accepted and retained by the stomach; the quickness with which it passes into the system; its almost immediate benefit to the affected organs, and its absolute uniformity of quality and purity.

Thirty-seven Rinks in Attendance—The Draws for To-day's Matches.

The Peterborough curling rink has not for years presented as busy a scene as it does at the present time. The big bonspiel, the most successful in the history of the game in Peterborough is in progress and curlers are here representing 37 different rinks, which are participating in the competition for the valuable prizes which the committee is offering.

Some good curling is being done and a large number of spectators were at the rink yesterday afternoon and evening and the good shots were heartily applauded.

afternoon and his rink won by a good margin.

Eighteen matches were played yesterday, and the whole thirty-six rinks were engaged. Some close finishes were seen, Finlay, of Norwood, winning his match from Burton, of Port Hope, in the last end by one of the nicest shots of the day, the final score being 13-11.

Curling started at 2 o'clock with twelve rinks, and at 5 o'clock another round started, while at 8 o'clock the third series of games finished the preliminaries.

The games played yesterday, with the scores were:—

AN INTERESTING SOCIAL EVENT

Miss Pearl Fitzgerald Married to Mr. Ernest Hannah

Delightful Wedding at Residence of late County Councillor, Last Night.

A delightful wedding took place last night at the residence of Mr. G. W. Fitzgerald ex-County Councillor 174 Loudon street, when his youngest daughter, Miss Pearl Fitzgerald, was married to Mr. Ernest Hannah, son of Mr. Jackson Hannah, of Smith Township.

The event was in every way enjoyable, not one of the least influences in making it which, was the enthusiastic hospitality of the host and father of the bride.

The beautiful home of the brides parents was the scene of a very happy gathering when the seventy-five guests gathered at 6.30 to witness the pleasing event which took place in the large drawing room, the ceremony being performed by Rev. F. J. Scott, pastor of Murray street Baptist church.

The bride, who was given away by her father, was very becomingly gowned in white silk organdie, with white point lace and sequin trimmings. She wore the conventional bridal veil and orange blossoms and carried a bouquet of white carnations. The bridesmaid, Miss Belle McConkey, of Peterborough, was dressed in pink silk organdie, trimmed with lace and carried pink carnations. The groom was supported by his brother, Mr. Wm. Hannah, of Smith.

To the strains of Mendelssohn's wedding march, played by Mr. Geo. Schneider, the bridal party entered the gaily decorated drawing room. Among the guests were a number from out of town, including Miss Hopwood, of Lindsay, and Mr. Marshall of the same town. A large number of friends of the contracting parties were also present from Millbrook and Bethany.

After the wedding the whole party partook of a dainty dejeuner served in Mr. Schneider's new house, one door east of Mr. Fitzgerald's residence, which had been procured for the occasion, and after the duthly prepared wands had been discussed, the health of the bride was proposed by Rev. Mr. Scott in a few felicitious words, and honoured heartily by the whole company, the usual response being made. Short speeches were also made by the father of the bride, and of the groom, and congratulatory remarks made by Messrs. E. M. Elliott, W. R. G. Higgins, Dr. Bagshaw and Mr. Robt. Fair.

A delightful evening was spent in the home of the bride's parents until a late hour, when Mr. and Mrs. Hannah left amid the usual shower of rice for their new home in Smith Township on the farm, which, by the way, is the old home of the bride, at lot 21 in concession 7, of that township.

The bride's going away gown was of green camel hair basket cloth, with picture hat to match.

The many friends of the bride and groom, both of whom are popular young people, join in wishing them many years of happy married life.

FIRST GUESTS HAVE ARRIVED

Many Coming in for the Consecration Ceremony To-morrow.

A large number of visitors are expected to arrive in town during the day, and this evening, to attend the Consecration Services, to-morrow, at the Cathedral. About ninety members of the priesthood from out of town will be present to assist in the services. It is expected that eleven Bishops will be present, the first to arrive being Bishop McEvay, of London, who reached here this morning. Amongst the visiting priests of whom about eighty will attend, the following are already in town: Rev. Father Lussier and Rev. Father Chartier, of Sault Ste. Marie; Rev. Father Aylward, Rector of the Cathedral, London; Rev. Father Foley, of Ottawa, and Rev. Father Channing of Toronto; Rev. Father Bretherton, Dawneyville; Rev. Father McGuire, Hastings; Rev. Father Feeney, Acton; Rev. Father P. Kelly, Trout Creek.

A large number will in all probability come in on the evening trains. The Consecration ceremony will take place to-morrow morning at 9.30 o'clock.

ANOTHER CREDITABLE PERFORMANCE

Versatility Very Extensive.

The Big Bijou Comedy Company still uphold their well deserved reputation as a high-class popular-priced company, and they deserve every encouragement that the public can give them, to keep up the standard of the popular-priced performances. Their shows are clean and entertaining, and their attractions are of a high order, above the ordinary run.

Marjie Adams has a genuine attractiveness not seen in too many melodramatic attractions, and wins her audience at her first appearance, and she together with her assistants holds the attention of her hearers at all times and well deserves her enviable reputation.

The performances will be continued throughout the week, and should be given heavy patronage.

WILL BURN THE MORTAGE

Mark Street Church is Now Clear of Debt

An Interesting Event Which Will Take Place on Tuesday.

Next Tuesday night an interesting event will take place at the Mark street Methodist church, when the congregation of that church will gather and witness the burning of the mortgage, which has been paid off during the past few years, and the occasion will be made one of special rejoicing on the part of those who during the past year have laboured to clear the place of worship, which they called their church home, from debt.

The programme for the evening will take the form of a social gathering and musical numbers, as well as addresses will be given, but the principal event of the evening of course will be the consigning of the mortgage to the flames.

Naturally, the members of the congregation are feeling elated at the success with which their efforts to clear the church from debt have been met, and the prospects are that there will be a large number of persons present. The achievement of the congregation is in its way a remarkable one, and they deserve great credit for their efforts, as well as for their achievement.

In 1885, at the time of the union of the Bible Christian and Methodist churches, the Mark street church was taken over with the other churches belonging to the Bible Christian denomination, and it has ever since been presided over by a minister of the Methodist church, and during the time since the union it has made splendid progress. About seven years ago, during the pastorate of Rev. Mr. Moore, the church was thoroughly remodelled at a cost of $1200, and it is the debt incurred at that time which is now being wiped off. During the last two years of Rev. Mr. Lewis' pastorate, about $400 has been paid off the debt, and it is a noticeable fact that the ladies of the church have taken a most important part in this effort, and the Ladies' Aid during the two years has raised $175. During the pastorate of Rev Mr. Thompson the Ladies Aid was allowed to become disorganized, but since its reorganization two years ago, it has done splendid work, and is one of the most wideawake societies in connection with the church.

The Sunday school, and Epworth League, too, have had a good share in the work of relieving the church of debt, and deserve credit.

The Trustee Board inaugurated the movement which has resulted in the annihilation of the debt; and outside of that raised by the organizations named, the money has been contributed by free will offerings.

The church at present in in a flourishing condition. There is a membership of about 200, and and an average attendance of about 400, while the finances as well as the spiritual condition are excellent.

The Ladies Aid has recently purchased a new piano, which is used by the Sunday school and Epworth League.

Another improvement which will probably be carried out in the near future is the providing of new seats for the basement.

RAILWAY LINE NOW CLEARED

C. P. R Trains are Running on Schedule Time.

Extensive Freight Traffic Being Resumed—Small Damage at Burketon.

The trouble which caused the delay to the train yesterday on the C.P.R. from the west has been remedied and to-day the trains are running as usual.

The engine which was off the track yesterday was placed on again during the night, but was taken to the shops to undergo some minor repairs, made necessary by the run-off. This was practically all the damage done, and traffic is being resumed to-day as usual. Freight trains are running in more than usually large numbers to-day, due to the one day's blockade, and the delay previously caused by the snow blockade.

The noon train to-day was only 10 minutes late, and it is expected that no further serious trouble will be experienced.

THREE CASES AT POLICE COURT

Pedestrian Bitten by a Collie Dog.

The first case which claimed the attention of Magistrate Rush at the Police Court this morning was one on a charge of drunk and disorderly. The defendant was fined $5 without costs.

A similar charge against William Smith of Port Hope was dismissed.

The case of a lady for keeping a vicious dog was also dealt with. The young son of the defendant has been in the habit of driving the dog, a collie, attached to a hand sleigh, and last week while passing two pedestrians on a narrow strip of sidewalk, one of the latter was bitten on the leg. The Magistrate ordered that the canine be killed within forty-eight hours, otherwise the penalty of a $5 fine, with $3 for each succeeding day in which its life is prolonged, will be inflicted.

PRINTER BOY TO BRIGADER

Rapid Rise of Brigader Southall of Salvation Army

Present Trade Secretary of Army, Will Speak Here on Sunday.

Continuing the special siege now being conducted by the local corps of the Salvation Army, a distinguished visitor will be present at the meetings of the Army on Sunday.

Brigadier Southall will be present and address Sunday meetings, and an interesting story might be written of this, one of the most prominent leaders of the Army in Canada. He began life as a printer in England, and came to this country as an officer of the Salvation Army when that organization first started operations in this country. He early showed his ability and has filled a number of important offices, among them being, Field Officer, Divisional Officer, Principal of

BRIGADIER SOUTHALL.

Training Home, Provincial Officer, editor of War Cry, and secretary of Special Efforts. These offices have been filled in various parts of the Dominion, and in each of them he has shown marked ability. Brigadier Southall is now trade secretary at Toronto, and is one of the most able speakers connected with the Army in Canada.

He will be here to conduct the meetings on Saturday night and Sunday, the subjects being, on Sunday, 11 a.m., Microscopic Wonders; 3 p. m., the Day of Victory; and 7 p.m., the Conquering Hero.

It is expected that there will be large crowds to attend these special meetings.

UNION LABEL

Daily Examiner.

THURSDAY, FEB. 23, 1905.

A THREATENED EVIL.

On this page a letter signed "Anti-Trust," deals with an important matter. The writer of this letter makes unmistakably clear the undoubted result to the farmers of Canada if something is not soon done to curb the encroachments of the International Harvester Company in this country.

We think the time has arrived when the Government should legislate for the benefit of the binder twine mills in Canada and thus foster that spirit of competition in our country which will insure the benefit not only of the farmers of the Dominion, but to that of the working people in our towns and cities.

At the time that the duty was taken off binder twine, the making of this article was practically in the hands of one Canadian Company. Other mills had been protected but had not been started. To-day we have several binder twine plants in Canada, many of them as "Anti-Trust" shows now closed up because of the unfair competition from the Harvester Combine. Happily the large mill in our own town has so far been able to keep running but there is no telling what may be the result of two or more years of such competition from a trust whose methods are inspired by the men who have effectually secured control of the oil business of the United States.

As all the capital required to start the many binder twine mills, now capable of producing Canada's twine requirements, has been subscribed by the farmers of this country, it will be seen that the Canadian farmer stands to lose in more ways than one if action is not taken very quickly to head off the octopus, which has started out to crush the independent manufacturer both of machines and twine.

As this is a matter of national importance we feel the Government will very promptly do its part, so we will not comment from a local standpoint upon the possibility of this monster getting a fast hold upon our fair Dominion. We trust, however, that everything will be done to keep for our town what should be one of our leading industries, and that Peterborough will manufacture for the farmers of the Dominion a large share of their twine requirements for many years to come.

CONSISTENT JOURNALISM.

The Bowmanville Statesman says: "We were amused at the comparative reports in Toronto papers of two events which came off in the city Thursday. The annual convention of the Fairs and Exhibitions Associations in which all farmers in the Province are more or less interested was given a few inches while a hockey match in which a few sports in Toronto and Cobourg were interested occupied from one and a half to two columns. Similar differentiation was shown in Friday's papers between a concert and the same association. But then Toronto papers are the local papers for the city and are as silly over small events of a local nature as we country editors are over big pumpkins, new garden gates and Tommy Green going over the hill on Sunday to the white house."

Teh same issue of the paper quoted contains a personal paragraph stating that the editor attended the meeting of the Fairs and Exhibitions Associations, and yet nothing is said in the Statesman of what was transacted. Since the Toronto papers did not do their duty in this particular one would have thought that the Statesman, serving as it does, a farming constituency, would have given its readers some of the "good stuff" which the Toronto dailies neglected to give of the Fairs and Exhibition meeting. Is the criticism consistent? The Toronto papers, like other wide-awake publications like to give their readers news which they will read, which probably accounts for the space given to the two articles referred to.

"A VICIOUS OCTOPUS"

The International Harvester Company's Action in the Binder Twine Business

To the Editor of the Examiner:

Sir,—An editorial article entitled "A Vicious Octopus" appeared in the issue of the 12th inst. of the Minneapolis Times which is of special interest to Canadian farmers, to the Canadian agricultural implement manufacturers and to the twine manufacturers. The opening paragraphs of this editorial are as follows:—

"If there is one trust more vicious than another—with the possible exception of the beef combination—it is the International Harvester Company, an incubus that has fastened its suckers on the agricultural community of the United States and strangled competition in a most shameless manner.

"That prince of promoters who has much to answer for, J. Pierpont Morgan, was the chief sponsor for this combination which originally included the Deering Harvester, McCormick Harvester, Champion, Plano and Milwaukee Companies.

"It came into being with a burden of over-capitalization and bonded indebtedness in order that the owners might be recompensed and the founders reap their full quota of 'easy millions.' It was incorporated in 1902 with a capital of $120,000,000."

The International Harvester Company, of which Mr. Harold McCormick, son-in-law of the multi-millionaire, Mr. John D. Rockefeller, is the head and front, is undoubtedly destined to be the most gigantic trust of modern times. The design and policy of this trust seems to be to sell binder twine at the cost of raw material, allowing nothing for the cost of making or the cost of selling with a view of thereby driving out of business every cordage manufacturer in the United States and Canada. It is plainly to be seen that no manufacturer of binder twine in the United States or Canada can afford to buy raw material pay for the cost of making and selling it and do it at a loss which in the aggregate would amount to millions. The result of the continuation of this policy will in one or two years leave this Chicago trust in absolute control of the binder twine business.

If once the cordage manufacturers are driven out of business the International Harvester Company can still continue to sell their twine at a small margin of profit with a view of preventing the cordage manufacturers from again entering into the business or they may raise the price as harvest advances to "corner" prices and thereby recoup themselves the evilest loss which they are now making. The practical result of the well laid and matured scheme will be that the farmer who does not use the International Harvester self-binder will be forced to go to that company or to its agents for his twine. They can say to the farmer "You do not use our reaper. We will not sell you our twine. Give us an order for a new self-binder and we will sell you all the twine you want.'

In what position would the Canadian manufacturers of self-binders be? In the face of such a policy the Canadian manufacturer could not induce the farmer to buy his reaper because it would not be any use without twine. The Chicago trust would therefore not only have a monopoly in binder twine but would also have a monopoly in self-binders as well, and not alone in self-binders but possibly in seeders, mowers, and other agricultural implements, because the selfsame gentlemen of the Chicago trust could practically force the farmer to give an order for any agricultural implements which he might require.

The introduction of the Standard Oil methods into the manufacture of all kinds of agricultural implements, is perfectly apparent in the deep-laid scheme of the Chicago trust. That same trust has behind it the millions of Wall street, as the above quotation from the Minneapolis Times indicates. They can afford to sell twine at cost or below the cost of of the raw material because this is merely a fractional adjunct of their business, and employs about one-twentieth of their capital. They can afford to make a loss on one-twentieth of their capital and make huge profits out of the farmers on the sale of their reapers, mowers, seeders and other agricultural implements which they manufacture, and which they are in a position to force the farmer to buy from them.

Already in the United States the vicious effect of the octopus has been apparent. The editorial continues as follows:

"The Aultman Miller Company, the Osborne Company, the Buckeye and the Minnie Harvester and several other corporations that for years maintained a successful business, have been forced to the wall or into the capacious maw of the combine, which means the same thing."

The Standard Rope and Twine Co., with its capital of millions, has been forced into the receivers' hands. The New Bedford Cordage Company, has also been forced to the wall. The following companies in Canada have also been forced to the wall, The Brandon Cordage Company, The Walkerton Cordage Company, The Chatham Corage Company, and The Aytoun Cordage Company.

The article further goes on to say: "It is charged that Mr. Perkins, a partner of Mr. Morgan's, using the leverage of the mighty name of Morgan, has made it impossible for the independent companies, in competition with the Harvester combine to secure the usual banking facilities that are available to business men generally. He is accused of discrediting some of these minor concerns at the banks, and thus cutting off their credit, without which business might as well stop first as last."

Surely it is time for the Canadian Government to step in and legislate against such a huge octopus instead of playing into its hands by placing and keeping binder twine upon the free list and giving this enormous trust a free hand to plunder the Canadian farmer and drive out of employment the thousands of hands who are employed in the various agricultural implement and cordage establishments of Canada. The millions that are invested in Canada in these companies surely are entitled to immediate consideration at the hands of the Canadian Government.

Anti-Trust.

LINDSAY TO GET CANNING FACTORY

Another Industry for That Town—What the Promoters Want.

Lindsay is to have a visit from the Dominion Railway Commission and expects to get a canning factory. The Post reports a meeting of the Board of Trade and Town Council which was held to consider the matter, and an extract from the report says:—

When asked what they wanted, Mr. Jordan representing the Canning Company replied. "What we want is all we can get and as this industry is going to be a benefit and help to the farmers Lindsay citizens the Town of Lindsay and County of Victoria, it should be pushed forward. We want a site beside the railway tracks. We would turn out 35,000 cans of tomatoes, 22,500 peas and beans, 12,000 berries and about 20,000 other goods. A profitable market would be found in the Northwest Territories, and other places where there was a great demand. The Port Hope canning factory and others were mentioned as being very successful. We want about $40,000 at the start. I think the town should give us exemption and a lot."

VISIT TO HIS OLD HOME

Mr. John Scott of Souris, Manitoba, Pays the Examiner a Call.

Mr. John Scott, of Souris, Manitoba, was in town on Tuesday, and gave the Examiner a call.

Mr. Scott is a former resident of Smith township, where his father now resides, but has been in the west for over 17 years.

Mr. Scott refers to Souris in glowing terms, strongly advising all enterprising young men who wish to succeed, to give the western country a trial.

Four other members of the family are at preesn residing in the vicinity of Souris, all having succeeded well since adopting it as their home.

Mr. Scott will return in March.

HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From this Sad and Costly Experience.

It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those snow white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhœa, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the trouble will make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Mrs. Robert Glenn, of 434 Marie St., Ottawa, Ont., writes:

Dear Mrs. Pinkham:—

"Lydia E. Pinkham's Vegetable Compound is so well and widely known that it does not need my recommendation, but I am pleased to add it to the many which you have in its favor. I suffered untold agonies from ovarian troubles for nearly three years, and the doctors told me that I must undergo an operation, but as I was unwilling to do this, I tried your Vegetable Compound and I am only too pleased that I did so, for it restored me to perfect health, saving me the pain of an operation and the immense bills attending the same. Pray accept my hearty thanks and best wishes."

Just as surely as Mrs. Glenn was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability and nervous prostration.

Mrs. Pinkham invites all young women who are ill to write her for free advice. Address, Lynn, Mass.

HAVELOCK POST OFFICE SERVICE

A Citizen Complains of the Accomodation Service.

The Examiner has received the following letter from a citizen in Havelock, with the request that it be published:—

To the Editor of the Examiner:

Dear Sir,—More of our residents seem to think there is still a great deal of room for improvement in the Post Office and its staff in this town.

I have had several prominent men in this place tell me that when the one lady clerk is not on duty that they experience a great deal of difficulty in getting their business transacted. It seems that the lady clerk is the only one who understands the banking and postal and money order branch and if she is not present it is next to impossible for them to get their requirements supplied.

Of course it is out of the question that one lady clerk can be on duty at all hours, as she requires to be relieved at intervals, and as this is the case, we should be pleased to have someone there who is capable of taking charge during her absence.

The writer of this had the misfortune to need a money order in a hurry the other day, and he had to cool his heels in the bleak and bare looking office for just thirty-five minutes. There is only one small wicket and being about noon, there were a considerable number of callers for their mail, who in all cases got the first consideration, and after their several packages had been handed out, the clerk seemed to have morep ressing business of a private nature on hand which caused considerable delay, the length of time he required to make out the order was no great compliment to his skill as a postal clerk.

Not only is better service needed in this respect, but another wicket is certainly required to meet the demands of this office.

I have personally had to stand for intervals of from ten to twenty minutes waiting to receive my mail, and this not on one, but many occasions. This, to one, who like myself, has only a limited amount of time at his disposal, during the day, is a great inconvenience, and from what others tell me, mine is by no means an isolated case.

Pale Face, Weak Blood

YOU CAN MAKE THE BLOOD RICH THE SYSTEM STRONG, THE COMPLEXION HEALTHFUL BY USING

Dr. Chase's Nerve Food

Why do some people have healthful, rosy complexions while others are pale and wan in countenance?

Why are some people strong and able to defy disease while others are weak and subject to all the ills of human kind?

The difference is in the blood. Pallor of the eyelids, gums and lips tell of blood that is lacking in quality and richness.

The person who has poor blood is subject to headache, dizziness, sleeplessness; the action of the heart is weak, and there is sometimes palpitation; the breath is short, and there is lack of energy and strength.

This weak, anaemic condition is entirely overcome by the persistent use of Dr. Chase's Nerve Food, which is above all else a builder and enricher of the blood.

You can best prove this by noting your increase in weight from week to week, while using this great food cure.

New, rich flesh and tissue are added, new strength and vigor take the place of weakness and suffering, and instead of taking cold or contracting diseases at every gust of wind that blows you find yourself strong and robust.

Mrs. George F. Brisbin, Lake street, Peterborough, states: "One of of my children, a boy of fifteen years did not have good health for a year or more. He seemed to have no energy, was weak and languid and suffered from nervousness. The doctors said he was growing too fast, but we became alarmed about him, and began using Dr. Chase's Nerve Food. It was not long until we noticed a great change in his condition. His appetite improved, he had better colour, and soon became stronger and healthier. He is still using the Nerve Food and we are perfectly confident that he is improving right along under this treatment."

Nuptials of Miss Minnie Leahy and Mr. Bernard Harrington.

St. Joseph's Church, Douro, was the scene of a pretty wedding on Tuesday, 7th inst, when Miss Minnie Leahy was united in marriage to Mr. Bernard Harrington, of Ennismore. Rev. Father Kellty performed the ceremony. The bride was attired in navy blue ladies' cloth. She was assisted by her cousin Miss Minnie Holland, who was attired in brown. Mr. John Harriman acted as best man. After the ceremony congratulations were extended the bridal party which returned to the residence of Mr. Michael Ryan, where a sumptuos wedding dejunier was served in the presence of about eighty-five guests. The afternoon and evening were spent in games and dancing until the wee sma' hours of the morn. The bride received many costly and numerous presents testifying to the high esteem in wh'ch the bride was held. Mr. and Mrs. Harrington will reside in Ennismore. Their many friends join in wishing them many years of happiness and success.

DOES THE RUSS WIN?

Rumor That International Commission Will So Decide.

BRITISH PRESS INDIGNANT

Report of Trawler Enquiry to Be Made Saturday, and Semi-Official Despatch Says It will Find Rojestvensky Could Not Do Otherwise Thon Fire on Fishermen.

Paris, Feb. 23.—A semi-official statement appeared last night relative to the work of the International Commission which has been considering the North Sea incident. It is as follows:

The commission gives no opinion on the question of the presence or absence of Japanese torpedo boats in the North Sea, declaring that the Russian Admiral quite legitimately believed that his squadron was endangered and that he had the right under the circumstances to act as he did. The Commissioners refer to the Russian Government's engagements to indemnify the victims of the deplorable incident.

The report will be sent to-day by special messengers to the Russian and the British Governments, not because it is liable to modifications at the instance of one or other of the Governments, the Commission's decision being without appeal, but the Commissioners do not wish the powers interested to simply learn through the press of the the last public action and the conclusions arrived at. There is nothing in this preliminary communication or report except an act of deference.

The public sitting for the reading of the conclusions will probably be held on Saturday.

Members of the commission who were seen last night refused either to confirm or deny the statement; but officials having favorable opportunities to judge of the results of the enquiry consider the report to be substantially correct.

INDIGNATION IN BRITAIN.

London Newspapers United in Sounding Note of Discord.

London, Feb. 23.—A strong chord of indignation is sounded by the London daily newspapers this morning over the semi-official statement relative to the decision of the North Sea Commission, giving to Russia the victory, but it is still hoped that the publication of the full text of the Commission's report may modify the impression produced by the preliminary version, which is one of intense disappointment.

The Daily Mail goes as far as to declare that the decision has dealt a death blow to arbitration. Some of the newspapers blame the Government strongly for ever consenting to subject such a matter to arbitration, while some of the Governmetn organs find that the cold comfort in the fact that the Government by doing so avoided war with Russia. No question is raised that the decision must be respected, and Great Britain's share of the heavy costs will be ruefully paid; but it is considered that the decision leaves the question of a neutral rights on the high seas in a deplorably unsatisfactory state, and creates a dangerous precedent.

The Morning Post says: "A new dogma of international laws thus established, under which the commander of a belligerent fleet may attack and destroy neutral unarmed vessels without any other plea than that he conceived his ships might be in danger. This doctrine is so monstrous and inconceivable that we can only yet hope the official report will give a different reading."

Just before Parliament rose last night, replying to the question whether any precaution to protect the fishing fleet on the Dogger Banks was taken during the passage of the third Russian squadron, Premier Balfour said that His Majesty's Government placed implicit reliance on Russian assurances that they had taken every precaution to guard against the recurrence of any such incident, and that special instructions had been issued to the whole Russian fleet, with this object in view.

CONDEMNED TO DIE.

Grand Duke Alexis Says He may as Well Go to Funeral.

New York, Feb. 23.—A St. Petersburg despatch to The Herald, dated Tuesday, says:

Grand Duke Alexis started to-night for Moscow. When remonstrated with, he replied: "I am on the list of those condemned to death, so it does not matter."

The Grand Duke Vladimir is too ill to go. The Emperor sent a representative to the frontier to meet Grand Duke Paul, bearing all his uniforms and decorations and a message. He has been restored to full rank and all his titles and emoluments, which were sequestrated at the time of his recent marriage.

Dantchenko, a famous Russian war correspondent, and a friend of General Kuropatkin, has made a sensational speech at the Hermitage Restaurant in Moscow. He denounces the war as futile, benefiting the bureaucrats only, and says it means ruin to Russia.

As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

Chamberlain's Cough Remedy

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.

Chosen Friends.

The members of Peterborough Council, No. 423, Chosen Friends, are hereby notified that the regular meeting will be held in the S. O. E. Hall, on Friday next, Feb. 24th, at which business of importance will be brought before the meeting, to be discussed previous to the delegates going to the convention. The proposed amendment to the constitution will also be discussed; also to bid farewell to Organiser G. W. Shibley, who is to leave Peterborough. By order. 3t

A Work of Art.

The Armour Company of Chicago, following its custom of past years, has sent out calendars which equal, if not surpass, anything yet issued by this or any other firm advertising in this way. There is, however, very little to suggest that they are advertisements, and they might well be classed as works of art. Six large cards, tastefully tied with coloured ribbon, are used to reproduce the drawings of the best artists. Pictures by such artists as Gilbert, Travis, Cameron, Strauss, Campbell, and Sharpe, adorn the calendar, which is an ornament to any room.

CHEESE ACCOUNTS WERE ALL RIGHT—

A Statement With Reference to the Young's Point Factory.

Special to the Examiner.

Young's Point, Feb. 22. — The trouble in the cheese factory affairs has been satisfactorily settled, and the following public statement has been issued:

We, the undersigned, do hereby state that we have looked over the bank book of the Young's Point cheese factory for 1903, comparing it with all deposits made in the Toronto Bank in that year, and have found, to the best of our knowledge, everything correct, and have seen that A. Wilson, maker, and W. Young, salesmen, are exonerated from all blame regarding the story which has been circulated against them.

ALTERATIONS AT BARRIE'S

The Hat and Fur Store to Have a New Front.

Mr. Thomas Barrie to-day informed the Examiner of several alterations to be made in the near future to his handsome hat and fur store, corner of George and Simcoe streets.

The store front is to undergo a complete change. The present one will be torn out, and one of entirely new design substituted. A number of minor changes will also be made to the interior of the store.

The second story will also undergo many improvements, which are demanded by the present lack of room, it being much too limited in space to meet the demands of Mr. Barrie's extensive business.

The store will undoubtedly present a very attractive appearance at the conclusion of the contemplated improvements, which are, it may be said, in keeping with Mr. Barrie's progressive policy.

Your Duty to Your Child.

If your child complains of eyestrain, headache or imperfect vision, call at Madill's drug store, Peterborough, and have the eyes carefully tested. No charge for testing. Mr. Wm Madill gives this department his personal attention at all times. Satisfaction guaranteed in all cases or money refunded.

WEDDING BELLS.

Nuptials of a Former Peterboro' Lady at St. John, N. B.

The Daily Telegraph of St. John, N. B., of Feb. 17th, has the following account of the marriage of a daughter of Mr. P. H. Green, who a few years ago conducted a photograph studio on Hunter street, but who is now engaged in the same business at St. John, N.B.:

"Miss Annie Maud Green, eldest daughter of P. H. Green, the Charlotte street photographer, was united in marriage last Wednesday afternoon to Charles Holden Merritt of the office staff of T. McAvity & Sons. The ceremony took place at five o'clock at the residence of the bride's father, 66 Elliot Row, Rev. Christopher Burnett, pastor of Leinster Baptist church, officiating, in the presence of a few relatives. The bride was tastefully gowned in pale grey eoleinne silk. She was given away by her father, and the couple were unattended. A large number of handsome gifts were received from friends and relatives in the city, Rothesay, and in Peterborough and Berlin, Ont. From the office staff and clerks in T. McAvity & Sons, a handsome carved solid oak chair was received. The groom's gift was a beautiful fur-lined coat and stone marten stole. Mr. and Mrs. Merritt have many friends in the city, and elsewhere, who will wish them every happiness."

Hope For Inebriates.

The only conditions required for the cure of an inebriate with Dr. Mackay's Specific Medicine are that he desires to be cured, and that he will abstain from drinking for a few days while taking the treatment. Write to the Leeming, Miles Co., Limited, 288 St. James street, Montreal for full particulars. All communications private. 13

FIERCER THAN EVER

Irish Party Again Returned to Attack On Government.

BUT DEFEATED BY 265 TO 223

Government's Administration in Ireland Scathingly Assailed by Mr. John Morley—"Confusion of Administrative Forces Worse Confounded" Was His Summing Up.

London, Feb. 23.—Encouraged by the reduced Government majority in the division in the House of Commons on Tuesday night, the Irish party unexpectedly returned to the attack yesterday more fiercely than ever. Immediately after the session opened, John Redmond gave notice of a motion to adjourn in order to discuss the conditions under which Sir Antony MacDonnell holds the post of Under Secretary to the Lord Lieutenant of Ireland. This move came as a surprise, and caught the Government off its guard.

The Speaker set the debate on the motion for the commencement of the night session. It had been expected that the debate on Mr. Morton's amendment, calling the attention of His Majesty to the condition of the army, showing "negligence," which came up yesterday, would occupy two days. A number of Unionist members accordingly absented themselves. Mr. Redmond's tactics caused a great scurrying by the whips and much upsetting of arrangements.

Defeated by 265 to 223.

The debate lasted till midnight, when a motion to adjourn was defeated by 265 to 223; but Mr. Redmond scored a point by compelling Mr. Wyndham, Chief Secretary for Ireland, to read the correspondence between himself and Sir Antony MacDonnell, by which it was shown that the Under-Secretary was given extraordinary powers and authorized to arrange for co-ordination in the control and direction of the board and administrative agencies. It was also shown that Premier Balfour had concurred in this arrangement.

John Morley scathingly assailed the Government's administration in Ireland. He said Sir Antony had been censured without a hearing for doing what he had warned them he would do, and which they had invited him to carry out. The Earl of Dudley, Lord Lieutenant of Ireland, Mr. Morley said, had been overthrown by the Premier, and the Under Secretary's conduct was described as "indefensible."

"What a picture," said Mr. Morley, "of confusion of administrative forces worse confoundeed." Mr. Morley admitted, however, that nothing was shown by the correspondence that was dishonorable to the parties concerned.

Premier Balfour Explains.

Premier Balfour said the letters showed that when MacDonnell was appointed Under Secretary to the Lord Lieutenant of Ireland, nothing in the shape of devolution was contemplated. Sir Antony's conduct, he said, was indefensible, because, in respect to the Dunraven scheme he had exceeded the bounds laid down. This, however, Mr. Balfour said, implied no criticism of his great services. The whole episode was due to a misunderstanding, and Mr. Balfour appealed to the House to bury it.

Mr. Moore, on behalf of the Irish Unionists said the resolution showed that Mr. Wyndham had tried to form a moderate party in Ireland, which, while directed against the Nationalists, would have destroyed the Irish Unionist party. This, Mr. Moore said, justified the attitude of the Irish Unionists towards Mr. Wyndham.

Mr. Asquith said it was clear that Sir Antony MacDonnell had been censured for acting under the terms of his appointment.

The division followed on a motion to adjourn, which was defeated by 265 to 223.

Tell All the Truth.

A lively scene at question time arose from the affair of Sir Antony MacDonnell (Under Secretary to the Lord-Lieutenant of Ireland). The Nationalists were heckling Premier Balfour and Mr. Wyndham, Chief Secretary for Ireland, in an effort to extract further information as to how far Mr. Wyndham was involved in what he has termed the Under Secretary's "indefensible" course connected with the devolution scheme, when John Redmond, the Irish leader, turning to Mr. Wyndham, shouted:

"You might as well tell the truth at once."

Mr. Balfour immediately raised a point of order. The speaker ruled that the remark was "offensive," and Mr. Redmond promptly apologized and explained that he had not meant to imply that untruths had been told, but that the whole truth had not been told yet, and that he was not obliged to drag it out piecemeal.

Mr. Redmond ultimately secured an adjournment of the House to call attention to Sir Antony MacDonnell's position.

None of Britain's Business.

James Keir Hardie, Socialist, attempted to extract from Premier Balfour an expression of opinion on the recent events in Russia, especially the shooting of workmen at Warsaw, and asked if the Government had any intentions of making representations on the subject. The Premier, however, merely said:

"We have received no confirmation of the story of the shooting of 120 workmen at Warsaw. I must decline to discuss matters outside of the province of the Government and the House. It is absolutely impossible for the Government to interfere in the internal affairs of Russia or express any judgment on those affairs."

SCH. DONAHUE CASE.

Canadian Crew Arrested at Montevideo—Hon. Mr. Prefontaine Reports Correspondence.

Ottawa, Feb. 23.—A return presented to the House yesterday by the Prime Minister, shows that the lands undisposed of in Provincial districts of the N.W.T., are as follows:

Alberta 38,190,964 acres, Assiniboia 32,285,876 acres, Saskatchewan 31,823,246 acres, Athabasca 155,622,704 acres, Franklin 320,000,000 acres, MacKenzie 340,886,420 acres, total 938,818,210 acres.

Petitions to Parliament.

Mr. Kemp presented a petition from the Toronto City Council in opposition to the bill to enable the Ottawa Electric Company to purchase the stock of other companies.

Dr. Sproule laid on the table of the House a petition purporting to come from S. G. Wallace and others of Centre York, against any Federal enactment which would deprive the Northwest Territories of perfect freedom in educational matters.

Questions and Estimates.

The House settled back into routine business yesterday, after Tuesday's intensity of attention, and dealt with members' questions and canal and public works estimates.

On the vote for maintaining the Railway Commission, Sir Wilfrid Laurier stated that if the law did not require the board to report to Parliament it would be amended this session to provide for that. The discussion on estimates for Toronto public buildings brought on an announcement from Hon. C. S. Hyman that the present Toronto Armories would be practically doubled in size by an extension eastward to accommodate the new corps. This is evidently the implementing of the promise made by Sir Frederick Borden at the garrison banquet in Toronto a few weeks ago. Estimates in all amounting to about $2,000,000 were passed.

Schooner Donahue Case.

D. D. McKenzie of Cape Breton drew the attention of the Government to the plight of several Nova Scotians who are prisoners of the South American Republic on the unproved charges of poaching seals. The facts of the case seem to be that the schooner Agnes E Donahue, formerly owned in Halifax, left Nova Scotia last autumn for British Columbia via Cape Horn, to engage in the sealing business. En route the vessel captured seals in the South Seas, was seized by the Government of Uruguay and taken to the port of Montevideo, where, since November 11th, the captain and crew of nineteen men have been detained as prisoners on board their vessel.

There was no charge proved against them, although there had been a sort of trial before the Supreme Court of Uruguay. Mr. McKenzie observed that as an international question this might seem a small matter, but it was a serious affair for the parties concerned, and he hoped the Government would see that justice was secured, also as compensation was likely to be made to the owners, it was only right that the crew should be considered, as the men were not on wages but on shares. The charge alleged against them was poaching seals, but there were no laws in Uruguay on the subject of sealing.

Preparing a Law.

Mr. Prefontaine said that while the subject was a new one to the House, it was not new to the Department. About a month ago complaint of the illegal seizure was received, and the Department at once communicated with the Home Government, with the result that after exchange of one or two cables the men had been released. But the Government of Uruguay had insisted on keeping the captain a prisoner while a new law was being prepared to meet the case. (Laughter). Further representations had since been made to the Home Government, but to them no reply had yet been received.

Can't Be Helped.

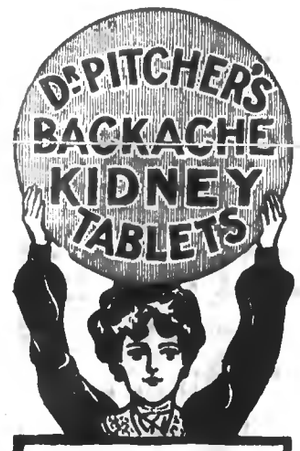
The British Consul in Montevideo, the Minister said, was doing his best for the victims, but it was one of those peculiar cases which were to be met with in dealings with those South American Republics. Everything possible was being done, however, to secure justice for the Canadians concerned in it.

Change Postal Charges.

Ottawa, Feb. 23.—In the Senate yesterday, Hon. Sir George Drummond called attention to certain anomalies in the postal charges and moved the following resolution:

"That the attention of the Government be directed to the local, foreign and Imperial postal charges, with the view of remedying certain inequalities therein, and the Senate affirms the principle that the conveyance of letters, newspapers, books, periodicals, etc., should be at a lower scale of charges within the Empire than at the time ruling with any foreign country."

After an interesting discussion, the motion was agreed to, and Mr. Scott suggested that an extra edition of the Hansard be printed for circulation.



WOMEN'S AILMENTS.

Eighty per cent. of the ills of womankind are due to Kidney derangement. Backache, pain in the side, headache, depression, pimples and eruptions, swelling of the feet, bad taste in the mouth, all come from disordered kidneys allowing poisons which should be carried off to remain in the system.

Dr. Pitcher's Backache-Kidney Tablets positively cure all kidney trouble, and free women from aches and ailments.

Mrs. Richard Meyrs, Preston, Ont., says: "I had a severe pain in my back that gave me no release in the day time and disturbed me nights. Dr. Pitcher's Backache Kidney Tablets cured me of the pain, and I have no longer that depressing weakness in the morning of formerly."

Dr. Pitcher's K.-B. Tablets are 50c. a box, at druggists or by mail. The Dr. Hunt Pitcher Co., Toronto, Ont.

RUSSIAN DISASTER

St. Petersburg Has Story of Kuropatkin's Outflanking.

DRIVEN FROM SHAKHE RIVER

Talkative Captain Clado Believes a Great Naval Battle is Inevitable, and a London Correspondent Says Kamimura Is in the Indian Ocean After Rojestvensky.

St. Petersburg(Feb. 23.—Rumors are current in this city to-night that Gen. Kuropatkin has been outflanked in the vicinity of Simmintin and compelled to retire from the Shakhe River; but official despatches, so far made public, and the Associated Press' Mukden advices gives no intimation that such a contingency is even remotely possible. Military circles scout the report entirely, and say no body of Japanese of sufficient strength has been observed operating on the right Russian flank to force General Kuropatkin to abandon his exceedingly strong position on the Shakhe without a hard fight lasting several days.

Naval Battle Inevitable.

Paris, Feb. 23.—Capt Clado, who came to Paris to testify before the International Commission of Enquiry into the North Sea incident, will leave Paris to rejoin Vice-Admiral Rojestvensky immediately after the commission announces its decision. In an interview Capt. Clado said: "I believe Rojestvensky will seek to avoid an ecounter, although I consider that a great naval battle is inevitable."

May Meet Rojestvensky.

London, Feb. 23.—The correspondent at Tokio of The Daily Telegraph states that Admiral Kamimura and his squadron are in the Indian Ocean, and the correspondent believes that important naval developments are imminent.

Gen. Oku's Fighting Methods.

Mukden, Feb. 23.—A secret order issued by General Oku has been captured. It says:

"Through all fights, all, from the chief to the last soldier, have done their duty. They have not spared their stomachs, and have driven back the enemy everywhere. Nevertheless, we have not yet been able thoroughly to defeat the enemy. The most difficult and heaviest fighting is yet before us, and the end of the war is far distant. Let commanders instruct subordinates that any hesitation or irresolution increases the loss, and a determined attack causes less. It is, therefore, imperative to advance with determination. Commanders must punish the unworthy without the slightest mercy. There must be no following personal inclinations, but in the strict line of duty."

Tells of a Panic.

Lieutenant-General Mistchenko, commander of the Eastern Cossack Brigade, who was wounded in the knee during the attack on Sandepas last month, permitted the following important statement to pass the censor last night:

"On Jan. 27, I saw for the first time a real panic among the Japanese. We penetrated into the Village of Saerpon and captured 200 men. The rest fled to the next village, where they were strongly reinforced. The Cossacks, who followed the Japanese, were received with volleys.

"I was standing in a square and called up a battery, which open fire. We were short of ammunition, while the Japanese were all the time receiving reinforcements, and the place became too hot for us.

"I gave instructions to have the ditches of the village well examined to avoid abandoning wounded men, and then ordered the battery to retire and began slowly retiring myself with the Cossacks. At that moment a bullet hit me in the leg."

Cossacks on a Raid.

A company of Cossacks, which has returned from a long and perilous reconnaissance toward Korea, penetrated by mountain paths, as far as Hagoumin, eighteen miles northwest of the Yalu River, where they burned a large depot of Japanese provisions. Turning south, the Russians captured a transport of supplies, of which the small command was in great need. During the course of the night Japanese surrounded the command on three sides, when the positions of the Russians was desperate, but a Chinese guide discovered a mountain pass, by which they escaped to Khuaizhen Mountain, 100 miles due north of the mouth of the Yalu River, from whence they rejoined the army by way of little known trails.

Caused Indignation.

The news of General Grippenberg's attack on General Kuropatkin has caused great indignation at Russian headquarters here, and in army circles. Gen. Grippenberg's departure was a surprise, as he had received no orders from General Kuropatkin to quit his post. He left Manchuria unceremoniously, without taking leave of the Commander-in-Chief.

Kuropatkin Sustained.

St. Petersburg, Feb. 23.—Emperor Nicholas is said to be dissatisfied with the conduct of Gen. Grippenberg in Manchuria, and he has not only sustained Gen. Kuropatkin, but has ordered Gen. Grippenberg to return to his post. It is gossip in court circles that Gen. Grippenberg's face was far from cheerful when he left the Emperor's cabinet.

To Build Destroyers.

Tokio, Feb. 23. — The Japanese Government has ordered the immediate construction of 25 torpedo boat destroyers. Fifteen are to be built in the Government yards, and ten in private yards.

It is reported that a steamer bound for Vladivostock has been caught and held in the ice in Ezo Strait, between the Islands of Kunashiri and Hokkaido, since Feb. 17. The name of the steamer has not been ascertained.

Japanese Nervous.

Mukden, Feb. 23.—Reports from scouts show that the Japanese have constructed three lines of narrow-gauge railway from Beiuligai to Padyaza, or Houhai Hill, and from Shakhe to Sinchinpu.

The staffs of Field Marshal Oyama and Generals Kuroki and Oku are at Liaoyang, which is strongly fortified. The ninth division, commanded by Gen. Nogi, has arrived at Liaoyang, and the first division now is arriving there.

There are reports that the Japanese are reinforcing Korea. Chinese say siege guns are being retired.

Sharp Skirmishes.

St. Petersburg, Feb. 23.—A telegram from Huan Mountain, Manchuria, says sharp outpost fighting occurred on February 20 in the Tsinchen Mountain district.

The Russian losses in the outpost skirmishes southwards of Tsentl Pass where 14 killed and 63 wounded.

Damaged Railway.

Tientsin, Feb. 23.—About 300 Russian raiders reached and slightly damaged the railway between Haicheng and Tatchekiao on Monday night, and again disregarded the neutrality of the territory west of the Liao River. The presence of Chinese soldiers was not reported. It is evident that the villagers keep the Russians well informed as to the disposition of the Japanese troops. The damage to the railway was immediately repaired.

Siberian Line Is Giving Out.

London, Feb. 23.—According to The Daily Telegraph's St. Petersburg despatches, the Siberian Railway is giving way under the tremendous strain to which recently it has been subjected. A general sagging of the rails and other serious defects are showing themselves, and though the railway is only capable of carrying barely sufficient provisions for General Kuropatkin's army, this is becoming increasingly difficult, and the number of trains daily soon must be reduced.

Perhaps They Can't Read.

St. Petersburg, Feb. 23.—It is explained at the Foreign Office that the departure from San Francisco of the three officers of the Russian cruiser Lena, breaking their paroles, was owing to a misunderstanding.

COLLAPSE OF CZARINA.

In Terror for Life of the Czar, She Is in Delirium at the Point of Death.

tS. Petersburg, Feb. 23.—Fear of the assassination of the Czar has brought the Czarina to serious collapse. Six specialists are now in attendance on her in the palace in Tsarkoe-Selo. It is said the Imperial patient is in delirium and close to death, but so far no official announcements have been made, and every detail of her illness is closely guarded.

The Czarina, following the assassination of Grand Duke Sergius, became frantic at the thought that the Czar would be the next victim of the Terrorists. It has even been reported that she believed the revolutionists would not spare her baby heir to the throne and that she gave herself to such gloomy brooding that her mind became temporarily affected.

The specialists went to Tsarkoe-Selo Tuesday night on a special train from St. Petersburg. They held a conference yesterday morning. The Czar is greatly distressed at his wife's condition, and has requested a German specialist in nervous troubles to hurry to her bedside. The Czarina was one of the closest friends of Sergius, his wife being her sister. The piteous grief of the widow has had a disastrous effect on the Empress.

Czar Grants All Demands.

Berlin, Feb. 23.—A despatch to The Lokal Anzeiger from Warsaw says the Russian Minister of Railroads has telegraphed that, by command of the Emperor, all the demands of the workmen on the state railroads are to be immediately granted.

MEETING OF THE CABINET.

Expected Date of Opening of the Legislature Will Be Fixed.

Toronto, Feb. 23.—All the members of the Cabinet, except Hon. J. J. Foy and Hon. Dr. Pyne were out of the city yesterday. To-day the non-resident Ministers will be here to attend a Cabinet meeting, when the date of the opening of the Legislature will be fixed.

Prompt returns were made by the returning officers of East Toronto and South Lunark, the clerk of the Legislature receiving first thing yesterday morning the official declaration of the return of Hon. Dr. Pyne and Hon. J. A Matheson.

$10,000 for Immigrants.

Montreal, Feb. 23.—A novel procedure in bringing immigrants to Canada was disclosed yesterday, when it was learned that Hermann Landau,a gentleman well known in London, a connection of the Rothschild family, had sent 400 Russian Jews to Canada on the Mount Temple of the C. P. R. Atlantic Line, and that the sum of $10,000 had been placed with a Montreal gentleman to their credit, this sum to b spent in housing and placing them in their Canadian homes.

WOULD YOU HAVE A BEAUTIFUL COMPLEXION

How to Secure One and Enjoy the Best of Health in Nature's Way.

Healthy beauty is the only kind that charms. Of what avail is the sallow prettiness of an invalid? Artificial beauty obtained by the use of lotions, washes and powders containing lead, zinc and bismuth is but a travesty—easily seen through. It is the plumpness of flesh and pure blood that makes people attractive. You cannot have health, good looks, rosy cheeks and bright, snappy eyes unless your blood is pure, rich and red. You cannot have that symmetry of development, that radiance of beauty and that healthy glow to your skin which is a guarantee of a pure, vigorous blood supply unless your stomach, liver and bowels are working together right. If you are constipated, if you have dyspepsia indigestion or an occasional attack of biliousness, there is reason enough why you have a bad complexion, but that is no excuse for your using cosmetics to cover up defects. Better use Smith's Pineapple and Butternut Pills to cleanse the blood of impurities, regulate the bowels and establish a normal condition of digestion and nutrition. Begin right and you will have no use for artificial beautifiers. Under the active influence of these wonderful little vegetable pills the blood is invigorated and enriched, the nerves are strengthened, the muscles take on new energy, the skin becomes rosy and red, showing the circulation is normal and active as Nature intended it should be. Try this plan, use Smith's Pineapple and Butternut Pills each night for two weeks and you will be astonished at the improvement. Depend upon it that these little pills will not only correct a bad complexion, but they always cure sick headache, constipation and biliousness in one night. Price 25 cents at all dealers.

Specialists in the Treatment of Nervous, Blood, Private and Sexual Diseases of Men and Women. 28 Years in Detroit.

No Names used without Written Consent. Cures Guaranteed.

Thousands of young and middle-aged men are annually swept to a premature grave through early abuse or later excesses. Chas. Anderson was one of the victims, but was rescued in time. He says: "I learned an evil habit. A change soon came over me. I could feel it; my friends noticed it. I became nervous, despondent, gloomy, had no ambition, easily tired, evil forebodings, poor circulation, pimples on face, back weak, dreams and drains at night, tired and weak mornings, burning sensation. To make matters worse, I became reckless and contracted a blood disease. I tried many doctors and medical firms—all failed till Drs. Kennedy & Kergan took my case. In one week I felt better, and in a few weeks was entirely cured. They are the only reliable and honest Specialists in the country."

is offered as a guarantee that neither

Dr. Pierce's Favorite Prescription

NOR

Dr. Pierce's Golden Medical Discovery

contains alcohol, opium, or any harmful drug. Any one publishing false statements concerning their ingredients will be prosecuted. Doctor Pierce's Family Remedies are compounds of medicinal principles, scientifically extracted from native roots that cure the diseases for which they are recommended. They are medicines which have enjoyed the public confidence for over a third of a century. They are medicines not beverages, made to satisfy a craving for "booze."

"Golden Medical Discovery" regulates and invigorates stomach, liver and bowels, and cures dyspepsia, purifies the blood and tones up the system generally.

"Favorite Prescription" cures female weakness, irregularities, exhausting drains, painful periods and kindred ailments peculiar to women. Accept no substitute for these medicines, each of which has a record of marvelous cures. Substitution means selfishness on the part of the dealer who is looking for the greater profit on an inferior article.

"Our daughter who was attending college became very nervous and we were advised to try Dr. Pierce's Favorite Prescription," writes Mrs. M. C. Fox, of 67 E. Leonard St., Grand Rapids, Mich. "We did so and then you advised us to get the 'Golden Medical Discovery' also. She took four bottles of the 'Prescription' and three of the 'Golden Medical Discovery,' and you never saw such a change in a person. She said she did not feel like the same person. She was about seventeen years old at the time. I will gladly recommend Dr. Pierce's medicines to every one. I advise parents who have young daughters who suffer from nervous troubles to try Dr. Pierce's Favorite Prescription at once. I am sure it will help them."

PETERBORO' RINKS GOOD SCORES

Third Day of the Bonspiel Sees Good Finishes.

To-day's Scores — Some Surprises — Finish To-morrow.

There were some great finishes in the matches at the big bonspiel yesterday, and some surprises. The local rinks did remarkably well, Hamilton winning from Read of Bobcaygeon by one shot in the primaries, while Hall's rink, by some splendid curling, defeated Connal by 5 shots. Both these rinks will go into the semi-finals.

FENELON RAN UP BIG SCORE

But Locals are Confident that They can Defeat Them at Home.

The T. A. S. Trent Valley team went to Fenelon Falls on Tuesday and played the first game in the semi-finals. The Toronto Globe says of the game:—

The first of the finals for the Trent Valley championship was played here to-night before an immense audience. The Peterborough T. A. S. were no match for the speedy local bunch, the score at half time being 14 to 0 and the finish 29 to 0 in favour of Fenelon Falls.

Teams were:—

T. A. S.—Goal, Clancy; point, Maher; cover point, Quigley; rover, Deforge; centre, McGrath; left wing, Phelan; rightt wing, Ross.

Fenelon Falls.—Goal, Gould; point, Davey; cover point, Burgess; rover, Dyan; centre, Sandford; left wing, Oulett; right wing, Boyce.

Timers, F. N. Rutherford, Ross; goal umpires, Beateau, Johnston; referee, W. E. Irwin, Lindsay.

The T. A. S. team returned home again this morning and are not at all downcast over their defeat and feel confident that in the return game here they will be able to defeat the Falls bunch, which is practically last year's Victoria Harbour Intermediate team. The game was not by any means as one-sided as the score indicates, and the visitors did not have it all their own way. The strong point on the Falls team is their forward line, the defence being weak.

In the return game which will be played on the 28th, the locals hope to turn the tables on the Falls team. Goals do not count in this round so that the local team is not down and out by any means.

MR. RICKERBY STILL WILLING

Will Stand by his Offer to Back the T. A. S. Team.

To the Editor of the Examiner:

Dear Sir,—I must again ask for space to reply to a letter in your last issue captioned "Will Mr. Rickerby Take the Dare?" In the eleventh hour a voice comes from behind the curtain and offers to take up my bet, evidently with a view of misleading your readers. In my letter on Saturday last I said:—"The T.A.S. can trim them, (the Karnots) in the same fashion as they, (the T.A.S.) disposed of us on Thursday night last." Could any intelligent reader interpret it as meaning that the score would be the same, or that they (the Karnots) would be beaten by the same number of goals? No intelligent man would make such an assertion. And no intelligent man would interpret it as meaning that. I was seen to-day by the secretary of the Karnot Hockey Club, who asked me as to the reliability of my assertion in Saturday's issue. He seemed terr-rib-ly disappointed when I explained the meaning of my assertion, and then concluded by asking me if I would cover their money that the T.A.S. would beat them. I assured him that I would not only cover his twenty-five, but would make it the even hundred. In turning away he said, "I will try to get a piece of your money." Now, Mr. Editor, if he or their (Karnots) supporters care to cover the money I will meet them at the Examiner office to-morrow morning at ten o'clock. Its now up to them to put up their money or be good. Which will they do?

Respectfully yours,
GEO. T. RICKERBY.

As he is a young horse, there is still a good chance that he may better his present record.

ADDITIONS TO THE SERVICE

Street Railway has Added Two New Cars for Emergency Purposes.

With the opening of spring the Street Railway service will be strengthened by the addition of of three or four new cars, and a consequent improvement in its facility for the handling of passengers is anticipated. In the meantime two new cars which have just arrived in town will be added to be used for emergency purposes. One of these cars, which are at present at the C.P.R. station was unloaded yesterday, and the other will be removed to-day.

The service to the various pleasure resorts surrounding the town will receive special attention during the coming summer. Ample provision will be made towards meeting all the requirements of the company's patrons who wish to enjoy the amusements at the new park which will be laid out at the south end, as well as for those whose inclinations lead them toward Jackson Park and other spots during the hot days.

ANNUAL MEETING HELD YESTERDAY

St. Luke's Woman's Auxiliary Received Reports, and Elected Officers.

Yesterday afternoon a largely attended meeting was held by the members of the Women's Auxiliary for Missions, it being the occasion of the annual meeting. Reports were presented by the various officers, which evidenced the fact that the Auxiliary had been very active in its work for the cause of Missions. A total sum of $252.74 had been received, the talent fund, which some of the members originated, adding $54.73 to the funds. Two bales were sent, one to the Blackfoot Home Hospital, the other to Sarcee Home. The value of the bales was estimated at about $100. The election of officers resulted as follows:

Hon. Pres.—Mrs. E. A. Peck.
Pres.—Mrs. Walter Boswell.
1st Vice-Pres.—Mrs. Langfeldt.
2nd Vice-Pres.—Mrs. W. J. Scott.
Cor. Sec.—Mrs. J. J. Turner, jr.
Rec. Sec.—Mrs. H. Butcher.
Treas.—Mrs. Gaskins.
Dorcas Sec.—Mrs. F. J. Jameson.
Organist—Mrs. Graham.
Supt. of Juniors—Mrs. A. O. Sawyer.

Representatives on executive appointed by the rector — Mrs. Phillips, and Mrs. Launderville.

P.M.C. Convenor and Treasurer — Mrs. L. Turner.

Delegates to annual meeting —Mrs. G. R. Browning and Mrs. H. Butcher.

The Rector was also present and addressed the members in a few words of advice and thanking them for the great assistance the W. A. was to him in the work of the church. After the close of the meeting a social hour was spent at tea.

It was decided to attend corporate communion on Quiquagesima Sunday, March 5th, at 11 o'clock.

GEORGE STREET MEN'S GUILD

Held Their Regular Meeting Last Night.

Last night the regular meeting of the Young Men's Guild of George street Church was held in the lecture room of the church. There was a fairly good attendance of the young men of the church, and the principal item of the programme for the evening was a talk on "Liquid Air" by M. J. Hutchinson, who explained the method of manufacture of this interesting liquid, and compared the different systems used by the various manufacturers. Reference was made to the liquid plant which was in operation at Sault Ste. Marie, and which was the only plant in Canada to manufacture Liquid Air in commercial quantities.

Some matters of business were discussed, and it was decided to hold the next meeting in two weeks' time when a good programme will be presented.

DANGEROUS PITCH HOLES

A Source of Trouble and Danger

If the reader does not know what is meant by a pitch-hole, let him take a drive over the "Mud Lake" road, in the vinity of the Dixon estate property. The pitch-holes there are especially deep and dangerous. This road is very extensively travelled, and this fact contributes to these chasms in the snow being gouged out more deeply with the passing of every sleigh. A citizen who passed over these pitch-holes this morning, says that unless something is done to remedy this abominable condition, there is absolute danger of serious, if not fatal, accidents to those using the road. Something should be done at once to level the street or streets where these big pitch-holes abound.

It is "up to" the town authorities to deal with the matter, and at once. The traffic, increased as it is on Saturday's, will be attended with tremendous inconvenience and great danger. Do it now.

NORWOOD CASES TRIED YESTERDAY

Judge Edmison Dealt With Two Cases of Disorderly Conduct.

Police Magistrate Edmison held court yesterday at Norwood where he disposed of two cases of disorderly conduct, the parties charged being Terence Smith and Fred Woods. After hearing the evidence the Magistrate convicted Fred Woods and imposed a fine of $2 and costs, but dismissed the charge against Terence Smith, as the evidence showed that he only interfered to prevent a disturbance in his hotel and that he used no unnecessary violence to do so.

UNION HALL, STEWART'S

From our Own Correspondent.

Union Hall, Stewart's, Feb. 21. — The country roads are in a very bad state at present.

Some of our young people who intended to take in the debate at Centreville on Monday night, were very much disappointed on account of the bad roads preventing them reaching there.

Mr. John Hanbidge has bought a very fine horse from Mr. Bell of Warsaw.

Mr. Bert Deyell has sold his driver.

There was a very large party at Mr. John Bennett's on Tuesday night. An enjoyable evening was spent in games, etc.

Miss Bertha Stewart is confined to her bed through illness.

Mr. Joshua Chambers is at present in Oshawa.

The Young Peoples' Society held a Valentine Tea on Thursday night but many could not get on account of the bad roads.

Indigestion and Headache

Mrs. Duncan McPherson, Content, Alta., writes, "I was for many years troubled with indigestion and headache and derived no relief from the many remedies I used. A friend advised the use of Dr. Chase's Kidney-Liver Pills, and after taking four boxes the result is that I am once more in the enjoyment of the blessings of good health."

Have you tried our New Cream Taffy. It is delicious and harmless. Try it. Sold only by T. H. Hooper.

DAIRYING IN PETERBOROUGH

The Condition in This County is Satisfactory.

Some Good Advice to the Patrons of Cheese Factories.

(Written for the Examiner by Mr. S. E. Payne, Warsaw.)

From unboassed reports it is learned that the dairy industry of Peterborough county is holding its own nicely with any other county of our province. It is said our cheese product is above many other sections or syndicates in its quality. Peterborough Board obtains as good prices as do others, if not slightly in advance of many boards.

Last season seemed to be productive of less difficulty in connection with sales than usual, this is certainly very desirable, and quite possible.

We have now each year an instructor, and have had for some time the same person. While some have complained we all know it would be more strange if this were not the case. I have considered, and with many years of experience, too, that his advice was timely, and cautiously given. He certainly has proven to be a close judge of cheese, not by any means anxious to discover some place or condition, about which he could ventilate his skill or authority, nor yet remiss to give any needed advice.

I have found Mr. R. W. Ward a friend to be trusted, a man with the experience of years, solidified and graced by life's common experience.

The managers of factories have little reason to expect an instructor to come into their factories to take charge of, and do the work for the day, that they may rest.

It should be quite enough to give any needed help, and he should be given the prerogative to decide whether it is needed, if allowed to examine the goods on hand.

The managers of factories have little time, and, I'm sorry to say, quite often less inclination to visit one another during the season's work for the purpose of noting whether their product is uniform and good. To my mind this is the greatest essential.

The cheese of any board will sell better by being uniform in all of its features, even though it may differ from some other locality, or syndicate, in some of the minor perfections. This is the greatest benefit, an instructor can be to men of common practical experience in the art. He will keep them colouring, salting, using rennet, finishing, etc., so that the finished article would appear as though from one factory. It is just what our market wants, and for which it will pay the best price.

The instructor is not in a position to do this work, which we, as manufacturers, with one another, cannot be. He can speak of things with grace, and authority, too, if need be, which we have no license for.

We all know much has been said about the care of milk; many words of scientific, practical and commonsense advice given. This has done its work in many cases well; still, there remains much to be done, not only for those who are beginning, but for many of our more experienced producers of this lactic fluid. It would appear to me that many of our farmers are capable of giving the most pertinent and practical instruction on the care of milk, as they are daily handling so much of it. Many of them are doing it quite satisfactorily. There are many patrons who have their product as good as can well be hoped for except some unusual misfortune occurs. I may know when milk is right, having had much experience, and also read much upon the subject, but never had the experience of caring for three or four hundred pounds in an old can through a very warm night, or, worse still, through a warm damp time, and bring it to a cheese factory Monday morning, to be inspected by some kind-hearted maker of cheese.

About nine-tenths of the milk found wrong during last season seamed to be result of cans becoming rough from want of scouring. It would appear to be advisable to scour once each week lightly and as near as possible to Saturday evenings, that the milk would have the advantage of a thoroughly clean vessel to facilitate the keeping until Monday's delivery. For to have it in good condition then is a very great advantage to us, when so much is on hand and things consequently out of the ordinary. It is also quite an advantage to the patronage as when received as it should be more cheese is gotten from it.

Those who handle milk would find great advantage from becoming accustomed to the use of a correct fifteen cent glass thermometer in cooling their milk; the "rule of thumb" is handy, but often expensive, one never gets any definite knowledge from such guessing, hence cannot become intelligent or helpful to others whom they would help. The very best way to do anything, in the end, is the easiest way only quite often the getting things in order takes time and thought too.

For instance a patron cools his milk to say 60 degrees F., last evening when the atmosphere was, say, 70 degrees F., and found that it had kept nicely, would afterwards know such conditions would again give similar results. In the cool nights of September and October it is often too cool, and again in the warmer nights of the same months it is about the worst kept milk of the season.

No person can be good at caring for milk without using his best judgment. The treatment should vary as does the temperature of the weather. We would be pleased to have the milk as near the same condition as possible, all the time as it would give us more uniform results.

A thermometer will last a long time as a rule if a socket is placed near where it is needed, and would certainly save time and worry enough to afford an occasional new one.

In our creamery work there is much cream wasted from frozen milk also much time and heat wasted—this could generally be prevented by the use of a thermometer. Then, too, when the dairy season was ended it would be very serviceable either in the home or cellar preventing many frozen potatoes.

There is a very common trouble and one that seems more difficult to prevent than would at first be thought, viz.,—dust in the bottom of the milk when delivered at the factory. Many times quite a teaspoon full of fine dust in the bottoms of the cans would appear when milk is drained off. If this came from the barn-yard it surely would not be beneficial. Some one may readily say carelessness, but it would not be so easily defined. Cows are very apt to lie down in the yard while the milkers are diligently going their rounds, and on rising much fine dust easily adheres to the sides and udder. This is ready to drop into the pail if not thoughtfully brushed off before milking begins. Pails or other utensils placed near unsoaked soil may have dust blown into them or again in bawling along the road it may be blown from fields, thrown up by wheels, etc., until a very undesirable amount is present. All should be done that can be, to prevent this as "off flavours," one of the worst conditions, may be caused in this way. It may appear reasonable, and yet it would be very unwise for us to say that we cannot make any improvement upon present attainments, we must and may ever be gradually going forward, this principle in everything keeps life's interest up and thus works out for us our very best. This is not too good.

DIFFICULTIES OF A BRIDEGROOM

How a Toronto Man Reached Minden to Attend His Wedding.

Wandered in Snow Until 5 O'clock in the Morning—Love's Final Triumph.

Minden Echo.—Messrs. Norman A. and Ross Craig, of Toronto, with Mr. Chas. Nolce, had a rather trying trip on their way from Toronto to Minden on Tuesday of last week, being due here Wednesday forenoon for the wedding of the first named gentleman.

Arriving at Lindsay, they found the train on the Haliburton branch cancelled for the day owing to the snow blockade on that line. Nothing daunted, the party started to drive through, and reached Fenelon Falls, where they got a fresh team and started onwards on their journey through the night. After driving three hours in the storm the driver found himself lost, so he turned back on his tracks, reaching Fell's crossing after a seven mile return drive. Here the driver deposited his passengers on the railroad track with their grips in hand to walk to Kinmount, seventeen miles, which they reached a little after 5 o'clock in the morning, tired out and nearly frozen. After getting some food the party got a livery rig and made a start for Minden, reaching here after over five hours' struggling through deep snow drifts, and arriving in time to keep the wedding appointment.

ARCHITECT VISITS TOWN.

Mr. Hewitt of Ottawa Will Report on Proposed Improvements.

Mr. Hewitt, an architect connected with the Public Works Department, Ottawa, has been in town for the past few days on business, partly in connection with the erection of the new drill shed, and also to make an investigation of the plumbing arrangements in the post office building, the latter having been reported as unsanitary, particularly in the basement section.

It is understood that a report, bearing upon the contemplated improvements to the post office, will also be made.

NO HOPE FOR PEACE

Czar of Russia Determined to Continue the War.

A FIFTH JAP ARMY SENT IN

Practical Answer to All Peace Talk—Russian Reliance is Still Placed in Kuropatkin, Who, They Think, Can Wrest a Victory From Oyama in Manchuria—Rumors of Battle.

Berlin, Feb. 24.—The Emperor of Russia has elected to continue the war.

His position is absolutely firm, and the German court has been advised in that sense.

The war will be pressed with the utmost energy, the domestic situation being now within the control of the authorities.

Those who have advised peace, and suggested enquiries for Japan's terms, the French and British Governments, are for the present silent, and are likely to remain so unless events of an extraordinary character shake the Russian Emperor's resolution. The considerations that led to the Emperor's decision, as understood here, are:

First—The judgment of the chiefs of the army that Field Marshal Oyama not only cannot defeat General Kuropatkin but stands in danger of defeat himself. How cowardly, therefore, for Russia to ask for mercy, with all the men and money essential to a successful war.

Second—All the forces of criticism now directed against the Government for having fought rather than yield to legitimate interests, and for having failed to win victories, would be continued with added fury against the Government that accepted war and then betrayed the country. A Government that would crave peace of Russia's enemy while still capable of winning victory would be giving the party of change genuine grounds for a revolution. The facts of the military situation, love of country and arguments of expediency were all against peace and for pressing the war hopefully.

Jap Answer Defi.

London, Feb. 24.—The Paris correspondent of The Times wires: "I hear that a fifth Japanese army is being concentrated in the north of Corea.

Is Big Battle On?

St. Petersburg, Feb. 24.—Although the city continues full of rumors that a big battle is proceeding below Mukden, the War Office does not offer any confirmation of the reports. Special despatches, however, as well as can be judged by the mutilated name in which they were allowed to pass the census, portend the imminence of extensive operations.

The Japanese are showing activity on flanks, and the railroad has again been damaged by a raid of mixed Japanese and Chinese bandits.

Japs Show Activity.

Tsinkhetchen, Manchuria, Feb. 24.—The Japanese continue to press the Russian advance divisions on the left flank. On February 21ft, with a strength of no less than eight battalions, they attacked the outposts. The Russians made a vigorous counter-attack and occupied the Village of Dapindu, forcing the Japanese temporarily to abandon their advance.

SERGIUS' OBSEQUIES.

Dowager-Empress Says She Is Not Afraid of Assassins.

St. Petersburg, Feb. 24.—All the members of the Imperial family who attended the requiem for Grand Duke Sergius at Tsarskoe Selo yesterday remained to a family council in the evening. The Dowager-Empress, who has been at Tsarskoe Selo since the eventful Red Sunday, Jan. 22, becoming impatient at the restraints which were advised by the police for her safety, rebelled against the alleged necessity of remaining at Tsarskoe Selo, declaring that she is not afraid, that the sands of her life have almost run out, and that if assassins want her life they may have it. The Imperial family and authorities implored her not to return to St. Petersburg, and she finally yielded. General satisfaction is expressed, even among the Liberals, that the funeral day of Grand Duke Sergius passed off with no untoward incident. Even the extreme Radicals respected the day of grief of the Imperial family. The police precautions, both here and at Moscow, though extensive, apparently were not needed.

The public is discussing with astonishment the sweeping statement of the Metropolitan of Moscow, attributing the guilt of the assassination to the entire Russian society, critics saying that if this be true it justifies the contention of reformers that all Russia is at odds with the present system. The wisdom of such statements at this crisis is generally questioned.

Grand Duke's Body Blessed

Moscow, Feb. 24.—The solemn ceremony of blessing the remains of Grand Duke Sergius was performed at 10 o'clock yesterday in the midst of the tolling of bells from all the churches and monasteries of the ancient capital. Immense crowds thronged the open squares in front of the palaces, and there was a considerable display of troops in the streets. Grenadiers of the Kieff Regiment furnished the guard at the Chaudoff Monastery, the scene of the funeral services.

Service in London.

London, Feb. 24.—A memorial service for Grand Duke Sergius was held yesterday at the Russian Church connected with the Embassy, and was attended by Count Benkendorff, the Russian Ambassador to Great Britain, and the other members of the Russian Embassy, representatives of King Edward and the Prince of Wales, Ambassador Choate, and other diplomats. Sir Bernard Eric Barrington, private secretary of Lord Lansdowne, the Foreign Secretary, represented the Foreign Office.

Arrest of Androff

Moscow, Feb. 24.—The police last night arrested Leonide Androff, a well-known author of the Gorky school, and two other less-known writers. No statements of the reasons for the arrests is obtainable. The police refuse to say whether it is in connection with the assassination of Grand Duke Sergius or for complicity with Gorky and Liberals in St. Petersburg in connection with alleged revolutionary conspiracies. Androff, who is known at "Little Gorky," recently has attracted much attention by a powerful sketch entitled "The Red Laugh," which is appearing in a magazine, and which resembles, not only in name, but also in vigor and vividness, Stephen Crane's "Red Badge of Courage." The sketch was written under the inspiration of the tragedy of Jan. 22, first depicting the ghastly merriment of pools of blood in Manchuria at finding themselves repeated in the streets of Russian cities. One critic characterized the sketch as "A Verestshagin in Prose."

WARSAW DISTURBED

Workmen on Strike in Polish Russia—Serious Disturbances in Czerinakowsha District.

Warsaw, Feb. 24.—The workmen have struck in all the factories of the Czerinakowsha district, the chief manufacturing suburb of Warsaw. There have been serious disturbances and strong forces of police and troops were summoned. The soldiers fired, but no casualties are reported. The police arrested many persons, but the threats of the mob compelled them to release their prisoners.

The employes of the Lodz-Koluszka Railroad have struck. Lodz is entirely cut off from railway communications.

Fired on Strikers.

The strikers paraded Czerinakowska Street yesterday, smashed the windows of five factories and forced the workmen to leave. Troops were summoned and it is reported fired on the strikers.

Owing to the railroad strike no mails have been received here from the west since Wednesday morning.

No Trains Running.

No trains were running in either direction yesterday on the Vienna Railroad. The management attempted to instal soldiers as firemen, but the strikers had plugged the water gauges, with the result that the amateur firemen ruined four locomotives. The strikers also derailed a number of cars.

The men demand an eight-hour day and an increase of wages. The directors offered an increase of wages to some employes, and to grant a nine-hour day, but the strikers refused.

The employes of the Government alcohol monopoly walked out yesterday.

A general strike on the Vistula and St. Petersburg Railroads is hourly expected.

AGAINST NORTON'S AMENDMENT.

Arnold-Foster Defends War Office Plans and Expenditures.

London, Feb. 24.—The House of Commons yesterday and last night debated Mr. Norton's amendment to the address in reply to the speech from the throne, calling the attention of the King to the condition of the army, which the amendment asserts, shows "negligence and mismanagement" by the Ministers.

War Secretary Arnold-Foster defended his conduct of affairs, saying that the efficiency of the army for the defence of the Empire had increased, and that the total strength of the army had been increased since the Boer war by 35,000 men, while the estimates had been reduced $5,000,000.

It was the intention of the War Office, he said, to bring the army up to the needs of the country. "Anything less than that," he added, "means waste of money."

PLEA OF C. P. R.

Prosecution for Smoke Nuisance Restriction of British Commerce.

Detroit, Feb. 24.—Yesterday the smoke nuisance cases were called against the Michigan Central, Grand Trunk and Canadian Pacific Railroads, that complaint in each case originating from the volumes of smoke the transfer boats poured out while trying to crash their way through the ice.

The C. P. R. presented questions entirely new in this State, and which were set for hearing on March 16. The defence was that the C. P. R. boat is a British ship, operated under British rules, and that the smoke ordinance as applied to it amounted to an unreasonable restriction of international commerce.

The other roads asked for more time.

RANCHER SHOT DEAD.

Trouble Over a Horse Deal in Moosejaw District.

Winnipeg, Feb. 24.—A Moosejaw despatch says: "A Big Muddy River rancher named Low had a heated dispute over a horse with another rancher named Malcome. Malcome visited Low's ranch a few days after the dispute and deliberately shot Low dead in his tracks, the ball passing through the heart. Sheriff Davis of Culberston, Montana, has Malcome under arrest.

Hon. Mr. Tarte Marries.

Ottawa, Febb. 24.—Hon. J. Israel Tarte was married at 4 o'clock yesterday afternoon to Mrs. Turcotte, who, for some years has been engaged on the clerical staff of the Public Works Department. The ceremony took place at the Basilica. Fred Gelinas, secretary of the Public Works Department, was best man. The bride was given away by her father, B. Laurrencelle.

A Painter Killed.

Hamilton, Feb.24.—Harry Rousseaux, 469 East King Street, a painter, fell from a scaffold at the Westinghouse factory yesterday morning and was hurt so badly that he died about an hour after. He fell only 12 feet, but he fell headfirst, and alighted on a cement floor. He was 24 years of age. An inquest will be held.

Colonel Pinault Married.

Ottawa, Feb.24.—Yesterday afternoon in the Church of the Sacred Heart, Colonel Pinault, Deputy Minister of Militia, was wedded to Miss Marie Louise Lambert, daughter of Mr. F. X. Lambert. Colonel and Mrs. Pinault will spend a two-months honeymoon in Europe.

Baby Eczema

"My daughter was afflicted with eczema from when three weeks old. Her entire face and head were raw, and she was in awful distress. When doctors failed we began the use of Dr. Chase's Ointment, which has entirely cured her, and she has never had the least symptom of the trouble since." — Mr. Patrick Sullivan, Welland avenue, St. Catherines, Ont.

MARLBORO'S WERE BADLY TREATED

Chopped up by the Smiths Fall's Seniors.

A special to The Toronto Globe says of the game in Smith's Falls last night:—

With the score 4 to 4 in favour of Smith's Falls at the end of the first half, the final senior game here to-night came to an inglorious end, from a Falls point of view. Chopped, slashed, and battered into subjection, the Marlboros were unable to answer the summons of Referee Rose in the last half. Only three of the seven men were capable of going on the ice, the others having been so roughly used that they could not possibly continue. There was half an hour's delay between the halves, and then finally the referee announced that as the Marlboros were not on the ice the game was off, and that the O.H.A. would make a decision on the matter. Hisses and groans greeted the announcement.

It was not a case of quitting on the part of the Marlboros. They stood to their guns manfully in the face of the dirtiest kind of treatment, and at straight hockey outplayed the home team. Early in the half, when the score was 2-0 in favour of the Marlboros, Winchester's nose was flattened on his face by a slash when the referee's back was turned. Then Armstrong was chopped over the mouth under similar circumstances, his upper lip being cut completely open, so that his teeth were exposed. Both players retired, taking Farran and Cowan of the home team off with them. The game was continued with five men aside, and Smith's Falls scored four goals in succession. Ridpath dodged in and made the score 4 to 3, and then Smith's Falls tallied two more. Before half-time Birmingham got another for the visitors.

There was a continuous procession of Smith's Falls players to the penalty bench. Cowan being off twice, Smith four, Serviss two and Fraser two. At that Referee Rose did not get half of the guilty players. Behind his back the Marlboros were hammered and chopped across the ankles and body. Ridpath was barely able to climb over the boards, his back being sprained and his right arm hurt from the slashing he received, Young's thumb was broken and Charlton was stiff and sore. Birmingham and Tyner were the only players to escape unscathed.

Smith, who was hurt in Toronto by Young, was the leader in the dirty work, with Fraser and Mavably seconding his efforts. Referee Rose stated after the affray that it was the roughest and dirtiest game he had ever seen, and that he would so report to the O.H.A. He did not see the assaults on Winchester and Armstrong, owing to players intervening.

There was a long delay in the first half while he secured police protection for the penalty timer, Dr. McCully, of Toronto, the crowd having threatened to assault him. Young played well the first few minutes for the Marlboros, going the length of the ice for a score. After the hostilities began he did not attempt to play the puck. "It was as much as my life was worth to go after the puck," he said. "Smith just missed my head once, and others of the Smith's Falls players tried to get me."

Moonshining Near Lindsay.

Lindsay, Feb. 24.—E. Floody, preventive officer, of Toronto, and J. Short, license inspector, of Lindsay, yesterday located and seized an illicit still on Lot 19, Con. 3, in the Township of Lindsay, in the possession of Fred Patterson. Patterson was taken into custody. He is a bachelor and has a large amount of stock on the premises. He wished to plead guilty to the offence, and offered Floody $100 for the fine, but the officer refused, saying he would lay the matter before the Inland Revenue Department.

Engine Driver's Escape.

Stratford, Feb. 24.—The two driving rods of engine 314, running a flanger ahead of the regular morning train to Toronto, on Wednesday morning, broke and one of them pierced the driver's seat, throwing Edward Nornabell, this city, to the roof of the cab. The engine was derailed, thrown over on its side, and badly wrecked, and Driver Nornabell thrown from his cab a distance of three yards. He sustained a broken forearm.

CONSECRATION OF HIS LORDSHIP THE BISHOP OF SAULT STE. MARIE

Most Brilliant Ecclesiastical Ceremonial in the History of Peterborough Diocese.

Right Rev. D. J. Scollard Advanced to the Purple and Invested with the Insignia of His High Office—A Large Gathering of Assisting Clergy—The Ceremony and Sermon—Sketch of the New and Old Diocese and the New Bishop---Filial and Fraternal Addresses from People and Clergy.

With all the ecclesiastical pomp and splendour of ceremonial, which marks such occasions in the Roman Catholic Church, Right Reverend David Joseph Scollard, D. D., was consecrated and installed as first Bishop of the new Diocese of Sault Ste. Marie, this morning. Of all the brilliant ecclesiastical functions that St. Peter's has witnessed, this being the third episcopal consecration ceremony, that of to-day was the most brilliant and imposing. The church began to fill an hour before that fixed for the ceremony, and it was filled to its utmost capacity. Naturally, Ennismore, the birthplace of the new Bishop, was very largely represented, and his parish of North Bay contributed a large number, who came down by special train to assist at the elevation of their beloved priest to the dignity of a prince of the church.

There were many in the crowded cathedral who had known the new Bishop from childhood, and none were more proud of the honour which was being shown him than these who had watched his career from the time that he left his Ennismore home to take up the studies to prepare him first of all for the duties of the priesthood, and which to-day make it possible for him to accept the more responsible duties of Bishop of one of the most important, if not altogether so, of the dioceses of the Dominion.

That the Bishop is popular among the members of the clergy is attested to by the fact that a very large number were present, representing almost every part of Ontario and parts of Quebec and the United States, these including three Archbishops and six Bishops, as follows:

A large number of his colleagues was present, among them being:—

His Grace Archbishop Gauthier, Kingston.

His Grace Archbishop Begin, of Quebec.

His Grace Archbishop Duhamel, Ottawa.

His Lordship Bishop McEvay, London.

His Lordship Bishop Gabriel, Ogdensburg.

His Lordship Bishop Lorrain, Pembroke.

His Lordship Bishop McDonald, Alexandria.

His Lordship Bishop Emard of Valleyfield Que.

His Lordship Bishop O'Connor, of Peterborough.

His Lordship Bishop Racicot, Montreal.

His Lordship Bishop Scollard, Sault Ste. Marie.

THE CONSECRATION CEREMONY

It is doubtful if St. Peter's Cathedral has ever accommodated such a large number of people as there was present this morning at the consecration of His Lordship Bishop D. J. Scollard, to the see of Sault Ste. Marie, and no doubt the interest in the event was accentuated by the fact that the one who was being elevated to the priesthood was a son of Peterborough county.

As the hour for the beginning of the ceremony approached, a hush of expectation settled upon the vast congregation that filled the sacred edifice. To the solemn notes of the organ, the grand procession emerged from the vestry, through the eastern door. It was headed by the crossbearer, followed by the sanctuary boys. To these succeeded the clergy and prelates to the number of ninety, robed in all the splendid vestments of their several dignities. Last of all came the consecrating prelate, His Grace Archbishop Gautier, who blessed the people as he passed by. The

His Lordship Bishop D. J. Scollard, Bishop of the New Diocese of Sault Ste. Marie.

procession moved southward down the eastern aisle, and advanced by the central aisle to the sanctuary, where as many as could find space, took their places within the rails. The other clergy took seats provided for them in front of the sanctuary. With a thoughtful delicacy of consideration those associated with the arrangements for the ceremonies, had provided seats, next to those occupied by the clergy, for the father and mother of Bishop Scollard, and other members of the family.

Those assisting Archbishop Gautier, were His Lordship Bishop O'Connor, of Peterborough, first assistant to His Grace, who had for his chaplains Rev. Father McColl, and V. Rev. Vicar-General Brown of Peterborough; second assistant Prelate, His Lordship Bishop Lorrain of Pembrooke; assistants Rev. Fathers La Tulippe and Ryan, Pembrooke.

The Bishop elect had on the amice, alb. cincture and stole, crossed upon his breast as a priest and the cope. The two assistant Bishops were in rochets, stoles, copes and mitres. The procession arrived at the altar, and the consecrator took his seat before the altar, and the Bishop-elect was presented to him. The apostolic commission was then read and the oath taken on bended knees, after which the examination followed.

The examination being closed, the assistant bishops led the elect to the consecrator, before whom he knelt and reverently kissed his hand. The consecrator then laid off his mitre and turned to the altar and commenced the mass as usual, the elect being at his left hand, and the assistant bishops in their seats. After the confession the Consecrator continued the mass to the last verse of the sequence, when he again took his seat before the altar. The bishop elect, after the confession, with the assistant bishops and attendants proceeded to the smaller chapel where he laid aside his cope, and opening the stole, he put on the pectoral cross and girded on the stole without crossing it on his breast. He was also invested with the tunic, dalmatic and chasuable and put on the sandals, symbolic of apostolic commission, and then standing at his altar between the assisting bishops said the mass.

Litany of the Saints.

The consecrator and the elect having each read the epistle and the first part of the sequence, the assistant bishops led the elect before the former, and all, after saluting the consecrator, sat down. The consecrator and the assistant bishops, resting forward in their seats and the elect lying at the left of the consecrator and the others kneeling, the Litany of the Saints was sung, after which the elect knelt before the consecrator, who took the book of the Gospels and placed it on the shoulders of the elect, where it was so held until given to him. It was placed inversely, the bottom of the page being turned towards the consecrator. The instruction given by this rite is apparent — the Gospel must not be for him a sealed book, the duty of unfolding the truths which it contains especially pressing upon him. This rite is very ancient being found in all the ancient rituals, Latin, Greek and Syriac. The imposition of hands immediately followed the placing of the Gospel upon the shoulders of the elect, and after several prayers for general blessings, the consecrator, placing his hands on the crown of the elect's head, offered up a prayer.

After this he took the Gospel and placed it on the table, and put the humer adorament on the new Bishop, with the words, "He is worthy." The prayers which followed were very ancient and determine the laying on of hands to signify and confer the grace and power of the episcopacy. The head of the Bishop-elect was then bound with linen cloths to prevent the oil, with which the crown of the head is annoited, from dropping to the ground, and then after a short prayer, the sacred canticle was sung. At the end of the first verse, while the choir continued singing the hymn, the consecrator made the sign of the cross with holy chrism on the head of the Bishop-elect, and annointed the crown with the words, "May thy head be annointed and consecrated with the heavenly benediction in the Pontifical Order, in the name of the Father, the Son and the Holy Ghost."

The annointing of the hands then followed with the recital of the 132nd Psalm. The hands were then joined and placed in a linen scarf, suspended from the neck through reverence of the oil with which they were annointed. Then the Book of the Gospels was taken from the shoulder of the consecrated by the consecrator, and the assisting Bishops, and handed to the new Bishop with the words, "Receive the Gospel, go preach to the people committed to thy care, for God is powerful, that he may increase to thee His grace, who liveth and reigneth, world without end!" Then the consecrated received the kiss of peace from the consecrator and the assisting Bishops. The newly-consecrated Bishop then retired with the assistant Bishops to the smaller chapel, where the oil was rubbed off with the crumb of bread. Having washed his hands he proceeded with the mass to the offertory exclusively, as also did the consecrator, after which the latter again sat himself before the altar, and the consecrated prelate attended by his assistants, presented himself and offered two lighted tapers, two ornamental loaves, and two small ornamental barrels of wine, and kissed the consecrator's hand, as soon as the offering was received. Then, the consecrator, having washed his hands, went to the altar, and the Bishop-elect went to the episcopal side, each having his own missal, and read together, there being only one host and one chalice for both.

The kiss of peace was given by the consecrator, and after mass continued as usual, the consecrator giving his blessing, and sat himself before the altar, the newly-consecrated prelate also seating himself before his altar.

The Sermon.

The sermon was preached by His Lordship Bishop McEvay, of London, and it was a masterly effort. He referred to the new Bishop in complementary terms, and expressed his pleasure at being in Peterborough to assist at the consecration of one whom he held in such high esteem as Bishop Scollard.

His text was "Ask the Father and He will give you the Holy Ghost, who will abide with you forever," words taken from St. John's Gospel. The words of this text were uttered by Christ on that solemn Thursday evening previous to His passion. He had given the apostles to understand that He was soon to take His departure and as a consequence sorrow filled their hearts, but these words were uttered as a consolation to His Apostles.

Christ wanted to impress them with the great antagonism which exists between Christ and the world. He said that if the world hated them it hated Him also, hence the old opposition of the world towards the Church.

The world he referred to, however, was not the world of literature, or of art or science, for all of these the church fostered. Neither did He refer to the form of Government, although in the early stages the church suffered persecution. The world He referred to was the lust of the eye, the flesh and the pride of life. These all pass away, but those who do the will of God shall abide forever. The church was instituted for this purpose and it will continue so to the end of the world. The Holy Father, said the speaker, could truly say with the Divine Master, "My Kingdom is not of this world." The church still exists independent and in spite of the power of this world, and although men may kill the bodies they cannot kill the soul. Christ founded the church upon the rock. He loved it, sanctified it and died for it, and sent the Holy Ghost that the members of that church might be filled with the spirit, and that day the work of Christ was completed.

All must understand, said His Lordship, the solemn ceremony which was being conducted this morning, and they must keep in mind the difference between the Kingdom of God, which the church represented, and the world. They had come there for a high and holy purpose, that of the imposition of hands and the communication of the Holy spirit to the new Bishop, who must be endued with power from on high, and they must sanctify still more a soul already sanctified.

The Bishop must exercise the twofold duty of a legislator and a leader. The speaker told of the different duties which his priestly attire represented, and one of the chief of these was the crosier, which meant that he was to act as a shepherd to his flock, and, above all, the Cross, signifying that Christ went the way of the cross, and by it gave his life that His followers might have eternal life. In doing this they were acting on the authority of God, and of His Son, Jesus Christ, for before His ascension Christ commanded the Apostles to go into all the world, preaching the Gospel and baptizing in the name of God, and the Apostles appointed others teachers and leaders. This commission was not given to them as individuals, because they must die, but was given to them as representing the Church. How has the Church fulfilled this mission? the speaker asked. The history of the Church shows that in its commission it has been faithful to this day. St. Clement followed St. Peter as the first Pope, and so on down to the present time.

Every nation that has been Christianized since Christ's time, has been made so by the Catholic Church, acting under the Christ-given authority.

It has suffered prosecution and trials, but it has continued in the performance of its duty down to the present day, and is as fresh and as full of vigour as it was in the early days. Faithful men in every nation join in veneration of the Head of the Church, and in this new country it is pleasing to find that the Church is also faithful to the Church, and that all classes are being brought together in harmony. The Church in this country is a great example of unity and devotion to the See of St. Peter.

The new Bishop would, he thought make a worthy successor to men who had gone before him in the work in the new lands. In 1874 Bishop Jamot was sent to Northern Ontario and made his See at Sault Ste. Marie, and in 1882 he was consecrated as the first Bishop of Peterborough, and all who remember him must do so with pride. In 1887 Bishop Dowling was placed in charge of this Diocese, and he visited the northern portion of the province in the discharge of his duty he was later transferred to Hamilton, and was succeeded by the present Bishop, who had laboured in season and out of season, and has met with great success in his work. Thus it will be seen that the new Bishop succeeds worthy prelates.

A division of labour had been thought necessary and a young Bishop had been chosen to face the trials of one division.

While the office of Bishop is an honourable one and one of dignity it also has many burdens. He has to look after the spiritual welfare of his people, and especially to protect the lambs of his flock, who must be trained in the ways of the church.

He must be bound to see that the children of the diocese are allowed to enjoy the God-given right of a Catholic education, and he has to see that no one deprives them of that right. Not even the parents have authority to do this, and certainly not the State.

A Bishop, because he becomes one, does not cease to be a citizen, and history has proved that among the best citizens have been Bishops of the Catholic Church.

Of course, said His Lordship, Bishops often become the object of hatred on the part of the prince of Darkness. They often have to reprove and rebuke and it is not always possible to give his reasons and it thus sometimes calls forth criticism even from good people. It should be remembered, however, that the Bishop is the representative of the church and in his actions he seeks the highest good of everyone. Hence the church should be united.

He said that he need not speak of the new Bishop for he was not a stranger here, since he was born in Ennismore and had received his early priestly training in the Cathedral.

Later he had been transferred to North Bay and had laboured there with great success. He would meet with trials and difficulties but it was God's work and He would make the burden light.

He said that while he would have been pleased to take part in the consecration of his old friend anywhere, it was an additional pleasure to take part in it in Peterborough where he had many warm friends. He hoped he would fight the good fight and keep the faith.

After the sermon the consecration ceremony continued to its conclusion, and the new Bishop was invested with insigna of his high office. The clergy of the diocese present performed the act of fealty and made profession of obedience, by kissing the episcopal ring.

HISTORICAL AND BIOGRAPHICAL

The Old and New Diocese—The Roll of Bishops—Sketch of New Prelate.

To-day, Feb. 24th, 1905, has a double significance to the Roman Catholic population of the diocese of Peterborough, since it makes not only the 23rd year of the existence of the diocese, but also marks the division

His Lordship, the Late Bishop Jamot, First Bishop of Peterborough Diocese.

of the diocese and the consecration of the first Bishop of the new ecclesiastical constituency. Division is regarded generally as a weakness, but in this case it represents new elements of strength, new progress, a new centre of spiritual development and corporate growth of the Church Catholic.

A short sketch of the diocese of Peterborough will not be without interest. In 1882 the diocese of Peterborough was erected by a Papal Bull, and was composed of territory formerly forming part of the Archdiocese of Kingston, and the missionary diocese of Northern Ontario. The parishes at that time composing the diocese—in addition to the vicariate of Northern Canada, were, with their priests, as follows: Peterborough, Rev. Father Lynch; Douro, Rev. Father O'Connell; Ennismore, Rev. Father Kelly; Lindsay, Rev. Father Stafford; Emily, Rev. Father Connolly; Fenelon Falls, Rev. Father, (now Bishop) McEvay; Port Hope, Rev. Father Brown; Cobourg, Rev. Father Murray; Grafton, Rev. Father Larkin; Hastings, Rev. Father Quirk, and Campbellford, Rev. Father, (now Archdeacon) Casey.

The First Bishop.

To mention the name of the first Bishop of the diocese of Peterborough, Bishop Jamot, is to suggest the idea, that, in in becoming a separate diocesan entity, the district composing the see of Sault Ste. Marie, in a sense is merely coming to its own again, for eight years before the diocese of Peterborough was instituted, the region now included in diocese of Sault Ste. Marie was practically a separate diocese, with, for its episcopal head, Rt. Rev. John Francis Jamot, Vicar Apostolic of Northern Canada, and who in 1866 became the first Bishop of the diocese of Peterborough. He was consecrated at the parish church of St. Peter in Victoria, thenceforward to be St. Peter's Cathedral. During the four brief, but busy years of his episcopate Bishop Jamot, the well-beloved did a noble work for the diocese, the most locally conspicuous being the restoration of the Cathedral church. He entered with his wonted zeal upon the herculean task of organizing his vast diocese, much of which was familiar ground to him, with such effective results that he left a harmonious and well ordered diocese with faithful priests and devoted flocks to his successor, for on May 4th, 1886, he passed to his well earned rest.

The Second Bishop.

After an interregnum of one year, during which the late V. Rev. Vicar-General Laurent of Lindsay, administered the diocese, Rt. Rev. Bishop Dowling, who was consecrated in Hamilton, on May 1st, was installed as Bishop in Peterborough on May 3rd, 1887. At the end of two years this prelate was translated to his native diocese of Hamilton, and the episcopal vacancy thus created was filled by the appointment of Rt. Rev. Richard Alphonsus O'Connor, the present revered bishop, who was consecrated and installed as third Bishop of Peterborough on Wednesday, May 1st, 1889.

The Third Bishop.

Thus in the short space of seven years the third Bishop had occupied the Episcopal throne and the present distinguished incumbent has, come May 1st, been for sixteen years the head of the diocese, which has so grown in importance, and in the demands upon the energies of its episcopal administrator, that its division was imperative. If Bishop O'Connor has any inclination to complain of the necessity of the division of his diocese, he has chiefly himself to blame. He has during the past five lustra, thrown himself so energetically into aggressive apostolic work in the development of his diocese, that he has subjected himself to the amiable retribution of having created more work, or occasion for more work, than one man, be the spirit ever so willing, is humanly capable of doing.

HIS LORDSHIP BISHOP O'CONNOR, Bishop of Peterborough

A Record of Expansion.

At the same time, the expansion of settlement, the growth of population, has been great, and the growth of the Catholic population has proceeded pari passu. The multiplying wants of the northern portion of Bishop O'Connor's field, of a religious

SCORE WAS ONE SIDED

Karnots Were Shut out by T. A. S. Last Night

Score was 12—0—T. A. S. Will Meet Farriers Next Thursday.

Quite a number of spectators saw the Karnots go down to defeat last night at the hands of the husky T. A. S. aggregation, in the decidinr game of the semi-finals in the City League. The play was decidedly fast in spots,— and decidedly rough, it may be remarked, in others. The score, 12-0, is by no means an indication of the quality of hockey presented by the two teams or of their respective merits, though the Abstainers undoubtedly won on their merits. The Karnots were much the lighter team but made their more husky opponents "go some" from face-off to finale.

The game was characterised by some close, hard checking, which promptly received its just reward at the hands of Referee Glover, who was all that could be desired in this capacity. The Karnot team displayed much of the speed, which they undoubtedly possess, at many points of the game, but their work throughout appeared disorganised, this deficiency rendering abortive many of their efforts to pierce the T. A. S. defence, which should otherwise have been effectual.

The teams lined up as follows:—

T. A. S.		Karnots.
Detjchar	Goal	[illegible]scote
Meagher	Point	[illegible]mer
Quigley	Cover Point	Parker
Deforge	Rover	Campbell
T. McGrath	Centre	Mulhern
Keannealy	Right Wing.	Gilman
Rose	Left Wing.	Quinn
F. McGrath	Goal Umpires.	W. Distin

Timekeeper, Frod. Clarke.

Referee Glover gave the members of both teams to understand immediately from the face-off that he was not suffering from any optical delusions, as not many minutes had elapsed before Keannealy, Deforge and Gilman were enjoying a comfortable siesta upon the fence-top. From the series of end-to-end rushes which took place at the commencement of the game, one was led to expect a close finish, but these were terminated by Deforge who poked in the first for the T. A. S. after about five minutes' play. Score, 1-0.

Rose was responsible for the next, after a short period of one-sided play. Score, 2-0.

Rose and Keannealy were given one minute each.

Keannealy made a nice rush passing to Deforge, who scored the third. Score, 3-0.

Campbell was injured in a mix-up and was assisted to the dressing room, Keannealy also going off. Rose again found the nets. Score, 4-0.

Quigley did a very pretty "stunt" and after mixing things a little in front of goal, threw in another. Score, 5-0.

Things were going very much to the "queer" for the Karnots whose efforts appeared completely disorganized at this stage of the game. T. McGrath sent in the next after a minute's play. Score, 6-0.

Things got badly tangled in front the Karnot nets and another one passed Kingscote. Score, 7-0.

Rose went off for two minutes.

HALF TIME.

Gilman received a hard body check from Rose, crushing him against the boards and necessitating his removal. Keannealy going off to even up. Play was strenuous in the extreme at the commencement of this half. Parker, Rose and Gilman following each other to the fence in quick succession. T. McGrath again did the "unnecessary" on receiving a well-placed pass from the side. Score, 8-0.

Some rather fast work was exhibited and play was by no means one-sided till Deforge broke through the Karnot defence in a nice dodging run and scored another. Score, 9-0.

Deforge again did the trick after one of the prettiest rushes of the game. Score, 10-0.

Rose was again awarded a rest. Deforge's rushes seemed to be irresistable and the Karnots defence had to capitulate again. Score, 11-0.

The final goal was placed in the nets by Rose, and was the result of a nice combination effort. Score, 12-0.

Rose and Parker were both sent off shortly before the finish.

The final "sudden-death" game for the championship will be played on Thursday next when T.A.S. and the Farriers meet.

WHITCROFT PLAYS A GOOD GAME

Scored Three of the Four Goals in Last Game for Midland.

A letter from a private source from Midland says that while in the exhibition game between Midland and Thessalon, the former lost they were in the running all the time. Fred. Whitcroft played and put up his usual good game, scoring three of the four goals. The writer had a little chat with him and he says he is going back to Peterborough and will probably play here next winter.

CURLING.

As the bonspiel neared its close yesterday some close finishes were in evidence though Mr. S. Ray carried off the championship honours by a substantial margin.

PRIMARY.

Four rinks were left in the primary series in the afternoon. They met at one o'clock with the following results:—

Hamilton, Peterborough, 10; Ray, Peterborough, 12.

Davis, Bobcaygeon, 5; Matthews, Peterborough, 10.

Ray and Matthews met in the deciding match last night at eight o'clock, when Ray succeeded in winning out by a score of 21-6.

CONSOLATION SERIES.

The following games were played last night in the Consolation series:—

Rutherford, 15; Connal, 13.

Frost, 9; Giroux, 19.

Walters, Lindsay, 12; Patterson, Scarboro, 10.

Davis, Bobcaygeon, 8; Hamilton, Peterborough, 18.

Dr. Walters returned home last night being unable to complete the series. He is thus left in fourth place in the series.

In the play this morning Rutherford defeated Giroux by a score of 16-6, leaving Giroux in third place. Rutherford and Hamilton meet to-night, and a battle royal is expected for first place honours.

The following is the personnel of the winning rinks in the Primary series:—

1st place.—H. Frost, J. S. Knapman, C. Rutherford, S. Ray, skip. Prize, Four solid sole leather, leather-lined suit cases, value $40.

2nd place.—M. Lyle, D. Bellegham, A. H. Stratton, T. F. Matthews, skip. Prize, four sets gentlemen's military brushes, value $20.

The rinks to play for first place in the Consolation to-night are:—

G. S. Giroux	R. Hicks
A. Moore	S. G. Hiland
Dr. Eastwood	J. Stanger
Miles Hamilton	T. Rutherford

Prize, four solid gold lockets, value $30.00.

Second prize, four solid gold stick pins, value $20.00.

Third place.—W. J. Campbell, Dr. Wightman, R. Waddell, G. Giroux, skip. Prize, four silver match boxes.

Fourth place, Dr. Brown, George Ewart, T. Burke, Dr. Walters, skip (Lindsay). Prize, four fountain pens, value $6.00.

A meeting will be held in the rink parlours this evening when the distribution of prizes will take place. A full attendance is requested.

It looks rather selfish for the Peterand second prizes in the primary competition at the bonspiel. But then how can it be helped when we have such good curlers?

LOCAL STOCK MARKETS.

The following was received from N. B. Dargelis:—

Speculative sentiment has been considerably disturbed by yesterday's reckless speculation in the Southern Iron Stocks and by the belief that the movement in these shares represents manipulation rather than the legitimate effort to effect a merger of the properties concerned. There is no reason to look for any slump in prices to-day although considerable irregularity is expected until the crazy speculation in the Iron stocks is ended. Conservative commission houses are advising profit taking on any sharp rally and waiting for the market to settle before taking the buying side again. It is expected that U. P. will reach a high level in the near future and that higher prices will be established for the U. S. Steel stocks, the Erie and the other coalers and the S.P., C.P.R. and the lowers priced railway issues.—Topics.

SHOULD USE WIDER SLEIGHS

An Agitation for Their Use Started in Springville.

Pleasing Social Event Which Took Place in Springville Recently.

(From Our Own Correspondent.)

Springville, Feb. 23.—The inclemency of the weather and state of the roads were not sufficient to prevent a social event of considerable interest to a large circle of friends taking place at the residence of ex-Councillor Smith on Wednesday evening last, when about fifty friends of Mr. Harry and Delbert assembled to enjoy the entertainment of the host and the pleasures of a dance. Mr. Harold Baptie experienced considerable difficulties in reaching there with his load. His horses plunged madly in a drift, of more than ordinary proportions, and the situation was so serious that several ladies got out of the sleigh. As soon as the difficulty was adjusted, Mr. Baptie proceeded to pass those ladies. They therefore were compelled to return home on foot, a most unique experience in contrast with the anticipated pleasure. Mr. M. Hallstock and Mr. Duffus, accompanied by ten young ladies of Peterborough, were present, and thoroughly enjoyed the event, also their drive. Mr. D. V. Trew, in his usual happy style, supplied the music. Mr. Bert Sanderson gave the chief floor directions.

On Thursday evening an event of considerable interest took place at the residence of Mr. John Greer, when a number of friends and members of Fairmount congregation assembled to bid adieu to Mr. and Mrs. John Coulter, who intend moving to Colborne in a short time. After doing justice to a most excellent menu, in which oysters were especially prominent, Mr. and Mrs. Coulter were presented with a three-piece parlour suit. In the absence of Rev. Mr. Mountear, on account of the storm, who was to have read an address, Mr. Thos. Molndoo spoke the sentiments of those present in a very appropriate speech. Mr. Coulter, though taken by surprise, made a very suitable reply on behalf of himself and his very estimable wife.

Mr Joseph Monahan, who has been spending the winter at Mr. John Wilson's, had the misfortune to have the top of his thumb bit off by a pig belonging to Mr. Frank Staples, which he was assisting to place in a pen.

Mr. Trew is confined to the house through indisposition. Mr. Trew has the sympathy of his many customers.

The condition of the roads, and any attempt to travel on them, will convince anyone that the present width sleigh is not desirable, and that it is time for a change. It would be a very fitting subject for the Good Roads Commissioners to discuss instead of continually talking wide tires. There has been a tendency for years past on the part of persons ordering sleighs to have them built just a little narrower than the ordinary in order to prevent them cutting off the road. This habit has become general and a local manufacturer states that the sleighs built by him have contracted about four inches during the last ten years. The rule has become general and to attempt to get the ordinary horses to walk on the narrow track is simply impossible. The conditions will always be the same whenever there is deep snow. Of course when the snow is not deep on the side of the road the horses can make a track the proper width, which they follow. But when the snow gets deep, and the track becomes filled with the continued drifting of loose snow, which is almost constantly, since our land has lost the woods, it is almost impossible to travel on them, the track made by the sleighs being so narrow. Several farmers in this locality have lost their horses in an attempt to do so. It is therefore in the interest of the people in general that some definite action be taken to compel the manufacturers of sleighs and their present owners, to make their sleighs at least eight inches wider.

As an Act of Parliament would be necessary to do this, let the Good Roads Commission memoralize Parliament, or better still, let some local M.P.P. have a statute placed on record remedying the evil by the way suggested. Would it not help on the good cause if our Farmers' Institutes would join the discussion with all others who feel the necessity of such legislation, in an endeavour to assist it by giving support to whoever will pass the law to remedy the evil?

PREMIER WILL CONSIDER IT

The Deputation from York Asks for Trent Canal.

Will Benefit the Manufactures and Farmers.

Ottawa, Feb. 22.—The claims of the townships and municipalities of the northern portion of the county of York and of the county of Simcoe adjacent to the Holland River to have the Trent Valley Canal system extended were presented to the Government this morning. The interview took place in the old Railway Committee room, and was filled by the thoroughly representative deputation representing the Trent Valley Canal Extension Association.

The deputation was introduced by Sir William Mulock. The Premier was accompanied by Hon. R. W. Scott, Hon. Wm. Paterson, Hon. H. R. Emmerson, Minister of Railways and Canals, and Hon C. S. Hyman, Minister of Public Works. Secretary T. S. Brunton presented the petitions of the municipalities of Bradford, townships of West Gwillimbury and East Gwillimbury, the town of Aurora, township of King and Whitchurch, village of Holland Landing, town of Newmarket, village of Sutton and the townships of North Gwillimbury and Georgiana. The petitions asked that the Holland River and its branches be widened and deepened so as to make commercial highways to give the towns of Aurora and Newmarket and the villages of Holland Landing and Sutton the advantages of communication with the Trent Valley Canal system.

MANY ADVANTAGES.

The various speakers impressed upon the Government the advantages the improvement would bring to the large and populous district, which would be given the boon of competition in rates by water carriage. The Holland River, it was pointed out, already navigable a large portion of the distance. It was stated that manufacturers would save a large percentage on the cost of fuel, and that the saving to the farmers of the district in freight rates upon their grain alone would be $12,000 annually. As a result of the encouragement given to the cultivation of fruit by Sir William Mulock there has been a great increase in the production of apples and the extension of the canal would furnish an outlet for the crop to the Northwest. The importance and extent of the manufacturing industries affected were also impressed upon the Government.

SIR WILFRID IMPRESSED.

Sir Wilfrid Laurier complimented the delegation upon the able manner in which their arguments had been placed, and congratulated them that, instead of asking for a post office or a cut stone building the first request ever made by the county of York for the expenditure of public money was for the more substantial purpose of enhancing the facilities of transportation of the people for the development of commerce. The project was one which must engage the attention of the Government.

Sir Wilfrid expressed pleasure that surveys were in progress, the results of which would, he was sure, be brought before the attention of the Government at the earliest possible moment, and without which the Government would be unable to arrive at a determination. He assured the delegation of prompt consideration and reminded them that they had a friend in court in the person of Sir Wm. Mulock, whose persistence in a good cause was notable.

THE HAVELOCK SCHOOL BOARD

Writer Resents Some Statements Made by Correspondent.

There are Plenty of Teachers at Present —Criticism of the Board is Injustified.

The Examiner has received the following letter from Havelock, dealing with some statements which have been made about the School Board in recent issues of the Havelock Standard:—

To the Editor of the Examiner:

Sir,—The writer in the Havelock Standard is very rabid in his charge against the School Board as being negligent in their duty, although it takes two issues of the Standard to print the minutes of the negligent Board's meeting, that was held, as he claims, in semi-darkness, with two lamps on the table. Does the writer think that the Board of Trustees is the city council, that it is necessary to procure the town hall for their meetings and engage a man to heat up the town hall? Is it possible that the writer was some member who feels himself too large for his close to meet in the school room, where just as good a Board have always held their meetings—where it is clean and warm, from the use of the room during the day, and where the caretaker will see that the public, which is generally poorly represented at such meetings, will have just as good accommodation as at the town hall, and without any cost to the section? Why does the writer make such ado about the secretary being present at the council and not making the proposal to get the town hall, which the writer seems to say, could be got for no expense? It certainly must be ignorance on his part, to think that a secretary could take such liberty without being instructed so to do by the Board. The writer does not seem to care for the cost or expense. Is it possible that he is not a ratepayer of Havelock, and thinks, along with others, the more expense, the more honour? Why does the writer not use the Standard to try and get more education, without more expense, and see if it is the wish of the ratepayers to have the taxes increased about one-half more than at present? Can the writer not find out how many pupils the 5th teacher will have after Easter, as none of the rooms at present have any to let go, and no complaints have been made of being crowded in any room? It certainly would be nice to have a teacher added to the population of Havelock, at a salary of $800.00 and no pupils to teach. The former Boards are to be congratulated on their economy in having the 4th teacher of the Continuation Class, added, without extra expense. It is high time for all taxpayers to look into the extra expense the present Board are going into, only to suit one person, who seems to govern this town.

WM. MATHIESON.

IS UNCLE SAM A SQUARE SPORT?

In the international game of politics, in the see-saw of trade, in the manipulation of the Customs tariff, Uncle Sam does not pretend to be fair and square. He is out to get the best of it. In these three games the rules are made as the contests proceed. But in athletics of every kind there are rules and standards that are not affected by boundary lines, and whether Uncle Sam is a square sport or not has been much talked about the world over in the past twenty-five years. Some have reached the conclusion that while the individual American plays the game the American public is extremely shifty. A victory is treated as an event of the greatest importance; a defeat is hushed up—its name is forgotten.

A case in point is the review of golf for 1904 in the New York monthly, Golf, which is the official bulletin of the United States Golf Association. The leading events of the year are enumerated, the best players are named and praised; the visit of Mr. Walter J. Travis, of England and his great success there are mentioned; the winning of the amateur and western championships and other events by Mr. H. Chandler Egan is chronicled, and the names of the sixteen amateurs supposed to be the best of the year are given—but nothing is said about the Olympic championship at St. Louis which was won by Mr. George S. Lyon of Toronto, defeating Mr H. Chandler Egan in the final game. The name of Mr. Lyon is not mentioned. It was deemed easier to overlook than explain that tournament, ending as it did in the splendid trophy coming to Canada. The Olympic championship will not be played again until 1908, and it was confidently expected that the title of Olympic champion would have remained in the United States. Had it done so, the fact would not have been overlooked in the review of the year's golf, Mr. Ragan and the others who met Mr. Lyon at St. Louis and were defeated by him were not slow in acknowledging his merits as a player—but his victory is already forgotten by those who keep the records.

The golfers of Canada are not overrating the importance of Mr. Lyon's victory at St. Louis. Mr. Travis was not there, because he was off his play and had been defeated shortly before in the amateur championship which Mr H. C. Egan won. Mr. Findlay Douglas and several others were not there. But the two Egans and other men of the front rank were present, and Mr. Lyon outplayed them all. He made a new amateur record for the course. He out-drove Mr. H. C. Egan regularly, as he did all others whom he met. Three times in the week he drove a green mat before driven by any player. These were not the performances of a man who won the championship by a fluke. Mr. G. S. Lyon should go over again this summer, compete in the amateur championship, and show them what he can do.—Toronto Star.

EXTENSION OF THE STREETS

Probabilities Are That This Will be Carried Out Soon.

Hunter Street May Be Opened to the Lift Lock—George Street Extension.

The probabilities are that this spring the proposed street extensions will be made. The Mayor stated this morning that all the negotiations were well under way for the opening up of George street from Lake street to the boundary line. There is only one piece of property yet to be secured, and it belongs to Miss McManus; as yet the town has not been able to come to terms with her, but it is expected that this will be concluded in the near future. They have made her what they consider a good offer for the portion of land which will be required to open the street. The piece of land is only a small one, measuring about 30 feet at the north end and running to a point at the southern end.

Arrangements have been completed with all the other property owners affected. Some of them have given options and others, including the Mayor, have offered to give outright the land which they own and which will be required to extend the street.

Mayor Best stated, however, that he would not agree to give the land in question, unless it were made a condition of the transfer that the street railway tracks should be laid down the new portion of the street. He thought that unless the railway ran down the street there would be little encouragement for the owners to give the land.

The question of the extension of the street at the north end is also being dealt with, and if a deal can be closed with one of the owners of property the street will be extended to the Hilliard farm.

Another matter of some interest is the extension of Hunter street through to the Lift Lock. This action is being urged by some of the men from the East Ward, and the Mayor thought that while the town council really had but little interest in the matter, still, if the property could be secured at a reasonable price, he was of the opinion that it might be purchased as a start, and opened up to the Lock. The Mayor thought it would be a convenience to only a limited number of people, since the great majority who went to the Lift Lock drove, and they might just as well take the present drive way.

IN MEMORIAN

Lines written in memory of the death of the two-year-old son of Mrs. and Mr. Hector Baker, who passed away December 26th, 1904. "He is not dead but sleepeth."

On the 26th of December,
While friends around did weep,
He calmly passed away,
In Jesus fell asleep.

We would not call him back again,
For he is better far,
From sin and sorrow he is safe,
Within the gates ajar.

At home his steps no more they'll hear,
Which was a welcome sound,
No more that loving voice will cheer,
It's silent 'neath the ground.

A mother's joy, a father's pride;
A loving brother dear,
Has bid farewell to earthly friends,
And gone away from here.

You miss his footsteps on the floor,
Amidst the household din,
You miss that merry laugh of his,
With its happy joyous ring.

Restrain thy tears, dear mother,
And learn this lesson still,
That God who gives can take away,
Blest be His Holy Will.

Garden of the Soul.

Each bud flowers but once, and each flower has but its minute of perfect beauty, so in the garden of the soul each feeling has, as it were, its flowering instant, its one and only moment of expansive grace and radiant kingship.

Brilliant.

"Did my diamonds call forth any comment?" asked Mrs. Cumrox.

"Yes, indeed," answered Miss Cayenne. "I heard several people refer to you as the human chandelier."

Dear Things.

SCOTT'S EMULSION

makes pale, thin children fat and chubby. Overcomes wasting tendencies and brings back rosy cheeks and bright eyes.

It's surprising how quickly children respond to Scott's Emulsion. It contains just the element of nourishment their little bodies need. They thrive on it.

Even a few drops in the baby's bottle have a noticeable effect for good. Nothing better than Scott's Emulsion for growing children.

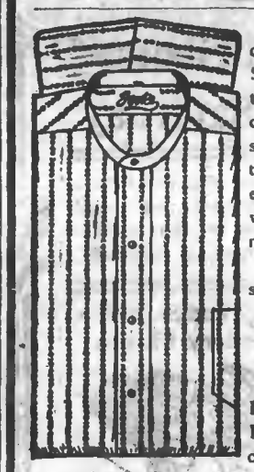
"The Daylight Store"



Most men have their eyes open these days watching for attractive styles in new Spring Shirts. The V that peeps out between the necktie and the vest and the cuff rims appearing beyond the coat sleeves may seem to be insignificant, but the well informed man knows that his entire appearance depends largely on what the shirt shows, small as seems its mission.

For this coming season we have a stock of shirts we're proud of

THE ONTARIO HOUSE

New Legislature Will Meet Wednesday, March 22.

MR. CLERGUE SEES PREMIER

Declined, However, to Discuss Object of His Visit—Completion of Algoma Central Railway Principal Work to Be Undertaken This Season—Appointments.

Toronto, Feb. 24.—The Legislative Assembly of the Province of Ontario is called to assemble on Wednesday, March 22.

Premier Whitney made the announcement last night at the Queen's. He had nothing to add in the way of a statement.

In the afternoon a Cabinet meeting had been called, but owing to the absence of Hon. W. J. Hanna, Hon. Dr. Willoughby and Hon. Dr. Pyne, it was stated that the settlement on the date of calling the House together would be deferred until this afternoon, when a full Cabinet meeting will be held.

Mr. Clergue Sees Premier.

Mr. F. H. Clergue held a short conference with Premier Whitney yesterday afternoon, presumably in regard to matters connected with the Soo industries, although he courteously declined to discuss the object of his visit with the press representatives. He stated, however, that the principal work undertaken this season, and it would be conducted with energy, was the completion of the Algoma Central Railway to the junction with the C. P. R. One hundred and twenty-five miles of the road is completed in all respects, 100 miles is graded and ready to be ironed, and 25 miles remain to be graded and railed. The vested industries at the Soo are all running satisfactorily.

Some Appointments.

David McGillivray of Little Current has been appointed clerk of the Second Division Court in place of W. H. Becks, and James T. Burns has been appointed clerk of the Third Division Court of Manitowaning in place of W. J. Tucker, who resigned, to run against R. R. Gamey. Both appointments are in Mr. Gamey's riding.

Will Take No Action.

Premier Whitney has received the report of Provincial Detective Rogers on his investigation of the charge that jurors in a case against the Street Railway Company had been corruptly influenced. Mr. Whitney would not give out the substance of the report, but intimated that no action would be taken.

John Dryden, former Minister of Agriculture, called on his successor, Hon. Nelson Monteith, yesterday.

Protest Against Mr. Pense.

Kingston, Feb. 24.—Yesterday a protest was entered in the office of the Registrar of the High Court of Justice against the return of E. J. B. Pense, as member of the Ontario Legislature, Donald McIntyre, the defeated candidate, is the petitioner.

HAMILTON'S SENSATION

Fred McAllister Fires With Shotgun at Roy Isbister.

Hamilton, Feb. 24.—Fred McAllister and some chums were playing pool in the Waldorf Hotel yesterday afternoon. They got into an argument about who was to pay for the game. While they were arguing, McAllister got in the way of Roy Isbister, 125 South Wellington Street, who was playing at another table. Isbister asked McAllister to get out of the way, and McAllister refused. They had a tiff, and Isbister slapped McAllister's face.

McAllister left the place, muttering something about a shotgun, and getting even. He returned to the hotel about 5.45 carrying the gun. Isbister was passing along the hall from the pool room, and McAllister raised the gun and fired. The load of shot grazed Isbister's head, and struck the corner of a door in front. McAllister then rushed out of the hotel.

The police were not notified until about an hour after. He had not been caught at a late hour last night.

THEIR ONLY PLEA.

Ontario Alliance Will Ask Premier to Abolish the Bars.

Toronto, Feb. 24.—The annual convention of the Ontario Alliance was held in Guild Hall yesterday, with G. F. Marter presiding, and delegates numbering about 200 present. The executive made arrangements for a delegation to wait upon Premier Whitney at 12.30 to-day in the reception room, Parliament Buildings. He will be asked to abolish the bars.

A committee was appointed in the morning to prepare resolutions to be presented to the Legislature. The committee worked assiduously and brought in a carefully worded report.

The officers were then elected, with practically no change.

Another Newfoundland Blizzard.

St. John's Nfld., Feb. 24.—Another blizzard raged here last night. The thermometer dropped to 25 below zero, and the whole country is under snowdrifts. The eastern coast is blocked by ice-floes, rendering ingress or egress from St. John's impossible. The steamer Ingraham, sent to Trinity Bay to take passengers and mails from an express train snowbound more than a fortnight ago, has been caught in the ice.

Acid Thrown in Girl's Face.

Stratford, Feb. 24.—While Miss Edith Jarvis was going from her home to that of her grandmother, Mrs. Lovett, last evening about 8 o'clock, carbolic acid was thrown in her face by an unknown woman or girl, who lay in wait in the shadow of a house on the corner of Brunswick and Front Streets. The caustic liquid struck her neck and the side of her face, burning her severely. The police are handicapped by the apparent lack of motive.

Dr. Harper Improving.

Chicago, Ill., Feb. 24.—In a bulletin issued last night by attending physicians, it was stated that Dr. Harper was making satisfactory progress towards recovery, all nausea having disappeared. The patient took fluid nourishment yesterday and slept restfully

NORTH SEA REPORT

Is Unlikely to Satisfy Either Great Britain Or Russia.

TO BE PUBLISHED SATURDAY

Admirals Have Sought Middle Ground, and the Decision Is Not a Pronounced Victory for Either Side—In Commons Earl Percy Had No Information.

Paris, Feb. 24.—The International Commission appointed to enquire into the North Sea incident practically concluded its work last night by finally agreeing to the report, which will be publicly announced on Saturday. Concerning the general nature of the report, the following statement was made in a most authoritative quarter to the Associated Press:

"When the text of the decision becomes known it will be far more acceptable to the British press and public than they have been led to believe. The semi-official summaries appearing while more or less accurate, tend too strongly to show Russian success, but as a matter of fact the Admirals have sought a middle ground and the decision is not a pronounced victory for either side. It is of such a character as to preserve self-respect and at the same time to give the British public much ground for satisfaction. If anything, the decision is rather more favorable to Great Britain than to Russia."

Semi-Official Statement.

On the other hand, the Havas Agency last night confirms its semi-official statement of Wednesday night. It says:

"The conclusions, as a whole, are quite favorable to Russia, recognizing that Admiral Rojestvensky could legitimately consider himself in danger and act as he did. However, the report contains reservations calculated to satisfy British susceptibilities, the most important being that the Commission esteems that the Russian fire lasted too long, and also that Rojestvensky should have speedily notified the British maritime authorities of the deplorable incident.

"Upon the question of the presence of torpedo boats, the Commission frees all navies from the imputation. The Commission rejected a motion of Admiral Beaumont (Great Britain), blaming the crews. The conclusions are said to be in the form of questions, whereto the Commissioners state their answers, either unanimously, or as a majority."

American Opinions.

The American officials are strongly inclined to accept the view first stated that the decision is more favorable to Great Britain than to Russia.

The four foreign Admirals gave a banquet last night in honor of Presiding Officer Admiral Fournier of France.

The latter will return the compliment on Saturday. President Loubet will give a luncheon in honor of the Commission at the Elysee Palace on Sunday.

No Information Yet.

London, Feb. 24.—Questioned in the House of Commons yesterday regarding the result of the enquiry of the North Sea Commission, published yesterday morning, Earl Percy (Under-Secretary of Foreign Affairs) said that no information on the subject had yet been communicated to the Government.

AGED WIDOW DOYLE.

Found Dead in Shed With Deep Gash In Skull.

Brantford, Feb. 24.—The dead body of Mrs. Doyle, a widow 84 years of age, who resided with her son, Felix Doyle, on a farm three miles from Burford Village, in Brant County, was found in a woodshed yesterday morning. A deep gash in the head, penetrating the skull, was the cause of death. As to how this was inflicted there is no evidence. The woman was not wealthy.

Dr. Johnson, the coroner, has decided to open an inquest to-day.

The son is still at the homestead and is in no way suspected of the death, which may have been accidental.

Dream Came True.

London, Feb. 24.—An extraordinary circumstance occurred in connection with the alleged murder of Edward Hayward of Mundham, Sussex, by Tom King, near Edmonton, N.W.T., A few weeks ago a brother of Harry Hayward came down to breakfast looking perturbed, and said to his sister: "I had a bad dream: I saw Ted shot." Two days afterward he received a communication from the Canadian police, telling him that his brother had been murdered, and asking him to come to identify him. He proceeded to Edmonton, with a vivid picture in his mind of the man he said he had seen in his dream.

Murdered in Newark Street.

Newark, N. J., Feb. 24.—James Seme, a wealthy Italian contractor, was shot dead on the principal streets of this city yesterday in the sight of scores of persons, by Frank Sena, a former employe. Sena was captured by citizens. He had demanded the payment of a small sum of money, which he claimed was due him in wages, and when Seme refused to pay, shot him in the head and then fired two more bullets into the prostrate form as it lay on the sidewalk.

The Poor of Paris.

Depression reigns in Paris owing to the poor men in society who have to make presents to the rich at the new year. Says one unfortunate: "For two months after New Year's day I hesitate to buy a pair of gloves or take a cab when it rains. Cigars are forbidden luxuries, and at home I smoke a pipe. What has become of my money? It has been spent on flowers and bonbons for the wealthy hostesses whose invitations to dinner my social position forces me to accept. And they are not amusing, those dinners! Observe that I am invited by these ladies solely because they know I shall have to send them presents, and when their salons look like the sweetstuff shops or the florist's, they have to give most of the things away and run the risk of letting the donor recognize his gift in another house!"

CATTLE MARKETS.

Cables Unchanged—Cattle Dull and Easier in American Markets.

London, Feb. 23.—Live cattle are quoted at 10c to 11¼c per lb.; refrigerator beef, 7⅝c to 7¾c per lb.; sheep, 12c to 13c per lb.

TORONTO LIVE STOCK.

Receipts of live stock on the city market since Tuesday as reported by the G.T.R. and C.P.R. were 115 car-loads all told, composed of 2041 cattle, 1717 hogs, 319 sheep and lambs with about 80 calves.

The offerings of shipping cattle were again light, not more than five loads all told. Prices remained about steady at $4.25 to $4.85 per cwt.; three loads of good quality selling at $4.75 to $4.85 but only one load at the latter price. The bulk sold at $4.00 to $4.75 per cwt. Few export bulls were offered and few are wanted and prices ranged from $3 to $3.40 per cwt.

The offerings of butchers' cattle were large. Picked lots of choice quality, equal to the best exporters, held about steady at last Tuesday's prices, but the other classes sold at 10c to 25c per cwt. lower. Choice picked lots, 1100 to 1200 lbs. each, equal in quality to best exporters, sold at $4.12½ to $4.50 per cwt., and one lot of six choice heifers, 1140 lbs., picked out of a load of exporters, were bought by Mr. Moffat at $4.62½ per cwt.; loads of good sold at $3.80 to $4.10; fair to good loads sold at $3.50 to $3.80; common at $3 to $3.50; inferior and rough at $2.50 to $2.75; canners at $1.50 to $2 per cwt.

During the past two or three weeks, owing to the storms, deliveries of fat cattle have been light and prices high. This caused drovers to cater to the butcher trade rather than feeders, which caused a scarcity of the latter, which there have been farmers on the market every market day looking for feeders of good quality. W. H. Dean bought 40 short-keeps, 1100 to 1200 lbs. each, at $4.25, and some other lots at $4 and $4.40 for some extra choice. Light feeders, 800 to 900 lbs. each, are worth $3.25 to $3.50. It is expected that from this time forward receipts will increase.

About thirty-five milch cows and springers, the bulk of which were of the common kind sold at $25 to $36; medium to good at $40 to $55, and choice at $60 each.

There was a fairly liberal supply of veal calves, but prices remained as firm as at any time this winter; in fact, choice old-time, new milk-fed calves sold higher than ever. Two of this class, weighing 172 lbs. each, were sold by Maylee, Wilson & Hall Co. at $6.75 per cwt. Prices ranged from $3.50 per cwt. for inferior to $4.50 per cwt. for common, while good to choice sold at $5.50 to $6.50 per cwt.

Receipts of sheep and lambs were light, only 318 all told. Prices were firmer at $4.50 to $5 per cwt. for export ewes; bucks, $3.50 to $4.25; lambs at $6.25 to $6.85 per cwt.

Deliveries of 1700 were bought by Mr. Harris at unchanged quotations. Selects, $5.40 and lights and fats at $5.15 per cwt.

EAST BUFFALO CATTLE MARKET.

East Buffalo, Feb. 23.—Cattle—Receipts, 400 head; fairly active; lower; prime steers, $5.50 to $5.75; shipping, $4.75 to $5.25; butchers, $4.50 to $5.25; heifers, $3.25 to $4.85; cows, $2.50 to $4.35; bulls, $2.75 to $4.25; stockers and feeders, $2.50 to $4.35.

Veals—Receipts, 250; slow, 25c higher; $4.50 to $9.

Hogs—Receipts, 4300 head; fairly active; 5c to 10c lower; heavy, $5.40 to $5.45; a few at $5.50; mixed, $5.40 to $5.45; yorkers, $5.25 to $5.40; pigs, $5; roughs, $4.50 to $4.75; stags, $3 to $3.75.

Sheep and lambs—Receipts, 12,000 head; slow, at 10c to 25c lower; native lambs, $6.50 to $6.40; western lambs, $8 to $8.15; yearlings, $7 to $7.25; wethers, $6 to $6.50; ewes, $5.75 to $6; sheep, mixed, $2.50 to $6.

NEW YORK LIVE STOCK.

New York, Feb. 23.—Beeves—Receipts, 321; nothing doing in live cattle; feeling dull.

Calves—Rebeipts, 818; steady. Veals, $5 to $10; barnyard and western calves, nominal. Sheep and lambs—Receipts, 3506; sheep almost nominal but steady; lambs, 25c lower; old ewes and bucks, $4.50 to $5; lambs, $7 to $9; one car at $9.12½; culls, $5 to $6.

Hogs — Receipts, 5313; steady feeling good state hogs, $5.60.

CHICAGO LIVE STOCK.

Chicago, Feb. 23.—Cattle—Receipts, 10,000; good to prime steers, $5.75 to $6.25; poor to medium, $4 to $5.65; stockers and feeders, $2.50 to $4.40.

Hogs—Receipts 42,000; mixed and butchers', $4.70 to $4.95; good to choice heavy, $4.80 to $5; rough, heavy, $4.70 to $4.80; light, $4.65 to $4.85; bulk of sales, $4.80 to $4.95.

Sheep—Receipts, 18,000; good to choice wethers, $5.60 to $6; fair to choice mixed, $4.50 to $5.85; native lambs, $6 to $8.

Remounts for British Army.

Toronto, Feb. 24.—W. Stacey Spark of Canterbury, Eng., well known in Canada as a lecturer on horse breeding, is in the city. He is the accredited agent of the British Government for the securing of about 500 horses annually for the Imperial cavalry and artillery purposes. He is also to find out what numbers of suitable horses could be supplied in case of a sudden demand through war.

Superstitious Parnell.

Miss Charlotte McCarthy, daughter of Justin McCarthy, told a curious story of Charles Stewart Parnell. "One evening," says she, "Parnell was talking to me at the coffee stage of dinner, and I, gazing at him with rapture, was vaguely stirring mine and going to drink it when he said: 'You must not drink that. You have stirred it the wrong way, and it would be unlucky. Get another cup.' What struck me as strange in this was not his being superstitious—every one who knew him at all knew that—but his extraordinary power of observation."

HOUSE OF COMMONS.

Parliament Taken Up With Some Routine Matters Thursday.

Ottawa, Feb. 24.—A variety of routine matters engaged the House yesterday. During the afternoon Mr. Fitzpatrick's bill, providing for a retiring allowance for the Chairman of the Railway Commission, was put through committee and stands for third reading, but not before Mr. W. F. Maclean presented some amendments, which were ruled out on a point of order.

Armories for Small Places.

Last evening Sir Frederick Borden outlined his policy respecting the erection of armories, and said he hoped to make them far more numerous than they are now.

Hon. Clifford Sifton made his first appearance in the House for the session.

Public Works estimates amounting to $1,736,000 were voted.

The following bills were introduced:

To incorporate the Canadian Canals Corporation—Mr. Calvert.

To incorporate the Montreal & Quebec Southern Railway—Mr. Gervais.

The Autonomy Bill.

Before the orders of the day were called, Mr. W. F. Maclean asked when the House might expect the autonomy bill to have its second reading.

Sir Wilfrid Laurier replied that it would not be for some time to come yet. He could not say when the resolutions would be introduced, but it would be before the second reading.

QUEBEC POLITICS

Premier Parent Will Accept Gouin's Nominee for Speaker.

Montreal, Feb. 24.—Peace has at last been arrived at between the warring Gouin and Parent factions in the Quebec Government. This was announced yesterday morning after a caucus held in Hon. Lomer Gouin's office, attended by the three resigned Ministers and 25 of the district deputies. Mr. Gouin, after the meeting, said that an amicable settlement had been reached, but declined to make an announcement, which might compromise final settlement. It was announced by one of those present that Parent would meet Legislature with his present remaining Cabinet.

Parent Admits It.

Parent admits that Gouin has the largest following, and will accept Gouin's nominee for Speaker, which was expected to open the fight. Then the Gouin faction will not oppose the Government. Later developments will, in all probability, be the return of Messrs. Gouin, Weir and Turgeon to the Cabinet, while Mr. Parent will seize a favorable opportunity to resign, and Gouin will become Premier. This will enable Mr. Parent to drop out with dignity, which is what his followers have demanded, and will leave the Government in the stronger hands of Hon. Lomer Gouin.

MR LANCASTER'S BILL

Commons Railway Committee Declines to Limit the Speed of Trains.

Ottawa, Feb. 24.—The Railway Committee had under consideration yesterday Mr. Lancaster's bill, which provides that the speed of trains at level crossings, in thickly settled portions of cities, towns and villages, shall not exceed ten miles an hour, unless proper safeguards in the way of gates and watchmen are provided. Speaking in behalf of the bill, Mr. Lancaster said that all he wanted was enforcement of a law which was on the statute book since 1857.

Mr. F. H. Chrysler, who appeared for the Railway Company, held that the existing law was sufficient to meet all cases. He said that the bill was unnecessary and mischievous. About 2,000 crossings would be affected. The cost would be $1,000 a crossing, or $2,000,000 in all.

Mr. Wright of Renfrew; Mr. Caldwell, Lanark; Mr. Maclean of York, and others supported the bill. Mr. Talbot favored it. It was defeated by 61 to 22

CHANGED HANDS

McCollum Bros.

Formerly of Orillia, have pleasure in announcing to the citizens of Peterboro' that they have purchased the Livery Plant and business of Mr. R. H. Leary, 421 Water Street.

It is our intention to devote our personal supervision to this business, and to conduct it in the same painstaking manner which has made it the best equipped and best patronized livery in the province. We therefore solicit a continuance of the large trade which has been extended in the past to our predecessors.

McCOLLUM BROS.

CARD OF THANKS.

In connection with the above announcement of the McCollum Bros., I desire to take this occasion to thank the public of Peterborough most heartily for the generous patronage bestowed on me during the past eleven years.

I desire also to bespeak for my successors a continuance of that liberal patronage in the future, as I can conscientiously recommend them as practical and reliable livery men, and worthy of all the patronage that may be entrusted to them.

ROBT. H. LEARY

SEALED TENDERS

Colds

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

Chamberlain's Cough Remedy

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.

DIAMOND HALL, PETERBOROUGH

Long and Short Letters.

Sherwin Cody in his "Training Course In Correct English, Business Correspondence and Advertisement Writing" lays down some rules as to the length of business letters. He says:

"Write a long letter to—

"A farmer.

"A woman.

"A customer who has asked you a question.

"A customer who is angry and needs quieting down and will be made only more angry if you seem to slight him.

"A man who is interested, but must be convinced before he will buy your goods.

"Write a short letter to—

"A busy business man.

"An indifferent man on whom you want to make a sharp impression.

"A person who has written you about a trivial matter for which he cares little.

"A man who wants only a record or a piece of information.

"A person who needs only the slightest reminder of something he has forgotten or overlooked."

Flattery and Flatterers.

"We sometimes fancy we hate flattery, when in truth it is the manner of it we dislike," said La Rochefoucauld. Stripped of its cynicism, the saying comes to this—that while praise is eternally pleasant there are fashions in flattery, and those fashions change very completely. Flattery is innocent or despicable, not according to whether or not it oversteps the limits of the accurate, but whether or not it proceeds from an interested or a disinterested motive.

There are moments when a true statement of honorific fact made for the selfish purpose of the speaker may be gross flattery, while an exaggerated speech may be justified by its good intention. The real question is not what was said, but why it was said. That is the only test by which we can divide the contemptible from the harmless kind. Surely there is less of the worse sort than there was, or do we but flatter ourselves?—London Spectator.

Our Congress.

When comparisons are made between America and continental Europe we can find much of which to be proud. Our growth, our wealth, our industries, our resources, our energy, all make flattering comparison with average European conditions. But I believe in making such comparisons there is no one thing of which we have the right to be more proud than of the congress of the United States. Better than any continental parliament, it represents the people. The one legislative body of the world that is in any way comparable to ours is the parliament of Great Britain. In character, intellect, methods, dignity and in the truthfulness with which each represents the people the British parliament and the United States congress stand in a class quite apart and above any of the parliaments of continental Europe.—Frank A. Vanderlip in Scribner's.

CONSECRATION OF HIS LORDSHIP THE BISHOP OF SAULT STE. MARIE

(Continued from 4th page.)

and educational character, have constituted a sufficient raison d'etre of a new diocese. More detailed reasons justifying the creation of a new diocese, are furnished by a brief review of the rapid growth of the new district, and of what has been accomplished under the regime of Bishop O'Connor. During that time 72 churches have been built, 49 which are within the limits of the new Diocese of Sault Ste. Marie. In addition 22 other churches have been enlarged or improved. To provide suitable dwellings for the clergy, 19 Presbyteries have been erected, and of these, 12 are in the new Diocese. Four hospitals have been constructed, and three of these are located in important towns of the new Diocese, viz., Sault Ste. Marie, Port Arthur and Sudbury, suitable centres to afford relief and consolation to the sick and injured that are brought from the surrounding districts. In most of the parishes and missions without having received the intermediate ecclesiastical dignities, is a striking practical tribute to his worth and work. He received his secular education in the public school of his native township, and at St. Michael's College, Toronto, and his religious education and training in the Grand Seminary, Montreal. He was in all respects a good student. During his six years at St. Michael's College he took the gold medal for philosophy. He went to the Grand Seminary in September, 1887, and in his second year he took the degree of B. D., in his third year became Licentiate in Theology, and is now ex-officio D. D., by virtue of his elevation to the episcopal chair. He was ordained priest by His Lordship Bishop O'Connor, at St. Martin's church, Ennismore, on Dec. 21st, 1890. After serving six years, or till February, 1896, at St. Peter's Cathedral, he was appointed, eight years ago, parish priest to the important parish of North Bay, where

St. Peter's Cathedral, in Which the Consecration was Held.

Catholic schools were established, where the children receive religious and moral training.

Christian Indians.

Moreover, it is to be remarked, there are about 6,000 Catholic Indor 82 per cent. of the total Indian population in the diocese. These are provided with three boarding schools where the children are educated and trained by devoted and self-sacrificing Sisters under the direction of the Jesuit Fathers. Besides, there are several day schools where the rudiments of a religious and literary education are imparted to these aborigines. The Catholic population of the new Diocese is about 27,000, with 35 priests and 64 churches, while the portion of the old Diocese remaining contains a population of 24,000, with 29 priests and 45 churches. It will therefore be seen that the infant See is larger, and, numerically, more important than the parent Diocese from whose side it has been taken. Territorially, it is far more vast. The old Diocese had a length of 1100 miles, while the new Diocese stretches from North Bay to Rainy River, a distance of 800 miles.

The new bishop selected to govern this wide region seems, in all respects, to be a happy selection. In scholarship, in piety, in fidelity to mother church, and its interests, and in zeal in promoting those interests, he has been adjudged by the Holy Father a fit shepherd for his widely scattered flock. The "magnificent distances" of the new diocese making exacting demands upon physical endurance, needed a young man of active frame and robust physique, such as the new Bishop possesses.

First Bishop of Sault Ste. Marie.

Rt. Rev. David Joseph Scollard, D. D., Bishop of Sault Ste. Marie, is the son of Mr. John Scollard, and Catherine O'Connor, his wife, of Ennismore, and was born in that township on November 4th, 1862. He is 42 years old, a more than usually early age to be elevated to the dignity of a prelate and prince of the church. The fact of his having been taken from the ranks of the simple priesthood,

Rev. Father McColl, Present Rector of St. Peter's.

new Bishop was at the Cathedral for the purpose of meeting his old friends and new ones, and receiving their congratulations. A very large number availed themselves of this opportunity of meeting the new Bishop, and wishing him success in his new sphere.

A pleasing feature of the afternoon was the presentation to Bishop Scollard of an address by the members of the clergy of the Diocese. The address was read by Rev. Father W. J. Keilty, of Douro, and it must have been a source of pleasure to the reverend priest to recall the fact, as he doubtless did, that it was in his church that the new Bishop received his first religious instruction.

The address was as follows:

To the Right Rev. D. J. Scollard, Bishop of Sault Ste. Marie, Ont.

May it please your Lordship,—We, the priests of the Diocese of Peterborough, your former associates, and co-labourers in the great work of saving souls, deem it an honour, alike to ourselves, to our diocese and to our beloved Bishop, that one of our own number, should be chosen by Almighty God, for the exalted and responsible position of Chief Pastor, of so large, so important, and so promising a portion of the Lord's Vineyard. Gladly, therefore, do we avail ourselves of this opportunity, to testify to your Lordship, our deep appreciation of the many priestly virtues, which have won forr you such high distinction, and at the same time to offer you our sincere congratulations on our elevation to the Episcopacy.

Among the priests of the Diocese, all of whom are proud to be, with you today, some bear upon their form and features, the unmistakable marks of time and labour, others, like your Lordship, have reached the prime of life, with scarcely a visible trace of their years of active service, while others again, have merely entered upon the sacred functions of the Holy Priesthood. But My Lord, whether hoary with years, or in the full vigour of useful manhood, or novices in the work of the ministry, there is but one heart among us all, and that heart is filled with gratitude and thanksgiving to God, for the inestimable graces and blessings He has been pleased to bestow upon you to-day.

For the past fourteen years you have lived and laboured side by side with us, and in that time we have learned to know you, to love you and to respect you. Your sincere and unaffected piety, your superior learning and administrative ability, your uniform kindness and consideration for the rights and feelings, of others, your unflagging zeal and devotion to duty, your marked humility and patience in dealing with the thoughtless and the froward, your broadmindedness and spirit of Christian tolerance and forbearance,—these noble priestly energy and zeal for the greater honour and glory of God—in each and every one of these capacities, you were ever found the same: sincere, conscientious, devoted.

But My Lord, while we are willing to concede to your own personal endeavours, a large need of praise for the great work you have been able to accomplish, and especially for the recent honours, which have been bestowed upon you, still we cannot help feeling that at least a portion of that praise and honour is due to your aged parents and venerable old pastor, whose good example, careful instrucion and sterling advice laid deep and broad that foundation of early piety, and paved the way to future greatness; whose pious prayers have so often interceded for you before the Throne of Grace, and whose hearts to-day are filled to overflowing with thanksgiving and gratitude to the giver of all good gifts.

To them, as to Your Lordship, we tender our most sincere and heartfelt congratulations, praying at the same time, that Almighty God may continue to bless and assist you in the sublime work of the Episcopacy.

As a token of the many priestly virtues, and as a tribute of our respect for the exalted dignity to which you have attained, we ask you to accept this Chalice and Set of Cruets, trusting they may serve to remind you at the Holy Sacrifice of the Mass, of the many faithful friends and admirers in the Parish of Ennismore, who are proud to call you their own.

Signed on behalf of the priests.

THE WORLD CAPITAL.

New York to Become the Financial and Commercial Center.

It takes ages to change the commercial and financial center of the world. When one is once established it shifts tardily and only long after it has ceased to be the most convenient place for the greatest number of people. There have been but a comparatively few such centers in the history of commerce. For centuries their location was on the Mediterranean sea or its tributaries. Carthage, Rome, Constantinople and Vienna followed one another at long intervals. With the growth of the Anglo-Saxon and Germanic races and the development of ocean traffic the location shifted to northern Europe. Then came Bruges, Antwerp, Amsterdam and finally London, where it still remains.

But the signs of the times now point to another change. The United States holds one-fourth of the world's stock of gold and controls over one-third of the world's banking power. In round figures the world's supply of gold is $2,500,200,000. Of this the United States holds $1,820,400,000. The world's banking power is approximately $32,606,000,000. Of this $12,826,000,000 belongs to the United States. During the last decade the United States has gained 168.47 per cent in this particular to the 82.57 per cent gain of all combined foreign nations.

If this rate continues, and it seems that it will, then London must eventually yield her primacy to some city in the United States. New York will, of course, be that city, owing to its marvelous advantages, due to its access to the lakes through the Erie canal, to the convergence there of most of the transcontinental railroads and to its superior situation as a port for European trade.—Kansas City Journal.

Sensible Folk.

Major McDowell, the clerk of the house, has a little philosophy about waiting to be urged. It is based on a personal experience.

"I was campaigning some years ago in Lawrence county, Pa.," said he. "One forenoon I started out for my objective point, planning to reach a certain farmer's house shortly before the dinner hour. This farmer was a friend of mine and a Dunkard. I knew that his good wife not only was a splendid cook, but that they always set a bountiful table.

"Well, I reached the farmer's house a little before noon, as I had intended. I was nearly starved and very tired. Dinner was on the table, and I was happy in my thoughts over the prospects of a good meal.

"'Glad to see you. Come right in and have dinner with us,' said my hospitable Dunkard friend.

"'No, thank you,' I replied, fully expecting to be pressed.

"But I wasn't pressed. The Dunkards don't ask people a second time."—Washington Post.

PAPER ON "ROBERT EMMET"

Read at Meeting of the T. A. S Ladies' Literary Association

A Successful Meeting was Held Last Night—"LaSalle" Next Subject.

The regular fortnightly meeting of the Ladies' Literary Association of St. Peter's T.A.S., was held in the Association Hall last evening, when a very interesting essay on Robert Emmet was read in a pleasing manner by Miss Anna Hurley.

Miss Hurley dealt with her subject in a very creditable manner, showing that she possesses the facfaculty of delighting her audience, by her pleasing and effective style.

The writer briefly described the condition of affairs in Ireland during the 18th century, and referred in glowing terms to the noble work done by the able and eloquent Grattan in his efforts to secure for the Iriah people some concessions from the Imperial Parliament.

Then followed an interesting biographical sketch of Emmet, from his earliest youth, his college course, where even then his transcendent powers, combined with true moral worth, and love of truth, freedom and justice, were brilliantly displayed. His extraordinary powers of oratory, which, when the spring was touched, gave to his whole countentenance and figure, the assumed change, as one suddenly inspired.

Miss Hurley, in beautiful language, portrayed the life work of this noble Irish patriot in the cause of justice for his oppressed people, his betrayal, and the sudden death of this Christian hero, and concluded her essay by quoting Emmet's immortal speech from the gallows.

The admirable manner in which Miss Hurley handled her subject, brought congratulatory expressions from her audience.

Miss O'Connell occupied the chair, during the evening, and Miss Nora Coughlin and Miss Lillian Hurley contributed to the evening's programme.

The next meeting will be held on March 10th. A paper on "LaSalle," will be presented by Miss Mamie Connor.

WAS MARRIED IN CAMPBELLFORD

Mr. Thomas Sarginson Wedded to Miss Minnie Ketchem.

On Feb. 15th a very pleasant event took place at the home of Mr. and Mrs. Jas. Ketchen when their daughter, Minnie, was united in marriage to Mr. Thomas Sarginson, of Peterborough.

The bride entered the drawing room leaning on the arm of her father, while the wedding march was being played by Mrs. H. Johnston, sister of the bride.

The ceremony was performed under an arch of evergreens, by the Rev. A. C. Reeves. The bride was attired in a dress of cream crepede-chene trimmed with silk all-over-lace and Russian chiffon and wore a wreath of white carnations. Their only attendant was little Miss May Ketchen, niece of the bride, who acted as ring bearer and was prettily dressed in pale blue silk trimmed with white silk lace.

After congratulations the bride and groom led the way to the dining room where about eighty invited guests sat down to an excellent repast. Afterwards a very pleasant evening was spent by all.

The bride was the recipient of many beautiful and costly presents showing the high esteem in which they both are held.

The guests from a distance were; Miss Johnson, Toronto; Mr. and Mrs. A. Ketchen, Fenelon Falls; Mrs. T. Sarginson, mother of the groom, Mr. and Mrs. R. L. Sarginson, Mr. and Mrs. D. L. Sarginson, Peterborough; Mr. Bert Hanna, Stirling; the Misses Whitton, Trenton; Mr. and Mrs. J. L. Lowery, Frankford; Mr. and Mrs. G. H. Pollard, Murray.—Campbellford Despatch.

ILLICIT STILL IN BROCK TOWNSHIP

Frederick Patterson May Have to Face Serious Charge.

License Inspector John Short, of this town, and Preventive Officer Floody, of Toronto, made an expedition into Brock township yesterday, and succeeded in locating and seizing an illicit whiskey still in the possession of a well-to-do farmer named Frederick Patterson, of lot 19, concession 3.

A jealous woman led to the undoing of Patterson, who is a bachelor. She sent a telegram to Inspector Short on Wednesday evening, and the next morning Officer Floody met the Inspector by appointment at Blackwater. From that point they waded through the deep drifts to the farm mentioned, a distance of about three miles. Their visit was made in the nick of time, as Patterson had arranged to dispose of the still, and was waiting the packing of the roads before taking the outfit to the shipping point.—Lindsay Post.

THEIR DIAMOND WEDDING DAY

Mr. and Mrs. A. C. Dunlop Sixty Years Married To-day.

Some Interesting History in Connection with Their Marriage—Have Lived Here Many Years.

To-day Mr. and Mrs. A. C. Dunlop, of Water street, are celebrating the sixtieth anniversary of their wedding day. It was intended by their friends that the event should be marked by a re-union at their residence, similar to that held ten years ago, when their golden wedding was celebrated, but the fact that both Mr. and Mrs. Dunlop are in very poor health made such a course impracticable.

They are, however, being remembered by their friends to-day in many ways, who evidently do not intend that they shall forget that to-day is the anniversary of their wedding day.

Few persons indeed can look back upon sixty years of married life as can Mr. and Mrs. Dunlop, and fewer still who spend that length of time in one place as have the subjects of this sketch.

On Feb. 25th, 1845 Mr. A. C. Dunlop, son of the late Major Dunlop, of Edenderry, Ireland, was united in the holy bonds of matrimony to to Miss Eleanor Stewart, second daughter of the late Hon. T. A. Stewart, of Auburn. The ceremony was performed by the Rev. Robert J. C. Taylor Rector of Peterborough at the residence of the bride's father now known as the late Hon. Robert Hamilton homestead, in the presence of a large number of guests, most of whom have since passed away. The marriage service was read from a large leather bound folio Prayer Book of the time of King William III, which has been in the Stewart family since that time, and is now in the possession of Mrs. Dunlop. The bridesmaids on the occasion were the bride's sister, Miss Bessie Stewart, Miss Agnes Coddy, Miss Maria Strickland, and Miss Fanny Reid, and all of these have since passed away, except Miss Reid, who is now Mrs. James Blackwell, of Douro. Mr. Joseph Dunlop, brother of the groom, performed the duties of best man. After their marriage Mr. and Mrs. Dunlop first lived at "Belvidere" Otonabee, for about eight years when they settled at "Malone" near Auburn on a property of Mr. Dunlop's father. They resided there from 1853 to 1878 when Mr. Dunlop purchased the present town residence, corner of Murray and Water streets from the late Dr. Burritt. The building, however, was subjected to improvement and additions, making it one of those delightfully homelike residences we see so many of in the old land. Here Mr. and Mrs. Dunlop have passed many happy years of life, their family consisting, besides themselves, of one daughter; three other children that blessed their union having died.

Since their residence in this vicinity Mr. and Mrs. Dunlop have seen strange mutations in the material, social and industrial conditions of Peterborough. Mrs. Dunlop's family came to Canada in 1822, and at that time the hand of man had not disturbed a stone upon the present site of the town.

In connection with to-day's celebration, an interesting letter has been received from Mr. Richard White, of Montreal, formerly of Peterborough, and a brother of the late Hon. Thos. White, The letter is as follows:

A. C. Dunlop, Esq.,
Peterborough.

My Dear Mr. Dunlop,—I learned yesterday that you and your wife are to be permitted on Saturday next to celebrate your sixtieth anniversary of your marriage. It is a pleasure that falls to few and the occasion is one of such rare occurence that I feel I could not resist writing to offer you my sincere congratulations on the occasion.

It is forty years now since I left Peterborough, but previous to that time you will remember me in connection with the old Peterborough Review. Many a pleasant chat I had with you in the good old days from '56 to '64 and I assure you the memory of them has always been very pleasant to me.

Please accept for yourself and Mrs. Dunlop, on behalf of myself and family our sincere congratulations and best wishes.

Yours truly,
RICHARD WHITE.

Ten years ago to-day, on the occasion of the 50th anniversary of their wedding a large number of friends gathered at the residence of Mr. and Mrs. Dunlop and presented them each with a gold mounted walking stick.

It may be interesting to mention that among those present on that occasion were Mrs. Catharine Parr Trail, of "Westove," Lakefield, and Miss Kate Trail, Mr. Hilton, Auburn, Mr. and Mrs. J. W. Collins, Montreal, Mr. and Mrs. A. Mairs, Markham, Mr. Stewart Brown, Goodwood, Mr. E. Herbert Brown, Montreal, Miss M. Mairs, Markham, Mrs. Mark Burnham, Ashburnham, Mr. H. T. Strickland, Ashburnham, Mr. Z. Burnham, Otonabee, Mr. W. B. Stewart, Toronto, Mr. and Mrs. Jas. Blackwell, Douro, Miss Harriet Brown, Toronto, Miss Bertha Brown, Mr. C. D. Mathias, Mr. J. H. Burnham, Mr. A. J. Belcher, Mr. J. E. Belcher, Miss Isabella Roger, Mr., J. Reid, Miss Bessie Code, "Hazel Brae," Dr. and Mrs. Burnham, Mrs. Templeton Brown, Mr. R. W. Reid, Mr. G. M. Roger, Miss Comin, Mr. L. A. Reid, Rev. E. F. Torrance, Rev. J. C. Davidson, Miss Kirkpatrick, Mr. C. N. Brown, Mrs. J. D. Collins, Miss Mabel and Miss F. Collins, Mr. and Mrs. T. A. S. Hay, Master Robin Collins, Mr. and Mrs. J. Burnham, Miss Edwards, Mr. E. B. Edwards, Mr. and Mrs. John Carnegie, "Glenmorris," Mrs. Clementi, Miss Mary Brown, and Miss Ella Edwards, Miss Bertha Brown and Mr. L. M. Hayes, Peterborough.

Andrew Charles Dunlop was born in Edenderry House, County Down, Ireland, in 1817. He is the youngest son of Major Charles Dunlop of the 18th Royal Irish Regiment, who fought through the American Revolutionary War, from start to finish, including the battles of Lexington and Bunker Hill; and also in Egypt under Sir Ralph Abercrombie.

After a long and honourable record the Major died in 1817, the year of his youngest son's birth. Major Jas. Dunlop, brother of Charles Dunlop, was murdered on July 22nd, 1791, while a wounded prisoner in the hands of the Revolutionists in North Carolina, and by an Irish champion of liberty, too.

Mr. Charles Dunlop came to Canada in the year 1835, and took up two hundred acres of land in township of Otonabee. In 1837 he joined the Peterborough volunteers and served till their disbandment; under Col. Cole, of the regulars.

For many years he has been a magistrate. Mr. Dunlop has been a farmer all his life, till 1878, when he retired from active business and removed to Peterborough, where he now lives, and no man in the community is more respected, nor with more substantial reason therefor, than Andrew Charles Dunlop.

You know when the collar of your coat fits right?

But you don't know the care, and work, and know-how that is back of making it fit right.

It stands to reason that the man who makes collars and fits them to coats—does that and nothing else, day in and day out, year after year—can make them better than the man who makes trousers one day, overcoats the next and a dress suit the next.

Y. M. C. A. Members were the Hosts Last Night.

An Enjoyable Evening was Spent at the Association Buildings.

A highly successful meeting was held on Friday afternoon in the Y. M.C.A. parlour for the purpose of organizing a branch of the Woman's Art Association of Canada.

Miss Bertram, for some years a member of the Toronto Association, and now resident in Peterborough, occupied the chair and explained the object of the Association, which was the promotion and encouragement of original art. This would be accomplished by holding exhibitions and lectures and, if it should be thought advisable, by arranging for studio accommodation. It was further pointed out that there were two classes of members, honorary and professional. The former are ladies interested in promoting art matters. The latter include artists and serious art students, who are willing to subscribe to the objects of the Association.

It was moved by Mrs. J. B. Stratton and seconded by Mrs. Hill, that a committee, composed of Mrs. Hughes-Charles, Mrs. Burnett, Mrs. Dunsford, Mrs. Denniston, Miss Hatton, Miss Bennet, Miss Bertram, and the mover, be appointed to draw up a constitution, and make final arrangements for an exhibition to be held in Peterborough early in March.

At the close of the meeting about forty ladies handed in their names for membership.

NEW ONTARIO.

Apart from the religious significance of yesterday's ceremony in connection with the consecration of Bishop Scollard, there is an important material significance. The religious progress of the region comprising the new Diocese of Sault Ste. Marie, has been attended with gratifying material growth, and industrial importance, and great as has been the progress in both respects; there is room for opportunity, for continued expansion in both; and, if the policy looking to the material development, is as energetic and aggressive as that which has marked the spiritual movement of the past, and will, under the new head of the diocese, continue to mark the future, there is no doubt that the material growth and importance of New Ontario will be rapid and satisfactory. From the earliest history of Canada the region practically identified with New Ontario, was the field of operation of the first missionaries of the cross, and practically upon this identical ground the Jesuit Fathers, Lalement and Brebeouf, became the proto-martyrs of the church, and their spirit has been largely characteristic of their successions in the missionary field.

Judging by what has been accomplished in this regard in the present, the future is full of promise, and it is to be hoped that those charged with the duty of fostering this region in a material and industrial sense will rise to the occasion. The late Government of Ontario appreciated their obligation to the north country and if their successors will take a similar attitude and carry out a policy of advance legislation the future of New Ontario will be what its resources and possibilities make practicable.

EARLY SETTLER OF HARVEY DEAD

Mr. James Stevenson Passed Away at Age of 82 Years.

There passed away in Harvey on Saturday, February 11th, James Stevenson, one of the earliest settlers of that township, having lived there for over thirty years, consequently he is entitled to the distinction of having been one of the first men to settle in that part of the county of Peterborough.

The deceased was 82 years of age, and up to the time of his last illness, which was of short duration, he had hardly been sick a day in his life. He was stricken with pneumonia, and was ill only two weeks. His death occurred at the residence of his son, Joseph, with whom he had made his home for some years.

Deceased was a native of Scotland and came to Canada 47 years ago, settling near Keene, where he lived for about 17 years, when he moved to Harvey, near Lakehurst, and has lived there ever since.

There are left to mourn his loss two sons and two daughters, Messrs. Joseph Sanderson, of Harvey; and Andrew, of Michigan; and Mrs. Archie Wilson, and Mrs. Jeremiah Clancy, of Vanem, B.C. His wife, whose maiden name was Isabel West, died twelve years ago.

The funeral took place on Monday, Feb. 13th, to the Lakehurst cemetery, and was very largely attended.

PRESENTATION TO NEW BISHOP

Head of Diocese of Sault Ste. Marie was Honoured Yesterday.

Priests of New and Old Diocese and Prominent Laymen Present Address.

Yesterday afternoon Bishop Scollard held a reception in the Vestry of the Cathedral, and a very large number of his friends waited upon him and tendered him their congratulation upon his elevation to the office of Bishop, and among those who called upon him were very many of his former associates in Ennismore, and Peterborough, while there were also a great many from the new diocese of Sault Ste. Marie, who had taken the trip here for the purpose of doing honour to their new Bishop and former beloved pastor. A special excursion train was run from points in new Ontario, and the special rates secured were taken advantage of by a large number.

After the Bishop had received the congratulations of his friends an adjournment was made to the Cathedral proper where three addresses were presented to His Lordship, the new Bishop of Sault Ste. Marie.

The first was that from the priests of the diocese, the former associates of Bishop Scollard. The whole staff of priests of the present diocese of Peterborough was present, and it was a very touching scene when, as they stood grouped around the one who, from their number, had been raised to the dignity of the priesthood, Rev. Father Keilty, whose hair had grown hoary in the service of the church, and who has spent more than a quarter of a century as a parish priest in the County of Peterborough, read the address, which appears below, to His Lordship. It is a significant fact that to Father Keilty belongs the honour of having given the new Bishop of the new diocese, his first religious training, and it must have been with feelings of pride that he presented to him the address tendering the congratulations of his fellow priests of the diocese to His Lordship. The address was as follows:—

To the Right Rev. D. J. Scollard, Bishop of Sault Ste. Marie, Ont.

May it please your Lordship,—We, the priests of the Diocese of Peterborough, your former associates, and co-labourers in the great work of saving souls, deem it an honour, alike to ourselves, to our diocese and to our beloved Bishop, that one of our own number, should be chosen by Almighty God, for the exalted and responsible position of Chief Pastor, of so large, so important, and so promising a portion of the Lord's Vineyard.

Gladly therefore, do we avail ourselves of this opportunity, to testify to your Lordship, our deep appreciation of the many priestly virtues, which have won forr you such high distinction, and at the same time to offer you our sincere congratulations on your elevation to the Episcopacy.

Among the priests of the Diocese, all of whom are proud to be with you today, some bear upon their form and features, the unmistakable marks of time and labour, others, like your Lordship, have reached the prime of life, with scarcely a visible trace of their years of active service, while others again, have merely entered upon the sacred functions of the Holy Priesthood. But My Lord, whether heavy with years, or in the full vigour of useful manhood, or novices in the work of the ministry, there is but one heart among us all, and that heart is filled with gratitude and thanksgiving to God, for the inestimable graces and blessings He has been pleased to bestow upon you to-day.

For the past fourteen years you have lived and laboured side by side with us, and in that time we have learned to know you, to love you and to respect you. Your sincere and unaffected piety, your superior learning and administrative ability, your uniform kindness and consideration for the rights and feelings, of others, your unflagging zeal and devotion to duty, your marked humility and patience in dealing with the thoughtless and the froward, your broadmindedness and spirit of Christian tolerance and forbearance,—these noble priestly virtues and qualities, could not fail to leave deep impressions on all who knew you, but especially on us, who had the pleasure of knowing you so long and so intimately. For this reason we are loth to part with you. We can assure you in all candor, that we will miss the good example, the wise counsel, the kind, cheering word, the warm, heartfelt greeting, which ever marked your intercourse with us.

We grieve to see a single link severed in that golden chain of brotherly affection which binds us all together.

But God has decreed otherwise, and in humble submission we bow before His Holy will.

Henceforth your life will be passed in a higher, broader and holier sphere,—your activities directed in a different channel. Not over the ambs only of Christ's fold, but over the sheep as well must your paternal fostering care be ever exercised. And while we feel confident that you will never lose sight of the years gone by, nor ever forget the support and encouragement which words of sympathy and approval bring to the heart of the struggling priest, in his daily trials and crosses, still we know that in the faithful discharge of your Episcopal duties, the love of a brother must of necessity give way, before the watchful care of a prudent father.

We realise, My Lord, as no others can, the many difficulties that lie before you,—a vast extent of sparcely settled country,—difficult of access, but abounding in untold possibilities truly a magnificent field for the full exercise of all your Apostolic zeal—during the wise administration of your predecessor the Right Rev. R. A. O'Connor, much has been accomplished for the benefit of religion and education, by the erection of numerous churches and schools in various parts of your diocese. The foundation has already been laid, it remains for you to build thereon.

With a confidence therefore, born of an intimate knowledge of Your Lordship's capabilities, we look forward with anxious hope and expectation to the good work you will be able to accomplish in the near future. Say with the great Apostle of the Gentiles, "I can do all things in God who is my strength."

As an earnest of our sincerity, and as a pledge of our good wishes for your future happiness and prosperity we ask you to accept this as a slight proof of the respect and esteem which we bear towards you.

In conclusion then, we join in wishing you God speed, and Heaven's choicest blessings—Ad Multos Annos—and in return we humbly ask and it is all we can hope to obtain, that in the midst of your increased cares and labours, you will occasionally in person, and often in spirit and in prayer, revisit the friends and scenes of your earlier days.

Signed on behalf of the priests.

The presentation of the purse was made by Rev. Father McColl.

The Bishop was visibly affected by the reading of the address and the presentation and more than once during his reply he was obliged to wait until he could control his emotions. He asked to be excused from replying at any great length to the beautiful sentiments given utterance to in the address which had just been read. There were many things which he would like to say to them, but the morning ceremony had been very lengthy, and he was sure they would not expect him to address them to any extent.

He felt that he did not personally deserve the many kind things which had been said about him in the address, but he believed that the motive which prompted the writing of the address was not any ulterior one. If he were going to rule over the diocese of Peterborough he might, if he could bring himself to be uncharitable enough, have thought that the priests had made him this presentation to gain favour with him, but since he was being removed to another scene of labour, he knew that it came from sincere hearts. He never thought that he had such bosom friends among the priests of the diocese. He had spent the greater portion of his priesthood period in the northern and sparsely settled part of the Diocese, and only met the other priests when they were in retreat. He had not lived in the popular part of the Diocese, and since he had met his brother priests but rarely, he had not expected that they would honour him in this manner. Perhaps, however, if they had seen more of him, he jocularly remarked, they would not have said so many kind things about him, but he thought the real motive was that of faith, prompted by charity.

They saw before them a poor human individual, invested with the successorship of the apostles, and seeking to drive away the pestilence of error from the flock of Christ, and he felt that they had separated the man from the Bishop, and it was the dignity of the latter which they were honouring in this way.

Birth had been given to a new Diocese, and the Holy Spirit had chosen him as the first head of the Diocese, which was a suburb to that of Peterborough, and it is the outskirts of God's holy city on earth. About 200 years ago the Diocese of Quebec had stood on the outskirts, but since that time it has begotten many children, and grandchildren, and he hoped that the new Diocese, of which he was to be the head, would follow the example of Quebec in this particular, and that it would branch out and become prosperous.

He was gratified indeed with the sentiments expressed in the address, which he felt that, personally, he did not deserve. But he knew that they had faith, and had separated the humble subject from the dignity of the office, and thanked them from the bottom of his heart.

The speaker was overcome by his emotion when he expressed his regret at severing his connection with the Peterborough diocese, an act which he said was pathetic to him, and asked that he might be excused from saying anything further.

FROM THE NEW DIOCESE.

Following this His Lordship was waited upon by the priests of the new diocese of Sault Ste. Marie, and on his behalf, Rev. Father Langlois, of Sturgeon Falls, a member of the Jesuit Order, read an address to him in French, in which His Lordship was congratulated upon his elevation to the sacred office of Bishop. Special reference also was made in the address to the good work accomplished in the newer parts of the province by His Lordship Bishop O'Connor, who was by the division of the diocese being relieved of a considerable amount of work. The address assured the new head of the diocese of the devotion of the priests for him and promised assistance to him in his work.

Rev. Father Primeau, on behalf of the priests presented Bishop Scollard with a small gold crozier enclosed in a handsome leather case.

His Lordship replied to the address, briefly, in French, and afterwards in English. He said that when he had been approached by the deputies who had intimated to him that the priests were intending to present him with a token of their esteem, he had suggested that a small crozier for use when travelling would be acceptable, but he had no idea that the gift would be such a handsome or valuable one. He was very grateful indeed for the beautiful gift which he should prize very highly.

His advice to the priests of the new diocese was that they should adopt as their watchword the colonization of New Ontario with Catholics. They should seek to secure for the newer part of the Province an increase of settlers, and those in Southern Ontario should be urged to send their strong sons and daughters to New Ontario instead of sending them out of Canada. When he said that they should colonize it with Catholics he did not mean especially that they should seek to increase its membership by bringing in those outside the Church, although that might be done also, but his first care would be to colonize the newer parts of the Province with Catholics from the older parts and also from across the seas. Quebec had brought Catholic young men from other countries over the ocean and he hoped the new diocese would follow her example in this respect.

The diocese of Sault Ste. Marie is become a most important part of the Church's territory in the near future because there will be settlers coming into it from all parts and it should be the duty of the priests of that diocese to induce Catholics to come into it, and thus build up a strong Church there.

He was glad that the address had referred in such glowing terms to the grand work done by his predecessor the Right Rev. Bishop O'Connor, in the portion of the diocese of Peterborough which has now been erected into a separate diocese. Perhaps no one knew better than did the speaker, the self-sacrifice which his predecessor had endured, nor the extent of the work which he had accomplished, and expressed the belief that if he were able to do the work as well as the one he was succeeding, he would be well satisfied. Bishop O'Connor had worked at great sacrifice both of time and means, for he had given generously to help the struggling missions in the remote parts of the diocese. He again thanked the priests for the very much appreciated gift which they had given him, and he hoped that in the future he would be privileged to meet them frequently in the discharge of his duties in connection with the affairs of the new diocese.

An influential delegation, representing the Ottawa branch of the Knights of Columbus, was present at the Cathedral, and a presentation was made to the new Bishop from them.

At the conclusion of His Lordship's acknowledgment of the address and gift from the priests of the new Diocese, these gentlemen, prominent Catholic laymen, and comprising Messrs. Hon. John Costigan, Hon. F. R. Latchford, M. J. Gorman, K. C., C. A. McCool, M.P., and J. B. McColl, M.P., came forward to within the sanctuary and Mr. Costigan after a few words of introduction, read a short address to His Lordship, in which congratulations were extended to him upon his elevation, and assurances were given that the laymen would support him in every possible way in his new and difficult sphere of work, and as a mark of their esteem for him he was presented with a handsome gold chain and cross.

In replying, His Lordship said that he could hardly find words to express his appreciation of the great kindness of the gentlemen who had just honoured him so greatly. That men whom he knew but slightly, or did not know at all, except by reputation, should take the trouble to come to his consecration, and should afterwards present him with this address, and cross, was incomprehensible to him, but he could only think that, as he had before remarked, in acknowledging the address from the Peterborough priests, they had extracted the man from the Bishop, and, hearing that he was being elevated, they had made the presentation to him as filling the dignified office of Bishop, and not as a man.

He believed that the laity could do a great deal in building up the newer parts of the province. We had heard a great deal recently from our political friends about building up New Ontario, and he hoped that it would do some good. Let the Catholic laity, the politicians and the Governments do their part in sending into the new Diocese the emigrants, and the Bishops and priests will see that the churches are there to receive them, and in which they may be given religious instruction.

His Lordship assured the gentlemen that he would wear their gift close to his heart, and that he would ever remember their kindness in presenting it.

This marked the close of the public ceremony in connection with the consecration of the new Bishop of Sault Ste. Marie.

WHITNEY'S REPLY

Premier's Answer to Deputation of Temperance Men.

INTRODUCED BY MR. MARTER

Says That His Views Are Well Known, But That the Government Is in a Receptive Mood in Regard to the Question—Deputation Asks for Abolition of the Bars.

Toronto, Feb. 25.—The deputation from the Ontario Branch of the Dominion Alliance and the Royal Templars of Temperance, consisting of the executive officers and other prominent members of these bodies, to the number of upwards of a hundred, waited on the Premier at 12.30 yesterday in Parliament Buildings. The Premier was accompanied by Hon. J. J. Foy, Hon. A. J. Matheson, Hon. Nelson Monteith and Hon. J. S. Hendrie. Mr. G. F. Marter introduced the deputation.

Among those who spoke were F. S. Spence, Rev. Dr. Carman, J. A. Austin and Rev. William Frizzell. The deputations asked for a measure abolishing the barrooms, the treating system, drinking in clubs and imposing upon the liquor traffic such restrictions as will curtail existing evils.

The Premier's Reply.

The Premier, who was received with hearty applause, after expressing pleasure at meeting the deputation, said: "The seriousness of the subject which you have come here to discuss, together with the position or situation which in my opinion the members of this Government are as trustees for the people of everything which makes for the benefit of the people, renders the occasion one of more serious satisfaction to myself and my colleagues. As some of you have indicated, we have occupied our present position for but a short time, and each one of you understands fully that, up to the present moment, we have been unable to give our thought to any question of policy which will be carried out on any subject. We have been unable to devote more than an hour a day so far to the work of our different departments, and we have not yet got down to serious thought on any question. We believe, however, our first duty is to the people whose servants we are. Our first duty being that, in our opinion, we consider that every other consideration should give place to opportunities such as these when those who represent a section of a certain body or group within the population of the Province, desire to lay before us what the opinions are which they represent.

In a Receptive Mood.

I am therefore glad to say that this Government stands to-day with reference to the objects of this deputation in a receptive mood. (Applause). We believe it to be our duty on all occasions to endeavor to get at the core of the public mind, at the feeling of the people of this Province, and when we have heard opinions on this and other questions of varying opinions—although there can be no varying opinions as to the desirability of measures being adopted, which will, as far as possible, minimize the evils of the drink traffic; that is my opinion—(applause) —we can act. As far as my opinions are concerned, they have been known for years, and sometimes I have been credit for them, and oftener discredit for the manner in which I have expressed them, but they have never changed and never will. I shall go along, assured that as long as I do that which I believe to be my duty, credit will be given sooner or later. (Applause.) That being so, we will receive the expression of opinion from different bodies on different questions, and consider it our bounden duty to keep the matters before us, and give them our earnest consideration. That is a term I would not have mentioned had it not been mentioned before in regard to this as well as other matters.

Impossible to Do Much.

You will easily understand that it will be impossible to do much at the coming session with regard to any important subject, but we will not only be ready to receive, but we will be anxious to receive from yourself, or those you represent, at any time in the future suggestions with regard to the question you have presented here.

I wish to be understood as being thoroughly in earnest on that point. I may say that, as far as we have been able to touch upon it, or to give it consideration, we have done so as to the best manner to carry out, for the moment at any rate, the provisions of the existing law. I do not profess to have any more public virtue than my neighbors or political opponents, but I do say this, that the statements—not pledges or promises, for I was never called upon to make any—I am proud to be able to stand before you and say that the statements made by me are, I consider, as binding as pledges—which I reiterate here to-day will be made good, and the law as it is at present will be carried out properly, and as it was intended to be carried out. If we fail in that, we will receive that condemnation which we deserve to receive. As time goes on we shall be able to give this and other matters our careful thought, which, with suggestions from all sources which seem to be good, we will be glad to embody in any amendments we consider desirable.

Anxious for Suggestions.

Mr. Whitney concluded by reiterating his assurance that the Government was anxious to receive suggestions as to the desires of the people and to endeavor to include such amendments to the laws as would result to the benefit of the Province. All the members of the Government, he thought, knew that the verdict of the people which gave them power was no ordinary triumph, and the effort of the present Government of Ontario would by their acts continue to show that fact.

A brief address by Mr. Marter thanking Mr. Whitney and his colleagues for receiving the deputation closed the proceedings.

DOMINION PARLIAMENT.

Debate on the Adulteration of Jams, Jellies, Maple Syrup, Etc.—The Metric System.

Ottawa, Feb. 25.—Hon. L. R. Brodeur, Minister of Inland Revenue, gave some facts to the House yesterday that may curb the hankering of fastidious members of the community for jams, jellies, spices, maple syrup and sundry other delicacies. Adulteration has come to be the steady practice of the manufacturer. Since Mr. Brodeur began his crusade against the evil-doers, an improvement is noticeable in jams and jellies, but to use the Minister's words, the adulteration of spices is horrible. Glucose, acetic acid, and hayseeds are the popular ingredients of the delicacy labelled strawberry jam. A great deal of the raspberry jam we are consuming appears to be largely the product of a skilful manipulation of apple pulp.

An Aggressive Policy.

The Minister promised to pursue an aggressive policy towards those who violate the act. From samples of food and liquors which he has examined, it has been found that liquor alone is pure. Mr. Brodeur did not draw the obvious moral from the result of his enquiries. His solution of the difficulty is to demand the pure thing from the manufacturers as well as from the distiller. In the course of the discussion of the estimates, Mr. Brodeur stated that the metric system is steadily growing in popularity, and it may be adopted in the course of a year or so. England, Russia and the United States are the only countries that have not yet taken up the metric system. When they do, Canada will have to follow suit.

Bills Introduced.

These bills were introduced:

An act respecting the Medicine Hat and Northern Alberta Railway Company—Mr. Parmalee.

An act respecting the Battleford & Lake Lenore Railway Company.—Mr. Parmalee.

An act respecting Red Deer Valley Railway and Coal Company.—Mr. Campbell.

An act respecting the Canadian Agency.—Mr. Campbell.

An act respecting the McLeod, Cardston & Montana Railway Company.—Mr. Campbell.

An act respecting the Woodstock & Lake Huron Railway Company.—Mr. Clark.

An act respecting the Ottawa River Railway Company.—Mr. Ethier.

Government Works by Tender.

Mr. Fitzpatrick moved the second reading of a bill respecting contracts for Government works. The bill provides that tenders must be called for all contracts over $5,000, except those which are of pressing emergency. It further provides that no contract is to be let by the Minister without the approval of the Governor-in-Council. The bill was reported.

A bill of similar provisions and applying to the Department of Railways and Canals was taken up in committee. The bill was put through the committee stage and stands for its third reading.

Mr. Hyman moved the second reading of a bill to amend the Public Works Act. It makes the same restrictions in regard to the letting of contracts for Government works, as in the case of the Department of Railways and Canals. The bill was reported.

Canadian Tobacco Good.

Mr. Foster enquired about the production of Canadian tobacco, and Mr. Brodeur, Minister of Inland Revenue, said that last year this production amounted to about 5,000,000 pounds.

The Minister said he had the assurance of men who knew that the Canadian article was of good quality. It was certainly growing in favor, as was shown by the increasing consumption.

The Metric System.

A vote of $3,000 was carried for maps, charts, etc., relating to the metric system, and Mr. Brodeur was asked what progress is being made in disseminating information in this connection. The Minister stated that metric system charts and sets were being distributed among the High Schools, the pupils were studying the system, and it was expected that the next generation would be familiar with it and capable of putting the system into practice.

Perfect Confidence.

When there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Poolesville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child, Garland, is subject to severe attacks of croup and it always gives him prompt relief." For sale by all druggists.

Morales in Danger.

Washington, Feb. 25.—U. S. Minister Dawson, at San Domingo, yesterday cabled the State Department that an attempt was made there yesterday to assassinate President Morales; that five of the assailants were captured, and that the remainder escaped.

Committed for Trial.

Winnipeg, Feb. 25.—At Edmonton yesterday the preliminary trial of Charles King for the murder of an English prospector named Hayward, was closed. King was committed to stand his trial.

Parent Goes to Montreal.

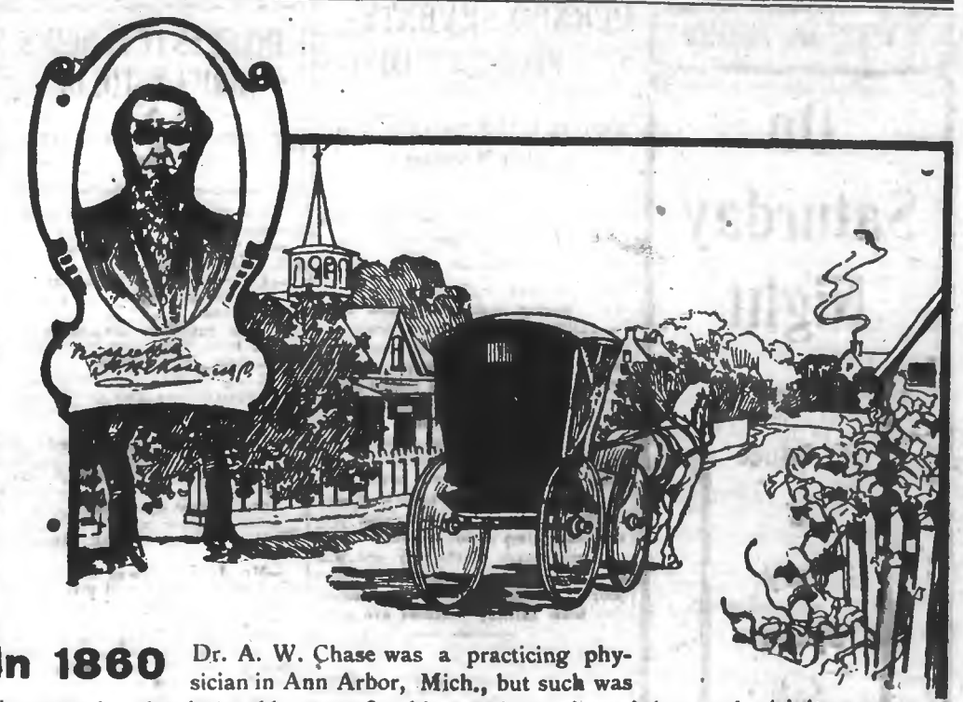
Quebec, Feb. 25.—Lieutenant-Governor Jette and Premier Parent left for Montreal yesterday afternoon. It is said the latter is to seek medical advice concerning throat troubles.

Kennedy Goes for Trial.

Brantford, Feb. 25.—The Kennedy case was continued this morning and the man was committed for trial. He pleaded not guilty and chose trial by jury.

Another Case of Rheumatism Cured by Chamberlain's Pain Balm.

The efficacy of Chamberlain's Pain Balm in the relief of Rheumatism, is being demonstrated daily. Parker Triplett of Grigsby, Va., says that Chamberlain's Pain Balm gave him permanent relief from Rheumatism in the back when everything else failed and he would not be without it. For sale by all druggists.



In 1860 Dr. A. W. Chase was a practicing physician in Ann Arbor, Mich., but such was his reputation that he could not confine his practice to Ann Arbor and vicinity or even to the State of Michigan; for people heard of the remarkable cures that were being brought about and wrote for advice and treatment.

It was this demand from people at a distance which led Dr. Chase to put up for public sale a few of the prescriptions which had proven so successful in his private practice, and backed by the integrity of character and honesty of purpose of Dr. Chase these family medicines soon acquired a reputation for reliability which has won for them the confidence of the best people of the land.

For some years previous Dr. Chase had made a hobby of collecting, studying and experimenting with receipts and prescriptions and the result was the publication of Dr. Chase's famous Receipt Book, which has had a world-wide circulation. This work, together with marked natural ability and high technical knowledge as a physician graduated from two of America's leading medical colleges, at Ann Arbor and Cincinnati, gave him undoubted qualifications for the extraordinary success he achieved as a physician.

Take for example Dr. Chase's Kidney-Liver Pills, which have become so well known as a family medicine to be depended on for the cure of liver disorders, kidney disease and constipation. Here is a letter from a Canadian who obtained treatment from Dr. Chase personally in in 1867.

Cured by Dr. Chase in 1867

MR. G. W. PARISH, Sturgeon Bay, Ont., writes:—"In the year 1867 I was very bad with my kidneys. I could not work on account of my back being lame, sore and painful all the time. Though I carefully followed the directions of our family doctor, he was unable to do me much good. At this time Dr. Chase was becoming known as an especially successful physician, and on the advice of my uncle, Charles Williams, I went to Dr. Chase at Ann Arbor, Michigan, and he gave me a box of his pills for kidney disease.

"You can scarcely imagine how much good they did me. They helped me so much that I went back to the doctor and bought a dozen boxes. In my mind there is not a medicine half so good as Dr. Chase's Kidney-Liver Pills for kidney trouble and headache. We always keep them in the house as a family medicine, and I would not think of using any other."

From the small beginning in Ann Arbor in the sixties the output of Dr. Chase's medicines increased at first slowly, but later by leaps and bounds wherever their merits became known.

While the advertising has been confined solely to Canada and the United States the reputation of these great family medicines spread abroad until it was necessary to establish an office in London for the British Isles, while orders have been received at the Canadian offices from such far away points as Belgium, France, Australia, New Zealand, Dutch West Indies, British Guiana, Nyassaland, Central Africa and Aden, Arabia.

Nothing short of genuine merit can account for such enormous demand for Dr. Chase's Medicines, every one of which was prepared by Dr. Chase on the principle of not merely relieving, but positively curing disease, by removing the cause, and to this principle is due, we believe, their phenomenal success.

Dr. Chase's medicines are for sale by all dealers or Edmanson, Bates & Co., Toronto, Ont., and the Dr. A. W. Chase Med. Co., Buffalo, N. Y. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box of his medicines.

$1,000 *Will be forfeited if the above testimonial is not correct and on file at these offices.*

BURNED SEVENTY-FIVE BUILDINGS

Big Fire in Hot Springs, Ark., This Morning.

Estimated Loss is $1,500,000 — Fire Burned for Eight Hours.

Special to the Examiner

Hot Springs, Ark., Feb. 25.—Fire early to-day destroyed more than 75 buildings in the southern portion of the city. A high wind prevailed and the water supply failed. There are one thousand people homeless, including many visitors. The estimated loss is $1,500,000; the fire burned for more than eight hours. The fire was checked at the Methodist church, the district where the Hotel Moody was located having been entirely destroyed. The burned section comprises about one-fiftieth of the entire area of the city, and was occupied almost exclusively by the poorer classes. The main hotels and both railway stations are safe.

Alcide Laurin Lost his Life Last Night at Maxville.

Special to the Examiner.

Alexandria, Feb. 25.—Alcide Laurin aged 24 years, of Alexandria, son of A. Laurin, Veterinary Surgeon, of this place, was killed in a hockey game last night at Maxville. The young man, who was a printer in the employe of the Glengarian of Alexandria, went to Maxville last night with the Alexandria hockey team to play the Maxvilles. In the midst of the game he was struck on the head by a hockey stick in the hands of A Louey, of the Maxville team, and died almost immediately after.

SPRINGVILLE MAIL SERVICE STRICTURE

Statement Made in Reference Thereto Contradicted.

Mr. D. V. Trew, contractor for carrying the mails between Fraserville and Springville, called on the Examiner to-day in reference to some misstatements regarding the mail service for Springville in the Examiner's Springville correspondence, printed in the daily of Feb. 15th, and the weekly of Feb. 16th. He expressly refers to the statement that "sometimes Friday's mail has reached Springville on Monday." Mr. Trew says this is incorrect, at least if this has happened it has not been during the last five years, and while he has been carrying the mails.

MOVEMENTS OF THE NEW BISHOP

Will be in Ennismore To-morrow and Installation Next Sunday.

To-morrow Bishop Scollard will visit his old home in Ennismore and, will be presented with an address, by the members of the parish. He will return early in the week and on Thursday will leave for the Sault, stopping at North Bay en route. Next Sunday the installation of the new Bishop will take place in the Sacred Heart Church at Sault Ste. Marie and afterwards the Bishop will return to North Bay, where he will remain for some little time yet, until he completes the new church which his parish is building† here.

"NELL GWYNNE"

Fascinating Story Carefully Dramatized by Bijou Company.

Last night the Bib Bijou Company were again greeted by a large audience, the opera house being crowded, standing room being at a premium.

The fascinating story of "Nell Gwyne" the idol of London in the 17th centuary, was prettily staged, the costumes being particularly fine, and the acting carefully and appropriately effected.

The specialties were very entertaining, Musical Paull being extensively versatile and winning his listeners with very little effort effort. The Bigelow Twins were more popular than ever, and Marjie Adams and Wilmot Young upheld their reputations.

To-night the lucky coupon holder will get a ton of coal delivered free by the Peterborough Fuel & Cartage Company.

Evangelistic Meetings.

Evangelists May and Irving will hold a series of Gospel meetings in Peterborough, commencing Tuesday night of next week. This will be welcome news to many as no two men in Canada have been more blessed of God in such work. We pray that the spirit which has over-turned Wales may visit Peterborough. These evangelists take no collections and set no price. The meetings will be held in the Gospel Hall, corner of George and Brock streets, at 8 o'clock sharp.—Com.

ADDRESS BY D NEEDLER

Spoke Last Night at George Street Church.

Subject was "Luther, From a Literary Standpoint."

Quite a large audience assembled last night in the school room of the George street church, to listen to the address on "Luther, from a Literary Standpoint," delivered by Rev. Dr. Needler, of Toronto University.

Many features of the great reformer's life and work with which many of his audience were unfamiliar, were presented in a clear and concise manner by the speaker.

In the popular conception, it may safely be said of Luther's efforts, the literary side of his character has been to a large extent, obscured by his more widely known work in ecclesiastical matters, and there is no doubt that all those who were fortunate enough to be present last night, had their attention drawn to many points in connection with the subject which had hitherto passed unnoticed.

The meeting was opened by prayer offered by the pastor, Rev. Dr. Crothers.

A vocal solo, "Dear Heart," was contributed by Miss Sperry, in a pleasing manner. This was followed by another vocal selection by Mr. Jas. Browne.

The chairman, Mr. J. J. Jefferies, then introduced the speaker, and also extended a welcome on behalf of the audience, referring to the fact that that he had been born, and had spent his boyhood days in the immediate vicinity of Peterborough.

Dr. Needler, in opening, remarked upon the great force of the work begun by Luther four centuries ago, was still felt throughout the world in the present day. He was a man of many sides, any one of his characteristics being sufficient to provide material for many discussions. While the two phases of the reformer's work, being so closely united, cannot be entirely separated, his remarks were directed more particularly towards a discussion of Luther's effect upon German literature, rather than to his religious work. Underneath all human progress, he said, are two forces — discovery and protest, of which it is hard to determine which is the more potent factor. Many illustrious examples of men who have been the pioneers, as well as the great leaders, in the opening up of new fields for human activity, were cited, amongst these being — Alexander the Great, Caeser, Alfred the Great, Frederick the Great, Peter the Great, and others. These two forces were also as prevalent in literary as in political fields of activity, though poets as recorders of progress should not be classed under this head. They occupied a higher plane. The great poet is the greatest of all men, he declared. He next dealt with the work of men who throughout the history of the world have accomplished equally valuable work as protestors, going to Brutus in ancient Rome, as well as the many examples in English history, arising from the Anglo-saxon love of liberty.

Some of the most iniquitious acts in history have been done in the name of religion and the effect of the work of Martin Luther was one of the greatest ever known.

He then described in a concise, though graphic manner the life of the great reformer, beginning with his birth in the year 1483 in a small village in the heart of the German Empire, and traced his rise from the distressful conditions of poverty with which he was surrounded in his early days, to his brilliant University career at Erfurt, and the entrance upon his chosen career of religious works, as a monk in an Augustan Monastary. In referring to his character at the period of his University life the speaker described him as of a sociable and genial nature, though much given to introspection even to the point of morbidity. In 1517 he was ordained as a priest and entered upon a systematic study of theology. He was sent upon a confidential mission to Rome where he became horrified at the licentiousness displayed by the clergy. — After his return he took a position as Vicar with eleven monasteries to oversee. In 1521 he drew up the famous 95 theses without any conception of the storm which they would create. His excommunication and refusal to retract, and summons to appear before the Diet of Worms were also spoken of, as was also the manner of secretion in the hands of friends where his translation of the Bible was commenced. For the balance of his life he lived as professor, teacher and preacher, completing his translation of the Bible in later years. The conscientious, perseverance and labour necessitated in this task were described. His literary productions were classified under four heards: 1st, Religious writings; 2nd, Pamphlets; 3rd, Poems and Hymns; 4th, Table talk.

His many addresses urging the necessity for secular schools, libraries, and the good results attained by his efforts explained. Portions of his vigourous letter to Henry VIII were quoted and commented upon, as was his "Table-talk" which contain his opinions regarding many of his eminent contemporaries. His severe comments upon the legal profession and his views upon musical subjects were spoken of. His poetry was next discussed by the speaker, who remarked that though he does not stand high as a poet, he has immortalised himself by his hymns. Much of his poetry was in the ballad style which was very popular at that period. The linguistic struggle raging throughout France and Germany between the native tongues and the Latin language was also vividly described.

At the conclusion of the address a hearty vote of thanks was tendered the speaker.

Hawley's Confectionery was opened again to-day for business.

PRESENTATION TO MR. AND MRS. BODDY

Pleasant Social Event at the Snowden House Last Night.

A pleasing event took place last night at the Snowden House, when our highly esteemed and popular C. P. R. Ticket Agent, Mr. T. E. Boddy, was presented with a purse of gold, and a beautiful set of pipes. Mrs. Boddy, who is equally popular in social circles of the town, was also remembered, and as a token of the high esteem in which she is held, was made the recipient of a handsome piece of silver.

The accompanying address was read by Mr. R. A. W. Hay, and the presentation was made by Mayor Best. Mr. William Taylor made a few remarks pertinent to the occasion.

The presentation was occasioned by the much-regretted departure of Mr. Boddy, who, as was announced a short time ago, has been compelled to seek a change of air, owing to ill-health, and will shortly enter upon the new occupation of fruit farming.

Mr. Boddy was taken completely by surprise by the event of last night. An address, signed on behalf of the committee, by Messrs. Wm. Snowden, Wm. Taylor, and Mr. Dodds, was presented by Mr. R. H. Hay. The address contained a reference to the regret felt by Mr. Boddy's extensive circle of old friends at his departure, and expressed the hope that he would meet with every happiness and success in his new vocation. The presentation was made by Mayor Best.

Mr. Boddy's surprise and pleasure at the event was so great that he was overpowered by his emotions, and found it most difficult to reply for a few moments. He however in a few words, thanekd the donors and spoke of the keen regret he felt at severing the many pleasant associations and friendships of his stay in Peterborough, and of the warm spot in his heart for the town and his many friends in it.

Mr. E. C. Rice, who has for four years been in charge of the telegraphic branch of the office, has been appointed acting-agent, pending the appointment of a permanent incumbent. There are very many of our citizens, with whom Mr. Rice's obliging relations has made him popular, who are hoping the choice will fall upon him.

REV. MR. LANGFELDT ON GERMAN ARMY

Will Give His Lecture in the Park Street Church.

"Life in The German Army" will prove to be a drawing card at the Park street Baptist church on Monday next. It is likely that many members of the 57th Regiment will listen to the Rev L. A. Langfeldt's lecture. This will be a rare opportunity to hear an exposition on this subject, as the reverend gentleman is an ex-officer of the German Army. The following is an abridged syllabus of the lecture:— The Emperor and the Army; Physical Fitness; Military Training; Effect on Character; Strict Discipline; Non-Commissioned Officers; A Complete System; Mobilization; A Million and a half of Men on French Frontier in Twenty-Four Hours; Individual Liberty; Social Conditions; Class Distinction; A Hard Lot; Social Democracy; A Three-Years' Service; Permits and Registering; A Great Bulwark; Battles and Victories; British Subjects; Impressions of Canadian Life. The south end will rally for this lecture. Special music will be provided. Chair taken at 8 o'clock by Rev. A. B. Brace.—Com.

Have you tried our New Cream Taffy. It is delicious and harmless. Try it. Sold only by T. H. Hooper.

ADDRESSES WERE WORKS OF ART

Illuminated Address Presented Yesterday, Work of Mr. Wm. Pringle.

Two specimens of penmanship have been turned out of the Peterborough Business College this week, which do great credit to the principal of that institution by whom they were executed. One of these was the address which was presented to His Lordship Bishop Scollard yesterday by the priests of the diocese of Peterborough. This address was illuminated and handsomely executed in colours, and is a credit to the gentleman, the result of whose skill it is. It represents many hours of toil and is a genuine work of art. The second address is that which will be presented to-morrow at Enniskmore, and is also written in most artistic style.

EXAMINER NEWS BOY HAS APPENDICITIS

James Eyres, Now In the Nicholls Hospital.

James Eyres, who lives with his grandfather, Mr. William Eyres, 168 Antrim street, went to school as usual on Wednesday, in apparent good health. He delivered his Examiners all right on Wednesday night, but came home complaining of a pain in his side. He retired to bed without his supper, and suffered somewhat during the night. Dr. Carmichael was called at seven o'clock on Thursday morning, and pronounced the trouble appendicitis. The lad was removed to the Nicholls Hospital at noon, and that evening an operation was performed. The boy's condition is reported as satisfactory, and he is progressing nicely.

A DESPERATE FIGHT

Russians Driven Back On Their Left By the Japanese.

MAKING FOR VLADIVOSTOCK

Gen. Kuropatkin Reports Twenty Japanese Torpedo Boats and One Warship on the Way to Northern Entreached Port—Japs Are Closing in on Russians East Flank.

St. Petersburg, Feb. 25.—A despatch from Sachetun, dated Feb. 24, says: "The Japanese in superior numbers forced the Russian Detachment at Tsinkhetchin to abandon their base at Beresneff Hill. The battle has been most desperate on both sides. The result is not yet known.

Stubborn Fight Expected.

Tsinghetchen, Feb. 23.—(Via Mukden, Feb. 25.)—There was fighting along the whole line in this district yesterday. The Japanese, continuing their persistent and systematic advance, drove in the Russian vanguard posts and came in touch with Russian fortified positions. A stubborn combat is expected to-day.

Activity Evident.

Shenking, Manchuria, Feb. 24.—(Via Mukden, Feb. 25.)—Reports of activity at Vladivostock in anticipation of an attack on that place by the Japanese are confirmed, but the town continues in its accustomed gaiety, in which the civil and military elements participate. The channels of Bake are in their normal state, notwithstanding the fact that stringent patrol by the Japanese of the strait between Island Sakhalin and the coast of Japan has completely interrupted the movements of shipping. Supplies at Vladivostock, it is reported, are plentiful, though prices are high.

The naval attaches of foreign Governments are leaving Vladivostock by request of the Russian authorities. The number of refugees at Mukden has been greatly reduced because of the transfer of them to Government reservation of Kauchengtzu. The considerable number remaining at Mukden, however, are in receipts of adequate care, this being rendered possible by the free import for the use of grain.

General Mixup Expected.

It is reported here that the Japanese are closing in on the Russian east flank. As a result of this movement, it is possible that there will be either a general engagement or at least a counter movement by the Russians along some part of the line, especially if, as is thought, the Japanese have returned to their original tactics of making flanking movements from the mountains. The early advent of spring now makes possible operations in and from the mountainous districts.

For the past three weeks the Russians have suffered no material disturbance, with the exception of comparatively unimportant damage to the railroad to a bridge near Kanchia Pass, as the result of Japanese raids, aided, it is alleged, by Chinese bandits.

JAPS AFTER VLADIVOSTOCK.

Twenty Torpedo Boats and a Warship on Their Way.

St. Petersburg, Feb. 25.—Gen. Kuropatkin, in a despatch dated Feb. 23, sends a report that 20 Japanese torpedo boats and a large warship are on their way to Vladivostock.

Battle of Batteries.

Tokio, Feb. 25.—Manchurian reports to the army department say that the shelling of points in the vicinity of the Shakhe River and collisions between scouting parties of both armies continued on Feb. 22 and Feb. 23. Commencing at 1 o'clock on Feb. 23, a Russian battery of heavy guns, posted west of Litajentun, began shelling Lapatai and its vicinity.

Russians Blow Up Bridge.

Mukden, Feb. 25.—A daring Russian raiding party, under the command of Col. Siensmidt, completely destroyed with explosives the bridge south of Haicheng, about ten miles east of Newchwang, Feb. 21, blowing up 70 feet of it.

No Jap Scandals.

Tokio, Feb. 25.—The Diet has been investigating alleged frauds in connection with contracts signed in May last for the construction of barracks to be used as a depot for the Seventh Division at Hokkaido (the northernmost island of Japan). In an address to the throne, Chief Quartermaster Tomatsu takes the responsibility for the contracts, although his predecessor awarded them privately and without tenders. The Russian prisoners in Japan number 44,000, of which 616 are officers.

It May Be So.

Minsk, Feb. 25.—The manager of Libau-Romny Railway says that Emperor Nicholas has ordered the establishment of a nine-hour day in all the railway stations and workshops, and that the employes will be allowed to elect representatives to report on their grievances. An increase of pay is also promised. The statement created a great satisfaction, and work on the line has been resumed.

Gorky to Be Released.

St. Petersburg, Feb. 25.—The report of the release of Maxim Gorky is premature, but it is expected he will be set at liberty in a day or two.

Sabbath Observance Argument.

Ottawa, Feb. 23.—Argument in the Sabbath observance jurisdiction reference was continued yesterday in the Supreme Court by Mr. Paterson, counsel for Ontario, who argued in favor of the draft bill, which assumes the power to legislate in this respect to be vested in the Provincial authority. The observation of Their Lordships all through indicates that the court is strongly inclined to the view that such legislation is ultra vires of the Province, being a matter wholly within the jurisdiction of the Federal Government.

Notice in a Bar.

The following notice has been posted in several places in the new Hotel Normandie, Clinton: "Take notice that no one under 21 years of age will be allowed in the bar-room or sold intoxicating liquor. It will be considered a favor, if anyone, knowing a young man to be under age frequenting the bar, will report same at the office." All hotelkeepers should make the same rule, and strictly adhere to it.

FLEET TO FRANCE.

Allans of Montreal Sign Contract for Steamship Service.

Ottawa, Feb. 25.—H. and A. Allan of Montreal have signed a contract with the Dominion Government for a steamship service to France. The contract is for three years, and four steamships are to be employed, and the minimum speed is to be not less than 10 knots when loaded at sea. The steamships used will be the Laurentian, Pomeranian, Sardinian and Buenos Ayrean.

Montreal or Quebec will be the port of call during the season of navigation, and Halifax or St. John when the season is closed. The port of call in France will be either Cherbourg or Havre, at the contractors' option. The contractors may extend their trip or trips to British ports, but the steamers must call first and last at a French port.

For eighteen round voyages the contractors will receive $100,000, and for twenty-four voyages $133,222. The ships are to be fitted with cold storage, and there is to be no discrimination in freight rates against Canadian merchants and shippers, who are always to have preference.

Senator Scott is 80.

Ottawa, Feb. 25.—Yesterday was the 80th anniversary of the birth of Hon. R. W. Scott, Secretary of State and leader of the Senate. The Liberal Senators took advantage of the occasion and presented Mr. Scott with a piece of silver, on which was a suitable inscription. Mr. Scott, in accepting the large silver loving cup, the gift of the Senators, thanked them kindly for their thoughtfulness, and for their kind and generous expressions towards him.

Man Crushed to Death.

Wellesley, Feb. 25.—A man named Christian L. Jantzi, living about two miles east of here, was found dead on the road leading to Baden. Jantzi was taking a load of wood to Baden and going down a steep but short hill he slipped off the load. The wood followed, crushing him to the tongue of the sleigh. He was dead when found by a passerby.

From Country to City.

London, Feb. 25.—The House of Commons during a short session yesterday debated the amendment of Mr. Channing (Liberal) to the address in reply to the speech from the throne, calling attention to the depopulation of the rural districts and the necessity for promoting the cultivation of land and encouraging the agricultural industry generally. The amendment was defeated by 241 to 165 votes. The House then adjourned.

Irving May Break Down.

London, Feb. 25.—Sir Henry Irving's condition, according to yesterday's bulletin, has "slightly changed for the better." Despite the reassuring reports, the actor's illness causes alarm among his friends. He had been showing signs of a breakdown for some weeks, and had been fighting off the threatened collapse by means of strychnine and other drugs.

Lt.-Col. Macdougall to Halifax.

A BAD CASE.

But Easily Overcome When the Proper Remedy Was Found.

Alfred Carter writes the following candid letter setting forth the benefits he derived from the use of Bu-Ju Kidney Pills.

Toronto, Ont., June 4, 1904.
Claflin Chemical Co., Windsor, Ont.,
Gentlemen, — During the past winter having caught a severe cold in my back, and my kidneys appearing to be affected thereby, I was induced through seeing your advertisement in one of the daily papers to try a box of your "Bu-Ju" Pills, and am very pleased to tell you that after taking only two boxes of them the trouble entirely disappeared, and I have not been troubled since. Yours truly,
139 D'Arcy street. Alfred Carter.

What they have done for Mr. Carter they will do for you. Why hesitate and continue to suffer when a simple remedy can be obtained at so simple a cost. Bu-Ju Kidney Pills are for sale at all drug stores.

Horses Burned to Death.

Winnipeg, Feb. 25.—Fire, in which nine horses lost their lives, occurred on Thursday night in Sam Berger's stables. Mr. Berger is a stock dealer, and while some of the horses were rescued from the burning building, nine perished in the smoke. They were valued at $60 to $200 each.

Kicked by the Driver.

London, Feb. 25.—While on his way to school yesterday morning, Clarence Donaldson, aged eight, attempted to jump on a bobsleigh. The driver kicked the boy in the abdomen. The lad was picked up by pedestrians and medical aid called. He was taken to his home, where two physicians attended his injuries, which are of a serious nature.

One of Injured Dies.

Niagara Falls, N.Y., Feb. 25.—Frank Frommert, one of the electricians who was burned in the fire at the Niagara Falls Power Company's plant Thursday, died early yesterday. Robinson is still alive and hope is entertained for his recovery. John Frommert will recover. The damage has been repaired.

ARREST OF HER SON

Felix Doyle Taken Into Custody For Murder of Mother.

SKULL CRUSHED BY AX BLOW

Man Told Neighbors Two Stories of His Mother's Death—Some Tell-Tale Blood Marks Not in Accordance With One of His Accounts—May Be Epileptic's Crime.

Brantford, Feb. 25.—County Constable Montgomery left Brantford Thursday night with a warrant for the arrest of Felix Doyle for the murder of his mother. Coroner Johnson opened an inquest at Burford yesterday, but adjourned the enquiry until Monday night. There is no doubt that the aged woman was cruelly done to death with an ax. While there is an utter absence of motive known, yet Doyle is said to be of that state of simple mindedness which renders such a crime on his part more than probable. He has lived all his life on the farm, is of weak intellect, and is subject to fits, a sort of frenzied outbreak resulting from overindulgence in morbid mopings and imaginings. Felix Doyle is about 40 years of age. The murdered woman, who was twice married, was 80. They have lived for years in a small one-storey frame house.

Doyle's Story.

Doyle claims that he was awakened early Thursday morning by what he thought were noises caused by disturbances among his horses.

"After lightining the lamp," he says, "I noticed the door leading out to the woodshed op), as well as the woodshed door leading into the yard. Lying on her back in the woodshed, with her head slightly turned, I found my mother, lying in a pool of blood, with two heavy wounds on the back of her head. She was not dead, but she did not know me. She was unconscious. I quickly picked her up and carried her into her bedroom, placing her on the bed.

"I tried to do the best I could myself. I thought perhaps she had just fallen, as she was very feeble, and that she would likely be all right in a few minutes. I washed her head, which was bleeding terribly, but she got no better. About 8 o'clock I went over to Mr. Elvidge's house to get help, but could awaken no one, and when I returned she was dead."

Elvidge knew nothing of the occurrence until nearly 9 o'clock.

Murdered in Bedroom?

In the woodshed, a cane used by the woman was found with blood upon it. There were a few spatters of blood elsewhere. Between the shed and the bedroom there is no trail of blood, but the bedding is saturated, and blood is scattered over the room. The ax is covered with blood.

Thirty years ag Mr. and Mrs. Doyle kept a hotel here. After separating from her second husband, Monahan, she again assumed the name of Doyle.

Doyle, according to neighbors, has given two versions of the affair. Felix seems to genuinely feel his mother's death.

Turkish Troops Mutiny.

Constantinople, Feb. 25.—A battalion of 550 Turkish troops, while on the way to reinforce the garrison of Yemen, Arabia, mutinied on board the Greek steamer Epiros, seized and imprisoned their officers and compelled the commander to put back to Suez. The mutineers demanded that they be sent back to their homes.

Buried to Death.

Mont Clair, N. J., Feb. 24.—One person, a Mrs. Ross, was burned to death; another, a coachman, is missing, and five houses were destroyed in a fire on High Street, this city, yesterday.

Got $400 and Costs.

Toronto, Feb. 24.—George A. Gibson settled his suit with the Riordon Paper Co. for the loss of two fingers for $400 and costs. This case concluded the sittings of the winter Assizes.

Died Suddenly.

Port Colborne, Feb. 24.—J. W. Greenwood of the firm of R. & J. W. Greenwood, butchers and vessel owners, died suddenly at his home here last night, aged 52 years.

DO YOU FEEL THIS WAY.

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead left the world in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your sluggish liver to work. It will get into every vein in your body and purify your blood. It will set things right in your stomach, and your appetite will come back. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about speedy cure in all poor cases of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whom sufferers please write to all who wish to write him. His great success has come from his wide experience and varied practice.

G. A. Cruickshank, Esq., of Mount Union, Buckingham Co., Va. (Box 100), writes: "About twelve years ago I was suddenly taken with a violent pain in the stomach, which was so violent I could not walk straight. It would grow more severe until it caused watery rush and vomiting of a clear yellow water. A physician told me I had a form of dyspepsia and treated me for about six months with but little benefit. Another physician told me my liver was out of order and that I had indigestion. He gave me a treatment and I got some relief for but only for a short time. Friends tried another one, who said I had chronic indigestion, ulceration of the lining of the stomach, torpid liver and kidney affection. He treated me for more than a year and I felt much better, but it did not last. I then took to using several widely advertised patent medicines, but received no more than temporary relief. I then tried Dr. Pierce's medicines, using his 'Golden Medical Discovery,' and the 'Pleasant Pellets,' and in two months' time I was feeling better than I had for years before."

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good."

When you think you have cured a cough or cold, but find a dry, hacking cough remains, there is danger. Take

Shiloh's Consumption Cure The Lung Tonic

at once. It will strengthen the lungs and stop the cough.

KING AGAINST CABINET.

London Daily Chronicle Discovers an Important Incident.

London, Feb. 25.—The Daily Chronicle's Dublin correspondent learns on high authority that the MacDonnell-Wyndham correspondence included a letter from King Edward, which was omitted in the reading of the letters in Parliament Wednesday night, and says: "The King is greatly interested in MacDonnell's Irish work, which he wishes to be not interrupted, and for that reason counseled MacDonnell's non-acceptance of the post of Governor of Bombay. According to The United Irishman newspaper, the King has set his heart upon an Anglo-American alliance, and for that reason is anxious to conciliate Ireland; therefore, he supports MacDonnell and the Earl of Dudley against the Cabinet."

Boers Declared Filibusters.

New Orleans, Feb. 25.—Secretary of State Hay has decided, in spite of the letter of President Cabrera of Guatemala to the contrary, that the Boers going to Central America are filibusters and not legitimate immigrants, and a party which was to have started yesterday on the steamer Anselm was stopped by order of the Department of State. This is the second party whose departure from this country has been stopped in the last two weeks. The Guatemalan representatives still protest that the men were immigrants and that the Central American Republic has been greatly injured by preventing these men going to Guatemala after 10,000 immigrants had been shipped there.

Brockville People at Law.

Brockville, Feb. 25.—William Dillon and Sylvester Mahoney, rival hotelkeepers, have joined hands in an effort to quash the local option by-law, passed in Cardinal by popular vote on Jan. 2. The preliminary proceedings were instituted to-day before Judge McDonald. At the same time there was filed with the Clerk of the High Court the necessary papers for an action for damages for slander, the plaintiff being Mahoney and the defendant Dillon. The case will come up for trial at the Assizes on March 7. Another slander suit, Topping v. Smart, arising out of an election dispute on Jan. 25, will also come on for trial. The parties reside in Brockville.

Dates of Militia Camps.

Ottawa, Feb. 25.—The entire militia force will be trained during the coming summer, and camps of instruction will be held as follows: No. 1, London, June 6; No. 2, Toronto, June 13; No. 3, Kingston, June 27; No. 4, Ottawa, June 27; No. 5, Montreal, June 27; No. 6, St. Johns, Que., June 19; No. 7, Quebec, June 27; No. 8, St. John, N. B., June 27; No. 9, Halifax, Sept. 12; No. 12, Charlottetown, June 27.

Chinese Minister to London.

Pekin, Feb. 25.—Kotai Kang Shao Ki of Tientsin has been appointed Chinese Minister to London. He is at present in India, negotiating for the adhesion of China to the Anglo-Thibet treaty. Kang Shao Ki was educated at Yale University, and was formerly secretary to Yuan Sha Kai, the progressive Viceroy of Pechili Province.

Boring Parties Meet.

Gondo, Switzerland, Feb. 25.—Piercing of the Simplon tunnel through the Alps was completed at 7.20 o'clock yesterday morning. The work was commenced in 1898. The meeting of the two boring parties (Swiss and Italian) was signalled throughout Switzerland by ringing of church bells and salutes by cannon. The length of the tunnel is about twelve miles and the Swiss and Italian Governments have jointly financed the undertaking at a cost of $15,000,000.

THE OLD FOGY DOCTOR.

FAMILY Doctors are all right as general practitioners, but they are not specialists. The sexual organs comprise the most intricate and important system in the human body and require the most skilful treatment. You might as well expect a blacksmith to repair your watch, as a family physician to cure sexual complaints. We have made a specialty of these diseases for over 30 years, have invested tens of thousands of dollars and have every facility known to medical science to cure them. Every case is taken with a positive guarantee of No Cure—No Pay.

BLOOD POISON—Whether inherited or acquired, is positively cured forever. The virus is eliminated from the system so no danger of return. Hundreds of cases cured by us 25 years ago and no return; best evidence of a cure.

NERVOUS DEBILITY—and other complications, such as emissions, drains in the urine, varicocele, sexual weakness, etc., are cured by our New Method Treatment under a positive guarantee—$5 ONE—$20 PAY.

WHITBY LADIES' COLLEGE APPEAL DISMISSED

Chancellor Boyd's Judgment in Ontario Ladies' College vs. Kendry, Upheld.

In the Court of Appeal:—

Ontario Ladies' College v. Kendry.—G. H. Watson, K.C., and J. B. Dow, (Whitby,) for plaintiffs, appealed from judgment of Boyd, C., dismissing without costs an action to recover from a merchant in Peterborough certain moneys alleged to be due for five shares of stock of plaintiff company subscribed for by defendant in 1892. The trial Judge found that there had been misrepresentations by an agent of plaintiffs, and that the subscription had been made upon conditions which were not fulfilled. E. G. CURLING PRIZES WERE PRESENTED

Big Bonspeil Came to Glorious Close Last Night.

Five out of the Six Prizes Came to Peterborough Rinks—Larger Bonspeil Next Year.

The big bonspiel which opened here on Tuesday last closed last night with the final game in the consolation series, and the presentation of the prizes at the close.

To say that the event has been a success, would be putting it very mildly, indeed, for its success has surpassed even that hoped for by the committee, and in future even greater things will be attempted and —accomplished. It is expected that next season, one, if not two, large and valuable trophies will be presented for competition and this will no doubt stimulate the rinks entering to put forth a greater effort, and will also have the effect of inducing curlers from greater distances to attend the bonspiel.

It is proposed to secure the ice at the Brock street rink for one day at the start so that the first round may be played off with no delay. The only handicap in the Charlotte street rink is the fact that there is not sufficient ice room.

Peterborough curlers did remarkably well in the bonspiel, capturing both first and second prizes in the primaries and three of the four in the consolation series, which, when it is considered that some of the best rinks in this part of the province, were in attendance is a splendid achievement. It is worthy of mention that McSweyn's Lindsay rink, before attending the 'spiel, defeated Flavelle's Winnipeg rink and he in turn was defeated here by D. Hall's aggregation by some of the best curling seen here in many a day.

Last night there were a goodly number of curlers present to witness the final game in the consolation series, which was won by Miles Hamilton, who defeated Rutherford by 18-10. At the conclusion of the match the presentation of the prizes took place and the event was made the occasion of a mutual admiration series of speeches, in which special mention was made by a number of speakers to the excellent work done by Messrs. J. S. Knapman, Chairman of the Bonspiel Committee and Mr. Geo. Giroux, Chairman of the Finance Committee, both of whom have worked industriously, and as the result shows, successfully, to make the bonspiel the greatest curling event in Peterborough in recent years.

The rinks to whom prizes were presented, with the prizes, were:—

FIRST PRIZE, PRIMARY.

H. Foote.
J. S. Knapman.
C. Rutherford.
S. Ray, skip.

The prize was an elegant solid leather suit case to each member of the rink, valued at $10.00 each.

SECOND PRIZE PRIMARY.

M. Lyle.
D. Belleghem.
A. H. Stratton.
T. F. Matthews, skip.

The prize for this was a pair of military brushes to each member, value $5.00 each.

FIRST PRIZE CONSOLATION.

G. S. Giroux.
A. Moore.
Dr. Eastwood.
Miles Hamilton, skip.

The prize was four 5 l.d gold lockets, valued at $.0.00.

SECOND PRIZE CONSOLATION.

R. Hicks.
S. G. Hiland.
J. Stanger.
T. Rutherford, skip.

Four solid gold stick pins, value $26.00.

THIRD PRIZE CONSOLATION.

W. J. Campbell.
Dr. Wightman.
R. Waddell.
G. Giroux, skip.

Prize, four silver match boxes.

FOURTH PRIZE CONSOLATION.

(Lindsay):
Dr. Brown.
George Ewart.
T. Burke.
Dr. Walters, skip.

Prize, four fountain pens.

The gathering last night was presided over by the president of the club, Mr. W. G. Morrow, and in a few words he expressed his pleasure at the successful terminating of the bonspiel. He believed that every one attending, whether from town or outside had spent a most enjoyable week, and he had no doubt that next year the bonspiel would be a greater success than that which had just closed.

The first prize was presented to Mr. Ray by Mr. R. Kerr, secretary of the club, who made a few remarks with reference to the splendid achievement of Mr. Ray's rink, which were acknowledged by that gentleman in a few words. Mr. J. Cameron presented the second prize to Mr. Matthews, who in accepting it paid a tribute to the curling abilities of his opponents, who, he said, had won out by splendid curling and he congratulated Mr. Ray on his success. Mr. E. H. Edwards presented the first prize in the consolation series to Mr. Hamilton, and Mr. T. Brightman, the second to Mr. Rutherford, while the third prize was handed to Mr. Giroux by Mr. W. G. Ferguson. The fourth prize, which had been won by Dr. Walters, of Lindsay, had already been presented to him and he had left for home.

A vote of thanks to Mr. J. S. Knapman, Chairman of the Bonspiel Committee, and Mr. Geo. Giroux, Chairman of the Finance Committee for the excellent service they had rendered the club. They had been indefatiguable in their work and deserved great credit for the success of the event. Mr. Angus McIntosh, was also included in the vote of thanks and he came in for some well merited praise for the good ice he had provided and for his efforts to make the bonspiel enjoyable.

All these gentlemen made short replies thanking those present for the kind words which they had endorsed and assured them that they had done nothing but what they would be glad of having the privilege of doing over again for the benefit of the club. They were all satisfied if the bonspiel in the estimation of the other members of the club had been successful and hoped that in future years even a greater success might be realized. Thus ended the bonspiel of 1905, and there are nothing but kind words for those under whose management it has been made such a success.

BY THE TEE.

A mistake was made in reporting one of Col. Edwards' matches. He won by 19-9 but the report had him 10 down. The mistake is deeply regretted because his rink made a splendid showing in the 'spiel.

HAPPY MOTHER'S TOUCHING STORY

Of Baby's Dreadful Suffering from Eczema.

CURED BY CUTICURA.

Now His Skin is as White as a Snow Flake.

"A terrible rash broke out on Charlie's poor little face and spread to his neck, chest and back. I had never seen anything quite like it before," writes Mrs. Helena Rath of 821 10th Ave., N. Y. City. "The skin rose in little lumps, and matter came out. My baby's skin was hot, and how he did suffer. He wouldn't eat, and night after night I walked the floor with him, weak as I was. Often I had to stop because I felt faint and my back throbbed with pain. But the worst pain of all was to see my poor little boy burning with those nasty sores. At last I was persuaded by a friend across the street to try the Cuticura Remedies. She gave me some Cuticura Ointment—I think the box was about half full—and a piece of Cuticura Soap. I followed the directions, bathing Charlie and putting that nice Ointment on the sores. Little by little, but so surely, Charlie and I both got more peace by day and more sleep by night. The sores sort of dried up and went away, and now Charlie is cured completely."

"Yes, that fat little boy by the window is Charlie, and his skin is as white as a snow flake, thanks to the Cuticura Remedies. I think everybody should know about the Soap and Ointment, and if it is going to help other mothers with sick babies, go ahead and publish what I have told you."

Cuticura Resolvent, Liquid and in the form of Chocolate Coated Pills, Cuticura Ointment and Cuticura Soap are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney; Boston, 137 Columbus Ave. Potter Drug & Chemical Corp., Sole Proprietors.

The game was played in the College gymnasium and the Peterborough team's line-up was:—Backs, Robertson, Miller; centre, Richardson; Forwards, H. Cressman, J. Ross. Mr. P. K. Holmes accompanied the team.

TO-DAY'S MARKET.

Plenty of Butter now in Sight.

The attendance at the market this morning was exceptionally large, and some sensational breaks in prices from those of last Saturday were noted. This was particularly the case with butter and eggs which on account of their scarcity at last week's market soared to phenomenal prices. Plenty of butter was in sight to-day at 22c to 25c per lb. Eggs were also offered in large quantities, prices being 23c to 25c per doz. Chickens went for 60c to $1.00. Geese were offered at 90c to $1.00 though the supply was not large. The price of turkeys ranged from 75c to $1.75 or about 15c per lb. Honey was 16c per lb. Potatoes were much in evidence at 75c and 80c bag. Many varieties of apples were shown, the usual prices being Russets, 60c; Tallman Sweets, 90c; and Spies, 90c to $1.00 bag. Considerable beef was seen at the old price 5c and 6c. Pork was 5c and 8c, live weight prices being about $5.40. A number of loads of hay were offered at $8.00 and $9.00 per ton. There was very little wood. Hardwood prices were $7.00 and tamrack $4.75. Oats still remain 40c bushel.

In the matter of the Estate of John Sowden Boswell, of the Town of Peterborough, in the County of Peterborough, Agent, deceased.

Notice is hereby given pursuant to Revised Statutes of Ontario, 1897, Chapter 129 that all creditors and others having claims against the estate of the said John Sowden Boswell, who died on or about the twenty-second day of January, 1905, are required on or before the seventeenth day of March, 1905, to send by post prepaid, or to deliver to Messrs. Roger & Bennet, of the Town of Peterborough, Solicitors for the Executors, their Christian names and surnames, addresses, and description and full particulars of their claims, with statement of their account and the nature of any securities held by them.

And take notice further that after such last mentioned date the Executors will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which they shall then have received notice, and that the said Executors will not be liable for the said assets or any part thereof to any person or persons of whose claim notice shall not have been received by them at the time of such distribution.

Dated at Peterborough, this 16th day of February, A. D., 1905.

FRIDAY NIGHT'S CONVERSAZIONE

Pleasant Evening Spent at Charlotte Street Church.

Programme was Much Enjoyed—The Attendance was Large.

The Conversazione held on Friday in the lecture room of the Charlotte street Church under the auspices of the Young Men's Guild, was attended with most successful results and was much enjoyed by the large number who attended.

A pleasing programme was rendered, every number of which elicited hearty applause. The refreshment booths received an extensive patronage and were by no means an unimportant factor in furthering the evening's enjoyment.

The chair was taken by the pastor, Rev. W. J. Jolliffe, who delivered a brief opening address, which was followed by a musical selection by the Y.M.C.A. orchestra. The music rendered by his organization in their various numbers throughout the programme was the subject of much appreciative comment. The conductor, Mr. G. W. Jones, is indeed to be congratulated upon the high musical standard which they have attained under his direction.

A vocal number "Dress of the Night," was then given by the Charlotte street male quartette, and was received with much applause.

Miss C. Bellegbem sang "If Heaven I Win," in a manner which delighted the audience and received a merited recall.

Mr. G. W. Jones' violin solo "La Cinquantine," by Gabriel Marie, was rendered with great expression and with much feeling, and displayed a highly-cultivated technique.

After a ten minutes' interval, in which refreshments were served at the booths and a pleasant social time spent, a pleasing vocal solo, "The Veteran's Song," by Adams, was rendered by Mr. R. Norman Jolliffe, whose reputation as a soloist is already so well established as to render further comment unnecessary.

The orchestra then made its second appearance, and received the same hearty reception as it did in its initial number.

Mr. Jos. Legg's vocal solo, "Queen of the Earth," by Pinsuti, was rendered in a manner which won a most enthusiastic recall, as did also the next number, "The Battle Eve," by Bonhene, which was given by Messrs. Jolliffe and Legg.

In the recitation which followed, Mr. G. W. Jones displayed much versatility.

The programme was concluded by a selection by the orchestra.

Miss M. Clarry, who acted as accompanist throughout the evening, displayed a fine artistic taste in all the numbers in which she assisted.

ANNUAL MEETING HELD IN JUNE

Board of Directors of Farmers' Institute so Decided Saturday.

A meeting of the Board of Directors of the West Peterborough Farmers' Institute, was held on Saturday afternoon in the council chamber, when the question of the date of the annual meeting was discussed. Those present at the meeting were: Messrs. R. Q. Dench, president, in the chair; H. C. Garbutt, T. M. Hunter, G. W. Bennett, R. Hambidge, Richard Nurse, John Stothart, G. W. Mann, Sandy Matchett, Alex. McGregor, John Deyell, F. E. Kline, T. D. Young, John McConkey, and the secretary.

It was decided on motion of Messrs Hunter and Garbutt, that the annual meeting of the institute be held on Saturday, June 17th, at one p.m., in the council chamber, and that a special speaker from the Department would not be requisitioned.

The secretary addressed the Board referring to the great difficulty he experienced in securing the renewals of memberships promptly, and of getting new members. He regretted that the membership last year had fallen off some, and, judging by present prospects the same would be the case this year, unless the members of the board did some missionary work in their own localities. He considered that this was a duty which they owed the institute, and he expressed the hope that a revival of interest would be manifested. Some years ago meetings had been held in Lakehurst, Hall's Bridge and Young's Point, but, owing to the apathy and lack of interest displayed by those residing in those localities, the meetings had been discontinued. It was decided that if each of these places would report twenty members by the date of the annual meeting, the board would arrange to have meeting held there the coming fall and winter.

The meeting then adjourned.

We have in stock fine California cauliflower, California celery, large, bright pineapples, Messina blood oranges, clean, heavy marmalade oranges, fancy seedless oranges. The latest improved orange slicers loaned to all customers desiring them. S. A. OKE, 376 George street; telephone 18.

FORMED WOMAN'S ART ASSOCIATION

Branch of Dominion Association was Formed Here

Proposal to Hold an Exhibition in Peterborough Early in March.

A highly successful meeting was held on Friday afternoon in the Y.M.C.A. parlour for the purpose of organizing a branch of the Woman's Art Association of Canada.

Miss Bertram, for some years a member of the Toronto Association, and now resident in Peterborough, occupied the chair and explained the object of the association, which was the promotion and encouragement of original art. This would be accomplished by holding exhibitions and lectures and, if it should be thought advisable, by arranging for studio accommodation. It was further pointed out that there were two classes of members, honorary and professional. The former are ladies interested in promoting art matters. The latter include artists and serious art students, who are willing to subscribe to the objects of the Association.

It was moved by Mrs. J. R. Stratton, and seconded by Mrs. Hill, that a committee, composed of Mrs. Hughes-Charles, Mrs. Burnett, Mrs. Dunsford, Mrs. Denmistoun, Miss Hatton, Miss Bennet, Miss Bertram, and the mover, be appointed to draw up a constitution, and make final arrangements for an exhibition to be held in Peterborough, early in March. The three last named members of the committee are members of the W.A.A., by whom the movement to organize the local association was started.

At the close of the meeting about forty ladies handed in their names for membership.

WAS COMPANY OFFERED BONUS?

Statement That the Durham Rubber Company was Offered $25,000

Nothing Known of any Such Offer Here —Bomanville May Give Bonus of $15,000.

Special to the Examiner.

Bowmanville, Feb. 27th.—On Wednesday the ratepayers of this town will vote on a bylaw to raise $15,000 to grant a bonus to the Durham Rubber Company, an institution which has been established in this town, and operating here for some time. At the time of its inception the company was granted a bonus, and this will be the second time that a bonus has been given this company, if the bylaw is carried. Recently the company made representations to the town council, that they had received offers to locate in other towns, and that unless some further grant were made they would have to remove to some other place. Among the places mentioned was Peterborough, which was said to have offered the company a bonus of $25,000 to remove the plant to that town. The prospects are that the bylaw will be carried, for the rubber factory is looked upon as one of the town's leading industries, and its loss to the town would be a serious one.

The town clerk was communicated with this morning with reference to the alleged offer of a $25,000 bonus by Peterborough to secure the rubber factory for this town, and said that as far as he knew no such offer had been made, and certainly none had been made by the council.

It will be remembered that some time ago a company was incorporated, known as the Peterborough Rubber Company. One of the promoters of this company was a gentleman who had been previously connected with the Bowmanville factory.

DURHAM WANTS SEPARATION

A Meeting was Held in Port Hope on Friday.

Port Hope, Feb. 24.—The initial steps in the agitation for some time past threatening the disruption of the united counties of Northumberland and Durham were taken here to-day at an organization meeting of the Reeves, Councillors and Commissioners of Durham county. It is felt in Durham that the large annual expenditure for bridges over the Trent River and other public works in Northumberland county throw a heavy and unequal burden on Durham, which would be relieved by withdrawal from the union at present existing. It is also thought that the expenditure involved in the recent condemnation of the county jail by the Government and the contemplated erection of a house of refuge make the present an opportune time for Durham to withdraw from the compact. About fifty delegates from every municipality in Durham were in attendance at to-day's meeting in the Town Hall here. John Kennedy, Warden of the united counties, was appointed Chairman, and Mr. Frank Mason, of Bowmanville, Secretary. The meeting, which was in session all afternoon, appointed P. C. Treblicock, Bowmanville; W. J. Bragg, Darlington; Thomas Donaldson, Cavan; A. A. Power, Clarke, and Thomas Long, Port Hope, a committee to procure the necessary information for further action, to report at an adjourned meeting in Port Hope three weeks from to-day.

STUDENTS WERE ENTERTAINED

Y. M. C. A. Members were the Hosts Friday Night.

An Enjoyable Evening was Spent at the Association Buildings.

The social tendered to the students of the Peterborough Business College by the Y.M.C.A., has come to be an annual affair. The students of this institution are closely connected with the Y.M.C.A., as for the past eight years, the principal, Mr. Wm. Pringle, has provided all the non-resident pupils with membership tickets in the association. It goes without saying that this is deeply appreciated, and, as Mr. Pringle stated on Friday evening, has had a splendid effect in moulding the habits and characters of the young men.

The social took place in the parlour, where a bright fire blazed in the grate. Mr. Williamson discharged the duties of chairman.

Solos were rendered by Messrs. N. Redpath and J. R. Sproule, both receiving encores. Instrumentals were given by Miss Dobbin and Messrs. Blewitt and Todd. Addresses were given by Messrs. J. C. Brown, I.P.S., Peterborough county, and Mr. A. W. Creasman. Mr. Brown spoke of teh need of spelling reform, and outlined the principal phases of his phonetic system. He also gave the boys some good advice along the line of business success. Mr. Creasman's address was packed full of good suggestions out of the experience of a successful business man.

Mr. Pringle spoke a few words of appreciation of the work of the association in the welfare of the students.

Mr. Dredge favoured the company with a number of gramophone selections. After refreshments the gathering dispersed with the singing of God Save the King.

We Offer $1,000

For a Disease Germ That Liquozone Can't Kill.

On every bottle of Liquozone we offer $1,000 for a disease germ that it cannot kill. We do this to assure you that Liquozone does kill germs.

And it is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact which gives Liquozone its worth to humanity; a worth so great that, after testing the product for two years, through physicians and hospitals, we paid $400,000 for the American rights. And we have spent over one million dollars, in one year, to buy the first bottle and give it free to each sick one who would try it.

Acts Like Oxygen.

Liquozone is not made by compounding drugs, nor is there any alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood tonic—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is an absolutely certain germicide. The reason is that germs are vegetables, and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

Liquozone goes into the stomach, into the bowels and into the blood, to go wherever the blood goes. No germ can escape it and none can resist it. The results are inevitable, for a germ disease must end when the germs are killed. Then Liquozone, acting as a wonderful tonic, quickly restores a condition of perfect health. Diseases which have resisted medicine for years yield at once to Liquozone, and it cures diseases which medicine never cures. Half the people you meet—wherever you are—can tell you of cures that were made by it.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Asthma—Bronchitis	Tuberculosis
Fevers—Gall Stones	Tumors—Ulcers
Goitre—Gout	Varicocele
Gonorrhœa—Gleet	Women's Diseases

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please, accept it to-day, for it places you under no obligation whatever.

NORTHWEST DEVELOPMENT.

If one is to judge by the way the Grand Trunk Pacific bond issue was grabbed by British investors, there will be an immense amount of British capital available for the development of our Great Northwest. The increased population will create demands upon the productive activities of Ontario and give this, as well as other provinces a direct interest in the prosperity of the Grand Trunk Pacific. It is to be remembered four thousand miles of new railway are to be laid before 1911, the estimated expenditure on roadbed and stock being $122,000,000. Of this the G T P. expect to contribute $88,000,000, the Government Transcontinental Railway $60,000,000. When completed, twenty thousand men will be employed in its operation, representing probably one hundred thousand souls. When to these we add the thousands more who will be supported by this army, a faint idea will be gleaned of what the G.T.P. will mean to Canada in the one matter of increased population. Then its influence on long distance traffic will be immense. This will naturally develop to very large proportions over a line 1500 miles shorter between Liverpool and Yokohama as against United States routes. The significance of this will be better appreciated when it is remembered the amazing area of Canada's wheat land whose product will find its way east as well as west. Our Northwest has eight times the wheat producing capacity of the United States. And as the wheat producing power and consequent exporting capacity of our southern neighbours, decreases yearly that of Canada will increase immensely for years to come. The importance of the Grand Trunk Pacific as another great factor in this development cannot be overestimated, nor its importance as a national necessity be too heartily appreciated.

The question of the ravages of consumption having been brought before Parliament and the Government, it is likely that some effort will be made to educate the public as how to protect itself against the disease. The consensus of medical opinion, says the Hamilton Times, now is that it is not hereditary, but it may be communicated under certain conditions, and that it is preventable. Were the public and those suffering from the trouble properly informed as to the necessary precautions to be taken to prevent its spread its ravages would be greatly curtailed in a short time. Energetic action on the part of the authorities would go far to stamp out the disease.

$1,000 Pile Cure.

A thousand dollar guarantee goes with every bottle of Dr. Leonhardt's Hem-Roid, the only certain cure for every form of Piles.

Geo. Cook, St. Thomas, Ont., writes:

"Dr. Leonhardt's Hem-Roid cured me of a very bad case of Piles of over ten years' standing. I had tried everything but could get no permanent cure until I had used Hem-Roid. I had Blind and Bleeding Piles and suffered everything. Ointments and local treatments failed but Dr. Leonhardt's Hem-Roid cured me perfectly."

Hem-Roid is a Tablet taken internally which removes the cause of Piles. $1 at all Druggists, or the Wilson-Fyle Co., Limited, Niagara Falls, Ont.

ADDRESS TO MR. J. G. GALVIN

Accompanied by the Gift of a Luxurious Easy Chair,

On the Occasion of his Retirement from the Presidency of the Lakefield Dairy Company.

Mr. J. G. Galvin, Lakefield, has been for fourteen years the President, Salesman and Treasurer of the Lakefield Dairy Company. At the last annual meeting of the Company he retired from the position and was succeeded by Mr. A. Fairburn, who has, for many years, been secretary, and Mr. F. E. Kline was elected in Mr. Fairburn's stead.

To mark the occasion of Mr. Galvin's retirement, and to show the respect of the shareholders for an official who has for many years faithfully and efficiently discharged his official duties, a considerable number of the officers and shareholders on Feb. 16th, paid a visit to Mr. Galvin's residence laden with the materials for an oyster supper, which came in due course, and was the occasion of much enjoyment.

At the conclusion of the supper Mr. Andrew Fairburn read the following address to Mr. Galvin:—

Lakefield, Feb. 16, 1905.

Dear Mr. Galvin,—We, the members of the Lakefield Dairy Company avail ourselves of the privilege and pleasure of visiting you in your home to-night, to express our appreciation of the zeal and self-sacrificing spirit which has ever animated you in your labours and devotion toward the Lakefield Dairy Company.

Your thoughtfulness, your education, your apt business principles have done much to strengthen the hands of your co-workers and have enabled them to carry on the business of the factory successfully.

For fourteen years you have sat in the President's chair and have merited the esteem and good will of those over whom you presided, you have always manifested a kindly genial spirit towards the members of the Board which resulted in the very pleasant friendly feeling which has always characterized the Board of the Lakefield Dairy Company.

We shall miss you, and we solicit the continuance of your mature judgment and ripe experience to be still given for the benefit of the Board and the Company.

In conclusion we ask you to accept this chair as a small remembrance from us, and our hope is that you may long be spared to enjoy it.

You have had remarkably good health until recently. It is our hope and prayer that the Father of all good may in his wise providence, in the near future restore you to your wonted health and strength.

Signed on behalf of the Lakefield Dairy Company.

The address was accompanied by the gift of a luxurious easy chair, the presentation of which was made on behalf of the Company, by Mr. Wm. Preston, auditor.

Mr. Galvin made a graceful little speech, expressive of his appreciation of the kindness, which made the closing hours of his association with the Lakefield Dairy Company, the most pleasant, but for the thought of separation, of the many years he has passed as a stock-holder and member of the Company.

Brief addresses expressive of their appreciation of Mr. Galvin's services, and regret at their discontinuance, were made by Mr. F. E. Kline, secretary, and Mr. Andrew Fairburn, president.

After a pleasant hour or so of social enjoyment and music a delightful evening came to a close.

FOR PREVENTION OF CONSUMPTION

An Address to be Given To-morrow Night by Rev. Dr. Moore.

To-morrow night Rev. Wm. Moore D.D., Secretary, Lecturer and Organizer of the Canadian Association for the Prevention of Consumption, will give an address in the Y.M.C.A. Hall on the subject, "How to Prevent Consumption." This lecture will doubtless be one of great interest, and should be instructive as well. With such a large number of persons suffering from this disease in our midst the question of how to prevent its spread is one which should engage the serious attention of everyone, and the local association asks that the address to-morrow night be attended by a large number of persons.

The Canadian Association has issued a leaflet in which some instructions as to the precautions which should be taken to prevent the spread of the disease, are given, and among them are the following:

Live as much as possible in the open air.

All rooms occupied by consumptive persons should be as well lighted and ventilated as possible. Fresh air, light, and sunshine are most important preventives of consumption. It is not safe for a healthy person to share a bedroom with a consumptive.

No chimney should ever be blocked up, and windows should be kept open.

Cleanliness and good sanitary surroundings are important, both for the prevention and for the cure of consumption.

Wet dusters must be used to wipe up the dust on the floor, furniture, woodwork, etc., and must afterwards be boiled. Tea leaves used on the floor should afterwards be burnt.

Do not chase dust about or stir it up.

Milk, especially that used for children and invalids, should be boiled or sterilized. Meat should be well cooked.

A room which has been occupied by a consumptive should not be used again until it has been thoroughly cleaned. In the event of a death from consumption, advice may be sought from the local sanitary authority.

Baby Eczema

"My daughter was afflicted with eczema from when three weeks old. Her entire face and head were raw, and she was in awful distress. When doctors failed we began the use of Dr. Chase's Ointment, which has entirely cured her, and she has never had the least symptom of the trouble since." — Mr. Patrick Sullivan, Welland avenue, St. Catharines, Ont.

INCREASING USE OF LAUNCHES

Proposal to License Engineers and Pilots Brings out Interesting Facts

Over 25,000 of These Craft in Use—No Danger in Their Use.

In view of the rapidly increasing use of the gasoline launch, and particularly in this part of the province, a report of a discussion which took place recently in Washington, on the occasion of the introduction of a bill to compel gasoline launches to carry licensed pilots and engineers, may be interesting. Representative Lucking, in opposing the bill, gave some facts concerning the use of the launch. He said, in part:

"About 25,000 of these boats are in use and the number is increasing very rapidly. Of this number it is estimated 20 per cent. are used for hire all or part of the time. The other 80 per cent are operated by their owners and members of their families, including the wives, and also the children, who are oftentimes not more than 12 or 15 years of age. It is proposed that the 80 per cent. shall be allowed free rein, while the 20 per cent., who, on the average, are much more skilful and experienced, are required to comply with these annoying and expensive regulations. No reason is offered for this discrimination, except the statement that the law will not interfere if one chooses to commit suicide but will not allow murder.

"This reason is smart, but not reasonable, since the claim that these boats are dangerous to the passengers is positively absurd, for the percentage of accidents is not greater than to men walking in a quiet country lane. While this act only relates to power boats carrying passengers or freight for hire, yet it is generally regarded as an entering wedge for legislation bringing all such boats under similar irritating restrictions. The gasoline boat is essentially the poor man's yacht, useful, simple, inexpensive to make and to operate. Its free use should not be hedged about by Government circumlocution.

"The opponents of the bill were challenged to produce even a scintilla of evidence that there is any danger in the operation of the engine—and none was produced. Finally the only claim made was that the tank holding the gasoline, or the pipe conveying it to the engine, may leak and and cause fire. This is possible, but actual instances are almost wholly unknown where a life has been lost. Two members of the committee each knew of one such case, but the boats were being operated by a number of boys and not for hire. To illustrate: The evidence showed that there are between 500 and 600 of these launches on the Detroit river—about 100 of which are used for hire—and in the past fifteen years only two fatal accidents have occurred, one of an intoxicated man being drawn overboard, when trying to lift the anchor when the boat was in motion, the other by the breaking of the tiller in a storm. No accident by explosion or burning; no accident by collision with another boat; and no instance of interference with the safe passage of the larger boats, in fact total absence of all excuse for the enactment of such a law."

ANNUAL MEETING OF CHEESE MAKERS

Cheese and Butter-makers of Peterborough and Lindsay will Meet.

On Saturday next, March 4th, the annual meeting of the Peterborough and Lindsay Cheese and Buttermakers' Association will be held in the Ontario Bank Chambers. There will be two sessions, the first commencing at ten a.m., and the second at one o'clock. It is expected that there will be a large attendance not only of those directly engaged in the manufacture of dairy products, but also of those interested in the industry, and all such are cordially invited. Messrs. Mitchell and Publow of Kingston, the former the superintendent of the Kingston Dairy School and the latter the chief inspector of cheese and butter factories in Ontario, will be present and deliver addresses on subjects which, it is felt, will be interesting to all.

THE TRAWLER CASE

Commission's Decision Favors the British Contentions.

BRITISH PRESS IS PLEASED

Admiral Rojestvensky Was Not Justified in Firing Upon the British Fishermen—Fishing Fleet Had Committed No Hostile Act, and There Was No Torpedo Boats Among Them —Russian Admiral Let Down Easy, However.

Paris, Feb. 27.—The decision of the International Commission of Enquiry into the North Sea incident was publicly announced at the closing session of the Commission Saturday afternoon. The decision set forth at considerable length the circumstances and incidents, and gives the opinion of the Admirals on the various important points involved.

The decision says the delay of the Russian transport Kamschatka following the breakdown of her machinery was perhaps the cause of the incident. The commander of the Kamschatka signalled to Admiral Rojestvensky during the evening that he had been attacked by torpedo.

No Justification.

The Admiral therefore had reason to believe he might be attacked and gave orders for strict vigilance against the possible approach of torpedo boats. The majority of the Commission considers that Admiral Rojestvensky's orders were not excessive in time of war, under the circumstances, and he had every reason to consider the situation very alarming.

"The Commissioners," the decision says, "recognize unanimously that the fishing fleet committed no hostile act, and the majority of the Commissioners are of the opinion that as there were not either among the fishing boats or in their vicinity any torpedo boats, the opening of fire by Admiral Rojestvensky was not justified."

The Russian Dissident.

The decision further says the Russian Commissioner did not share in the latter opinion.

"In any event," the decision continues, "the Commissioners are glad to recognize unanimously that Admiral Rojestvensky personally did all he could from the commencement to the end to prevent the trawlers being the object of fire by the Russian squadron."

Concerning the squadron's proceeding without assisting the damaged trawlers, the decision says:

"The Commissioners are unanimous that under the circumstances preceding and following the incident that there was such uncertainty concerning the danger to the squadron as to warrant Admiral Rojestvensky in continuing his route. However, the majority regrets that the Admiral did not inform the neighboring maritime powers of what had occurred."

Whitewash for Rojestvensky.

The decision concludes as follows: "The Commissioners declare that their views as formulated are not of a nature to cast any disrespect upon the military valor nor upon the sentiments of humanity of Admiral Rojestvensky and the personnel of his squadron."

The closing session of the Commission presented a brilliant scene. The spacious salon of the Foreign Office was crowded with prominent officials, members of the Diplomatic Corps, including Russian, British and American Ambassadors, members of the Japanese Legation, officers of the army and navy, judges of the highest French courts and many wives and other relatives of members of the Commission. The Admirals forming the Commission appeared in gala full civilian dress.

A Compromise.

Admiral Fournier (France), the President of the Commission, read the decision amid impressive silence, the spectators following minutely. The general impression among the audience was that the decision was in the nature of a compromise. Admiral Fournier closed the Commission with a speech of thanks to its members. He said that each of them would return to his country bearing as a recompense for his labors the legitimate satisfaction of duty well accomplished. They left behind them a profound impression of esteem for the devotion in which the difficult task had been performed.

A significant exchange of remarks was made by Sir Edward Fry, representing Great Britain, and Baron Taube, representing Russia. Both spoke in the most amicable spirit and eulogized the arbitration. Sir Edward said:

"This is one of the most important events ever brought before an international court. All should feel gratified with the satisfactory results attained."

Admiral Davis (United States) said concerning the decision: "The conclusions seem to me to be equitable. They are formulated in a manner to satisfy the legitimate desire of the two parties, and mark an important step in the pacific solution of international conflicts."

Admiral Baron Von Spaun, in behalf of the Admirals, thanked Admiral Fournier for his courtesy and France for her generous hospitality and requested Admiral Fournier to express the Commissioners' sense of gratitude to President Loubet and Foreign Minister Delcasse. The session lasted half an hour.

Some Features.

Other interesting features of the decision are as follows:

"Admiral Rojestvensky, after leaving Reval, took the greatest precautions to prepare his vessels to repulse a torpedo attack during the night, whether sailing or at anchor. The reports of Russian agents regarding possible torpedo boat attacks seem to justify these.

"The direction the Russian squadron followed was calculated to bring the last two divisions, as events proved, in proximity of the stationary fishing ground of the Hull trawlers, numbering about 30, and spreading over several miles. The evidence of the British witnesses proved that the trawlers carried regulation lights, followed the usual fishing rules, and were directed by their commodore by means of conventional rockets.

"The leading divisions of the squadron, including Admiral Voelkersam's, passed the trawlers unsuspectingly. Admiral Rojestvensky's division, the last, noticed flares, really a flashing signal, which created alarm; then observed a vessel sighting the waters. Admiral Rojestvensky ordered his ships to open fire, on the result of which rests his responsibility."

The Admirals signed the document in the following order: Von Spaun, Fournier, Doubassoff, Beaumont and Davis.

Gratification in London.

London, Feb. 27.—The findings were received in London with every sign of gratification, which was all the more marked because of the premature reports that the decision of the Admirals had been of an anti-British character. The whole report is regarded here as discrediting the Russian cause; even the phrase that the firing was not unduly prolonged, which seems to afford a certain justification for opening the firing, is at the same time taken as implying that the Russians continued to fire after they had discovered their mistake. The definite finding of the Admirals that no torpedo boats were at the scene of the incident gives considerable satisfaction, and it is pointed out that the British contentions were further upheld in the finding that the trawlers Crane and Aurora were the boats the Russians mistook for torpedo boats.

London, Feb. 27.—The British press welcomes the report of the international commission of inquiry into the North Sea affair with almost unqualified satisfaction. Some of the papers think the decision does not go far enough in the direction of condemnation of Vice-Admiral Rojestvensky and the commander of the transport, Kamschatka, but at the same time they hold that it is now possible for Russia to make ample amends. The Daily Telegraph's editorial ar-

Russia's Share.

Paris, Feb. 28.—According to Admiral Davis' view, Russa can take a fair measure of satisfaction from the finding, for although it holds that an error was committed, it was one which was not discreditable to the Russian navy. The fact must be considered that the Russian squadron was making a voyage of thousands of miles upon a war mission, and reports indicated that the Japanese might make attempts against the squadron. This undoubtedly inspired an anxious, suspicious state of mind upon the Russian ships. However, nothing in all the testimony reflected in the slightest on the discipline or efficiency of the Russian navy.

WILL BE BRILLIANT FUNCTION.

Opening of First Conservative Parliament in 33 Years.

Toronto, Feb. 27.—The indications are that the opening of the Provincial Legislature on March 22 will be one of the most brilliant social events of the kind ever witnessed in Ontario.

It is 33 years since the Conservative women of Ontario, and especially of Toronto, have had such an opportunity as will be presented next month. They will not fail to make the most of the opportunity.

The invitations to the opening will include many of the social leaders of Toronto, Hamilton, Ottawa, London and other towns, and the wives of the new Cabinet members, as well as the ladies of other prominent Conservative families, will unite to make the event one long to be remembered.

NO BREAK IN COMBINE.

Tomato Canners and Growers Both Stand Firm.

St. Catharines, Feb. 27.—W. P. Innis of Simcoe, President of the Amalgamated Canners' Company, which owns most of the canning factories in Canada, was in the city and asked a number of the tomato growers to call and see him and have an informal talk on the tomato situation. The matter was thoroughly discussed.

President Innis stated emphatically that there was no prospect of the company acceding to the request of the growers for a raise of 5 cents a bushel on tomatoes. The growers in turn told Mr. Innis that there was absolutely no likelihood of them giving in, and if the company was satisfied to have no tomatoes this year they were quite agreeable not to grow any.

Stundists Are Preparing to Leave the Czar's Country.

Berlin, Feb. 27.—Saturday's Berliner Zietung reports that 200,000 Russian Stundists are preparing to emigrate to Canada. The Stundists are members of a Russian religious community, originating about the year 1860. Their tenets and practices are distinctively evangelical and Protestant, and entailed separation from the Orthodox Greek Church. For a long period after 1870 they were very harshly persecuted by the Government, but remained faithful to their convictions and have considerably increased in numbers. Of recent years little has been heard regarding the community, but from their resolution to emigrate, it may be inferred that they are still the objects of Government ill-will.

DOYLE MURDER CASE.

Brantford, Feb. 26.—(Special.)—There are no new developments in connection with the Doyle murder case in Burford Township. All ideas of suicide or accident have been abandoned by the authorities, and they are now convinced that it was murder and nothing else. Provincial Detective Greer arrived in this city last night and proceeded to the scene of the crime this morning.

When seen to-night the detective had no important announcements to make. He looked over the house and had a talk with the son, Felix Doyle, against whom there is much suspicion, tho Detective Greer will state nothing about his opinion of Doyle's complicity with the affair, tho he says that in his opinion THE SON IS SLIGHTLY DEranged.

Greer says there may be an arrest to-morrow night, and he is positive there will be important developments before very long. He will work on the case till it is cleared up. The general opinion

The inquest opens to-morrow night in Burford village, when it is expected Doyle will tell his story to the jury. The funeral of the murdered woman takes place to-morrow morning to Paris. Many curious ones visited the place of the tragedy to-day.

A close watch is being kept on Felix Doyle. He is ready and willing to tell anyone what his opinion is regarding how his mother met her fate.

BIG FIRE IN REGINA.

Bank of Montreal Building Burns to the Ground.

Regina, N.W.T., Feb. 27.—The Bank of Montreal was completely destroyed by fire yesterday morning. The total loss is from $45,000 to $50,000.

The fire was caused by a fused wire in the cellar, and had gained such headway by the time the smoke aroused Manager A. F. Angus that he had only time to escape with his family in his night clothes, saving nothing.

All the efforts of the brigade proved unavailing, as 70 tons of coal in the cellars were ignited, and the water supply proved inadequate, connection with new waterworks not being completed. The family lost all their furniture and household belongings. The condition of the safe is not yet known, as the flames are not extinguished.

The bank openi temporary premises in Donahue Block, the old stand of the Imperial Bank. The building was a handsome brick structure, erected in 188 at a cost of $40,000.

Russian Jews Suicide.

Toronto, Feb. 27.—Out of work and despondent, Arnold Simons concluded the easiest way out of his troubles was by resorting to a revolver. It was 11.15 last night when the inmates of 53 Alice Street heard a report of a revolver shot and then a body fall. The man was removed in an ambulance to the Emergency barely alive. Simons is a Russian Jew, about 30 years of age. He is a watchmaker, and was employed for a time by the Eaton Company. He lost his job about three weeks ago.

Will Take Body Home.

Toronto, Feb.27.—The father of Francois Lalond, who was killed in the G.T.R. yards Saturday, is in the city. The remains will be taken home to Moose Creek to-day. Deceased was 22 years of age, and had been in the employ of the company since last May.

Colds

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

Chamberlain's Cough Remedy

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.

THE CHURCHES.

Charlotte street church was crowded to the doors at both services yesterday. The pastor, Rev. W. J. Jolliffe, preached at both services and the music was of an especially interesting character. Mr. Percy Coward, late male alto soloist of the Westminster Abbey Choir, sang at both services. Mr. Coward was suffering from a severe cold and was unable to do himself justice at the morning service in his solos, "O Rest in the Lord" and "Thou Feedest Them With the Bread of Tears." He was in better form in the evening and the congregation greatly enjoyed his numbers, "Life's Lullaby" and "O Lord Thou Has Searched me Out." Mr. Coward possesses a remarkable voice and one such as is very seldom heard in this country. Mr. Coward whose home is now in Toronto, leaves next month to join the Westminster Abbey Choir, which is touring Australia and New Zealand.

The choir under the leadership of Miss Mabel Ularry, sang in splendid form at both services, giving indications of careful training. The morning anthem was "Praise the Lord all ye People," and in the evening "Send Out Thy Light" was sung. At the evening service the male quartette sang "The Suppliant's Prayer" the blending of the voices being excellent.

FATAL ACCIDENT AT HASTINGS

John Wesley Cornrike Killed in Welsh's Tannery

Caught in Whirling Pulley and Instantly Killed—How the Accident Happened.

A terribly ghastly and fatal accident took place at Welsh & Company's tannery, Hastings, by which John Wesley Cornrike met instant death with horrible attendant circumstances.

This morning at nine o'clock the deceased, while attempting to adjust a belt upon a pully in rapid motion, was in some way caught and entangled in the shafting and whirled about with terrible velocity. His body was literally torn into fragments. His legs and arms were torn from the trunk and hurled in all directions. All happened in a twinkling and before an effort could be made to stop the machinery. This calamity terribly shocked everybody employed in the tannery and the works were immediately shut down, and will remain closed for the day at least.

The deceased, who was about 50 years of age, leaves a wife and several children, some of whom have reached adult years. He formerly conducted a farm in Seymour Township, he removed to Havelock and about two years ago came to Hastings. His second wife is a daughter of Mr. J. B. Scriver, Hastings.

RECTOR ISSUES A LENTEN LETTER

Rev. E. A. Langfeldt Addresses Letter to His Parishoners.

Rev. E. A. Langfeldt, Rector of St. Luke's has issued the following letter to his parishoners on the question of the observance of Lent:

As the lover and watchman of your souls, I pray you to make this a real Lent. Hate and avoid the awful sham of pretending to keep the sacred season with "extraordinary acts and exercises of devotion," while secretly consulting your own convenience and indulging your ordinary appetites of the flesh and mind.

Lent is a season of humility, of self-denial, of renewed consecration, of faithful service. Try to realize the spirit of the time in all your religious duties and observances. By real self-denial and real devotion to Christ try to get nearer to God and come into touch with His Holy Spirit. Beware lest you receive the grace of God in vain. Do something for others—some act of real helpfulness, of true sympathy, of Christian kindness—every day, and so get something of the spirit of the One who went about doing good. Open your hearts to every good cause, and especially to God's great cause, and prove your interest by doing something and giving something to help it on.

Say "no" to social functions, banquets, receptions, dinner parties, card parties, theatres, and other forms of amusement, and be bold and honest enough in declining them to show your colours by saying, "for it is Lent."

Lay fiction aside and read serious books. There are large areas of Christian literature to which you are a stranger. Read Church history, the history of the Prayer Book, the principles of Christian symbolism and ceremonial, the biography of eminent Churchmen, and above all, the Bible. Read the Scriptures daily according to the lectionary in the Prayer Book.

Lent is a time for self crucifixion, a season of deliberate and voluntary asceticism. The great object of Lent is a better and a sweeter Christian life, and more grace from God's Church.

Remember also that it is your duty and privilege to come to the Lord's Table at Easter. Let this be a guiding thought throughout Lent. Prepare for your Easter Communion by honest self-examination and thorough repentance.

Make this Lent a real work of devotion ,so that with the Lord you may have a holy and a happy Easter.

Your friend and Rector,
E. A. LANGFELDT.

BIJOU COMPANY WILL RETURN

Second Weeks Engagement Announced on Saturday Night.

Young's Bijou Comedy Company closed their highly successful week's engagement at the opera house on Saturday night, when they presented "Dr. Jekyel and Mr. Hyde," to a crowded house. Their matinee performance also drew a large attendance.

Much interest was aroused by the drawing competition, in which a ton of coal, which was given away to the holder of the lucky coupon, was won by Frank Heffernan, who was presented with the necessary order for the fuel.

The announcement was made that, in response to the great popular demand, a return engagement for the week commencing Monday, March 6, had been arranged by the management. The announcement was received in a most enthusiastic manner by the audience. The company has an extensive reperoire, and will present an entirely new series of plays on their return engagement. They will play in Lindsay this week, and and after fulfilling their engagement here are booked solid for the balance of the season.

NEW YORK STATE AND POLITICAL CORRUPTION

The Legislation Aimed to Prevent its Practice.

Over in New York state an effort is being made to secure a law that will repress corruption in elections. Judge Herrick and Perry Belmont have in collaboration produced a bill that will be considered by the Legislature this week, and they appear to think they have evolved a measure that will render the evil difficult and dangerous. The proposed bill prohibits a candidate from giving or promising to give anything, either directly or through a committee, to help his election beyond personal expenses. It provides that political committee treasurers must keep accounts of all money received and expended, and any person except the chairman or treasurer of a political campaign, or the candidate himself, who spends or receives money for election purposes, shall be guilty of a misdemeanor.

The amount received by a committee treasurer, if it exceeds $50, shall be filed with the Secretary of State within twenty days after an election, with the name of each contributor and the amount given by each.

No one can make a contribution in any name except his own. For payments in excess of $5 made by political committees receipts must be taken giving the particulars of the expense. Proprietors and publishers of newspapers and magazines are exempt from the sections qualifying a candidate's campaign contribution and the one requiring campaign contributions to be made in the donor's own name.

The punishments provided for violation of the measure are a fine of $1,000 and imprisonment for a year, or both. Candidates violating the provisions of the act shall forfeit their office, if elected.

Any voter can petition the judge of the Supreme Court or county judge in any election district to examine into alleged corrupt practices. This petition need not state the source of the petitioner's information. The petitioner must deposit $250 with the court or County Treasurer. Testimony given in the investigation shall subject the witness to no penaalty. A voter who has sold his vote can so testify with impunity.

If a candidate is found guilty of corrupt practices or of knowing personally of them no votes shall be counted for him in that county and he shall be disqualified for holding public office for a period of five years.

These are the important features of the bill. To a Canadian familiar with the working of the Corrupt Practices Act the Herrick-Belmont measure may not appear to be such a certain specific as its authors take it to be. But it is a beginning, and it may lead to better things. It is to be hoped that the proposal of such a measure means a real desire for reform, and that it is not like the purity cries of the Ontario Tories, merely a diversion to enable wholesale bribery to be the more easily made effective.

PORT ARTHUR IN FLOURISHING CONDITION

Mr. Clavet, Ex-Mayor, Gives Some Interesting Information.

Mr. Clavet of Port Arthur, was in town over Sunday visiting his daughter, who is studying music at the Mount St. Joseph convent.

Mr. Clavet, who retired a few months ago, after two years efficient service as Mayor of that progressive town, this morning gave the Examiner some interesting information regarding the prosperous condition of the various public utilities, which are operated under municipal control in his city.

Speaking with reference to the local telephone system, the ex-mayor mentioned the difficulties with which they were confronted at the installation by the organized opposition of exclusive interests. The rates charged by the Bell Telephone Company previous to this was $35 for business and $24 for domestic 'phones, which was now reduced under the town's control to $21 and $12 respectively. In addition to this the rate of wages paid lady operators, has been increased from $1... $25 per month. A bylaw is under consideration at present and will be voted upon on March 22, by which a bonus of $200,000 will be granted a new industry for the town. This will include the installation of iron-smelting, coke ovens and coal docks, and will necessitate the employment of one thousand hands. The company will in all probability commence work on May 1st.

He also spoke most enthusiastically regarding the street railway service, which is also under municipal control. This during the past year has earned a net profit of $12,000. There is in operation altogether nine miles, between Port Arthur, and its sister city, Fort William, and the service has given universal satisfaction. A new system of water works and sewers has been completed recently and is giving satisfactory results in every respect.

ROBE WAS STOLEN FROM CUTTER

Saturday Night Theft Dealt With at Police Court.

Police Magistrate Dumble, who has been seriously ill for some time, had sufficiently recovered to take charge of proceedings at the police court this morning.

Henry Truesdale was convicted on a charge of having stolen a robe from the cutter of Frederick Heard, of Smith township, at the sheds of the Little Windsor Hotel on Saturday night. Considerable evidence was heard. The plaintiff in giving his story, stated that he had been called across the street to see a friend a few minutes before his departure for home, about 6 o'clock, and had left the robe in the cutter in the hotel sheds. On his return he discovered that it was gone. He informed the police, who recovered the missing article at the home of the prisoner. His evidence was corroborated by Jas. Conroy, the yard man, while Frederick Sullivan testified to having witnessed the theft, stating that he had seen Truesdale, whose cutter was next to Heard's, pick up the robe and drove off with it.

The Magistrate refused to accept the story of the prisoner, which was to the effect that the robe in some mysterious way had become attached to the runner of his sleigh, and had been carried for some distance before he was aware of its presence. A sentence of one month in jail at hard labour was imposed.

Crown Attorney Wood conducted the prosecution, while the prisoner's interests were looked after by Mr. W. S. Davidson, of Hall, Medd and Davidson.

ARRANGEMENTS FOR ANNUAL EXCURSION

Farmers' Institutes May Go to Galt this Year.

On Saturday morning at the Munro House a meeting of the Executive Committee of East Durham and East and West Peterborough Farmers' Institute was held, the object of the meeting being to decide upon the annual excursion of the Institute. Those present were:—Messrs. F. Birdsall and Chas. O'Reilly, East Peterborough; T. A. Kelley and A. J. Fallis, East Durham, and R. Q. Dench, H. C. Garbutt and Wm. Collins, West Peterborough. Mr. Birdsall acted as chairman and Mr. Collins, secretary.

The question of the annual excursion was discussed, and various plans suggested.

Mr. D. Hughes-Charles, president of the Peterborough Industrial Fair, was present and addressed the meeting. He advocated running this year's excursion to Galt where a horse show is to be held on June 1st to 3rd instead of going to Guelph as was intended.

It was considered by those present in a favourable light, but definite action was deferred until it could be ascertained what the financial results would be of such an undertaking.

It was finally decided to instruct the chairman and secretary to find out if it would be possible to arrange rates so that the excursionists could visit either Galt or Guelph as they preferred, and all particulars. They will report at a meeting to be held on March 11th at the Munro House at 10 o'clock.

ASSESSMENT SYSTEM AND LOAN COMPANIES

They Don't by Any Means Escape the Tax.

In answer to an enquiry as to how the new Assessment Act treats loan companies, and those who borrow money from them on real estate, we might say, says the Hamilton Times, that the Province levies a special tax on the capital of loan companies. Then the municipality steps in and taxes them on any property they have within its jurisdiction and on the salaries of its officers. The property on which the loans are made is also taxed, and then the individual owners of shares in the company's capital are taxed on their dividends. The land thus bears: (1) A municipal tax on its value; (2) A capital or mortgage tax on the company's money borrowed thereon; (3) A municipal tax on the company's visible property and income of its officers; (4) A tax on the dividends earned by the shareholders. For in the end the man who borrows pays all.

WERE MARRIED IN ST. PETER'S

Mr. John Flood Wedded to Mrs. Nellie O'Connell.

This morning at St. Peter's cathedral the wedding of Mr. John Flood of Leduc, Alberta, and Mrs. Nellie O'Connell of town, daughter of Mr. Cornelius Holland, was celebrated, the ceremony being performed by Rev. Father McColl, rector of the Cathedral, in the presence of a number of the friends of the contracting parties. The wedding took place at eight o'clock, and the bride was attended by her sister, Miss Josie Holland, while Mr. Timothy Donoghue of Enniscore, performed the duties of best man.

After the ceremony the bride and groom partook of a wedding breakfast at the residence of the bride's father.

Mr. and Mrs. Flood will live at Leduc, and left for their new home this morning.

Yes—but how many pairs of stockings do you wear out in a season, all through the fault of your Hose supporters? It doesn't take long for the tops to become forlorn and frayed with the usual strain.

THE C. M. C. HOSE SUPPORTER

has a wonderful new clasp fastener that cannot tear the finest stocking. The C. M. C. Clasp is a little thing, big only in its results. Just snap it shut and the deed is done, without the least strain or tearing. Hundreds of ladies and children are using this C. M. C. Clasp Hose Supporters, and all are of the same opinion.

"The Best We Ever Had."

Come to Adams' and ask to see the C. M. C. Clasp Hose Supporter.

JAPS' DEAR VICTORY

Little Fellows Drive Kuropatkin Back On His Left Flank.

LOSSES ARE VERY HEAVY

Gen. Kuropatkin Reports Percentage of Killed Very Large, and Instances Many Cases of Close Fighting and Bayonet Charges—Sersanoff Hill Attack Developed Into Most Sanguinary Encounter.

St. Petersburg, Feb. 27.—An action of no mean proportions is in progress on the Russian left flank. The advantage thus far is on the side of the apanese, though at heavy cost. From advices from the front it is difficult to say how severe the losses have been or how bad the reverses, andw hether the Japanese are likely to attempt to drive in the Russian left much further.

Gen. Kuropatkin evidently had been trying to establish his left flank far in advance, to command the crossings of the Taits River, the operation being a counterpart of Gen. Gripenberg's movement on the right flank to secure the fords of the Hun River preparatory to the breaking up of the ice in the spring.

The scene of the operations is 50 miles southeast of Mukden, beyond Da Pass, an important defile commanding the road to Fusan. Both armies opening apparently impregnable positions on the centres. Gen. Kuropatkin evidently planned to inaugurate widely spreading operations on both flanks, but the Japanese countered hard.

The weather is fine and favorable for operations, and all is quiet on the Russian right wing.

Japs Held Sinkhetchen.

St. Petersburg, Feb. 27.—General Kuropatkin has telegraphed to the Emperor under date of Feb. 25, as follows:

"At 5 o'clock this morning the enemy occupied the Sinkhetchen.

"Exact reports of our yesterday's losses have not yet been received. There are 12 officers and about 300 wounded men in hospital at Santunyu. The percentage of killed is very large. The commander of the detachment reports acts of bravery by many detached bodies of troops."

Gen. Kuropatkin instances many cases of close fighting and bayonet charges, and concludes:

"This morning a battalion of the enemy advanced in the direction of Papin Pass, six miles southwest of Santunya, and this evening the enemy's outposts commenced to approach the passes occupied by us."

Japs Met Gun Cotton Grenades.

Tsinkhetchen, Feb. 27.—The Japanese attack on Beresnoff Hill developed into an encounter of the most sanguinary natude. The Japanese, pressing forward a bayonet charge, were received with gun cotton hand grenades, or were blown up by buried mines. The Japanese machine guns which took positions to support the advance were silenced for a time and beaten back. The Japanese came on with greater resolution, however,and the Russians finally yielded the hill in the face of greatly superior numbers and a determined series of attacks, which continued night and

The Japanese on Friday atacked a hill opposite Tzenti Pass, but were repulsed with great loss. News has just been received here that the Japanese renewed the attack on Tzenti Pass last night.

Gen. Nogi Takes Part.

Mukden, Feb. 27.—Fighting continues in front and west of Tie Pass. On the extreme east the Japanese have taken teh outlying positions and they now threaten the main defence.

Owing to their formidable attack, it is thought that the Japanese artillerymen are veterans from Port Arthur, commanded by Gen. Nogi. Forty wounded Russians arrived at Mukden yesterday and 600 are expected to-day.

The cannonade along the Russian centre diminished in intensity yesterday. There is no evidence of activity on the part of the Japanese who were strengthening the site of the Russian operations towards Liaoyang in the latter part of January.

To rush Troops East.

London, Feb. 27.—The correspondent at St. Petersburg of The Times says that the Government is making concessions to the railway men and placing teh railways under martial law, with a view to expediting the transportation of troops to the far east. The correspondent adds that the South Rifle Brigade, which left Odessa two months ago, is still near Omsk; that the Fourth Army Corps, which left Minsk a month ago, has not yet reached Siberia, and that the Third Rifle Brigade, mobilized last year, is only now leaving Kieff. The latest units ordered for service include some 25,000 men, with 68 guns, from Caucasus garrisons. These cannot reach General Kuropatkin before April.

Siege Guns in Action.

Mukden, Feb. 27.—An action in the centre opened at 8.30 Saturday morning with siege guns. The firing of field guns continued throughout the day.

300 Russians Routed.

Newchwang, Feb. 27.—(Via Tientsin.)—It is announced that a cavalry detachment of 300 Russians was routed at Liuchia Wopu, 14 miles south west of Haimingtun

WHY DOES A BABY CRY?

Because it is either hungry or in pain. Properly nourished it will usually grow up right and be comfortable—that's the principal thing for a baby. If its food lacks strength and nourishment add Scott's Emulsion at feeding time. A few drops will show surprising results. If a baby is plump it is reasonably safe. Scott's Emulsion makes babies plump.

We'll send you a sample free.

Scott & Bowne, Chemists, Toronto, Ont.

Tokio, Feb. 27.—The Russians shelled Litajentun and Chenchiehpao Friday. On the same day they burned an abandoned Chiensunmupaotzu, near Waitoom Mountain. Collisions between scouts and reconnoitering parties continue.

World Amazed by Stoessel.

Moscow, Feb. 27.—Gen. Stoessel, the late commander of the Russian forces at Port Arthur, and his party arrived here at 9 o'clock yesterday morning. Gen. Stoessel was met in the Imperial Pavilion at the Nicholas Station by the Governor, nobility, numerous officers and civil officials.

Col. Dimansky made an eulogistic address of welcome, declaring "that your splendid defence of Port Arthur amazed the world and created immortal glory for Russia." Numerous bouquets were presented to Madame Stoessel. The General afterwards held a reception. He will go to St. Petersburg on Wednesday, but subsequently he will return for a prolonged stay.

German Steamer Seized.

Tokio, Feb. 27.—The German steamer Romulus, bound for Vladivostock, with a cargo of Cardiff coal, was seized Saturday night.

STRIKERS AWAIT SIGNALS.

Russia Fears Concentrated Action by the Peasants and the Workmen Political Agitators Busy.

St. Petersburg, Feb. 27.—Evidence is increasing that the strikes throughout the Empire, and especially those in St. Petersburg, are not economic in their origin, but inspired by a definite political plan. The Government and the employers are embarrassed by the tactics of the workmen, whose discontent is being fed and who are increasing demands with each new concession.

This condition is believed to have been fomented by crafty political agitators, who are stirring up the men, and at the same time holding them in leash, apparently awaiting some signal for concerted action. Fear is entertained that this widespread disaffection is connected with a plan to await a possible peasant outbreak in the spring, with which a general strike will be synchronized, the workmen joining hands with the peasants.

The election of labor representatives to the Imperial Commission, which is to investigate the causes of dicontent in St. Petersburg, passed off quietly yesterday. The situation in Riga is again reported to be very serious. The authorities there are apparently unable to cope with the lawless elements.

Bad in the Caucasus.

In the Caucasus the situation is extremely bad, practically amounting to civil war. In Baku the inhabitants barricaded their houses and are petitioning the central authorities at St. ePtersburg for relief from the existing condition of affairs. The Government is sending reinforcements of troops, but while these may be able to stop the reign of terror, they will be impotent to start the wheels of industry. Proprietors fear that the il wells will be utterly ruined if pumping is suspended much longer. Conditions in other towns in the Caucasus are equally desperate.

In Siberia as well as in other parts of the Empire, the Government has granted considerable concessions to railway employes, in some cases according them a reduction of hours of labor to nine a day. This renders the situation of private employers increasingly difficult, as they claim that it is impossible for them to concede so much.

Under Martial Law.

All the Russian railways except the Central Asian, have been placed under martial law.

Telegraphers Threaten.

Moscow, Feb. 27.—Postal Telegraph officials are threatening to strike unless their demands for the improvement of their conditions are granted.

Tolstoi on Russian Affairs.

Paris, Feb. 27.—The declarations of Count Leo Tolstoi denouncing Russian autocracy and Russian Nihilism as two equally detestable principles, and proposing Russian Socialist collectivism as the sole remedy for the nation, published in all the French papers, elicit widespread comment.

Soldiers Accompanied by Policemen.

Warsaw, Feb. 27.—Every policeman on duty here is accompanied by a soldier. The authorities, fearing a strike by the police, adopted this precaution, so that in the event of an officer leaving his post, it will not be unprotected. The measure is further intended to guard policement from possible attack by strikers.

Some 15,000 strikers from the big iron mills will return to work to-day, all their demands having been granted.

In Novolipki Street at 9 o'clock last night an unknown man fired a revolver at a patrol, killing two policemen and severely wounding a sergeant. The murderer escaped.

Big Plot, But No Clues.

Moscow, Feb. 27.—The police now are fully satisfied that there existed a plot of considerable proportions against the late Duke Sergius, but they are completely baffled in tracing it out.

A Sun Theory.

A Portuguese scientist thinks he has demonstrated a great scientific truth in regard to the sun's rays. Through the aid of a great sun motor Professor Himalaya claims to have proved beyond the possibility of error that the actual origin of the rays and the heat of the sun is electrical. The pyrheliophore, or sun motor, is the invention of Professor Himalaya. Since it has been in operation the inventor has been making some remarkable experiments with it. He has found that the heat of the sun is more than double that of the electric arc, which has hitherto been the highest known temperature, 6,300 degrees F. He has found that there is no known substance, not even asbestus, that will not fuse in his sun furnace, into which the concentrated rays of his mirror reflector and concentrator are thrown.

Michael Angelo Was His Cousin.

Among the 110 newsboys who were given a Christmas entertainment by the women of Grand Avenue Congregational church were several Italians with the musical names of the land of their fathers. One bright eyed, dusky skinned little chap was asked his name by one of the managers.

"Angelo," promptly replied the little fellow.

"Are you any relation to Michael Angelo?" smilingly asked his questioner.

"Sure, he's my cousin," was the prompt response. "He works in the bootblack stand. There he is over there. Come here, Mike."

The questioner ventured on no further jests suggested by the names of the guests.—Milwaukee Sentinel.

The Earth's New Girdle.

The completion last May of the determination of the difference of longitude between San Francisco and Manila by means of the new Pacific cables finishes the "longitude girdle" of the earth. In other words, the whole globe has now been circled with electric time signals, by means of which the exact longitudes of important points round its entire circumference are known. The accuracy of the work is so great that the distance between the observatory in Greenwich, England, and the dome of the cathedral in Manila, measuring across the Atlantic ocean, the American continent and the Pacific ocean, is known within a possible error of about sixty feet.—Youth's Companion.

Little Tea Used In New Orleans.

"I have visited every large city of the country," said Mr. Kawada of the Japanese agricultural department, who is studying tea conditions in this country, "but I have yet to find a large community which evidently has so little use for tea as New Orleans. Coffee appears to be the sole staple household drink, and tea has little place in the bill of fare."—New Orleans Times-Democrat.

Panama's Currency.

The new currency of the republic of Panama is soon to be introduced. In fact, some few of the coins have been made. It is understood that the Colombian coins will soon be gradually withdrawn and the new ones put into circulation. The monetary unit is the gold "balboa," which, although none will be coined, is the basis of the system and equal to a dollar United States gold.

Is It Revolution?

A Chicago police magistrate has fined a man $75 for borrowing an umbrella. At last a court—an humble one, but a court, nevertheless—has recognized the umbrella as private property and not a game bird, to be captured and carried away by the first person who sees it. It would be well, however, to take no chances till the Chicago justice has a few imitators.—Minneapolis Times.

Seal Hunters Stalled.

St. John's, Nfld., Feb. 27.—Three thousand seal hunters to man the sealing fleet which is to sail two weeks hence, are unable to reach this place owing to the railroads being blocked by a succession of blizzards and coast navigation being interrupted by ice-floes. It will be necessary to send a special steamer to collect the men and bring them here.

WELCOME WORDS TO WOMEN.

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over forty years' experience—a skilled and successful specialist in the diseases of women. Every letter has the most careful consideration and is regarded as sacredly confidential. Many exceptionally modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is apt to say that he cannot do anything without "an examination." Dr. Pierce knows from these letters that examination is generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment may be taken in the privacy of your home. His Favorite Prescription has restored hundreds of thoroughly sick women to perfect health. It is the only medicine for women sold by druggists, and is the product of a regular graduate in medicine. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to Dr. R. V. Pierce, Buffalo, N. Y.,—take his advice and be well.

Mrs. E. D. Monford, of Lebanon, Warren Co., O., writes: "I have received the 'Medical Adviser.' A crisp, new five dollar bill could not tempt me to part with it."

On receipt of 21 one-cent stamps, to pay cost of mailing only, we will send to any address a paper-bound copy of Dr. Pierce's great 1000-page book, "The Common Sense Medical Adviser." Or, for 50 stamps the same in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

KILLED AT HOCKEY

One Player Fatally Struck By Another At Maxville.

ALCIDE LAURIN THE VICTIM

He Was the Champion Athlete of Eastern Ontario—Blow Was Struck by A. Loney During a Rough Game—A Toronto Man Commits Suicide—Other Accidents.

Alexandria, Feb. 27.—The citizens of Alexandria received a terrible shock Friday night on the receipt of a telegram from Maxville that Alcide Laurin had been struck with a hockey stick and instantly killed.

At 6 o'clock on that evening 100 citizens accompanied the Crescent Hockey Club of this town to the neighboring village of Maxville, to play a return match. Referee O'Connor, previous to the starting of the game, warned the players that roughness would not be tolerated, and referred to three players who had been almost killed while playing hockey recently.

Mr. O'Connor, during the first six minutes of the game ruled off five of the Maxvilles and one of the Alexandria team.

A. Loney and Alcide Laurin went for the puck. Loney struck Laurin a heavy blow across the shins; then smashed Laurin's hockey stick. When his stick was broken, Laurin went up to Loney and pushed him back. The referee at once blew his whistle. Loney then struck Laurin a blow on the head. Laurin was instantly killed.

Alcide Laurin was one of Alexandria's brightest young men. He was an operator on the monoline machine in The Glengarrian Printing Company's office, and left that office at 5 o'clock Friday night in the best of health and spirits. Mr. Laurin was the champion all-round athlete of Eastern Ontario, and was the most popular young man in the town. His death has cast a gloom over the whole neighborhood.

Tom Burney Took His Life.

Toronto, Feb. 27.—Thomas J. Burney, aged 42, living in the rear of 96 Seaton Street, took his own life with a bullet on Saturday afternoon. He was a mill hand for Scholey Bros., Ontario Street, until two weeks ago, when he was laid off. Burney was a bachelor, and he and his brother John, an engineer, lived together. On Saturday, the brother says, deceased came into the house and complained of his unemployment and his affairs generally. He then went upstairs. A little later a shot was heard. John found his brother kneeling against the bed, a wound in the temple. Dr. Carlyle was sent for, but the man was quite dead.

Macdonald Loses a Leg.

Toronto, Feb. 27.—Attempting to leap to the step of a moving King Street car at the corner of King and Simcoe Streets on Saturday night, Henry Macdonald missed the platform and fell between the motor car and the trailer. Before the car was stopped, his right leg had been almost severed above the knee. Amputation was considered necessary, and he was taken to the Emergency Hospital. Macdonald is a young man, a tinsmith by trade, and lives at 7 Waterloo Terrace.

Hamilton Accidents.

Hamilton, Feb. 27.—Mrs. Sims, who was injured in the explosion of the smokeless powder her husband was trying to invent Friday, died on Saturday morning. Sims was not satisfied with the way the powder was drying and opened the stove door to get more heat. A spark fell out and caused the trouble. Sims will recover.

Another death has resulted from the collision between a snowplow and an engine on the T. H. & B. at Smithville last Friday. Saturday morning Stephen Moore, Stony Creek, one of the men injured, died of blood-poisoning at the City Hospital. He was 20 years old.

Accidents Near London.

London, Feb. 27.—John McGroarity, engaged on the ironwork of the Byron Bridge, Saturday fell 30 feet to the ice. His right arm and right leg were broken and he was severely shaken up. McGroarity belongs to Hamilton.

George Hunter, residing in Westminster Township, was driving a colt along Wharncliffe Road, and while crossing the overhead bridge a train came along. The colt made a bolt down the hill, where it fell and Hunter was thrown against a tie-post. He was injured in the abdomen, and was unconscious for a time.

101 Bodies Recovered.

Birmingham, Ala., Feb. 27.—One more body was recovered Saturday from Virginia City mine, making the total dead recovered 101. The rescuers saw seven other bodies in the water. The relief fund has reached $25,000. G. H. Schuler, one of the owners of the mine, has offered to pay the funeral expenses of the victims of the disaster.

Square Mile of Fire.

Hot Springs, Ark., Feb. 27.—The fire which swept the southern portion of this city early Saturday caused the known death of three persons and losses estimated variously at from one to two million dollars. In five hours the fire burned over an area of one squar. mile.

THOUGHTS ARE THINGS.

Prof. Osler's Age Address Discouraged Baltimore Veteran.

Baltimore, Feb. 27.—Capt. W. S. Winder, a Confederate veteran, aged 71 years, shot and killed himself in his home here yesterday.

Among his papers was found a clipping of the address by Dr. William Osler of the John Hopkins University, in which reference was made to the uselessness of men over 40 years of age.

Capt. Winder, who was a bachelor, had led a retired and lonely life for some years. His sight had practically failed, and recently he had suffered from insomnia.

Maud Gonne's Troubles.

Paris, Feb. 27.—The tribunal of the Seine yesterday heard the preliminary application of Mrs. MacBride (formerly Maude Gonne), the Irish Joan of Arc, for a divorce from Major MacBride, who was a prominent member of the Irish Regiment of the Boer army in the recent war in South Africa. The efforts of the courts to effect a reconciliation were unavailing, and Mrs. MacBride was given the custody of their infant pending a settlement of the case.

A Seedless Apple.

New York, Feb. 27.—John F. Spencer of Grand Junction, Colo., is said at last to have produced a seedless apple, which in its way is as wonderful as the pitless plum produced by Luther Burbank, the California wizard of horticulture. Spencer labored nearly all of his working life to produce an apple.

Approved by the King.

London, Feb. 27.—The betrothal was officially announced Saturday night of Princess Victoria of Connaught to Prince Oscar, eldest son of the Crown Prince of Sweden and Norway. The announcement states that the engagement has the entire sanction and approval of King Edward.

Opera Cloaks to Match.

Mrs. Cornelius Vanderbilt has started the fashion of having an opera cloak to match each gown. Every time she appeared at the opera in New York she wore a different costume, including the outer cloak. On the opening night of the opera Mrs. Vanderbilt's gown of white satin was covered by a cloak of the same material, lined throughout with ermine. Her next gown was bluish green velvet, and the cloak of velvet was trimmed with strips of chinchilla. Her next gown of pale blue with iridescent spangles had a harmonising cloak of the same hue, with collars and cuffs of Russian sable. On a more recent night young Mrs. Vanderbilt wore white velvet with trappings of pink roses and lace. Her cloak was of brocade, and the sleeves of the loose mantle were filled with lace.

A Lucky Native of Ceylon.

There is a poor native in Ceylon's isle who believes firmly in luck and himself as a lucky man. His good fortune began a few months ago, when he found a cat's eye, which when valued proved to be worth $6,250. That cat's eye raised him from the direst sort of penury to comparative wealth, but instead of satisfying him it had the effect of stimulating his activities to their utmost. He turned all his thoughts to finding a second treasure and not only happened on another large cat's eye, but on the largest ever seen, one weighing between six and seven pounds. He has refused $100,000 for his gem and means to have it cut into forty different stones, which he will sell at $5,000 apiece.

SUNLIGHT SOAP

We have used "Sunlight Soap," and we want to tell you that it is the best soap made, that's why we are writing. We found out that the Sunlight way is the best way to wash with "Sunlight Soap." At first we used to wash with Sunlight Soap in the old way as we did with common soap, but after we washed according to directions printed on the package, we would never wash the old way again. We first soap the articles, leave them to soak and then rub out lightly on the wash board. Not much to do and it makes the clothes white as snow.

A very fast game of hockey was played on Friday at the Brock street rink between the Aberdeens and Keene. The Keene bunch consisted of Trent Valley men and working boys of Keene, and they were decidedly heavier than the Aberdeen boys. The game ended by a score of 5 to 1 in favour of Keene. The Aberdeens lined up as follows:—

Goal, Stanley Wade; point, Albert Harrison; cover point, John Seymour; centre, Edwin Harrison; rover, Harrison Harry; right wing, Cyril Loch; left wing, Charles Ray. Referee, H. Staunton.

Ray was the star for the Aberdeens, while Weir played the game for Keene bunch.

The second game in the final round of the Trent Valley League will be played to-morrow evening in the Brock street rink, when the T. A. S. team meets Cobourg. This game is arousing much interest as the visiting team is one of the fastest in the League, and, judging from their record so far this season, will keep the locals hustling all the way to the finish.

LOCALS GO TO BERLIN WEDNESDAY

Semi-final Games Were Arranged on Saturday.

The O. H. A. executive met on Saturday, and decided that the games between Peterborough and Berlin will be played this week. The local seven will go to Berlin on Wednesday, and the return game will be played here on Friday.

Arrangements will be made for special rates for the trip to Berlin on Wednesday, although it has not yet been decided which railway they will go on.

The Globe says: "The arrangement of a round in which Berlin is concerned, is always easy, because Berlin, alone of all the teams in the Association, wants the first game at home."

ILLINOIS CENTRAL TERMINAL BURNT

A $5,009,000 Fire in New Orleans Last Night.

Many Stores in Addition to Ice Company's Plant and Railway Property Destroyed.

Special to the Examiner

New Orleans, Feb. 27.—The fire which broke out at the Illinois Central terminals last night burned itself out by 1 p.m., having made a clean sweep of elevators and sheds from Louisana avenue to Napoleon avenue. The smouldering ruins will burn for a day or two. Superintendent Dunn expressed the opinion that the fire originated from spontaneous combustion. In addition to the Railway property, the fire destroyed the Crescent Ice Company plant, many small stores and a large number of small residences. The total loss it is estimated will amount to $5,000,000.

PAINFUL ACCIDENT ON GRAND JUNCTION

Unknown Man Falls on Alighting From Train at Hastings.

(Special to the Examiner)

Hastings, Feb. 27th. — When the Grand Junction train which leaves Peterborough at 8.30, and arrives in Hastings about 9.30, reached here this morning, a man about thirty years of age, in jumping from the train, slipped, and fell forward, striking his head violently against some part part of a car standing on the siding. He received a very bad scalp wound, which required about a dozen stitches to close. The injured man, who is a French Canadian, was removed to the Royal Hotel. His name has not been learned.

NEW CURATE OF ST. JOHN'S

The Appointment of Rev. W. Rechab Tandy M. A. of Havelock

Duties Will Commence April 1st.—Will Also Take Charge of Choir.

As anticipated in Saturday's Examiner, at the morning service at St. John's yesterday, it was announced that a most important addition was to be made to the working staff of the parish, in the person of Rev W. Rechab Tandy, M.A., of Havelock.

It had for some time been felt that clerical assistance was necessary in the large and advancing work of John's parish, but financial reasons had rendered this impossible.

The clerical staff for several years consisted of three clergymen, one of whom was specially occupied in what is now All Saints' parish. Rev. E. V. Stevenson, M.A., now rector of Plainfield, New Jersey, left over six years ago, and no successor was appointed.

The arrangement just consummated was, as said yesterday morning, to very largely due to the generosity of the choirmaster, Mr. B. Gliddon, who generously placed his stipend and position at the disposal of the church for the incoming clergyman, who will direct the choir.

St. John's considers itself specially fortunate in having obtained the services of Mr. Tandy, who is a scholarly man of considerable pulpit power. He is an honour graduate of Queen's University, Kingston, where he took a distinguished course, following it with a post-graduate course at Stanford University, California. His theological training was then taken at the theological college, Montreal, where he graduated with high honours. He belongs to the well-known musical family of Kingston, and is an enthusiast in church music.

Mr. Tandy will enter upon his duties on April 1st.

WILLIAM VASS OFFERS EXPLANATION

With Reference to Finding Bodies of Mrs. Hannah and Grandson.

The Examiner has been requested to publish the following letter, with reference to the finding of the bodies of Mrs. Hannah and her grandson:—

To the Editor of the Examiner:

Dear Sir,—I see by Saturday's issue and one or two other issues of the Review that great credit is given John Martin for prompt action, foresight and good judgment with regard to the finding of the bodies of the unfortunate woman, Mrs. Hannah, and her grandson. I might just say that it is true that John Martin did find the bodies, but did not know that they were dead bodies until he reached the signal house at the diamond, where he told Mr. Graham, Mr. Penrose and myself there was something on the track. On being asked what it was, he said he did not know, but said there were boots and rubbers. We went to the spot and found the unfortunate woman and boy. Mr. Graham, Mr. Penrose and myself examined the woman and boy for signs of life and seeing they were dead, I, myself, promptly notified the railway authorities. Mr. Graham ran for Dr. Gray and also sent for the ambulance. Arthur Vass also arrived shortly and to make sure the ambulance would come, went to Braund's store and telephoned for it. As far as promptness, foresight and good judgment are concerned, Mr. Martin never made any move to notify anyone after the bodies were found.

MEN'S MEETING LARGELY ATTENDED

Yesterday's Afternoon Rally at Y. M. C. A. Reached High Water Mark.

Yesterday's attendance broke all records for the season of the Y.M.C.A. Men's Meeting, over 100 men being present. Rev. W. J. Jolliffe was the speaker, his subject being "Leaving Home," which was handled in a way which carried home conviction to many who so attentively listened to the message.

Mr. Percy Coward, late of the Westminster Abbey Choir, sang "Life's Lullaby."

Indigestion and Headache

Mrs. Duncan McPherson, Content, Alta., writes, "I was for many years troubled with indigestion and headache and derived no relief from the many remedies I used. A friend advised the use of Dr. Chase's Kidney-Liver Pills, and after taking four boxes the result is that I am once more in the enjoyment of the blessings of good health."

HAS THE PUBLIC RIGHT TO KNOW

What is Transacted at the Committee Meetings?

Ontario Consolidating Municipal Act Says They Have—A Pertinent Local Question.

The Hamilton Times makes reference to a matter which has a special local application. That paper says:

From the statements made by the Windsor Record we learn that the newspaper men are having some trouble with the Mayor of that place and the City Hall officials in gathering up their daily budget of News. The Mayor wants all committee matters witheld from the press until the City Council meets, and the Record's report says:—"The Council rose on the understanding that each committee book was to be disclosed only to the members of the respective committees having charge of the books and all the aldermen were to be muzzled." Eternal vigilance, we are told, is the price of liberty, and as the liberty of the press is in question in this matter it is right and proper that the press should see that its liberties are not curtailed by the Chief Magistrate and his minions of the City of Windsor. Turning to the Ontario Consolidated Municipal Act, page 223, chap. 19, sec. 284, we read:

"Any person may, at all reasonable times inspect any of the particulars aforesaid, as well as the minutes and proceedings of committees of the Council, whether the acts of such committees have been adopted or not, and also the assessment rolls, voters' lists, poll books and other documents in the possession of or under the control of the clerk, etc.'

We hope the newspaper men of Windsor will assert their rights and deamnd access to these books. Here in Hamilton there are seldom any complaints of this kind heard. Committee meetings are open to press and public, and the City Hall officials are as a rule quite willing to tell the scribes all they know, although some of them have little to tell at any time. Mayor Wigle has no right to override the law.

According to the above the Mayor and the Council of this town have been labouring under a misapprehension as to their powers.

The custom in vogue here has been not to give out for publication any of the business transacted at the meetings of the different ferent committees, and the Mayor and Aldermen are as "dumb as oysters," when questioned as to what has transpired at the meetings of these committees. Neither is the press admitted to any committee meetings.

Some little time ago, since the inauguration of Mayor Best's term of office, a meeting of the committee of the whole was held at which some appointments were made, subject, of course, to the approval of the Council, but in this case some of the aldermen evidently forgot the custom which had been in force, and "leaked." At the next committee meeting Mayor Best instituted an investigation to discover the guilty person, but everyone of those present denied having given out the information, and all promised not to transgress in the future.

It appears, however, that, according to the Ontario Municipal Act, quoted above, the council has gone beyond its powers in thus withholding from the public reports of its committee meetings.

This should not be taken as an argument in favour of publishing all the transactions of the different committees, because it is recognised that there are occasionally matters which, in the public interest, are better not published, but in the past the determination of the council to withhold all the business transacted at their committee meetings from the public, has resulted in the newspapers adopting other means to secure the information, and, in failing to get it at first hand, have had to get it from other sources, which in many cases are not reliable. The question is, would it not be better to allow the newspapers access to the minutes, trusting to their discretion to publish only such business as in the interests of the town. In Peterborough the confidence which the council has from time to time reposed in the press, has not been misplaced, and it would seem that it would be better to allow the press to find out from the minutes what has been transacted, instead of getting their information from other sources which, in many cases, is unreliable.

NEW BISHOP IN ENNISMORE

Bishop Scollard Celebrated First Pontifical High Mass on Sunday

Was Presented with an Address and Purse of Gold by Parish—Concert Last Night.

On Sunday morning at 10.30 Bishop Scollard celebrated his first Pontifical High Mass in St. Martin's church, Ennismore, in the church in which he was confirmed, and in which, later, he was ordained to the priesthood. The new Bishop went to Ennismore on Saturday to spend a few days at his old home before taking up his residence in the Sault, and on Sunday the church was crowded to the doors. Rev. Father Fitzpatrick acted as deacon, and Rev. Dr. O'Brien of the Cathedral, was sub-deacon.

At the conclusion of the mass the members of the parish presented Bishop Scollard with an address, and a chalice, and a purse of gold; while Mrs. Daniel Crough, also on behalf of the parish, gave the new Bishop a set of mass cruets.

The address was read by Mr. Daniel Crough, while ex-Reeve William Crough, made the presentation.

The address follows:

To the Right Rev. D. J. Scollard, Bishop of Sault Ste. Marie, Ont.

May it please your Lordship,—Among the host of friends, in different parts of the Diocese of Peterborough, and elsewhere, who will offer you congratulations on the distinguished honour, which our Holy Father, Pious X, has been pleased to confer upon you, there are none from whom these timely greetings will come with greater propriety and sincerity than from us, your old time friends and associates.

Your elevation to the Episcopacy is to us a matter of no great surprise, as it is only in accordance with the eternal fitness of things, that one so well endowed by nature, grace and education should occupy such a position in God's Church, as would call forth the fullest exercise of those virtues and talents, with which a Kind Providence has so abundantly enriched you.

It is, nevertheless, a source of pardonable pride to us all and an honour to our parish, for which we are deeply grateful to Almighty God, that so brilliant an ornament to The Church, should have been born and brought up in our midst.

It is for this reason, as well as to show the respect and reverence we have always borne towards you, even in the more humble capacity of a faithful, zealous priest, that we extend to Your Lordship to-day, a thrice hearty welcome to your natal parish of Ennismore.

From your boyhood days, even to the present time, we have watched with ever increasing interest, the success which attended your every effort. Whether as a pupil of our parish schools, when your early life was marked by gentleness, kindness and obedience, or as a student of St. Michael's College, Toronto, and The Grand Seminary of Montreal, when your great ability and application to study won the highest rank and distinction, in the gift of these Institutions, or as Chancellor of the Diocese of Peterborough, when your genial bearing, and high sense of duty, won the esteem and love of your Bishop and brother priests, or as Pastor of North Bay, when you erected a church, which stands today, as a visible testimony of your energy and zeal for the greater honour and glory of God—in each and every one of these capacities, you were ever found the same; sincere, conscientious, devoted.

But My Lord, while we are willing to concede to your own personal endeavours, a large meed of praise for the great work you have been able to accomplish, and especially for the recent honours, which have been bestowed upon you, still we cannot help feeling that at least a portion of that praise and honour is due to your aged parents and venerable old pastor, whose good example, careful instruction and sterling advice laid deep and broad that foundation of early piety, and paved the way to future greatness; whose pious prayers have so often interceded for you before the Throne of Grace, and whose hearts to-day are filled to overflowing with thanksgiving and gratitude to the giver of all good gifts.

To them, as to Your Lordship, we tender our most sincere and heartfelt congratulations, praying at the same time, that Almighty God may continue to bless and assist you in the sublime work of the Episcopacy.

As a token of the many priestly virtues, and as a tribute of our respect for the exalted dignity to which you have attained, we ask you to accept this Chalice and Set of Cruets, trusting they may serve to remind you at the Holy Sacrifice of the Mass, of the many faithful friends and admirers in the Parish of Ennismore, who are proud to call you their own.

Signed on behalf of the Parish,

WILLIAM CROUGH,
ED. CORKERY,
DANIEL CROUGH.

Bishop Scollard made a feeling reply to the address, and the presentation, and referred to the fact that he was baptized in the old log church and was confirmed and ordained in the present church. He was glad to return to the scenes of his boyhood, and meet once more his old friends. He cherished many very pleasant memories of the days he had spent there.

He referred to the new diocese which he said was growing rapidly, and he could not see why Canadians and especially young men should want to leave this country and go to the States when New Ontario with its exceptional advantages lies waiting for them.

The family of Mr. and Mrs. John Scollard were the guests of Rev. Father Fitzpatrick for dinner on Sunday and during the afternoon.

On Monday a dinner was given by the Bishop's parents, and in the evening in St. Martin's T.A.S. Hall, a concert in honour of the Bishop was given. The hall was packed, and a delightful programme was presented. The chair was taken by Dr. Moloney of Cornwall, brother-in-law of Bishop Scollard, and in addition to a lecture by Rev. Father Frank O'Sullivan, of Lindsay, a good programme of vocal and instrumental music was given.

The new Bishop gave a short speech, expressing his pleasure at being present, and of meeting so many of his friends. He highly commended the people of Ennismore for their enterprise in erecting the beautiful hall, and also expressed his pleasure at the purposes to which it was being put.

The parish priest, Rev. Father Fitzpatrick also spoke briefly and referred to the great pleasure it gave him to meet Bishop Scollard in his parish. He thought that the objects for which the hall was erected, that of developing the talent, was commendable.

Bishop Scollard will return to town on Wednesday and on Thursday he and Bishop O'Connor will leave for North Bay, where the citizens will tender them a reception, and on Saturday they will go to the Sault, where on Sunday the installation will take place.

MR. ANDREW FAWCETT FELICITATES THE KING

And Receives a Gracious Acknowledgment from His Majesty.

Mr. Andrew Fawcett, corner of London and Bethune streets, and an old citizen of the town, has the reputation of not forgetting his friends, even if they be kings and princes. In recognition of the anniversary of the King's accession, January 22nd, Mr. Fawcett addressed a letter to the King, congratulating him, and, wishing him a long life and happy reign. To-day Mr. Fawcett received a grateful acknowledgment of his letter, from His Majesty.

Mr. Fawcett relates that the friendship with the King began at Enniskillen, Ireland, when the latter as Prince of Wales, visited that city, during the Crimean War. The friendship between the two lads began at that time, was renewed on the occasion of the Prince's visit to Peterborough in 1860, when the King took Mr. Fawcett in his carriage, and kept him there till the conclusion of his drive about town.

STORM PREVENTED REV. FATHER KEILTY

From Attending Service in Ennismore on Sunday With Bishop Scollard.

Cruel fate prevented Father Keilty from meeting Bishop Scollard on Sunday last in the dear old church at Ennismore, where they met for the first time as boy and pastor on a, to them, memorable Sunday now more than 25 years ago. But weather was powerless to prevent Father Keilty from driving to Ennismore on Sunday last and reaching there in the evening. In this way he had the happiness of being present at Bishop Scollard's mass on Monday morning in the aforesaid dear old St. Martin's church, around which cluster so many happy memories for Bishop Scollard and Father Keilty. The latter returned to Douro on Monday in spite of very pronounced pitch-holes. While in Ennismore he was the honoured guest of his old, true, tried and trusty friends, the beloved and esteemed father and mother of Bishop Scollard.—Com.

WOULD IT BE THE BETTER WAY?

The Dominion Alliance wants Whitney to abolish the bars. If Mr. Whitney were so inclined, which is most questionable, if would be quite as questionable whether abolition of the bar would be an advance move in temperance reform. Unless the License Law is abolished, the sale of liquor cannot be abolished. So long as the law permits the sale of liquor it is thought by many well-meaning temperance men, to be undesirable that the consumption of liquor should be taken from the bar, with its practical publicity, and, consequent, partial controlability, and be driven to dens and dives, and secret places, where the evils of drinking would be intensified by orgies which are virtually, except under exceptional circumstances, not seen in a licensed bar. With the bar the sale of liquor is under such control as the license law provides. With the bars abolished, such control would largely cease. Many who desire to see the evils of strong drink removed, believe that if we do not have prohibition—which, by the way, is not an absolute prohibition — the safest way is a good, strong, well-enforced License Law. If the sale of liquor is not prohibited, the closing of the bar will only divert the evils of drinking to evil secret places. A man of drinking habits has reached a pretty low stage when, under ordinary circumstances, he will carry a flask, which would probably become a common practice with the bar abolished, and the sale of liquor not abolished.

EDITORIAL NOTES.

Is it possible that Mrs. Chadwick is a man in disguise. She had a chance to talk in court the other day and wouldn't say a word!

There is hope for the Hamilton Spectator. It hasn't the moral courage till the day after it uses a Telegram cartoon to inform its readers where it came from.

Hon. J. Israel Tarte in his palmy political days had the reputation of having the courage of his convictions. He seems to also have the courage of his affections—he married a widow the other day.

In Ontario in 1902 there were 1,048 deaths due to cancer. That is about one victim of cancer to every 2,084 of the population—nearly 48 to the 100,000—or, in other words, nearly one twenty-sixth of the deaths of the year were due to cancer.

"Canada for the Canadians," is a glorious motto, but when it means a difference of $3.55 per foot for pneumatic tubing, its beautiful sentiment is pretty well submerged under practical considerations. The lowest Canadian tender for pneumatic tubing, for the Toronto post office was $5.00 per foot. The successful tender by a Glasgow firm, was $1.45 per foot. Either Canadian tenderers were "rushing the graft," or the Glasgow tenderers are "in business for their health."

SOME REASONS FOR SEPARATION

Durham Will Probably Separate From Northumberland

A Meeting Recently Held in Port Hope to Consider Question.

A meeting to consider the separation of the counties of Durham and Northumberland, was held in Port Hope recently and the feeling in Durham seems to be that such separation is desirable, Mr. F. C. Trebilcock, of Bowmanville, was one of the strongest supporters of separation and in his speech on the subject gave some interesting figures. The Port Hope Guide reports him as follows:—

Mr. F. C. Trebilcock, of Bowmanville, did not think by separation that they would save any great amount of money at first, but in the end it would prove beneficial. Every four or five years the County Council has to make large expenditures for bridges. Eight years ago $15,000 was expended on a bridge at Campbellford; two years ago $4,000 on a bridge at Hastings; last year the new one at Campbellford cost over $20,000 and of course Durham is called upon to pay her share of these. According to a change in the law we will be obliged to take over the old bridges and from these will reap no benefit. A deputation recently visited Ottawa, asking the Government to take over the swing bridges and if this is done it will prove of some relief. We are at present face to face with a large expenditure for a new jail and some provisions for the County poor. This will cost at least $40,000 or $50,000, and all Durham has for this expenditure is accommodation for a few criminals and one or two indigents. Now is an opportune time to look into the matter and if we cannot decide it let us forever hold our peace. He believed the County of Durham as a whole was in favour of separation. There was a very large expenditure for the building of bridges and grants for the building and opening of new roads. He didn't like to charge the men of the east, but they certainly had more "cheek," or as Ex-Mayor James put it more mildly, "assurance", than the men in the west. If the separation comes about and we then make grants for the building and opening up of new roads, we will be deriving a benefit from the same. The jail question was another very important matter. The cost of the administration of Justice for the year 1903 was $16,719; of this amount we received $16, leaving the Counties to pay $16,403. From 75 to 80 per cent. of jail salaries have to be paid by the Counties simply because we house our poor there.

What Colds Lead To

NOT ONLY THE LUNGS BUT EVERY ORGAN OF THE BODY IN DANGER FROM NEGLECTED COLDS

DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE

Most people know that such ailments as pneumonia and consumption have their beginnings in a cold, but all do not realize that other vital organs of the body are almost equally liable.

Not infrequently colds settle on the liver and kidneys, causing serious disease of these organs.

In other cases colds hang on until the system is run down and exhausted, and so left in a fit state to fall a prey to contagious diseases.

The only safe way to speedily get rid of colds before they become fastened to the system, is to attend to them in time.

This can be best accomplished by the use of Dr. Chase's Syrup of Linseed and Turpentine.

This medicine has come to be indispensable in the home as a cure for colds, bronchitis, croup, asthma and whooping cough.

Mrs. Jonathan Kelly, Copetown, Wentworth County, Ont., writes: — "We have been using Dr. Chase's Syrup of Linseed and Turpentine for our children. It is wonderful medicine for whooping cough and we recommend it to others."

Mrs. E. H. Robinson, Tupperville, Kent Co., Ont: "My husband and baby had very bad colds and coughs. Both were promptly cured by using Dr. Chase's Syrup of Linseed and Turpentine."

Dr. Chase's Syrup of Linseed and Turpentine, 25 cents a bottle at all dealers, or Edmanson, Bates & Co., Toronto. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipts book author, are on every bottle. 10

HORSES BROKE THROUGH ICE

An Accident Which Happened at Rice Lake.

A few evenings ago, Messrs. Desautel, Martin Connors, W. Metheral, Dan McCabe and J. Tobin, of town, with a large party of friends, drove to Harwood to a ball held at the Hotel Corkery. There were about 75 couples at the ball, which was a great success. People from Cobourg, Keene, Peterborough and Havelock attended. Mr. Archie Moore was master of ceremonies while Mr. W. Metheral held up the musical end. Dancing was kept up until about six o'clock in the morning. As the Peterborough guests were returning home they found the ice, on Rice Lake, covered with water, and dangerous. While passing Spook Island the horses drawing a sleigh load, broke through the upper crust of ice, and in their struggles, smashed the double trees and ran off. The occupants of the sleigh had to wade ashore to Spook Island, and remain there until the horses were caught and the breakage to their gear repaired. They arrived home about noon, none the worse.

Death Caused by Drinking Lye—The Latest Norwood News.

From our Own Correspondent.

Norwood, Feb. 27th. — Mr. Howard Sperry of Peterborough, was the guest of his sister, Mrs. D. A. Fraser, last week.

Mr. A. J. Eaton of Toronto, was in town on Wednesday.

Mr. and Mrs. T. H. Mills of Campbellford, are staying with Mr. and Mrs. George H. Mills of this place.

Mr. C. B. King of the Sovereign Bank staff, Havelock, spent Snuday with friends in town.

Messrs. Roxburg & Son shipped this week one carload of peas to Montreal.

Messrs. Buck and Walsh shipped this week one carload of hogs to the Matthews Company, Peterborough.

The sittings of the second Division Court, which was to be held in the town hall, Norwood, on Feb. 22nd, was adjourned by order of His Honour Judge Weller, on account of the parties not being ready to go on with the proceedings.

The funeral of Mr. John Calder, one of the oldest residents of Norwood, who died very suddenly on Monday last, took place on Wednesday from his late residence, Victoria street, to the Norwood cemetery. There was a large attendance of relatives and friends. Rev. C. Parker, pastor of the Methodist church, officiated, Rev. M. J. Lobb, Baptist, also taking part in the absence of Rev. Geo. McLennan, Presbyterian minister. Mr. Calder was a Presbyterian in religion and a Liberal in politics, and in his death Norwood loses one of its oldest citizens. The bearers were: Messrs. Jas. Calder, Norwood; W. H. Calder, Stirling; G. B. Calder, Watertown, N.Y.; John Calder, Toronto; John Robertson, Tweed; and Dr. A. J. Robertson, Norwood. Those who attended the funeral were: Miss Jennie Calder, of Deseronto; Miss C. Calder, of Campbellford; Mr. Alex. Calder, of Ottawa; Mr. John Calder, of Cleveland; Mr. W. H. Calder, of Stirling; Mr. Geo. B. Calder, of Watertown, N.Y.; Mr. J. Robertson, of Tweed; Mr. John Calder, of Toronto.

Mr. Joseph B. Weller, lumber merchant of Belleville, while passing through to Warkworth, called on Mr. J. B. Pearce.

The friends of Mr. Pearce will be glad to learn that he is rapidly recovering.

The death of William Ford, the youngest son of Mr. D. N. King, occurred at his residence, the King Hotel, Colbourne street, on Saturday, Feb. 25th. The cause of the child's death was due to the drinking of some Guillet's lye about six months ago, from effects of which he never recovered, although every medical attention was given. The child was a patient in the Children's Hospital, in Toronto, for some time. The funeral took place from the King Hotel on Monday the 27th inst. Service was held at the house at 2 p.m. Rev. W. R. Tandy, Anglican clergyman, Havelock, conducted the service. The place of interment was the Norwood cemetery.

One of the best entertainments of the kind that has been held in Norwood for some time, was that given by the scholars of the Methodist Sunday school on Friday evening, it being the occasion of their annual entertainment. The programme, which was rendered almost exclusively by the scholars was given in a manner which showed that great care had been taken in its preparation. Tea was served in the basement during the first part of the evening, about 600 sitting down. The programme then followed:

PETERBORO' FLYER'S SLIGHT ACCIDENT

Axle Broke on Engine at the Toronto Union Station.

A most peculiar accident happened to an engine on track No. 5 in the Union Station yards Monday.

Just as the G.T.R. train from Peterborough was coming into the station yards not long after 10 o'clock, one of the left truck wheels on the light engine suddenly rolled to one side. The warmed-up axle had snapped. Engineer Charles McArthur, one of the oldest drivers on the road, felt the engine lurch. Instantly he applied the air-brakes. The engine shivered and came to a dead stop within a length of itself.

McArthur had come down from Scarboro Heights at the rate of a mile a minute. He was a bit behind time, and the train was due at 10.10. The point where the accident happened is just east of the end of the train shed and on a sharp curve. If the train had been going at a much greater speed the danger might have been more serious, but Engineer McArthur had his locomotive well under control and the consequence was that not a bolt was drawn, and hardly any damage was done beyond the injury to the truck. The snow plow in front of the engine dropped on the tracks, but the iron horse was still in good shape and was able to drag the train into the station yards.—Star.

PLENTY OF MONEY.

The way the first mortgage bonds of the Grand Trunk Pacific Railway were taken up on the British market is extremely gratifying to Canadians. In a day and a half the stock was subscribed ten times over. Instead of $16,000,000 that was asked, the loan of $160,000,000 was offered.

This pretty well shows the attitude of the money market towards Canada as a field for enterprise, and promises well for the flotations that have to be made later. The money is ready and waiting.

With our new Provinces in the West, new transcontinental railway, new responsibility in taking over the establishments at Halifax and Esquimalt—which is not only a virtue at home, but an advertisement abroad—this country is in a fairly active and progressive way of business just now.—Toronto Star.

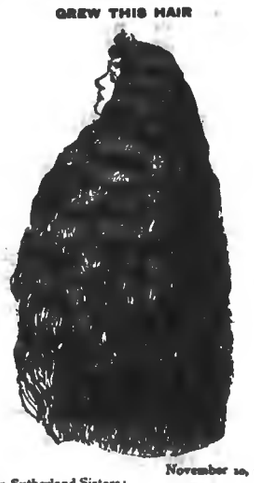
GREW THIS HAIR



November 10, 1904.

Seven Sutherland Sisters:
Ladies.—
Having used your Hair Grower and Hair and Scalp Cleaner. I take great pleasure in recommending them to any one who may require anything for their hair. The Scalp Cleaner is excellent for removing the dandruff. It makes the hair beautifully soft and glossy. The Hair Grower stopped my hair from falling, also started it coming in again and it is very thick now and is still growing.
I remain, yours sincerely,

McCollum Bros.

Formerly of Orillia, have pleasure in announcing to the citizens of Peterboro' that they have purchased the Livery Plant and business of Mr. R. H. Leary, 421 Water Street.

It is our intention to devote our personal supervision to this business, and to conduct it in the same painstaking manner which has made it the best equipped and best patronized livery in the province. We therefore solicit a continuance of the large trade which has been extended in the past to our predecessor.

McCOLLUM BROS.

CARD OF THANKS.

In connection with the above announcement of the McCollum Bros., I desire to take this occasion to thank the public of Peterborough most heartily for the generous patronage bestowed on me during the past eleven years.

I desire also to bespeak for my successors a continuance of that liberal patronage in the future, as I can conscientiously recommend them as practical and reliable livery men, and worthy of all the patronage that may be entrusted to them.

THE HEAVENLY CITY

An Explanation of the term The "Body" and the "Bride".

The writer of the following article has requested the Examiner to publish it in these columns:—

To the Believer, the Heavenly City or New Jerusalem, is the ideal of all that is perfect and beautiful in Divine architecture—adorned as it is with whatever seems most precious and rare in the universe of God. Even "The street of the city is of pure gold, as it were transparent glass" (Rev. 21:21).

This gorgeous city upon which the Divine hand has lavished so much magnificence and splendor is to be the inefable home of the glorified. It is the "house of many mansions" of which the Saviour speaks, and in which He is now preparing a place for His people, (John 14:2.)

The city is a perfect cube—"the length and the breadth and the height of it are equal" (Rev. 21:16.) It is twelve thousand furlongs on a side, or six thousand miles in circumference, and fifteen hundred miles high. It has twelve foundations, or story above story, and this accounts for its immense height.

What a stupendous city! The throne of God and of the Lamb are in it. "And there shall be no night there"; "for the glory of God doth lighten it, and the Lamp is the light thereof."

To form anything like an adequate conception of the magnitude of this wonderful city, "whose builder and maker is God", we must take into consideration its vast area. If we accept the figures literally of its dimensions—and why should we not?—each of its twelve stories has an area of over two millions of square miles, or more than twenty-four millions of square miles taken altogether. Such a city may well be called "The City of God."

The Old Testament saints will be there, For we are told that Abraham "looked for the city which hath the foundations, whose builder and maker is God" (Heb. 11:10, Revised Version). It is said, moreover, that on the twelve gates are the names of the twelve tribes of the children of Israel" (Rev. 21:12.)

The New Testament Saints will also be there. For on the twelve foundations are written "the names of the twelve Apostles of the Lamb" (Rev. 21:14).

Without dogmatizing we would suggest that the Heavenly city is to be the seat of government, or place of centralized authority, for the entire universe. Here Christ and His cabinet, composed of those specially "chosen in Him before the foundation of the world" (Eph. 1:4), clothed in light and surrounded with all that is most brilliant and glorious, will, we believe, exercise, rule over all worlds. For do we not read in John's Gospel that all things were made by Christ, and that "without Him was not anything made that was made" (John 1:3) And have we not the same statement confirmed by Paul, "For by Him were all things created that are in Heaven, and that are in earth, visible and invisible, whether they be thrones or dominions or principalities or powers; all things were created by Him" (Col. 1:16)? And do we not further read that God, the Father, hath appointed Christ, His son, to be "heir of all things" (Heb. 1:2); and that believers are "heirs of God, and joint heirs with Christ" (Rom. 8:17), which means the exercise of rule and authority with Him over all created things?

As we understand it, this is to be the inheritance of the church of the first-born, which is the body of which Christ is the Head. In Ephesians 2:4-7 we read that "God who is rich in mercy, for His Great love.....hath quickened us together with Christ.....and make us to sit together in Heavenly places in Christ Jesus; that in the ages to come He might shew the exceeding riches of His grace in His kindness toward us through Christ Jesus."

In those ages to come, which include "the times of restitution of all things" (Acts 3:21), there is a period called "the dispensation of the fullness of times" (Eph. 1:10), in which God through Christ is going to reconcile all things unto Himself whether they be things in earth, or things in heaven" (Col. 1:20).

That the "Church of the first-born," which is identified with "the Heavenly Jerusalem" (Heb. 12:22-23), has a part in this work of reconciliation is evident from what Paul states in 2 Cor. 5:18-19, that "God was in Christ reconciling the world unto Himself.....and hath committed unto us the ministry of reconciliation." The work of reconciling all things to God will be stupendous in its magnitude and of surpassing glory to the called-out-ones, or first-born church, who will share with Christ in the honour and glory of it, as well as of reigning, with Him over the whole stellar universe in a state of ever increasing happiness and bliss. The Heavenly City is called the Bride inasmuch as it is to be the eternal dwelling place of the Bride, "the Lamb's wife" (Rev. 21, 9, 10).

The writer would further suggest, and there are many who now hold this view, that the New Testament Saints are not the Bride, that the Bride is chosen from amongst the Old Testament Saints, and that the New Testament Saints, or that portion of them who have specially suffered with Christ, will constitute the Body of which He is the Head. In apparent confirmation of this view of Body and Bride we would call the reader's attention to a remarkable passage in the eleventh chapter of Hebrews, Paul, in speaking of the Old Testament worthies, says, "these all having obtained a good report through faith received not the promise. God having provided some better thing for us (the New Testament Saints), that they without us should not be made perfect" (verses 39-40). Thus it appears that while both classes of Saints are perfected at one and the same time, the New Testament Saints are to have the pre-eminence, or "better thing" which awaits the New Testament Church? If this be so, it will be seen that the Old Testament Saints, being the Bride, could not be perfected, or receive their reward, until the Body was completed, and the time had arrived for the marriage of the Lamb to be consummated. If this is the true conception of Paul's statement, must it not be that the Body, being a part of Christ Himself, stands in a higher relationship to the Head (than does the Bride)? Because it is "the fulness of Him that filleth all in all". (Eph. 1:23)

Lives Lost in British Gale.

London, Feb. 28.—A heavy gale prevailed off the British coast Saturday and yesterday, resulting in several casualties. A boat put off from Holyhead in response to signals of distress, but was capsized and five of her crew were drowned. A French ketch was wrecked off the Lizzard and two members of her crew were drowned, the others swimming ashore.

DOYLE TELLS HIS TALE.

He Comes Out Plainly at Coroner's Inquest That Mother Was Murdered.

Brantford, Feb. 28.—It was an altogether different story Felix Doyle told before the coroner's jury last night at Burford concerning the murder of his mother to that he told the neighborr and newspapermen last week. He now discards the accident theory and comes out plainly with the story that his mother was murdered. He formerly said he found the body in the woodshed, now he admits he found her in the bed in the bedroom. He tells a peculiar yarn about cleaning and sweeping the house after he knew his mother was dead and before he called the neighbors, and said that he didn't want the neighbors to think them untidy.

Club Killed Her.

A new phase developed yesterday when a heavy club was found. The club is about a yard long and has a strip of iron on one side. One end is covered with blood. The club is so heavy that a light blow with it on the head would cause death. Felix had this club hidden in the straw in the pig pen, but persists in saying he brought it there from the gate down the lane, where he found it. He says the club was never in the house. He admits it is a piece of his wagon, and once said it might have been in the yard. He told the jury how he and his mother always got on well together. County Crown Attorney Wilkes has the case in hand, while A. Baird of this city appeared on behalf of Felix.

Motive for Crime.

The authorities think they have discovered a motive for the crime, if it were perpetrated by Felix. The son had three notes against him, amounting altogether to something over $300. It is alleged he forged his mother's mark to these notes. The handwriting of Felix and his mother is exactly the same. There is a witness to the signatures, but he said he had put his name there after the other two, and not in the old lady's presence. Felix is not as yet under arrest, though he is held at the home of County Constable Shaver near Burford.

Inquest Goes On.

The only other witness at the inquest was Dr. Dunton of Paris, who made the post-mortem examination. He told the nature of the wounds, and was of the opinion that they might easily have been made by such a weapon as the club. The inquest continues at 10 this morning.

TWO PROTESTS FILED.

Petition Arrives From Kingston and Notice From Rainy River.

Toronto, Feb. 28.—The petition against the return of E. J. B. Pense, who carried Kingston for the Liberals in the last Provincial contest, is now in the hands of the Registrar. The usual charges of treating, bribery and all forms of corrupt practices are charged by the petitioner, Donald M. McIntyre, who asks that his opponent be unseated and disqualified.

The Registrar received notice yesterday morning also that William A. Preston of Fort Frances, Ont., has petitioned against the return of Hugh Kennedy, the Liberal candidate-elect for Port Arthur and Rainy River. The petition will arrive in due course.

DISASTER IN A CHURCH.

Floor Gives Way and Over 100 Folk Are Crushed.

New York, Feb. 28.—Thirteen persons were killed, and upwards of 50 others injured, some probably fatally, by the collapse of the flooring of the Fleet Street African Methodist Episcopal Church in Brooklyn last night. Of those killed ten were women, two men and one a child. The building was an ancient ramshackle frame structure, erected 60 years ago in the heart of the colored section of Brooklyn, in Fleet Street, near Myrtle Avenue. The accident occurred during the funeral services of Sydney Painter, one of the older members of the church, and the auditorium was crowded with an audience of upwards of 200 persons. A sharp cracking of timbers was heard, and in an instant the half of the auditorium nearest the door collapsed, carrying down more than 100 persons, who were crushed in the wreckage of the flooring and pews.

Found Dead in a Stall.

Kingston, Feb. 28.—Isaac F. Aylesworth, a well-known resident of Odessa, died Saturday under peculiar circumstances. He went out to the stable, and when last seen alive he was standing in the door of the stable. Some time later his body was found in one of the stalls, life being extinct. It was reported at first that the unfortunate man had been killed by a spirited colt, which was in the stable, but later advices say that there were no marks upon his body. The deceased was 75.

"BOBS" REMEMBERS.

Wires Canadians of Good Work for the Empire, Feb. 28, 1900.

Ottawa, Feb. 28.—The dinner given at Government House last evening by His Excellency Earl Grey to the officers who served in South Africa, in commemoration of the battle of Paardeburg, was very largely attended, and was in every respect a signal success.

Cablegrams were read from Sir Alfred Lyttelton, Secretary of State for the Colonies; Lord Milner of South Africa, the Earl of Minto and Field Marshal Lord Roberts.

The message from the Colonial Secretary to Earl Grey was as follows:

"London, Feb. 27.—(Urgent.)—I am glad to hear that you are giving a dinner of Paardeburg day to all officers who served in South Africa. I hope and believe that for all time to come, and if need be, against mightier forces, Canadian soldiers will fight side by side with those of the mother country in defence of the safety and honor of the Empire.—Lyttelton."

Lord Milner cabled His Excellency as follows:

"Johannesburg, Feb. 26, 1905.—Wish I could be with you to greet the Canadian officers who fought for South Africa. Their services will never be forgotten by their fellow-citizens in this corner of the Empire.—Milner."

This was the message sent by the Earl of Minto, addressed also to His Excellency the Governor-General: "London, Feb. 27, 1905.—Paardeburg dinner; very best wishes to you all.—Minto."

Field Marshal Lord Roberts wired His Excellency as follows: "London, Feb. 27, 1905.—Please convey my warmest and most kindly greetings to all officers present with you this evening, and say I shall never forget the good work Canadians performed in South Africa for the Empire and for me especially on Feb. 27, 1900.—Lord Roberts."

HOCKEY'S TRAGEDY.

Laurin Inquest Is Begun, but Adjourned Till Thursday.

Alexandria, Feb. 28.—The inquest regarding the death of Alcide Laurin, the hockey player, was held on Saturday at Maxville. After the jury had been empannelled and shown the remains, the investigation proceeded before Senator McMillan, coroner.

Messrs. W. Dick, James Martin, B. O'Connor, D. A. McDonald, T.W.Munro, W. J. Simpson and J. St. Denis gave evidence, all citing how the accident occurred. The story may be told in the following words: Alcide Laurin secured the puck and started down the ice towards the Maxville goal, passing every player. Getting close to their goal, he was checked by Loney, who broke his (Laurin's) stick. Loney then lifted his stick above his shoulder and struck Mr. Laurin on the head, and he fell instantly.

Laurin's funeral was conducted yesterday morning. It was the largest ever seen in Alexandria, there being fully two thousand people in attendance.

The inquest has been adjourned till Thursday.

Fifteen Dead in Mine.

Welch, W. Va., Feb. 28.—Fifteen men are known to be dead as the result of the explosion in shaft No. 1 of the United States Coal and Coke Company. The number of dead may be even greater, but it is impossible now to explore the mine, because of the fire which is still burning.

Blenheim to Be Dry.

Chatham, Feb. 28.—At their meeting in Blenheim on Saturday the License Commissioners decided not to renew any licenses. This means that Blenheim will remain a local option village. The petition for licenses was considered insufficiently signed.

Died at 101 Years.

Hamilton, Feb. 28.—Mrs. Charlotte A. Cable, Tapleytown, died Sunday at the age of 101 years. She was remarkably strong and active until she reached the age of 95 years. She was married three times, and is survived by her last husband.

EPPS'S COCOA

As admirable food, with all its natural qualities intact, fitted to build up and maintain robust health, and to resist winter's extreme cold. It is a valuable diet for children.

The Most Nutritious and Economical.

Colds

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

Chamberlain's Cough Remedy

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.

Price, 25c; Large Size, 50c.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, itchiness of the skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, disordered stomach, and a general depression of the system. If you have any of these symptoms don't neglect yourself. You have no time to lose. Beware of "old fogy" treatment—beware of mineral poisons—beware of Quacks and Fakirs. OUR NEW METHOD TREATMENT is guaranteed to cure this disease, sever to return. Bank Bonds will protect you. FIRE ATTENDED BY A FATALITY

Home of County Councillor Maloney. Douro, Destroyed at Noon.

Word was received in town to-day that the house of Mr. Dennis Moloney, County Councillor, Douro Township, about 1 1-2 miles from Warsaw, was completely destroyed by fire about noon to-day. The fire originated in the kitchen, supposedly from a stove, and as nothing could be done towards checking the flames they spread rapidly to all parts of the house.

Mr. Moloney was away from home being absent at a funeral.

It is feared that an invalid son was unable to escape from the building, as, according to the last information received, he has not been seen since the conflagration.

A Wide Sphere of Usefulness.

The consumption of Dr. Thomas Eclectric Oil has grown to great proportions. Notwithstanding the fact that it has now been on the market for over thirty-one years, its prosperity is as great as ever, and the demand for it in that period has very greatly increased. It is beneficial in all countries, and wherever introduced fresh supplies are constantly asked for.

ENGINE HOUSE WAS "PUNCTURED"

A Double-header Crashed Throught Wall Last Night

Second Accident of this Kind at G. T. R. Station—No One Was Injured.

The G. T. R. engine house, just south of the station, is to-day in a somewhat poor state of repair, owing to an accident which occurred last night.

Shortly after midnight, a train with two engines attached, entered the shed, and the drivers, in the semi-darkness, miscalculated the distance with the result that the foremost engine, No. 189, crashed through the northern wall, leaving an opening the size of itself.

A similar accident occurred last summer, which accounts in a large measure, probably, for the weak condition of the wall where the engine struck. The cost of repairs on that occasion was about $30, while that necessitated by last night's accident will easily aggregate four or five times that amount.

Neither engine left the track so that little difficulty was encountered in extricating them, and all that remains this morning to mark the occurrence is the gaping aperature and a pile of brick.

DOMESTIC SERVICE AND ITS DIGNITY

Dealt With in a Sermon on Sacred and Secular Duties.

Sunday at St. John's church Rev. J. C. Davidson preached on the value of duty well and faithfully done in secular work, which might possess not only a moral but a definitely religious quality. The man who lives for the right, and does true work, has in him the germ of spiritual life, which should be allowed to develop, and thus gain for him the high privileges which belong to Sons of God. Decision for God and His cause may be made in the kitchen, the store, or the workshop, showing itself in work performed in a conscientious spirit. The Church Catechism dealt, not with ordinances, but mainly with the importance of the life of duty, and the means for carrying it out by sacramental communion with God. A picture was given of the high-grade mechanic, by whom the preacher had felt it a privilege to stand in our great workshops calm amidst the confusion of machinery and fearless amidst many dangers, because standing in the path of duty. From a Christian standpoint it was only needed further that such a man should look above the roof of the workshop to the God who gives and divides work, and that on leaving the shop that he should still stand beneath the banner of duty, and do it as faithfully in his home and in the Church.

The worship of God constituted an important are in the circle of duty, which could not be neglected without serious loss and responsibility.

Men needed to recognize the fact that their religion is, like their work, a matter of duty to be well and faithfully done. Why should they have the unnecessary worry of deciding each Sunday whether or not to go to Church and what church to attend. They would go when and where they were called by duty without regard to attractions. Whether they were pleased was not the question as the service was not offered to them, but they might have the true satisfaction of having done their duty.

In the evening Mr. Davidson remarked that while some spheres of duty were overestimated, others were undervalued. Among the latter was the important sphere of domestic service which, however, was being gradually raised to its rightful level. The physical well-being of man largely depended on the skill of the housewife and of her valuable assistant. She contributed to directly, and made possible the work done by the minister in his study, the lawyer in his office, or the merchant in his store. She had the opportunity to either effectively prepare for use, or to spoil the food, which Divine and human skill combined had produced for men. It was well that schools of domestic science were treating this as an important art. The preacher asked that all should show respect for efficient work of so valuable a kind.

And these useful domestic workers should not only be respected by all but should respect themselves and maintain the dignity of their position by doing their work in a high duty-loving spirit. Employees generally should see to it that they were just to their employers, making their interests their own as they reasonably expected justice and consideration from those whom they served. Under the banner of Duty all might march contentedly.

HIGH COMPLIMENT TO A LADY VOCALIST

Miss Helen Davies Selected as Soloist at Grand Concert of National Chorus, Toronto, To-night.

The pardonable pride Peterborborough has taken in the musical success of our brilliant young soprano, Miss Helen Davies, is further justified by a very practical tribute to her vertuosity, as a vocalist. She has been selected to sing one of the most important parts in a chorus at the concert in Massey Hall, Toronto, to-night, given by the National Chorus, under the leadership of Dr. Ham, assisted by Victor Herbert's New York orchestra. Miss Davies will be the soloist in Sir Henry Bishop's glee, "Now Tramp o'er Moss and Fell," taking the soprano obligato, a very exacting piece of work. It is a distinct honour to be thus selected, and no doubt Miss Davies will do full justice to the confidence Dr. Ham has shown in her abilities. Miss Davies occupies an enviable place in the musical world, and has, no doubt, a brilliant future before her. She is only twenty years of age and has a long future in which to mature the splendid musical qualities she has already developed.

WERE WEDDED IN THE CATHEDRAL

Pretty Ceremony This Morning—The Bride was Miss Mary Ann Hickey.

This morning in St. Peter's Cathedral a pretty wedding was celebrated by Rev. Father Kelly. The principals were Mr. John Roach, son of the late Patrick Roach, of town, and Miss Mary Ann Hickey, daughter of the late Thomas Hickey. The wedding was witnessed by a large number of the friends of the contracting parties and was performed at 8 o'clock. The bride was attended by Miss Mollie Whaley, of town and the groomsman was Mr. Timothy Dineen, also of town.

After the wedding the bridal party returned to the home of the bride's brother, Mr. Jas. Hickey, where a dainty wedding breakfast was served.

Mr. and Mrs. Roach will reside in town.

SOLD LIQUOR WITHOUT LICENSE

Camille Deluke Convicted this Morning on Second Offence.

The case of Camille Deluke, who was charged with selling intoxicating liquors on Jan. 31st, without a license, was dealt with at Police Court this morning. Much evidence was taken, which resulted in a conviction, and as this is a second offence, defendant was given four months in jail at hard labour. Mr. E. H. D. Hall conducted the prosecution and Mr. D. O'Connell the case for the defence.

The case arose partly from the stabbing affray of Jan. 31st, which occurred at Deluke's house, 267 Simcoe street, the first witness called being Olivero Cupide, the Italian who was wounded on that occasion and from whose preliminary examination the hint for the present action was obtained. He was in a very weak condition as this is the first time he has been out of the hospital since his removal there. In giving his testimony he stated that on the evening in question three of his fellow-countrymen were playing cards at Deluke's which is lodging place of about 25 Italians. A wager of a bottle of beer hinged upon the result of each game and was paid for by the losers —though the evidence did not state just who held the stakes.

The liquor was supplied by Deluke and a small pecuniary compensation therefor, collected by a man in his employ. Witness was a spectator of the game. Several other witnesses in the employ of various wholesale liquor dealers in town were called, and testified that liquor in considerable quantities had been delivered at Deluke's on various occasions.

A peculiar point arose in connection with the case. Bail, to the amount of $200 had been deposited, for the prisoner's appearance, and the latter, though present at the opening of Court, disappeared mysteriously shortly afterward. The question of forfeiture was left for future consideration.

Later—Deluke has since been re-arrested and is now in jail.

The case of the three Italians charged with complicity in the stabbing affray received another enlargement till Thursday.

MR. GEO. PANTER WAS ENTERTAINER

Gave His Fellow Workers an Oyster Supper Last Night.

At his residence on Stewart street, Mr. George Panter last night entertained his fellow workmen, the tinsmiths, of Adam Hall's, to an oyster supper, the occasion being his birthday. A very enjoyable evening was spent with games, etc., while music and song at intervals, were enjoyed by all present. The arrangements for the oyster supper were ably carried out by Mrs. Panter and her lady friend. The party dispersed shortly after midnight, wishing Mr and Mrs. Panter, and their bonny boy, health and continued happiness.

At the Brock Street Rink Wednesday night, March 1st, returns will be received and bulletined reporting the progress of the game at Berlin. A good telegraphic service has been arranged for. The 57th Band will also be present. The ice is in good condition. 2d

—To-night the congregation of Mark street church will burn the mortgage on the building which has been freed from debt, and the usual ceremony incidental to the consigning of the document to the flames will be observed.

GOOD DEBATE AT CENTREVILLE

The Members of St. Andrews Young Men's Guild Take Part

A Delightful Evening's Entertainment under Auspices of Literary Society.

Last night a debating team representing St. Andrew's Young Men's Guild went to Centreville to take part in an entertainment given under the auspices of the Centreville Literary Society, of the Centreville Presbyterian Church. Those who went from here were Mr. and Mrs. Peter Kerr, Mr. and Mrs. W. S. Campbell Miss Mills and Mr. W. Langford. The debate was on the subject, "Resolved that Environment has more to do with a young man's success than ability," and those representing the St. Andrew's Guild were Messrs. Campbell and Kerr, who took the affirmative, but who were decided against by the judges, Messrs. Langford, Dodds and Deyell.

In addition to the debate a good programme was rendered and the large audience of 300 persons was delighted. The programme was:—

Chairman's address ..... Mr. F. Anderson
Mouth-organ solo, ... Mr. Geo. Barrie
Recitation, "Polish Exiles" Miss Barrie
Debate, affirmative, Messrs. Campbell, and Kerr, and negative, Messrs. Porter and Jas. Campbell.
Solo ..... Miss Bateson, Millbrook
Play, "Her Busy Day". Those taking part in this play were:—Messrs. Larmer, Donaldson, Anderson, Taylor and Misses Clark, Tate, Barrie, Larmer, Lang, J. Might, H. Might.

After the concert the Peterborough visitors were given a reception and a most enjoyable evening was spent, They returned home to-day.

Was Cured of Asthma.

"I first used Dr. Chase's Syrup of Linseed and Turpentine with my daughter, who suffered from a severe form of asthma. The least exposure to cold would lay her up and she would nearly suffocate for want of breath. I must say that I found it to be a most satisfactory treatment, and it has entirely cured her." — Mrs. A. A. VanBuskirk, Robinson street, Moncton, N.B.

THE HOSE SUPPORTER IS A LITTLE THING

Yes—but how many pairs of stockings do you wear out in a season, all through the fault of your Hose supporters? It doesn't take long for the tops to become forlorn and frayed with the usual strain.

THE C. M. C. HOSE SUPPORTER

has a wonderful new clasp fastener that cannot tear the finest stocking. The C. M. C. Clasp is a little thing, big only in its results. Just snap it shut and the deed is done, without the least strain or tearing. Hundreds of ladies and children are using this C. M. C. Clasp Hose Supporters, and all are of the same opinion.

"The Best We Ever Had."

Come to Adams' and ask to see the C. M. C. Clasp Hose Supporter.

REASON No 16

WHY YOU SHOULD USE

Red Rose Tea

Because so often imitated.

It is said that "Imitation is the sincerest flattery," and imitation creeps into everything—even a good brand of tea.

Red Rose Tea is very often imitated—but no man will imitate an inferior article. If Red Rose Tea is worth imitating, it is well worth buying.

Will you judge for yourself? Ask your grocer to send you a package of the genuine article.
